Chapter 1151: Big Brothers, When Can I Leave? (1)

Xiao Kongtong? Who were you?

Xu Xiaoshou was slightly startled. He didn't react to this unfamiliar name at the first instant.

But soon, he remembered something...

Xiao Kongtong, wasn't that the real name of the Eldest Senior Brother in Fringe Moon Immortal City?

There were thousands of swordsmen in the Eastern Region, but there were very few ancient swordsmen.

Under the turbulence of the spiritual cultivation era, it was because of this well-known "Eldest Senior Brother of the Fringe Moon Immortal City" that the path of ancient swordsmen which was on the verge of collapse able to turn around.

Which expert in the world could establish a faction of the ancient swordsman that was as famous as the "Burial Sword Tomb" inherited from ancient times? And in just a few decades, he made thousands of swordsmen worship and admire him wholeheartedly.

And which big shot of the Spiritual Cultivation world could use a short period of thirty or so years to destroy the "Eastern Moon Realm" in the Eastern Region, which was equivalent to the Eastern Sky Realm. He also wiped out more than a hundred counties and cities, unified infinite Li of land, changed the land of a realm for the name of a city, and named it the "Fringe Moon Immortal City" with the moon as the guide, indicating that it was eternal and orderly?

Apart from the Eldest Senior Brother of Fringe Moon Immortal City in front of him, there was no one else!

Xu Xiaoshou couldn't calm down for a long time.

It was because the uncle standing in front of him could be said to be the second Bazhun'an in the Way of the Sword. Some people even called him the Ninth Sword Deity.

Just like how people in the world would not address Bazhun'an by his real name as rudely as he did, they had to address Xiao Kongtong as "Eldest Senior Brother."

Xu Xiaoshou knew "Eldest Senior Brother", but he had too little memory of "Xiao Kongtong".

The reason he could still remember the real name "Xiao Kongtong" was that this name had too much influence in the hearts of the swordsmen and ancient swordsmen of the Eastern Region!

"Even Bazhun'an could only establish a Saint Servant organization that lurked in the dark, stirred up troubles behind the scenes, and couldn't see the light for decades.

"This Eldest Senior Brother's abilities and methods are even better than Bazhun'an. Why is he so humble?"

Xu Xiaoshou couldn't figure it out.

But soon, he felt relieved.

That was right...

This guy even said that he was the hidden tenth-in-command saint servant.

So, this was one of Bazhun'an's methods?

Fringe Moon Immortal City and Saint Servant were white and black. Mingling in the Shengshen continent, it was just like Bazhun'an's identity on the Abyss Island, the Master of the black and white veins.

"D*mn it..."

"How can Bazhun'an stir up such trouble?"

"How many tricks does this guy have that he hasn't disclosed?"

"If I didn't use the identity of Water Ghost to trick him, I would have been cheated until I die by the Eldest Senior Brother of the Fringe Moon Immortal City like the rest in the world!"

Xu Xiaoshou couldn't hide the shock in his heart and the surprise in his eyes.

He didn't expect to obtain such shocking information. If the Holy Divine Palace got the information, wouldn't the Fringe Moon Immortal City be exterminated on the spot?

Taking a deep breath, Xu Xiaoshou didn't hide his surprise, because he was indeed shocked by the identity of his opponent just now.

However, he was now Water Ghost. Thus he naturally wouldn't do something disgraceful such as, "So, it's you. Please don't bow. Junior, Xu Xiaoshou, should bow to the Eldest Senior Brother of the Fringe Moon Immortal City".

After pondering for a while, Xu Xiaoshou murmured in an unexpected and reasonable tone, "It's really you..."

"Senior is smart." Xiao Kongtong tightened the big sack on his shoulder, which didn't match his scholarly temperament after he revealed his true appearance.

In his eyes, since Water Ghost was the fifth-in-command saint servant, he should have a good understanding of his hidden tenth-in-command saint servant identity.

In addition, Water Ghost seemed to be very smart. Even if the teacher didn't initiate to reveal his real identity, Water Ghost must have already had a fifty or sixty percent deduction.

Now that his real identity had been verified, there was naturally nothing suspicious for such a reaction.

Pausing for a moment, Xiao Kongtong sighed and complained to Water Ghost in front of him.

"Senior, you may not know this. It's getting more and more difficult for Fringe Moon Immortal City recently!"

“After the battle of the Saint Servant in the White Cave, Gou Wuyue had sensed my identity and sent people to Fringe Moon Immortal City to verify it. Luckily my Sword Cognition Incarnation could still hold on for a while, so I haven’t been exposed yet.

“After Gou Wuyue lost an arm and fell into the Dead Sea, and was longer placed in an important position, the situation has improved to a certain extent.

“It was because the newly appointed Chief Commander of combat, Rao Yaoyao, has just come out of seclusion in the secret realm of the Holy Emperor. Although she used to be the Red Coat Ruler of Dao, she rarely took charge... In fact, it can be said that she doesn’t know the affairs of the world at all. Her methods and ruthlessness are completely inferior to Gou Wuyue.”

Xiao Kongtong could not help but laugh when he said this. He shook his head and sighed again.

“What a pity. It’s destined that the Holy Divine Palace would not use outsiders for important positions. Gou Wuyue was too stubborn!

“He didn’t even think about it. During the battle at the White Cave, he fought to the death before he was able to receive an arrow that did not look like support.

“Before the war on Abyss Island started, the Hallmaster Dao’s saint will incarnation and Lord Cangsheng’s arrows came from the east were all for the sake of keeping Rao Yaoyao safe.

“All I can say is that Gou Wuyue deserves it!

“He should have listened to the teacher back then and gone with the teacher to join the Saint Servant!”

Xiao Kongtong was like an intelligence spy. After enduring for decades, he finally found a companion with that he could pour out the bitterness in his heart.

He talked nonstop.

While he was giving pointers, his tone faintly revealed some hatred for being forgotten.

Xu Xiaoshou listened expressionlessly, but in his heart, he was shocked by the amount of information Xiao Kongtong had brought him.

Chapter 1152: Big Brothers, When Can I Leave? (2)

There was such an inside story?

Was the Holy Divine Palace so disgusting? Even though Gou Wuyue had given his all to capture Elder Sang and bring him to justice, in the end, he only ended up with a broken arm in prison.

So at that time, he could only wait for Yu Lingdi’s support just because he was an outsider?

As for Rao Yaoyao...

Even with the support of the six divisions of the Holy Divine Palace, Sword Deity Rao didn’t seem to have made any contributions since Dongtianwang City, right?

Yi had been fooled to death!

That was right. Logically speaking, if it was Gou Wuyue, such an idiot would have been fired and transferred back to the headquarters for interrogation and imprisonment.

However, Rao Yaoyao was still living a comfortable life. She could still take on the position of the Chief Commander of Battle in the Yunlun Mountain Range and had the support of Dao Qiongcang's Saint Will Incarnation as well as Ai Cangsheng's arrows. She was even able to invite Cang Godhood Sword of the Holy Divine Palace who suppressed fate...

Thinking about it, Eldest Senior Brother was right. This girl was an ignorant person!

With so many talents, so many treasures, and so much support, her victory in the Yunlun Mountain Range was the result of more than half of the law enforcers being conned into the bottom of Lone Cliff by the real Water Ghost together with her...

Xu Xiaoshou suddenly sighed.

In the past, he had rarely looked at things in the big picture. But now, he was enlightened by Xiao Kongtong.

Rao Yaoyao might only be suitable for sword cultivation, but she was definitely not suitable for the actual position of "Chief Commander".

In comparison, Gou Wuyue used greater losses to obtain more fruitful results. But in the end... It was regretful.

Even so, Rao Yaoyao could still take the position of the Chief Commander of the Yunlun Mountain Range. From what Xiao Kongtong had said, it seemed that it was because of...

Holy Emperor's secret realm?

Rao?

Xu Xiaoshou was deep in thought. He seemed to have come to a similar conclusion before.

However, coming back to reality...

"Xiao Kongtong, why are you telling me all this?"

"If you want to vent your grievances, look for the true Water Ghost or Bazhun'an. What's the point of telling me all this? My status is even lower than yours!"

"What are you trying to say?" Xu Xiaoshou asked expressionlessly while cursing in his heart.

Xiao Kongtong chuckled embarrassedly and moved closer.

"I'm trying to say that Rao Yaoyao's stupidity has eased the situation in Fringe Moon Immortal City.

"But Xu Xiaoshou has been overly active recently! The appearance of the First Pavilion in the Sky has caused Rao Yaoyao to mobilize almost half of the Holy Divine Palace's forces to search for the demi-saint Xu Clan in the five domains of the continent.

“As a result, Gou Wuyue’s previously neglected intelligence has also been enhanced. Rao Yaoyao is now investigating the Fringe Moon Immortal City.

“I want to ask if you can contact Teacher and ask him to tell Xu Xiaoshou to stop for a while?” Xiao Kongtong looked expectant.

Xu Xiaoshou was stunned when he heard this.

“You want me to contact Bazhun’an and ask me to stop for a while?”

“D*mn it, Bazhun’an is the one who asked me to cause trouble. Besides, how am I supposed to contact Bazhun’an? I don’t even know where he is now!”

“Can’t you talk to... the Chief yourself?” Xu Xiaoshou rolled his eyes secretly. He didn’t want to get involved.

Xiao Kongtong said resentfully, “Teacher hasn’t contacted me for a long time. He only asked me to adapt to the situation. He said that as long as Xu Xiaoshou doesn’t die, everything will be fine. But if Xu Xiaoshou doesn’t die, Fringe Moon Immortal City will die!”

“Cursed, Passive Points + 1.”

Xu Xiaoshou was speechless.

“Are you polite?”

“Xu Xiaoshou is really not a human!” He echoed symbolically, then changed the topic. “But I’m here to protect him. You can solve your problem. This is also a test of your ability.”

Xiao Kongtong fell silent.

As expected, he knew this would be the result...

“Cursed, Passive Points + 1.”

“Condemned, Passive Points + 1.”

“Criticized, Passive Points + 1.”

The information bar popped up. No one knew what Xiao Kongtong was thinking at this moment.

But Xu Xiaoshou didn’t want to get too involved in whether he was human or not. Thus he immediately changed the topic. He still had many questions to ask Eldest Senior Brother in front of him.

“I remember you saved Xu Xiaoshou’s life in Tiansang City. Was it the Chief’s guidance?” Xu Xiaoshou asked.

This was the thing he was most confused about.

At that time, he was almost killed by Red Dog of Three Incenses.

At the critical moment, the uncle carrying the sack arrived as God descended. With two fingers, he ended the Sovereign (Stage) Red Dog, who could regenerate severed limbs. He was simply too awesome.

What Xu Xiaoshou didn't understand was whether Xiao Kongtong's appearance was a coincidence or a deliberate act.

Moreover, his Sword Observation Manual, why did he come here?

Did Xiao Kongtong see through his potential and come to him to pass on the Way of the Sword, or was it all because Bazhun'an was secretly instructing him? Xu Xiaoshou still didn't understand.

"Teacher even told you this?" Xiao Kongtong looked up at Water Ghost in surprise as if doubting whether Water Ghost was too important to Bazhun'an.

But seeing that the other party didn't respond, he didn't think too much and replied.

"Of course, it was Teacher who asked me to do it. Before this, I didn't even know that Xu Xiaoshou existed.

"But Teacher said that he accepted Xu Xiaoshou as half a disciple in the Tiansang Spirit Palace. He even passed the 10 Sections of the Finger Sword to Xu Xiaoshou through Elder Sleeveless. Karma has been established, and the bond is hard to break.

"Elder Sleeveless thinks highly of Xu Xiaoshou, and Teacher seems to think highly of him as well.

"At that time, Xu Xiaoshou's cultivation level was not high, and he didn't have much talent in the Way of the Sword. But Teacher asked me to pass on to him the Sword Observation Manual, saying that this was the second person who dared to hurt him with a sword..."

At this point, Xiao Kongtong looked up again to see Water Ghost's reaction. Seeing that the other party was unperturbed, it seemed that he even knew about the Sword Observation Manual.

He was a little surprised, but he felt that perhaps Water Ghost was important enough in Teacher's heart. Thus he continued.

"So be it. I wasn't the one who created the Sword Observation Manual, to begin with. Teacher put it on me only to find another successor.

"I had thought that it would be Lei Shuangxing, so I've been paying attention to Lei Shuangxing's development. But I didn't expect Teacher's final choice to be Xu Xiaoshou."

Xiao Kongtong let out a long sigh. His eyes filled with emotion, he then said with some envy, "Perhaps just like how Mu Zixi was Elder Sleeveless's early-stage protection for Xu Xiaoshou, Lei Shuangxing was Teacher's early-stage protection for Xu Xiaoshou... and all of this was for him to grow better."

Xu Xiaoshou raised his eyebrows.

He had neglected most of these hidden meanings!

Didn't Mu Zixi become Elder Sang's disciple because of the Life-devouring Wood Physique... No, the Ultimate Life Demon Physique?

She had the ceremony to acknowledge him as her master, but he only had Qiu Long Words by Goose Lake...

Xu Xiaoshou suddenly felt heavy-hearted.

It turned out that someone had already done so much for him unknowingly.

However, these big shots never take the initiative to express their deep love, or were they just doing it out of convenience and not as affectionate as he imagined?

Xu Xiaoshou suddenly felt that he was being too malicious in judging human nature.

No matter what, he had never forgotten the kindness of Elder Sang, Bazhun'an, and the others had for him.

Even if there were some minor personal grievances mixed in with this not-so-pure love.

However, what he had gained now had unknowingly surpassed what he had gained in his previous life.

"At that time, I only had one ward..."

Xu Xiaoshou's lips curled up under the golden mask, revealing a sinister smile that did not belong to Water Ghost.

At this moment, the information bar jumped.

"Begrudged, Passive Points + 1."

Huh?

Begrudged?

Xu Xiaoshou was stunned, and he looked at Xiao Kongtong in disbelief.

However, the envious expression on the gentle and refined Eldest Senior Brother's face seemed to have changed, becoming a little distorted...

What was going on?

Weren't you the Eldest Senior Brother of Fringe Moon Immortal City?

Why did I see the feeling of the firstborn losing his favor due to the second born from you? Wasn't this... a little too much?

"Big Brothers..."

Just as the two of them had complicated thoughts and had no idea where they were going...

A weak voice sounded in their ears. It was full of tears and sorrow, and it was trembling. "I, I... When can I leave?"

Chapter 1153: Water Ghost's Favor (1)

Xu Xiaoshou's thoughts suddenly returned to reality.

Xiao Kongtong also recalled all the emotions that he should not have at his age.

The two of them looked in the direction of the source of the voice. It was Gold-swallowing Dragon!

The Gold-swallowing Dragon, Little Ninja's morph forms, could no longer suppress the trembling of its body. It was surrounded by a dense atmosphere of fear and horror.

Xiao Kongtong had revealed his identity and called himself a Saint Servant...

He had changed from Yama to the Saint Servant Water Ghost, and his seniority had also jumped to become the Eldest Senior Brother of Fringe Moon Immortal City...

From the two of them pointing fingers at the internal affairs of the Holy Divine Palace, commenting on the two sword deities, Rao Yaoyao and Gou Wuyue, and disdaining Hallmaster Dao and Emperor Cangsheng...

And there was more!

These two were actually here to protect Xu Xiaoshou!

Little Ninja, who only wanted to cut off Xu Xiaoshou's head, could no longer hide the fear in his heart.

He hated the fact that there wasn't a single crack on the ground for him to crawl in. Only then could he avoid the embarrassment of listening to the shocking information openly.

"I'm still a living person, and I'm not deaf or blind. How can you share such important information in front of me like there are no outsiders?" thought Little Ninja.

Little Ninja was on the verge of breaking down.

He did not want to listen to all of this!

Each time he heard one more sentence, he felt like he had fallen deeper into hell.

Finally, a gap appeared...

Perhaps this was not a gap that he could interrupt, but Little Ninja could not wait any longer.

He raised his dragon head and tried his best to look at Water Ghost, who had higher seniority. But when he felt the cold gazes of the two people around him, he changed his words sadly.

"Seniors, I, do I still have the right to live?"

Xu Xiaoshou finally remembered that there was an external dragon here. And he was so enlightened that he knew that after listening to so much, he was probably halfway to the gates of hell.

"You know too much..." Xiao Kongtong said expressionlessly, then looked at Water Ghost above the dragon's head, indicating with his eyes how he should deal with it.

What else could he do?

Xu Xiaoshou had no intention of keeping the dragon in the first place. It was the higher void (level) killer who wanted his head. How could he let it live?

“There’s still the restriction of the Spell Forbidden Barrier. Its current strength is less than 10%, and only its dragon body can withstand the water pressure... I’ll leave the rest to you!” Xu Xiaoshou said with an expression that said, “I don’t want to fight. Xiao Kongtong, you deal with it yourself.”

In fact, even if he were to do it now, he wouldn’t be able to kill it.

In the deep sea, his ability to execute this dragon was too weak. It was probably the best choice, but not the cleanest, to take out the Fourth Sword and stab it.

However, this action would inevitably expose his identity as Xu Xiaoshou.

Xiao Kongtong had just shared so much bitterness with his “Senior Water Ghost”. If he found out that this “Senior Water Ghost” was a fake and his real identity was a young man...

Under the deep sea, wouldn’t another corpse be added because of a specific person’s embarrassment and impatience?

“Don’t kill me!” Little Ninja heard the hidden meaning of the person’s words and cried out in horror.

“I didn’t hear anything just now. As soon as you spoke, I blocked my six senses. I, I...

“I can be your pet! Having a dragon as a pet is a very cool thing, isn’t it?”

Before Xu Xiaoshou could finish his sentence, Xiao Kongtong refuted coldly, “Where did you get the spiritual source that can seal your six senses?”

Little Ninja was stunned and cursed in his heart.

Xiao Kongtong received the approval and didn’t give him any time to think. He directly extended two fingers into the deep sea.

“Buzz!”

A low sword buzz came through his fingertip.

Little Ninja immediately saw that this was the signature technique of the Eighth Sword Deity, the 10 Sections of the Finger Sword!

“No! No! I can’t die!

“Let me go! Please, let me go!

“I can join Saint Servant. I am a gold hunting token killer. I am the higher void (level), Saint Servant Nine... No, among the 10 commanders, not many are higher void (level), I’m aware of this.

“With my combat strength, even if I can’t provide timely help, I can add glory to Saint Servant. I am very useful! I am a dragon!”

Little Ninja said in a panic. To survive, he would say anything.

Unfortunately, Xiao Kongtong didn’t have the authority to take in the eleventh-in-command saint servant for his teacher.

Moreover, among the eleven persons in Saint Servant Nine Thrones, even the Cutting Path didn't have such a cowardly existence.

If such a person joined Saint Servant, it would only lower Saint Servant's standard!

"10 sections..."

"Wait!"

Before Xiao Kongtong even pointed his finger, Xu Xiaoshou suddenly stopped him.

"Senior, save me! Senior, save me!" Little Ninja seemed to have grasped the last straw and cried for help crazily. He wanted to see the person who spoke on his dragon head. So you were the good guy!

Xu Xiaoshou's expression became strange.

Who said I wanted to save you?

He didn't say anything else. He jumped down from Gold-swallowing Dragon's head and landed in front of it. Then, his eyes widened and focused on Gold-swallowing Dragon's eyes, which were looking at him as if he was a star of hope.

"Soul Reading!"

"Oh..." Golde-swallowing Dragon's body trembled. Its eyes went from disbelief to dullness and listlessness.

Memories began to flash...

From the moment it was born from the dragon egg to the moment it opened its eyes and saw this world, to the moment it wantonly wandered about in the boundless ocean of clouds, to the moment it became an adult and an extremely terrifying dragon appeared in its clan, wanting to baptize Little Ninja...

Chapter 1154: Water Ghost's Favor (2)

Xu Xiaoshou decisively skipped this scene.

There was no doubt that the location of Little Ninja's soul memory was the Dragon Cave, one of the Seven Breaks.

His adult baptism would probably be similar to that girl from the Black Heart Fruit Clan where he would meet a demi-saint!

"This guy is lying. His Gold-swallowing Dragon body wasn't possessed at all. He is a member of the Dragon Clan in the Dragon Cave!"

After the scene flashed past, and when he looked again, Little Ninja had already escaped from the Dragon Cave.

According to the fragmented memories, he should have tried to steal the supreme power of the Dragon Clan during his adult baptism.

Of course, he failed.

However, Little Ninja's blasphemy did cause him to have no place to stay in the Dragon Cave.

After coming out of the Dragon Cave of the Seven Breaks, Little Ninja had nowhere to hide. To survive in the human world, he faked his identity and pretended to be a lucky person from the Dragon Cave, who received the blessings of the Dragon Clan.

And to escape the pursuit of his clan in the Dragon Cave, he joined the Three Incenses.

From then on, the magnificent Gold-swallowing Dragon with a bright future began to kill people and steal their goods.

Dragon Clan was strong, but only in the Dragon Cave. Only with excellent dragon luck and endless cultivation resources, could a true Dragon Clan be considered strong.

If Little Ninja had stayed in the Dragon Cave, he could have lived carefreely and become the higher void (level).

However, after defecting from Dragon Cave, his dragon body became a burden for him to become the higher void (level). He had to spend a thousand times the resources of an ordinary Spiritual Cultivator to become the higher void (level) successfully.

It was not exaggerating to describe the current Gold-swallowing Dragon as completely destitute.

"There was no more profit left at all..."

"No wonder this fellow was willing to go to the extent of dealing with a mere Master (stage) for the Spirit Crystal and the opportunity of Saint Ascension..."

"The resources that the dragon outside the Dragon Cave needs to survive alone are enough to drag down everything it has!"

After Xu Xiaoshou concluded that the dragon was useless and that taking it in would even cause trouble for Dragon Cave, one of the Seven Breaks, he decisively ended the Soul Reading.

"Ugh!" Little Ninja let out a muffled sound and began to wake up.

The powerful recovery ability of the Gold-swallowing Dragon made him different from the Golden Foot, who would not be able to wake up under the deep sea.

As soon as the power of mind control was removed, Little Ninja returned to reality. Then, he heard the emotionless and cold words from Water Ghost, "Give him a quick death."

Little Ninja was stunned.

"I'm really useful. Don't kill..."

Before Little Ninja could finish his words, Xiao Kongtong was stunned for a moment before he received another confirmation. Without any hesitation, his two fingers pointed toward him.

“10 Sections of the Finger Sword, go through!”

There was a sound.

The sound in the deep sea didn't travel far.

However, the silver-white sword light went straight through from the mouth of the Gold-swallowing Dragon and directly through its winding body. It then pierced through the tail of the dragon.

“Roar...”

The dragon's mournful roar sounded.

After a violent spasm, Little Ninja completely couldn't withstand the ravaging power of Sword Cognition and ended his wailing in pain.

“It died just like that...”

Xu Xiaoshou looked at Eldest Senior Brother's simple execution and was stunned in an instant.

Wasn't this a little too powerful?

Just one finger!

10 Sections of the Finger Sword plus Sword Recognition, and the Dao Penetration of the 3000 Sword Styles could end the life of the Gold-swallowing Dragon so easily?

It was the real Dragon Clan in the Dragon Cave, not the fake created by the Imitator or Fantasy Sword Technique!

“No wonder he is the Eldest Senior Brother of Fringe Moon Immortal City!

“No wonder this guy became the hidden tenth-in-command saint servant!

“Even with the restriction of the Spell Forbidden Barrier, the power to destroy Gold-swallowing Dragon with one finger is as easy as him killing Red Dog that day...”

Xu Xiaoshou let out a breath slightly and hid the shock in his heart with an expression that said, “It's reasonable.”

“Senior Water Ghost, it's done.

“This Gold-swallowing Dragon seems to be from the genuine Dragon Clan. I didn't destroy his body. All the power is gathered in one place.

“It can be said that this dragon corpse alone is priceless...”

Even though Xiao Kongtong was the Eldest Senior Brother of Fringe Moon Immortal City, he couldn't help but drool when he saw the nearly complete dragon corpse in front of him.

There were indeed dragons in the Dragon Cave, one of the Seven Breaks.

But the dragons were so powerful that almost no one could kill them in such a way.

And if they really did this, they would definitely suffer a crazy backlash from Dragon Clan.

This situation caused everything related to the dragon in the world to be extremely precious.

And the one before their eyes...

Whether it was dragon bones, dragon blood, dragon horns, dragon meat, dragon tendons, dragon scales, or dragon eyes...

Any one of them would be a world-class treasure!

Moreover, what appeared before their eyes wasn't just a few bits and pieces, but a complete dragon corpse!

This Gold-swallowing Dragon had been executed in the deep sea. Even in the Dragon Cave, not a single trace could be found because the power of the Spell Forbidden Barrier was still present in the deep sea. No dragon could pry into it!

Xu Xiaoshou had read Little Ninja's soul memories, so he knew more than Xiao Kongtong.

As a traitor of the Dragon Clan, this Gold-swallowing Dragon had long been stripped of any connection between it and Dragon Cave, let alone the demi-saint's will!

Every member of the Dragon Clan in the Dragon Cave wished that they could find it, capture it, and skin it alive in front of their clansmen as a warning to others.

So...

How could the death of the Gold-swallowing Dragon be remembered by other dragons?

"I see."

Xu Xiaoshou calmly responded to Xiao Kongtong, and naturally saw the greed in Eldest Senior Brother's eyes.

He pondered for a second, then exhaled deeply. He exhaled several bubbles in the deep sea, then raised his hand.

Chapter 1155: Water Ghost's Favor (3)

Xiao Kongtong looked over in puzzlement.

The dragon was dead. Was he going to whip the corpse?

In the next second, Xu Xiaoshou waved his hand, and spatial power bloomed in the deep sea. Before the power of the Spell Forbidden Barrier was activated, the entire corpse of the Gold-swallowing Dragon disappeared.

Xiao Kongtong was stunned.

He looked over in shock. His mouth was open, and his eyes were wide open. His gentle and elegant temperament was gone, and he couldn't even close his mouth.

In an instant...

In the deep sea, Xu Xiaoshou's hair stood on end.

At this moment, he could clearly feel the endless killing intent spreading around his body.

"Calm down, calm down..."

"You are the Eldest Senior Brother of Fringe Moon Immortal City. It's just a dragon, how can you behave in such a way..."

"Moreover, I am your Senior Water Ghost. Are you crazy? Do you really dare to attack me, the master of the deep sea? It is just a betrayed dragon!"

Xu Xiaoshou's heart was roaring crazily. He was so scared that he almost took out the dragon corpse in the Yuan Mansion world and offered it to him with both hands.

However, if he really did that, where would the Saint Servant Water Ghost's face go?

"What?"

Facing the raging coldness around him, Xu Xiaoshou's lips trembled. Then, he opened his mouth and tried to find something to add.

"Under the deep sea, in the Spell Forbidden Barrier, spiritual senses can't be used.

"Spiritual senses can't be used, and the price to open the spatial ring is too high. I will temporarily store this dragon corpse and keep it for safekeeping. Is there a problem?"

Xiao Kongtong's face stiffened and turned purple.

It seemed...

There was no problem...

"Can your sack hold this 1000-foot-long dragon corpse?" Xu Xiaoshou looked at the sack on Eldest Senior Brother's shoulder and asked again.

The corner of Xiao Kongtong's mouth twitched. "It can't, can't hold it..."

"Isn't that right?" Xu Xiaoshou felt relieved and said,

"I'll keep the dragon corpse for now. I created the Spell Forbidden Barrier in the deep sea. Although you have the merit of slaying the dragon, I'll take 90% of the credit.

"However, I'm not a stingy person. Since you're the one who killed the dragon, if you need anything in the future, just open your mouth."

After a pause, Xu Xiaoshou became serious and said generously.

"As long as you ask from Water Ghost, whatever I can give, I will give to you!"

"If you don't lack the things on the dragon corpse, it's fine too. I, Water Ghost, will owe you a favor. Xiao Kongtong. What do you think?"

Xiao Kongtong looked up in shock, a little moved.

What was it so?

How could a mere dragon corpse be exchanged for a favor?

After the initial shock and anger of the dragon corpse being taken away, Xiao Kongtong also realized that the deep sea was Senior Water Ghost's home ground. If he wanted to kill this dragon, he had many tricks up his sleeve.

He was obviously testing him.

Now that Senior Water Ghost could give him 10% of the dragon corpse, he already had the intention of praising and rewarding him. Why did he still directly promise a favor?

This... was too valuable!

"I choose favor." Xiao Kongtong hid his excitement and immediately answered, afraid that Senior Water Ghost would change his mind.

You were really too smart, a little smarter than big smart... Xu Xiaoshou was so happy that he almost slapped his thigh and pounced on Eldest Senior Brother of Fringe Moon Immortal City to massage his shoulders and chest.

Now, he was going to watch the wonderful scene of the fight between Water Ghost and Xiao Kongtong which resulted in favor due to a dragon corpse.

"I'll let you mess with me!"

Xu Xiaoshou cursed Water Ghost while imagining the scene, and the corners of his mouth started to curl up.

He was suddenly startled and thought of another wonderful thing that the so-called "favor" could bring.

If at the same time while Xiao Kongtong and the true Water Ghost were fighting, Yama, Huang Quan, and Saint Servant, Bazhun'an, were also fighting because of the so-called "favor"...

"Tsk tsk!"

What breathtaking scenery!

"I'll let you mess with me!"

Chapter 1156: You Chose to Be Blind, but the World Is Still Murky (1)

"Senior Water Ghost, where do you plan to go next?"

After this, Xiao Kongtong raised his eyes and asked.

It was not easy for him to meet a fellow Saint Servant. He still had a lot of bitterness in his heart that he hadn't shared. His words implied that he was a fellow Saint Servant.

"Of course, I will strictly carry out my hunting plan..." Xu Xiaoshou replied in his heart.

Little Ninja transformed into the Gold-swallowing Dragon. The first person he found for him was neither a trial officer nor a killer, but the Eldest Senior Brother of Fringe Moon Immortal City.

It was indeed a blessing, a blessing for the killers.

But it was also a misfortune, a misfortune that they would encounter in the future!

And even though two out of the five gold hunting token killers who wanted his head had been eliminated, Xu Xiaoshou was still not satisfied.

In the deep sea, he still had too many people he wanted to kill.

The remaining three killers, as well as Ye Xiao and even Rao Yaoyao, and so on.

"I still have some personal grudges that I have yet to settle. I still need to kill one more person," Xu Xiaoshou said calmly.

"Who is it?"

"Ye Xiao."

Xiao Kongtong was stunned when he heard this. "Ye Xiao? The Dark Division Chief, Ye Xiao? Why?"

Xu Xiaoshou looked at him calmly. "I've said it. Personal Grudges."

Xiao Kongtong immediately fell silent.

How big of a personal grudge that he needed to settle underwater?

However, it made sense. This deep sea was Senior Water Ghost's home ground. If he wanted to settle his personal grudges, in the deep sea was the best choice.

"It's not convenient to expose my identity..." Although they had a pleasant conversation and he even earned favor from Senior Water Ghost, the main business was more important. So Xiao Kongtong had no choice but to bid farewell. "Senior Water Ghost, we might have to part here."

"Why did you come here?" Xu Xiaoshou was unwilling to let this big killer in front of him leave.

"For Xu Xiaoshou," Xiao Kongtong said with a complicated expression. "Even though he's not a human, Teacher's mission is important. I still have to protect him."

"Insulted. Passive Points +1."

Xu Xiaoshou was speechless.

"He's indeed not a human, but I'm also here to protect him. Our goals don't conflict. Killing Ye Xiao is a matter of convenience. Whether I can meet her or not is another story. We can still travel together for the time being," Xu Xiaoshou said calmly.

Was it so?

Xiao Kongtong raised his eyebrows.

The deep sea was your home ground. How could you not find her?

Senior Water Ghost clearly intended to make him stay. If he, Xiao Kongtong, could not understand what he meant, then living his life for decades would have been wasted.

“In that case, Junior will take your order.”

He nodded and accepted the invitation to travel together. But still, he said seriously, “But if we really meet Ye Xiao, please forgive me for not being able to make a move. I can’t even expose my face.”

Xu Xiaoshou smiled, put his hands behind his back, and said disdainfully, “Ye Xiao is nothing. Why do you need to make a move?”

Domineering!

Xiao Kongtong didn’t doubt it at all.

He knew very well how difficult it was to kill the Dark Division Chief, Ye Xiao. If it weren’t for this reason, when they met in the spatial crack on Lone Cliff, both parties wouldn’t have chosen to give in to each other.

If they really wanted to fight, it would be easy for them to fight to the death.

The main reason was that the higher void (level) was hard to kill, and the Dark Division Chief who was also known as the “grim reaper”, the guardian of the Gate of Hell in the world of darkness, was even harder to kill.

However, since Senior Water Ghost was so confident, his strength was probably even greater than mine... Xiao Kongtong’s thoughts drifted far away.

“Oh yes.”

At this moment, Xu Xiaoshou, after pondering for a while, decided to disregard his status and ask a question that would harm Water Ghost’s status, “Can you still use 100% of your combat strength in the Spell Forbidden Barrier?”

He was still afraid of the scene of Xiao Kongtong destroying the Gold-swallowing Dragon with one finger, and then he thought of Rao Yaoyao.

“Yes.”

Xiao Kongtong looked at him suspiciously, but he didn’t think too much about it. He explained, “The Spell Forbidden Barrier has indeed sealed Junior’s spiritual source. But for the ancient swordsman, spiritual source is secondary. My Way of the Sword can move freely underwater.”

So, it was really omnipotent?

Xu Xiaoshou was shocked when he heard this. He sized up Xiao Kongtong’s indistinctive figure and thought of Gu Qingsan. He asked, “Swordless Sword Technique?”

“Yes.” Xiao Kongtong nodded. “I have some knowledge of the Nine Major Sword Techniques, but it’s only superficial. It is the ‘Swordless Sword Form’ of the Swordless Sword Technique.”

It was too humble!

Swordless Sword Form Technique was clearly the first level of the Swordless Sword Technique.

If this was still superficial, which swordsman in the world could be considered to be proficient in the Swordless Sword Technique?

Xu Xiaoshou was speechless when he heard this.

In the past, he didn't understand it. He was almost exhausted to death by Gu Qingsan's move.

Fortunately, at that time, Gu Qingsan really knew the Swordless Sword Technique superficially. He only displayed this type of defense, and his attacking methods were still limited to the Point of Path of the 3000 Sword Styles.

That was how Xu Xiaoshou could break through this technique and defeat his opponent.

Now, it seemed that if Gu Qingsan had taken one more step in the Swordless Sword Technique, it would have been impossible for Xu Xiaoshou to defeat him.

As for Xiao Kongtong...

There was no doubt that Xu Xiaoshou could only believe his words partly.

Even if the Eldest Senior Brother of Fringe Moon Immortal City said that he had mastered the second level of the Swordless Sword Technique, Xu Xiaoshou would still feel that it was reasonable!

"Does Rao Yaoyao know how to use this technique?" Xu Xiaoshou took advantage of the situation and asked the question in his mind. After all, the person he wanted to kill also included this 'ignorant' Red Coat Ruler of Dao.

Xiao Kongtong pondered for a moment. Clearly, he was very serious about Senior Water Ghost's question.

Soon, he answered.

"Rao Yaoyao is proficient in the 'emotion sword technique'. She should have some knowledge of the Swordless Sword Technique. But perhaps she hasn't mastered the 'Swordless Sword Form Technique' yet.

"After all, only the Burial Sword Tomb has a complete cultivation method of the 'Swordless Sword Technique'."

Chapter 1157: You Chose to Be Blind, but the World Is Still Murky (2)

Then how did you learn it?

Xu Xiaoshou almost blurted out this question, but he soon figured it out.

Xiao Kongtong's teacher was Bazhun'an, while Wen Ting, the tomb guardian of the Burial Sword Tomb, who was also one of the Seven Sword Deity, was Bazhun'an's friend.

In this way, the Eldest Senior Brother of Fringe Moon Immortal City had mastered the first level of the Swordless Sword Form. There was no problem at all!

“What a powerful network...” Xu Xiaoshou thought.

After thinking about it carefully, he realized that back in Bazhun’an’s era, even if he didn’t talk about the Ten High Nobles, almost anyone who could leave their name in the annals of history could be related to the “Eighth Sword Deity”.

There were good or bad.

But wasn’t this a person’s epitome of a complicated social relationship?

Xu Xiaoshou thought of himself.

As he grew up, the appearance of the First Pavilion in the Sky meant that the bonds he had established in this world would grow deeper.

Look!

He was only at the Grandmaster realm, yet he was already the number one bait on Lone Cliff, attracting the good and the bad.

In between, Bazhun’an was naturally in the picture. However, Xu Xiaoshou knew that he had quite a number of problems. The attribute of causing trouble ultimately came from himself.

Self-awareness, he was quite good at it.

Xiao Kongtong seemed to have understood the hidden meaning behind Senior Water Ghost’s words. However, it was normal for Spiritual Cultivators to know very little about the ancient swordsman.

He added with a smile.

“Senior, apart from Ye Xiao, if you want to personally deal with Rao Yaoyao, you have to be extra careful.

“Rao Yaoyao may not be proficient in the Swordless Sword Technique, but other than Teacher, her understanding of the emotion sword technique is probably second to none in the world.

“This deep-sea Spell Forbidden Barrier is completely useless to the ancient swordsman, and the water pressure...”

Xiao Kongtong paused for a moment before he continued. “Rao Yaoyao’s ability can easily give spiritual quality to the deep-sea water. It’s called “fear”, and water doesn’t dare to get close to it.”

Xu Xiaoshou was astonished when he heard this.

Was this also the unique function of the emotion sword technique?

Giving spiritual quality to dead creatures, “fear” and water would not get close, “joy” and water would come near?

Emotion sword technique...

It was my lack of knowledge!

Xu Xiaoshou became even more determined to find Bazhun'an and then truly study the Nine Major Sword Techniques of the ancient swordsman.

In the past, he didn't have this foundation and didn't even dare to think about it.

But now that his sword technique expertise had reached the Sovereign (stage), theoretically speaking, as long as someone gave him some pointers, it wouldn't be impossible to obtain the title of the Seven Sword Deity!

Xu Xiaoshou, who didn't know if Xiao Kongtong was testing him, was still as calm as ever:

"Don't worry. I've fought with Rao Yaoyao before, so I know what I'm doing.

"She has the Cang Godhood Sword, and I have the Sea God's Trident. If we really meet, the deep sea is my home ground, so I won't end up not being able to defeat her.

"However, the main mission right now isn't Rao Yaoyao. If we meet her, I won't do anything. On the contrary, I'll let her win."

Xu Xiaoshou swung the Sea God's Trident in his hand. The expression under the golden mask was all a fake absolute confidence.

So this was the Sea God's Trident, one of the ten Great Psionic Weapons... Xiao Kongtong's gaze unconsciously fell on the big trident in Senior Water Ghost's hands.

After sizing it up for a while, he realized that there was nothing special about it. Xiao Kongtong praised without understanding. "Good trident, it's really a good trident!"

"I'm afraid you're blind. It is just plain water..." Xu Xiaoshou found it funny in his heart, so he didn't linger on things that could easily expose his identity. He took the lead to wade into the water and said in a doting tone.

"Let's go. Before meeting Ye Xiao, follow me so that I can take care of your safety."

"Thank you, Senior." Although Xiao Kongtong didn't need extra care, his teacher had never given him this kind of warmth. So he was still touched.

It was so easy to fool a child!

It was a pity! I hope that when you know the truth in the future, you wouldn't hold a grudge against me. It would be best if you held a grudge against the incompetent Water ghost, who could be imitated easily.

Xu Xiaoshou led the way, laughing silently at the same time.

After flying for a while, even though his "Perception" could see that Xiao Kongtong was there, he still turned his head around.

After confirming with his eyes that Xiao Kongtong, the big bodyguard of Fringe Moon Immortal City, really followed him, Xu Xiaoshou immediately felt at ease.

“Senior?” Xiao Kongtong was confused by Senior Water Ghost’s faint smile.

Xu Xiaoshou chuckled and comforted him, “Don’t worry. If you run into Ye Xiao, you can just turn around and leave.”

Senior Water Ghost was really a good person. He even put himself in his position. He was completely different from his teacher, who only knew how to order people around... Xiao Kongtong felt warm in his heart.

“Praised Secretly, Passive Points, + 1.”

Xu Xiaoshou retracted his gaze, and the smile at the corners of his mouth became strange. He sighed in his heart that he had really changed. He was no longer that innocent little sheep from before, only being used by others.

What he wanted to say was actually...

“Don’t worry. If I really meet Ye Xiao, I, Xu Xiaoshou, have 10,000 ways to make you, the Eldest Senior Brother of Fringe Moon Immortal City, inadvertently expose your identity. And then you would have no choice but to kill him.

“If you can escape, I, Xu Xiaoshou, will write the name upside down!”

...

The water ball drew ripples in the deep sea.

Night Guardian, who was on his last breath, had only an empty abandoned pill bottle and honey jar floating in front of him.

He could not hold on any longer!

The lowest grade elixir he had taken was at least the Master elixir of the fifth or sixth grade. Even the third or fourth-grade Sovereign elixir had been used up.

Now, even with the large number of honey jars that Xu Xiaoshou had given him, how could these low-grade elixirs withstand the increasing power of the spiritual source that came from the water ball?

“Ghost beast...”

His consciousness began to become muddle-headed. Other than his blurred vision, there was also the occasional darkness that descended.

Chapter 1158: You Chose to Be Blind, but the World Is Still Murky (3)

However, what supported Night Guardian who was at the Cutting Path (Stage) was not the honey jar, but Lu Ke of the Ghost Beast from Xu Xiaoshou!

“He’s lying to me.

“No, Xu Xiaoshou may be lying to me about small things, but he’s only doing it to survive.

“This guy doesn’t care about small things, but he’s never ambiguous when it comes to principles. This is the fundamental reason why he refused to join the red-clothed people.

“Moreover, when a person is about to die, his words are also kind. Even if the person who is about to die is me, he has no reason to continue lying to me...”

Night Guardian felt his eyelids heavy and his mind heavy.

However, every time the thought of giving up appeared in his mind, the little fellow who only knew how to talk nonsense would jump out and strike him in the head.

“Night Guardian, don’t fall asleep!

“You still have more important things to do!

“You still haven’t saved Moonless Sword Deity. You have small strength, but when a moth flies into a flame, you can still have a moment of light!

“Hold on... until the turning point comes. There will be people who add fuel to the fire. The torch of justice will be passed on and will never be extinguished!”

Night Guardian did not know if he was talking to the little fellow in his mind or Xu Xiaoshou’s will, but his heart was humble.

What ability did I have?

I was just an ordinary member of the red-clothed people. I couldn’t climb to the peak of Sacred Mountain Gui Zhe for pilgrimage. I didn’t have time to examine my true feelings and verify Xu’s words.

If I could live on, red-clothed people’s troubles would suppress me until I couldn’t breathe.

If I died, it would be a relief instead. What did the truth and justice have to do with me, a nobody?

“Xu Xiaoshou...

“I’m afraid I’ll have to disappoint you...”

At the last moment, the skinny Night Guardian, who had his life essence sucked dry by the water ball, finally closed his eyes and let his consciousness fall into darkness.

The light and shadow of his memories flowed back and forth, and his soul fell back to the time when he was young and frivolous...

“Elder Wuyue, today I choose to join the white-clothed people, so I no longer have my real name. From now on, “Night Guardian” is my code name!

“When the darkness is gone and justice descends, the world will no longer have the name of Night Guardian.

“If it was not for this...

“Then I, Night Guardian, will forever guard the front lines of the darkness and will never retreat!”

Back then, the blue-clothed gorgeous Gou Wuyue, who had the demeanor of a banished immortal, didn't have any white hair on his temples. The Voice of Nulan in his hand was also full of sword might.

However, he, who was slightly older, was willing to call himself junior to follow the Seven Sword Deity, Gou Wuyue, for the rest of his life.

"Your ambition is similar to how I chose to join the Holy Divine Palace back then." Elder Wuyue's response was still vivid in his mind.

The memories of Night Guardian flashed back and forth, finally landing on Gou Wuyue's answer back then.

At that time, Elder Wuyue's eyes were still filled with ridicule. "But my choice was questioned by a good friend. He said..."

"Who is he? What did he say?"

"Nothing much. It's a harmless matter. He's just a person who's willing to fall..."

Light and shadow flashed through the air. From the white-clothed to the red-clothed Night guardian, he had already accumulated quite a bit of fame in the Holy Divine Palace.

Before leaving, he met Elder Wuyue for the last time.

The headband on the other party's forehead was already wrinkled, and there were many wrinkles at the corners of his eyes. He had fought all year round, and he was fatigued with the journey. The brand-new clothes on his body were the same as before, and the famed sword was the same as before.

It was a pity that things had changed!

"Night Guardian, I have some words that I want to give to you." At that moment, Elder Wuyue's eyes were no longer as bright as they had been when they first met. Instead, there was a hint of bewilderment in them.

"What words?" The vicissitudes of life on Night Guardian were even greater, and there were even more battle scars.

"You have once asked, but perhaps you have forgotten..."

"Senior, I have indeed forgotten. Can you give me some pointers?"

"The words that my good friend sent me before he died were also words that I disdained when you joined white-clothed..."

Night Guardian was silent.

It was because, at this point, the confusion in Elder Wuyue's eyes was no longer concealed.

"What words?" Night Guardian asked.

"He said..." Gou Wuyue laughed. "You chose to blind your eyes, but the world is still murky."

"What does that mean?" Night Guardian was stunned.

The corners of Gou Wuyue's lips curled up, and he whispered into his ear, "It means 'it's hard to get out of a trap, and it's hard to live with regret'."

"Ah?"

"Hahaha! I'm just teasing you! Go on, join the red-clothed people. Rao Yaoyao's power is much greater than mine. I wish you a bright future!"

Chapter 1159: What Am I? (1)

"Thump!"

In the dead silence of the darkness, the sound of a heart beating could be heard. It was just a tiny, barely noticeable sound.

"Where... is this..."

Returning to his consciousness, Night Guardian realized that he was still in the solution.

However, unlike the cold current in the deep sea, the liquid flowing around his body was very warm and contained a rich amount of energy. It was like a baby's swaddling, making him feel very safe.

"Creak –"

Outside the darkness, there seemed to be a door that was pushed open.

A ray of light penetrated through, and soon, the door closed with a bang.

However, through the precise instrument that was used to soak the solution, Night Guardian could vaguely see that when the light shone, two blurry figures were standing by the door not far away.

"How is it?" It was an extremely calm voice. However, for some unknown reason, the calmness in the other party's voice gave people a feeling of extreme sadness.

Night Guardian was soaked in the solution, and his heart began to beat faster. It was the beginning of his sorrow. He even felt tears flowing out of his eyes for some unknown reason.

"We failed, Lord Beihuai..."

"All 365 ghost breeders ended with failure. We clearly picked the best seedlings for this first batch of trial-takers.

"Among them, there were powerful physique cultivators, ancient swordsmen with astonishing comprehension quality, and extremely rare dark attributes. Unfortunately, without exception, all of them died under the power of ghost beast."

The identity of the person who answered obviously lowered his status by more than one level.

Night Guardian vaguely remembered this voice. Did it seem to be the... experimenter of this dark laboratory?

However, he could tell that even this powerful experimenter was speaking while sobbing. In the end, he could not help but apologize.

"I'm sorry, I'm sorry, Lord Beihuai!

"All of this is clearly my fault. If I had worked harder, perhaps one of the ghost breeders would have succeeded.

"If that's the case, our plan will definitely be completed at the final stage.

"I have committed an unforgivable sin, and I should be executed...

"Ah, please don't kill me, Lord Beihuai! I was wrong..."

These contradictory words stunned everyone.

It was because Night Guardian did not hear any movement from that "Lord Beihuai".

After a long time, when the experimenter's mood slightly improved, that calm but sorrowful voice sounded again.

"Control your fear. Don't be affected by my ability. This is only the first batch of experiments. It's not your fault."

"Also, I hate the crying sound. If you do it again, I'll really kill you."

"Uh..." The experimenter's voice seemed to be blocked. After clearing the snot, he said in a perverse tone, "I'm sorry, I lost my composure! But Lord Beihuai's ability is really too hard to handle. After I cried, I felt much better."

"This place is too depressing. Since the experiment failed, I'll give you a break. You should go out and take a walk."

"Alright!"

The experimenter was obviously more high-spirited, but it quickly turned into sadness.

But this time, only low sobbing sounds appeared. It seemed that the experimenter had mastered the method and tried his best to not reveal his emotions so clearly.

"Creak..."

The door was pushed open again.

With the help of the light, Night Guardian wanted to see the figure of the high-ranking person who had left. However, only a black figure entered his eyes. He could not see anything else clearly.

"Wait!"

At this moment, the figure who had left suddenly stopped and his tone became strange. "You said that all of them failed?"

"Uh, yes, all of them failed. All of them are dead. Not a single one is left." The experimenter said and became frightened again. Then, he sobbed. "Sob, sob, sob. Lord Beihuai means..."

"I heard that there was a third emotion in this place. Your experiment succeeded. Someone is alive."

"Impossible!"

There was no argument.

The sound of footsteps was getting closer and closer.

They were clearly very close. Night Guardian tried his best to open his eyes, but he was still unable to see the faces of the two people clearly.

"What number is this?" A calm and sorrowful voice sounded in front of him.

"Number seven, that dark attribute Spiritual Cultivator. He's also Moonless Sword Deity's subordinate," the experimenter said while crying. "He's one of the white-clothed team's black and white twin walls. He was originally a little fellow with the light attribute, but unfortunately, he was rejected in the first round. His physical condition isn't as strong as this Night Guardian."

"Night Guardian?"

"Yes, his name is Night Guardian."

"Keep an eye on him. His emotions are revealed, which means that he's already starting to recover. Who knows, in the future, he might even remember this memory from when he just woke up... and the information that you revealed in your words just now was too much."

"Lord Beihuai, please forgive me!" The experimenter was instantly terrified, and then he cried out, "Please kill me, please kill me, my sins are unforgivable. Ah ah..."

"I'll give you three seconds to restrain your emotions." A voice of disgust sounded.

"Uh, I'm sorry, I lost my composure again." The experimenter's expression changed rapidly and he immediately guaranteed. "Lord Beihuai, don't worry, his memories can't awaken. In this aspect, we have the means. We can be absolutely sure!"

"In this world, nothing is absolutely certain. If something happens to Night Guardian, bring your head to see him."

The sound of footsteps faded into the distance.

The ray of light at the door was once again drawn into the darkness.

Everything returned to silence once again.

...

"Thump!"

The sound of a heartbeat sounded again.

Night Guardian opened his eyes. This time, he saw a chaotic world.

In this world that was filled with gray and mania, there was a ray of grand vital energy that represented justice that descended from the sky to protect a clear and bright place.

Chapter 1160: What Am I? (2)

Standing in the light was a tall figure with wings on his back. His presence was like that of a holy angel.

“Who are you?” Night Guardian asked.

As soon as he said this, he realized that he had grown a lot compared to the earlier scene. At the very least, he was now able to communicate with an unknown existence.

“My name is Starry Night,” the tall bewinged Angel said with a smile.

“Starry Night? Why are you here? Where is this place? I’m now...” Night Guardian had a splitting headache. He suddenly asked as if he had just woken up, “I’m not in the Deep Sea?”

Starry Night clearly did not have the ability to respond to questions. After smiling for the length of three breaths, which gave Night Guardian enough time to think and calm down, he continued to say,

“Hello, nameless little guy. When you saw me, I was already dead.”

“There’s no need to try to talk to me. This is just a remnant of my thoughts. I want to tell you something about this poor lucky guy. That’s all.”

Night Guardian was silent.

Starry Night still maintained his smile and continued:

“When you saw me, you must have seen another scene in advance. That’s what I really wanted to show you.”

“Of course, the greater probability is that you won’t be able to see the scene that I want to show you until you die.”

“Your belief is too firm!”

Starry Night paused, and there was a hint of amusement in his smile:

“But have you ever thought that your firm belief itself is questionable?”

“Yes, I think you won’t have any doubts... because the brainwashing power of the Holy Divine Palace is really too strong. Other people won’t even have a chance. I’m a little stronger, but the only thing I can do is to leave this remnant.”

“But... forget it!”

Starry Night shook his head and said as he smiled bitterly,

“This strand of my spiritual thought is to enable you to hear me when you see me, so I won’t spout any more nonsense.”

“I think if your firm belief still stands, you won’t be able to see me at all. And if you really have doubts about your belief, there must be an external force attacking you.”

“Forgive me for still talking nonsense, but this is the utterance of a dying man, you should be able to understand.”

Night Guardian remained silent.

Starry Night’s vision was still unfocused. He continued to mutter to himself:

“Let’s get down to business!”

“Remember those people you saw in the scene just now. I don’t know who they are or what their exact identities are, because I’m just an outsider.”

“But you might know. Well, if you don’t know either... you can investigate.”

“If you’re tired, you don’t have to investigate. I don’t know much about your personality, but I think you’re quite capable of being the chosen one they’re talking about.”

“Forgive me, I’ve said a lot of nonsense...”

At this point, Night Guardian saw tears suddenly falling from Starry Night’s eyes and he spoke even more rapidly,

““I don’t have much time left. They might find my whereabouts soon.””

“I’m really sorry. I really wanted to leave you with some important information, but after saying so much, I realized that other than guarding the first scene you saw after you woke up, I do not have anything else that I could give you.”

“My memories, my abilities, including where I came from and why I’m here... I’ve almost forgotten everything!”

“Everything about me has been dispersed by that person!”

“And who is that person...?”

Starry Night’s voice suddenly paused, and there was a thoughtful look in his eyes.

After that, the Holy Winged Angel suddenly squatted down helplessly, hugged his knees and started crying loudly:

“Wahoo, Wahoo...”

“Who is he! Who on earth is he?”

“I’m sorry, I’m so embarrassed. I wanted to leave behind a dignified image for you, but I...”

He covered his face helplessly with his trembling hands and in a tear-stricken voice said:

“I’m sorry, please spare me. I shouldn’t have left such a backup plan. I’m guilty, please kill me!”

“No! Little Guy, remember, it was this person. It was he who dispersed my body, spiritual physique, and soul, and threw me into this damned place. You must remember...”

“Wah...”

The shrill cry that sounded like a ghost's wail interrupted Starry Night's own words. It also startled Night Guardian considerably.

Then, Night Guardian saw with his own eyes that Starry Night's eyes were wide open and bleeding copiously. He was on the verge of death.

When his grief reached its peak, Starry Night's mouth and nose were completely blocked by foreign objects. His face turned ashen and his lips a deathly shade of white. Finally, this scene was fixed on his horrified and sorrowful face.

Everything seemed to be coming to an end...

"Pu!"

Suddenly, he spat out a mouthful of blood essence. Starry Night seemed to have recovered his breath and he cried out in panic, "Remember, they call me... Ghost Beast!"

His final words faded away.

"Boom!"

Starry Night's image fell apart.

The surrounding chaotic world also suddenly shattered.

...

"Dong Dong!"

"Dong Dong!"

The sound of his heart beating rapidly rang out as he regained consciousness.

It was as if Night Guardian could hear the faint sound of water flowing under the deep sea. At the same time, there seemed to be someone shouting in his ears?

"Night Guardian!"

"Wake up, Night Guardian!"

It was not an illusion...

"Someone is really calling me..."

"I... am not dead yet! ! !"

Night Guardian held his breath. It came from the desire that had been stimulated in the first scene. It also came from the last enlightened words of Starry Night in the second scene. It also came from Xu Xiaoshou's words... Ghost Beast Luke!

"I want to live!"

The deathly silent sea of energy reserve could not help this thought of his to materialize.

However, a power that did not belong to him suddenly erupted from his soul. It was as if after drowning, a helping hand suddenly reached out to him from the shore.
