Chapter 631: Young Master Jiang of Northern Region

“Doubted, passive points + 2.”

“You’re crazy!”

As the first to voice out his doubts, Xin Gugu was really shocked by Xu Xiaoshou.

This guy was so ambitious, or else he would not have mentioned an idea like establishing a supreme faction.

Even if they establish a faction, they would naturally be incurring a lot of trouble, which would undermine their power.

By then, who should bear the responsibility?

Could the two ghost beast host bodies help?

What a joke!

Mo Mo was also quite frightened. “Young... Young Master Xu?”

“Hmm?” Xu Xiaoshou tilted his head.

Mo Mo frowned. “The idea is not bad, but it’s too unrealistic. Not to mention that we only have four people, even if we recruit more people, the highest faction will not be so easy to establish.”

“Who told you that the highest faction must have the most people?” Xu Xiaoshou smiled calmly.

Mo Mo was speechless for a moment.

Indeed, the supreme faction didn’t necessarily need many people.

But at the very least, they needed the strongest person, right?

Otherwise, forget about taking care of a piece of land.

Who could withstand a single Cutting Path Stage?

“Doubted, passive points + 2.”

What Mo Mo didn’t know was that in Xu Xiaoshou’s heart, the person with the highest strength had already been chosen.

There was also one extra candidate!

“Expected, passive points, + 1.”

Amidst the major doubts was an optimistic message.

Almost at the same time that Xu Xiaoshou made this suggestion, Mu Zixi’s eyes lit up, as if she had thought of something fun.

“The highest faction? Great!”

“We will also build a pavilion as tall as the plenty gold company. The decorations will be so luxurious, and then it will be our second home in Dongtianwang City!”

Mu Zixi had never thought of the trouble that would follow, nor would she think about it.

The greatest regret in her heart was that her home in Tiansang Prefecture, which she had lived in for a short time, had become a thing of the past after she and Xu Xiaoshou left.

If she could have one in Dongtianwang city, that would be the best!

“You understand me quite well.”

Xu Xiaoshou happily patted his junior sister’s head. He liked his junior sister’s brainless and silly look.

“I already have an idea, but can you give me more suggestions?” As he spoke, he turned to look at Xin Gugu and Xu Xiaoshou.

Xin Gugu was helpless.

He had no way of influencing Xu Xiaoshou’s decision.

Whatever this guy wanted to do, he basically had a plan in mind.

To say it out loud, it was not a discussion, but he needed someone to fill in the details.

“Then...”

Xin Gugu deliberated for a long time and tried to say, “Xu Mansion?”

Smack.

Xu Xiaoshou was disappointed that he did not live up to his expectations and was rewarded.

“Xu Mansion?”

“Are you kidding me?”

“Have you forgotten your mission and attitude? Xu Mansion... Why Don’t you change it to xufu? !”

That was not impossible... Xin Gugu shrunk his head in pain and grimaced, not daring to speak.

He finally remembered something.

“Something more arrogant?”

“That’s not very good... it’s already exaggerated enough to build a faction, but you still want to offend the entire Dongtianwang City with just one name?”

It was originally a questioning tone, but when Xu Xiaoshou heard this, he suddenly fell into deep thought.

A name to offend the entire Dongtianwang City?

If that was really the case, wouldn't he be able to receive the clatter of passive points just by sitting?

Xin Gugu was shocked by Xu Xiaoshou's thoughtful expression.

"Do you really want to do this?"

"That's a great idea!" Xu Xiaoshou patted his shoulder in praise. "If we follow this line of thought, what other suggestions do you have?"

Mo Mo was speechless as she watched from the side.

She couldn't interrupt at all.

At that moment, Xin Gugu seemed to be influenced by Xu Xiaoshou's thinking. If this continued, wouldn't the ghost beast host body be kept a secret?

"That's very arrogant..."

Mu Zixi frowned and thought hard. As the only person who wasn't afraid of death, she quickly gave an answer. "If we talk about being arrogant and offending everyone at once..."

She suddenly raised her head with her big eyes were shining. "What about East Heaven's Number One Tower?"

"It's quite domineering, isn't it? Once this name is hung out, everyone passing by will be unable to help but take a glance at it!"

"Expected, passive points, + 1."

It had to be said that Xu Xiaoshou was moved.

If she hung a plague written with "East Heaven's Number One Tower" under the building, that would definitely attract a lot of attention.

With that, she could earn a lot of passive points!

Xin Gugu's blood suddenly boiled.

As a middle-aged young man, under the encouragement of his unwilling attitude, he vehemently said, "If we really want to follow this train of thought, isn't the tower a little too short?"

Mu Zixi's dissatisfied gaze instantly swept across him.

Xin Gugu was unmoved. "If we're talking about number one, then of course the 'number one in the world' is even more arrogant." Mo Mo was stunned when she heard that.

She looked at Xin Gugu in disbelief.

This, had gone astray?

"It's not enough!"

Xu Xiao shook her head. "According to what you said, the aim of being number one in the world is still not enough. It lacks an unstoppable, disdainful edge..."

“What?” Xin Gugu and Mu Zixi looked back at the same time, their eyes full of anticipation.

Xu Xiaoshou pondered for a moment and decided to take a leap of faith. Therefore, he quickly made a decision in his heart.

“I will call it the First Pavilion in the Sky!”

After changing the word, he raised his head to look at the sky. A heroic aura surged along with the boundless pride in his heart.

Everyone felt intimidated.

At this moment, Xin Gugu and Mu Zixi looked up as if they had also seen the immortal palace from a high vantage point.

The Immortal Qi was swirling there, and the divine light was extraordinary. For a moment, both of them were fascinated.

“Criticized, passive points + 1.”

Mo Mo looked at the three young men who were looking up at the sky but couldn’t see anything. Her pretty face began to stiffen.

“This...”

She wanted to say something, but she stopped herself.

Mo Mo’s toes, which were hidden between her white boots, curled up tightly. Her five fingers tightly gripped the small bronze cauldron, and her forearm drooped weakly.

Am I out of touch with these young men? Why do their thoughts seem so awkward to me..

“Resisted, passive points + 1.”

...

“Pfft!”

Mo Mo wasn’t the only one who felt awkward.

As they chatted, a group of four walked out of the alley and arrived at the entrance of the Plenty Gold Company.

At the entrance, a group of people walked out. A few of them couldn’t help but burst out laughing.

“The first floor in the sky... Hahaha, this is so funny!”

“Who is it? !”

Xin Gugu was like a hedgehog that had its hair blown up. He turned around at the speed of light and shot a vicious glare at Xin Gugu.

“Shut up.”

Among the six people, the young man who was walking at the front was the most cultured. He immediately shouted back.

The people who were laughing behind him immediately became serious. They restrained their laughter and looked extremely solemn.

However, Xin Gugu was indignant, for he was a person who yearned for freedom.

Once upon a time, the word "Home" was so far away from him.

Just like Mu Zixi, he also longed for the happiness of the manor in Tiansang City.

Perhaps ordinary people would not be able to understand, and even mu zixi might not be as extravagant as he hoped. There was a place that could accommodate the childlike innocence in everyone's hearts.

If he faced it, he would laugh it off.

This was Xin Gugu's greatest satisfaction.

From his point of view, his family members were chatting about their own affairs, indulging in longing and joy.

Even if they were indeed full of energy.

But in the end, his family members were all enjoying it, and that was enough.

But at such a time, when he would rather lower his age to try to find such a happy atmosphere, there just had to be someone with a face that said, "just accept the reality".

That laughter seemed to whisper in his ear:

"In this world, there is no light at all!"

Everyone knew very well whether there was light or not.

However, if even a deliberate fantasy had to be teased by reality.

Accepting was one thing, but being unhappy was also serious!

"What are you laughing at?"

Xin Gugu strode in front of the group and his expression turned cold. "Is the First Pavilion in the Sky very funny?"

There were two young cultivators: one was cold and handsome, and the other was a fat man in white clothes.

Behind him were four middle-aged men at the sovereign stage and they looked like bodyguards.

Xin Gugu could tell at a glance that this kind of combination was the participants of the Sovereign Stage trial and they were from a big faction.

It was a combination that he would deliberately avoid even if he accepted the mission of "Acting arrogantly".

Because there was a possibility that he would really get into trouble.

However, this time, he faced the sovereign who laughed the loudest and even spurted out a mouthful of laughter. His aura was piercingly cold, and he was full of fighting spirit.

The crowd at the side immediately dispersed and formed a circle. All of them looked surprised and surprised.

“A sovereign?”

“Oh my God, such a young sovereign! This is too incredible!”

“There’s going to be a good show? This group of people isn’t simple either! Among the four sovereign (stage) , who is the leader... The young genius from Dongtianwang City, I should know him, right?”

“I don’t know him either. I guess he is also a foreigner who was attracted here!”

“Jiang clan? I don’t really know him. I seem to have seen a conflict a few days ago. The source is also this person. It seems... that he has a great background?”

“Then, don’t you know the other party? Just now, they entered the city with great momentum! It’s the Xu family from Northern Region! This sounds very exaggerated. Someone from the northern region has come!”

“Debated, passive points + 126.”

“Surrounded by onlookers, passive points, + 147.”

“Conjecture, passive points, + 84.”

Information bar popped up one after another.

Xu Xiaoshou felt an uneasiness in his heart, and his vigilance instantly increased.

He didn’t care about the throne of the six-person group that had walked out of the entrance of the plenty gold company, but the two young men leading the group didn’t seem to be simple.

That white-clothed person looked somewhat familiar.

But at this moment, Xu Xiaoshou didn’t think too deeply about it.

Because that tall and thin youth with a cold expression was too eye-catching.

Xu Xiaoshou was watching from behind.

He couldn’t help but focus his attention on that pair of eyes.

It was a pair of extremely pure black eyes. However, in the midst of its extreme purity, there were three gray spots around the whites of the eyes.

The gray spots were like withered petals, giving off an extremely mysterious aura.

With just a glance, Xu Xiaoshou felt as if he had seen the famed sword. His mind was pulled into the famed sword’s fantasy realm, and he couldn’t extricate himself.

“Under control, passive points, + 1.”

A “+ 1” message suddenly popped up in the information bar, breaking Xu Xiaoshou’s deadlock.

He snapped back to reality.

He couldn’t help but think of Yu Zhiwen’s Pearl Gem Star Eyes and his junior sister’s God Devil Eyes.

“Power of the same level?”

His thoughts were mixed, and Xu Xiaoshou felt like he was about to be thrown into confusion.

He wanted to call out to Xin Gugu, but the junior sister beside him seemed to have regained her consciousness after losing her mind, and she continued to say a few words.

Apparently, that clear and cold tone did not seem like a voice that could be heard from the junior sister.

It was out of place!

“Do you know her?”

Xu Xiaoshou looked back.

However, he was surprised to find that at this moment, Mu Zixi’s innocent and bright aura was no longer there, and she was only cold.

As if he had sensed something, the young man with magical eyes looked into the distance and was about to speak.

However, the throne behind him could no longer hold back under the pressure of Xin Gugu’s aura.

With a thud, he stepped forward.

“So what if you laugh?”

“The streets are bustling with people. Did I laugh at you? What right do you have to meddle in my affairs...”

“Shut up!”

The young man could not help but retract his gaze and berated, “Haven’t you had enough trouble in the past few days? I’ll tell you to restrain yourselves and not bring out your bad habits from home!”

“Oh.” The sovereign obediently nodded his head after receiving his training.

“Stand down.”

“Yes!”

After a few sounds, he returned to his original position.

Xin Gugu narrowed his eyes.

He could feel that this young man was too extraordinary. However, he turned his gaze towards the person in charge. After the other party reprimanded his own people, he turned his gaze over as well.

After that, there was no more follow-up.

That indifferent look of his seemed to be saying, "I can teach my own people, but it's impossible for me to apologize for my rudeness earlier!"

"That's it? That's it?"

Xin Gugu raised his eyebrows and was full of anger.

People who were pampered and pampered, even if they seemed to have self-control.

However, it seemed that as the basic respect of humans, they were not born to learn it.

"What else?"

Facing the throne, the young man was not moved at all. It was as if his innate cultivation level should treat the sovereign with such a condescending attitude.

"Young Master Jiang, put it down."

"Hehe, I'll do it. I'll do it."

"I'll handle this matter..."

The white-clothed fatty who was smiling apologetically at the side spoke. He took a step forward and caught everyone's gaze.

He first faced Xin Gugu and solemnly cupped his fists. "I'm Rong Dahao. What we did earlier was indeed wrong. Please forgive us."

The tall and thin young man called Young Master Jiang faintly furrowed his brows.

Rong Dahao continued, "But as the saying goes, if you don't fight, you won't get to know each other. If there is conflict, then there will be the first side of the conflict. I can see that all of you have extraordinary temperaments and are definitely not ordinary people. May I ask how I should address you?"

As he spoke, his gaze turned to the back as the young man there was clearly the person in charge.

However, the focus of his gaze was completely attracted by the small bronze cauldron in the hands of the unfamiliar face beside him.

In an instant, cold sweat dripped from his back, and his entire body stiffened.

Xin Gugu did not pay attention to this.

He did not hit the smiling person. He was happy to give face to this fatty. Turning his body, he raised his head and said, "Young Master Xu from Taixiang Xu family of Northern Region!"

The people around were obviously shocked.

However, the people in front of them were a little stunned.

Young Master Jiang, who was the leader, tilted his head and said in surprise, "Northern Region?"

“What?”

Unquestionably, Xin Gugu did not have a good impression of this person at all, for his tone was imbued with indifference.

The throne that was laughing earlier stepped forward at the right time. There was a mocking and funny look on his face, as if he had something to say.

“Taixiang Xu family? It sounds so familiar.”

Xin Gugu swept a cold glance over, only to see that the sovereign also extended his hand and bent his finger towards the young man in front of him while bowing slightly.

“Greetings, Young Master Jiang!”

Chapter 632: Old Master Xu
The Northern Region?

Xu Xiaoshou’s pupils constricted instantly.

“Startled, passive points, + 1.”

His first reaction was that this person was trying to be mysterious.

However, he immediately denied it, for nobody would pretend to be someone else just to provoke him.

Moreover, the young man in the lead had never said anything about the Jiang family from the Northern Region.

Based on the whispers of the onlookers and the temperament of the young man, this guy was definitely an authentic person from the region. He wasn’t someone that an imposter like him could compare to!

With that, Xin Gugu swallowed his saliva and opened his mouth in shock. He almost fell off on the spot.

He subconsciously took half a step back. That was too terrifying!

“D*mn it, did I bump into a real person?”

The sound of footsteps came from behind. Xin Gugu turned his head and met Xu Xiaoshou’s gaze. He understood and stepped back.

This kind of brain-burning situation was not something he could solve.

“Jiang family of the Northern Region?”

Xu Xiaoshou came in front of Young Master Jiang with a calm face.

Looking at him from the front, one had to admit that apart from his unique temperament, he was also very handsome.

He had thick eyebrows, a chiseled face, and a mischievous face in the celestial court. With his eyes filled with the spiritual energy of heaven and earth, he was undoubtedly an outstanding figure in the realm. It was hard to find someone like him in the mortal world.

Xu Xiaoshou had only seen such a handsome face on Fu Xing.

In comparison, the man in front of him had a more ethereal temperament. The two could not be different.

“Jiang Xian.”

In the face of Xu Xiaoshou’s confrontation, Jiang Xian, gently pressed his finger behind him, indicating for the people behind him to be patient.

They were both from the northern region. Although he had never heard of the name of the “Taixiang Xu family, it was possible that the person in front of him was from the same demi-saint family as he was.

Apparently, he was very confident!

“Xu Xiaoshou.” he nodded his head indifferently.

“Xu Xiaoshou... ?”

Jiang Xian’s calm demeanor was instantly ruined by this strange name. After a moment of shock, he subconsciously asked, “Which one of you is choking?”

“It doesn’t matter.”

Xu Xiaoshou waved his hand casually and looked at Rong Dahao.

“This brother is right. If we don’t fight, we won’t get to know each other.”

“Well, we are both from the northern region. Since we are fated, I will call you by your single name ‘Xian’. You can call me ‘Deye’.”

After a short pause, Xu Xiaoshou’s expression became serious.

“Xian!”

He cupped his fists with an extremely sincere expression.

Jiang Xian was moved by this sincerity. He opened his mouth and subconsciously echoed, “I choked... Huh?”

Before he could finish, he immediately realized that something was wrong.

The next second, his fair and clean face was filled with blood.

“Are you insulting me? !” Jiang Xian’s expression immediately became ferocious.

“Glared at, passive points, + 1.”

“Glared at, passive points, + 4.”

“Respected, passive points, + 1.”

Mu Zixi, who was behind them, was the first to burst out laughing.

As she burst out laughing, a few angry gazes swept over, and her laughter stopped abruptly.

However, her trembling shoulders and her jumping ponytails... All these details from her suggested something important.

“Hahahaha”

After a moment of silence, the crowd was ignited by Mu Zixi’s laughter and instantly burst into laughter.

“F*ck, what kind of immortal name is this? Xu Deye?”

“F*ck! This guy’s parents are too awesome. How could they give him such a name? I bet he was bullied very often when he was young.”

“This is too funny! Do you really think that there’s anyone in the world who would call him by that name? It’s obvious that he’s unhappy with you. Now, he wants to face you head-on!”

“Well, is that so?”

“Jiang Xian is said to be at least from the Higher Void Family in the Northern Region. What kind of situation is that Xu Deye in? Isn’t he afraid of death?”

“Who knows?”

“That young master Xu seems to have quite a strong faction. I reckon that from the very beginning, he never intended to let these people off.”

“Awesome, Awesome, Awesome. I didn’t even support the wall, but I admire this Xu Guy. He’s just showing off. This time, there will be a good show to watch.”

“Respected, passive points, + 92.”

“Praised, passive points, + 120.”

“Respected, passive points, + 166.”

The onlookers immediately cleared a large space for them.

Even though they were currently at the entrance of the Plenty Gold Company, the highest faction in this realm, in their eyes, it seemed that both sides had quite a strong background and didn’t care about this at all.

Did they want to fight?

Great!

A direct confrontation between the sovereigns was rare even in Dongtianwang City!

Xu Xiaoshou waited until the surrounding spectators had stirred up the anger of the Jiang family to an unparalleled level before he put on a disdainful and mocking face. With that, he faced Jiang Xian with a wave of sizzle.

“Only now do you see that I’m insulting you? Isn’t your reflex arc too long? You only have a pretty face, don’t you have a brain?”

He didn’t care at all.

As he spoke, his face was directly pressed against Jiang Xian's face.

"When it comes to insults, the audience's voice is clear. Shouldn't it be your ridicule first and mine later?"

Jiang Xian was about to fly into a rage. He really didn't expect this Xu Xiaoshou in front of him to hold such a grudge over such a small matter.

But he only opened his mouth.

Xu Xiaoshou's voice rose and he angrily rebuked, "I let you speak!"

Jiang Xian was perplexed.

"Suspected, passive points + 1."

"Suspected, passive points + 4."

Even the four sovereigns of the Jiang family were shocked by this kid's arrogant attitude.

They had always been the only ones who had such an arrogant face when facing outsiders.

Since when did any random passerby have the right to order their Jiang family around.

"What the f*ck are you looking for..."

"Do you want to die?" Before the sovereign who was the first to laugh could finish his sentence, Xu Xiaoshou looked at him coldly. The suppressed emotions in his heart overwhelmed him.

For no reason, the sovereign stopped talking.

"What kind of aura is this?"

The onlookers were all frightened. Dozens of people staggered and some even collapsed on the ground, after which they got up in a hurry.

"F*ck!" Then, they retreated to the back angrily. They were too ashamed to stand in the front row.

This aura that was condensed into substance didn't look like an aura at all. Instead, it looked like an attack on a spiritual technique. It was a blow from the unguarded soul.

It didn't matter whether it was cultivation level or cultivation level.

As long as Xu Xiaoshou's aura rose, everyone would be more than a level lower with a glance!

"F*ck, this guy is so young. I thought he was at the Innate Stage. Could it be that he's a sovereign? Or is he at the Cutting Path Stage?"

"My god, don't scare me!"

"But... can you see his cultivation level clearly?"

"I can't see clearly, but there's not even the slightest fluctuation of the way of the heavens around him. This kind of person is just too new!"

“But, do you think the Innate Stage is that weak?”

With these words, the surrounding crowd kept silent.

Was it really Cutting Path Stage?

“Suspected, passive points + 144.”

“Feared, passive points + 122.”

Jiang Xian was also shocked by this aura.

A person who seemed to be of the same age as him, how could it happen?

“Impossible!” he exclaimed in his heart.

But on the surface, he was really crushed by Xu Xiaoshou and did not say a word.

Xu Xiaoshou swept his gaze across the crowd and walked past Jiang Xian, arriving before the most arrogant sovereign.

“The Jiang family of the Northern Region?”

He reached out his hand in front of the sovereign and suddenly stopped.

When he realized that he was being too arrogant, he saw a trace of fear in the sovereign’s eyes.

At the same time.

“Suspected, passive points + 5.”

“Suspected, passive points, + 5.”

“Conjecture, passive points, + 5.”

Xu Xiaoshou’s confidence rose.

The five of them panicked.

They were guessing their identities!

Thus, Xu Xiaoshou, who was pushing his luck, slapped the sovereign’s face with his two fingers. The other party seemed to have stiffened and forgot to resist.

Xu Xiaoshou finally spoke.

“Don’t say that I haven’t heard of your name since I’ve been in the northern region for most of my life.”

“Just on the day of my grandfather’s birthday, I’m certain that there isn’t a single person with the surname Jiang on the congratulatory list!”

“Today, you have to apologize for your rudeness!”

“Understand?”

The whole place was silent.

Everyone was scared by this Xu family's arrogance.

It turned out that this guy's confidence came from the fact that the Jiang family of the Northern region didn't have the right to attend the birthday celebration of the Xu family.

After these words, even a fool would understand that the Xu family of Taixiang was many times more powerful than the Jiang family.

The Jiang family had met a big problem!

Xin Gugu, who was at the back of the discussion, felt his blood boiling.

At this moment, his eyes were filled with great admiration and worship!

No one knew how terrifying Li Gui was after he had bumped into Li Kui and was stunned by the words "North region, Pu Xuan Jiang family".

Therefore, no one could find out how great Xu Xiaoshou was in such an awkward situation!

But the problem was...

"They acted it so well!"

Xin Gugu was dumbfounded.

Xin Gugu had never even seen Xu Xiaoshou choke before, let alone Old Master Xu. He even suspected that Xu Xiaoshou was lying!

However, under such circumstances, he, Xu Xiaoshou, had forcefully fabricated a "Truth"!

Even the news about how the Jiang family was forgotten on the list had been revealed...

Xin Gugu was stunned.

Xu Xiaoshou was indeed ridiculous!

Mo Mo's eyelashes blinked. She was also confused by Xu Xiaoshou's words.

From Tiansang Spirit Palace to the white cave until now...

It seemed that no one knew Xu Xiaoshou's background. However, she, who was familiar with Xu Xiaoshou's personality, couldn't help but doubt whether this was true.

However, she couldn't help but sigh in her mind:

"No wonder..."

"I was wondering why this kid is so strange. Does he really come from a big faction?"

"But it's true. If there's no one behind him, his growth speed, temperament, and the protection around him are really hard to explain."

Mo Mo was stunned. "Are you serious?"

“Do you really think this guy is joking? TTAixiang Xu family may be fake, but the true faction behind him must be true!”

“Otherwise, do you really think that everyone has the confidence to say such words? If it were you, would you dare to say such words?”

“I really can’t say it... She is a little ambiguous.”

Xu Xiaoshou really has a great background?

“Cursed, passive points + 1, + 1, + 1, + 1...”

Mu Zixi was also a little displeased by the pretentious Xu Xiaoshou.

However, a seductive female voice that said “I see” suddenly appeared in her mind, and her mind became active.

“What does that mean?”

Could it be that Xu Xiaoshou really had a background?

All kinds of past events flooded her mind.

Master’s first glance, a physique that wouldn’t die no matter how he exploded, a fortuitous encounter where he could inexplicably send treasures to the Yuan Mansion...

As she thought about it, Mu Zixi’s big eyes suddenly lit up.

The Big Brother who had faded in her memory and would gently go up to her after she had done something wrong, rubbing her head and saying, “It’s okay, I’m here” appeared again.

“I see!”

“Respected, passive points, + 1, + 1, + 1, + 1...”

“Liked, passive points, + 1, + 1, + 1, + 1...”

...

The information bar popped up crazily.

Xu Xiaoshou had never thought that his words, which were fabricated by Bazhun’an and the grey mist figure behind him, would be so real that even his own people would misunderstand.

But at this moment, he did not think too much.

He indeed possessed the confidence needed.

And after having the confidence to say these words, he was not afraid of others doubting him.

No matter how bad it was, this person who was at most at the sovereign stage in front of him would not kill him on the spot.

Another time, another late night.

Xu Xiaoshou was confident that he would seal the mouths of these people who dared to doubt him.

Unexpectedly, the other party had given up!

The throne in front of him was silent. Cold Sweat began to appear on his forehead. It was obvious that he had realized the seriousness of the problem. The other party was the formidable sovereign.

Jiang Xian, who had been left behind, could no longer bear the pressure. He curled the corners of his mouth, clenched his fists, and returned to Xu Xiaoshou's side.

"I'm sorry. Our Jiang family is indeed a demi-saint family in seclusion. We know very little about the outside world."

"It's our Jiang family's fault for not being able to attend old master Xu's birthday party. We will definitely inform our demi-saint family to pay a visit to the Xu family in Taxiang to apologize!"

After a pause, Jiang Xian was completely relieved.

Since they were both demi-saint families, there was nothing to be embarrassed about.

If he could get to know the Xu family through the ridicule of the servants this time, it would be a blessing in disguise!

He waved his hand and the sovereign immediately bowed down. "I'm sorry, I misspoke earlier. I apologize to everyone. I'm sorry!"

Jiang Xian pretended to be angry and hit the sovereign, causing the latter to stagger away. He then took the position of servant and came before Xu Xiaoshou.

"Haha, If you don't fight, you won't get to know each other. Brother Xu, with such a background, I don't think you will argue with a servant, right?"

"My name is Jiang Xian."

He introduced himself once again and took the initiative to extend his hand. It was as if he wanted to bury the hatchet.

However, after this wave of apologies, Jiang Xian was no longer muddled, but Xu Xiaoshou was almost paralyzed.

Demi-saint family?!

Demi-saint actually visited the Taixiang Xu family?

"Don't you belong to the Higher Void family? I didn't expect you to come from such a powerful background!"

Xu Xiaoshou jolted back to his senses. He then stared at the young man's mysteriously melancholic eyes in a daze. At the same time, his heart pounded wildly.

"What the f*ck..."

"Startled, passive points, + 1."

Chapter 633: The Mind-changing Aperture

If time could be reversed, Xu Xiaoshou swore that he would never act arrogantly again.

Demi-saint family...

That was a huge challenge for him.

If the opponent was a disabled demi-saint or a grey mist figure, then of course he would be easy to deal with. Even a warrior at the Cutting Path Stage could win the battle.

After all, the scene of the storyteller chasing after the grey mist figure was still vivid in his mind...

However, regarding the demi-saint who lived openly on this continent, Xu Xiaoshou only remembered Ai Cangsheng who came from the west with an arrow that even Elder Sang couldn't block!

Could he provoke such an existence?

He couldn't!

However, there were no ifs...

With a pale face, he looked at Jiang Xian's extended hand.

Holding it meant that he had accepted Jiang Xian's good intentions. However, he had been so arrogant previously. Now that Jiang Xian was on the same level as him, he must behave politely.

"A demi-saint visiting my house?"

"Tested. Passive Points + 1."

The answer was given in the information bar.

Xu Xiaoshou only remained silent for half a second before he waved his hand and sent Jiang Xian's hand flying.

"Is that a test? I am from the aristocratic family of the Holy Emperor!"

He tried to hypnotize himself in his mind. At this moment, Xu Xiaoshou's aura became even stronger. He swept his cold gaze across the Jiang family and turned his head back with a swish.

"There will be no next time!"

A rude warning was given in an extremely arrogant manner.

Even after he heard that the Jiang family had a demi-saint, he still did not pay them any respect.

As a result, the Jiang family's faces all turned ugly.

Even Jiang Xian, who was well-mannered, still looked unhappy.

The onlookers were a bit surprised. They wanted to cry out in surprise, but they had to restrain themselves due to the pressure.

“My God, where did this Young Master Xu come from?”

“The Jiang family, the demi-saint family of the Northern Region.”

“Let’s retreat, we probably won’t be able to fight in this wave. However, once they leave, it’s very likely that they’ll target us. Let’s retreat!”

“Let’s go, let’s go, we’ll die if we’re any slower!”

The arena’s spectators retreated in a huff. Clearly, they realized that they couldn’t watch too much of this show.

The demi-saint family (ies)’s face wasn’t that easy to lose.

They might even be recognized and sealed.

“In awe, passive points + 145.”

“Suspected, passive points + 122.”

“In favor, passive points + 66.”

Xu Xiaoshou didn’t even dare to look at the information bar’s pop-up box. He turned around, and with a wave of his head, he led everyone through the middle of the Jiang clan and into the Plenty Gold Company.

“This...”

The Jiang family’s sovereign was furious, but the other party had a stronger background. He could only swallow his anger.

“Young Master Jiang?” The sovereign took the initiative to speak.

Jiang Xian looked back coldly. “Go back and receive your punishment!”

“Yes!”

The Jiang clan’s sovereign closed his eyes in pain. He knew that he had indeed gotten himself into big trouble this time.

Jiang Xian paused for a moment and turned to look at another person with a determined expression.

“Immediately investigate the Xu family for me! Regardless of place names or clan names, as long as there are similar ones, gather them all. Don’t limit yourself. This name might be fake.”

“Also, dig out all the Higher Void families and Demi-saint families in the Northern Region, whether they are in seclusion or not. Make a list and hand it over to me within three days!”

“Also, demi-saint’s birthday celebration is a big event. Why didn’t our Jiang family receive any information?”

“Starting from this point, it’s been close to ten years... No, give me a list of all the demi-saint’s birthday celebration families in the past hundred years. It’s not limited to the northern region.”

“Finally, prepare the gifts!”

“Gifts?” The sovereign wanted to promise them one by one and immediately go to work. However, he was shocked by the last sentence. “It’s already like this. Do we still need to compensate them?”

Jiang Xian glared coldly. “Life and death gifts, all of them!”

The Jiang family’s sovereign was stunned and suddenly understood something.

“Yes!”

Upon saying this, he immediately accepted the order and disappeared.

Jiang Xian sighed in his heart.

This matter had come at a terrible time, and he was truly caught unprepared.

If the other party was really a faction that was a level higher than the Jiang family, then this matter was big and small.

The main thing would be to see what kind of attitude Xu Deqi had..

“Wait!”

Thinking of Xu Deye, Jiang Xian immediately spoke.

But the servant had already left, and he couldn’t call him back.

“Young Master Jiang, do you have any other orders?” Another person immediately took over.

Jiang Xian opened his mouth, wanting to say something, but he hesitated. In the end, he sighed and said, “Investigate and find out what the name of this person is.”

He had a feeling that the two of them might have to deal with each other again in the future.

How was it possible that someone would bear the name “Deye”? That was too funny.

“Yes!” The two subordinates followed the order and left, leaving only the last two people behind to protect themselves.

As Jiang Xian swept a glance over the place, his gaze fell on Rong Dahao, who was frozen in front of him as if he had turned into a stone statue. His brows suddenly furrowed.

Who said that he was the one to do this?

He just said one sentence, and he really treated him like air?

If he didn’t say anything, no one would see him?

“Hey, what are you...”

“Young Master Jiang!” The other sovereign, who had been silent, suddenly interrupted. His voice was full of shock.

Jiang Xian turned his head and raised his eyebrows.

“The Heaven Pearl is moving!”

In the sovereign’s hand was a crystal ball the size of a baby’s fist.

There seemed to be something like an eyeball sealed in the crystal ball, but it was covered by a thick white fog.

At this moment, the Heaven Pearl, which had not made any movements since it came from the northern region, could vaguely be seen that the sealed eyeball was slowly trembling in the white fog, it was as if it was trying its best to look in a certain direction.

“It moved?”

Jiang Xian was greatly shocked when he heard this. With a swoosh, he rushed over and held the heaven’s knowledge pearl in his palm.

White fog surged.

The Heaven Pearl only trembled for a moment before it was once again covered by the fog and no fluctuations could be seen.

“It’s here!”

Jiang Xian knew that he could not have seen wrongly. Since the Heaven Pearl had moved, it meant that the target of his mission this time was really in Dongtianwang City.

“Who got the pearl actually?”

He thought hard.

The magical eyes recorded every person he had seen since entering Dongtianwang City and replayed them in his mind.

However, he had no clue at that moment.

Even if there were a few different spiritual eyes, they were far from what was recorded in the magical eyes. It was impossible for the Heaven Pearl to have any fluctuations.

“It’s him?”

Jiang Xian thought of Xu Dehou.

However, if the other party was really the same as him in the battle just now...

How could he not sense anything in the three-hateful pupil?

It was so close!

“It’s not him, it’s the other people?”

Jiang Xian finally thought of something.

All his attention was on Xu Dehou. At this moment, he only had a slight impression of the young sovereign.

The other two women behind him couldn't remember anything at all.

"Something's wrong!"

Even with a glance from the corner of his eye, the three loathsome pupils could still remember him.

How could the two women behind him not have any impression of him?

Could the two of them erase his memories?

"Erase..."

Thinking of the memory wipe, Jiang Xian began to panic.

This was not impossible!

"Rong Dahao!" he immediately shouted.

Among the people present, the only one who walked in front of those people and looked directly at the two women behind him was Rong Dahao!

"What are you in a daze for?"

After Jiang Xian said that, Rong Dahao still didn't respond at all.

He quickly walked over and fiercely slapped Rong Dahao's shoulder.

All of a sudden, water splashed.

Jiang Xian was shocked.

"Are you dead?" His voice was extremely gloomy as he raised his hand. He didn't know whether to wipe or not.

"I..."

Rong Dahao's body suddenly shook as if he had finally returned to his original position.

Jiang Xian could clearly notice that all the pores on this fatty's body suddenly exploded.

"What's the situation? What did you see?"

He realized that the situation was very wrong.

What did Rong Dahao see that scared him to this extent?

"I..."

Rong Dahao's pale face turned around. The small bronze cauldron in his mind directly replaced Jiang Xian's face and grew on the neck of the demi-saint family's heir in front of him.

Then, boundless gray fog flew.

The danger of death that came from the spirit fusion swamp attacked once again.

The power of the ghost beast was ferocious!

"I..." Rong Dahao couldn't say a complete sentence for a long time.

Jiang Xian's eyes were burning. Although he was anxious to reveal what this fatty had seen, his expression was very gentle.

"Say it. It's fine."

Rong Dahao opened his mouth and closed it abruptly. Then, his eyes were locked tightly as he shook his head forcefully.

"You can't say it?"

An unknown fire suddenly ignited in Jiang Xian's heart.

But what followed was a little fear.

What exactly did he see that made this heir of the higher void family (ies) , who wanted to be on good terms with him, reject his question with a face that said, "There are no silver coins in this place."?

"Say it. If you're afraid, I'm here," Jiang Xian said solemnly. "I can hold on."

Rong Dahao was filled with grief and indignation. "But I can't handle it..."

"Crack!" Jiang Xian clenched his fists so tightly that cracking sounds could be heard.

"What you saw doesn't seem to be what I'm looking for?" As a meticulous person, he realized that what this guy saw was something else.

Upon hearing that, Rong Dahao began trembling.

The higher up one was, the more one knew how terrifying the Ghost Beast was!

He was from the Higher Void Family and was the current successor of the clan that had betrayed them. He knew many more secrets than others.

It was precisely because of this that he didn't dare to say a single word.

The white-clothed and Red Coat of the Holy Divine Palace weren't fake!

The large faction of the Ghost Beast also existed objectively!

If he really wanted to drag the entire family faction into this whirlpool because of his words, Rong Dahao didn't know what the final outcome would be for both sides.

But he knew that the Rong family would definitely perish!

He, Rong Dahao, was the Rong family's sinner for all eternity!

"Atai."

Jiang Xian knew that this fatty wouldn't be able to get anything out of him. With this distracted look, he knew what was going on and immediately turned his head to look at the Jiang family's sovereign that caused trouble.

Jiang Tai understood and with a bend of his fingers, the bounded domain silently closed off the busy streets and formed a world of its own.

Within the bounded domain, there were only Jiang Xian and Rong Dahao.

“Hey, look at me.” Jiang Xian’s tone was relaxed and full of amiability.

“I’m sorry, I really can’t say...” Rong Dahao looked conflicted. He raised his eyes slightly, and as soon as they made eye contact, his heart immediately trembled and he thought to himself, this is bad.

But it’s too late!

Jiang Xian’s “Three-loathing pupil” flashed with a black light, and the three gray spots between the whites of his eyes rotated and fused together, bringing the part of his Iris to the center of his pupil.

In the blink of an eye, his eyes were no longer human eyes, only a deep gray hole.

“UH...”

Rong Dahao’s expression instantly became wooden, and blood began to flow out of his eyes.

“What did you see?” Jiang Xian asked.

“Small, small bronze cauldron...”

“Bronze cauldron?” Jiang Xian had no impression of it at all.

“Yes, bronze cauldron...”

“What’s its symbolic meaning?”

Jiang Xian’s heart suddenly skipped a beat, and his face turned deathly pale. Even the “Mind-changing hole” was nearly interrupted.

“You mean that’s a ghost beast?”

“Are you lying...”

His words faltered, and he suddenly realized that under the “Mind-changing hole”, the other party’s heart was being controlled by his own soul. There was no such thing as lying?

“How do you know?” He continued to ask.

“White Cave... Spirit Fusion Swamp... Seal ghost beast...”

The thought made Jiang Xian crazy.

He finally understood why Fatty Rong suddenly became like this after a glance. It turned out that he had seen the ghost beast before!

“Cultivation level?”

“I don’t know...”

“Where did the ghost beast come from? Was it born in the extradimensional space?”

“I-I don’t know...”

“It’s human-shaped...”

Jiang Xian’s pupils constricted. He immediately formed a hand seal and continued to stabilize the intent transformation aperture to prevent it from interrupting.

He couldn’t ask this question anymore!

That was indeed a human-shaped ghost beast!

No wonder Fatty Rong didn’t say anything earlier..

“Other than the ghost beast, what did you see? What’s so special about their eyes?”

“Nothing...”

“Trash!”

That rendered Jiang Xian speechless.

In his exasperation, he almost interrupted the mind-changing aperture for the third time. After feeling pain in his eyes, he immediately said, “You don’t know anything. You haven’t seen anything, including this conversation.”

“I don’t know anything...” repeated Rong Dahao unconsciously.

“Alright, let’s sleep!”

Jiang Xian retracted his seal and danced with his spiritual source, shattering the blood and tears on Rong Dahao’s face.

He then took out an elixir and fed it into his mouth, taking advantage of the situation to support this fellow’s crooked body that was on the verge of falling.

“Bang!”

The world spun and his elbow hurt.

Jiang Xian was smashed to the ground and his face instantly turned green.

“Damn it, how many catties does this weigh?”

After using the mind-hanging aperture, he temporarily fell into a deep sleep of spiritual source, so he could only use the strength of his body to support this fatty who weighed hundreds of catties.

But this fatty had completely lost control!

Not only was he a weakling, but he was also pressing down in his direction. Who could withstand this?

With one hand, he took out elixirs from his ring and gave himself one. Spiritual source slightly moved, and only then did Jiang Xian help him up.

He tidied up his clothes and collected his emotions.

With a buzz, he withdrew his bounded domain. Jiang Tai and the other sovereign (stage) immediately appeared in a flash.

“How is it?” inquired Jiang Tai with concern.

Obviously, Jiang Xian was in a bad mood.

A guy who dared to swagger around Dongtianwang City with the ghost beast host body, what do you think?

“Look at what you’ve done!” shouted the angry Jiang Xian.

Jiang Tai was caught off guard, and his head smashed into the floor. His legs were raised high, and he almost suffocated.

Jiang Tai got up again with a dumbfounded look.

“Carry it! !”

“Oh, okay.”

“Go back and receive your punishment. Find the hall of law enforcement yourself, Jiang Punishment Officer!”

“What did you say? Jiang Punishment Officer?”

“Do you have any objections?”

“Uh, no...”

Chapter 634: I Want to File a Complaint Against You!

A group of people entered the Plenty Gold Company.

Xin Gugu was impressed by what he saw.

But when the words of praises reached the tip of his tongue, everything was shortened to a short response: “Young Master Xu... That’s awesome!”

Mu Zixi similarly had a myriad of questions that she wanted to ask, but after opening her mouth, she realized that each question was not suitable to appear in such a place.

“Xu Xiaoshou, is there really a demi-saint family behind you?”

“Xu Xiaoshou, are you hiding something from me?”

“Xu Xiaoshou, what is your background? Is there someone in your mind? Is she a woman?”

“Definitely!”

All sorts of things turned into silent criticism.

“Cursed, passive points + 1, + 1, + 1, + 1...”

Xu Xiaoshou's expression was indifferent, not revealing a single bit of mixed emotions.

Perception surveyed the interior of the plenty gold company. He was able to determine that the battle at the entrance must have been detected by the company.

However, he didn't expect the other party to be so ambitious.

No one came out to stop the dispute between the two demi-saint families. Not even a peacemaker had appeared.

"Do the four of you have any requests?"

Just as he was in deep thought, a graceful woman wearing a golden-pink cheongsam that reached her thighs came forward with a smile. Her beautiful eyes were like the crescent moon, she said with a smile, "My name is Xiaolian. If you have any instructions, you can always tell me."

Upon hearing that, Xu Xiaoshou understood what to do.

These people had indeed heard about the fight, but they really chose to watch silently...

However, things were different now.

As soon as he entered the company, he became a customer. The other party couldn't even turn a deaf ear to him.

If a descendant of a demi-saint family entered the company, their service would definitely be very good.

"Xiaolian, huh..."

Xu Xiaoshou nodded and swept his gaze up and down. He went straight to the point, "Do you have enough authority?"

"Yes."

"How much?"

"I can do whatever I want."

Xiaolian held her waist with both hands and slightly puffed out her chest. Her cheongsam fully embellished her curvaceous figure.

"Cursed, passive points + 1, + 1, + 1, + 1..."

Xu Xiaoshou nodded in satisfaction. He turned to look at Xin Gugu, who was pretending to be serious, and said,

"Go and choose a place. Choose a place where there will be the densest flow of people. The floor must be high, the decoration must be golden, the most luxurious. All in all, I want the kind that people will remember for the rest of their lives."

"Then make a plaque."

"Make the plaque big! As big as it is, as luxurious as it is. Use all your imagination to spend it all."

As he spoke, Xu Xiaoshou took out a gold card and stuffed it into Xin Gugu's hand.

"There are several billion in the card. I've forgotten the exact amount."

"What I want is the First Pavilion in the Sky!"

The people beside him were stunned.

"Suspected, passive points + 4."

Xu Xiaoshou's voice wasn't loud.

However, the crowd in the hall of the Plenty Gold Company had long paid attention to him.

At this moment, after his words, the entire place fell silent.

Those who raised their feet and pretended to walk forward, but their eyes were constantly following him, even stopping their steps.

"Oh my god, is this Young Master Xu who dares to ignore the demi-saint families?"

"F * ck, I can't stand this kind of person the most. Young Master Xu, right? I'm speechless..."

"Ah, he's so handsome!"

"This is the boldness of a tycoon?"

"Detested, passive points + 33."

"Loved, passive points + 264."

"Acknowledged, passive points + 311."

"In awe, passive points + 86."

The speed at which the information bar popped up increased once again.

Even Xiaolian's beautiful eyes were filled with surprise.

"Do you need my help?"

Her red lips parted as she looked at Xin Gugu. "I can bring him to handle it. I guarantee that Young Master Xu will be satisfied."

"There's no need."

Xu Xiaoshou waved his hand and said to Xin Gugu, "Bring the two of them to handle the matter together."

He turned around and signaled mo mo mo and Mu Zixi. Xu Xiaoshou then looked at Xiaolian.

"You, come with me!"

"I have something bigger. I need you with sufficient authority to complete it with me." He raised his chin.

"Is that so..."

Xiao Lian's eyebrows formed a crescent shape, and she smiled sweetly. "That little girl asked someone to bring Young Master Xu's people to handle the relevant matters. I, will go with you?"

"Yes."

Xu Xiaoshou had his hands behind his waist, and his eyes were full of justice.

"Cursed, passive points + 1, + 1, + 1, + 1..."

Mu Zixi was furious when she heard that, and she almost jumped up to give her senior brother a hard blow!

"Young Master Xu!"

"Passive points + 1 after being scolded."

Xu Xiaoshou turned around. "You go with Little Xin. I'm going to do something important."

He paused for a moment and then looked at Mo Mo..

"You too."

Mo Mo was speechless.

"Suspected, passive points + 1."

She didn't say anything and directly followed behind Xin Gugu.

Mu Zixi refused. "I want to follow you."

"I'm doing business. You're still young. Don't Meddle!" Xu Xiaoshou frowned.

Confused, she tried her best to straighten her chest.

However, she saw from the corner of her eye that Little Lian was like a deflated rubber ball. It deflated immediately.

"Cursed, passive points + 1, + 1, + 1, + 1..."

"Go!" Xu Xiaoshou waved his hand.

Xin Gugu took the gold card. His eyes were still in a daze. It took him a long time to react.

"I'm not going to talk to You?"

Although he said so, his eyes were looking at Xiaolian.

"What do you think you are doing?" Xu Xiaoshou rolled his eyes and pushed this guy forward, directly sending him to the side of another female servant that Xiaolian had called over.

"Get lost quickly!"

Xin Gugu was perplexed.

He glanced back and forth, and only after comparing two times did he have a reaction.

“Cursed, passive points + 1.”

“Belittled, passive points + 1.”

...

In the room.

“Are the doors and windows closed?” Xu Xiaoshou was lying on the soft sofa.

“They’re closed...”

When the two of them were really alone, Xiaolian started to feel uneasy. Her cheeks were slightly red.

“There aren’t any surveillance cameras, right?” Xu Xiaoshou looked up and looked around.

“No...” Xiaolian started to get nervous.

Did this guy really dare to do that?

At first, she thought that young master Xu was just enjoying himself.

“Um...”

“Is there no bed here?” Xu Xiaoshou pinched the most tender grape on the green jade coffee table and slowly peeled it. Then, he looked up at Xiaolian.

“Rejected. Passive points + 1.”

Xiaolian was completely confused. She covered her chest with her hands and took half a step back.

“There’s no bed. If young master Xu really needs that kind of... service, you may need to change places and talk to someone else.”

“What service? What are you thinking about?”

Xu Xiaoshou threw the grape into his mouth and took out a clean handkerchief to wipe it. “I’m just tired and want to lie down and rest for a while. What kind of dirty things are in your little head!”

Xiaolian was speechless.

Nobody would believe him in that situation.

She still didn’t dare to go forward and maintained a distance from the door handle that was enough to make contact at any time. She said sternly, “You asked me to be here alone. What kind of ‘serious business’ do you want to talk about?”

“Sit down and relax. There’s no need to be nervous.”

Xu Xiaoshou patted the seat near the sofa.

Xiaolian hesitated for a long time, but in the end, she couldn’t resist the pressure. She moved lightly and sat on the other side of the sofa.

“Alert. Passive points, + 1.”

“Come closer. Why are you so far away? I won’t hurt people.” Xu Xiaoshou was amused and patted the seat beside him again.

Xiaolian frowned slightly. Thinking that this was her territory, she moved her buttocks closer.

“I only eat grapes...” Xu Xiaoshou happily peeled another grape and threw it into his mouth.

This time, Xiaolian’s entire body stiffened.

She jumped up and clenched her fists tightly. “Young Master Xu, do you have anything important to discuss? Hurry up. If it’s a meaningless pastime, I might not have the time!”

“Alert received. Passive points + 1.”

“Tsk, tsk. Your business quality isn’t up to par. I’ll have to find a time to complain to you.”

Just then, Xu Xiaoshou’s eyes curved into a smile. He no longer made fun of her and went straight to the point, “I’ve toured around Dongtianwang City. Most of them are Acquired Stage) and Innate Stage cultivators.”

“Well, those above the Sovereign Stage are more difficult to meet. Is this the current situation?”

Xiaolian was stunned.

This opening was so serious that it didn’t seem like something this young master Xu would say.

“That’s right.”

She finally recovered her normal heartbeat and said, “Even if the imperial city is a spiritual cultivation center, spiritual cultivators at the grandmaster level and above aren’t that common.”

“The ones with the largest base are still the Acquired Stage and Innate Stage cultivators.”

“Recently, due to the imperial city trial, there have been many more peak-stage innate spiritual cultivators. Usually, it can be said that there are more spiritual cultivators around there.”

“Young Master Xu... What does that mean?”

She was slightly puzzled.

Judging from the previous battles outside the trading firm, she could tell that this person was Xu Deye.

This Xu Deye seemed to come from a good background.

But in essence, he was fundamentally different from those brainless people.

At the very least, he had his own thoughts.

After all, Jiang Xian had come into contact with the plenty gold company.

Being able to suppress the well-cultivated Jiang Xian was enough to make the upper echelons of the plenty gold company think highly of him.

And it was precisely because of the impression that he was rich that the other party had come to negotiate with him.

If something really happened, there would be a good reason to escape from the demi-saint family!

Other than these two, there was no other reason.

Now, it seemed that this person really wanted to talk about serious matters?

“Take a look at this first.”

Xu Xiaoshou didn't say anything else. He took out a jar of honey and slapped it on the table.

This was the outcome of the soup boiling method that he invented in the Tiansang Spirit Palace, namely the Amber Juice!

At that time, he had accidentally created this thing and understood its commercial value.

But at that time, in the palace, there was no lack of money, and there was no place to spend it, so Xu Xiaoshou temporarily put it down.

Now, he had come to Dongtianwang City.

If he wanted to cause trouble, if he didn't have a stable source of funds, then he would have to spend a few billion.

A mere few billion might be squandered like today.

Many things would follow, such as the negotiations with the Night Cat.

If he didn't have the money, he wouldn't be able to get it.

Therefore, he had to have a stable supply chain of assets in order to completely cut off all his worries.

At the same time, he would experience the feeling of becoming rich overnight..

Xiaolian looked at Young Master Xu, who had a confident look on his face and had his big hands hanging by his sides. He was slumped on the sofa. She hesitated for a moment and went forward to pick up the jar of honey.

What kind of spiritual array was that?

The first thing she saw was the complicated array pattern on the surface of the poorly made Jade Box.

It was a type of array pattern that she had never seen before..

“Young master Xu wants to sell the box? Uh, sell this spiritual array, please.”

Xiaolian found it funny when she suddenly smelled a faint medicinal fragrance.

It was a very familiar smell!

Xu Xiaoshou was amused by her.

“Am I that poor?”

“Open it.”

“OK.”

After Xiaolian received the approval, she opened the lid of the box.

The box’s array pattern did not seem to function as a restriction.

Its function was more to restore the medicinal properties?

The moment she opened the box, the rich medicinal fragrance that assaulted her face made Xiaolian understand that her judgment was correct.

Moreover, this familiar medicinal fragrance...

“Is that a Red Gold Pill?” she asked in surprise.

This medicinal paste-like thing actually emitted a fragrance that was identical to the Red Gold Pill.

In fact, it was even better!

“It’s not the Red Gold Pill, it’s the Amber Juice!” Xu Xiaoshou corrected the other party’s slip of the tongue.

“Amber Juice?” Xiao Lian was slightly startled. “What effect does it have?”

“It has the same effect as the Red Gold Pill, but the effect is thirty to fifty percent higher. When this young master is in a good mood, I can roughly double it!”

“Double?” Xiaolian immediately cried out in surprise.

The Red Gold Pill was already considered to be the most outstanding grade 10 healing medicine after being eliminated by the market.

But this young master Xu actually dared to claim that his amber juice could double the medicinal effect!

If this could really be achieved...

Xiaolian’s heart began to beat faster.

Just thinking about it, the commercial value of it was shocking enough.

“I’m sorry.”

She picked up the wine cup on the table and drank to punish herself for her loss of composure just now. Then, she asked based on the details that she had just captured, “You, developed it yourself?”

“You didn’t expect it, right? This young master is also an elixir master!”

Xu Xiaoshou chuckled and began to rummage through his alchemist badge. “Eh, where’s my badge?”

Xiaolian was somewhat shocked.

To be able to modify the Red Gold Pill at such an age and achieve such an effect, how powerful must an elixir master be?

Indeed, even if one was nurtured by a large faction, even if one looked like a rich figure...

One's ability could not be gauged so easily.

She bent down and flipped open another wine cup. As she waited, she filled it up for young master Xu. Then, she raised another cup.

"This cup is for my previous misjudgment of Young Master Xu!"

With that, he drank first to show his respect.

Xiaolian looked delicate, but she drank very straightforwardly. Both times, the cup was empty.

But this time, just as the wine entered her mouth, Xu Xiaoshou fished out his alchemist badge from a pile of miscellaneous items in the ring. He waved it in front of him with a proud face.

Xiaolian's cheeks puffed up as she thought about the question.

Before the wine entered her throat, she was shocked by the feature of the purple badge.

"Grade-10 elixir master?"

With a puff, the wine in her mouth sprayed out without any restraint, creating a steam wave in the air.

"Brother! Are you joking? Are you telling me that you've developed amber juice that can double the medicinal efficacy?"

The wine-red liquid dripped down from her face and onto her clothes.

Xu Xiaoshou could taste many different flavors from the liquid that accidentally entered her mouth...

"Black gold purple grape, a grade seven spiritual medicine. Its medicinal properties are warm. It can be used for expelling cold and removing blood stasis, activating tendons, and soothing blood. It is non-toxic and can be used in the wine. It can be mixed with four-clawed yellow dragon meat stew. The flesh is tender, sweet and delicious."

"Ziyang Fruit, a grade seven spiritual medicine. Its medicinal properties are hot, and it has a slight fire poison and a slight spiciness. The flesh of the fruit can be peeled and eaten, and the seeds can be dried as seasoning."

"This medication can be applied externally. It is used for external wounds. It can relieve pain and pressure in the mind, and has no function to accelerate the healing of wounds."

The scene fell silent for a moment.

Xiaolian's large eyes were wide open, and she realized that she had probably done something that would incur the wrath of the heavens.

Her chest rose and fell rapidly, and she realized that a thunderstorm was about to arrive.

On the other hand, Xu Xiaoshou...

Actually, he was only looking at the information in front of him. It was still alright!

But when the word "spittle" was heard, his entire face was pulled apart.

He stood up with a bang, and the sofa was sent flying.

Xu Xiaoshou pointed with his finger and shouted loudly, "Where are the others? Is there anyone in charge? Call him over! I want to file a complaint against you!"

"Your service is so bad! How dare you spit on me! That's very rude!"

Chapter 635: You Didn't Wash Your Hands

"I'm sorry, I'm sorry..."

Xiaolian's pretty face was burning red.

This...

Saliva?

She looked flustered and kept apologizing. Then, she took out her handkerchief and wanted to help wipe it off.

But when she got closer to young master Xu, she became even more nervous.

Where to wipe?

The saliva on her face could be taken care of, but where was the saliva?

Her hand was suspended in mid-air. It was neither right to move, nor was it right to not move.

Xiao Lian swore. In her entire life, she had never been at a loss like this.

"Alright!"

Xu Xiaoshou took a handkerchief and wiped it on his face. He said in disdain, "You don't have to explain anything. If this matter can't be settled, then let someone else do it. This young master doesn't have the patience. You've been making fun of me."

Was she making fun of him?

Xiao Lian was stunned for a moment. who was making fun of whom?

From the beginning to the end, haven't you been making fun of me?

At most, that saliva would only come and go. It would offset everyone's displeasure.

However, she dared to ridicule him in her heart. At this moment, she absolutely did not dare to say such words. She only said confidently, "I can do it. I can complete my deal!"

"Are you sure?"

Xu Xiaoshou raised his eyes and raised the crumpled handkerchief. Then, he dusted off the liquor on his clothes.

Sigh, it couldn't be dusted off.

Amber Juice's ears turned red, and she nodded heavily. "That was an accident. I can make this deal, but only if Young Master Xu's words are true."

Even if a major accident had occurred.

But in the final analysis, no one knew the value of amber juice better than him.

Originally, it was only because of Young Master Xu's uniqueness that he had been pushed out by the upper echelons of the Plenty Gold Company.

However, if he could complete such a large transaction in this room, it would be an incomparable promotion to his status in the plenty gold company.

There was no way Xiao Lian would let go of this opportunity.

Looking at the suspicious gaze of the youth in front of her, Xiao Lian did not dare to ask the series of questions that had originally been running through her mind.

She added once more, "If amber juice is handed to me, I guarantee that it will bring young master Xu the greatest benefits. Moreover, my authority in the Plenty Gold Company is indeed very high. There won't be any mistakes. There's definitely a guarantee." She pursed her lips.

"Sizzle"

Xu Xiaoshou said disdainfully, "Even if it's someone else, who do you think would dare to trick me?"

Xiaolian was speechless.

This was the truth, and she couldn't refute it for a moment.

"Cursed, passive points + 1."

Xu Xiaoshou paused for a moment, then finally sighed. He threw his handkerchief onto the coffee table, casually hooked it onto the sofa, and collapsed again.

"There will be no third time!"

He warned her solemnly and announced at the same time that he was going to do this job. In the end, he decided not to replace her and let Xiaolian do it.

Xiaolian was instantly delighted and raised her small hand.

"Guaranteed!"

"Guaranteed, passive points, + 1."

"Silly Girl..." Xu Xiaoshou shook his head as he looked at her and laughed in his heart.

He had deliberately spent time looking for the badge.

He had taken the initiative to receive the wine.

He had done it so that he could use it against this girl to facilitate the next transaction.

The only thing that he had miscalculated was the saliva...

This was not part of Xu Xiaoshou's plan.

But at the same time, the message of the saliva had ignited Xu Xiaoshou's anger and made it extremely real.

After a while, this girl had really fallen into his hands. He did not even dare to say a word of doubt. The topic of the conversation was completely under his control.

"She's still young!"

Xiao Lian was too inexperienced.

Even if she pretended to be mature, compared to the opponents he met in the past, it was simply not worth mentioning.

If they continued to talk, she would probably sell her, and she would have to count the money for him.

But fortunately, Xu Xiaoshou didn't intend to go that far.

Fortunately, he wasn't facing a wily old fox this time, so he didn't have to worry too much about a bunch of scams.

Indeed, it was better to communicate with young and ignorant people of the same age!

"You don't need to doubt the medicinal properties of amber juice. You can take this thing and let others verify it. When you come back, you can use the facts to speak."

As Xu Xiaoshou raised his big hand, his fingers tapped on the back of the sofa. After a moment of hesitation, he said, "I'll tell you the truth. The only drawback of amber juice is its medicinal liquid form."

"Medicinal liquid..." Xiao Lian thought of something. "So the medicinal effect is stored for a short period of time?"

"Yes."

After receiving a positive reply, Xiao Lian's ecstatic heart immediately cooled down a little.

If this could only be maintained for one or two hours, then it would indeed be useless.

As expected, it was too early to be happy!

How could he have such high expectations for something that was developed by a Grade-10 elixir master?

"How long will it take?"

Lara asked with her last bit of hope, her heart already beginning to sigh.

"About..."

Xu Xiaoshou paused for a moment.

He originally wanted to say three or four days, but that was the batch of amber juice that he had developed in the early-stage.

Now that he had a deeper understanding of 'cooking expert' and had mastered the infernal original seed, the effectiveness of Amber Juice had doubled.

"Conservative estimate, one week."

Xu Xiaoshou raised a finger, he said, "In addition to the protective effects of the spiritual array that I developed on my own, the effects of the amber juice will be maximized within two weeks. Within one month, it will basically degenerate to the same level as the red gold pill. After one month, it will no longer be effective."

Xiaolian was stunned.

Maximizing the effects of the Amber Juice within one week?

This plan seemed...

"Suspected, passive points + 1."

"Why, is there a problem?" Xu Xiaoshou looked at the information bar and raised his eyebrows.

"No!"

Xiao Lian suddenly raised her voice and almost broke it. She blushed and restrained her emotions and asked, "Young Master Xu, are you serious? Amber Juice's medicinal properties can really be stored for about a week?"

"Yes. Is it too short?"

Xu Xiaoshou felt a little uneasy.

He really didn't know what the real situation of the market was like.

But a week, as expected, seemed to be enough, right?

Unexpectedly, Amber Juice's expression became interesting again. She said happily,

"It's not too short, it's too long!"

"In the form of amber juice, it can still be stored for a week. This is simply unimaginable."

"Amber Juice..."

She calmed down and seemed to be thinking about something. After a long while, she asked, "Young master Xu said that the spiritual array was also personally developed by you?"

"I bet you didn't expect it!"

Xu Xiaoshou's expression became lively, and he suddenly froze. He rubbed the sofa back, and his voice was no longer excited. He only said calmly, "This young master is actually a spirit array caster."

Xiaolian was speechless.

A spirit array caster is a spirit array caster. Are you serious about taking half a step back?

"Is the cost of developing a spiritual array high?" Xiaolian selectively blocked this detail and asked again.

“Not high.”

With the Master Stage expertise, any stone could be formed in an instant without much trouble.

“That’s great!”

Xiaolian was overjoyed. “Then, if we use a high-grade jade box to store it, do you have the confidence to extend the storage time of this medicinal effect to a minimum of one month?”

Extension?

Xu Xiaoshou frowned.

To be honest, he really hadn’t thought about this problem.

“I advise you not to,” he said seriously.

“What?”

Xiao Lian’s face froze with joy.

Could it be that Young Master Xu was trying to trick her?

Actually, he wasn’t the one who developed it, so it was even more ridiculous to say that he didn’t know anything about it and extended the time limit?

Xu Xiaoshou sighed. “That’s because there’s really no need. This young master can mass-produce this thing. If you insist on using a high-grade jade box, it’s not impossible, but I’m just afraid that you don’t have enough.”

Xiaolian was perplexed.

For a moment, she thought that she had heard wrongly.

Mass produce?

From his tone, it sounded like it was very large?

“Suspected, passive points + 1.”

“There’s no need to doubt.”

Xu Xiaoshou smiled and pointed at the jade box in her hand. “If it wasn’t for the fact that I couldn’t find the plastic... ptui, if it wasn’t for the fact that I had to use the jade to bear the array pattern to maintain the medicinal properties, I would have even wanted to use a wooden box to put it on.”

“There’s a lot of it. I’m just afraid that you won’t be able to handle it.”

The moment he refined the amber juice, it would become a large bathtub. It could also be refined in multiple furnaces at the same time. Moreover, it was the type of boiling soup method that didn’t require one to constantly look at the fire.

To be honest, Xu Xiaoshou didn’t want to waste too much time on this thing.

There was no need to pay too much attention to things that could be easily obtained.

Xiao Lian's heart surged when she heard this, and her chest began to rise and fall violently.

The Healing Medicine was effective for a week, but it was actually enough.

This was because most people bought the medicine on the spot.

The reason why Amber Juice's effect was extended to a month was to expand the market so that those who wanted to enter the mountains and forests for a month could also consider this product.

Nevertheless, Young Master Xu actually said that there was no need.

What did he mean by this?

Was there no need to consider other market issues?

"What about the cost?" asked Xiaolian, whose fists were so nervous that they were sweating.

Xu Xiaoshou smiled faintly.

"Not high."

If the effects were good, the duration could be extended, but if it could be mass-produced, the cost would be low?

Xiaolian felt that she had picked up a treasure!

At that moment, she almost pounced on him and gave him a kiss, but she forcefully suppressed her impulse and opened the door with a backhand.

"Guards!"

A guard quickly walked over to the door.

"What instructions does the eldest miss have?"

"Take this thing to be examined. Once the report is out, give it to me immediately."

Amber juice was carefully sent over like a precious treasure. She instructed, "Don't drop it!"

"Yes."

Xu Xiaoshou was amused by what he saw from behind. When she returned to lock the door and turned around, he said calmly, "Hello?"

A smile appeared on Xiaolian's face. "I can't be compared to Young Master Xu."

Xu Xiaoshou was amused and patted the sofa beside him again.

"Then I'll wait for your report now. Do you have time to sit down and chat?"

Xiaolian's big eyes turned.

"Sure!"

Then, she walked forward with a smile and sat down next to Xu Xiaoshou.

Xu Xiaoshou felt the heat coming from beside him, and the corners of his lips curled up. "Why have you become so casual? weren't you very resistant earlier?"

At that moment, her face stiffened, which obviously showed that she was in a bad mood.

"Cursed, passive points + 1."

"Isn't that because young master Xu is really quite impressive!" She suppressed the impulse to attack and blinked at Young Master Xu.

"Seduced, passive points + 1."

Good heavens!

Xu Xiaoshou was enraged. How dare you seduce me?

"I'm impressed... how do I shave it?" He moved his hand and pulled it back from the back of the sofa.

Xiaolian was like a startled bird. She jumped up and retreated. Her face was a little red. "Young Master Xu, don't joke around..."

What a joke!

Xu Xiaoshou rolled his eyes. This fox skill was not completely fake. It could be broken at a touch.

The retracting hand reached to the coffee table in a very natural and harmonious manner. He picked up a grape and slowly peeled it.

The room became quiet.

Xiaolian also realized that her thoughts had gone astray again. She blinked her eyes fiercely, secretly hating herself for being so impatient.

Also, why did all her usual skills lose their effectiveness when she fought with this guy?

D*mn it..

"Cursed, passive points + 1."

Xu Xiaoshou finished peeling a grape and raised it up high. "By the way, don't you have any service for peeling and feeding me? I'm not used to doing it myself."

Xiaolian was irritated.

Did he really think this was a place?

But when she thought of the Amber Juice...

She secretly gritted her teeth and squeezed out a smile. "Young Master Xu, if you really need this kind of service, I can call for help."

"No need!"

Xu Xiaoshou threw the peeled grape into his mouth and grinned at the graceful woman who kept her distance, "If it wasn't for you, it would be meaningless."

Xiaolian was stunned, and her heart started to beat faster for no reason.

She looked at this young master Xu who had returned to focusing on the grapes in a daze, and for a moment, she was a little dazed.

What a pity.

Other than that bad temperament, this young master Xu was really vile and spoiled.

Otherwise, perhaps she could still consider it...

“Pity received. Passive points, + 1.”

“Grapes, are they that delicious?” The room was a little quiet. Xiaolian had no choice but to take the initiative to break the silence.

“They’re not delicious.”

“Then why did you...” Xiaolian was speechless.

Xu Xiaoshou looked up and smiled. “If you peel them yourself, of course, they won’t be as delicious as the grapes on the table.”

He raised the grapes and gestured.

Xiaolian was stunned again. She suddenly hated herself for opening the topic.

This young master Xu...

He had a way with words.

If it were any other young lady, she might really be taken down.

After hesitating for a moment, Xiao Lian clenched her fists slightly. She seemed to have made up her mind to die.

“Let me do it!”

She walked forward and sat down next to Xu Xiaoshou. She reached out and picked up a grape. She was so familiar with it that her skin was bald, exposing the fresh and juicy fruit.

Then she tilted her head and the black hair on her forehead fell down. With a loving look in her beautiful eyes, she exhaled and said, “Ah~”

She was confident.

If there was really nothing wrong with Amber Juice this time, she would definitely be able to take it down!

Xu Xiaoshou was instead surprised by the initiative of Xiao Lian.

As far as he knew, this girl’s status in the Plenty Gold Company was definitely not low.

Even so, she was still able to reach such a level...

Slowly, his gaze moved away from the flesh of the fruit and landed on the beautiful oval face of the girl in front of him.

She wore light makeup, looking fresh and elegant. Her eyelashes were long, and her large eyes were filled with evasiveness, shyness, and stubbornness.

The air froze for a moment.

The thumping of her heart could be clearly heard.

Xiaolian's entire face was connected to her neck, and it was turning red at a speed visible to the naked eye.

"Awaiting, passive points, + 1."

"Urged, passive points, + 1."

After a few seconds of silence, Xu Xiaoshou looked down again. He looked at the green fingers holding the grapes and said calmly, "You didn't wash your hands."

"You were nervous and sweating just now. If you were to peel the skin and feed it, why didn't you wash your hands first?" Xu Xiaoshou looked disgusted.

Xiaolian was confused.

Her big eyes gradually widened, and her pupils gradually shrank. The blood color on her face immediately disappeared, and her entire face turned pale.

"Doubted, passive points + 1."

"And these nails... are too long! Have you always been so unhygienic?" Xu Xiaoshou looked at the long and exquisite nails with beautiful nail polish and frowned again.

The veins on Xiaolian's white jade neck popped out, and her eyelids twitched violently. The qi and blood in her body surged in reverse, and her spiritual source went out of control for a moment.

"Cursed, passive points + 1."

"Snap!"

All of a sudden, the grapes were crushed by the air pressure. The juice sprayed all over Xu Xiaoshou's face, and the fruit flesh was even shot into his nostrils.

Xu Xiaoshou was confounded by the situation.

Chapter 636: A Disaster Caused by a Grape

"Achoo!"

For the first time, Xu Xiaoshou could clearly sense the source of this sneeze. It was not a whim, but because he had a foreign object in his nose that itched him.

His head lowered with the sneeze.

In his view, Xiaolian seemed to be in a daze because of the special location of the fruit flesh.

What Xu Xiaoshou saw in front of him was the grape that had been spurted to Xiaolian's smooth thigh.

He was stunned for a moment.

The atmosphere froze.

It was clearly the other party's fault for crushing the grape first, so he should be angry.

However, he should be angry, but because of the second location of the grape, it made Xu Xiaoshou feel awkward and difficult to be angry.

Out of the blue, he stretched out his hand and pressed down on the pulp.

It was delicate and tender.

It was also a little warm.

"No, there's nothing..."

However, it was useless to cover it up, because the juice flowed out from between his fingers and thighs under the pressure.

Xu Xiaoshou felt a kind of excitement within him.

The spiritual source in his body rotated.

Gradually, the juice was evaporated by the high temperature.

With a wave of his hand, the dried fruit pulp flew away from under the coffee table.

Xiaolian finally reacted.

Her eyes lowered and her face turned red. She said in anger and amusement, "Do you think I'm Blind?"

"Sorry..."

Xu Xiaoshou subconsciously wanted to apologize, but on second thought, he was now Young Master Xu, and it was not intentional.

The other party was in the wrong first!

"You promised that there wouldn't be a third time?" His face was raised, and his voice was frighteningly cold.

Xiaolian was stunned.

What had he just done?

With this question, she forgot about the other party touching her thigh.

Only then did she recall that the condition for this person to reach a deal with her was “there won’t be a third time”?

Looking at the face in front of him that had completely turned cold, suddenly, Xiaolian did not know how to respond.

Xu Xiaoshou’s toes were actually already firmly pressed against the ground. He was about to seize the opportunity to pursue and use his identity as young master Xu to suppress this embarrassment.

Suddenly, he felt an itch in his nose again.

This time, the itch came from deeper.

As if because he was talking, his muscles squirmed and squeezed out the foreign matter that was deeply embedded in his nostrils.

“Achoo!”

Unable to overcome his body’s instinct, he sneezed again.

This time, both of them lowered their heads. They could see a black line more clearly moving along Xu Xiaoshou’s nostrils and landing on Xiaolian’s thigh again.

The position was slightly higher.

The scene froze again.

Even Xiaolian did not expect that such a strange thing could happen twice in such a short period of time!

It was clearly just a simple peeling and feeding, why..

Why did things turn out like this?

Before she could react, Xu Xiaoshou’s hand had already reached out twice in a familiar manner and gently pressed on it.

As time passed by, the feeling was even clearer and warmer.

Xiaolian was confused.

“Suspected, passive points + 1.”

“What... are... you... doing? !” She was so angry that her delicate body was trembling, and her face was as red as a ripe apple.

Xu Xiaoshou looked up.

Under her gaze, it was no longer appropriate for him to pluck the fruit seed away. He only said coldly, “The fourth time!”

The veins at the corner of Xiaolian’s eyes bulged, and her entire body tensed up.

The heat coming from her thigh made her feel both embarrassed and fearless. Apparently, she had an impulse to send this lecher flying with a kick.

But as she was thinking about this, before she could even move her body, there was a banging sound from the door. An excited servant with a report card rushed in.

“Miss... Miss...”

The voice stopped abruptly.

The servant rushed towards the door, but no one was in sight.

He looked back again.

The man and woman sitting on the sofa were leaning against each other in a position that was close to zero. They bent over each other as if something was going to happen in the next second.

The sofa was only that big.

One of them was cold and stern while the other was flushed red. Most importantly, the man’s hand was still on the woman’s thigh...

“Suspected, passive points + 1.”

“Impressed, passive points + 1.”

“Praised, passive points + 1.”

The temperature of the air instantly dropped to freezing point.

Time seemed to have frozen.

The servant’s heart finally thumped and he closed his eyes at the speed of light.

He had used all of his cultivation levels to minimize his presence.

Then, under the gaze of those two burning and biting gazes, he quietly retreated step by step to the door.

Abruptly, the door was closed.

Xu Xiaoshou’s heart wailed.

D*mn!

This young master’s illustrious reputation...

Xiaolian’s chest rose and fell rapidly. At this moment, she felt her heart palpitating faster until it reached her throat.

She was so furious that she wanted to kill young master Xu, who had ruined her innocence, but...

“Creak!”

The door suddenly creaked.

The two of them were on high alert at the same time. Their bodies froze, and they looked away again.

This time, no one came in.

However, a small corner of the door handle was clamped, and the report was slowly pulled out. It was so glaring in their eyes.

At this moment, time suddenly became very long, very long...

“Dong... Dong... Dong...”

Only when there was an extremely serious knock on the door outside did the soul of the man and woman on the sofa finally return to their bodies and react.

Xiaolian’s beautiful eyes instantly widened. She did not care about the knock on the door anymore, and her entire body tensed up.

As she exerted force on her slender legs, she could clearly feel that the lines and texture had completely changed.

“Ambushed, passive points + 1.”

Almost the instant before this message popped up, Xu Xiaoshou covered Xiaolian’s angry cry with one hand and pressed down on her neck with the other hand before pushing her back onto the sofa, he used his body to block her movements.

“You did this!” He took the initiative to strike first.

The situation made Xiaolin feel dizzy.

She struggled with all her might, but she was completely unable to break free from Xu Xiaoshou’s immense strength.

It was like a sheep meeting a lion. Even if her spiritual source surged, the person on top of her could completely suppress her with just her physical strength.

“Refuted, passive points, + 1.”

“Resisted, passive points, + 1.”

“Glared at, passive points, + 1.”

Her eyes were wide open, but other than glaring at Xu Xiaoshou, there was no way Xiaolian could resist Xu Xiaoshou’s actions.

Shaking his head, he looked at the person beneath him with disappointment. His left hand covered the other party’s red lips, not giving him a chance to speak at all.

“I’ve said before that there is no third time, but I never thought that there would be a fourth time.”

“Furthermore, I’ve asked you if the doors and windows were locked, and your answer was ‘Yes’.”

“I trusted you so much, yet you lied to me time and time again. This transaction...”

He took a deep breath and was about to speak.

There was a knocking sound at the door, and a strange movement was heard for the third time.

This time, Xu Xiaoshou froze on the spot.

Has the Plenty Gold Company gone mad?

The servant had seen the scene just now, and his thoughts had naturally gone astray.

What, he still dared to open the door again?

The two of them turned their heads almost at the same time.

Once the door was opened, the servant's exclamation from outside could not be hidden anymore.

"Hey, you can't go in... No..."

"Get lost!"

A white-haired old man ignored the dissuasion and jumped in with an excited expression. "That ointment is a masterpiece. This old man can't wait for even a moment. I just want to see just what kind of person is able to create... HMM?"

His voice stopped abruptly.

As he looked at them, his glance quickly swept over.

The only thing the old man did more than the servant who had rushed into the room earlier was to lower his head.

Because this time the man and the woman were lying on the sofa.

Their eyes met.

The room instantly fell silent.

The old man's eyes bulged, and his face was filled with shock.

The half-filled report card in his hand seemed to show the intense argument that had happened outside the door.

At this moment, the report card was crumpled under the immense force that had gone out of control, and it let out an ear-piercing sound.

"Being stared at, passive points, + 1."

Under the gaze of a man and a woman on the sofa, an old face with his eyes wide open could still put on a mysterious smile at the corner of his lips. It seemed to have a profound meaning.

"Understood. Passive points, + 1."

The next second.

The old man seemed to have gone back in time as he slowly and silently retreated.

The door was also gently and quietly closed.

As the door was closed, one could still vaguely hear the noises outside.

“Idiot, why didn’t you tell me earlier!”

“I said no, I said no...” The servant’s voice sounded extremely aggrieved.

“But you didn’t say that, that...”

“What should I say? What should I say!”

Immediately, the door was locked.

The room returned to dead silence.

“Glared at, passive points, + 1.”

“Cursed, passive points + 1.”

“Resisted, passive points, + 1.”

Xu Xiaoshou finally realized that the two of them were not in the right position. He jumped up.

This wave...

After this wave, Young Master Xu felt that there was really no need to pretend anymore. It was already fully formed!

Xiao Lian was still fiercely resisting. She suddenly lost her restraint and also jumped up from the heavy sofa with a kiss.

Her first reaction was not to cry out in surprise or attack. Instead, she quickly tidied up her clothes and sat upright.

The two of them seemed to have been silenced at the same time.

Their minds were clearly filled with mixed emotions, and all sorts of words were stuck in their throats, but they could not say a word.

That was a long wait...

They spoke in unison, tacitly understanding each other. They were all waiting for that solemn and solemn knock on the door to appear again, so as to break the awkward and dead silence of the room.

But this time, the people outside the door were obedient.

After waiting for a long time, there was not even a hint of noise, let alone a knock on the door.

Very well-behaved!

“Insulted, passive points + 1.”

“Hated, passive points + 1.”

“Peeped, passive points, + 1.”

Without asking anything, Xu Xiaoshou knew how turbulent the woman on the other side of the sofa was.

He chose to break the silence. "At this time, someone should actually open the door."

The information bar stopped.

"Cursed, passive points + 1."

"Cursed, passive points + 1."

Since the other party was still silent, Xu Xiaoshou tilted his head and added, "Because the people inside are not opening, they may continue to wait until late at night or tomorrow."

The information bar stopped again.

Xiaolian's face, which had already cooled down, was once again filled with blood. It was frighteningly hot

She jumped up and did not even dare to look back at Xu Xiaoshou. She stomped her feet fiercely and strode forward.

Again, the door opened.

This time, Xiaolian was stunned.

Because the people standing in front of her were not only the servant and Elder Chou.

Dozens of elders from the medicine pavilion of Plenty Gold Company had white hair on their heads. They were stroking their beards and scratching their cheeks, and their expressions were anxious.

Elder Chou was consoling them one by one in a sincere and sincere manner as he explained something in a profound manner.

Behind this group of people.

Because of the collective movements of the medicine pavilion's elders, they had attracted the attention of the upper echelons of the trading firm to gather and watch, afraid that something unexpected would happen.

After all, these old men were the treasures of the trading firm.

Because of the appearance of the upper echelons of the trading firm and the group of old men, the commotion that had been stirred up by the side hall had attracted the attention of countless people passing by.

Although these people couldn't get close, they began to discuss this matter from far away.

Their expectant posture also attracted a large group of extremely curious people. They began to gather together and discuss animatedly.

Xiaolian's heart sank to the bottom.

She didn't need to listen to the content.

Just by looking at Elder Chou's expression, she knew that her life was in danger.

"Is it over?"

The moment the door opened, Elder Chou turned his head in pleasant surprise and was the first to jump to the front. "Have you cleaned up everything inside?"

Xiao Lian could not understand that.

"What about me..."

"I know, I know."

Elder Chou interrupted her and lowered his head, chuckling. He looked as if he was saying, "I know, I know very well. After all, I was young once." He raised his eyebrows and said, "You didn't do anything, right!"

Xiao Lian's eyelids twitched and her face was full of black lines.

"I..."

She was speechless for a moment.

Everyone had misunderstood her!

"It's really not what you think..." she explained weakly. She knew that it was useless for her to say too much, so she made way for the space in front of the door. "Come in first."

Elder Chou then strode into the room.

Then, he took a deep breath and found that there was no strange smell. Only then did he nod his head in satisfaction.

Even so, he still waved his hand and opened all the windows.

Ventilation was important.

Little Lian's face turned red and her head was buried in her chest. She almost dug a hole in the ground and stuffed herself in.

Why was it the old naughty child, elder Chou, who took the lead to come here this time?

It was clearly just a report..

However, looking at the group of elders who had entered one after another with various expressions on their faces, she knew that the 'Amber Juice' taken out by the vile man on the sofa was stable!

The door was shut and locked from the inside.

Elder Chou sized up Xu Xiaoshou from head to toe as if he was sizing up his grandson-in-law. He then stroked his beard and nodded in satisfaction, "Young Master Xu?"

Xu Xiaoshou sat upright on the sofa with his back straight.

"Greetings, seniors." He did not stand up because there was no need to.

“Mm.”

Elder Chou’s eyes playfully withdrew from Xu Xiaoshou’s body and the wine that was randomly spilled on the sofa.

The people of the medicine pavilion were not people who only cared about rules.

Moreover, in terms of rules, even if their seniority was high, this group of people did not have the qualifications to make young master Xu Stand Up and welcome them.

He went straight to the point, “This amber juice was developed by Young Master Xu?”

“Yes.” Xu Xiaoshou nodded.

“May I ask something...”

“Grade-10.”

Xu Xiaoshou pointed at the grade-10 alchemist badge on the coffee table. He was as reticent as gold.

At this moment, all the old men present were stunned.

“Suspected, passive points + 23.”

Elder Chou turned his head in the direction of Xiaolian in doubt, “Hey, is what he said true?”

Subconsciously, she nodded her head.

After that, her earlobes turned red. Her heart was even more frantic.

“Why are you asking me?! We’ve only just met, alright? Nothing happened between us.. He’s right here. Just ask him directly!”

Chapter 637: Damn! He Was Careless!

The old fellows who were making a scene at the door were all astonished.

“A Tenth-grade Elixir Master created the Amber Juice. How is this possible?”

“In any case, I don’t believe it. It was either created by the elders of his family and Young Master Xu took the name, or he’s more than a Tenth-grade Elixir Master.”

“I agree! As far as I’ve lived, I’ve never seen such an ingenious design. It retains the essence without taking the original form. It’s not in the form of elixirs, yet it can still retain such medicinal properties... It’s a once-in-a-lifetime discovery!”

“Yeah, the Amber Juice is simply a masterpiece. It’s not something that an ordinary person could make.”

“Moreover, the medicinal properties are estimated to be at the very least. With just this jar of medicinal ointment, I guess its shelf life would be at least half a month. To add on, that’s when it’s without the jade box.”

“Yes, I agree. The medicinal properties of Amber Juice should be about 70-80% more effective than the Red Gold Pill.”

“That’s right. It seems that he has only given the lowest standard for everything.”

“Perhaps, he has a better Amber Juice?”

“...”

Hearing the whispers behind him, Elder Chou’s thoughts became active.

A priceless treasure!

No one knew the value of Amber Juice better than the elders of the Spiritual Medical Division.

While the elders were discussing it behind him, he verified it with Xiaolian.

Amber Juice could be mass-produced and the cost was not high. The aftereffects were negligible.

What did that signify?

A medicine that could replace the Red Gold Pill was about to appear out of nowhere in this room!

Regardless of who the creator was.

At least, the only person who could rule the pill market throughout the Dongtianwang City was sitting before him. He had to seize this opportunity.

“The rest can leave now!”

He waved his hand and ordered everyone out, disregarding the objections of the elders.

Only Elder Chou, Xiaolian, and Xu Xiaoshou were left in the room.

After confirming that the door was tightly shut, Elder Chou waved his hand and closed the window. He activated the Soundproof Barrier and blocked all external interferences.

Then, he said, “Young Master Xu, don’t worry. It’s fine to speak now. The three of us are all on the same side.”

“Okay.”

Xu Xiaoshou looked at everything he had done indifferently.

When he took out the Amber Juice, he had already expected that this would not be an easy transaction.

At least, it would not be successful just because Xiaolian wanted it.

Elder Chou pondered for a moment and said, “Young Master Xu, other than Amber Juice...”

“Yes.”

Xu Xiaoshou nodded with a smile.

Xiaolian was stunned.

At first, she did not know what their plans were. After thinking for a moment, she was shocked.

Elder Chou's eyes immediately brightened with joy.

He knew that the man before him should be a smart person despite looking like a spoilt rich kid. Otherwise, he definitely wouldn't be able to suppress Jiang Xian.

With a "Yes", it immediately drew his attention from Amber Juice to the young man in front.

This was a man who mastered all the high-grade modified versions of the pill formulas in the major markets.

Apart from Amber Juice, he had everything from the Spirit Cultivation Juice, Origin Court Juice, and so on!

One could tell at a glance which was more important.

"Let's skip the others for now. I would like to know if you have any questions about the Amber Juice?" Xu Xiaoshou gave him a signal to calm down.

"No!"

How could Elder Chou calm down?

His lifelong goal was to improve on the various basic pill formulas.

There were indeed improvements, but it was not much better anyway.

The thing that Young Master Xu created was a true blockbuster.

"I have cleared most of my doubts. As for the other tiny flaws, the Plenty Gold Company will be able to make up for them. I just don't get it..."

He rubbed his hands together and asked, "If you want to sell Amber Juice on the market, how much do you plan to sell it?"

"I don't care about that little bit of money."

Xu Xiaoshou said indifferently, "You are in charge of providing me with the spiritual ingredients, alchemy cauldron, and other miscellaneous items for refining elixirs. Meanwhile, I am in charge of providing Amber Juice to you... We'll divide it for fifty-fifty."

"What?"

Elder Chou was shocked.

Even Xiaolian who was at the side, was shocked by the fifty-fifty split.

Providing spiritual ingredients, alchemy cauldron, and the others was a piece of cake.

This was nothing to the Plenty Gold Company.

But a 50-50 split...

At first, Xiaolian was thinking of buying out the pill formula.

Later, she realized that it was unrealistic. So she went on with the negotiation of a 20-80 or at most a 30-70 split.

This was because Amber Juice had to be added to the market by the Plenty Gold Company.

So even if the other party insisted on a 90% share, they would consider it.

After all, a 10% share in a monopoly was completely different from the so-called 100% share in the competition between the major trading companies.

But this Young Master Xu...

“Fifty-fifty?”

Elder Chou repeated in disbelief.

“Hmm.”

Xu Xiaoshou nodded.

After the confirmation, the two of them looked at each other and saw the shock in each other’s eyes.

Elder Chou was shocked as if he came to a sudden realization. The expression on his face slowly changed as he looked at Xiaolian.

His eyes widened slightly, and a mysterious smile crept onto his face. That was an expression saying, “Well done”.

Xiaolian was stunned.

She immediately realized that Elder Chou thought the wrong way. Her face turned red instantly. She was just about to explain when she got interrupted.

“I understand.”

Elder Chou nodded solemnly and stopped her from speaking. He even winked at Xiaolian, “I will keep this a secret, but this credit will definitely be on you!

Xiaolian understood Elder Chou’s gaze and broke down on the spot.

What the hell?

Nothing was going on between us!

Yet, she began to doubt herself now although there was nothing.

Young Master Xu wasn’t stupid.

He should know the extent to which he had given up his share.

Why then?

For the Plenty Gold Company?

Impossible!

There were no internal records of transactions with Young Master Xu.

In other words, it was his first time dealing with Plenty Gold Company.

Was it because of me then?

Xiaolian's thoughts ran wild and her heart began to beat faster.

It couldn't be!

However, there was no better excuse than this?

For the first time, Xiaolian was shocked by Young Master Xu's heroism.

She had heard of how crazy an aristocratic family member could go in order to chase after a girl.

But she had never thought this madness would happen to her.

Furthermore, it was a "madness" to this extent!

"Conjecture, Passive Points, + 1."

"Agreed, Passive Points, + 1."

"Accepted, Passive Points, + 1."

Elder Chou steadied his mind before he gulped and asked, "Young Master Xu, apart from the fifty-fifty split, do you have any other requests?"

He had a feeling that it wouldn't be so simple.

Perhaps Xu Xiaoshou wanted the Plenty Gold Company to owe him a huge favor, so as to help him achieve another purpose that was worth it.

In that case, he had to make everything clear before the agreement was signed.

Xu Xiaoshou raised his eyebrows. "I've said it, right? Spiritual ingredients, alchemy cauldron! Oh, right, in order to prevent any mistakes in refining elixirs, you have to prepare a few more sets of spiritual ingredients."

"Of course."

Elder Chou agreed certainly, "What else?"

"What else?" Xu Xiaoshou was stunned for a moment.

The scene fell silent.

Xiaolian suddenly turned her head away. Her ears turned red and her face became a little shy.

Elder Chou looked at Xu Xiaoshou with an expectant face. It was as if he wanted to say, "Hurry up and tell me, so that I can give this girl to you! How could a young man act so awkwardly?"

Yet, Xu Xiaoshou could not understand his anticipation.

“That’s it,” he spread his hands.

“That’s it?” Elder Chou didn’t buy it.

“Yes,” Xu Xiaoshou nodded. “I have quite a good impression of your company. I mean what I’ve said. If you don’t believe me, we can sign an agreement.”

Elder Chou took a deep breath as if a heavy burden had been lifted off his shoulders.

That’s right!

Good impression...

Screw it!

The old man only had a good impression of this place for its unlimited supply of spiritual ingredients and funds.

It was Xu Xiaoshou’s first time here and he had already figured everything out. How could he have a good impression of the Plenty Gold Company?

To be exact...

He didn’t have a good impression of the company but of the person. That was the main point!

Elder Chou nodded heavily and said, “Got it. Regarding pricing, marketing, and all subsequent activities, we will be in charge. Young Master Xu just wait to get the money then.”

He understood it.

The descendants of these powerful families knew nothing about money and the working process.

They were only interested in the outcome.

However, if they felt troubled during the process of making money, the cooperation might end inexplicably.

Xu Xiaoshou nodded in satisfaction. He enjoyed doing things without much hesitation.

“You guys decide on the unit price. I don’t really know about the market. You guys can make all the decisions.”

After a pause, he thought, “I’m concerned about how much you can give me every month after this transaction.”

Elder Chou pondered seriously.

How much...

It was hard to say.

The sudden appearance of Amber Juice would definitely upset the market balance.

At that time, the profits would really be unquantifiable.

Perhaps the early stage of breaking the ice would be a little less profitable.

However, the value of Amber Juice would be passed down through the ears. In less than a month, it was estimated that besides the entire Dongtianwang city, the entire Eastern Sky Realm and even the eastern region would undergo a transformative change.

By then, how much would the Plenty Gold Company who owned the exclusive monopoly rights get?

And how much could they give Young Master Xu?

Elder Chou suddenly thought of a crucial point, "Will anyone be able to decipher Young Master Xu's prescription in a short period of time?"

Xu Xiaoshou laughed when he heard this.

Decipher?

What a joke!

Not to mention that the Infernal lineage's elixirs were different from the market.

If someone were to deduce the elixir formula of Amber Juice, how would they be able to refine it without the Infernal Fire Seed?

As for the Boiling Soup method, nobody would be able to think of it even if he cracked his brain.

What's more, it was a group of Elixir Masters who were restricted by the stereotype and only knew the conventional ways.

Perhaps, there would be someone who could decipher Amber Juice's elixir formula.

However, that person should be currently squatting in a dark prison. How could he possibly have the time and leisure to do such a boring thing?

Even Xu Xiaoshou himself did not care much about Amber Juice because it was really easy to make it!

"Impossible," he sneered.

However, Elder Chou could tell from his indifferent tone that he was extremely confident.

As expected, the successor of the Demi-Saint family was full of confidence!

With that, he had enough confidence to reply.

"In that case, the profit from this Amber Juice is conservatively estimated to bring Young Master Xu this amount in the first month," he raised five fingers.

Xu Xiaoshou guessed, "50 million?"

Elder Chou and Xiaolian were speechless.

The two of them looked at each other and saw the shock in each other's eyes.

"Suspected, Passive Points + 2."

Xu Xiaoshou sensed something wrong and frowned.

It couldn't be!

According to his expectations, the value of the Amber Juice should not be too low. Even if it was a fifty-fifty split, the value he could get should not be too low.

"Is it too much? Or is it too little?" He was a little uncertain.

Elder Chou's expression suddenly became strange. He felt that Young Master Xu was fooling around with him.

What was the reason for him to suddenly go from being arrogant to being such short-sighted?

Even if it was a daydream, he shouldn't be so conservative, right?

He was Young Master Xu!

Elder Chou opened his mouth, "Too little."

Too little?

Xu Xiaoshou was a little surprised.

"Five hundred million?" He guessed again.

Elder Chou felt that he could not hold on any longer. He did not dare to let Young Master Xu guess anymore, so as to prevent himself from dying on the spot.

"Five billion!"

Clenching his fist, Elder Chou said excitedly, "That is the lowest estimated number in the early stage when we promote Amber Juice."

"If the response is good, we can create an advertising effect within ten days to half a month and this number will double."

"Later on... In about a month, or not more than three months at most. After the pilot promotion in Dongtianwang City is completed, our company will launch Amber Juice throughout the Eastern Sky Realm and the eastern region."

"At that time, as long as Young Master Xu can supply it, this number will increase tenfold, a hundred times... No problem!"

Xu Xiaoshou's body on the sofa suddenly trembled violently.

"Startle, Passive Points, + 1."

His eyes instantly lost focus as if his soul had left his body. He became dull.

What?

What did he just say?

Five billion?

He just sat on this sofa for a while and had a discussion. With that, he made a monthly income of... five billion?

And that was only an estimation?

It could probably be increased by ten times or a hundred times?

“F*ck!”

At this moment, Xu Xiaoshou roared in his heart.

He finally understood why the other party was so shocked when he said “fifty-fifty” just now!

So it turned out that the elixirs that Xu Xiaoshou had casually developed...

It was so valuable?

And the deal he had made just now was worth five billion?

No!

That’s not right!

It was 5 billion a month. In a year’s time... That would be 60 billion?

Damn, he was too careless. He totally made a great loss!

Chapter 638: Demi-Saint Family, How Terrifying

When he made the calculations, Xu Xiaoshou was dumbfounded.

At this moment, although he wanted to maintain his demeanor as Young Master Xu, he couldn’t contain himself.

This was too much of a surprise!

In his heart, he had cursed more than a thousand times.

Xu Xiaoshou knew that Amber Juice would be invaluable.

However, he had only made small transactions. He had never expected that the seemingly insignificant jar of honey would receive such great feedback when it was sold in Dongtianwang City!

“Erm...”

Subconsciously, he was about to say, “Actually, I would say a 30-70 split.”

However, he was quickly suppressed by his rationality.

Xu Xiaoshou knew by saying this, he would not have deserved the name of Young Master Xu.

“What?” Elder Chou looked at him with concern and confusion.

He couldn’t read Xu Xiaoshou’s reaction.

If it was anyone else, the reaction might have been very direct. He would have been surprised by the “five billion” amount.

But it was Young Master Xu!

How would he be surprised by only five billion?

It would be kidding for Xu Xiaoshou to act surprised, right?

Elder Chou dared not to think that way!

“Water... Hmm, wine.”

After a long pause, Xu Xiaoshou held out his hand and pointed at the wine bottle on the table.

Elder Chou immediately handed it over.

The young man didn’t even ask for a cup. Instead, he bottomed up the whole bottle.

“BURP!”

He burped heavily.

Xu Xiaoshou finally composed himself. He tapped lightly on the wine bottle, making a “thump”.

“This amount...”

He nodded lightly. His eyes finally showed some recognition. “Not bad.”

Right after.

The wine bottle was smashed onto the table. Xu Xiaoshou raised his eyes and smiled, “It’s been a pleasure working with you.”

Elder Chou was confused.

He stared at the empty wine bottle for a long time before he came back to his senses.

It’s been a pleasure?

He should have left some wine for them!

What were they going to drink if he bottomed up?

Elder Chou rolled his eyes and got an idea. He laughed out loud.

“Young Master Xu is truly a hero. In that case, I shall drink as well!”

As soon as he finished speaking, he clenched his hand in mid-air. Spiritual source formed a cup. Then, the Water element gathered and filled the cup.

He raised his head.

The cup was empty and it disappeared without a trace.

“Refreshing!”

Xu Xiaoshou was amused. Elder Chou drank nothing.

But...

He turned his head and looked at Xiaolian. He acted as if that was his initial intention.

Xiaolian was confused.

She was completely dumbfounded and didn't know what to do.

However, at this moment, Elder Chou quickly turned his head and winked at her.

Xiaolian understood his meaning. No matter Young Master Xu was up to, they had to fulfill his wish. That was a big deal!

She hesitated for a moment and raised her hand shyly. Spiritual source formed a cup and water filled the cup.

"Here."

Xu Xiaoshou looked at her and raised his chin. He had finished a bottle of wine. Why was she staring at him and not drinking?

The corner of her mouth twitched together with her eyelids. She raised her head and gulped down the entire bottle.

"It's a pleasure...?"

"Hehe..." At that moment, Xu Xiaoshou and Elder Chou looked at each other and laughed. It was as if they were officially on the same side once they finished drinking.

Xiaolian was speechless.

Heavens!

What the heck?

Wouldn't they feel ashamed?

If they wanted to drink, she would have brought in a real wine bottle. What's the fun of drinking with an empty cup?

More importantly... Why would they act so happily with empty cups?

"Doubted, Passive Points + 1."

The very informal trading wine party ended with Young Master Xu's "special hobby".

Elder Chou noticed the young man had no intention of staying. Before Xu Xiaoshou stood up, he quickly asked, "Young Master Xu, you mentioned that there are other goods besides Amber Juice, right?"

"Yes."

Xu Xiaoshou nodded indifferently. "But I won't give them to you now. If you want to get the next order, you have to show me how good you are."

Elder Chou understood.

If he could not bring the profit as promised earlier, Xu Xiaoshou would not continue with their partnership.

Nevertheless, the Plenty Gold Company was indeed capable.

There would only be things they refused to do, but never things they couldn't do.

"Rest assured, you won't have to worry about our side. I'm just wondering when will you provide us with the goods?"

"How much do you need?" Xu Xiaoshou asked.

Elder Chou fell into deep thought.

Beside him, Xiaolian seemed to have thought about this question and quickly responded.

"At least 10 million units!"

"What?" Xu Xiaoshou was shocked.

Xiaolian answered, "The supply of healing elixirs exceeds the demand, especially in Dongtianwang City, the center of the spiritual cultivators."

"The Dongtianwang City has high living expenses. Even with the supervision of the Magic Pill Technicians Association, a bottle of Red Gold Pill is currently sold on the market at about 320 to 330."

"Plenty Gold Company's pricing is around 300. It fluctuates slightly with the market."

Xiaolian walked closer as she spoke.

When it came to trading and the market, she knew very well about it. She slowly explained, "The unit price of Amber Juice can be set between 500 to 600 according to its medicinal properties. If it's too high, any ordinary spiritual cultivator wouldn't be able to afford it. Instead, they would settle for less and choose the Red Gold Pill."

"In the early stage, we can start breaking into the market with a low price."

"If we assume selling Amber Juice at five hundred Spirit Crystals per unit, we would need at least ten million units to hit the number you want."

"Of course, this is just an estimation."

"If the market feedback is good, the amount might increase. Correspondingly, Young Master Xu will be able to get more than that."

Xiaolian paused for a moment and looked at the young man in front of her. She sounded worried, "Can Young Master Xu make this mass production?"

Ten million!

That was indeed a terrifying amount.

If Young Master Xu was the only one who knew the recipe for it...

Then it would take at least half a year or ten months for him to make it.

If Young Master Xu could make it in a short time...

That implied that the Plenty Gold Company would not be cooperating with Young Master Xu alone, but the Northern Region's Taixiang Xu clan!

Elder Chou gave Xiaolian an appreciative glance. He thought of this too.

By asking a direct question about the price, she was able to test his real strength, which was simply too ingenious.

If Xu Xiaoshou could make it in a short time, then no matter what, the Plenty Gold Company would have to stick to this partnership.

A superb partnership that connected them with the Demi-Saint family through the elixirs!

Xu Xiaoshou's eyes narrowed into a smile.

How could he not notice Xiaolian's probing?

To him, what he wanted was to create the illusion that there was someone behind this.

Ten million, was that a lot?

At first glance, it did make one's scalp tingle.

However, the current Xu Xiaoshou was no longer the rookie who first studied Amber Juice in Tiansang Spirit Palace.

"I need you to provide at least thirty million sets of spiritual ingredients and more than ten thousand alchemy cauldrons. Of course, the more the better. There will be no cap," Xu Xiaoshou said very calmly.

The two people in front of him frowned at the same time.

He agreed!

His expressions did not change, not even a hint of hesitation!

"Suspected, Passive Points, + 2."

"Conjecture, Passive Points, + 2."

"Okay."

Xiaolian did not express her doubts explicitly.

These things had to be verified with facts.

She rolled her eyes and said, "Let's the things ready. The next day, we can send them directly to the place where Young Master Xu sent people to check out just now. When can Young Master Xu deliver the goods?"

“Three days,” Xu Xiaoshou raised his fingers.

Elder Chou and Xiaolian were surprised at the same time.

Three days?

Based on what he had said earlier, he was just about to prepare everything from the spiritual ingredients and alchemy cauldrons. Hence, he had no ready stocks.

But to give ten million in three days...

Was he a monster?

To ask for ten thousand alchemy cauldrons... Could it be that Young Master Xu had more than ten thousand top-grade spiritual cultivators behind him who could work for him restlessly?

It was terrifying to even think about it!

Elder Chou and Xiaolian didn't dare to think about it anymore.

Instinctively, the two of them didn't show the confusion in their hearts.

After all, this was his secret. They didn't need to know too much about the process. As long as the result was good, it was fine.

“I will get someone to prepare the contract,” Elder Chou glanced at Xiaolian. Then, he instantly opened the door to get someone.

Xu Xiaoshou nodded with a smile. Unknowingly, his image had become even more unfathomable.

There were only two people left in the room.

Xiaolian could not help but feel confused. She spoke in a more exclusive tone, “Ten million is not a small number...”

Xu Xiaoshou smiled and said, “I did not come to the Eastern Region alone this time.”

Xiaolian immediately seemed to get it, but she was secretly making calculations.

Ten thousand alchemy cauldrons equaled ten thousand Elixir Masters.

With that, each person would have to produce a thousand Amber Juice within three days...

Not to mention the failure rate.

All the Elixir Masters could never be only ninth or tenth grade. They had to be several grades higher to meet the requirements.

Then, where were these high-grade Elixir Masters hiding?

Dongtianwang City?

No!

With so many Elixir Masters entering the city, the Plenty Gold Company should have noticed it, so it was impossible.

But if they weren't in the Eastern Region, could they refine the elixirs within three days and ship them over from the Northern Region?

The Northern Region was separated from the Eastern Region by the Central Region.

Moonless Sword Deity spent more than half a month when he led the white-clothed people in pursuit of the second-in-command saint servant. That was to travel from the Central Region to the Eastern Region.

To transport goods was indeed easier than that.

But could it be possible for a senior of the Cutting Path to send over ten million low-level elixirs across the three regions?

Furthermore, they had to do this frequently in the future?

Ridiculous!

With that, this answer was also ruled out!

But when those two answers couldn't explain it, Xiaolian cracked her head but could not figure out how to solve the problem on the supplying end.

In the end, she could only come up with a simple conclusion.

Demi-Saint family, how terrifying!

Xu Xiaoshou happily looked at the Information Bar, which popped up one after another.

He knew that the Plenty Gold Company would never think that he was getting these ten thousand alchemy cauldrons for his use.

Was it possible for a person to refine ten million Amber Juice in three days?

Impossible!

However, that only applied to an ordinary Elixir Master.

Xu Xiaoshou was different.

When he took out Weaving Expertise, he mastered Distraction Manipulation and was able to multitask.

Perhaps in the real world, he wouldn't be able to multitask to such an extent.

However, he still had Yuan Mansion.

In the Yuan Mansion space, he was a god.

As for the "Boiling Soup method", there was no procedure for condensing pills. The success rate was certain. It was all left to the medicinal liquid to be slowly refined.

Therefore, Xu Xiaoshou would only have to put some spiritual senses in the Yuan Mansion space and control the spatial power to maintain the balance while refining ten thousand alchemy cauldrons.

All of these were the work of a bystander.

The only part that he had to actively participate in was to put in the spiritual ingredients and take out the formed Amber Juice from the alchemy cauldron. Next, he had to put in new spiritual ingredients to continue the refinement. That was it.

“It’s too simple!”

Just as Xu Xiaoshou thought, the process of refining Amber Juice was the least that he should worry about.

However, it was this “too simple” misjudgment that made Xu Xiaoshou think that Amber Juice was not valuable.

He was extremely wrong.

Just because the refining process was simple didn’t mean that the results were cheap.

A subjective judgment caused Xu Xiaoshou to suffer a loss of several billion.

However, as time went by, if he eventually formed a partnership with the Plenty Gold Company, then these several billion might be negligible.

For the sake of future partnership... Xu Xiaoshou consoled himself.

He sorted out his thoughts and raised his eyes to ask, “There are many spiritual cultivators in Dongtianwang city. But are you sure that you can sell ten million Amber Juice in a month?”

Xiaolian couldn’t help but laugh.

“Young Master Xu, you’re worrying too much. Imperial city is different from other cities. Even the bottom level are still spiritual cultivators in the Acquired realm. They are not ordinary people.”

“And the foundation of healing medicine is the Red Gold Pill. This means that almost 99% of the people need it.”

“The more basic the elixirs are, the better the sales. That’s why.”

Xiaolian stroked the fringe on her forehead and continued while pointing with her fingers.

“As the Eastern Sky realm’s spiritual cultivation center, the number of long-term spiritual cultivators in Dongtianwang city is more than five million. The number of mobile spiritual cultivators is more than thirty million a day.”

“Even if we only take into account the needs of the Innate and Acquired realm, ten million Amber Juice can still be like the Red Gold Pill which is always in short supply. This doesn’t include the outlets and branches of Plenty Gold Company in other counties and cities. Now, do you think you worry too much?”

Xiaolian smiled.

She knew that the descendants of large families would never understand the ecological environment of a low-level spiritual cultivator.

Dongtianwang city was expensive.

Even the cost of entering the city was very high.

But it could not hold up against a spiritual cultivation center!

Cultivating in this place would be much better than those poor rural areas.

There could be very few spiritual cultivators in a certain city.

But looking at the entire Eastern Sky Realm, that base number was huge.

The Eastern Sky Realm had more than 300 counties. Each county had 10 to 100 cities. How many spiritual cultivators were there?

Dongtianwang city was the first city of Eastern Sky Realm.

Apart from those families, factions, and disciples of the spirit palace, all the ordinary spiritual cultivators would be eager to come here.

To survive, these spiritual cultivators had to make a few more trips to the Spirit Mountains and forbidden grounds.

To do that, how could they do it without a few jars of life-saving spiritual medicine?

Based on this, with just a glance at Amber Juice, Xiaolian knew that it would be the next turning point for the Plenty Gold Company.

It would also be a turning point for her status in the Plenty Gold Company.

However, how could the Demi-Saint family who were above the clouds know about this?

Chapter 639: Void Token

“It’s pretty good...”

Xu Xiaoshou replied symbolically.

In the past, he only knew that there was a Plenty Gold Company in Tiansang City.

However, it wasn’t until he came to Dongtianwang City that he had a glimpse of the true power of these large trading companies.

According to Xiaolian, with Amber Juice alone, the trading companies would make at least ten billion gross income a month.

That was only calculated from the sale of a single type of elixirs which was sold in Dongtianwang City alone.

If they included various types of elixirs sold in all the channels of the Plenty Gold Company...

The profits were simply unimaginable.

“Amassing wealth!”

Xu Xiaoshou sighed.

As a single individual, it was ultimately difficult to imagine the power of real capital.

As he was amazed by the trading firm's wealth, he was also somewhat shocked by the number of spiritual cultivators as Xiaolian mentioned.

Ever since he left the White Cave, he traveled through many cities in half a month's time.

In those places, a spiritual cultivator was godlike in the eyes of ordinary people.

Some of them lived in the same city with an obvious border in between. However, they were still closely related.

But in Dongtianwang city, it was completely different.

The baseline to enter the city was a spiritual cultivator.

An ordinary person who could enter the city probably had higher wealth and status than the spiritual cultivators.

In this kind of place, spiritual cultivators who were like gods in the eyes of ordinary people were actually numerous.

"The real world of spiritual cultivation..."

Xu Xiaoshou knew that such places were the ones he should go to in the future.

Not for any other reason.

Even if it was for the Passive Points alone, he should work hard to approach the bigger center of spiritual cultivation in this world.

"I'm here!"

While he was thinking, Elder Chou came in excitedly with the agreement.

Xu Xiaoshou took it and had a glance. He was slightly surprised.

In the previous discussion, he only mentioned that at least three sets of spiritual ingredients were needed.

However, he had yet to mention what kind of spiritual ingredients they were. According to the agreement, he was guaranteed to get ten sets of them!

From three to ten.

It seemed insignificant.

However, once multiplied, the Plenty Gold Company would have to provide at least a hundred million sets of spiritual ingredients in order to refine ten million Amber Juice.

Perhaps they took the failure rate into consideration.

However, it was very obvious that the success rate would not be only 10% no matter how bad an Elixir Master was.

Seeing that Young Master Xu paused halfway reading the agreement, Elder Chou chuckled and said, "To be honest, a 50-50 split is something that we have never expected."

"Young Master Xu has given up so much of your share without any other requests. We should offer more to you."

"For an Elixir Master, spiritual ingredients are the best."

"If you have extra spiritual ingredients, you can even use them to practice, experiment, and even develop more advanced elixirs."

"This is our expectation, but it's not a request. That's all."

Xu Xiaoshou nodded thoughtfully.

He knew that Elder Chou had something yet to be told.

Besides the 50-50 split, there were no other special requirements. Plenty Gold Company was afraid that there would be something behind it, so they offered more than three times of spiritual ingredients to make up for it.

With that, they strengthened the partnership.

They were well-prepared for the potential problem of owing him any favor in the future.

"Sure."

Xu Xiaoshou nodded, not hesitating too much.

He pointed at the 30,000 alchemy cauldrons written on it and said, "The alchemy cauldron that I want might be a little special. First, it has to be big. Second, it has to be sturdy. The best is if the alchemy cauldron meets the standard of a defensive spiritual weapon."

"Defensive spiritual weapon?"

Elder Chou was stunned for a moment before saying, "Okay."

He agreed at first. Then, he was puzzled.

The alchemy cauldron should be like a defensive spiritual weapon, and it had to be big...

In that case, it would be a heavy weapon.

Young Master Xu's request did not seem like he was conducting alchemy. Instead, it was as if he was going to smash someone!

Of course, Elder Chou did not ask about the process in detail. He only asked about the size and grade required. After that, he nodded and promised to do it well.

Seeing everything was set, Xu Xiaoshou casually signed his name.

That signified that they had made the initial trade!

Elder Chou excitedly took the contract. However, in the next moment, his gaze froze on the signature at the bottom right corner.

There lied the three big and flamboyant words, Xu Deye!

“Suspected, Passive Points + 1.”

“Young, Young Master Xu... Is that really your name?” Elder Chou was stunned for a moment before he finally asked.

Names did not matter in a contract, what mattered most was the parties involved.

Even if he used a fake name, it didn't matter.

Because when the time came, it would still be Young Master Xu who screwed up if he broke the contract.

So, there was no need for him to use a fake name.

Then, with the name of “Xu Deye”...

Elder Chou took a deep breath and was secretly impressed!

“Praised, Passive Points, + 1.”

Xiaolian came closer and took a glance. She was shocked by this name too.

Everyone who witnessed the fight between the Jiang clan and the Xu clan at the entrance of the Plenty Gold Company had seen it as well.

All of them thought that the name “Xu Deye” was used by Young Master Xu to fool Jiang Xian.

Yet, it didn't seem to be the case?

“That's my real name.”

Xu Xiaoshou saw their reaction. A hint of anger flashed through his eyes, he said, “Why? Is there a problem?”

Elder Chou and Xiaolian immediately came to their senses.

Perhaps Young Master Xu had been troubled by this name many times since he was born.

Elder Chou hurriedly waved.

“No problem, no problem.”

After pondering for a moment, Elder Chou took out an exquisitely crafted purple gold card from his ring. Using his spiritual source, he wrote “Xu Deye” on it and handed it over.

“Young Master Xu, this is the most honorable purple gold card of Plenty Gold Company. There are less than a hundred cards in the entire Eastern Region. It's a little gift from us, you can have it now.”

Purple gold card... Xu Xiaoshou took over the card. The purple gold card was obviously much better than his previous gold card.

With his spiritual senses, he could also see the number "100" on it.

100 spirit crystals?

Xu Xiaoshou was stunned. Soon, he saw the word "gem" as its unit.

Spirit gem?

He finally understood.

Spirit gem was a premium currency that was used on this continent.

The wild natural spirit gem was extremely rare in the five regions.

The spirit gems on the current market were all refined from large amounts of spirit crystals. The spiritual strength in spirit gems was much purer than elixirs.

The smelting process was extremely complicated.

It was a process that could only be done with the effort of many spirit array masters. It was very time-consuming and laborious.

However, at the same time, the spirit gems were one of the currencies apart from being used by those who were beyond the Sovereign stage in their cultivation.

In simple terms, one spirit gem was equivalent to 100 million spirit crystals.

"10 billion?" Xu Xiaoshou looked at the amount on the Purple Gold Card. When he came to his senses, he was dumbfounded.

"Yes."

Elder Chou smiled and nodded, "To our precious guests, the Plenty Gold Company will never mistreat them. This purple gold card and 100 spirit gems are not included in the transaction. It is a gift in advance."

Xu Xiaoshou revealed a shocked expression.

Did they just give out 10 billion in a casual chat?

"Startled, Passive Points, + 1."

At that moment, Xu Xiaoshou understood something.

Amber Juice was not enough to make the Plenty Gold Company spend so much money.

They wanted to befriend with the illusory clan behind him... the Demi-Saint or the Holy Emperor!

"Alright!"

At that point, Xu Xiaoshou clasped his hands together and put away the purple-gold card. "I will partner up with the Plenty Gold Company!"

Only then, a smile appeared on Elder Chou's face as if he had fulfilled his mission.

He knew that this young man was very intelligent and understood the intentions of the Plenty Gold Company.

After saying that, it could be said that their partnership had been confirmed.

With that, the deal was basically done. Xu Xiaoshou could no longer sit still.

He stood up and walked towards the door.

"Get the things ready. Later, you can send them to my 'First Pavilion in the Sky'. Since everything is set, I won't stay any longer..." Xu Xiaoshou said as he walked towards the door

"Wait."

Elder Chou quickly walked him to the door. Just as Xu Xiaoshou was about to leave, he blocked the door and said, "There's something I forgot to tell Young Master Xu. It should be quite interesting to you."

"What is it?" Xu Xiaoshou stopped in his tracks.

"Three days later at midnight, there's a spirit gem trade fair organized by the Night Cat in the black market. Only those who had high status, wealth, and invite are qualified to enter."

It was obvious.

Right now, Young Master Xu who had 100 spirit gems and the support of the Demi-Saint family, was completely qualified to participate in this trade fair.

As Elder Chou spoke, he took out a black invitation letter from his ring.

This invitation letter was as dark as the night sky. A pair of dark cat's eyes were printed on it. With just a glance, one could feel a terrifying chill while looking at it.

"This is a black invitation letter by the Plenty Gold Company. It's also one of the most important ones," Elder Chou explained.

Night Cat... Xu Xiaoshou took the invitation letter.

He heard of this organization before.

Liu Lu who was at the entrance of the Plenty Gold Company, mentioned that he was an extra member of the "Night Cat". He was just a small figure.

He had to wait for the higher-ups of the "Night Cat" to spread the news personally.

"Spirit gem trade fair?" Xu Xiaoshou asked in confusion.

"Yes."

Elder Chou showed an affirmed expression, "I'm not sure about others, but there's one thing that Young Master Xu will definitely be interested in."

"What do you mean?" Xu Xiaoshou raised his eyebrows.

“According to the Night Cat, a ‘void token’ will appear in this trade fair.”

“Void token?”

Xu Xiaoshou’s heart trembled.

He had never heard of this term before, but the word “void” left a deep impression.

Elder Chou had not even explained anything, but Xu Xiaoshou could deduce many things from the word “void token”.

“Tell me.”

Xu Xiaoshou indeed showed interest. He put his hand away from the door handle and leaned against the door.

Elder Chou said, “Whether Young Master Xu knows it or not, I don’t mind sharing this with you. The trial in Dongtianwang city is not only related to the battle at White Cave, there are also other reasons...”

“Sacred Secret Land, Sky City,” Xu Xiaoshou said calmly.

“Young Master Xu, you knew it?”

Elder Chou was a little surprised, but he acted as if he saw this coming. “That’s right. It’s expected that you knew it.”

Then, he continued, “Yet, I’m sure that you don’t know this. The Sky City is twisted and blended in the space-time fragments. It’s hard to trace it.”

“But this time, only very few people of the highest faction know where it landed. It is here!” Elder Chou pointed to the ground and said solemnly.

Xu Xiaoshou, however, had an indifferent expression on his face. “I came for this.”

Elder Chou was momentarily stunned.

It turned out that not only the higher-ups of Dongtianwang City knew about it.

Even someone as far away as the Northern Region received the details about it?

No!

Elder Chou denied his own guess.

He thought of Jiang Xian of the Northern Region.

However, the higher-ups of Plenty Gold Company had investigated Jiang Xian’s purpose here. It was almost nothing to do with Sky City. He was here for other matters.

Besides Jiang Xian and Young Master Xu, there had not been many other factions appearing in Dongtianwang City recently!

Those young juniors were not qualified to get involved in the battle of Sky City.

The only thing they were interested in was the trial in the Imperial City.

Xu Xiaoshou, however, didn't seem to mind as he pointed out, "At the beginning of the White Cave War, rumor had it that there was a fourth sword."

Elder Chou and Xiaolian were stunned at the same time, and they immediately understood what he meant.

Indeed, the current situation was very similar to the early stages of the White Cave incident.

At that time, there was only news about the "fourth sword". However, things changed completely when it eventually attracted the crowd.

The battle of the White Cave evolved into a war involving the red-clothed people against the ghost beast, and the white-clothed people against the saint servant.

In the end, it was no longer important who got the fourth sword.

After that battle, even the Imperial City trial was affected and it was held in advance.

Coincidentally, the news of Sky City began to spread now...

"Are they somehow related?"

"Or, will the Sky City turn into the next White Cave War?"

Elder Chou only took a moment before he understood many things.

No matter what the outcome was, they had to be prepared.

The Sky City was known as the "Floating Saint Realm," there were too many beautiful legends about it, such as the "Foundation of the Holy Path", the "Innate wild boar", and so on...

Before entering this place, a bloodshed would be anticipated.

"Thank you."

Elder Chou expressed his gratitude and sounded a little anxious. He was not in the mood to beat around the bush and said, "If you want to enter the Sky City, you must have the void token."

"This time, the spirit gem trade fair hosted by the Night Cat has clues about it. Young Master Xu can go there and try your luck."

"That's all we know."

"Leave the rest to Heaven's will!"

As Elder Chou spoke, he impatiently opened the door and said to Xiaolian, "Send Young Master Xu off. I gotta go."

Then, he greeted Xu Xiaoshou and left.

Xu Xiaoshou returned the greeting. As he looked at the departing figure, he was somewhat surprised.

Plenty Gold Company seemed to have a similar impression of the so-called "Sky City" as Liu Lu. To them, it was an extremely beautiful place.

As a result, these people did not think of its possibility as a conflict, accident, or deception.

“Why?”

Xu Xiaoshou did not know how many people in this world knew the true concept of the ‘Abyss Island’.

However, from Elder Chou’s reaction...

It was as if even a powerful organization like the Plenty Gold Company only knew a tiny bit about it.

He turned to look at Xiaolian and was about to ask, “Have you heard of Abyss Island?”

However, before he could say anything, he sighed after looking at the girl’s silly face. He answered himself secretly, “It’s impossible that you’d know about it.”

What else would this girl know if even Elder Chou didn’t know about it?

Only when he was part of the Saint Servant that he could slightly figure out the mysterious side of this world.

How could people from the outside world doubt this since they were limited by their habitual thinking?

“Spirit gem trade fair...”

Xu Xiaoshou twirled the purple gold card in his hand. He murmured softly as if he was thinking about something.

The sound of footsteps came from behind.

Xiaolian followed. The next second, Xu Xiaoshou came to his alertness suddenly. Without hesitation, he stepped out of the door and waved the purple gold card in his hand.

“I’ll leave now, you don’t have to see me off.”

Chapter 640: He’s a Money-spinner

Dongtianwang City, Central Zone.

Central Zone was the most prosperous area of Dongtianwang City. There wasn’t a supreme faction here.

If there was one.

The headquarters of the Magic Pill Technicians Association, the headquarters of the Spirit Array Caster Association, the headquarters of the Blacksmith Association... If these were in other territories, they would have been the supreme factions.

However, in the Central Zone, there was a supreme tribunal that could ride on top of all these factions, the Holy Divine Palace!

Surrounded by numerous buildings, the Holy Divine Palace was the most eye-catching one. It stood at the core of the protective barrier of the entire Dongtianwang City.

On top of that, a plaque with the words “Holy Divine Palace” engraved on it hung above the palace.

With these four words alone, it was enough to overshadow the other factions.

At this moment.

Inside the Holy Divine Palace, in the conference hall.

After sending off the envoy from the Grand Yuan Mansion of East Yuan Region, Cheng Ji was unfurling his eyebrows, looking tired. He looked up at the middle-aged man beside him, Chu Lisheng.

On the surface, he was the person in charge of the Imperial City trials.

However, the Imperial City trials could be conducted according to the usual rules. There wouldn't be any major mistakes in general.

Therefore, secretly, Chu Lisheng had another mission.

"How's it on the Abyss Island?" Cheng Ji asked.

Chu Lisheng retracted his gaze from the envoy of the Zhaoluo Heavenly Palace in the Grand Yuan Mansion.

He recollected and replied, "I have basically figured out the location of the Abyss Island. It is for sure the Dongtianwang City, not anywhere else."

"In terms of time, it will be during the Imperial City trial."

"Perhaps it will be a little later, or it will be halfway through the trial."

"But we are trying our best to avoid the latter, as in not to let the Abyss Island affect the Imperial City trial. But you know it too..."

He paused for a moment, then met Cheng Ji's eyes as he looked back. Then, he said with a bitter smile, "We are trying our best to stop it. People inside and outside the Abyss Island are trying hard, so we could only do our best. We can't really make a promise."

"Understood."

How could Cheng Ji not know the situation?

Many Demi-Saints of the Holy Divine Palace had banished the Abyss Island to the dimensional void for countless years.

This inexplicable landing must have been the result of the everyone hidden inside and outside the Abyss Island together.

As for those who wanted the Abyss Island to land, their plans were basically laid out in the Holy Divine Palace's defense loopholes.

After years of exile, the members of the Holy Divine Palace had become less wary of Abyss Island.

Those people used this opportunity to catch the Holy Divine Palace off guard!

"How about the news? Did you manage to block it?" Cheng Ji asked again.

The descent of Abyss Island wasn't too shocking.

After all, it happened before.

The Holy Divine Palace only had to gather manpower and seal it again, so that they could avoid disaster in the mainland.

Of course.

Before that, they needed to block the news so that no one would come over. That way, they could minimize the number of casualties.

“Master Cheng, rest assured that we can keep this a secret,” Chu Lisheng replied with a smile.

Cheng Ji stared at the Elder in front of him for a long time. Then, he said with a solemn look, “As far as I know, many Higher Void families that are not related to the Imperial City trial have entered Dongtianwang city recently.”

He glanced at the empty entrance of the hall. The envoy from Zhaoluo Heavenly Palace had left for some time.

However, from their conversation just now, the envoy did not seem to be suspicious of the news regarding the Sky City.

On the contrary, he was very certain!

Chu Lisheng was a little embarrassed, but he continued in a serious manner,

“Although we are trying our best to block the news, it is difficult for us to stop people with insider news.”

“The only thing we can do now is to minimize the number of these people. At the same time, we have to prevent the news from spreading widely.”

“There will be bad apples everywhere.”

“The Holy Divine Palace is no exception.”

Cheng Li narrowed his eyes.

He had just taken office, and someone stirred up trouble right under his nose.

He had to take revenge for this when he had more free time later.

But now...

“Keep an eye on these people. Once this matter is over, we will deal with them.”

He walked to the window and looked at the noisy scene on the street.

He said solemnly, “Also, go and find out about all the major factions, especially the Night Cat.”

“If something big happens, you and I won’t be able to take responsibility. Do you understand?”

Chu Lisheng immediately replied, “Master Cheng, don’t worry. I’ve visited all the major factions, especially the Night Cat. I don’t think they dare to cause trouble.”

“Is that so?”

Cheng Ji shifted his gaze away from the bustling city and locked onto an extremely tall building nearby. He asked, “I heard that they’re planning to hold a spirit gem trade fair, why is that so? There’s even a clue to the void token at the trade fair, right?”

“Erm...”

Chu Li Sheng stammered. He had a bad headache whenever he thought of this. “That is really an accident. We’ve basically held onto all the clues to the void token.”

“I suspect the last piece of information is released by the Black and White Veins inside the Abyss Island.”

“You know, those people have stayed there for a long time. They have tried all kinds of methods to come out but failed. Yet, they could have taken out a small item from inside.”

“As for the void token, it is invaluable.”

“I’ve been to the Night Cat, they behave very well. However, they won’t just give us clues for free. Their request is for us to pay for it.”

“Pay for it?” Cheng Ji looked back, his eyes flickering with a threatening light.

“Yes.”

Chu Lisheng replied, “The Night Cat controls the entire Dongtianwang City’s underground news. They are huge, but they have been well-behaved these years. We have cooperated before and they have provided a lot of information.”

“If we do it forcefully, that would be too hurtful.”

“If they want money, we will go ahead and pay for it. At that time, no one would dare to turn down the Holy Divine Palace.”

Chu Lisheng raised his head slightly.

In Dongtianwang City, the Holy Divine Palace was the judicial place.

If they made a request, who would dare to disobey?

Would the disobedient ones be able to withstand the investigation?

Chu Lisheng was confident that not a single faction in the vast Dongtianwang city would be able to withstand the investigation!

By then, who would dare to cause trouble when the Holy Divine Palace make a request?

“Night Cat...”

Cheng ji muttered, “It’s good that you know what you’re doing.”

He knew that the Night Cat was unwilling to give out any clues so easily. Instead, they insisted on a meetup with the Holy Divine Palace.

To put it bluntly, the reason was that Cheng Ji was newly appointed, he did not have much prestige.

Similar incidents happened over and over again recently.

Various factions were probing and testing.

They wanted to test Cheng Ji's bottom line!

However, he couldn't deal with these issues right now.

After all, he had to respond to the trap cast on him.

Cheng Ji lifted his lip corners with a cold look.

It had taken Jiang Bianyan so many years to obtain the public's prestige from the chaos in the Imperial City. Then, the White Cave War made all his efforts go to waste.

Cheng Ji did not have that much time, but he had the Cheng family.

Therefore, he did not plan to follow Jiang Bianyan's gentle path. Instead, he wanted to go the rough way. Via the Imperial City Trial and the Abyss Island, he wished to unite the entire Dongtianwang City!

Leaning against the window, Cheng Ji put this matter aside. He stared at the tall building nearby for a long time. He asked, "What's going on with the Pilgrimage Tower?"

The old building within his sight was a landmark of the early days when Dongtianwang city was built. It was located at the center of the entire Imperial City.

At that time, there was no supreme faction in Dongtianwang City, and fighting within the city was strictly prohibited.

Therefore, the tower was built to be the highest of Dongtianwang City. It had 99 floors!

All the buildings in the city were instructed not to go beyond the height of the Pilgrimage Tower.

It was the same for the Holy Divine Palace.

This was because the Pilgrimage Tower was facing the headquarters of the Central Region Holy Divine Palace. It was the faith of the entire Dongtianwang City.

Later on, various supreme factions emerged and the Imperial City grew stronger. It wasn't easy to stop the fights between the spiritual cultivator. Thus, the rules of no-war was loosened up.

With that, "Air battle" and "Domain battle" emerged later on.

Nevertheless, in the battle of the Sovereign and Cutting Path, a lot of tall buildings weren't spared.

On the contrary, the short and average buildings were not affected by the battles. They were perfectly preserved.

That explained why the buildings of the highest faction had only 50 to 60 floors.

The Pilgrimage Tower was the only exception.

At the early stage, it was listed as one of the three great array cores of the protective barriers. It was the only ancient building in the city that had been preserved to this day with a height of 99 floors.

Till today, the plaque of the “Pilgrimage Tower” was not taken down.

At the lowest level, an extremely eye-catching “First Pavilion in the Sky” was hung outside the door!

Cheng Ji frowned.

This was “blasphemy”!

Even if the Pilgrimage Tower was empty, it should not be sold.

How could someone hang a plaque up there? Also, it was so ridiculous... What’s with the “First Pavilion in the Sky”?

Chu Lisheng took a few steps forward and looked down from the window. He saw the golden words and showed a stunned expression.

However, he seemed to have recalled something and said, “The First Pavilion in the Sky? I remember now. A few days ago, Young Master Xu from the Northern Region’s Taixiang Xu family was here. I have yet to find out about him.”

“Jiang Xian?” Cheng Ji turned around.

“No.”

Chu Lisheng shook his head and said, “We have investigated the Jiang family. They are not after Abyss Island. As for Xu family...”

“Are they new?”

“Yes.”

“Let’s go and see what’s going on!”

Cheng Xi couldn’t stand the arrogant so-called “First Pavilion in the Sky”.

They were brazen enough to call themselves that despite being next to the Holy Divine Palace. Were they seeking trouble?

Chu Lisheng hesitated for a moment and said, “From what I know, the Xu family seems to be a Demi-Saint family. They had a conflict with the Jiang family before. Even Jiang Xian was crushed.”

“Oh?” Cheng Ji was surprised.

He met Jiang Xian before. That guy appeared extraordinary.

Even the Holy Divine Palace could only probe about such a Demi-Saint family.

But after that, a branch of the Holy Divine Palace couldn’t control what they wanted to do.

Fortunately, they were not coming for Abyss Island.

So the Holy Divine Palace didn’t interfere too much.

Chu Lisheng continued, "Although Xu family is a Demi-Saint family, I can't find any information about them. However, we know something very important."

"What?" Cheng Ji asked.

Chu Lisheng answered, "During Grand Master Xu's birthday celebration, no one from the Jiang family went to celebrate despite being in the same Northern Region."

"Because of that, Young Master Xu did not give Jiang Xian any respect. They had a conflict on the street, and Young Master Xu didn't sound nice to Jiang Xian."

Cheng Ji tapped his fingers on the windowsill. He frowned and said, "But what does this have to do with the Pilgrimage Tower?"

Chu Lisheng's expression turned awkward as he asked, "Master Cheng, have you forgotten?"

"Previously, when Master Jiang was preparing for the Imperial City trials, during the Abyss Island's exploration, the White Cave War, and the compensation afterward..."

"Basically, when all these things happened together, it almost depleted the Holy Divine Palace's inventory."

"At that time, we had no choice but to rent out the Pilgrimage Tower that no one had ever used. With the approval of the temporary master sent by the headquarters, we rented it thinking that it would be a waste to be left empty."

"But the rent is so expensive that no one made a move... Oh no, there's one now." Pointing at the signboard of First Pavilion in the Sky, he chuckled.

Cheng Ji couldn't care less about that. After hearing that, he was outraged. He slapped the window and shouted, "How is that relatable?"

"Jiang Bianyan created such a mess himself. How could he make the faith of Dongtianwang City to make up for it?"

"Also, what is the Pilgrimage Tower? That is..."

Seeing that things were going south, Chu Lisheng quickly interrupted, "When Master Cheng first took office, you used up a huge sum of money too... Oh yes, it was to make up for the previous deficit."

Cheng Ji was stunned for a moment. He seemed to have thought of something.

Chu Lisheng added, "Plus, the rent isn't cheap either. After all, it's a place of faith. Without selling it, we can rent it for one billion a month! Furthermore, it can be taken back at any time!"

He added a heavy tone to the words "one billion" and "taken back".

As expected, Cheng Ji's ears twitched and most of his anger dissipated. He asked, "How long have they been renting it?"

"Half a year."

Chu Lisheng hurriedly replied, "Half a year, six billion!"

Cheng Ji lowered his hand to cover the broken window. He silently stared at the ostentatious signboard, First Pavilion in the Sky.

“Six Billion?” He repeated.

“Yes.” Chu Lisheng nodded.

Cheng Ji heaved a sigh of relief, “As expected of the temporary master sent by the headquarters. He indeed has a bit of foresight. It would be a waste to be left empty anyway...”

“Haha, he’s not bad.”

Chu Lisheng agreed and looked at the signboard below. He smiled and said, “He’s a money-spinner. Coincidentally, we’re going to participate in the trade fair, and we’re lacking a little... Haha!”

“Find out more about him,” Cheng Ji did not forget the main thing.

After all, it was a Demi-Saint family. When they appeared beside the Holy Divine Palace out of nowhere, they definitely deserved extra attention.

Chu Lisheng had yet to reply. Cheng Ji paused for a moment, then quickly added, “But don’t go too far. The Pilgrimage Tower... Well, the First Pavilion in the Sky. Let them stay first. After all, it would be a waste to be left empty.”

“Yes, yes,” Chu Lisheng nodded with a smile.
