

I Am Loaded 471

Chapter 471: The Holy Place

“Elder Wuyue, what did you see?”

White-clothed Chang Yi stopped beside Gou Wuyue.

The main force was still rushing towards the Eastern Sky Realm’s White Cave.

He had only stopped when he sensed the sudden sword will from Gou Wuyue, who was at the end of the group.

“I’m fine.”

Gou Wuyue silently retracted his gaze and didn’t say anything.

He had doubts in his heart.

With just a glance, he seemed to have sensed a very familiar scent.

“Abyss Island?”

“Those fellows, are they planning to come out and struggle again?”

He thought in his heart.

However, on the surface, Gou Wuyue did not show the slightest ripple.

This information was something that even a high-level White-clothed person like him did not have the authority to know.

“Is that the direction of the White Cave?”

He pointed at the direction where he had seen the realm breach just now and asked.

Chang Yi was stunned.

This was because the direction that the large group was heading in was completely opposite to the direction that Gou Wuyue pointed at.

“This...”

“I think so?”

“I have to ask Da Sheng.”

“Da Sheng!”

He did not dare to delay. He immediately turned around and called out. Immediately, a black fatty holding a spirit wheel flew over from the middle of the group.

“Elder Wuyue.”

First, he bowed respectfully. Only then did the black fatty, Da Sheng looked at Chang Yi. "What is it?"

"The direction of the White Cave?"

Chang Yi pointed in the direction that Gou Wuyue had just given him.

Da Sheng frowned, picked up the spirit wheel in his hand, and began to deduce.

"That's right."

After a long while, he said with certainty, "We are heading to the Eastern Sky Realm now, but we have to pass through the Dongtianwang City first. Only through the teleportation portal there can we get there faster."

"It looks like the direction we're heading is different from the one we're heading in, but the 'heaven geomantic compass' shows that it should be normal. Why?"

Da Sheng was a little puzzled. Why was he suddenly asking about the direction of the White Cave?

Gou Wuyue nodded silently when he heard that.

He roughly understood.

Could it be that those fellows were using the opening of the White Cave as an opportunity to cause trouble?

Fortunately, the dimensional fluctuations of Abyss Island could not be hidden from him.

After hundreds of years of failed attempts, they still couldn't give up?

"They are trying to escape again..."

Gou Wuyue muttered with a frown.

He looked at the team in front of him and suddenly had a headache.

This group of people had come for the "Saint Servant" in the first place.

However, if they added the Abyss Island incident this time, it might not be enough.

"Elder Wuyue, did something happen?"

Da Sheng asked carefully.

Anyone could see that Gou Wuyue had clearly discovered some special signs.

Chang Yi grabbed Da Sheng's sleeve anxiously.

He had already asked this question to Moonless Sword Deity.

Since he did not want to answer, it meant that he and the others were not qualified to come into contact with this matter.

If he asked again, it would seem that he was a little too quick-witted.

Fortunately, the person in front of him was Gou Wuyue.

He was not angry, but at the same time, he did not directly answer Da Sheng's question. Instead, he said in a serious voice, "Send a message to Cang Sheng."

"Lord Cangsheng?"

Chang Yi and Da Sheng's hearts shook at the same time.

Ai Cangsheng was one of the three emperors who presided over the headquarters of the Holy Divine Palace. His status was almost on par with Hallmaster Dao.

Elder Wuyue had just discovered something, and it had already reached the point where he wanted Lord Cangsheng to be prepared?

What exactly had happened.

They were stunned that they hadn't discovered anything at all?

"What's the content of the message?"

Da Sheng asked with a serious expression.

At this moment, he didn't dare to relax at all.

Gou Wuyue chuckled. "Don't worry, it's not a big deal. We just want him to be prepared. If the situation changes, we might need the strength of an arrow from him."

"An arrow!"

The bodies of the two White-clothed men in front of him instantly trembled as they looked at Gou Wuyue in shock.

An arrow?

This time, not only did he need Lord Cangsheng to prepare, he even needed an arrow to help him?

How could this not be a big deal?

This was a world-shaking event!

"Alright."

With just a glance, Da Sheng consciously lowered his head, not daring to talk about this matter anymore.

This level of affairs had seriously exceeded his level of authority.

He felt very annoyed at his casual question just now.

"Elder, do you have any other orders? If not..."

Da Sheng already wanted to immediately go over and send a message.

For matters of this level, even if he delayed for a moment, he would feel uneasy.

“Wait a moment.”

Gou Wuyue waved his hand to stop him from leaving. After a moment of hesitation, he said, “Let Yu Lingdi bring some people over.”

Lord Yu?

Chang Yi and Da Sheng secretly looked at each other. The panic in their hearts was difficult to express at this moment.

One of the six divisions of the Holy Divine Palace, the head of the Spirit Division, Yu Lingdi, had to come personally?

Elder Wuyue, what did you discover?!

“Okay, okay.”

Da Sheng replied repeatedly, suddenly realizing that his voice was trembling.

Gou Wuyue saw the panic in the two of them and smiled. “There’s no need to panic. It’s just for a rainy day. There’s a possibility that we won’t need anything.”

“Of course, it’s best if we don’t need anything.”

“That kid, Yu Lingdi, is also staying in the Spirit Division... actually, there’s nothing much going on. We just want him to come out and move around more.”

This light smile that made people feel as if they were bathed in a spring breeze instantly calmed the two White-clothed men’s hearts.

They looked at the man in front of them, whose hair was a little gray and was carrying a sword on his back, and suddenly felt that the world had become calm.

That’s right!

This time, one of the Seven Sword Deities, Moonless Sword Deity, was leading the team.

Was there anywhere in the world where they could not go?

What was there to fear?

It was truly laughable to fall into chaos!

“Go.”

Gou Wuyue waved his hand to send the two away with a smile, like a kind Elder.

That slow smile made people feel at ease.

“Saint Servant.”

“Abyss Island.”

After sending the two away, he returned to the direction of the White Cave and narrowed his eyes. “And the White Cave...”

After staring at it for a long time, Gou Wuyue lowered his head and fell into deep thought.

An unrealistic thought took root and sprouted.

However, he felt that it was truly ridiculous.

“Is it a coincidence? They actually walked together.”

“However, there shouldn’t be any connection between the two, right?”

His heart was slightly confused.

The demon sword on his back, The Voice of Nulan, trembled spiritually.

Amidst the buzzing sound, Gou Wuyue once again raised his head. His gaze was already calm.

“Don’t worry.”

He patted the sword lightly to indicate that he was fine. Then, he looked down at the people below, his eyes filled with a solemn vow.

Who cared about the direction of the heavenly axiom? What was there to fear for the rest of his life?

I, Gou Wuyue, will only use this sword.

One sword to bring peace!

...

“Whoosh.”

The illusion was destroyed.

Xu Xiaoshou returned to reality.

The scene was like a golden millet dream, causing his mind to be in a daze.

“A Saint bestows a sword?”

“A sword will to break the boundary?”

This state of confusion made Xu Xiaoshou feel a little dizzy.

However, there was a dry skin condition on his body.

When the wind blew, his sweat-soaked clothes stuck close to his body again.

Xu Xiaoshou immediately understood.

This was not an illusion.

The scene just now was real.

He had indeed been taken in by the Saint!

But...

“This Saint is a little weak, right?”

Xu Xiaoshou hesitated.

If he hadn't heard wrongly, the Saint had fled without even informing him of his intentions.

The final “clang clang” was probably the sound of the iron chains that he had forgotten to cover up.

It was too clear!

The last wave that he heard.

Even though the white small world was collapsing, the heavy sound of the iron chains was still so ear-piercing in his “Perception”.

However.

“This is too ridiculous!”

“An imprisoned... demi-saint?”

Xu Xiaoshou suddenly felt that he had misheard.

In this world, a higher void was already the strongest combat power. Even the existence of a demi-saint was a mysterious legend.

At this moment, he didn't say that he had met a mighty figure who might be a demi-saint.

The key was that this mighty figure was still in a sorry state.

How could anyone believe that what he saw was real?

“Hearing is false, seeing is not necessarily true.”

“Forget it!”

His intuition told him that once he took this matter seriously, he might really fall into another unknown vortex.

Xu Xiaoshou instinctively chose to forget.

But just as he thought of this, he felt a faint pain in his head.

He probed.

There was a white hot bead of light in his Yuan Mansion.

“This is...”

Xu Xiaoshou suddenly realized that this should be something left behind by the last wretched saint after he pointed at him.

Perhaps the words he didn't have time to say were here?

“This...”

Xu Xiaoshou panicked even more.

If he could choose to forget, he would definitely end all of this.

But now, this unknown object appeared in his mind...

“Just now there was a sword will and now there’s a white bead. Am I a storage jar?”

Xu Xiaoshou was about to cry.

For a moment, he didn’t know whether to touch the white bead or let it be.

“Xu Xiaoshou?”

“Xu Xiaoshou, what’s wrong?”

A few calls by his ears completely pulled Xu Xiaoshou back to reality.

He woke up and realized that the people around him were all looking at him.

However, other than the action of “Looking”, there did not seem to be any other emotions.

Even if it was the Night Guardian...

Xu Xiaoshou looked at the Night Guardian.

This old fellow also looked back inexplicably.

“In other words, he didn’t even notice the Cutting Path just now?”

Xu Xiaoshou was shocked.

It seemed that the wretched Saint was really a demi-saint!

Otherwise, how could he not even notice the strongest battle power in this place?

If he wanted to take his life, wouldn’t he be able to end it in an instant?

“Hu!”

“You’re thinking too much. Such an existence might not even be able to cause the slightest bit of emotional disturbance to his life, so why would he personally kill himself?”

Xu Xiaoshou secretly gave himself a heart-strengthening drug. Only then did he look at Gu Qingsan, who had spoken, and said, “I’m fine. I’m a little dizzy.”

“How long did I pause for just now?” he asked.

“A few breaths.”

Gu Qingsan asked in puzzlement, “What’s wrong?”

A few breaths...

Xu Xiaoshou was shocked again.

Not to mention that he had been waiting for several epochs in that small world, just the communication with that miserable Saint was more than just a few breaths, right?

Was this the true control of the passage of time...

Xu Xiaoshou gently exhaled and was speechless for a moment.

“Don’t worry.”

Seeing this, Gu Qingsan consoled him, “Actually, the time taken for your Epiphany is quite short. I remember that my Second Senior Brother recognized the Master of the famed sword and even pushed the Master’s conception to the peak. He even comprehended the Void Solidifying Sword Technique.”

“You’re actually at a disadvantage in this way. The time taken is too short. It won’t do.”

“But that’s true,” he said with a proud smile. “Not everyone is like my Senior Brother. It’s already not bad that you can recognize the Master!”

Xu Xiaoshou could not help but look at the famed sword in his hand.

Recognized me as its master...

Although it seemed that the strange phenomenon of recognizing me as your master was directly cut off by someone, and even the Epiphany was lost.

However, after a drop of blood, Xu Xiaoshou still felt that the intimate connection with the Flame Python in his hand had been completely established.

With just a drop of blood, this famed sword seemed to have become his arm.

It seemed that as long as he wanted it to appear, it could appear anywhere.

Whatever action he wanted it to complete, he could complete.

Because of the spiritual nature of the famed sword, the intimate feeling of being able to use it like an arm was even more bitter.

After all, the levels were different, and there was no way to make an analogy.

“Weng!”

With just a thought from Xu Xiaoshou’s mind, the Flame Python directly flew into the sky.

After a sudden stop, a wave of fiery red energy exploded. The Sky and earth were instantly heated. Even the void was directly evaporated and distorted.

“Famed sword!”

“Is this the famed sword...”

Everyone was stimulated by the sudden sword.

Looking at the Flame Python that was continuously circling in the void and releasing lava energy, everyone could not help but feel envious.

“Enviied. Passive Points, +252.”

“Begrudged. Passive Points, +213.”

“Good sword.”

Gu Qinger raised his head and praised from the bottom of his heart.

His eyes were filled with admiration, but at this moment, there wasn't the slightest bit of greed in them.

If this famed sword had no owner, he would definitely kill himself to obtain it.

But in the end, he discovered that this famed sword had long since decided on Xu Xiaoshou.

Perhaps, compared to everyone present, the judgment of the famed sword was even more vicious!

Silently glancing at Xu Xiaoshou who was also looking at the dumbfounded look of the famed sword in the sky, Gu Qinger could not help but laugh.

“Junior Brother, let's go.”

“Ah? Oh.”

Gu Qingsan was stunned. He turned around, but his Second Senior Brother had already left without looking back.

This time, he finally did not need to walk anymore. Instead, he resolutely flew.

“It's time to continue to complete Master's mission...”

Gu Qingsan sighed helplessly and flew up to follow.

“Disperse, disperse, disperse.”

Everyone watched Xu Xiaoshou commanded the Flame Python and was having a great time.

Some people were indeed very thoughtful.

However, as long as they saw Xu Xiaoshou keeping watch in front of them, everyone's hearts would feel desolate.

So what if they had thoughts?

As long as Red Coat was here, they wouldn't even be able to get close to him, let alone snatch from him!

Furthermore, Xu Xiaoshou didn't seem weak to begin with. Now that he had the support of the famed sword...

“Disperse!”

Everyone dispersed like birds and beasts, leaving a few reluctant to leave. They turned their heads three times with each step.

However, they didn't stay any longer.

After all, although the White Cave had only opened for a few months, as long as Red Coat's mission was completed ahead of time, all the experiencers inside would have to appear ahead of time.

Therefore, every minute and second in this place was extremely precious.

No one would waste their precious time. How could they leave most of the resources in the White Cave and stare at the famed sword?

After all.

How long had they been in the White Cave?

If a famed sword had appeared, how far would the next one be?

"Hey, don't go!"

Xu Xiaoshou was still playing with the Flame Python when he realized that everyone was almost gone. He immediately shouted anxiously, "Even though the famed sword is gone, but I still have the exquisite stones. I specialize in selling exquisite stones. Come over here!"

He took out a large bunch of exquisite stones, but at this moment, no one wanted to bother with them.

Xu Xiaoshou was too hateful.

Even in the White Cave, the exquisite stones were indeed a good thing to protect one's life.

At this moment, no one wanted to communicate with him anymore.

"Cursed, Passive Points, +241."

Xu Xiaoshou was disappointed and put the exquisite stones back into his hand.

As far as the eye could see, it was still dark at that time, but now there was only one Night Guardian and Yu Zhiwen.

"Desolate..."

Xu Xiaoshou did not like the lack of people.

There was no wool to pull at all, so he was really helpless.

"Elder Night Guardian..."

He looked at the Night Guardian and was about to say something when the other side waved his hand.

"Wait."

With that, the Red Coat looked into the distance.

"Lu Ke!"

A rebuke.

Xu Xiaoshou was shocked.

He had never seen this old man use such a forceful tone!

In the end, his "Perception" saw that in the crowd that had yet to fly far away, the figure of a young man wrapped in a mask shook violently and then flew away at an even faster speed.

"This is..."

Xu Xiaoshou was a little surprised.

If he remembered correctly, the only thing that could give him a sense of threat was the swordsman duo and this young man who looked very tender to the naked eye.

Xu Xiaoshou could feel the aura of an ancient swordsman from the same origin.

This fellow was definitely not as simple as he looked on the surface.

Even if he could not get in the queue, he had never come into contact with him before.

After what had happened just now, Xu Xiaoshou no longer dared to doubt his intuition.

"He is also a swordsman?"

Xu Xiaoshou asked.

The Night Guardian nodded and sneered. "A naughty fellow. He still dares to escape. Does he really think that he can disregard the rules just because he has a Master? When he goes back, he will be taught a lesson!"

Runaway...

Master...

Xu Xiaoshou raised an eyebrow, "Red Coat?"

"Little Red Coat." The Night Guardian nodded.

After a pause, he looked at Xu Xiaoshou and said, "A type of person who trains in a Red Coat team and has a high chance of succeeding in the future."

Xu Xiaoshou felt the burning gaze from the other side and felt like a bird that had been revived.

"Why are you looking at me like that?"

The Night Guardian's lips curled up. "Maybe you'll see him again in the future."

"I won't."

Xu Xiaoshou shook his head firmly.

The Night Guardian did not respond. Instead, he sighed.

He knew that Xu Xiaoshou still did not seem to be very interested in organizations like the Red Coat.

But it did not matter.

In this world, some people were born with a strong sense of justice.

But the majority of people lacked a sense of justice because they had yet to see the cruel side of the world.

Once they had the strength, they could solve problems.

When they encountered those difficult choices.

People's morals would force them to make a choice.

No one could not make a choice.

No matter how difficult the choice, no matter how difficult it was!

He had already understood Xu Xiaoshou's state of mind and knew that this fellow was indeed the Night Guardian who was on the opposite side of the ghost beast. He no longer had any intention of hiding anything from the young man in front of him.

"The door of the Red Coat will always be open for you."

He said solemnly.

Xu Xiaoshou was stunned for a moment.

Even Yu Zhiwen, who was at the side, had a look of surprise in her eyes.

Although she could already tell something from the actions of the Night Guardian.

However, he had not gone through the direct promotion of the Holy Divine Palace's system at all. The first thing he did was to issue such an invitation to an outsider, and he was even a young man...

Yu Zhiwen indicated that even she had never seen such a thing before!

"I..."

Xu Xiaoshou hesitated. He did not expect the Night Guardian to be straightforward.

He thought about how Greedy the Cat Spirit was still fishing in his own Yuan Mansion.

At this moment, he was in a dilemma.

If he said that he did not like Red Coats and did not envy the privilege of such an existence, then it would definitely be a lie.

When Xu Xiaoshou first heard about White-clothed and Red Coat, he had already fantasized about the scene of him entering these two organizations.

Just by looking at the ten numbers of the Night Guardian, he was able to scare off the ghost beast Hei Ming.

Once he joined, he would definitely be awe-inspiring!

But was this really suitable for him?

Xu Xiaoshou asked himself again.

If one were to truly follow power, even if he joined the Red Coats, there weren't many who could teach him at this moment.

Even if it was the Night Guardian, it wouldn't work.

On the other hand, the "Saint Servant".

That day, in front of Luo Leilei, in front of the Masked Man's invitation, he might as well have directly agreed.

At least, in terms of the Way of the Sword achievement, just a few fingers of the Masked Man would have been enough for him to learn for a long time.

As for justice...

In Xu Xiaoshou's heart, he had his justice.

He worshipped power, but he would never do anything so tragic for the sake of power.

Just like how he didn't like the Masked Man killing all the higher-ups of the Su family for the sake of the famed sword.

It was just like how he didn't like the Red Coat choosing the so-called exterminating ghost beast for the sake of justice.

"I shall think about it?"

Xu Xiaoshou raised his head and looked at the Night Guardian, his eyes filled with wariness.

He was afraid that this old man would suddenly lose his cool and slap him. Then, he pressed his neck and shouted angrily, "I've already spoken, are you going to enter or not!"

Obviously, the Night Guardian was not so irrational.

He smiled and said, "I know you are still thinking about it, so I say that the door of the Red Coats will always be open for you."

"As long as you are not standing on the opposite side of us, with your ability, I believe that even if you join this team, you will be able to shine."

"Of course, there is a time limit for this consideration."

"How long?" Xu Xiaoshou asked.

"Half a year."

The Night Guardian said, "I'll give you half a year at most."

"Why half a year, not one year, or even ten years?"

Xu Xiaoshou's eyes widened, and his footsteps shrunk. "How good would it be to make up a round number?"

The Night Guardian snickered.

“I’ll give you half a year because you might still have the chance to participate in the Holy Palace Trial. If you can pass, it’ll definitely be better than joining the Red Coats.”

“This is for the sake of your future... you brat, how dare you even ask for ten years!”

The Night Guardian was so angry that he slapped down, but was dodged by the heavily guarded Xu Xiaoshou. He rolled his eyes and said, “Since you’ve gone against me, I don’t even know if I have ten years to live!”

“The Holy Palace Trial?”

Xu Xiaoshou was shocked. What kind of trial was better than joining Red Coats?

After all, this was one of the two most powerful and authoritative organizations on the continent!

Wait a minute, the Holy Palace?

Xu Xiaoshou suddenly remembered that Elder Sang seemed to have mentioned the Holy Palace as well?

There was a big goose lake in the Holy Palace. Where did this old fellow come from?

“What is the Holy Palace Trial?”

This time, Yu Zhiwen was stunned.

“You don’t know about the Holy Palace?”

“I know, but I don’t know much about it.” Xu Xiaoshou looked over.

Yu Zhiwen blinked her eyes, clearly surprised. “Didn’t you suppress your cultivation state for this trial as well?”

Xu Xiaoshou felt the aura of the other party, who was at the peak of Innate.

Suddenly, he thought of Cheng Xingchu, and many other young people who could have broken through to Master, but were still suppressing them.

For example, the dead Zhang Xinxiong...

He suddenly understood something. He looked at the Night Guardian and asked, “Is the Holy Palace better than the Red Coat?”

The Night Guardian chuckled. He was amused by this question.

“Of course,” he said affirmatively.

“One is an organization of the elderly who have been fighting in the outside world all year round and have been using their blood to train themselves.”

“The other is a real place for the young people to raise their holy cultivation.”

“How can the two be mentioned in the same breath?”

“A place where people raise their holy cultivation?” Xu Xiaoshou was surprised.

“Have you heard of a demi-saint?” the Night Guardian suddenly asked.

Xu Xiaoshou naturally thought that he might have seen another one just now.

Of course, he would not say these things.

“A demi-saint... it’s a legend. Who doesn’t know?”

He spread his hands.

The Night Guardian shook his head with a smile. “A demi-saint is not a legend. There is a true demi-saint in the Holy Palace, and there is more than one!”

“That place is the destination for all the geniuses and descendants of the Spirit Palace on the continent. It is the true inheritance of the Holy Path.”

“The holy place.”

“It cultivates the true demi-saints and even the Holy Emperor!”

Chapter 472: A Map?

“A Holy Emperor?”

Xu Xiaoshou’s heart skipped a beat.

Even a demi-saint was a state among the legends.

Was there really such a person as the Holy Emperor in this world?

Perhaps he was no longer a human, but a god who had transcended the Way of the Heavens!

The Night Guardian nodded and said, “Yes, a Holy Emperor.”

“However, even though the Holy Palace has hundreds of years of history, the outside world has never heard of the Holy Emperor appearing.”

“And the information about the Holy Palace is, in essence, not open to the outside world.”

“Therefore, the so-called Holy Emperor state that you want to know about may only be known when you actually go to that place.”

The Night Guardian laughed softly.

The Holy Palace was an existence that transcended the continent. It was almost like a paradise in the spirit cultivation world. How could mortals reach it?

Even if he was a Cutting Path expert, or even a Red Coat, his understanding of the Holy Palace was half-baked.

“The Holy Emperor...”

Xu Xiaoshou was immersed in this title that sounded invincible. He was unable to extricate himself for a long time.

If he could reach this level...

Those so-called almighty arrangements were nothing more than child's play, right?

"What's the Holy Palace like?"

He was full of curiosity.

"You'll have to make good preparations on your own. If you can enter, I don't need to explain."

"If you can't enter, no matter how much I say, it's useless," the Night Guardian replied.

Xu Xiaoshou asked again, "Then, how can I get into the Holy Palace?"

"The Holy Palace Trial!"

The Night Guardian explained, "But before that, you need to get a spot for the Holy Palace Trial. It's about a few months later, the selection competition will be held in Dongtianwang City. The exact time hasn't been decided yet."

"What are the conditions?"

Xu Xiaoshou had just finished speaking when he suddenly realized, "Below the Master level?"

"That's right."

The Night Guardian added, "Young man, below the Master level, no matter how fiercely you suppress it, as long as you are at the Innate level before the Holy Palace Trial, you are qualified to participate."

"For this qualification, almost all of the top geniuses in the continent are determined to not breakthrough."

"Those at the top even have the ability to kill Masters and resist the Sovereign."

"Therefore, your current cultivation and combat strength are not bad, but they are only limited to the Tiansang Prefecture."

"If you look at the entire Eastern Sky Realm, the Eastern Region, or the Shengshen Continent it might not be enough."

The Night Guardian paused for a moment and said, "But it doesn't matter. As I said, the door of the Red Coat will always be open to you."

"If the Holy Palace doesn't want you. We want you."

This hasn't even begun!

How did you know that the Holy Palace wouldn't want me?

He calmed down a little. He didn't expect to receive such an important piece of news the moment he entered the White Cave.

The main thing was that this piece of news seemed to be related to him?

Xu Xiaoshou remembered that Elder Sang's Master seemed to be from the Holy Palace as well?

If that was the case, wouldn't he be able to do whatever he wanted once he entered that place?

Since they had a close relationship, they should be able to do whatever they wanted!

"Perhaps..."

Perhaps Elder Sang was already preparing to take his path to the Holy Palace after he ended the White Cave?

This old fellow really didn't leak any information!

Turning to look at Yu Zhiwen, Xu Xiaoshou sized her up and asked, "So, the cultivation you suppressed was also for the Holy Palace Trial?"

"Yes."

Yu Zhiwen nodded.

"You also need to take part in the Holy Palace Trial?"

Xu Xiaoshou didn't believe it.

"Maybe."

Yu Zhiwen said in a slightly absent-minded manner. Suddenly, she reacted and said, "Ah, yes, I do."

Xu Xiaoshou and the Night Guardian were shocked at the same time.

"Perhaps?"

They were confident that they hadn't heard wrongly.

In other words...

The woman in front of them really didn't need to take the path of the Holy Palace trial to enter this Holy Palace that was extremely detached from the rest of the continent?

"This is..."

The Night Guardian asked in surprise.

Then, Yu Zhiwen quickly bowed and greeted the Night Guardian.

The Night Guardian nodded indifferently in response.

But even though he had many doubts about the girl in front of him, he didn't ask any more questions.

He looked at the sky, although he couldn't see anything.

But the matter here was over, and he didn't have time to waste here.

The large group was still rushing into the depths, and he had to leave immediately.

“Xu Xiaoshou.”

“Hmm?”

“Remember, although the famed sword in your hand has been officially acknowledged, there are still many bandits in this world.”

The Night Guardian’s tone was grave as he continued, “This sword can bring you convenience, but at the same time, it can also bring you a fatal disaster.”

“I understand.”

Xu Xiaoshou naturally understood.

When he received this sword, he already knew what risks he had to take.

“It’s good that you understand.”

The Night Guardian also knew about Xu Xiaoshou’s petty tricks, but he still instructed, “You can take it easy on some other people, but there is an organization. If you are targeted, you must treat it seriously.”

“What organization?”

Xu Xiaoshou asked.

“Saint Servant!”

Fear flashed through the Night Guardian’s eyes. “This organization has started to stir up trouble all over the continent.”

“Their goal is the 21 Famed Swords.”

“Not just the one in your hand, but also the one in the hands of the two swordsmen just now, or the famed swords of other people and other places...”

“They seem to have sensed it and can always find it accurately.”

“Didn’t the Tiansang Spirit Palace lose a famed sword?”

“So remember!”

The Night Guardian leaned forward and said, “If you find any signs of being targeted by the Saint Servant, come to me immediately. Look for the Red Coat immediately. Don’t play around with him!”

Xu Xiaoshou’s heart skipped a beat.

Of course, he knew about the Saint Servant.

Perhaps the Night Guardian had already known about the whole process of the Saint Servant’s invasion of the Tiansang Spirit Palace, but he would never have noticed that a mere Innate like him had already been targeted by the Saint Servant.

“Is the Saint Servant very terrifying?”

Xu Xiaoshou asked.

In the past, whenever he asked Elder Sang this question, he would always refuse to answer.

As a result, he was almost completely unaware of the inside story of this organization.

But because he did not know, he was even more curious.

“Very terrifying!”

The Night Guardian rarely spoke in such a serious tone, but at this moment, he was so serious that it was frightening.

“Whether it’s the known Chief Saint Servant or the second and fourth chiefs of the Saint Servants, almost all of them have outstanding cultivation.”

“Even if an entire team of White-clothed was to meet them, they would probably be wiped out.”

“Under such circumstances, if you are targeted, you will die without a doubt.”

The Night Guardian’s eyes were abnormally terrifying.

He stared straight at Xu Xiaoshou, but there were still a few things he didn’t say in his heart.

Not only were the nine Saint Servants terrifyingly powerful, but almost all of their new generation were top-notch geniuses.

It was as if they had been brainwashed and were extremely loyal!

The Night Guardian was very afraid.

If Xu Xiaoshou had met the Saint Servants, it would have been fine if he had died.

But if he had not died but had been chosen and poached...

Xu Xiaoshou’s talent compared to the mainland was actually just a bit of an ordinary comment. He had really suppressed it too much during the Night Guardian.

If Xu Xiaoshou was so mediocre.

As a Red Coat who had roamed the mainland for so many years, how could he care so much about the young man in front of him?

In addition, Xu Xiaoshou’s way of doing things was not based on common sense.

Once such a person walks down the wrong path, and he gets trained...

The harm that he could bring, just thinking about it made the Night Guardian feel a little terrifying.

“Do you remember?”

The Night Guardian reminded.

“I remember...”

Xu Xiaoshou was frightened by this fellow’s sudden concern.

He took a few steps back, avoiding the Night Guardian's tone. He wanted to ask something else.

However, the Night Guardian had already straightened up.

"It's about time. I need to leave now. You guys should leave first!"

"Goodbye."

After saying that, he did not even take a single step and directly disappeared.

Why did he leave so quickly?

A second ago, they were still talking so passionately, but in the next second, he disappeared.

Even with his "Perception", Xu Xiaoshou still couldn't see how the Night Guardian left.

Just like before, he didn't notice when the Night Guardian arrived.

"They're all gone."

Xu Xiaoshou sighed.

There were no passive points left!

What a pity.

"You still have me."

Yu Zhiwen said softly from the side.

Xu Xiaoshou turned his head and looked at this girl who would never leave him. He felt a little comforted in his heart.

"Fortunately, you're still here."

This gentle tone that was like caring for a little sheep's hair made Yu Zhiwen's ears turn red instantly.

She turned her head away.

"What... what are you talking about?!"

Xu Xiaoshou couldn't help but laugh when she saw how easily this girl blushed. "What are you thinking about?!"

"I... I'm not!"

"If you're not, then why are you blushing?"

"Then what are you talking about?"

"Then tell me what I'm talking about." Xu Xiaoshou was full of smiles.

"Aren't you..."

Yu Zhiwen choked.

She stopped talking and her face turned even redder. She didn't dare to continue. She took a step forward and walked away.

"Cursed, Passive Points, +1."

"Where are you going?"

Xu Xiaoshou asked.

"Ignored, passive value, + 1."

"Do you know the way?"

"Ignored, Passive Points, +1."

"Walk faster, why are you walking so slowly?"

Xu Xiaoshou caught up with her in an instant.

Yu Zhiwen looked at the man beside her and suddenly made a mistake. She almost fell on the spot.

I'm walking so slowly, isn't that why I'm waiting for you?!

Aren't we on the same team?

I'm just waiting for you... for my teammate to catch up with me!

She looked back angrily, her starry eyes wide open. She couldn't believe that this was a question that a human would ask.

I'll stare at you!

Believe it or not?

"Glared At, Passive Points, +1."

Xu Xiaoshou looked back, unwilling to be outdone. After a long while, his gaze suddenly softened and he asked, "Do I look good?"

The murderous intent in Yu Zhiwen's eyes immediately shattered.

"Bah!"

She spat with a shy face and flew away. She felt that she would probably never be able to look directly at Xu Xiaoshou's face again.

She couldn't argue with him, nor could she stare at him.

This...

"Cursed. Passive Points +1."

"Wait for me. Why are you running so fast? Are you in a hurry to be reincarnated?"

Xu Xiaoshou looked at Yu Zhiwen, who had disappeared into the horizon, and immediately followed.

This girl was still useful.

However, the ghost beast incident that they had encountered earlier had indeed gone beyond the scope of ordinary people.

In this difficult and dangerous white cave, before they found Aje and Xin Gugu, this kind of good teammate must not run away.

“I’ll chase!”

...

Crackle, crackle, crackle.

In some of the dark caves, bonfires were burning.

There was no night in the White Cave, but Xu Xiaoshou and Yu Zhiwen, who had rushed all the way, found a deep and dark cave to rest in.

The reason was naturally that Xu Xiaoshou was tired and needed to rest.

“Hu.”

Yu Zhiwen pursed her lips and blew on them. The roast meat in her hand was completely formed.

Golden oil dripped down from the spiritual sword and sizzled on the small fireball. However, when it came into contact with the surface of the flame, it was directly steamed into nothingness.

The meat was brought by Yu Zhiwen.

Originally, Xu Xiaoshou wanted to show off and roast some meat.

However, the beauty didn’t believe him, so he could only do the work of burning the fire.

“Okay!”

Yu Zhiwen held the spirit meat in her hand and smelled the alluring fragrance. She couldn’t help but swallow her saliva.

She found that she had already started to get used to not wearing a veil in front of Xu Xiaoshou.

This kind of scene, which was impossible to appear in the past, also felt very natural at this moment.

She wanted to pass the spiritual sword with meat on it.

However, Yu Zhiwen found that Xu Xiaoshou, who had been yelling about roasting it himself at the beginning, seemed to be asleep at this moment, and there was no response at all.

“Asleep?”

She got up and bent down. Yu Zhiwen checked Xu Xiaoshou’s breath and found that this guy’s condition was very stable.

It didn’t seem like he was sleeping.

Instead, it looked more like he was cultivating.

After realizing that her action was a little intimate, she hurriedly withdrew her hands and sat back down.

She looked at Xu Xiaoshou again, but there was still no reaction from him.

“Cursed, Passive Points, +1.”

“You’re not eating?”

Yu Zhiwen pouted. “Forget it, I’ll eat!”

She took a small bite, and her beautiful eyes looked at Xu Xiaoshou again, but there was still no movement.

“Cursed, Passive Points, +1.”

Crackle...

The bonfire burned, and the cave was very quiet.

The spirit meat in her hand suddenly didn’t smell very good.

It was obviously her best skill, and her Master liked it very much...

Yu Zhiwen hugged her knees and tilted her head, sizing up Xu Xiaoshou’s cultivation.

She suddenly realized that once this guy quieted down, she was not used to it.

“Eh? What are you thinking about!”

“Cultivate!”

...

“Should I dismantle it or not?”

In the Purple Mansion of the Origin Court.

Xu Xiaoshou used his spiritual senses to look at the white bead floating in the air and hesitated.

This was given to him by the embarrassed Saint.

Perhaps it was a good thing, but what if it was bad...

“I have to come into contact with it after all.”

Xu Xiaoshou cut off his wild thoughts.

Leaving this thing in his body might be a big hidden danger, but for someone with OCD, it would be uncomfortable if he didn’t touch it.

His spiritual sense quietly approached, and with a light touch, Xu Xiaoshou touched the white bead.

“Boom!”

In an instant, his brain seemed to have detonated a bomb.

The light on the white bead shone, and the entire Yuan Mansion seemed to be heated up.

His brain felt intense pain.

Then, Xu Xiaoshou saw that after the light on the white bead dissipated, the real appearance of the thing inside was revealed.

“A seed?”

This was a white seed that was similar to the Infernal Fire Seed, but smaller. It was only half the size of a mung bean.

However, the compressed high temperature within it was many times higher than the Infernal Fire Seed.

“Advanced Infernal Fire Seed?”

Xu Xiaoshou was surprised.

But he quickly rejected his idea.

Even if he had not come into contact with the Advanced Infernal Fire Seed, he knew that just its size alone was not related to the word “large”.

Or perhaps, even the Advanced Infernal Fire Seed was not as hot as this thing!

“Try it?”

His spiritual senses thought lightly touched it again.

“Chi!”

This attempt did not only bring about pain. Xu Xiaoshou almost felt that his consciousness was gone.

By the time he reacted, he realized that the spirit thought that touched the white fire seed had already been burned into nothingness.

“This...”

Xu Xiaoshou broke out in cold sweat.

This thing had already exceeded the scope of a time bomb!

If it was placed in his Yuan Mansion, wouldn't it be able to burn through his entire Yuan Mansion with just a random movement?

“As expected, that old man didn't have any good intentions at all!”

Xu Xiaoshou cursed in his heart.

However, he quickly realized that this white fire seed didn't seem to have its own spiritual intelligence like the scruffy-looking man's sword cognition.

On the contrary, it was very quiet.

It quietly stayed in the void of Yuan Mansion, just like the Refined Fire Seed under the bonfire.

If one did not touch it, the temperature would be so low that it could be used to roast meat.

However, once it came into contact with it, it would be burned into nothingness!

“What does this mean?”

“So, in the end, he gave me a famed sword and this white fire seed without hinting at anything?”

Xu Xiaoshou was distressed.

This kind of giving that he couldn’t understand was the most troublesome.

He also couldn’t understand what the miserable Saint meant.

“Om...”

As he fell into deep thought and returned to the quiet Yuan Mansion, an extremely soft voice suddenly became clear.

“What’s that voice?”

Xu Xiaoshou was shocked and held his breath.

“Om...”

After a full quarter of an hour, it finally heard this voice that seemed to be an illusion.

This time, Xu Xiaoshou was completely sure.

This voice was transmitted from the white fire seed.

“But, I don’t understand it either?”

Xu Xiaoshou was going crazy.

What exactly was that old man playing at? Couldn’t he just say it out loud?

Did he have to use such an indirect method?

“A call?”

Xu Xiaoshou pondered.

He guessed the nature of this voice.

From the two calls just now, he seemed to be able to hear something more than just the surface of the voice from this melodious voice.

“A call, huh...”

Xu Xiaoshou felt a little horrified.

“Could it be that there is life in this white fire seed?”

“I still have to wait for that call to appear and try it at the price of burning my spiritual senses before I can crack the secret?”

Xu Xiaoshou did not know what to do.

However, it seemed that he only needed to think of this method to crack the secret of this voice?

Xu Xiaoshou’s intuition was telling him that it was best to stop now. Otherwise, he would not be able to bear the consequences.

However, his rationality also told him that this white fire seed seemed to be nurtured with a life force. If he ignored it, the consequences in the future would be even more terrifying!

“Let’s try...”

Xu Xiaoshou wanted to cry, but no tears came out.

He was counting on the time.

As expected, when the ten minutes were up, the call appeared on time.

“Om...”

Xu Xiaoshou was quick-witted and immediately sent out a strand of spiritual sense to attach it.

“Chi!”

The sound of burning could be heard.

However, this time, Xu Xiaoshou endured the pain that came from his consciousness. He seemed to have seen a certain scene in the 0.1 milliseconds before his spiritual senses were burned.

“What is it?”

He tried his best to recall the scene he saw just now.

However, it was too fast and too blurry.

Other than some white light spots, there was also a crack-like existence. It was difficult for him to see anything else.

“Let’s try again?”

Xu Xiaoshou could not say anything.

However, if he did not see this thing clearly tonight, he probably would not dare to sleep and cultivate.

Therefore...

“Chi!”

“Chi!”

“Chi...”

Finally, after dozens of attempts and accumulating experience and images bit by bit, Xu Xiaoshou managed to see these things clearly.

A map!

Xu Xiaoshou was actually able to vaguely see traces of white skeletons among those white dots of light.

In other words, this was a map of the White Cave!

And that crack he saw earlier was really a dimensional crack.

That “om” call was transmitted from that dimensional crack!

“This is interesting.”

Xu Xiaoshou weakly stood in front of the white seed.

From the looks of it, this seed meant that he had to find that dimensional crack based on the map he saw before he could continue his next move?

Only then would he be able to find the answer?

Only then would he be able to find that wretched Saint?

“What kind of joke is this!”

Xu Xiaoshou was slapped to pieces by this thought.

Forget about looking for it.

Just this dimensional crack alone, he had no interest in going there at all!

That Saint, that iron chain...

Just thinking about it made him feel that something was wrong!

Even if he had taken the other party’s famed sword.

But taking something did not mean that he had to do something!

“What bullshit call, what dimensional crack, what Saint...”

“Why are you looking for me?”

Xu Xiaoshou was exhausted.

His original intention was just to enter the White Cave and choose a treasure ground to earn some passive points!

How could he be involved in such a big matter everywhere?

There was also the Fourth Sword that had yet to be found!

“Wait!”

Thinking of the treasure ground and the Fourth Sword, Xu Xiaoshou suddenly had an idea.

This map hidden between the white fire seed seemed to exist only for the convenience of finding this dimensional crack.

However, the supreme power contained within it could instantly reflect the entire White Cave's terrain.

As such...

"What a treasure!"

Xu Xiaoshou was suddenly excited!

It was true that he did not have to use this map to find the dimensional crack.

However, as long as he was stuck on the timing, he would be able to remember the other treasures within the map.

Didn't this mean that he could completely control the resources of the entire White Cave?

"This..."

Xu Xiaoshou was overwhelmed with emotions.

He made a prompt decision and once again stuck on the timing. He listened to the "om" sound, and at the cost of sacrificing his spiritual senses, he stole the divine secrets and peered at the fleeting map of the White Cave.

As expected, as long as his attention was not attracted by the location of the dimensional crack.

Once it was placed in another place, it would become even more obvious.

"It's doable!"

Xu Xiaoshou almost slapped his thigh. After realizing that this was Yuan Mansion and that his spiritual senses did not have a thigh, he suddenly conjured a thigh and slapped it to pieces.

2

"Find the current location first!"

The location where the Flame Python was born was too easy to find.

That huge pit should be extremely eye-catching even on such a small map.

Moreover, this map was a map that could zoom in at any location.

"Om..."

"Om..."

After only two attempts, Xu Xiaoshou found that black dot.

When they came into contact again, he focused his attention and saw that it was completely shorter than the surrounding terrain.

"It's indeed here!"

After seeing it clearly, Xu Xiaoshou was stunned.

Then, his eyes shone with disbelief.

Because this time, not only did he see the location of this pit, but he also saw an extremely eye-catching fiery red light dot not far from the map.

That burning aura, which seemed to be able to be directly smelled by clicking and magnifying, had appeared again and again along with nightmares.

It was simply too familiar!

“Infernal Fire Seed?”

“No!”

“It’s Advanced Infernal Fire Seed!”

Chapter 473: The Famed Sword of Ultimate Unity

“Little Yu, we’re Rich!”

Xu Xiaoshou’s eyes suddenly opened, frightening Yu Zhiwen, who was hugging her knees and sizing up the youth in front of her.

Her body trembled, and even the spiritual sword with the skewer of roasted meat in her hand directly flew into the sky.

“Shoo!”

Xu Xiaoshou’s eyes were sharp and his hands were quick. A spirit thread shot out from his wrist and pulled the spiritual sword into his hand.

“What, what’s wrong?”

Yu Zhiwen’s pretty face was burning. Her eyes blinked and she spoke incoherently.

She felt like a child who had done something wrong had been discovered. She felt like she was sitting on pins and needles in this narrow cave.

“We’re rich!”

Xu Xiaoshou cried out excitedly again.

He would not go so far as to reveal the entire map that he had found in the white bead while he was in Yuan Mansion. However, at this moment, he really needed someone to share his happiness with.

Once he grasped this map, he would be able to go anywhere in the White Cave.

As long as he avoided the place where the Fourth Sword was being fought over by tens of thousands of people and took advantage of the time when those guys were frantically searching for the final treasure, he would secretly take the resources from other places.

In total, would it not be better than taking out the Fourth Sword that would only bring him disaster?

With a “slash”, Xu Xiaoshou bit into the meat on the spiritual sword. He clicked his tongue and swallowed it in large mouthfuls.

“Not bad, Little Yu. Your roasted meat is not worse than mine.”

Yu Zhiwen stared blankly at the spot where Xu Xiaoshou bit down.

That large bite directly covered the marks that she had just bitten off.

“This is mine...”

She protested silently in her heart.

However, she did not know why Xu Xiaoshou was so excited all of a sudden.

It was as if this fellow had shouted his way into this cave from the beginning because he was preparing for this moment of excitement.

“Has he made a breakthrough?”

Yu Zhiwen guessed.

“Not really, but he must have solved a big secret.”

Xu Xiaoshou quickly swallowed the meat in his hands and said, “Rest for a while. We’ll set off tomorrow morning. I’ll bring you to loot the treasure!”

“Treasure?”

“Yes.”

Xu Xiaoshou nodded. “Apart from the Fourth Sword, we can do anything...”

Yu Zhiwen’s eyebrows twitched.

She didn’t know what had happened to Xu Xiaoshou, but from the looks of it, could it be that he had really cracked the ultimate secret of the White Cave?

But she was always beside him.

Apart from the birth of the famed sword Flame Python, there were no other special circumstances!

“Other than the Fourth Sword?”

She repeated.

Xu Xiaoshou’s hand that was holding the spiritual sword suddenly paused and asked with doubt, “Right, could it be that your target is also that Fourth Sword?”

“Yes.”

Yu Zhiwen nodded inexplicably.

She should not have responded directly, but facing Xu Xiaoshou's direct question, she actually did not have the slightest intention of lying or changing the topic.

"I see..."

Xu Xiaoshou fell silent.

He knew that the girl in front of him was not simple.

Perhaps without the Fourth Sword, he would not even have the chance to see Yu Zhiwen.

However, no matter how determined Little Yu's goal was, knowing that Elder Sang must have other hidden plans and that Xu Xiaoshou had already obtained the Flame Python, she had no intention of stepping into that muddy water.

With a click, he picked up the famous Flame Python that he had casually placed beside him, and slowly stroked the blade of the sword.

The sword was extremely hot in his hand. If he did not have the body of a Master, and an ordinary spiritual cultivator touched it like this without using any spiritual source to cover their palm, they would undoubtedly be burned by it.

The bonfire crackled and burned, and the scene instantly quieted down.

"You don't want to go?"

Yu Zhiwen was extremely smart. How could she not see through Xu Xiaoshou's thoughts?

"It's not like that..."

Xu Xiaoshou hesitated for a moment.

As a legendary sword that was even more famous than the famed sword and was one of the five great chaotic divine instruments, it was not something that could be trusted.

If any swordsman said that he did not have any thoughts, then they could not be trusted.

However, this matter was just like that. Sometimes, it was very normal for people to have evil intentions and not have the courage to do so.

"Do you know how many people want to snatch the Fourth Sword from this White Cave?"

Xu Xiaoshou asked.

Yu Zhiwen blinked her eyes and nodded her head. "Apart from you?"

How did these words become "apart from me"!

It's not that I don't dare.

I just don't like it, that's all!

"Then what do you think is the probability of you getting the Fourth Sword?" Xu Xiaoshou went straight to the point.

This time, Yu Zhiwen also fell silent.

After a long time, she said, "Indeed, it's not much."

Xu Xiaoshou nodded with a smile, showing an expression that showed that his girl could still be taught.

In the end, when he wanted to persuade this girl to give up the idea and wander the world with him, he heard the other side add,

"It's only 70%."

"Huh?"

Xu Xiaoshou was immediately shocked and opened his mouth.

70%?

That wasn't much?!

"You came prepared?" he asked in surprise.

Yu Zhiwen covered her mouth and smiled, "I came all the way here, how could I not be prepared?"

"That's true."

Xu Xiaoshou looked at this girl up and down with a strange gaze.

He could not tell how could this girl be so confident when she looked so weak.

"You should have seen the two swordsmen earlier."

"I'm sure you've experienced their strength before. Just like that, there's still 70% left?"

Xu Xiaoshou's face was full of disbelief.

"Yeah."

Yu Zhiwen nodded. "It's because of the two of them that I'm down to 70%."

Xu Xiaoshou was speechless and he did not know what to say for a moment.

This made him feel like an underachiever communicating with a straight-A student.

This...

How could it be solved?

It was unsolvable!

Yu Zhiwen's pretty face was filled with smiles.

It was as if seeing Xu Xiaoshou in such a defeated state really made her happy.

This sharp-tongued fellow would also have such a day!

As expected, when dealing with him, he couldn't be as humble as when dealing with ordinary people.

He had to be more arrogant than him to be able to suppress him!

Hmm?

Suppress?

Why should he suppress him...

Yu Zhiwen was suddenly stunned.

She realized that unknowingly, she actually had a competitive mentality that had never appeared in the past.

This was completely out of her expectations.

Her master had once said that it was impossible to reach the peak of the world without the desire to fight for it.

However, in the past, she was good at everything except fighting for it.

This kind of non-fighting, which her master called "The mud can not support the wall," was also one of the reasons why she had to wear a veil even when she went out.

Not doing anything, not being outstanding, not attracting attention.

This was precisely the expression of Yu Zhiwen's desire to be willing to be ordinary.

However, when she faced Xu Xiaoshou, it seemed that many of her emotions were starting to change.

"Fight for it..."

Yu Zhiwen's eyes were smiling.

She did not know what kind of emotion this was, but to be able to choke Xu Xiaoshou was already a happy emotion.

"70% probability..."

Xu Xiaoshou muttered.

He did not know what Yu Zhiwen was thinking.

On the contrary, this 70% probability aroused his other thoughts.

When the famed sword was born, this lady did not even have any thoughts and directly gave it to him.

Such a magnanimous person, he probably needed to return the favor, right?

"If there's a 70% probability if you have this thing, how much can it increase?"

As Xu Xiaoshou spoke, he took out the Black Scabbard.

He did not want to take the risk after obtaining the Fourth Sword.

However, the girl in front of him did not seem to be afraid at all.

Since that was the case, why not go with the flow and let her obtain the Fourth Sword?

At the same time, he wanted to see what this girl would encounter in the future and how to resolve it?

After all, the other party had a large faction backing her.

He was very afraid of something, so maybe Yu Zhiwen didn't care about it at all.

"Fourth Sword's scabbard?"

Yu Zhiwen looked at the black scabbard in Xu Xiaoshou's hand and said in surprise, "You want to give it to me?"

This gift could be said to be very valuable.

As the Eighth Sword Deity in the past...

"What are you thinking about!"

Xu Xiaoshou rudely interrupted the girl's imagination and impatiently inserted the spiritual sword with a meat skewer in front of her. Then he said, "I'm just taking it out to ask about the probability. Don't think too much."

As he spoke, he pulled out hidden bitterness and placed it beside the Flame Python.

"If I gave you this scabbard. What would my Hidden Bitterness wear?"

"Doesn't it need to wear pants?"

Hidden Bitterness felt the aura of the famed sword beside him. It was as if someone had pulled out the quilt and thrown it onto the snow in the middle of winter, and it immediately wilted.

Xu Xiaoshou glared at him and pointed with her finger. "Look, it's only been pulled out for a short while, and it's already bent from the cold."

She looked at the person and sword in front of her and was speechless for a moment.

"Stingy."

She muttered under her breath. She didn't expect Xu Xiaoshou's ears to be so sharp that he directly intercepted.

"Stingy?"

"How am I stingy?"

"I've already planned to lend you the scabbard to obtain the Fourth Sword. How am I stingy?"

"This is helping, helping each other out!"

Xu Xiaoshou's tone became agitated.

"How is this helping each other out?"

Yu Zhiwen lifted her chin slightly, and the flames reflected the twinkling stars in her eyes. She immediately refuted, "I've already given you a famed sword, and you're only 'lending' me a scabbard?"

She deliberately emphasized the word 'lend', and her eyes revealed a crafty look. She just wanted to see Xu Xiaoshou being suppressed by her once again.

However, Xu Xiaoshou did not show any falsehood at all.

"I already have the actual process of 'borrowing'. You gave the sword to me. That's very reasonable, isn't it?"

"Why don't you think about it? When the Flame Python was born, you just watched me take down the famed sword."

"Now that the Fourth Sword hasn't been born yet, I already have the idea of 'lending' the Black Scabbard."

"When you get the sword, will my efforts be just a little bit more than yours?"

Xu Xiaoshou was slapped by two palms. "Tell me, do you think this is the case?"

Yu Zhiwen was immediately stuck.

This...

Why did it seem like what he said?

"Sigh."

Xu Xiaoshou was once again discouraged and sat helplessly at the side of the bonfire.

"Is this what a woman is like? Women always think that their efforts are a little more than others."

"Sigh, sad, tearful eyes."

"I..." Yu Zhiwen was immediately angered.

Putting aside the fact that what you said was unreasonable, even if you were right, what does it have to do with us girls?

How could you say it all in one sentence and then finish them all in one go?

"I'm not talking to you anymore."

She was so angry that she stood up. Looking at Xu Xiaoshou who was wiping his tears, she stomped her feet and walked out of the cave.

"Darn it."

"Cursed, Passive Points, +1."

"Hey, where are you going?"

Xu Xiaoshou was amused by the girl's reaction. Seeing that she was about to leave, he stopped crying, stood up, and called out to her.

“Going to sleep!”

Yu Zhiwen didn't even turn her head.

“You're going out to sleep?”

Xu Xiaoshou was amused. “Are you mad, Miss? You should head inside if you're going to sleep!”

Yu Zhiwen stopped in her tracks and looked back hatefully. “I like to sleep outside. What can you do about it?”

“What the heck...”

Xu Xiaoshou couldn't stop her. He looked at Yu Zhiwen as she walked out of the cave in a huff. Listening to her purposefully stomping footsteps, he felt that it was too cute.

“Sleeping outside is good too. Then I won't disturb you? Be careful.”

He shouted and walked towards the big bed that he had built earlier. He sighed and smiled, “That's great. I like sleeping inside...”

The footsteps suddenly stopped.

“Cursed. Passive Points, +1.”

“Missed. Passive Points, +1.”

...

The next day.

Actually, it wasn't counted as the next day.

It was just that Xu Xiaoshou was half asleep when Yu Zhiwen woke him up.

As expected, this lady wasn't a person who could sleep well outside.

After taking advantage of him deeply asleep, she actually ran back to the cave and started practicing her sword!

Xu Xiaoshou was immediately shocked beyond words.

“Why are you practicing in such a small cave?”

He asked, but the reply he got was a hateful one, “I like it. Why do you care?”

So Xu Xiaoshou didn't say anything else.

Of course, there were benefits to not being able to sleep.

Lying on the bed in the middle of the night and enjoying the sword dance of such a beautiful woman, although there was always the risk of being stabbed, Xu Xiaoshou was a Master, so he wasn't afraid.

As a result, he held his chin and watched for a long time. Then, he added, “What a beautiful dance.” With a red face, Yu Zhiwen was defeated.

In the end, he still gave up the grass bed in the cave. He built a mound on the outside and fell asleep.

He woke up in a dream and traveled through the night.

When they set off again, they were already quite a distance away from the place where the White Cave Flame Python was born.

“Shh.”

“Lower your voice.”

It was still the familiar small mound.

Xu Xiaoshou led Yu Zhiwen and squatted behind them. They looked at the rows of huge White Skeletons in front of them. Some sat, some stood, some lay, and some bent.

Compared to the two groups that they had seen earlier.

The strength of the group of White Skeletons in front of them was even greater.

Not only did they have terrifying huge weapons in their hands, but even their bodies were also surrounded by a pale-white flame.

“White Skeletons at the master level?”

Xu Xiaoshou narrowed his eyes as he watched. He could vaguely see the bone structure of these white bone giants that had completely changed.

“Infernal Fire Seed!”

Without a doubt, these people’s minds were no longer filled with fire-type energy liquids that could explode.

Instead, they were compressed and formed into an Infernal Fire Seed that had turned into an energy core.

Under the constant burning of this flame, the group of White Skeletons in front of them were at the Master level!

“Tsk tsk.”

Xu Xiaoshou could not imagine that such rare Masters would appear in this White Cave.

These fellows had definitely never cultivated the Infernal Heavens before.

If that was the case, they would only be able to achieve a qualitative change after several years of painful burning.

“Let’s forget about the qualitative change.”

“The qualitative change has been completed. These guys are still living in groups, and they are also living in groups with the White Skeletons who are also at the Master level...”

Xu Xiaoshou felt that it was difficult to hold on.

This time, he did not have the confidence to go up and challenge them one by one.

Fortunately, these guys were not as crafty as spiritual cultivators.

Otherwise, if this thing continued to reproduce, the world would end!

“There’s 36 of them.”

Yu Zhiwen carefully counted and then said, “What do you want to do?”

“Dig for treasures!”

Xu Xiaoshou said matter-of-factly.

In Yu Zhiwen’s eyes, this was only the existence of 36 White Skeletons, but in his eyes, it was 36 Infernal Fire Seeds!

At that time, three Infernal Fire Seeds directly allowed him to transform into an Innate Level Physique and dominate the entire Tiansang Spirit Palace.

This meant that the terrifying energy within the Infernal Fire Seed alone was enough to suppress most of the fire-type treasures in the world.

If he didn’t take it, how could it fit his reputation of being plucked by wild geese?

“How do I take it?”

Yu Zhiwen said in distress. She suddenly stretched out her hand and lightly knocked on Xu Xiaoshou’s arm. Feeling the rebounding force, she exclaimed, “They are all Masters, right?”

“They are Masters, but they are not as strong as me.”

“But we are outnumbered.”

“I don’t plan to keep running...”

Xu Xiaoshou rolled his eyes in annoyance and slowly pulled out his new partner, the famed sword Flame Python.

“In a fight, you need to rely on your intelligence.”

“You need to figure out what is restraining you first!”

He used his finger to point at Yu Zhiwen’s forehead and pushed her away. Only then did he stand up straight and added, “Also, don’t touch me carelessly, you’ll kill someone.”

Yu Zhiwen’s face burned when she was touched by Xu Xiaoshou’s sudden touch. Her heart was in a mess.

It was only now that she realized that she didn’t have much distance from the person she had just met.

They were actually so close!

“What do you mean by that... will you die if I touch you?”

She said subconsciously. When she saw Xu Xiaoshou fly up, she advised him worriedly, "Be careful."

Xu Xiaoshou nodded.

Looking at the group of White Skeletons below, who did not seem to have noticed him, he was slightly stunned.

"Are your eyes burned blind..."

He mocked in his heart and then shouted,

"Hey! Evildoer, die!"

The group of white bone giants heard this and raised their heads.

"Roar!"

In an instant, a furious roar resounded through the sky. It almost blew up the small mound where Yu Zhiwen was hiding.

Xu Xiaoshou's eyes steadied as he pointed at the body of the sword. He could feel the burning fire within it, and his fighting spirit surged.

Even if this famed sword recognized its master, it was forced by that wretched Saint.

Therefore, subconsciously, Xu Xiaoshou found it difficult to sense the hidden spiritual quality of this sword.

But even so.

To recognize a master was to recognize a master.

Once this sword was pulled out, once the sword will resonated...

Its most direct battle desire feedback could be transmitted over in real-time.

"I don't know what you mean either, but since you're with me, then let's fight together!"

"In this world, there are very few things that can truly achieve mutual consent."

"Just like how I originally didn't want to touch you..."

Xu Xiaoshou lowered his head and said solemnly to the Flame Python, "Even if I formed a relationship with you, I would still be the same. I was forced by someone and not willingly."

"But what's the harm?"

As he spoke, he raised his head and faced the sky that had no sun, no stars, and only a thin layer of crimson mist. His eyes suddenly became filled with sword will.

"If you can't see the future of the stars and moon, you can cut it open!"

"Since you've already grasped fate, it's called grasping it!"

He held the sword in his hand horizontally.

Xu Xiaoshou grabbed it with his palm as if he had grasped an unfathomable fate.

Sword will poured in.

At this moment, the Flame Python seemed to have also sensed the hidden heart of its master, a surging will that had never appeared before.

“Weng –”

The rising sword will of the Master in the surroundings suddenly became a little more scorching.

Master swordsman’s concept.

The famed sword returned to its nest!

It was as if the spiritual sense of water and milk had merged together. For the first time, in front of a battle, it directly connected with the tiny barrier between Xu Xiaoshou and the Flame Python that had yet to be broken.

At this moment, Xu Xiaoshou deeply felt the will of the famous Flame Python.

He floated in the void. There was nothing in front of him, but it was as if he had turned into a huge python that was tens of thousands of feet long.

The place where the snake’s eyes were staring was the focus of the death god.

The ambition that was nurtured by his body was the pride of the sword that could not be desecrated and looked down on the world.

“Fight!”

A low shout was heard.

The illusion of the Flame Python in front of him shattered and directly turned into light spots that merged into Xu Xiaoshou’s body.

It jumped down toward the White Cave giant that was charging down with a huge killing weapon.

Xu Xiaoshou raised the famed sword in his hand, and the sword will suddenly disappeared.

The next moment, it was earth-shaking!

“Boom!”

The sword will that surged up into the sky again was completely different from before. There was only a slight burning sensation.

On the contrary, it was as if lava was erupting, and it was enough to melt heaven and earth. Along with the surging sword will, it overturned the White Skeletons that pounced down on the ground, and it even caused this place to explode!

“Man and sword as one...”

Yu Zhiwen muttered in a daze.

Man and sword as one. This was a situation that was very simple to say, but in actual practice, it was extremely complicated.

Not only did it require a swordsman to have the most solid foundation in the way of the sword, but it also required an extremely harsh understanding of the Way of the Heavens as well as the requirements for a sword.

Of course, Yu Zhiwen knew.

With Xu Xiaoshou's realm, if he were to use Hidden Bitterness, he would definitely not be able to achieve man and sword as one. After all, his sword could not keep up.

He could use the famed sword.

Even though he was mentally prepared.

However, when she saw that Xu Xiaoshou had completed the process of becoming one with the sword after sleeping for less than a night with the famed sword, she was still shocked.

"How strong is the understanding of the Way of the Sword?"

"In other words, even will, even the unyielding conceit of the famed sword, Can Xu Xiaoshou assimilate in an instant and become one with himself?"

Yu Zhiwen looked at the young man floating in the air. Just his sword will alone was enough to blow up the White Skeletons below. She was momentarily stunned.

At this moment, she was actually unable to differentiate.

Was it the eccentric person who called Xu Xiaoshou without any restraint in front of others?

Or was it Xu Xiaoshou who stood in front of her with a sword in his hand, looking down at everyone around him?

"Admired. Passive Points, +1."

...

"So strong."

Xu Xiaoshou was not in the mood to look at the message board at all. Naturally, he did not know what kind of messy thoughts the woman behind him had when she looked at him.

He was obsessed with the famed sword Flame Python. Looking at the White Skeleton that had crawled back up, he suddenly felt that he could kill the entire scene with one sword strike.

"Is it an illusion?"

Xu Xiaoshou was in a daze for a while, until the sword will that suppress the bones below dissipated, until the deafening roar of the White Skeletons sounded.

The battle was silent.

"Ci –"

Yu Zhiwen trembled when she heard the sound. She looked at Xu Xiaoshou who had flown to his side at some unknown time and actually began to slowly put his sword back into its scabbard.

This sizzling sound was the strange sound that the Black Scabbard made because it was not suitable for the Flame Python.

“What are you doing?”

“They are flying over!”

Yu Zhiwen pointed at the dozens of White Cave giants that pounced behind him in panic. The figures that blotted out the sky and the terrifying weapons were simply too frightening.

“Them?”

Xu Xiaoshou tilted his head and smiled. “They’re already dead.”

“Huh?”

Yu Zhiwen hugged her head and was about to lie down when she heard dozens of rumbling sounds.

She immediately turned her head and was shocked to see that the 36 White Skeletons that had just pounced in front of her had, at some point, their bodies and heads separated and fell to the ground in pain!

“You...”

Yu Zhiwen stared with her eyes wide open. She could not see clearly when Xu Xiaoshou had struck!

How was this possible?

It was only a famed sword, but to this fellow, the increase in his battle prowess had reached such a height?

Even her star eyes could not see clearly?

Xu Xiaoshou’s action of putting the sword back into its scabbard came to an end.

As if she was performing some kind of ritual, she tilted her head and stared at the ground, allowing the strong wind brought by the White Skeletons’ fall to sweep away her hair.

“Withering Snow of the West Wind.”

As soon as he finished speaking, the hissing sound finally faded away. The sound of the famed sword’s guard knocking against the scabbard was heard.

“Da.”

Yu Zhiwen’s heart was in a mess.

“Peeped, Passive Points, +1.”

Chapter 474: First Exhaust the Energy Reserve, Then Break the Limbs

“Is this the power of the famed sword?”

Xu Xiaoshou sheathed his sword. He was shocked by his battle record.

If it was Hidden Bitterness, no matter how strong his Master Sword Intent was, he would not be able to cut off all the White Skeletons in this place with one strike.

It might even be extremely difficult to cut off one of them with a single strike.

If one were to talk about using sword will, 10 Sections of the Finger Sword might be able to do some damage.

However, if he really wanted to complete this battle, he would have to use the sword cognition of the scruffy-looking man without using his famed sword.

But a Flame Python...

Xu Xiaoshou turned around and stared at the ground below the small mound. The motionless corpse of a White Skeleton after crashing to the ground was so shocking to him that he didn't know what to say.

The "Withering Snow of the West Wind" had only pushed his current sword speed to the limit.

In terms of attack power, it was even weaker than the Blade-draw Technique by dozens of points.

However, with the support of the famed sword, the 36 Master Physique White Skeletons was killed on the spot!

"Too strong!"

At this moment, Xu Xiaoshou could feel why every swordsman yearned for the famed sword so much.

Even the most ordinary swordsman would be strengthened to a terrifying extent by any sword skill as long as they obtained a famed sword, right?

Moreover, Xu Xiaoshou was an original ancient swordsman!

"Time to collect the seeds!"

After being stunned for a moment, Xu Xiaoshou patted Yu Zhiwen's head, who was holding her head and squatting down. Then, he jumped down and started to stab the White Skeletons' head with the Flaming Python one by one.

Sizzle sizzle.

No matter how strong the Master-level White Skeletons were, they could not withstand the sharpness of the famed sword.

Xu Xiaoshou only realized it when he got closer.

There were not only deep sword marks where the heads of these White Skeletons were separated. It was as if they had been corroded by lava and were directly worn out.

"Even the Master Physique of the White Skeletons has such consequences. If this sword was sent into the human body, even with the spiritual source protection, it would not be able to withstand such power, right?"

Xu Xiaoshou watched all of this in shock.

The power of the famed sword had completely exceeded his imagination.

“Bang!”

He casually cut open the skull of a White Bone Giant, and the energy core inside was removed.

As for the obstruction that the famed sword was facing in the skull, under the support of Xu Xiaoshou’s Master Physique, it could be completely ignored.

“It’s really the Infernal Fire Seed...”

Holding the black and red seed in his hand and feeling the familiar power within it, Xu Xiaoshou was a little stunned.

At that time, Elder Sang had given him this thing to eat.

This was definitely not wrong.

Now that his previous deduction had been verified successfully, Xu Xiaoshou was a little confused.

“If I remember correctly, there is indeed no duplication in the extradimensional space, right?”

He turned his head and asked Yu Zhiwen.

Yu Zhiwen held the skull of the White Bone Giant with both hands. Without any movement, a crack appeared on the top of the skull, and the Infernal Fire Seed was easily taken out.

This scene caused Xu Xiaoshou’s eyes to light up.

“Indeed.”

She turned her head and replied, “Theoretically speaking, there is indeed a duplication in the extradimensional space, but the probability of it appearing is too small. At least up till now, the number of cases where the duplication is discovered is not this high.”

Raising five fingers, Yu Zhiwen shot out the Infernal Fire Seed and asked in return, “What’s wrong?”

“No, it’s not a big deal.”

Xu Xiaoshou accepted the Infernal Fire Seed and fell into deep thought.

Since that was the case, then the Infernal Fire Seed that he had used to cultivate earlier could be forcefully assumed to have been obtained by Elder Sang during the last opening of the White Cave.

But what if he used it again?

How did that old man manage to successfully cultivate the Infernal Heavens?

One had to know that without the Infernal Fire Seed, this technique was simply a decoration!

“There’s something strange...”

After thinking for a long time, Xu Xiaoshou could only come to this conclusion in the end.

After all, with his current limited knowledge of the extradimensional space, there was no way he could get an accurate result.

Or perhaps, Elder Sang had his unique method to obtain the Infernal Fire Seed?

Perhaps there wasn't a single extradimensional space in this world, but what if there were White Skeletons that possessed the Infernal Fire Seed?

Xu Xiaoshou shook his head.

No matter how much he didn't believe it, he could only think about it and console himself.

"I hope so."

...

Thirty-six Infernal Fire Seeds and thirty-six heavy weapons were quickly separated by the Flame Python and the Divine Secret.

Xu Xiaoshou saw that Little Yu had also put in some effort and wanted to share some of the results of the battle.

However, after asking once and being rejected, he did not hold back.

He kept them all in his bag!

"Have a taste?"

After keeping the other things away, Xu Xiaoshou left an Infernal Fire Seed in his palm. He looked hesitant.

At that time, the damage that this thing had caused him was still lingering in his heart.

However, he never expected that after a short while, he would actually have the idea of taking the initiative to try and eat one.

"Are people that low..."

He sighed helplessly. At this moment, Xu Xiaoshou completely understood.

Perhaps when he reached the level of Elder Sang, he would no longer care about such things.

Perhaps in the future, when he took in disciples, he would also develop his cruel and reckless methods?

"Sigh, people can't evolve in the direction they hate."

With a smile, Xu Xiaoshou no longer hesitated and swallowed the Infernal Fire Seed in his hand.

"This!"

Yu Zhiwen was so scared that her eyelashes trembled. "This can be eaten?"

When she held it in her hand just now, she could already feel the terrifying burning energy within it.

When this thing was used to conduct alchemy, people would find it too violent and uncontrollable.

How did Xu Xiaoshou...

Swallow it in one bite?

“Suspected, Passive Points, +1.”

A warm current flowed from his mouth into his stomach. Xu Xiaoshou smacked his lips and said with a smile, “It’s edible and it’s quite sweet. Try it?”

As he said that, he took out another one.

Yu Zhiwen was so scared that she took a step back.

She looked at Xu Xiaoshou’s expression as if she was looking at a monster.

“Are you... are you okay?”

Xu Xiaoshou shook his head gently.

Feeling the warm current flowing into his energy reserve, he began to transfer the breathing technique.

With a breath, the energy of the Infernal Fire Seed was turned into a burning power. He directly exhaled through his nose and mouth, causing the space to distort.

With another breath, the terrifying burning energy was directly absorbed into his energy reserve.

The spiritual source in his entire body surged, and the scorching heat was pushed aside. Yu Zhiwen, who was standing close to him, felt as if her body was about to start burning.

She hurriedly used her spiritual source to protect her body.

However, Xu Xiaoshou, on the other hand, exhaled and inhaled. Other than the spiritual source in his energy reserve rising by a large margin, there was nothing unusual.

“It’s over?”

Yu Zhiwen’s star eyes were filled with shock.

“It’s over.”

Xu Xiaoshou nodded calmly.

He glanced at the information pane.

“Attacked, Passive Points, +1.”

“Attacked, Passive Points, +1.”

There was nothing else.

There were only these two pieces of information.

And this popped up when he was converting his energy.

In other words, once he reached the Master Physique, the Infernal Fire Seed alone would no longer be able to harm him.

Even if he placed it above his energy reserve, it would not accumulate any passive points with every second brought about by the burning.

The only things that could turn into real damage were the two moments of exhaling and inhaling.

Xu Xiaoshou sighed deeply.

He had expected such an outcome.

However, when his guess came true, he still found it hard to believe.

“I’ve become stronger...”

This was a clear and visible feeling.

It was just like how one could see fish and prawns in front of a clear pond. One could also see tiny wiggling tadpoles.

He was certain that he had become stronger without any modification!

When he thought about how he had been tormented by this thing until he was dead, Xu Xiaoshou suddenly felt a sense of sorrow that things had remained the same but people had changed.

People always grew up under pressure.

The pain that he had felt during that time might have to be recalled after some time.

Those things were nothing.

When such insights surged into his heart, Xu Xiaoshou felt that at this moment, he seemed to have truly seen life, the Way of the Heavens, and the path of life’s growth.

There were some frustrations and setbacks. Perhaps they were just stepping stones sent by the heavens.

Those steps should have allowed you to take a step up. If you were serious and stuck there, you wouldn’t be able to get out. That meant that your life was nothing more than that.

“If you skip this heaven, will there be a heaven beyond the heavens?”

Xu Xiaoshou raised his head.

He thought of Elder Sang when he became his apprentice.

At that time, he said that there were many heavens in the world, and they were like dolls.

At that time, he didn’t believe it.

After leaving the Spirit Palace and seeing the outside world, Xu Xiaoshou believed it a little.

The summary of the old man’s life was never believed by the young people, but it had its logic.

Even in life...

Wasn't the so-called growth the same?

After breaking through the layers of barriers, Xu Xiaoshou suddenly looked back and saw that the world had changed.

"I have it when I was born, when I am here, I have nothing."

Xu Xiaoshou smiled in relief.

"So that's how it is."

When these words were spoken, his energy reserve surged. In an instant, violent winds and big waves crashed against the shore, creating loud booms.

The golden light that was bestowed by Heaven turned into a wisp of emptiness and directly scattered throughout the energy reserve, melting the barrier that suppressed the Origin Court's cultivation.

"Buzz!"

The Flame Python lightly trembled, and the sound of a sword reverberated for miles.

The surprise in Yu Zhiwen's eyes grew even more.

"He broke through?"

Wasn't this comprehension that corresponded with the Way of the Heavens, a state of epiphany that only appeared when one broke through a sub-level?

"Yes."

Xu Xiaoshou sensed his energy reserve.

Compared to the Origin Court level, the current capacity of his energy reserve was more than double!

This was sensational.

Xu Xiaoshou knew that to others, the physical body formed the energy reserve, and the energy reserve formed the cultivation level.

Therefore, even if he broke through to a sub-level, his energy reserve could at most increase by half, which was already the limit.

However, because he had a Master Physique, the current capacity of his energy reserve was even comparable to some ordinary Upper Spiritual Level cultivators!

"Occupied Void."

"A mountain that doesn't look like a mountain... such a state?"

Xu Xiaoshou finally understood.

From Acquired level to Innate level, he had to open the Yuan Mansion in his Purple Mansion.

It could be said that this was only the threshold to come into contact with the Way of the Heavens.

However, from the Origin Court to Occupied Void, he had to comprehend the Way of the Heavens every time he made a breakthrough.

He thought that if he didn't use it, once his cultivation reached a certain level, he would naturally be able to achieve it.

However, he didn't expect that by a stroke of luck, the Way of the Heavens would bestow him with an opportunity. He didn't even need to collide with his cultivation level, but instead went with the flow and arrived at Occupied Void's level.

"This should be considered the most complete breakthrough."

Xu Xiaoshou was extremely satisfied.

It was precisely because of this breakthrough that he was able to confirm that his foundation of the spiritual source was absolutely solid to the extreme.

Otherwise, he wouldn't have directly stepped into this state without even needing to borrow the external power of elixirs.

"Voidness State."

Yu Zhiwen couldn't see Xu Xiaoshou's specific state, but she could feel this familiar path energy and softly mentioned the cultivation level of the young man in front of her.

"Why does your Voidness State feel so strong?"

"I'm afraid that even the Upper Spiritual Level can't beat you, right?"

She said uncertainly.

Xu Xiaoshou was amused. "You make it sound like if I don't breakthrough, I'll be defeated in the Upper Spiritual Level."

Darn it!

This guy, he doesn't stop at all!

"Cursed, Passive Points, +1."

"Want one?"

Xu Xiaoshou pinched the Infernal Fire Seed in his hand and said seductively, "You've seen it too. This thing's effect is very good. I reached the Voidness State directly."

"Try it now. Maybe you could even break through to the Master Stage in an instant."

"And the taste is really sweet. It's very fragrant. Can you smell it?"

He moved closer.

Yu Zhiwen immediately moved away as if she was avoiding a god of plague.

“Do you think I’m stupid?”

“I do not have the Master Physique. How can I possibly eat this thing?”

Her beautiful eyes turned angry.

“But it’s sweet!”

With a swoosh, Xu Xiaoshou appeared directly behind Yu Zhiwen.

Before the other party could react, a hand had already pinched the Fire Seed and brought it to the tip of her nose.

“Chi chi!”

Yu Zhiwen was startled by the burning sensation of the spiritual source.

She looked at the dense space path energy in front of her and realized that Xu Xiaoshou had used teleportation!

She had seen this move before.

At the entrance of the small town in the Eighth Palace, Xu Xiaoshou had used this type of teleportation to avoid everyone’s attacks.

But at that time, after he had used it, he still looked like he was about to collapse.

How could this breakthrough, and even teleportation, be used so easily?

Was he a monster?

He, Xu Xiaoshou, was merely a non-living creature!

He was only at the Occupied Void state, and teleportation did not consume any energy?

...

“It consumed one-third of my energy.”

Xu Xiaoshou probed his energy reserve and was overjoyed.

Not only had his energy reserve doubled in size, but even his quality had also reached another peak with this breakthrough.

Originally, he would be able to empty his energy reserve with just one “take the easy way out”.

But now, he had only used one-third of his spiritual source.

This meant that when he was at his peak condition, with the help of his “full spiritual source”, he could even use teleportation at least three times in a battle, or even four or five times.

This increase in his chances of survival was not just a tiny bit!

Xu Xiaoshou was excited.

If he had the chance to “take the easy way out” three times when he was facing the ghost beast, he would not have ended up trapped in a hopeless situation on all sides.

His life-saving skill has improved again.

It was simply too great!

Xu Xiaoshou was satisfied.

“Glared At, Passive Points, +1.”

The information window popped up.

Xu Xiaoshou came back to his senses and saw the girl in front of him looking back at him viciously.

“Why are you looking at me?”

“What do you think!”

“Oh, do you want me to feed you?”

Xu Xiaoshou had a look of realization on his face. He grabbed the Infernal Fire Seed as if he was about to feed it to Yu Zhiwen’s red lips.

“You!”

Yu Zhiwen’s pretty face instantly turned red.

“You’re shameless!”

She leaped away and instantly pulled a large distance away from Xu Xiaoshou.

“Insulted. Passive Points, +1.”

Xu Xiaoshou was in high spirits and decided not to lower himself to this girl’s level. He would let her off this time.

“Since you don’t want to eat it I’ll eat it.”

Like eating candy, he casually threw the Infernal Fire Seed into his mouth.

Xu Xiaoshou bit down, and the incomparably hard Infernal Fire Seed seemed to have been cut by a sword. It immediately split into energy and turned into a warm current that seeped into his heart and spleen.

“Sharp?”

Suddenly thinking of this passive skill, Xu Xiaoshou was somewhat surprised.

A Master Physique could only squish this thing, but he didn’t expect that his teeth would actually have a sharp effect as well, directly cutting open the Infernal Fire Seed.

“This is good stuff. If it’s developed well, it’ll be a fatal blow that can’t be defended against!”

Xu Xiaoshou felt as if his mind had been opened.

Yu Zhiwen wanted to continue scolding him.

When she saw that the young man opposite her was a pervert who could even treat the White Skeleton's energy core as candy, she immediately lost her temper.

"Monster!"

She grumbled in a low voice and decided to reluctantly let go of Xu Xiaoshou's rudeness.

"Alright, I won't tease you anymore."

"You don't even want a gift from me, seriously."

Xu Xiaoshou clapped his hands. He felt that the Infernal Fire Seed could not help him advance from the initial stage to the intermediate stage of the Occupied Void, so he gave up on the idea of advancing to the next stage.

It was better to be steady in one's cultivation.

Even if he had "concealed" his cultivation, and others would not be able to see it. He understood the principle of biting off more than he could chew.

"Let's go."

"Where are we going?"

Yu Zhiwen looked at Xu Xiaoshou as he turned around. She hesitated for a moment before asking.

"Of course, we're going to find... a big treasure!"

Xu Xiaoshou chuckled.

Since the Infernal Fire Seed could not satisfy his needs, he could only continue to search for the Advanced Infernal Fire Seed.

After all, the location of the Advanced Infernal Fire Seed that he saw on the map should not be too far away from here.

Otherwise, it would be impossible for so many Master level White Skeletons to appear here.

"Big treasure..."

Yu Zhiwen repeated in a low voice.

Looking at the pile of White Skeleton corpses on the ground, she suddenly felt that this White Cave was not as dangerous as outsiders said.

She felt like she was just a bystander when she teamed up with Xu Xiaoshou.

Even if she encountered a Master level White Skeleton that required a lot of preparation in the intelligence report, she still felt like a tourist.

Before she could blink her eyes, the battle had already ended.

This...

Who would believe this?!

Looking at the young man who had flown far away, her heart was moved once more.

Xu Xiaoshou was too strong.

The Occupied Void!

To be able to achieve the Occupied Void that most Master level experts couldn't, he was still able to do it so easily.

What kind of talent did he have to achieve such a feat. He was like a beautiful unpolished jade!

Even if she were to bring out the youths from the main hall of the Holy Divine Palace, they would probably have to possess all kinds of spiritual physiques and sacred physiques which could barely compete against this fellow?

"The Holy Divine Palace needs such a talent."

Yu Zhiwen thought to herself and nodded. "I must pull him over!"

"Mm."

She raised her head. "Wait for me."

...

"This is the White Cave?"

Two figures suddenly jumped out of the void rift.

One was an old man, and the other was a beautiful woman.

"Old Mou, are you sure that kid is hiding here?"

Zhang Duoyu had a plump body and a charming figure, but her face was slightly distorted because she was gnashing her teeth.

"He took eighteen White Cave quotas, but he didn't sell them. He must have come here."

Zhang Zhongmou's face was also a bit gloomy. "There's no doubt about that."

Looking at the familiar, scorching world around them, the two of them fell silent at the same time.

Zhang Taiying had died.

And he had been killed by the City Lord Mansion in the name of a ghost beast.

If news of this spread to the Zhang Mansion, who knew what kind of turmoil it would cause.

If it weren't for the message sent by the old Master of the Zhang Mansion, the two Sovereigns might have been sent to the prison of the City Lord Mansion or died on the spot.

However, even if they managed to escape...

Thinking back to the sunrise that night, it should have been the time for the Zhang family to prosper.

However, a Red Coat suddenly descended from the sky, along with countless City Guards from the City Lord Mansion.

As a result, all hope was lost.

Under the morning sun, the Zhang family was stained with blood.

They could only watch as their family members died, were injured, and were banned.

However, under the Red Coat, Zhang Zhongmou and Zhang Duoyu didn't dare to show their faces.

In fact, they were even discovered by that Red Coat and were almost killed on the spot.

After spending countless treasures to escape, the two of them already knew about it.

The Zhang family was gone.

The Zhang family, which had been in business for dozens of years, suffered a setback and was directly branded as a ghost beast, implicating the entire family.

How unfortunate was this?

How could things have turned out like this?

The two Sovereigns of the Zhang family, who couldn't believe it at all, had secretly investigated the incident at the City Lord Mansion that night and basically understood everything.

The Red Coat had sealed the matter of the ghost beast.

However, after Zhang Taiying's death that night, Xu Xiaoshou returned with several Sovereigns behind him, and the incident of the infernal explosion at the City Lord Mansion...

No matter how hard they tried to hide it, they couldn't.

Others did not believe that Zhang Taiying was killed by Xu Xiaoshou.

Neither did the two Zhang's.

However, no matter how much they did not believe it, this was the only source of everything!

The City Lord Mansion could not have attacked the Zhang family for no reason, and they could not prevent Zhang Taiying from sending out any messages at all.

Then...

Was it possible for Xu Xiaoshou?

It was impossible!

However, no matter how impossible it was, everything had happened!

There was nothing much to say.

Once the person involved looked for him and asked, he understood everything.

“That brat, where is he?”

Zhang Duoyu’s tone was filled with deep hatred.

“Don’t be anxious.”

“If things are going in the worst direction that we can think of, then Xu Xiaoshou must be faking it. He is the real ghost beast.”

“If that’s the case, in such a situation, facing him is nothing more than sending yourself to your death.”

“So, calm down.”

Zhang Zhongmou’s eyes were as sharp as a falcon’s, but even so, his train of thought was still extremely clear.

“As long as he enters the White Cave, everything will be easy

“If he dares to stay here, the person who is protecting him in the dark must be here, too

“After all, Xu Xiaoshou has so many exquisite stones in his possession. If he secretly sends in a Sovereign Level Physique, he will be able to do it without anyone knowing.”

“Therefore, as long as we can find the aura of the Sacrificial Carving, we will be able to lock on to Xu Xiaoshou’s position

“Remember!”

Zhang Zhongmou suddenly turned around and stared at Zhang Duoyu. He said solemnly,

“The battle will be over in a split second. As long as we find the person, we will show no mercy.”

“Exhaust his energy reserve first, followed by breaking his limbs and we will keep him alive.”

“With the combat ability of us two Sovereigns, even if the Sovereign Level Physique appears again, I don’t think they would have thought that we would resort to sneak attacks.”

“During a battle, we must be quick; we must strike ruthlessly!”

Chapter 475: I’m Talking to Little Yu, Why Are You Interrupting?

“We’re almost there.”

The temperature in the White Cave became hotter as the two of them moved forward.

Yu Zhiwen followed behind Xu Xiaoshou curiously.

Even though she didn’t know what the destination in front of them was, just by feeling the temperature rise, she knew that there was definitely a treasure ahead.

It might be an extraordinary fire-type treasure that even she would be moved by.

But the problem was that everyone knew nothing about it.

In fact, Xu Xiaoshou knew even less than she did.

But how could this guy keep moving towards a goal and then be certain that there was a treasure ahead?

It was fine if he was certain, but throughout the journey, Yu Zhiwen didn't even notice that Xu Xiaoshou had made any mistakes.

All the places he passed by, big or small, had treasures, and all of them were taken by this guy.

"Does he have the treasure map of the White Cave?"

Yu Zhiwen thought of Xu Xiaoshou's words after he went into seclusion. "Little Yu, we're rich." Maybe this guy had some special means to crack something like the treasure map of the White Cave?

"There's someone."

Just as she was thinking, Xu Xiaoshou, who was walking in front, suddenly paused. Then, with great familiarity, he turned his hand back and pressed the head of the absent-minded person behind him.

She sheepishly withdrew her foot, took a step back, and squatted down. She looked at the young man in front of her with a puzzled look, as if wondering if he had eyes behind his back.

Xu Xiaoshou shook his head and sighed.

"Why do people who are following behind always get distracted?"

"This is a White Cave. If you're not careful, you'll die!"

Yu Zhiwen secretly rolled her eyes. "Aren't you leading in front?"

With you guiding the way, who would have the energy to explore the dangers!

Along the way, it was like a tour. Apart from seeing the scenery, there was no enthusiasm at all and naturally, people's vigilance would drop significantly.

How was this my fault?

It's definitely your fault, Xu Xiaoshou!

"Criticized, Passive Points, +1."

"Criticized, Passive Points, +1."

Xu Xiaoshou couldn't be bothered to argue with this girl. He squatted down as well, and the two of them hid under a huge fiery red maple tree.

This tree was extremely tall and wide. It was obvious that the temperature of the White Cave was very suitable for its growth.

Thus, even if the two of them hid behind the tree, there was still a large amount of space for them to move about.

After walking out of the wilderness, they passed by a place where not a single blade of grass grew. With such an abrupt bush standing here, it was likely that their destination was right in front of them.

Xu Xiaoshou looked over.

“Flaming Maple Tree, fire attribute, seventh-grade spirit tree. It grows in front of fire attribute treasures. It is resistant to high temperatures and has a bitter taste. It can dispel the stench of spirit and flesh. However, if you eat too much of it, you will be poisoned by fire.”

As his gaze swept past the large forest in front of him, information naturally surfaced.

Xu Xiaoshou was slightly surprised.

Seventh-grade spirit tree!

Along the way, he had seen very few spiritual herbs. It was precisely because the White Cave environment was not suitable for most spiritual herbs to grow.

However, the Flaming Maple Tree seemed to have been born because of such high temperatures.

In this place where even his Master Physique could feel the heat, it was actually the place where the spirit tree grew vigorously. Amazing!

“With so many seventh-grade spirit trees surrounding it, it means that there must be even higher grade fire-type spirit herbs and even fire-type treasures in the central area ahead.”

As Yu Zhiwen spoke, she glanced at Xu Xiaoshou and asked with puzzlement, “How did you find this place?”

“Fire-type!”

Xu Xiaoshou chuckled, “I’m more sensitive to these kinds of treasures.”

“Then what about the ones I encountered before?”

Yu Zhiwen chased after him relentlessly. “It’s not like you’ll deliberately take a detour all the way here and encounter any treasures, right?”

“How do you know it’s not?”

Xu Xiaoshou spread out his hands. “Lady luck is on my side. What can I do?”

Forget it.

If this guy didn’t want to talk about it, then forget it!

“Cursed, Passive Points, +1.”

“Hide well.”

Xu Xiaoshou pressed down on the lady before him. Seeing that she was about to make a move, he suddenly grabbed the other party and leaped into the lush foliage above him.

“Divine Array!”

With a low voice, Yu Zhiwen's eyes flickered and she subconsciously shifted her gaze in a certain direction. She also knew that someone was approaching.

With a wave of her hand, the leaves faintly moved, completely covering the two of them and merging into this world.

"Darn it!"

Not long after, a cursing voice came from below.

Xu Xiaoshou's "Perception" was put down.

He saw five miserable figures fleeing from below. Three men and two women. They were all young people.

The strength of this team was not bad. There was one man, and one woman at the Master Stage. They were at the end of the team.

The other three were at the Upper Spiritual Level.

From their tattered clothes, they didn't seem to be from the same Spirit Palace or the same aristocratic family. Instead, they seemed to be a temporary squad.

They were similar to Little Yu and Xiaoshou.

"If nothing unexpected happens, the 'Spirit Fusion Swamp' should be ahead. But that spiritual array is too terrifying. It almost burned my entire body to ashes."

The person who spoke was the Innate Stage man who was running at the front.

He had a square face, and his eyebrows were already gone. He was only left with a small patch of hair.

As he spoke, he had already walked to the area below where Xu Xiaoshou and Yu Zhiwen were hiding, and then he stopped.

The other people also stopped their footsteps, panting slightly. They held onto the big tree, and their chests started to rise and fall violently.

"Our team is lacking a Spirit Array Caster. Otherwise, as long as we crack that place, all the treasures inside will definitely be ours."

"After all, looking at the traces there, we should be the first to arrive."

"That's right." The first to regain his senses was the man at the Master Stage.

Unlike the other people who were in a sorry state, he was the only one who had kept his clothes intact.

Even his face did not have any scorched marks, unlike the others. Instead, he looked rather elegant.

He glanced at the man and woman who were panting the most in front of him and said sternly, "Chen Chen, Xu Jing, I've already said that the fire-type spiritual array is not simple. Don't try it easily."

"You refused to listen. Now that something has happened, it's up to me and Qing-er to finish it."

Chen Chen's expression was a little timid as he hurriedly said, "Brother Luo, we couldn't hold it in for a while..."

"Forget it."

Luo Yupo waved his hand and shook his head. "I don't really mind. It's just that..."

He paused for a moment and looked at the woman who was wearing a light yellow dress. However, a small part of the dress had been burnt off, and it was difficult for her to cover her body. He said gently, "Qing-er, are you alright?"

No matter how gentle his tone was, no matter how hard he tried to control his gaze, he could not help, and his eyes rolled down to the exposed area after he finish his sentence.

Qu Qing-er covered her chest and her expression turned cold.

"I'm fine. You guys turn around first. I'm going to change my clothes."

The person called Chen Chen also glanced at her secretly. He was about to speak when Xu Jing pinched his ear.

"What are you looking at? Turn around. Sister Qing-er was injured to save you. How dare you peek at her?"

"I'll beat you to death!"

As she spoke, she slapped Chen Chen and pulled his ear, and walked out, avoiding her gaze.

Qu Qing-er turned her head to look at Luo Yupo, who also turned his back in embarrassment.

The other man, who was shorter and taciturn, also turned his head and walked away.

Qu Qing-er let out a sigh of relief and began to search for a change of clothes from her ring.

These people were indeed her temporary teammates.

Even though the Plenty Gold Company had branches in various places and had more or less obtained some White Cave quotas in various counties, her luck was not very good.

Once she entered the White Cave, her communication jade scroll became ineffective.

Even the extra communication means she had prepared were damaged in a sudden White Skeleton sneak attack.

As a result, she couldn't find any of her people along the way.

Only a few people who were willing to team up with her along the way were able to accompany her.

At the start, it was still fine. She only got to know Du Cheng, who was a man of few words. Later on, she met Chen Chen and Xu Jing. The four-man team was doing quite well.

However, after Luo Yupo arrived, the situation became a little difficult to control.

As both of them were at the Heavenly Image State after Luo Yupu demanded to join the team, a large portion of her commanding authority was divided up.

In addition, this fellow seemed to be harboring malicious intentions.

Anyway, people like him had a certain gaze.

Qu Qing-er indicated that with a single glance, she knew what the other party was thinking.

Even when they encountered danger at the "Spirit Fusion Swamp", she suspected that it was the doing of the person in front of her.

"Spirit Array Caster?"

Qu Qing-er sneered.

Although she wasn't a Spirit Array Caster, she had seen many Spirit Array Casters.

Even if Luo Yupu didn't show any signs of it, she was able to deduce those small habits from his movements.

She didn't point it out because she hadn't found her people yet, it wasn't good for her to fall out with him.

"Rustle!"

After setting up a thin layer of spiritual source barrier, it blocked off the detection of the naked eye and spiritual senses of others.

Qu Qing-er shook her new white dress. After seeing that the four people in front of her didn't show any abnormalities, she released her hand that was covering her chest and was about to tear off the tattered clothes on her body.

"Swish swish!"

Suddenly, a few abrupt sounds came from above.

Qu Qing-er was shocked and hurriedly raised her eyes to look.

However, other than the maple leaves, there was nothing else.

"Was that the sound of the wind..."

She hesitated for a moment, turned around, with her back against the big tree, and her hands reached her chest again, wanting to tear off the clothes on her body again.

"Swish swish!"

The sound of the wind blowing on the leaves suddenly sounded from above.

This time, Qu Qing-er could not stay still.

"Who is it?"

She shouted softly and threw her hand toward the crown of the tree. A stream of spiritual power shot out directly.

“Charge!”

However, the spiritual power only took away a large string of maple leaves and created a small gap, but no one noticed it.

“Qing-er?”

Luo Yupo’s slightly anxious voice came from the front, “Are you done changing?”

As he said this, he seemed to be worried and was about to rush over.

Qu Qing-er looked at the crown of the tree that was missing a small gap.

If there was someone there, even if it was a spiritual array, it would be broken out of its original form with one move.

But she clearly heard noises, why was there...

No one?

Was it an illusion...

Qu Qing-er said loudly, “I’m not done yet, wait for me.”

Luo Yupo’s anxious figure paused and turned back hesitantly.

“Oh, oh, okay.”

“If there’s anything you need help with, call me. I’ll be there at any time.”

Qu Qing-er ignored him and silently glanced at the top. Without saying anything, she pulled down half of the hand that was stuck on her chest.

As expected.

“Swish swish!”

The faint sound appeared again.

But this time, it seemed that the person inside the tree crown could not be hidden anymore. After two swooshing sounds, a few “dong dong” sounds were heard. Then, after an “aiya” sound, a figure flew out.

Qu Qing-er looked as if she was facing a great enemy.

She immediately used her spiritual source to protect her dress. Then, she looked at the place where the figure flew out with full vigilance.

“Who is it?”

Who was it that was able to peep from the crown of the tree? After she realized another existence, she sent out a stream of spiritual power. It was as if it didn’t even hit the person?

What kind of move was this?

Space type?

With a bang, the figure landed on the ground and smashed the red maple leaves on the ground.

Qu Qing-er focused her eyes and looked at it. Her expression was even more shocked.

A woman?

The woman had a sullen look on her face. Her red lips were slightly pouted due to her anger, and her eyebrows were slightly raised.

However, even though her expression was not as gentle as usual, even with anger at this moment, she still looked very charming.

Qu Qing-er was already beautiful enough.

When she was in the Tiansang Prefecture, she was already listed as one of the two golden flowers in the Tiansang City along with the Little Princess of the City Lord Mansion.

But even so, the moment she saw the woman in front of her, she felt ashamed.

Especially that pair of star eyes.

Just by looking at it with the naked eye, she almost fell for it.

“You are...”

Beauty had no sin before.

Even though she was angry because of being peeked at just now when she saw the fairy who fell from the sky, Qu Qing-er’s anger had mostly subsided. She asked softly, afraid that she would be rude to the beauty.

Yu Zhiwen did not respond.

She looked angrily toward the crown of the Flaming Maple Tree and scolded, “Xu Xiaoshou, get down here!”

Qu Qing-er was stunned.

Xu Xiaoshou?

Which Xu Xiaoshou?

Was it that Xu Xiaoshou?

That’s not right!

Qu Qing-er was stunned and looked in the direction where the woman’s finger was pointing.

There was someone else in the tree crown?

She abruptly turned her head to look, but she could not see anything.

“Suspected, Passive Points, +1.”

But in the next second, a calm voice drifted down from the treetop where there was no one.

“Little Yu, this is your fault, alright? I already said don’t peep at others, but you continued. I can’t take it anymore that’s why I kicked you down. This is for your own good. Think about it!”

Yu Zhiwen froze on the spot.

This...

Who was the one who was desperately looking down just now that he almost fell?

If it wasn’t for her quick reflexes and pulling him down, he would have been exposed long ago!

“You’re talking nonsense!”

Yu Zhiwen was so angry that smoke was coming out of her seven orifices.

“Reprimanded. Passive Points, +1.”

“I’m talking nonsense?”

The voice from the tree crown sounded again. The voice was colder, and one could tell that the person was very righteous. “When your eyeballs were about to fall off, wasn’t I the one who pulled you back?”

“If that’s the case, then forget it. Aren’t you going to repent?”

“Even if I cover your eyes, do you still want to see?”

“Don’t think that just because you’re a woman and of the same sex, you can do such rude things. As long as I’m here, the world will always be fair!”

These dignified words made Yu Zhiwen so angry that she almost jumped up and knocked Xu Xiaoshou’s head.

She panted heavily and realized that she was definitely no match for Xu Xiaoshou just by bickering.

She simply waved her hand and retracted the Divine Array at the tree crown, exposing it together.

However, the Divine Array disappeared, but the person above still did not reveal himself.

Yu Zhiwen widened her eyes and shockingly saw the clearly revolving array pattern at the crown of the tree. This time, she was truly angered.

“Cursed, Passive Points, +1.”

“Missed, Passive Points, +1.”

That faint voice drifted down again.

“Little Yu, have you realized your mistake?”

“We are waiting here for an opportunity, for a treasure.”

“If the heavens give us something, we must take it. Everything should follow the will of the heavens.”

“We are standing in the heavens and the Earth, and we should act in an upright manner. Such trivial matters are really not visible to the public.”

“Have you learned your lesson today?”

“Cursed, Passive Points, +2”

The two of them looked at each other silently, as if they could see the helplessness and understanding in each other’s eyes.

Sometimes, no matter how strange a person was, they could tell what kind of person the other was just by looking at each other.

Things like temperament might seem mysterious, but the interaction of the soul level and mutual attraction might depend on this level.

“Who is playing tricks? Get down here!”

A few people who were outside rushed over when they heard the sound.

Luo Yupu looked at the swaying tree crown and saw the spirit array above with a glance. He immediately shouted.

“Qing-er, are you alright?”

After shouting, he turned his head and looked at the lady beside him. His gaze shifted downwards.

“I’m fine.”

Qu Qing-er’s gaze was cold. She turned around and walked away and she went behind Yu Zhiwen.

“You should change your clothes first. We will deal with this shameless person together later!”

Yu Zhiwen softly said to the lady behind her. With a wave of her hand, a Divine Array hid the other party.

This time around, Luo Yupu turned his head around in shock.

This was because, after this Divine Array, he looked over with his naked eye. The figure and aura of the ladies had disappeared.

“What kind of array is this?”

“This lady is also a Spiritual Array Caster...”

Luo Yupu, who had barely moved his gaze away from the spot where Qu Qing-er had disappeared, was unable to shift his eyes away.

Where did this fairy come from?

She had ice-like skin and jade bones, and her pretty face was bashful.

She was like a flower bud that had just sprouted in the early morning, soft yet timid.

However, when she was angry, she was like a stubborn new green under the rain and frost. Not only was her temperament moving, but it also made people feel pity for her, and hate what she hated.

Luo Yupo was astounded.

There was actually such a good-looking person in this world?

Without mentioning anything else, just looking at that pair of star eyes made people feel as if they had fallen into a river of stars.

The river was deep and the stars were moving, unable to extricate themselves.

The scene fell silent for a moment.

Obviously, the three people behind Luo Yupo had also noticed the existence of Yu Zhiwen.

They were also momentarily stunned by her beauty.

But hearing the words just now, this woman in front of him was actually someone who preferred the same sex?

Chen Chen's heart was tormented!

There were very few good-looking women in this world.

Why did they have to prefer the same gender while others do not have a chance?

"Pa!" His head hurt.

Chen Chen looked over and saw Xu Jing glaring at him. "What are you looking at?!"

"No, no, I'm not looking. I'm just listening..."

Chen Chen was so scared that he shrunk his head. His gaze immediately fell on the tree crown. His eyes darted around, but he said righteously, "That person, come down!"

Pa!

"Close your eyes!"

"Okay."

...

Luo Yupo retracted his gaze. Just as he was about to go forward and exchange a few words, Qu Qing-er, who was in the Divine Array, had already changed her clothes and walked out.

This time, he was in a dilemma. After struggling for a while, he turned around without leaving a trace and came to Qu Qing-er's side.

"How is it? These two people..."

Qu Qing-er did not reply but looked at the tree crown.

"Come out."

Yu Zhiwen paused for a moment. When he saw that Qu Qing-er was already on the same side as her, she immediately looked over.

“Come out.”

At this time, Luo Yupo knew what he should do.

“Brother, peeping at others changing their clothes is indeed a shameful thing. But now, all of us are here. If you don’t come out, I think it’s impossible.”

He paused and looked up. His eyes were cold, and the spiritual source in his body began to surge.

“Come down!”

There was no response.

Even though the few of them shouted, there was no response except for the rustling sound of leaves blowing past.

Chen Chen was puzzled. He turned to look at the person beside him. “Is there really someone up there?”

Xu Jing patted his head. “Are you dumb? That voice just now came from above.”

“But, there’s no one here...”

“Are you dumb? Didn’t you just experience a spiritual array just now? This is a spiritual array technique!”

“But, I didn’t even see the spirit array pattern clearly...”

“Hu!”

“What?” Chen Chen shrunk his neck in fear, thinking that Xu Jing was going to hit him again.

Who knew that after the other party sighed, his aura could no longer rise.

“I didn’t see it clearly either...”

“Suspected, Passive Points, +4.”

...

Luo Yupo stared at the spirit veins on the tree crown in shock. They were disappearing bit by bit, and it seemed to have turned into the Stealth technique of the lady from before.

He couldn’t even see the spirit veins anymore.

At this moment, he felt that he had met an opponent.

He had never even seen the techniques used by these two Spirit Array Casters before.

Forget about seeing them, he had never even heard of them before!

“Who is the person above? Can you come down and speak?”

Luo Yupo’s tone became a little more normal.

Who knew that there was still no response from the other party. This time, he suddenly felt as if he was being ignored.

“Speak!”

He shouted furiously, but there was still no response.

The wind and sand blew, and the situation became extremely awkward.

Xu Jing pressed on Chen Chen’s head and avoided looking at Luo Yupo.

But even so, Luo Yupo’s face began to burn.

The thought of being ignored in front of the two beauties made him furious.

“Whoa!”

His spiritual source was startled, and he was about to strike out with his palm.

Due to the timing, no one showed up above, but the voice finally appeared again.

“Little Yu, stop fooling around. We’re leaving.”

Luo Yupo was stunned and turned to look at Yu Zhiwen.

Only then did the group realize that if nothing went wrong, this fairy-like woman should be in cahoots with the people at the top of the tree.

Yu Zhiwen immediately felt their hostility.

However, when she thought about how she was thrown out because she covered Xu Xiaoshou’s eyes, her anger was still burning.

“You come down first,” she said angrily.

“Why should I go down? Let them take a look and then leave? Is there a need for that?” Xu Xiaoshou was refuted.

“Yes.”

“Yes? Are you crazy? It’s unnecessary.”

“You’re the one who’s crazy!”

Little Yu said angrily, “I wasn’t the one who’s peeking, it was clearly...”

“Was it me?”

Xu Xiaoshou interrupted, “Alright, I was the one who was peeking. I admit it, alright? Can we leave now?”

“Cursed, Passive Points, +1.”

Luo Yupo couldn’t take it anymore.

This person in the tree crown was simply too unreasonable.

How could he speak to a fairy in such a manner?

He pushed out his palm, and a spiritual source shot out through the air. "You brat, get lost first..."

"Bang."

Who knew that a golden beam of light would surge from above and directly pass through the spiritual source palm, instantly piercing into Luo Yupo's chest.

It stopped and exploded.

"Boom –"

The golden beam of light that was instantly pushed away sent everyone on the scene flying back.

Luo Yupo, who was closest to it, was completely caught off guard and was directly blown away.

"You..."

He struggled to stop his body in the air, but Luo Yupo only felt his blood energy churning in his body, unable to exert any strength at all.

"You what?"

The lazy voice of the man in the tree crown rang out again. Finally, he met Luo Yupo face-to-face. "I'm talking to Little Yu. You're a sanctimonious person. Why are you interrupting?"

Chapter 476: No

"You're shameless, you stole..."

Luo Yupo had just regained his mobility and was barely able to speak.

Who knew that the crown of the tree would once again emit a golden light.

At this moment, he was so frightened that his scalp went numb.

He didn't know what this ghostly golden dot was, but the explosive power contained within was simply unimaginable.

Even though he was at the Heavenly Image State and had a body full of protective spiritual sources, as long as he was touched, he would still be overturned without a doubt.

With a swoosh, Luo Yupo stopped speaking and wanted to dodge.

But this golden dot was too fast!

A black line streaked through the air. Even though he was prepared this time, Luo Yupo barely managed to dodge, with his back brushed against the golden dot.

However, the golden dot seemed to have eyes. When it flew behind him, it suddenly stopped moving.

This time, everyone could not help but feel their hearts clench.

Chen Chen felt a chill on his back. He grabbed Xu Jing's hand and squatted down while covering his ears.

As expected.

"Boom!"

An explosion rang out. A deep hole was blasted open in the small forest once again.

"Pu!"

Luo Yupo could no longer suppress the injuries in his body.

It was only a single exchange, but two golden points.

He actually felt as if he had been heavily injured.

But even the enemy's face had not been clearly seen.

How could he endure this in front of the two fairies?

"Ahhhhh –"

His heart was so irritable that he was going crazy. However, after he bent down and smashed the ground, Luo Yupo's face was completely convinced.

"Brother, why don't you come down first? We can have a proper talk."

"Cough cough, pfft!"

He panted heavily, but in the end, he could not hold it in and spat out another mouthful of blood.

The small forest was so quiet that one could hear a pin drop.

Yu Zhiwen looked sideways at the man on the ground. She did not know why Xu Xiaoshou had chosen to hurt him.

But since this guy had made a move, there must be a reason.

Even if he didn't have a reason...

She couldn't stop him.

Qu Qing-er also looked on coldly.

As for Luo Yupo, even if they were in the same team, she had already tried to use such attacks many times in secret.

On the other hand, the man in the tree crown.

Just now, she heard the woman's words...

"Xu Xiaoshou?"

"If it's really Xu Xiaoshou, then I shouldn't be able to do anything, right?"

She thought about the powerful existence of the City Lord Mansion who was like a god descending from heaven, suppressing all the geniuses in Tiansang Prefecture, and finally obtaining the eighteen quotas.

Qu Qing-er expressed that if the person in the tree crown was really the Xu Xiaoshou she knew.

Luo Yupo's ending at this moment could be considered to be very good.

"Cursed, Passive Points, +1."

"Criticized, Passive Points, +1."

"Resented, Passive Points, +1."

The message window was filled with a large number of negative emotions. Xu Xiaoshou came down from the tree crown with no expression.

He was not an arrogant person who liked to take the initiative to hurt others.

Most of the time, he would wait until others came knocking on his door before he was forced to make a move and kill them.

The reason he took the initiative to make a move today was partly because of Qu Qing-er.

He wasn't very familiar with this woman, and he had only met her a few times in the City Lord Mansion.

However, he was short-handed when it came to judging others... yes, short-sighted.

After all, they could be considered acquaintances.

It was also good for him to help her out in case she was cheated.

On the other hand, it was because Xu Xiaoshou had heard the words of the team below from the tree.

A spiritual array hurt someone?

Ha!

In his eyes, the faint spiritual veins around Luo Yupo's body could not be hidden from his "Perception".

This fellow was a Spirit Array Caster, and he actually caused his team to be injured by a spiritual array?

It was fine if they were injured.

After being injured, he had the cheek to say things like "Our team is still lacking a Spirit Array Caster."

Such a person, if placed in the team, would be a disaster.

If Qu Qing-er followed him around in a daze, she would probably die without knowing how.

Of course, the two of them didn't have a close relationship.

Xu Xiaoshou couldn't stand this kind of person, and he didn't even have the thought of bringing along a burden named Qu.

After teaching him a lesson and venting the justice in his heart, he wanted to leave immediately.

“Little Yu, let’s go.”

He took out the black robe from his ring, put on the straw hat, and flew away.

Qu Qing-er and the others were still looking down when they saw a black robe with leaves on it at the crown of the tree. Without turning back, it flew forward.

Yu Zhiwen was stunned.

She wanted to call Xu Xiaoshou down to reason with him.

But the other party did not follow common sense at all. Should she follow or not?

She shot a glance at the crowd around her.

No matter how many people there were, these people whom she had never met before weren’t the only ones whom Xu Xiaoshou and Yu Zhiwen looked down on...

As she took a step forward, she suddenly heard Qu Qing-er’s voice beside her.

“Xu Xiaoshou!”

“Called, Passive Points, + 1.”

Xu Xiaoshou’s footsteps came to a halt.

“Little Yu, why aren’t you leaving yet? You must be so happy that you don’t want to leave anymore!”

Yu Zhiwen had no choice but to follow him.

This guy must have realized that he didn’t want to team up with anyone else, so he decided to strike at the root of the problem!

Darn it...

“Criticized, Passive Points, +1.”

“Xu Xiaoshou, I know it’s you. We’ve met before, at the City Lord Mansion.”

Qu Qing-er didn’t hesitate and continued to call out, “It was a misunderstanding just now. We can have a good talk.”

Xu Xiaoshou remained unmoved.

Yu Zhiwen had no choice but to fly away.

Luo Yupo was recuperating at the back. He was very well-behaved. This time, he did not dare to interrupt.

Who cared about this Xu Xiaoshou.

It was better that they left.

Hurry up and go to the “Spirit Fusion Swamp” to die!

“Cursed, Passive Points, +1.”

After Yu Zhiwen caught up with him, Xu Xiaoshou flew away without turning his head back.

He didn't even have the slightest intention of talking to her.

Qu Qing-er had an idea. She grabbed the figure that was leaving and shouted, “I have a business deal for you...”

“Knock.”

Xu Xiaoshou stopped Yu Zhiwen's head with the back of his hand to prevent her from bumping into him.

Then, under the beautiful woman's resentful gaze, he slowly turned around.

“What business do you want to do?”

Qu Qing-er's heart skipped a beat. So this was the plan?

“Come down first. then we will talk about it.”

Xu Xiaoshou was unmoved. “I'm not interested in a deal that's less than 100 million.”

Chen Chen looked at the person in the distance with a dumbfounded expression. Then, he turned around to look at Xu Jing in shock.

“This person must be crazy. What 100 million? 200 million? I've never seen such an arrogant person before.”

“This is the White Cave. Does he think that everyone is here to spread their wealth?”

Xu Jing nodded solemnly as well.

To be honest, she did not know why Sister Qing-er called out to this person.

She clearly looked like she was in trouble. How could she stay?

“Suspected, Passive Points, +5.”

...

“Don't worry, it's definitely worth it.”

After Qu Qing-er patted her chest to assure him, Xu Xiaoshou finally flew back without any hesitation.

“How do we trade?”

Getting straight to the point.

Xu Xiaoshou did not plan to waste any time.

“Two transactions.”

Qu Qing-er smiled as she raised her finger and said, “First of all, I'm very interested in your exquisite stone. How much do you have left? I can buy all of it.”

“Exquisite stones...”

When Xu Xiaoshou heard that, he knew that the other party was testing his identity.

However, he did not intend to keep his identity a secret.

In other words, he only wanted to keep it a secret from the people of the Spirit Palace because he did not want to join their team.

As for the others, it was up to fate. There was no need to force it.

“If you include Old Du’s three exquisite stones and the three sold at the teleportation portal, I should have ten left.”

Xu Xiaoshou thought for a moment and asked, “Do you know how much an exquisite stone is? Can you afford it?”

“How much are you offering?”

Qu Qing-er’s smile was still there, and there was no trace of it on her face.

Xu Xiaoshou hesitated for a moment and said, “I won’t cheat you. The market price of the exquisite stone is 50 million each. I’ll sell it to you at a fair price. How about it?”

“Darn!”

Chen Chen couldn’t help and cursed from behind.

50 million?

Even if he didn’t know the market price, he knew that this amount was definitely used to cheat people.

If this exquisite stone was worth 50 million, he could find any person after he came in and sell it for 45 million. Wouldn’t that be a huge profit?

Anyway, he didn’t plan to take a big risk.

There wasn’t much difference between having and not having this exquisite stone.

Qu Qing-er’s smile froze as well.

“50 million?”

“How many do you have?”

She didn’t refuse immediately but chose to wait and see.

Xu Xiaoshou realized that this girl might not know the market price of the exquisite stone.

Because he remembered that when he auctioned the exquisite stones at the teleportation portal, it was already the last period.

At that time, there were basically no more Spirit Palaces or the younger generation of the family forces entering or leaving the teleportation portal.

So, she could accept this price?

“Six.”

As Xu Xiaoshou said this, he directly took out more than half of the inventory in the ring.

The exquisite stones were a good thing.

He planned to keep the surplus for a rainy day.

But even if he didn't take out all of them, the sudden appearance of six stones still caused the people behind him to be a little stunned.

“It's really six exquisite stones?”

“Oh my God, where did this guy come from? Could it be that he specifically robbed those noblemen in the White Cave?”

Chen Chen was shocked. He grabbed Xu Jing and walked away, silently taking a few steps back.

“Cough cough.”

Luo Yupo's aura, which had been adjusted, suddenly changed.

He also looked at Xu Xiaoshou with a shocked expression.

Six exquisite stones.

That was one more than his entire Luo family's White Cave quota.

How did this guy gather all of them?

“Suspected, Passive Points, +4.”

Qu Qing-er's eyebrows twitched.

Unlike the others, she was actually a little confused about the six stones in front of her.

Logically speaking, Xu Xiaoshou had taken eighteen exquisite stones.

She had asked around for a long time, but she had never heard that this guy had any intention of selling them.

Now that they had entered the White Cave, the price of exquisite stones had plummeted. If she wanted to buy them, he should have taken all of them out.

What, only six?

“Only this amount?”

She asked doubtfully.

Xu Xiaoshou nodded and said without hesitation, “Six stones, that's 300 million. Tell me first, do you have money?”

A few hissing sounds came from behind the stage.

Chen Chen looked at the two of them talking about a business worth several hundred million as if it was nothing. For a moment, he felt like a country bumpkin who had never seen the world.

“I have 300 million.”

“But not only do you have a small number of exquisite stones, but the price is also a little higher.”

Qu Qing-er looked at Xu Xiaoshou with a flirtatious smile.

“Then what do you want to do?”

“Reduce the price?”

“Give me a number. If I can accept it, I’ll consider it again.”

To be honest, even if it was 300 million, Xu Xiaoshou still felt a little indifferent at this moment.

In his heart, if he could hold on until the second half of the White Cave when everyone’s exquisite stones were almost used up.

As long as he caught a person who was about to die and handed over a piece of exquisite stone, even if it was 100 million, the other party might also buy it.

However, this would take too long.

Xu Xiaoshou also understood the principle that a delay could lead to change.

When the Red Coat entered the White Cave, who knew what would happen in the end!

It was naturally good to sell this stone first.

If it really couldn’t be sold, then they could earn it back at zero cost.

“I don’t need to reduce the price.”

Qu Qing-er shook her head and suddenly sent a telepathic communication. She whispered, “I can give you 300 million, but at the same time, there is a small condition attached to it.”

“Huh?”

Xu Xiaoshou looked over in confusion.

“I want to join your team.” Qu Qing-er looked serious.

Join the team?

Xu Xiaoshou glanced at Yu Zhiwen, who waited quietly and never disturbed him.

“No.”

He refused flatly.

“Why not?”

Qu Qing-er was puzzled.

“No means no. There is no why.”

“I’ll give you 300 million!”

“That’s the money you made the deal with. It doesn’t count.”

“Then I’ve already made a deal with you for 300 million. You can’t even agree to such a small condition?”

Qu Qing-er paused for a moment and said seriously, “I’m at the Master Stage. I won’t drag you down.”

“You will.”

The conversation abruptly ended.

Qu Qing-er stared at the young man in front of her in shock. Her stomach was full of retorts, and she was immediately choked to death.

She was so angry that she was trembling. She glanced at the lady beside her and said, “She’s only at the Innate Stage too!”

“She’s different from you.” Xu Xiaoshou shook his head.

“How is she different? I’m a Master, and her cultivation level is lower than mine.”

“She’s prettier than you.”

The conversation ended once again.

Qu Qing-er’s felt like her face was punched by a heavy fist, she was livid.

Her stunned gaze moved back and forth between the young man and the woman in front of her. For a moment, she was unable to refute.

“Cursed, Passive Points, +1.”

Calm down.

I need to calm down.

Qu Qing-er heaved a sigh of relief.

She had witnessed Xu Xiaoshou’s sharp tongue in the City Lord Mansion.

At that time, she could watch him rage at the entire scene with a smile as if she was watching a show. She had even thought that it was extremely interesting.

At this moment, she had to face him head-on...

This feeling of being forcefully strangled was simply indescribable!

Finally, she breathed a sigh of relief.

“Xu Xiaoshou, I’m very sincere in discussing business with you. Please don’t...”

“Me too.”

Xu Xiaoshou interrupted, “I’m also very sincere. I’m only talking about business, nothing else which includes small conditions.”

“And...”

He paused for a moment. He felt that his identity had not been exposed yet, so he should not be called by this name.

“My name is not Xu Xiaoshou. It’s Zhou Tianshen.”

“Cursed. Passive Points, +1.”

“Okay, Zhou Tianshen. We are about to complete a business worth 300 million. You won’t even give me this small discount?”

Qu Qing-er said seriously, “You are the seller, and I am the buyer. I am already at a disadvantage.”

Xu Xiaoshou sighed.

“You think you are at a disadvantage, but in fact, you are not.”

“Exquisite stones are easy to sell at the end. And I am selling it to you at a cheap price.”

“Of course, I do not care about this small amount of money, just as I do not care about the 300 million. If you want to buy it, then buy it. If you do not want to buy it, then leave. It is very simple.”

“I’m not short of money at the moment, so the transaction is still a transaction. If you want a discount...”

Xu Xiaoshou thought for a moment and said, “That’s fine too. I’ll sell one stone to you for 45 million. How about it?”

Qu Qing-er was stunned.

It was so easy to bargain?

“Five million less for one piece. Six pieces, that’s 30 million!”

She said in confusion, “30 million, do you know how much it is?”

Xu Xiaoshou looked straight at this girl.

“Small money.”

“Cursed, Passive Points, +1.”

For the first time in her life, she felt speechless. What kind of feeling was that.

Hang in there, Qu Qing-er!

You are the future successor of the Plenty Gold Company. You definitely can not lose to a seller!

However, even if she was trying to persuade the other party to raise the price, Qu Qing-er could not care less.

She really wanted to leave Luo Yupo and leave that team.

Xu Xiaoshou's arrival was a very good springboard.

Of course, she also had her own considerations.

Joining the team seemed to be such a simple matter. Once it was done, she would have the experience of fighting side by side.

A talent like Xu Xiaoshou.

Only then could she be considered to have gotten to know him.

Such potential factors were what she, Qu Qing-er, had truly overlooked!

"Xu... Zhou Tianshen, are you stupid?"

"Taking 30 million more and adding another Master Stage fighter into the team, isn't that a good thing? I don't understand what you're thinking!"

Qu Qing-er's tone was a little angry.

"It's true that you don't know what I'm thinking..."

Xu Xiaoshou thought to himself, I don't consider you as a fighter in my eyes. At most, you're just a burden who can protect yourself.

However, with such hurtful words, he, Xu Xiaoshou, would never say it.

"Let's change the way to say it!"

Xu Xiaoshou deliberated over his words and after a long time, he said, "I'll sell it to you for 30 million, and then we'll trade normally. Is that okay?"

Qu Qing-er was shocked.

"You mean, you want to use 30 million to send me away?"

As soon as he said that, even she felt that something was wrong with the way things were going.

Weren't they all trading?

As the conversation progresses...

It seemed like something had changed?

"If you really want to interpret it that way..." Xu Xiaoshou took a step back. "That's fine too."

Qu Qing-er looked at his feet, and her heart suddenly skipped a few beats.

"Cursed, Passive Points, +1."

“Missed, Passive Points, +1.”

“Okay, I understand what you mean. I accept I understand.”

Qu Qing-er said in a somewhat dejected manner, “An exquisite stone costs 50 million, a total of 300 million. I don’t need your discount, nor do I have any additional conditions. I’ll buy it, I’ll buy it, okay?”

Xu Xiaoshou’s lips quivered a few times, and she said hesitantly, “I don’t seem to be forcing you to buy it. Why do you look so wronged instead?”

At this moment, she wanted to tell Xu Xiaoshou to shut up!

When this fellow spoke, she felt a pain in her liver, kidneys, and all over her body!

“Cursed, Passive Points, +1.”

With a whoosh, the gold card transaction, the six exquisite stones changed owners.

Chen Chen and the others looked at the two in disbelief.

One was willing to be butchered, and the other was willing to butcher.

In the end, the one who butchered the other person even had an innocent expression.

And under the circumstances where he had made things clear, the person who was willing to be butchered still put on an expression of grievance and continued to accept the deal.

“What’s wrong with this world?”

Chen Chen looked back at Xu Jing speechlessly.

Xu Jing was stunned when she saw Qu Qing-er’s golden card.

“300 million... so, Sister Qing-er is so rich?”

Luo Yupo stood at the back, his eyes were terrifyingly dark.

He did have some thoughts about Qu Qing-er.

Now, he could see clearly that she was willing to submit to him, but the other party did not want her.

He could not help but feel a deep sense of anger.

This anger was not directed at Qu Qing-er.

Instead, it was directed at Xu Xiaoshou!

But this fellow...

“What’s the use of being angry?”

Luo Yupo relaxed his clenched fists. He was completely unable to defeat the other party.

“Right!”

A thought flashed through his mind, and his gaze suddenly looked into the distance.

“Spirit Fusion Swamp?”

That’s right!

That place was formed by Heaven and earth. Other people couldn’t control it, but he could.

As long as Xu Xiaoshou dared to take a step into that place, wouldn’t that be his chance?

“But, Spirit Array Caster...”

“Those two are the same...”

Luo Yupo hesitated.

Perhaps, if he really did that, he only had one chance.

If he didn’t succeed...

Look at that fellow’s battle prowess.

If he didn’t succeed, he would die!

“Cursed, Passive Points, +1.”

...

“The transaction is completed.”

Xu Xiaoshou smiled as he took back his card.

Sometimes, earning money is that simple.

With just this card on him, he shouldn’t have to worry about the rest of his life.

Using two days to solve the needs of his life.

Such efficiency was simply too fast!

“You have a second business?”

Xu Xiaoshou’s voice finally had a trace of joy, and he admired this straightforward woman in front of him.

“Not bad.”

Qu Qing-er received the exquisite stone.

She was also a businesswoman, so she naturally knew that these few things in her hands might be of great use in the future.

Xu Xiaoshou was right. Based on the current situation, she seemed to be at a loss.

But looking at the future, she would definitely make a profit!

“The second transaction isn’t about money, but information.”

“What information?”

Qu Qing-er moved slowly when she heard the voice. “I think that Xu... Brother Zhou must have come here because of the ‘Spirit Fusion Swamp’, right?”

“Mm-hm.”

Xu Xiaoshou recalled that this was the second time that he had heard about the “Spirit Fusion Swamp”.

The first time was when he heard those guys talking about it just now.

However, this didn’t stop him from putting on a pretense. “What do you mean?”

“As a famous forbidden ground of the White Cave, the location of the Spirit Fusion Swamp is different every time.

“However, it has been discovered in the past after all. Although it hasn’t been completely excavated, it has still made a lot of money for the pioneers.

“One of the goals of our Plenty Gold Company this time is to develop the ‘Spirit Fusion Swamp’!”

Qu Qing-er said firmly.

“Oh, then why are there so few of you?” Xu Xiaoshou asked.

Was this very important?

Qu Qing-er was furious.

If it wasn’t for the fact that the investigation spiritual weapon was in my hands and the special communication jade scroll was also broken, would I be the only one here?

She chose to avoid Xu Xiaoshou’s words and said,

“Not only is the Spirit Fusion Swamp rich in fire-type spiritual herbs, but rumors also say that there are even special foreign objects.”

“Including the highest guardian within, including the map route, as well as the surrounding Heaven and Earth spirit array...”

“This information...”

Qu Qing-er’s words were a little enticing, “Do you want it?”

Fire-type spiritual herbs, foreign objects?

Xu Xiaoshou was stunned.

To be honest, he was a little moved when he heard the first part.

But what the hell was the second part about?

The highest guardian...

This should be the bearer of the “Advanced Infernal Fire Seed”, the White Skeleton?

The map route...

Wasn't it enough just to have "Perception"?

The Heaven and Earth spiritual array?

Wasn't it enough to have a Little Yu?

However, when he thought about how the other party had generously given him 300 million just now, Xu Xiaoshou felt that he couldn't embarrass her.

Thus, when he decided in his heart, he still hesitated for a full three breaths of time before saying with a serious expression,

"No."

Chapter 477: A Great Death!

Qu Qing-er immediately staggered.

She had never seen such a stubborn person.

It was obviously such an important piece of information about the "Spirit Fusion Swamp". If she did not have the intention of befriending Xu Xiaoshou, she would not have even brought it up.

But even so, the other party still did not appreciate it.

"Are you sure you don't want it?"

Qu Qing-er asked seriously.

Xu Xiaoshou glanced behind him.

To be honest, with his current combat strength, as long as he was not an extraordinary existence, he was not afraid of the entire White Cave.

A mere Advanced Infernal Fire Seed, what was there to be afraid of?

"I don't want it."

After saying these words very straightforwardly, he turned his head and looked around, wanting to call Little Yu to leave.

"You!"

Qu Qing-er was furious.

However, seeing that the two of them were about to leave and she was about to fall back into the mire, she could not help but shout, "Wait!"

Xu Xiaoshou stopped.

"You still have a deal?"

"No, but I can choose to give you this information for free!"

Qu Qing-er swallowed her anger.

Xu Xiaoshou was surprised.

He didn't want this information, but it didn't mean that it wasn't valuable.

The girl in front of him was straightforward.

But when did she become so selfless?

"Don't tell me... you have some additional conditions?" Xu Xiaoshou asked.

"It's not a small condition."

Qu Qing-er calmed herself down and said gently, "I'm not joining your team now, but we can ally."

As she spoke, she pointed at the people behind her.

"Our team will ally with your team."

"With the help of your Spirit Array Caster's strength and my intelligence, I think we can quickly open up the Spirit Fusion Swamp's situation."

"Ally?"

Xu Xiaoshou didn't reply, and the people behind her were surprised.

Chen Chen looked at Qu Qing-er in disbelief, and even Xu Jing was doubtful of Sister Qing-er's decision.

Luo Yupo became even more restless.

He hurriedly stood up from the ground, wanting to refute her.

However, when he caught a glimpse of Yu Zhiwen's pretty face, his voice suddenly stopped.

Alliance?

It doesn't seem bad?

As long as he could activate the Spirit Fusion Swamp's array, that Zhou Tianshen would definitely not be able to withstand it if he was caught off guard.

At that time, as long as he separated the attack range and lost his restraints, the team would fall into his hands sooner or later.

That woman...

"Mm."

Luo Yupo nodded his head and his body froze. He returned to his original position as if he did not hear the conversation between the two of them.

...

"You saw it."

Xu Xiaoshou pointed at the group of people behind Qu Qing-er and said, "Your companions are also shocked by your decision."

"They don't like me, and I don't need your help."

"So, this alliance is meaningless."

After saying that, he took Little Yu's hand and was about to leave.

"Wait."

This time, the one who spoke was actually Yu Zhiwen, who had been silent all this time.

She was the first to break free from Xu Xiaoshou's restraint, and then her pair of starry eyes that were flowing with charm withdrew from the distance as she looked at Qu Qing-er with uncertainty.

"You said that you know about the Spirit Fusion Swamp. Do you know about the existence of the 'Three Days Frozen Calamity'?"

Qu Qing-er was stunned for a moment before she narrowed her eyes.

"Three Days Frozen Calamity?"

She shook her head. "I'm not sure."

Xu Xiaoshou's eyebrows twitched.

He did not even need the information to remind him. His quick-witted eyes immediately saw that Qu Qing-er was lying.

"What's the 'Three Days Frozen Calamity'?"

Turning his head, Xu Xiaoshou asked.

"A type of flame."

Yu Zhiwen explained through telepathic communication, "Legend has it that there is an Ashvattha divine tree that falls upside down in the sky. On the tree, a fire seed can be formed. When the fire seed falls to the ground, it will form the flame of Ashvattha, also known as the heavenly flame."

"The heavenly flame is extraordinary. According to the information I received, when the White Cave has opened a few years ago, a few treasures worthy of praise were born."

"The Three Days Frozen Calamity is one of them."

"What's even more fortunate is that it was only discovered and has yet to be obtained."

Xu Xiaoshou was struck by a thought.

Flame?

The Ashvattha divine tree?

He remembered that in the illusion that accompanied his "Cooking Expert", he had seen a huge ancient tree that appeared out of thin air.

The ancient tree was planted and the fire surged from the split seed.

As a result, he had become proficient with the flame attributes.

If nothing unexpected happened, this Ashvattha divine tree truly existed.

And now...

This kind of absolute power, which usually appeared in the highest form in the illusion, had actually appeared in front of him?

Although this was only a possibility, Xu Xiaoshou suddenly felt that this so-called "Spirit Fusion Swamp" seemed to have a bit more attraction.

"You can choose to team up with her or form an alliance with her."

Yu Zhiwen could see Xu Xiaoshou's interest and immediately advised, "The Plenty Gold Company has the knowledge of the Plenty Gold Company after all. I'm far away and only know about the news. The specific details are definitely not as clear as hers."

Xu Xiaoshou was somewhat hesitant. He glanced at Yu Zhiwen, his eyeballs rolling a few times before his mouth moved again.

"We can form a team."

Yu Zhiwen knew what he wanted to ask. She nodded and said, "If it really is the 'Three Days Frozen Calamity', perhaps our strength alone is not enough to deal with it."

"After all, strictly speaking, this treasure is not inferior to the famed sword at all."

"Perhaps in the eyes of fire-type spiritual cultivators, it is even more precious!"

"Therefore, if it really comes into being, it will inevitably attract the attention of the people in the world."

"If we can get the upper hand first, even if we don't, we have the information and that is still better than nothing."

To be honest, Yu Zhiwen did not have flame attributes, so she would not have paid so much attention to it.

However, Xu Xiaoshou has a flame attribute!

If they really wanted to pull this person into the Holy Divine Palace, if they could help him take down the "Three Days Frozen Calamity", it would definitely be a huge investment!

After saying this, Yu Zhiwen once again put her hands behind her back and fell silent.

She could provide her own opinion, but when it comes to referencing and making choices, that would depend solely on the team leader, Xu Xiaoshou.

...

"How is it?"

Qu Qing-er's eyes were also filled with anticipation.

The information regarding the Three Days Frozen Calamity from the Spirit Fusion Swamp was already considered top-notch.

Let's not talk about whether they would be able to encounter it.

If they did find it, she, who was prepared, might not necessarily lose to Xu Xiaoshou.

Therefore, this alliance was still very important in her eyes.

Xu Xiaoshou swept his gaze over and saw a few guys with different expressions standing not far away.

He no longer hesitated.

He chose to believe in Little Yu.

"I agree."

"Cursed, Passive Points, +3."

"Admired, Passive Points, +1."

"Resented, Passive Points, +3."

"Awesome!"

Qu Qing-er's face instantly bloomed.

However, other than her, the rest of the people in the room had ugly expressions on their faces.

Even Luo Yupu had a gloomy expression on his face at this moment. No one could tell what he was thinking.

Xu Xiaoshou did not care about this.

In his opinion, Qu Qing-er was the only one of value in this team.

As for the rest of them...

As long as they did not cause any trouble at the crucial moment, or even drop the ball, he did not mind at all.

As for Qu Qing-er, she had thrown the original team to the back of her mind.

In fact, she even wished that because of her decision, the rest of them would form their own teams and abandon her.

This way, she could leave with Xu Xiaoshou.

But it was a pity.

Although they didn't like Xu Xiaoshou, Xu Xiaoshou's powerful battle prowess was also clearly seen just now.

In the White Cave.

It didn't matter if his character was difficult, she could just make do with it.

Strength was truly hard to come by!

Even if she had to ride on this guy's coattails, even if she felt bad, she would bear with it first!

It was much better than losing her life in a sudden accident.

"Happy cooperation."

Qu Qing-er reached out her hand and was about to high-five him.

Xu Xiaoshou didn't make a move, but suddenly said, "Cooperation is possible, but I have a few small requests."

"Go ahead."

Qu Qing-er did not let go of her hand. She looked at the person in front of her with a smile.

"First of all, even though we are allies, to prevent accidents from happening, this alliance can only have one person in charge, and that person is me."

Xu Xiaoshou did not give in to Qu Qing-er.

Qu Qing-er nodded her head.

"It's a small matter."

She turned around.

"You guys heard it too? You don't have any objections, right?"

Chen Chen and the rest lowered their heads.

No objections.

How would we dare to have any objections?

"Criticized, Passive Points, +2."

"Do you have any objections?"

Xu Xiaoshou looked at Luo Yupo. He always felt that this was an unstable factor.

Luo Yupo shook his head silently.

At this moment, he did not want to talk to Xu Xiaoshou at all.

A person who was about to die had nothing to say.

"Scorned, Passive Points, +1."

"Very good, no one has any objections. Our alliance is very happy."

Qu Qing-er smiled and ignored her former teammate's expression. She asked, "What's the second condition?"

"There are no more conditions."

Seeing that everyone was so obedient, Xu Xiaoshou did not need to say anything about the series of restrictions that he had prepared beforehand.

"Lead the way."

He paused for a moment and said, "Go to the place where you couldn't rush past before."

Luo Yupo's heart moved. Along with Chen Chen, Xu Jing, and Du Cheng, they followed the team silently.

"Sure."

Qu Qing-er's expression was very excited.

Their team was lacking a Spirit Array Caster, or rather, a Spirit Array Caster who has more self-awareness.

With Xu Xiaoshou and Yu Zhiwen taking over, the strength of this team increased.

"How should I address this sister?"

Qu Qing-er led the way and looked at Yu Zhiwen as they walked.

Luo Yupo interrupted at the right time, "I'm Luo Yupo. May I know your name?"

Obviously, they were already allies. Exchanging names was the most basic form of respect.

"Yu Zhiwen."

"Yu Zhiwen of the Spring River Warm Duck Prophet."

Before Yu Zhiwen could speak, Xu Xiaoshou had already spoken first. "Luo Yupo, right? I got it. Go to the end of the team and cover the rear!"

"Cursed, Passive Points, +1."

He paused and was about to continue speaking when Xu Xiaoshou cut him off. "The safety of our allies is more important. Just now, you said that you agreed to let me be the leader, so now, listen to me first."

"Good boy, go and cover the rear. We need your protection."

Luo Yupo froze.

His mouth twitched twice, but he was speechless.

His body stopped, but the large group was still moving.

This time, there was no need to move. He was directly at the rear of the group.

"Cursed, Passive Points, +1."

...

“Duck Prophet...”

Yu Zhiwen was immersed in Xu Xiaoshou’s introduction and could not extricate herself for a long time.

She pondered for a long time and finally could not help but ask, “Why is it a duck...”

“Don’t you think it’s easy to remember? Once you say it, everyone will understand.”

Xu Xiaoshou looked at Qu Qing-er and said, “Right?”

Qu Qing-er was a little speechless.

Although it was said that this was a completely unrelated creature that had been added to the introduction.

But after Xu Xiaoshou said that, she actually understood what the words “Yu Zhiwen” were made of.

“Magical.”

She laughed and stopped talking nonsense with Xu Xiaoshou. She rushed towards the Spirit Fusion Swamp.

...

The large group flew slowly.

After passing by a large clump of Flaming Maple Tree, they finally stopped in front of the clearing where the small forest was getting hotter and hotter.

“It’s here.”

Qu Qing-er stopped in her tracks.

Xu Xiaoshou glanced at it.

The scorched marks, rotten tree stumps, and tree roots all showed the battle that had happened before.

With just a glance, he could tell that it wasn’t just Qu Qing-er and the others who had come here.

Some of the old battle scars might have been left behind years ago.

He looked further ahead.

In front of the empty land, there was an extremely faint layer of orange-red mist.

An unceasing burning sensation was transmitted from within.

“Spiritual array?”

Xu Xiaoshou glanced at it but was unable to see the spiritual veins here.

However, a faint yet somewhat familiar scent of divine secrets was emitted from within the orange-red mist.

“Divine Array.”

Yu Zhiwen’s eyes flashed with light. It was extremely beautiful, and there was a certain certainty in her words.

“The spiritual array here isn’t man-made. It’s actually created by Heaven and earth?”

“That’s right. There are many arrays created by Heaven and earth in the White Cave. The ‘Thirty-Six Heavens Sealed Array’ is one of them.”

“So...”

“So what?” Xu Xiaoshou asked. “Are there any big differences between arrays created by Heaven and earth and man-made spiritual arrays?”

“Yes.”

Yu Zhiwen tilted her head. “A heaven and earth formation is usually used to protect a heaven and earth treasure.”

“Or to put it another way...”

She deliberated over her words and said, “It’s used to prevent the power of a heaven and earth treasure from destroying the balance of the heavenly axiom in this extradimensional world.”

Xu Xiaoshou’s eyes immediately lit up.

Qu Qing-er, Chen Chen, and the others were also greatly moved when they heard this.

They had met someone who knew what was good for them!

This time, they reckoned that they wouldn’t have to be burnt to a crisp by the Heaven and Earth array!

Perhaps they could even covet the treasure Inside?

Only Luo Yupu managed to squeeze out a fake smile of joy.

“Divine Secret?”

He had vaguely heard this term from the elders in the family.

But to be honest, he was completely at a loss as to what exactly it was.

Even so, this did not prevent him from judging with a single glance that the strength of Yu Zhiwen’s spiritual array was not inferior to his.

If that was the case...

“I’m not afraid!”

Luo Yupu glanced at Xu Xiaoshou, who was still asking all sorts of questions from the corner of his eye.

The strong one was Yu Zhiwen, not this young man.

In that case, he would still be unable to escape from his grasp!

With a slight movement of his fingers behind his back, the little bit of spirit array that he had just comprehended was gradually activated.

“Framed, Passive Points, +1.”

Xu Xiaoshou’s questions suddenly paused. After glancing at the information pane, his expression returned to normal.

A trap?

Had it already begun?

He used his toes to think. He knew that Luo Yupo was already on the move.

Even without using his toes, Luo Yupo’s restless fingers could be clearly seen in the “Perception” screen that had no blind spots.

Even the three spirals on the fingerprint were so conspicuous.

Hide?

Hide my foot!

“Little Yu, it’s up to you now. I only know a little about the Way of Spirit Array. I haven’t even fully grasped the few that you taught me!”

Xu Xiaoshou smiled and patted Yu Zhiwen’s shoulder. “Good luck.”

“Attention, Passive Points, +1.”

Yu Zhiwen gave Xu Xiaoshou a strange look. Without saying anything, she gently drew a line in the air with his delicate hand.

A complicated circle-shaped pattern spread out and evolved from a blazing light to a green color. Finally, it completely merged with the orange-red mist in front of her.

“Dong!”

The star pupil opened.

The mist in front of her seemed to have received guidance. After a slight shake, it began to reveal a faint divine trace of the path.

“I can see it?”

Xu Xiaoshou activated his “Perception” and saw the divine trace of the path that he could only observe when he was comprehending heaven and earth.

He was a little shocked.

The power of the star pupil was not only amplified by its owner, but it could also affect the Order of the Heavens in the outside world?

“No, or rather, this star pupil was originally used to manipulate the Divine Secrets.”

“However, Little Yu is only at the peak of the Innate Stage and has not been able to fully develop the power of this pair of eyes...”

Xu Xiaoshou was suddenly enlightened.

At this moment, his evaluation of Yu Zhiwen had increased by several levels.

This girl was definitely the type that would stabilize first before exploding.

Once her strength increased...

Perhaps, it would be the beginning of her battle prowess!

“This is... an array pattern?”

Luo Yupu was also looking at the spiritual mist in front of him with some surprise.

He was initially confused, but when the faint divine marks were revealed, the answer appeared in parentheses.

Enlightenment!

“What kind of spiritual technique is this?”

At the end of the team, Luo Yupu couldn't see Yu Zhiwen's star eyes at all.

However, he immediately realized that such a spiritual technique was definitely a divine technique among divine skills for a Spirit Array Caster!

“I can't delay.”

Seizing the time, while Yu Zhiwen was comprehending the Divine Secrets of the spiritual mist, she also began to crack more secrets of this array.

The scene fell silent for a moment.

No one dared to disturb Yu Zhiwen.

Everyone knew that as long as her progress did not breakthrough, the team would definitely be shut out by the spiritual mist again.

Qu Qing-er looked around with a slightly bored gaze.

She could see the anticipation and excitement of Chen Chen, Xu Jing, and the others.

She could also see Du Cheng's ice-cold indifference, which was like a transparent person who never moved an iceberg and did not understand his thoughts.

Luo Yupu pretended to look at him with disdain. She could also see the hidden focus on the progress of cracking the spiritual mist.

As for Xu Xiaoshou...

“Good Lord, are you asleep?”

“Suspected. Passive Points, +1.”

Xu Xiaoshou leaned against the tree and closed his eyes.

He seemed to be resting with his eyes closed. However, not only did he know Luo Yupu’s every move clearly but he could also “percept” through the orange-red mist that had been imprinted with the mark of Heaven’s secret!

“So deep.”

Under the coverage of “Perception”, the mist seemed to extend endlessly to an unknown place.

As such, it meant that they still had a few miles to go before they could pass through the fog.

As the “Perception” went through the various dangerous attacks in the fog, Xu Xiaoshou also memorized them one by one.

“Continue forward.”

His body didn’t move, but Xu Xiaoshou’s desire to probe had been completely stimulated by the mist.

What was the thing that was protected by such a dense mist of Divine Secrets?

“Spirit Fusion Swamp...”

After his “Perception” beam gave up on exploring the area, it transformed into an existence that was like a laser beam. It was thicker, longer, and deeper as it probed towards the end.

“It’s broken!”

This probing did not matter. Xu Xiaoshou directly passed through the mist and saw a black and red burnt swamp.

The swamp was extremely large, and there was hot steam rising from it.

It was as if beneath the surface of the earth, there was semi-solidified magma flowing.

Such temperature directly burned Xu Xiaoshou’s soul.

The scene trembled.

Xu Xiaoshou forcefully stabilized himself. He moved his thick and long laser beam and shot it elsewhere.

“Swamp, swamp, or swamp...”

Once his “Perception” was suppressed, the things that could be sent back would become very limited.

Xu Xiaoshou controlled his “Perception” ability with some difficulty.

At this moment, he was sweating profusely.

“White?”

All of a sudden, a white color appeared under the “Perception” vision, directly covering all the swamp images on the ground.

“Such a vast whiteness...”

Xu Xiaoshou was a little surprised. He swept left and right, and very quickly, a white image appeared.

He realized that something was wrong, so he shifted his “Perception” back and looked up.

It was still white!

He continued to look...

It was still white!

“So high...”

Xu Xiaoshou had a faint ominous premonition in his heart.

Why did this white color look so familiar?

Finally, after a few dozen meters long and nearly a hundred meters long, the white scene came to an end.

What appeared in Xu Xiaoshou’s mind was a huge head that was burning with white flames!

“Boom!”

Just as his mental strength came into contact with the white flames, his mind rumbled, and Xu Xiaoshou’s “Perception” was directly burnt to a pulp.

The laser beam was no longer there. It turned into a blurry “Perception” initial range, and the dust settled.

However, the images that appeared again were as if they had been suddenly shot by the blazing sun. They were so blurry.

Even so, Xu Xiaoshou could not care about these things anymore.

His heart was in a state of shock.

“White Bone Giant!”

The endless white color that was nearly a hundred meters high just now was actually the body of the white bone giant!

And the last head was the big head of the White Skeleton carrying the Infernal Fire Seed!

“No, it’s not the Infernal Fire Seed.”

“It’s the Advanced Infernal Fire Seed!”

Xu Xiaoshou was shocked beyond words.

He had never imagined that the White Cave giant would be so tall.

And the white flame of such intensity had directly burned his “Perception” to a pulp with just a glance. This was the first time he had seen it.

No!

The second time.

Xu Xiaohe's pupils suddenly constricted.

He had seen such a white flame before!

At that time, the Masked Man attacked the Inner Yard at night.

At the back of the mountain, Elder Sang had used such white flame and the Dragon Melting Realm to lock down the terrifying "Saint Servant" Chief.

At that time, Elder Sang's power was gathered together and no one else was hurt.

Xu Xiaoshou could see through it.

But at this time...

Under the undisguised destruction, Xu Xiaoshou almost went blind!

"So, the White Skeleton has been burned into white flames because of the Advanced Infernal Fire Seed?"

"Does that mean that its body... is close to the level of a Sovereign?"

Xu Xiaoshou held his head and suddenly realized that something was wrong.

That's right.

The Infernal energy liquid could train the White Skeleton's Innate Level Physique.

The Infernal Fire Seed was equivalent to a Master Physique.

Wasn't the Advanced Infernal Fire Seed equivalent to a Sovereign's Physique?

To think that he foolishly looked down on the Advanced Infernal Fire Seed, thinking that he could capture it easily.

Who would have thought that while he was thinking about the other party, the other party might also think of him as food?

"Watched, Passive Points, +1."

The information window suddenly jumped.

Xu Xiaoshou's heart skipped a beat.

He immediately focused his gaze on Luo Yupo, but this fellow was still focused on cracking the spirit array, so he wasn't paying attention to him at all.

The other members of the team were even more so.

Then, where did this attention come from?

Xu Xiaoshou's heart skipped a beat.

He thought of the scene he saw just now.

Could it be that his "Perception" had already alerted the White Bone Giant?

But that wasn't right!

Wasn't the information bar only targeted at Spiritual Cultivators?

Those White Skeletons didn't have intelligence...

Wait a minute!

Spiritual intelligence?

"Ambushed, Passive Points, +1."

When the information bar popped up again, Xu Xiaoshou's face turned green.

He immediately shouted, "Little Yu, be careful!"

It was too late!

"Roar –"

Amid the spiritual mist, a White Skeleton that seemed to be able to break the sky blew its horn.

The sonic boom caused the heaven and earth mist to collapse.

The two people who were focused on the spiritual array and the other members of the team who were bored to death were all blown away.

"Pu!"

Chapter 478: The Savior, Xu Xiaoshou!

Yu Zhiwen spat out a mouthful of blood, but because of the sound waves, the blood splattered all over her face.

Xu Xiaoshou flew up and grabbed her.

He passed through the surging sound waves and flew up into the sky. He grabbed Yu Zhiwen's slim waist with her back against his chest.

"Xu Xiaoshou..."

Yu Zhiwen muttered unconsciously. Her eyes became dizzy and she fainted.

"Darn it."

Xu Xiaoshou narrowed his eyes.

Yu Zhiwen was not weak.

Even though she was only at the Peak of Innate Stage, she had many defensive spiritual weapons and defensive array wheels on her.

However, under that roar, those Master Stage spiritual weapons that were activated on their own did not even manage to block half a breath of time before they exploded.

One could imagine how terrifying that huge White Skeleton inside was!

An intense pain came from her back.

However, this wasn't enough to make Xu Xiaoshou retreat even half a step.

The "Recoil" and "Toughness" forcefully blocked the sound of the battle.

On the other hand, the others weren't as lucky.

Except for Yu Zhiwen who was the first to be sent flying by the roar.

Luo Yupo, who was intoxicated by the spiritual array and had the intention to harm Xu Xiaoshou, was sent flying by the impact.

After smashing through dozens of Flaming Maple Tree, he barely managed to stop his momentum and fell headfirst into the ground.

Qu Qing-er and the others were also caught off guard.

Faced with the might of this roar, they spurted out blood and fainted.

It was as if the scene had fallen into a desperate situation. Everyone had arrived at the gates of Hell.

"Retreat!"

Xu Xiaoshou was swept by his "Perception". Other than the two great Masters, Qu Qing-er and Luo Yupo, the rest of the people present were completely useless. They had completely lost their ability to fight.

After he shouted, he carried Yu Zhiwen and flew away first.

Qu Qing-er clutched her chest and struggled to get up from the ground. She glanced at the end of the spiritual mist with a horrified expression.

She didn't even look at who the attacker was.

She, on the other hand, was about to fall.

"Hurry up and leave!"

A rational voice in her heart urged.

However, as she looked at Chen Chen, Xu Jing, and Du Cheng, who had fallen to the ground unconscious, there was hesitation on her face.

"Qing-er!"

Luo Yupo stood up from behind and barely managed to regulate his breathing. He immediately retreated without looking back.

He saw Qu Qing-er's hesitation.

Naturally, he knew that up until this moment, this girl could not let go of her teammates who had fought with her in the past.

But look at the situation now!

With just a roar, the enemy that would charge out later would definitely be at the Sovereign level!

If she still wanted to save people at this time, she would only be putting herself in danger!

He called out once, but Qu Qing-er did not respond. Luo Yupo could no longer suppress the fear of death in his heart. He accelerated under his feet, and in an instant, his figure disappeared.

"Rumble..."

The earth began to tremble. It seemed that some big guy was about to rush out from the spiritual mist.

Qu Qing-er's face was filled with pain.

Even if she could carry Xu Jing at this moment, with her heavily injured body and an unconscious person on her back, how could she escape the pursuit of a Sovereign Stage opponent?

Her spiritual senses could see that Xu Xiaoshou had long disappeared with Yu Zhiwen on his back.

Luo Yupo was also unreliable at the critical moment, so he left by himself.

Everyone directly handed over the biggest problem to themselves.

At this moment, the sadness in their hearts surged, and Qu Qing-er was unable to extricate herself.

As the saying goes, when a great disaster comes, everyone flies separately. This was nothing more than that!

"Rumble --"

The ground trembled even more violently.

At the same time, the air began to heat up.

Even though the monsters inside had not appeared yet, Qu Qing-er could already feel the scorching heat that was about to melt her.

"Run?"

"Can you run away?"

Her face was filled with difficulty as she looked at the three future floating corpses lying on the ground in different directions. In the end, she still could not overcome the compassion in her heart.

"Whoosh whoosh whoosh!"

Three faint sounds of air breaking rang out amidst the world's shock.

When her spiritual sense detected that the exquisite stone had landed, Qu Qing-er immediately detonated it.

In an instant, the three unconscious people on the ground were enveloped by a pale blue light and were instantly teleported away.

"Whether or not you can survive depends on yourselves."

Qu Qing-er smiled bitterly.

To be honest, in a place like White Cave, it was meaningless to teleport three unconscious people to an unknown place.

It was possible that after they landed, they would be dismembered by other foreign objects.

It was not an exaggeration to say that this action was a complete waste.

But people were like this.

Only at the last moment could one see their own heart clearly.

Qu Qing-er had always thought that she could be cold-hearted and face the business path of only exchanging benefits.

It was only now that she realized that she was not!

Using three precious exquisite stones to save a few unrelated strangers.

Qu Qing-er was about to laugh herself to death!

"How naive..."

The light in her hand circulated again, and another exquisite stone appeared.

Accidents in the White Cave always came so suddenly.

Qu Qing-er had never thought that in just one day, she would use a total of four exquisite stones.

However, there was no other way for her to survive.

"Goodbye."

She was going to use more strength.

At this moment.

"Roar!"

Another earth-shattering roar sounded as it approached.

Qu Qing-er could no longer withstand the pressure and was sent flying.

Even the exquisite stone in her hand could not be held and scattered with the sound wind.

“This...”

Waves of intense pain assaulted her delicate body. It was completely unable to hide the fear in Qu Qing-er’s heart at this moment.

“The exquisite stone has flown away?”

Her only life-saving method had actually been shouted away at this moment?

“There’s more!”

“I still have the exquisite stone!”

She forcefully suppressed the fear in her heart.

At this moment, Qu Qing-er had to seize every second with the Grim Reaper. She had to take out another exquisite stone before the monster arrived.

But at this moment!

As the spiritual mist churned, a white color suddenly appeared in front of her eyes.

In the blink of an eye, the White Bone Giant that was more than 200 feet tall broke through the clouds.

It was as if it was chasing after the sun as it slowed down in the sky.

It could be imagined that even with such speed, it was only the initial stage when the White Bone Giant took a step and began to run.

“What is this?”

Qu Qing-er was shocked.

She had never seen such a huge White Skeleton.

It was so huge that she could not see the end of it. The giant was surrounded by white flames. It was a question of whether it was a White Skeleton that was a specialty of the White Cave.

“Exquisite stone!”

She screamed crazily in her heart.

However, under such pressure, Qu Qing-er could not move at all.

The only thing she could do was look up at the step that had crossed the spiritual mist and descended from the sky, and the gradually enlarging white soles in front of her eyes!

“Am I going to die...”

Time seemed to slow down.

At this moment, Qu Qing-er seemed to have seen all sorts of people that had appeared in her short life.

She still had her mission to accomplish.

There was also Old man Jin's anticipation.

She still had the headquarters of the Plenty Gold Company, which she had passed the assessment but was unable to attend because of the White Cave.

She also had a bright future where she could leave the Tiansang Prefecture, leave the Eastern Region, and even compete for the talents of the Central Region...

But all of this.

Under the foot of this super large White Skeleton, it was as low as a bubble that could be extinguished with a single touch.

Her vision blurred.

Her life was about to disappear.

At the moment before her death, the scene that was like a projection froze.

What appeared in front of her was actually Xu Xiaoshou's frivolous face.

"This guy..."

Qu Qing-er smiled bitterly.

Good people don't live long, but disasters last for a thousand years.

Perhaps, under the background of this era where the strong preyed on the weak, those who could live for a long time would ultimately be hateful people like Xu Xiaoshou and Luo Yupu!

It really made people speechless...

Qu Qing-er closed her eyes and waited for death.

"Boom!"

The White Bone Giant's foot smashed down, causing a huge crater to appear on the ground.

Qu Qing-er's brain shook, and blood instantly spurted out of her ears.

Her mind was completely blank. Even so, she could still feel her body being sent flying three times.

Powerless.

Hopeless.

Was this the feeling of death...

Qu Qing-er felt her heart stop beating.

But in the next second, she suddenly felt that something was wrong!

"I'm not dead?!"

The White Bone Giant stepped on her. How could she be sent flying?

It was obvious that she would be turned into a puddle of meat!

“This...”

She realized that the situation had changed and opened her eyes abruptly.

In front of her was still Xu Xiaoshou’s hateful and detestable face.

Stuck?

It was said that the memories before death would only surge for an instant.

But why was it that when it came to Xu Xiaoshou, the scene was stuck?

She didn’t like him either, and she didn’t have much contact with this person.

Why was it that at the last moment of her life, it was all him?

“Yo!”

“You gave up just like that?”

Just as she was in shock and bewilderment, Xu Xiaoshou, who was supposed to be a frozen image in front of her, actually moved.

He had a mocking expression on his face, and there was even a hint of ridicule at the corner of his mouth.

However, it was this mocking sentence that caused Qu Qing-er to come to a complete realization.

“Xu Xiaoshou didn’t leave. Did he come back to save her?”

The joy in her heart bloomed completely. At this moment, Qu Qing-er felt that her vision had returned to clarity.

“Roar —”

The deafening roar from the White Bone Giant came again.

But this time, the voice that entered her ears did not have any offensive power.

On the contrary, it was filled with pain?

After zooming in, Qu Qing-er’s pupils constricted.

What did she see?

She saw the huge White Bone Giant with its distorted body covering its left foot in pain. It seemed to be unable to stand steadily as it bounced back and forth.

Why was it jumping?

Because one of its feet was broken!

The foot that should have stomped on her to death and trampled on the Sun was actually broken!

In that case, the explosion just now and the airwave that sent her flying should have been caused by this foot hitting the ground?

“But, how is this possible?”

Qu Qing-er looked back in disbelief and her gaze landed on Xu Xiaoshou.

At this moment, she finally saw the young man in front of her clearly.

Behind the figure that was bent over and mocking her was Yu Zhiwen, who had completely lost consciousness.

He had to hold the beauty behind him with one hand so that she would not fall.

But even so, with only one arm left, the black and red sword that was held upside down and the continuously raging and ferocious molten gas were all clearly displayed...

“Xu Xiaoshou, with just one arm, cut off this White Skeleton’s foot?!”

The shock in Qu Qing-er’s heart was simply indescribable.

She could completely imagine that when this White Skeleton giant that was like a god descending from the heavens stepped down, Xu Xiaoshou, who was carrying a beautiful woman on his back, was actually able to slice off the sole of the White Skeleton’s foot with just one hand!

But how was this possible?!

Xu Xiaoshou was only at the Innate Stage at the very most.

At most, he had the Master Physique.

How could he possibly be able to withstand the super large White Skeleton in front of him?

“Sword?”

Qu Qing-er suddenly realized something.

The sword that Xu Xiaoshou was carrying was no longer the eighth-grade black sword.

Instead, it was a sword that she had never seen before, but she could tell at a glance that it was definitely not ordinary...

“Famed sword?!”

“Suspected, Passive Points, +1.”

“Run for your life, I can’t carry two people.”

An exhortation interrupted Qu Qing-er’s shocking thoughts.

When she came back to her senses, she saw that the young man in front of her was carrying a beauty on his back as he turned around to pick up the famed sword. He raised his head and faced the White Bone Giant that was more than 200 feet tall...

Only his resolute back view remained.

At this moment, Qu Qing-er understood.

Xu Xiaoshou and Luo Yupo were not the same kinds of people after all.

Perhaps at some point in time, their subconscious choices would be the same.

However, some people would eventually explode at the critical moment, swallowing up that monstrous selfishness and greed.

“Is this Xu Xiaoshou...”

“Admired, Passive Points, +1.”

...

“Roar Roar Roar!”

The White Bone Giant that had its foot cut off was completely enraged.

Not to mention that Xu Xiaoshou and the others were completely unprepared at the start.

Even just now, it was completely unprepared when faced with that sword that cut through the sky.

They were clearly just a group of ants that dared to disturb its cultivation.

However, when it was caught off guard, these ants actually caused such a considerable amount of damage to it.

At this moment, because some of its food had been teleported away, the White Bone Giant that had placed its hatred on Qu Qing-er finally saw the figure of the young man who had the famed sword.

With just a glance, it was completely sure.

This person was the real culprit who had disturbed it just now!

“Roar!”

Another roar shook the sky.

However, Xu Xiaoshou, who was fully prepared, quickly formed a large wave of a defensive spiritual array as spirit threads danced around him.

The sound wave attack, which had been weakened layer by layer, was completely useless against his Master Physique.

“Can I kill him?”

Xu Xiaoshou hesitated.

At first, he was indeed shocked by the White Bone Giant.

He couldn't fight against the Sovereign Physique at all.

He might not even be able to deal any real damage.

However, he suddenly thought of the famed sword Flame Python.

Could the famed sword that could cut through everything in the world do what he couldn't?

"Yes!"

"There are thousands of Sovereigns in the world, but the only 21 Famed Swords!"

"If I can't cut through it, what's the point of having it?"

But what if?

Xu Xiaoshou didn't dare to take the risk.

While carrying Yu Zhiwen, his only thought was to run for his life.

But when his "Perception" saw that everyone was running for their lives, Qu Qing-er still foolishly chose to save them.

It was fine if she saved them, but she was about to sacrifice her own life!

Xu Xiaoshou couldn't take it anymore.

He also felt that Qu Qing-er was stupid and not worth it!

But in this world, it was because there were still these silly, willful, and stubborn people that they were forced to have a trace of human warmth.

A person who chose to struggle for his life for the sake of himself, of course, he survived.

But at the same time, he also lost the most precious thing in human nature.

Xu Xiaoshou chose to turn back, not because of Qu Qing-er.

But because he saw in Qu Qing-er that there was still a small chess piece like him who had self-determination under the chess player who disregarded the common people.

At that moment, he felt that he should step forward.

And so.

Xu Xiaoshou stepped forward!

...

"Run!"

Xu Xiaoshou shouted.

He looked at the White Bone Giant who had begun to mobilize white flames to repair its damaged body.

He knew that he couldn't kill the other party in this battle.

Under such circumstances, the only thing he could do was to help Qu Qing-er hold on for a few more breaths so that she would have time to teleport.

As for himself...

Heh!

If he could not kill the White Skeleton, with the support of his passive skills, could it be that it could kill him?

Qu Qing-er flipped over and stood up. After swallowing an elixir, she did not dare to delay and ran in the direction where the exquisite stone was scattered.

“Rumble!”

At this moment, the super large White Skeleton that had its foot broken had already been repaired.

Its terrifying recovery speed was even faster than Xu Xiaoshou’s “Eternal Vitality”.

With a roar, it slammed its hands onto the ground and flew up into the air.

“This again?”

Xu Xiaoshou sneered.

As expected, creatures with low intelligence would never be able to climb out of their horns.

It knew that its “Foot Stomp” did not affect its famed sword, but it still chose to fly up into the air after recovering?

Wasn’t this a living target?

Xu Xiaoshou received the reverse-handed spinning sword and held the Flame Python horizontally in front of his chest. The sword will of heaven and earth was dense, suppressing the scorching steam for a moment.

“Hiss!”

However, the White Bone Giant didn’t land after doing a toad jump into the air for a long time.

On the contrary, after it jumped to an extremely high point, it suddenly inhaled, and the void was almost torn apart.

“This is...”

The earth was torn apart, and Flaming Maple Tree was ripped apart.

The White Skeleton’s bloody mouth was like an extradimensional crack that suddenly opened up in the Eighth Palace, sucking everything on the ground into its stomach.

Xu Xiaoshou was shocked.

He could see that the suction had completely swelled up after taking a deep breath.

“This fellow doesn’t want to step on it, and it doesn’t have any physical attacks.”

“It’s a mage?”

While he was shocked, he saw the White Skeleton suddenly roar after the energy entered its stomach reached its peak.

“Roar!”

In the next second, a terrifying white flame that looked like a waterfall from the nine heavens gushed out from its mouth.

“Darn!”

Xu Xiaoshou was shocked.

This fellow had such a strong body like a warrior’s. Could it really be a mage?

Looking at the white flame, could it be that it could only be born from the Advanced Infernal Fire Seed and had the same flame power as Elder Sang?

How could he withstand this wave?

Xu Xiaoshou looked back and saw that Qu Qing-er, who had lost her target of hatred, had already struggled to get the exquisite stone again.

But this silly girl was still hesitating.

Did she want to save him?

Then what was there to play with!

“Run!”

Xu Xiaoshou couldn’t help but roar. Qu Qing-er finally realized that even if she stayed, she wouldn’t be able to help much.

With a crack, the exquisite stone shattered and she disappeared.

“One strike!”

Xu Xiaoshou erected the famed sword Flame Python, his eyes became calm.

Even though he knew that even if he was a fire-type, facing such white flames, he would probably die and vanish.

However.

The ancient swordsman was unmoved!

“Buzz –”

His eyelids lowered.

The Flaming Maple Tree leaves that had been shaken off by the aftershocks of the battle suddenly exploded with dense sword energy. With a whoosh, they were pulled up into the air and floated above Xu Xiaoshou’s head.

“Buzz –”

The world shook once again.

Under the tens of thousands of maple leaves, all sorts of sand and gravel flew. They also exploded with sword energy and steamed straight up.

In a split second, in the sky, between the pouring of flowing flames, Xu Xiaoshou completed the start of the "Ten Thousand Sword Style".

After which, he turned around and pointed his sword at the blue sky.

"Chi!"

In an instant, the maple leaves that had formed a thick layer of stone in the air formed a tornado and suddenly faced the nine heavens flame waterfall.

"Bang!"

The instant the flame stream and the leaf stone came into contact, they directly exploded in mid-air.

In the next instant, the splashing flame stream and the charred leaf stone scattered in all directions.

Under that magnificent and gorgeous scenery, the one who was doing his best to hold on was Xu Xiaoshou, who was already sweating profusely and shaking his sword.

He would definitely not be able to catch the white flame.

The maple leaf and the stone were merely ordinary objects.

However, Xu Xiaoshou had an idea. He used the "Ten Thousand Swords Style" to give this ordinary object a new life. He used his will to counter the shape and forcefully pushed the white flame waterfall into the air.

However, although his idea was good, his sword will was only a Master Sword Intent. How could it withstand the fire beam attack from the huge White Skeleton?

That was a power that could completely surpass the Sovereign!

In just a few breaths, Xu Xiaoshou's ten thousand sword leaf stone was defeated.

The white flame waterfall that did not slow down at all came pouring down on him!

"Run!"

Xu Xiaoshou instantly had the idea of throwing Yu Zhiwen into his Yuan Mansion and take the easy way out.

However, in his heart, a conceit that he did not care about this actually appeared out of nowhere.

"This is..."

"The famed sword!"

Xu Xiaoshou immediately understood.

The noble famed sword sitting on the peak of the fire-type Sovereign didn't care about lowering its head under such white flames.

That's right!

At that time, when it was suppressed by the "The Bewitching Demon" sword, the Flame Python could even break through the shackles of the wretched saint and fly into the sky.

Now that the white flames had landed, how could it submit so easily?

"Can I trust you?"

Xu Xiaoshou looked hesitant.

There were many ways to escape, and he didn't want to gamble his life.

However, he had to maintain the pride of the Flame Python.

This was the dignity of a famed sword.

As the sword wielder, even if he wanted to escape, he had to accept this move first.

In an instant, Xu Xiaoshou, who had thought about this matter, calmed down again.

"Fine, I'll take it. Who's afraid of who?"

His surging sword will suddenly poured into the body of the Flame Python.

With a hum, the Flame Python seemed to expand. It suddenly raised its head and pointed straight at the waterfall in the sky.

Then...

"It's gone?!"

Xu Xiaoshou was shocked.

He originally thought that the Flame Python would use a big move of its own.

Who knew that the other party's conceit was really just conceit!

Other than stretching it a little straighter, it didn't even let out a fart!

"The darn sword misunderstood me!"

Xu Xiaoshou thought to himself that this broken sword was worse than "Hidden Bitter".

However, he still had to face the flame waterfall that was starting to burn his body. He couldn't just ignore it.

Feeling that extremely familiar burning smell, Xu Xiaoshou was impulsive and abruptly inserted the Flame Python into the flowing waterfall.

"Bang!"

The sword will exploded with a bang.

However, the white flame on his face was only shattered, and he didn't have the time to receive the follow-up energy.

At this moment, Xu Xiaoshou subconsciously twisted his body and twisted his sword as if he had God's help.

“Modified Sword Style?”

This long-lost Modified Sword Style appeared in a way that was very compatible with the charm of the heaven path energy. With a flash of inspiration and the support of the Flame Python...

The flame waterfall that fell from the sky was sent flying back in a way that couldn't be resisted!

The White Bone Giant that was still spewing white flames in the air was dumbfounded.

His attack had landed on his body?

With a boom, it was sent flying by the white flame waterfall.

Xu Xiaoshou was also dumbfounded.

Using a Master Sword Intent to send back a spiritual technique that surpassed the Sovereign?

He didn't even dare to think about it!

However, wasn't this the true meaning of the Modified Sword Style?

Wasn't this the scene of the godly strike that reversed the situation and pushed back the Deity Mountain-Lifting Technique of Zhou Tianshen?

“Ancient swordsman!”

“The path of a sword will!”

Xu Xiaoshou completely understood.

This was the true use of sword will.

The Modified Sword Style was the sword skill that was most suitable for the pure sword will battle in the past.

Today, the reappearance of the “Four Ounces Can Move a Thousand Catties” stance further proved that ancient swordsmen were truly powerful existences who could rely solely on one person and one sword to challenge those of a higher level!

“Weng!”

In the sky, the Flame Python trembled with excitement when it saw the White Bone Giant that had been burnt to a crisp by its white flames.

After sending out a thought that said, “This is what a swordsman should be like, this is what a sword wielder should be like in battle.” It then sent out another message:

“Charge! Seize the opportunity and attack. Kill it directly!”

Xu Xiaoshou immediately raised his sword and flicked it.

“Bang –”

“Attack your head!”

“It’s already good enough to be able to withstand one move. If it gets angry again, I don’t even know how it will die later!”

This was a White Bone Giant with the body of a white flame Sovereign.

It was equivalent to half of Elder Sang!

Xu Xiaoshou did not have the confidence to continue acting like this.

He grabbed his sword and carried Yu Zhiwen on his back. Taking advantage of the White Bone Giant’s momentum, he took the opportunity to run away.

“Buzz!”

The Flame Python was unhappy.

What kind of sword-bearer was this? How could a swordsman be so cowardly?

“Shut up!”

Xu Xiaoshou reprimanded.

What do you know!

On the way to escape, you should learn from your big brother “Hidden Bitter”!

“Weng!”

The Flame Python protested again.

Xu Xiaoshou was displeased and flicked his finger.

“Bang –”

“Weng!”

The Flame Python was furious, but its protest was useless.

“Bang –”

“Weng!”

“Bang –”

“Weng!”

“Bang –”

“Wu Wu...”

Chapter 479: Narrow Space, Shy Little Yu

“Old Mou, is it in this direction?”

Sensing the rising temperature around her, Zhang Duoyu couldn't help but turn her head and ask.

“It should be...”

Holding the spiritual plate in his hand, Zhang Zhongmou looked a bit hesitant.

He could track the aura of the Sacrificial Carving through the “Tiancheng Spirit Wheel”.

But the direction the spirit wheel was pointing to always gave people a sense of danger.

Looking into the distance, Zhang Zhongmou listened carefully.

Vaguely, a series of explosions occurred in the direction that the spirit wheel was pointing to.

The explosions, which were beyond the range of the spiritual senses of a Sovereign, could even be heard with the naked ear.

It was not hard to imagine.

What kind of terrible war was taking place at the center of the explosion.

“It must be the battle of the Sovereigns.”

“However, in the White Cave, only those below the Sovereign Stage can enter, right?”

“The war between Sovereigns is either a Red Coat or a ghost beast...”

“Or it's also a stowaway...”

Zhang Zhongmou fell into deep thought.

“There's another possibility.”

Zhang Duoyu added, “Maybe the Sovereign Stage creature in the White Cave has been enraged and is now wreaking havoc on the battlefield.”

“It's not impossible.”

Zhang Zhongmou nodded. “But the probability is too low. Creatures in the extradimensional space usually guard important treasures. If it's a Sovereign Stage creature, then the treasures that are born next to it must be extraordinary.”

“Isn't that better?”

Zhang Duoyu's eyes lit up. “We want Xu Xiaoshou. We can also take the treasures.”

“Zhang Duoyu!”

Zhang Zhongmou's eyes turned cold. "You have to remember that our purpose for this trip is only to capture Xu Xiaoshou. Once the battle starts and Red Coat discovers us, both of us will be in deep trouble."

"Don't forget..."

He paused for a moment and said in a low voice, "Now that the Zhang Mansion is gone, both of us are stray dogs!"

Zhang Duoyu fell silent for a moment.

Her heart was in a mess.

Indeed.

If Xu Xiaoshou hadn't been there, the two elders who were supposed to guard the Zhang Mansion wouldn't have entered the White Cave at this moment.

Instead, it should have been the young man of the Zhang family who was full of vitality!

But it was gone.

All of it was gone!

"Then what should we do now? Give up the guidance and take a detour?" Zhang Duoyu suppressed the hatred in her heart and asked after coming back to her senses.

"No need."

Zhang Zhongmou shook his head. "The guide should be correct. Even if it's not Xu Xiaoshou, we should be able to find the second person who has the Sacrificial Carving."

"So, we can go there, but we have to hide well."

"Remember, if you meet a Red Coat, run separately."

"The Zhang family must leave behind a seed!"

The slightly sorrowful voice echoed in the air, and Zhang Duoyu was speechless.

She quietly followed behind Old Mou, flying low in the air.

"Xu Xiaoshou!"

"Don't let me catch you, or else..."

...

Boom!

A pair of bone-like fists fell from the sky like meteors, smashing toward Xu Xiaoshou's direction.

In an instant, soil flew everywhere, and stones and wood were broken.

But when the bone-like fists were raised and the White Skeleton looked at the deep pit on the ground where there was no one, it felt that it had been fooled again!

“Roar –”

It raised its head and roared angrily.

Even so, the anger in its heart could not be completely poured out.

That human!

That ant!

It was clearly a scumbag that could only hurt itself with a sharp weapon.

However, its escape methods were strange and varied.

If it was a competition of speed, the White Bone Giant indicated that it could take it down with a few steps.

However, that human had all kinds of interference, making it impossible for the White Bone Giant to defend against him.

All kinds of fire-type missiles and golden light missiles blocked his way.

If he was really close, another stream of famed sword energy would fly past him, and he had no choice but to dodge.

Until he was really close to the White Bone Giant’s face and his violent fist came crashing down. This guy actually knew how to teleport!

The White Bone Giant felt that he had lived for so many years and had been born with so much wisdom. This was the first time he experienced true anger.

In the past, those who dared to disturb his cultivation were all killed without exception by a punch or a kick.

But today, this guy was too hateful!

It was fine if he was hateful, but there was nothing he could do about it!

“Roar!”

The White Bone Giant was unable to fly into a rage.

“Chased, Passive Points, +1.”

Xu Xiaoshou carried Yu Zhiwen on his back and jumped left and right, making full use of the Flaming Maple Tree’s terrain.

However, this terrain could be used by him.

To the White Skeleton that was almost a hundred meters tall, it could not be used as a restriction.

His Master “Agility” had met his opponent once again.

The White Bone Giant that had a Sovereign Physique was a monster that had no weaknesses.

Whether it was an attack, defense, speed, or magic...

Everything was in place!

“How can there be such an existence in the world?”

Xu Xiaoshou was extremely distressed.

If not for the fact that he had broken through to the Voidness State and had three chances to “take the easy way out”, he would have been able to use elixirs and “High Spirits” to travel continuously.

At this moment, he reckoned that he would have been smashed to pieces!

Fortunately, this fellow’s body was well-developed in all aspects, and his mind was relatively simple.

Other than spitting fire and physical attacks.

He didn’t have the consciousness to use any tactics to capture him.

This resulted in Xu Xiaoshou being able to completely restrict him through some basic disturbances, thus putting him in a state where he was on the run, but he didn’t die.

“But this can’t last forever!”

“What’s the meaning of this chase? I’m not in a hurry to drink syrup...”

“Isn’t it just a glance? Is there a need to be so angry?”

“It’s its fault for not wearing clothes, right?”

Xu Xiaoshou used “Perception” to glance behind him and saw a figure descending from the sky.

Without any explanation, he sent Yu Zhiwen into his Yuan Mansion and then “take the easy way out” before disappearing from the spot.

“Boom!”

A deep pit that looked like a sinkhole appeared behind him. It was a shocking sight.

With a swoosh, Yu Zhiwen appeared in his hand once again.

Xu Xiaoshou dug out a handful of honey and wiped it on the girl’s mouth.

He looked anxious.

“Still not awake?”

At this moment, he only had two tactics left.

Either he gets a Red Coat’s help.

Or he could wait for Yu Zhiwen to wake up.

He believed that his Divine Secret would definitely be useful at this moment.

As for the Way of Spirit Array...

Xu Xiaoshou had tried it.

Even if his spiritual array was at the Peak of Master Stage, it would still be crushed by the White Skeleton with a single step.

“Wu.”

Xu Xiaoshou lowered his head in joy when he heard a sudden groaned in his arms.

“You’re awake?”

Whoosh! Whoosh!

Yu Zhiwen had just opened her eyes when the whistling sound of the wind directly blew against her body and triggered pain.

She slightly tugged her body, and she felt as if her internal organs were being torn apart.

“It’s awkward.”

Xu Xiaoshou hugged her even tighter.

He still needed to control his strength to hug someone, so he couldn’t hug her to death completely.

Otherwise, the beauty in his arms, who had no protective spiritual source, might be directly torn apart.

However, in the state of high-speed flight, if he did not hug her tightly, it would still be extremely difficult for him to maintain the degree where he would not let her slip away.

Yu Zhiwen’s pupils suddenly flashed, and she almost fainted from Xu Xiaoshou’s grip.

“It hurts!”

She struggled and said.

“If you know it hurts, then don’t move and squirm around. Don’t blame me if you fall!”

Xu Xiaoshou’s eyes were focused on the White Skeleton chasing after him, and he subconsciously replied.

“I didn’t twist...”

Yu Zhiwen’s face turned red.

Being hugged by this person with the surname Xu, she didn’t feel any warmth at all.

On the contrary, it was extremely painful.

However, when her spiritual sense peered at the towering giant that was chasing after him, she felt Xu Xiaoshou’s completely distracted response.

Yu Zhiwen knew that she owed this young man one.

“Sovereign...”

Under the pursuit of a White Skeleton with strength that surpassed a Sovereign, Xu Xiaoshou did not choose to give up on her, who had completely lost her mobility and had no effect at all.

On the contrary, he even carried her and ran all the way.

Yu Zhiwen could no longer sense how far this place was from Flaming Maple Tree forest.

She only knew that if she had to rely on the medicine that Xu Xiaoshou had fed her just now to sober up, it would have been impossible for her to last for less than four hours.

“So, he has been holding me like this for so long?”

“Received Gratitude, Passive Points, +1.”

Xu Xiaoshou looked at the approaching White Bone Giant behind him and could not help but ask, “Have you recovered? If you don’t use your power, I’m afraid that we will all die here.”

Once Yu Zhiwen woke up, he did not want to expose his Yuan Mansion.

However, perhaps it was because his level was not high enough, he could not bring anyone with him.

Therefore, if he really wanted to bring Yu Zhiwen with him and run away, he believed that he could only choose to throw her away first and then take her.

This could be used when she was unconscious.

However, he had already woken up. It was strange just thinking about it. If he really wanted to do it...

Well, it wasn’t impossible.

“Medicine.”

Yu Zhiwen said weakly, “Help me get the medicine.”

“Didn’t I feed you the medicine?”

Xu Xiaoshou answered without even lowering his head.

“Your medicine...”

Yu Zhiwen’s face turned pale. “Your medicine is useless.”

“How can my medicine be useless!”

Xu Xiaoshou was immediately angered to the point of laughter. “That is the Amber Juice that I have meticulously researched and developed. It’s a full...”

Ah!

Amber Juice?

A full ninth grade?

That's right!

His "Breathing Technique" could magnify the effects of the medicine tens of times. In addition, he could also use his "Eternal Vitality" to resist the effects of the medicine. Therefore, no matter what kind of injury it was, using the little bee brand's Amber Juice was enough.

However, Yu Zhiwen didn't have a "Breathing Technique". There was no "Eternal Vitality"!

How could a ninth-grade Amber Juice be able to treat her injuries?

No wonder this girl had been unconscious for so long.

I thought she was too weak...

"Why didn't you tell me earlier!"

Xu Xiaoshou was annoyed and said, "Where's the medicine?"

"En."

Yu Zhiwen was so angry that she let out a muffled groan.

Tell you earlier?

Did I look like a person who could speak just now?

"Cursed, Passive Points, +1."

However, she wasn't conflicted. At this moment, she didn't have time to be conflicted.

"In my hand."

The elixir was in the ring on her hand.

Fortunately, the spatial ring had its spatial array. It was not shattered by the White Skeleton, so there was no need to use the space necklace.

"There's no time."

Xu Xiaoshou received a sweep of her "Perception" and immediately changed hands. He snatched the elixir from Yu Zhiwen's hand at the speed of light and stuffed it into her red lips.

"Wu!"

This finger suddenly stabbed out, and Yu Zhiwen's eyeballs bulged out slightly.

She stared at Xu Xiaoshou with disbelief but saw the anxiety in this guy's eyes.

With a probe of her spiritual senses.

As expected, the White Bone Giant had already raised its heavy fist and smashed down.

It was estimated that in a few breaths, the two of them would die and disappear!

"Gulp!"

Yu Zhiwen did not dare to hesitate. She forcefully swallowed the elixir that was stuck in her throat.

In an instant, a rich fragrance seeped out from every pore on her body.

The refreshing fragrance of the elixir even made Xu Xiaoshou feel energized. His escape speed also increased by a lot.

However, no matter how fast he was, he could not be faster than the White Skeleton's heavy fist!

"Little Yu!"

Xu Xiaoshou pinched his Yuan Mansion.

"Jewel of Dubhe and Merak Displacement."

At the critical moment, Yu Zhiwen's red lips opened slightly, and she stretched out her slender hand in Xu Xiaoshou's embrace, lightly pressing down on the White Skeleton that was rapidly magnifying in the depths of his pupils.

"Hum –"

An extremely faint light pattern interweaved from the sky, instantly fusing into the sky.

In the next second, Xu Xiaoshou felt his vision blur, and the White Skeleton above his head actually disappeared.

"Boom!"

Then, there was a violent roar under his feet, and along with the endless airwaves, Xu Xiaoshou's figure was directly pushed up.

He looked down in shock.

The White Skeleton had actually gone down!

"When did this happen..."

"No, it's displacement?"

"Spatial displacement?"

Xu Xiaoshou lowered his head and asked in surprise.

Yu Zhiwen's complexion, which had originally been a little rosy, was now as pale as paper as if it had been squeezed dry.

She nodded her head lightly, and her voice was extremely weak. "That's right. In the art of Divine Secrets, there is a small usage of space."

"Small usage?"

Xu Xiaoshou was astonished. This casual small usage actually involved space?

That was an absolute power that could only appear in the body of the Dean!

But...

“Small usage, are you that weak?”

“Cursed, Passive Points, +1.”

“Alright, stop talking. After that small usage, you look like you are going to be gone soon.”

Xu Xiaoshou didn't dare to count on this lady anymore.

He held onto his Yuan Mansion.

He had originally thought that if Yu Zhiwen could stabilize the situation, he wouldn't have to expose himself.

But it was only a spatial displacement.

The White Skeleton would be able to react within a breath.

“Roar!”

Xu Xiaoshou had made a mistake.

The White Bone Giant, who had suddenly lost its target, did not have any intention of raising its head. It looked around and was once again incapacitated and furious.

...

“Wait for me.”

As Yu Zhiwen spoke, she tried to struggle out of Xu Xiaoshou's embrace.

However, she realized that when she moved, she had no extra strength to support herself.

“Twisting again?”

Xu Xiaoshou lowered his head and raised his hand.

“Oh.”

“It hurts!”

“Cursed, Passive Points, +1.”

Yu Zhiwen raised her head and glared at him.

However, before the anger in her heart could pour out, Xu Xiaoshou lowered his head, and she was stunned.

This distance was a little too close...

No!

It was too close!

Even this fellow's hair was slapping his face, and even his slightly hurried breathing... it must be because of the long-distance running that made his panting sound so intimate.

It was even hot!

"Let go of me."

Yu Zhiwen's pale face instantly turned red, and her body, which had been cold due to the strong wind, began to heat up.

"What do you want?"

Xu Xiaoshou said unhappily, "If I let go, will you fall?"

"No."

"You don't want to think again? You're a woman who doesn't mean what she says."

Yu Zhiwen was stunned. The flirtatious feeling in his heart was directly broken by Xu Xiaoshou's mysterious brain circuit.

"That's not what I meant."

"What I said is that I want to set up an array and need both hands. You have to let go of me a little."

"Oh?"

Xu Xiaoshou leaned back slightly. "Set up an array? Aren't your hands usable now?"

"Space!"

"I need space!"

Yu Zhiwen held back her anger.

It was unknown whether it was due to Xu Xiaoshou's stupidity from anger or his "Stupidity".

"No space?"

Xu Xiaoshou paused for a moment and lifted her gently, lifting the weightless girl from a princess carry pose into a sitting position on his shoulders.

His right arm gently wrapped around Yu Zhiwen's thigh to prevent her from falling. Xu Xiaoshou lifted his head.

"Now, do you have space?"

Yu Zhiwen was stunned.

She looked at the crimson sky and then glanced at the boundless void.

She subconsciously lowered her head.

However, when her line of sight made contact with Xu Xiaoshou, it bounced back immediately as if she had been electrocuted.

The huge White Skeleton under her feet was still howling wildly, but the void was silent for a moment.

“THUMP THUMP!”

“THUMP THUMP THUMP!”

Her heart beat faster.

“This action...”

Yu Zhiwen indicated that she had only done it on her father’s shoulder when she was young.

But how old was she now, yet she was still being carried on his shoulders?

Or was it a stranger who had only been in contact with him for less than a day?

“This...”

“I. . .”

“It’s fine, the space is fine.”

Yu Zhiwen muttered unconsciously.

She waved her hands vigorously.

But the messy hand seals could not draw the divine secrets at all.

Xu Xiaoshou looked at Little Yu’s comical hand seals that were like a child building a fort. In his “Perception”, she did not even detect a trace of the divine secrets.

In the information pane.

Attention, Passive Points, +1.

Suspected, Passive Points, +1.

Speculation, Passive Points, +1.

Peeped, Passive Points, +1.

A bunch of random messages popped up crazily. Xu Xiaoshou was shocked.

“What are you thinking about?”

He raised his hand slightly and slapped Little Yu’s thigh that was sitting on his shoulder.

“Ah!”

Yu Zhiwen cried out in shock and almost stood up.

But at this moment, she realized that she was high up in the sky.

There was nothing under her feet. If she stood up, she would fall.

She hurriedly hugged Xu Xiaoshou’s head, and Yu Zhiwen came to her senses again.

That's right.

She was also a Spiritual Cultivator.

Even if there was nothing under her feet, she could still stand up out of thin air.

"I..."

"I'm not imagining things... Seal technique."

"Yes, seal technique."

"Sky Screen!"

"Je-jewel, yes, Jewel Sky Screen!"

While Yu Zhiwen was panicking, her spiritual sense suddenly transmitted the movement of the huge White Bone Giant raising its head. She was so scared that she was quick-witted.

"Sky, Sky Screen!"

With a wave of her hands, she drew a tear in the sky, and an invisible barrier was drawn out from the void, instantly covering the two of them.

"What is this?"

Xu Xiaoshou asked curiously. He felt that Little Yu had pulled a quilt out of the void and covered it just like that?

"Sky Screen, Jewel Sky Curtain."

Yu Zhiwen raised her head and didn't dare to move, stuttering as he answered.

Xu Xiaoshou's "Perception" saw that Little Yu's face was red.

He hesitated.

This didn't seem like a big move!

Just now, she had used spatial displacement, and her face was as pale as paper.

Sky Screen...

A type of technique that could make the blood energy flow back?

"That's not right."

In the "Perception" image, the White Bone Giant had clearly raised its head, but it was as if it didn't see anything and it lowered its huge head.

It couldn't see?

"This is similar to the previous concealment array?"

"Yes, yes."

Yu Zhiwen felt that it was great that she could speak. This way, she could not hear her thumping heartbeat.

“The Sky Screen is a Divine Secret that is even more brilliant than the divine traction. It can even make it so that it can not directly sense the Sovereign with the naked eye and spiritual sense.”

She paused for a moment.

“Thump thump...”

“Thump thump...”

Yu Zhiwen immediately added, “Even if it’s just passing by, it’s possible that only at the Cutting Path Stage that you would notice that there are some strange colors here.”

She paused.

“Thump... Thump...”

“Thump... Thump...”

“However, the sky screen that I can pull out is very small, so you must not move. Otherwise, you might be directly discovered.”

“Thump... Thump...”

“Thump thump thump...”

“I, I, I... Yes, this is also a small use of the Divine Secret. I don’t know much, so I can only...”

“Your heart is beating so fast.”

Xu Xiaoshou suddenly interrupted.

With a Swish, Yu Zhiwen’s ears turned red.

At this moment, Xu Xiaoshou could feel the lovely person on his shoulder melt for a moment and instantly became much softer.

But in the next second, she straightened up again.

“No.” Yu Zhiwen turned her head.

“You did.”

“No!”

“Okay, you didn’t.”

“I did!”

The air became quiet.

Xu Xiaoshou was also stunned.

He had planned to let this girl go...

Yu Zhiwen was also stunned.

Ahhhh, what am I saying!

"Little Yu..."

"Xu Xiaoshou, shut up!"

"Oh."

"Peng Peng..."

"Peng Peng..."

In the narrow sky, what interweaved was not only the noises created by the White Skeleton's bombardment on the ground but also the sound of heart thumping.

...

After a long time.

"Little Yu, are you going to sit like this forever?"

Xu Xiaoshou was holding Little Yu, so there was no pressure at all.

However, the rapid heartbeat in his ears...

He was afraid that something would happen to this girl.

"Yes, I can come down..."

Yu Zhiwen subconsciously came back to her senses. The words that came out of her mouth were cut off by the sudden image in her mind.

Come down?

What about after coming down!

The space in the sky screen was so small. After coming down, where would she be standing?

Facing Xu Xiaoshou?

With her back facing Xu Xiaoshi?

Any position would be more... unbearable than this!

"This is good enough. I'm not going down."

"If you're not going down, then your heartbeat..."

"Xu Xiaoshou, shut up!"

"Oh."

Xu Xiaoshou raised his head and lowered his head.

Looking at Little Yu's pretty face, which was so red that it looked like blood could be squeezed out with just a pinch, listening to the heartbeat that seemed like it could pop out from his throat with just a pinch, the corner of his mouth twitched and he immediately held it back.

He didn't move at all!

"Conjecture, Passive Points, +1."

"Peeped, Passive Points, +1."

"Attention, Passive Points, +1."

"Suspected, Passive Points, +1."

Even if he stood still, he could gain passive points?

Hehe.

"Huh?"

Suddenly, two people rushed out from "Perception", which made Xu Xiaoshou's pupils shrink.

"This is..."

...

"Boom!"

The explosion shocked Zhang Zhongmou.

He immediately sent out his spiritual sense. What did he see?

A White Bone Giant that was almost 200 feet long was jumping back and forth in front of him.

With one leap, it could fly hundreds of feet away.

With one leap, it could even cover the sky for a moment.

"What the heck is this?!"

Zhang Zhongmou felt pain in his mental strength and immediately realized that something was wrong.

This fellow, this white flame...

It definitely had the strength that surpassed a Sovereign!

"Run, get out of the way first. Don't clash with it head-on," Zhang Zhongmou said anxiously.

"But..."

Zhang Duoyu turned her head hesitantly. "Old Mou, didn't you say that the aura of the Sacrificial Carving is here?"

"Who cares about the Sacrificial Carving!"

Zhang Zhongmou did not even turn his head back. He turned around and said, "If a fight breaks out and Red Coat comes over, how are you going to explain it?"

That was true.

Zhang Duoyu suppressed the anxiety in her heart and turned her head back.

"Whoa!"

But at this moment, a white flame suddenly flashed past her ear.

If she had not avoided it in time, her head might have been pierced through.

"Old Mou."

"Huh? Run!"

"I can't run anymore."

Zhang Zhongmou turned his head when he heard that.

The air was silent.

The irritable White Bone Giant was completely silent.

Its eyes, which were filled with white flame, looked at the two ants not far away. The excitement in its eyes was almost overflowing.

"Roar!"

Chapter 480: The Fight Between the Snipe and the Clam

"Zhang Zhongmou and Zhang Duoyu?"

Xu Xiaoshou was stunned when he saw the people who came.

These two guys were clearly the two Sovereigns that attacked the Zhang Mansion at night.

His memory was still fresh in his mind.

At that time, he pretended to be a hidden big shot who protected Xu Xiaoshou in the dark. He even used his sword cognition to make these two people and Zhang Taiying stop chasing after him. Only then did he have a chance to escape.

Now, how could he not recognize them?

But the question was, how did these two fellows enter the White Cave?

And what was their reason?

"Theoretically, the owner of the exquisite stone can only be below the Sovereign Stage."

"If the two of them wanted to enter, they would definitely suppress their cultivation level."

“But, these two Sovereigns are from the Zhang Mansion of Tiansang Prefecture. How could Red Coat not recognize their auras?”

Xu Xiaoshou was the first to refute this conclusion.

“If that’s the case, these two must be...”

“Stowaways?”

His heart trembled.

Two people who had a grudge against him had stowed away into the White Cave. It was easy to guess what they were up to.

He had killed Zhang Taiying.

And he had destroyed the Zhang Mansion.

Even if they knew about this, they were basically his people.

But who could guarantee that when the two elders of the Zhang Mansion went to the City Lord Mansion to inquire, the people of the City Lord Mansion would not say anything?

“In other words, there’s a high probability that these two fellows are here for me!”

Xu Xiaoshou was instantly certain.

If one were to assume the worst-case scenario, then it would not be a high probability, but an absolute fact.

“But how did they find me?”

Coincidence?

Xu Xiaoshou didn’t have such childish thoughts.

The White Cave was so big that after he entered, he hadn’t even seen a few people.

When a crowd gathered, only the birth of the famed sword could attract a wave of people.

Now, these two fellows had suddenly appeared beside him. They must have followed some special method to find him.

“What could it be...”

Carrying Yu Zhiwen whose heart was beating wildly, Xu Xiaoshou was completely absent-minded.

His hand unconsciously rubbed on her thigh, as if a normal person would unconsciously knock and draw circles on the table when they were thinking.

Yu Zhiwen’s entire body seemed to have been electrocuted, and she immediately stiffened.

She lowered her head, and her eyes were fixated on Xu Xiaoshou’s hand.

Then she looked at his face...

Unintentional?

No, it must be intentional!

“Cursed, Passive Points, +1.”

“Xu Xiaoshou!”

“Summoned, Passive Points, +1.”

She gritted her teeth and interrupted Xu Xiaoshou’s train of thoughts.

He raised his head and found that Yu Zhiwen above him was angry.

“Shh!”

Although he did not understand why this girl was angry, Xu Xiaoshou did not dare to speak loudly.

“Someone is coming. Keep your voice down.”

He pointed in the direction of the White Skeleton and said, “These two fellows are not like that big idiot who does not know how to sense. Is your Divine Secret stable?”

Yu Zhiwen was stunned.

She looked around and finally saw the two Sovereigns.

“Not stable.”

“Huh?”

Xu Xiaoshou instantly panicked and his body trembled twice.

A cunning look flashed across Yu Zhiwen’s eyes, and a faint smile appeared on the corner of her lips.

You deserved it!

“I’ll scare you to death!”

“Threatened, Passive Points, +1.”

“Wow, how dare you lie to me?”

“Pa!”

He flipped his hand and slapped down on the Yu Zhiwen’s rear with a crisp and powerful sound.

“Huh?”

Yu Zhiwen’s beautiful eyes instantly widened, and her eyes were filled with disbelief.

After being stunned for a long while, her pretty face was flushed red and her red lips opened.

One could imagine that in the next second, there would definitely be a sound of “Being called”.

“Wu!”

Xu Xiaoshou instantly put her down and forcefully covered her small mouth.

“Don’t make any noises, you’ll be discovered.”

Yu Zhiwen glared at him angrily, wanting to use her eyes to kill Xu Xiaoshou.

After realizing that there was no result, she opened her small mouth and bit hard on Xu Xiaoshou’s hand.

“Wu Wu...”

The next second, her expression was bitter. Even her star eyes were curved into the shape of a crescent moon.

Her teeth hurt so much...

“Cursed, Passive Points, +1.”

“Look, look, look, they’re fighting, it’s so exciting!”

Xu Xiaoshou turned his head away and forced his gaze to stay in the middle of the situation.

“Wu Wu...”

“Cursed, Passive Points, +1.”

“Missed, Passive Points, +1.”

...

“Run!”

Looking at the giant whose eyes were filled with flames as he took a step towards his face, Zhang Zhongmou shouted decisively.

With a boom, two figures were sent flying to the sides along with the soil on the ground.

Zhang Duoyu thrillingly held her plump chest and ran away without looking back.

At this moment, they were definitely going to split up.

If they were being chased, it would be ridiculous if they encountered a Red Coat.

“Darn it.”

Zhang Zhongmou looked at the White Bone Giant that had completely abandoned Zhang Duoyu and was running straight towards him, he was secretly furious.

If it wasn’t for the fact that he couldn’t act recklessly if it wasn’t for Xu Xiaoshou not being around.

How could he allow an extradimensional creature like this to be so rampant today?

However, even if he was filled with rage...

In the White Cave, in this place, there were no ifs.

“Dim Sky Shadow.”

With a light shout, Zhang Zhongmou pressed his palms together.

In the next second, the shadow on the ground began to retract.

As he ran, the shadow gradually merged into the old man’s body.

“Da!”

When the last gray shadow entered his body, Zhang Zhongmou’s body seemed to have been shackled.

As his spiritual source shook, his entire body began to fade. Finally, he seemed to have merged with Heaven and earth, leaving only an outline of nothingness.

Xu Xiaoshou, who was watching from the side, was shocked.

“What kind of spiritual technique is this?”

His “Perception” had almost failed to see this person.

If he had not kept a close watch, if not for the wind whistling beside the old man, he might have lost his target.

However, in the next second, something even more shocking happened.

Zhang Zhongmou, who had transformed into a shadow, suddenly stopped running. He kicked the White Skeleton that was whizzing toward him and flew up, head to head.

“Have you lost your mind?”

Xu Xiaoshou was amazed at how well he received it!

“Whoosh!”

However, the expected sound of the attack did not appear.

On the contrary, the giant leg of the White Bone Giant seemed to have stepped on air. It directly passed through Zhang Zhongmou’s body and hit the ground.

Rumble —

The sound of an explosion stunned Xu Xiaoshou.

This...

What kind of spiritual technique was this?

Stealth Technique?

Void?

“What a guy!”

Just this move was enough for Xu Xiaoshou to see the foundation of an old Spiritual Cultivator.

Such a mysterious spiritual technique was not like those young people he met daily.

If he were to face it, he would probably be completely confused!

“He can even penetrate a Sovereign Physique and ignore physical attacks?”

Xu Xiaoshou was inferring.

He immediately dispelled the thought of secretly making a move to kill Zhang Zhongmou.

Sovereign!

This was a real Sovereign!

Or was it something that he had prepared beforehand and did not fall into the old Sovereign that he had set up beforehand!

With such a figure, even if given the chance, he was confident that he could kill him.

However, how could the opponent not have any trump cards?

...

“Roar!”

The White Bone Giant in the arena was also stunned when he saw that the punch had passed through the target. However, in the next breath, he roared again.

He turned around and found the ant. Seeing that it was charging at an even faster speed, he wanted to avoid his line of sight.

From the moment he stepped out of his territory, he could not kill even half of that White Bone Giant. Now that he had found his target again, how could he let it go so easily?

With a bang, it smashed its hands on the ground and shot out like a spring. In the blink of an eye, it was already in the sky.

Seeing the familiar opening gesture, Xu Xiaoshou suddenly thought of something.

As expected, the White Skeleton took another deep breath, and its skull swelled.

In the next second, the white flames in its mouth poured down like a waterfall again.

“Chi, you are useless.”

Zhang Zhongmou sneered.

His “Dim Sky Shadow” was a top-tier spiritual technique that he had snatched from the Dark Hades, a giant of the Eastern Region.

Not only could it ignore physical attacks, but it could also negate the damage of such spiritual sources directly!

In the world, other than the ultimate attack, which was similar to the ancient swordsman and the heavenly solution of a famed sword, it was impossible to break through such a defense.

“Can this lousy fire burn me?”

He did not even turn his head and continued sprinting in the same way he had come.

As long as he could withstand the White Skeleton’s white flame waterfall.

With his strength, it would only take him a few breaths to escape from the lock of the aura of the big guy behind him, and then he would be able to roam the world.

“Charge!”

The flowing flames directly evaporated the earth into nothingness.

The terrifying speed of the burning flames, which were as hot as lava but not as fluid, instantly annihilated Zhang Zhongmou.

Xu Xiaoshou was delighted when he saw this, but he did not have the time to gloat.

“Whoosh!”

In the next second, a dashing figure shot out from the white flame waterfall.

Within a few breaths, he disappeared in a flash.

“As expected.”

Zhang Zhongmou sneered.

This white flame was not bad, but other than barely making him feel the burning pain, physical attacks did not affect him at all.

“Spiritual Wings.”

Suddenly, a pair of dazzling purple wings spread out from his back. Zhang Zhongmou soared into the sky, his speed increasing by more than one fold.

“Pu Pu.”

However, at this moment, a light “Pu Pu” sound was heard from behind him.

The speed of the Spiritual Wings was interrupted instantly. Zhang Zhongmou turned around in horror.

He saw that the white flame attack, which had not done any damage to him but had left him with extremely high heat, had ignited his spiritual source the moment the spiritual wings were spread out.

“This fire can burn the spiritual source of a Sovereign with the residual heat?”

Zhang Zhongmou turned pale with fright.

He had been careless!

He immediately cut off the origin of his spiritual source.

However, even though the brave warrior cut his wrist quickly, there were still a few wisps of extremely strange burning aura. They took advantage of the few breaths of time and drilled into his energy reserve.

“Pu Pu!”

A slight sound was magnified in his body.

To his horror, Zhang Zhongmou discovered that his energy reserve had been ignited directly!

“Ultimate flame?”

This time, he was so shocked that he lost his mind.

Energy reserve was the foundation of a spiritual cultivator.

How could the fire be directly seeped into the most fundamental part of the path body and ignited at the source?

This ignition did not burn life, but the cultivation level that was even more precious than life!

“Get out of here!”

Zhang Zhongmou’s eyes turned red.

He had borrowed the Way of the Heavens in an attempt to expel this strange flame.

However, when the Way of the Heavens power came into contact with the white flame, it was also ignited!

“This...”

“Burns everything?”

“Even the Way of the Heavens was directly rejected?”

Zhang Zhongmou was extremely horrified.

At this moment, a blurry figure suddenly appeared in his mind.

It was when the Tiansang Spirit Palace was first built. It was rumored that the first Dean could burn the sky and boil the sea.

With such flame, he burned several spirit palaces around him until they festered.

Even the ashes of some elders were burned until their spiritual sources were completely wasted. From then on, it became known that the Tiansang Spirit Palace was not to be trifled with.

However, even though he had never fought with the rumored Elder Sang, Zhang Zhongmou knew about it.

That guy’s flame was an invisible and intangible existence that could not be seen or touched.

How could the White Skeleton’s white flame have such a terrifying ability?

Most importantly, how could the ability that was said to only belong to the Holy Palace appear in a mere small world like the White Cave?

And it was even used by an extradimensional creature?

“I’m in big trouble!”

While running, he tried his best to repel the burning power.

Zhang Zhongmou was about to cry when he realized that he could do nothing about this troublesome thing since they were both Sovereigns.

The Way of the Heavens could not repel it.

The only thing he could do was to pull it away from him and gather it into a ball.

Then, after it was completely compressed, he would turn the darn thing into a fireball and spit it out of his body.

However, this method required fifteen minutes hence it was impossible!

“Run!”

“Escape first and make another plan!”

Enduring the terrible pain on his body, Zhang Zhongmou’s body was twitching and changing between the real and the virtual as he continued to increase his speed.

However, with the thing inside his body, he did not dare to use his spiritual technique at all.

Maintaining the “Dim Sky Shadow” was miserable enough. How could he still dare to use too much spiritual source?

However, if he did not use a spiritual source or spiritual techniques, how could he increase his speed?

“Bang!”

The terrifying power of the Sovereign Physique was displayed at this moment.

The White Skeleton directly landed in front of Zhang Zhongmou with its feet in a few jumps.

“Huo Huo!”

It bent down and let out a low whimper. The teasing look in its eyes had a spiritual quality. It was as if... it was mocking the ant in front of it!

“Darn it.”

Zhang Zhongmou stopped when he saw the giant foot in front of him.

At this moment, he could not suppress the panic that was rising in his heart.

“How can such an existence exist in the White Cave?”

“Using white flame to suppress the spiritual source of a Spiritual Cultivator and then using its Sovereign Physique to fight the Spiritual Cultivator one-on-one?”

“How could this be an extradimensional creature?”

“Even humans don’t have such astute calculations and abilities!”

Dong dong dong!

The White Bone Giant suddenly took a few steps back.

Then, it actually began to stomp on the ants in front of it with its feet.

It didn’t look like it wanted to attack at all.

Instead, it was jumping!

Xu Xiaoshou, who was watching from afar, was shocked.

Wasn’t this White Skeleton a little too disturbing? It actually danced in front of Zhang Zhongmou?

“What’s going on?”

Yu Zhiwen’s mind was also taken away by the battle.

The scene that she saw with her pair of star eyes completely overturned her view of the world.

“How despicable!”

Xu Xiaoshou couldn’t help but sigh. “This fellow, could it be that he didn’t manage to kill anyone after coming out and was even fooled by me for so long? Now that he has captured someone that he can kill, he’s going to torture them to death?”

Yu Zhiwen frowned at him. “Didn’t it learn from you?”

“How does this have anything to do with me!”

Xu Xiaoshou retorted, “Rome wasn’t built in a day. This guy has spiritual quality and consciousness. Perhaps his nature is so despicable!”

Yu Zhiwen rolled her eyes.

“The same moral conduct!”

“Satirized, Passive Points, +1.”

He didn’t want to lower himself to this woman’s level.

His “Perception” carefully observed the White Skeleton’s skull. Even if it was just a little bit of infernal aura, he could still sense it.

“Infernal lineage hasn’t run away.”

Even if the white flame used by this White Skeleton wasn’t as strong as Elder Sang’s, it was definitely from the same lineage as him.

In other words, even if there were no “Infernal Heavens”.

As long as the physical body could withstand it, it could endure the burning of the Infernal Fire Seed and even the Advanced Infernal Fire Seed.

The infernal power could indeed be cultivated a little.

As for infernal...

Xu Xiaoshou clearly remembered when Elder Sang gave him that technique.

Its introduction was the Infernal Flame. It was the most overbearing flame in the world.

It could burn anything!

“So, when this guy met me, in fact, because of the same origin, it had already been slightly restrained by me.”

“But when it met an ordinary Sovereign, especially a Spiritual Cultivator.”

“Infernal is a state of absolute suppression!”

Xu Xiaoshou’s thoughts became active.

This white flame was too strong!

At the back mountain, the Masked Man calcined by Elder Sang didn’t have much spiritual source cultivation, and he didn’t even use it.

As a result, Xu Xiaoshou’s understanding of white flames only existed in the Dragon Melting Realm.

However, the timeline was pushed forward.

When the Masked Man cut off Ye Xiaotian’s arm and seized him.

Wasn’t it Elder Sang who had ignited the tiny spiritual source in the Masked Man’s body with just a glance and then roasted him?

“That flame can even burn the Chief of the Saint Servant. How can a mere Sovereign of the Zhang Mansion withstand it?”

Xu Xiaoshou clenched his fists. He remembered what Elder Sang had told him when he left the Spirit Palace.

“If you need to kill, then kill. If you decided, then cut off the roots. Don’t show any mercy!”

Yes.

Since this old man of the Zhang Mansion dared to come here today, he must die here. Otherwise, there would be endless trouble in the future.

Also!

The Advanced Infernal Fire Seed...

Yu Zhiwen stole a glance at Xu Xiaoshou. She was shocked by the greed in this guy's eyes.

“What's going on?”

“Didn't he hide here and wait for a chance to escape? Xu Xiaoshou, what is he planning to do now?”

“Suspected, Passive Points, +1.”

...

“There's no time!”

Looking at the White Skeleton dancing in front of him, he did not want to attack him at all.

Zhang Zhongmou was furious.

This was an insult!

He did not have any hope of using the Way of the Heavens to draw out the burning aura in front of this big guy.

As time passed, his combat strength would definitely decrease greatly.

At that time, what would he use to fight against this undefeatable existence who had both offense and defense, as well as a strange and extremely powerful spirit enhancement attack — White Skeleton?

“We have to seize every second and directly use our strongest cultivation. After I kill it, I will talk about other things!”

Hesitation would lead to defeat.

Zhang Zhongmou was never an arbitrary person.

In an instant, he made up his mind.

“Boom!”

All of his spiritual sources exploded.

This time, the aura of the Sovereign pressed down on him. The White Skeleton, who was still dancing, had no choice but to bend his back.

King!

Even if the person in front of him was nearly a hundred meters tall, he had to bow and submit at that moment!

“Roar!”

After standing up, the White Skeleton was also furious.

It was also a King!

Therefore, it could allow itself to bend down and tease the ants, but it would never allow others to have an even more powerful aura in front of it!

Boom!

In the blink of an eye, both fists turned into divine hammers and whizzed down.

However, Zhang Zhongmou, who had opened the “Dim Sky Shadow”, could not make up his mind even though his body was in immense pain and his muscles were twitching.

With a swoosh, he pierced through the hammer and pulled a great distance away.

A Spiritual Cultivator couldn't fight a Sovereign Level Physique in close combat.

The ring flashed.

Zhang Zhongmou took out a bundle of blue, thick whips.

Dark Jade Whip, a third-grade spiritual whip.

A spiritual weapon at the Peak of Sovereign!

With a whip, even if it was a Cutting Path, one's mind would collapse instantly and their spiritual source would be unstable.

If one could bind the whip, one would lose all six senses and isolate the Way of the Heavens.

The Sovereign comprehended the Path.

It also used the Path.

But if one couldn't even see the Path, how could one attack?

Although the power of the Dark Jade Whip wasn't of much use against the White Skeleton.

But just a layer of isolation from the Way of the Heavens should be enough to teach this big guy to not even be able to spit out sparks.

“Ta!”

With a shake of his hand, the Dark Jade Whip instantly grew longer, transforming into a terrifying existence that was like dark lightning. At the instant the White Bone Giant stepped over, it fiercely lashed out.

“Boom!”

With this whip lashing out, some white bone fragments directly shot out from the void.

Xu Xiaoshou, who was watching from the sidelines, could clearly see that the instant the two collided, the white flames on the White Bone Giant's body instantly disappeared. Even the flames that were spewing out from his eyes directly flickered and disappeared into specks of stars.

With a boom, it landed on the ground with one foot, and its body shook violently. It shook its head for three or four rounds before the white flame on its skull gushed out again.

On the other hand, Zhang Zhongmou was not in a good mood either.

The kick from the Sovereign Physique was in the form of a giant's stomp. Its power was definitely not to be underestimated.

Even though the whip had made the big guy absent-minded, Zhang Zhongmou was still sent flying by the kick.

The immense force from the Dark Jade Whip was transmitted to his body and almost shattered it.

Even the whip in his hand was taken back after being sent flying.

"Both sides suffered heavy injuries!"

"There was no one-sided battle and there was no continuous combo."

Xu Xiaoshou thought that this was a very good result.

The two in front of him were evenly matched in strength.

If this battle continued, he was the only one who could clean up the mess!

"Come on, big guy!"

"Come on, Old Zhang!"

"Die together."

Yu Zhiwen felt a chill down her spine.

"Feared, Passive Points, +1."

...

"Little Yu."

Xu Xiaoshou suddenly turned around.

Yu Zhiwen was so scared that she dodged his eyes, afraid that she would be found out that she had not been paying attention to the battlefield.

"What, what is it?"

"Do you have any large-scale Divine Array that can cover this cage of the snipe and clam fight without being discovered?" Xu Xiaoshou asked.

"Snipe and clam?"

Yu Zhiwen was stunned. This adjective immediately revealed the thoughts in Xu Xiaoshou's heart.

"Yes, I do, but it would be a little difficult to prevent them from finding out."

She hesitated for a moment and decided to reveal part of her strength.

It wasn't good to always hide it.

It was rare for Xu Xiaoshou to need her...

“How hard is it?”

Xu Xiaoshou raised an eyebrow.

It was hard, but not impossible. It meant that there was a chance.

“Setting up the array isn’t hard, but it takes time.”

“You have a lot of time.”

Xu Xiaoshou looked at the White Bone Giant with a playful heart and knew that this battle wouldn’t end so soon.

“Then let me try...”

As Yu Zhiwen said this, her face suddenly turned red.

Her entire face was flushed red without any warning.

Then, it was her ears, her neck...

“What’s wrong?”

Xu Xiaoshou heard the thumping sound again, could it be that this girl...

She might be sick, right?

“I, I...”

“The sky screen is too small. I might not be able to use it...”

Yu Zhiwen’s voice was like a mosquito’s.

“What do you mean?”

Xu Xiaoshou looked at Yu Zhiwen’s face, which was so close to his face that even her long eyelashes could be seen clearly. He suddenly realized something.

“Do you want me to carry you? You should have told me earlier.”

He laughed softly.

Then, he bent down and wrapped his arm around Yu Zhiwen’s thigh. Feeling the amazing elasticity, he gently placed her onto his shoulder.

Yu Zhiwen’s face was so red that blood could drip out.

“Resisted, Passive Points, +1.”

“Is it enough to use? Is the space big enough?”

“Yes, it’s big enough...”

“Acknowledged, Passive Points, +1.”
