

I Am Loaded 911

Chapter 911: Big Shot Xu Xiaoshou Disguised as a Woman (Part 1)

"I'm sorry, I can't."

Lei Xi'er shook her head and rejected him right away.

The will was not something that she could control.

Strictly speaking, she and Mu Zixi shared the same personality.

There was no such thing that a small body could restore her previous character.

Lei Xi'er also knew what Xu Xiaoshou was thinking.

However, the fundamental reason for the change in her body size was that Mu Zixi couldn't resist the urge to devour Life Force. She had swallowed too much of it.

Under normal circumstances, the age of this body and the corresponding size should be the size that Xu Xiaoshou could see at the moment.

Xu Xiaoshou gritted his teeth and felt troubled.

Mu Zixi couldn't come back anymore.

After the Yi interrogated Mu Zixi, Mu Zixi was gone. Or rather, she had changed her appearance.

Who would believe that there wasn't something fishy about this?

His brain started to spin rapidly.

Since this was the situation now, it was useless for him to force it through. He had to fish out some information that was beneficial to himself.

"If you can't change back, then forget it!"

Xu Xiaoshou sized up Lei Xi'er and averted his gaze. He thought for a moment and said, "From Rao Yaoyao's angle, they actually can't match your current appearance with my junior sister. So, you can just be a passerby."

Lei Xi'er was puzzled. "Then...the fact that she has disappeared exists objectively. What do you plan to do?"

Xu Xiaoshou sighed, "The thing that you can't do, I'll have to do it myself."

"You do it yourself?" Lei Xi'er was suspicious.

Patriarch Wuji also looked over in surprise.

Even Lei Shuangxing understood the situation between the two of them and turned his head in puzzlement.

Xu Xiaoshou took out the Imitator.

After Yi died, this treasure lost its owner's binding and no longer struggled. It became an ownerless object now.

He thought for a moment and dripped a drop of blood on it.

As expected, there was a weak connection between the Imitator and himself.

With a thought.

Xu Xiaoshou became his Little Junior Sister.

Her height, size, ratio...

Everything was a perfect match.

If one were to name the person who was most familiar with his junior sister in this world, Xu Xiaoshou felt that he was the person.

His junior sister's ability, the way she spoke, and all sorts of small actions, if he wanted to imitate them, he could do so easily.

Among the extended passive skills, 'Transformation' did have the functions of the Imitator.

But the key point was that 'Transformation' could not bring about the wood attribute of his junior sister.

And this was something that Imitator could do.

Thus, a few of them saw the newly appeared 'Mu Zixi' wearing Xu Xiaoshou's loose robe. Then, she raised her hands in shyness, hesitated, and clapped her hands.

"Little... tree, rise?"

There was a rumble.

An ancient tree broke out from the ground among the four of them, blocking everyone's strange sight. It was swaying alone in the wind.

The leaves fell, and the entire place was silent.

Lei Xi'er, Lei Shuangxing, and Patriarch Wuji were stunned.

This little girl who had suddenly appeared, her voice, personality, and all other aspects, were completely different from Xu Xiaoshou before he transformed.

This cuteness attribute was completely unmatched with the oppressive feeling brought about by the previous berserk giant!

Was this really the same person?

"You..." Lei Xi'er moved to the right and saw the slightly embarrassed expression of 'Mu Zixi'. Her pretty face stiffened and she almost couldn't speak. "You, what do you plan to do?"

Xu Xiaoshou disguised as a woman and had his junior sister's face on him. He indeed didn't dare to look into the eyes of his acquaintances.

When he heard this, he was extremely angry and he stomped his feet slightly. "If it wasn't for the fact that you couldn't do it and needed my help, this... is very strange!"

Lei Xi'er looked at 'Mu Zixi' stomping her feet speechlessly and thought to herself, "You must be enjoying this very much, right?"

Patriarch Wuji was similarly shocked as he looked at the scene in front of him.

He wasn't surprised when Yi disguised as a woman.

He wasn't surprised when Yi transformed into Elder Sang.

However, when he saw the person beside him turn into such a cute little girl after he had his impression of him as the berserk giant, he was so shocked that he couldn't close his mouth.

He only peeked twice and did not dare to look at him anymore.

He had gone through this before.

He knew one thing very well.

In this world, knowing too much was not necessarily a good thing.

Especially after knowing the shameful things that the future master did when he was very weak. Perhaps after he grew up, he might choose to silence him for the shame of the past.

"You, change back..."

Lei Xi'er's face suddenly blushed. She couldn't stand Xu Xiaoshou's self-admiration anymore.

She saw the Mu Zixi that Xu Xiaoshou had turned into stomping her feet. At the same time, she also saw a lot of things that didn't fit her identity under the control of her previous will.

To be honest...

Lei Xi'er's heart was bursting with shame at this moment. It wasn't lesser than Xu Xiaoshou.

More importantly, this fellow had changed. He was even moving his hands up and down, sizing himself up.

Who could endure it?

"Change back? It's not that simple!"

Xu Xiaoshou shook his head in pain and said, "Next, it's very likely that I'll have to wear this face and go through the Imperial City Trial. The mess you've made, I'll have to clean it up in the end."

Lei Xi'er was speechless.

She turned her head away, not daring to look again.

But Xu Xiaoshou took a few steps forward and stretched out his hand. "Give me a few clothes which my body can fit. You should have them in your ring."

Chapter 912: Big Shot Xu Xiaoshou Disguised as a Woman (Part 2)

Lei Xi'er was instantly shocked.

What was this guy doing!

He even wanted the clothes she had worn before?

"You..."

"I'm talking to you very seriously!"

Xu Xiaoshou interrupted Lei Xi'er and said seriously. "Once we get out from the world of ancient books, everyone will be exposed to the red-clothed people. I have to disguise myself as my junior sister for a while. Otherwise, everyone will face the crazy pursuit of Holy Divine Palace!"

Lei Xi'er was speechless.

What Xu Xiaoshou said was valid, but did this guy really know what he was doing?

A girl's personal clothes...

Was this something that could be given away casually?

"What are you waiting for? You think you have a lot of time?"

Xu Xiaoshou frowned and suddenly turned to look at Lei Shuangxing. "What do you think? This concerns your sister's life. Aren't you going to persuade her?"

Lei Shuangxing was also shocked by Xu Xiaoshou's actions.

He was silent for a long time before he calmed down.

"What you said is indeed not unreasonable..."

As soon as he said that, he felt shocking killing intent from his sister locking onto him.

He immediately changed his words, "But you can settle the matter between you two, senior brother and sister. You don't have to ask me."

"What the hell?" Xu Xiaoshou spread out his hands in surprise. He didn't understand what the two of them were thinking.

Just a few clothes. Was it that difficult?

He turned and came in front of Lei Xi'er who turned away and refused to look at him face to face. He wanted to continue saying something.

Lei Xi'er continued to turn her head away. Her face turned red like she was drunk. She looked flirtatious.

Seeing this, the straightforward Xu Xiaoshou was stunned. His heart shook and only then did he realize that the situation was not right.

"I roughly understand something..."

He sighed and his tone softened. He then said generously, "How about this, in exchange, I'll give you a few of my clothes. One for one. I'll give you three, and you give me three."

Then, Xu Xiaoshou took out his clothes.

He had a lot of clothes.

As he wanted to imitate others, he even had some strange clothes.

For example, Elder Sang's straw cape, Baizhu'an's big black robe, the Storyteller's red dress, and so on...

But Lei Xi'er certainly didn't like these strange clothes.

Xu Xiaoshou chose a few simple clothes and handed them over.

Young Master Xu's clothes were too gorgeous, and they were very iconic. If Lei Xi'er wanted to go out to meet people, she definitely couldn't wear those to expose her identity.

The three clothes were folded neatly and respectfully handed over by Xu Xiaoshou.

Lei Xi'er looked at all of this in shock. Then, she raised her eyes and gazed deeply at Xu Xiaoshou. She took a long breath. "Do you really understand? Are you serious?"

Xu Xiaoshou could not bear such a deep gaze and said sincerely, "I'm very serious. If you think it's not possible... two for one? I'll give you three more?"

As he said that, he continued to take clothes out of the ring.

Was this a problem of quantity?!

Lei Xi'er was so angry that her chest swelled up. Subconsciously, she was about to curse.

After suppressing her emotions, she suddenly came to her senses.

Why was it that when she was in the darkness in the past, she could always hear Mu Zixi's incessant cursing?

In the past, she thought it was funny.

But now, she was really up against Xu Xiaoshou...

"You cursed well!"

Lei Xi'er comforted herself in her heart and kept telling herself that this was Xu Xiaoshou. Since she had already come out, she had to choose to suffer some unhappiness.

"Here you go!"

After making a difficult decision, reason prevailed over emotion.

Lei Xi'er chose to take out three green dresses from her ring and handed them over. However, she did not choose to accept the clothes that Xu Xiaoshou had given her.

"Take them. Why are you daydreaming?" Xu Xiaoshou was used to treating his junior sister in this manner. At this moment, he subconsciously blurted out and even slapped his six clothes onto the other party's hands.

Lei Xi'er was stunned. "I don't need them."

“You don’t need them?” Xu Xiaoshou’s voice instantly became louder. He was a little angry. “You must be joking. You don’t need them?”

He lowered his gaze and looked at this girl...

What Lei Xi’er was wearing was still Mu Zixi’s cute little puffy dress. However, that little dress could no longer cover her incomparably enchanting figure!

Furthermore, it was after the great battle.

Even though the little green dress had been protected by the spiritual source, it was still tattered.

At this moment, if Lei Xi’er’s exposed skin was seen in any other place, it would pull off many people’s eyeballs!

Xu Xiaoshou was angry as he looked on and swallowed his saliva. At the same time, he thought to himself that it was a good thing that her brother was blind. It was also a good thing that Patriarch Wuji knew how to weigh things and did not dare to look at her anymore.

Otherwise, he would have to help dig out four pairs of eyeballs for her!

“You’re having my junior sister’s body, so you have to take care of her. In the past, it didn’t matter when she was still young. Now that she’s... a little older, you have to take care... of yourself, understand?”

Xu Xiaoshou kept moving his eyes back and forth as he scolded her.

His eyes kept moving left and right. If there was no fixed focus, it meant that he didn’t see anything. That was right.

Lei Xi’er was embarrassed and angry at the same time at Xu Xiaoshou’s words. She couldn’t take it anymore. She clenched her fists and rushed forward. “You’re talking about me! She and I are the same person. There’s no distinction between us!”

Xu Xiaoshou subconsciously reached out his hand and realized that the height wasn’t right. He immediately reverted to his original form and naturally reached out to hold Lei Xi’er’s head. At the same time, he leaned back.

Chapter 913: Big Shot Xu Xiaoshou Disguised as a Woman (Part 3)

Lei Xi’er punched wildly in an unreasonable manner.

In her impression, she would not hit Xu Xiaoshou at such a distance. She could only do this to vent the embarrassment and anger in her heart.

But this time.

Lei Xi’er’s fist hit Xu Xiaoshou’s chest. She was jolted back and her arms went numb.

The two of them were stunned at the same time.

Xu Xiaoshou was stunned on the spot and out of the body. It was as if he saw the scene back then where he was holding his junior sister’s head. She was struggling but her short hands could never reach him.

Lei Xi'er regained her rationality and knew that she had been influenced by Mu Zixi's personality.

In an instant, she blushed and even her ears and neck were flushed red.

The two of them stopped and turned around at the same time. They breathed heavily taking in large mouthfuls of fresh air.

The place was dead silent again.

The atmosphere gradually became strange.

Lei Shuangxing could not see anything but they could feel that the atmosphere was not right. Without saying anything, he turned around and left.

Patriarch Wuji raised his head to look at the sky. He looked very serious and said, "The moonlight is nice, the weather is cool..."

Where was the moon?

Where was the moon in the ancient book world?

Xu Xiaoshou turned and slapped this old guy and said in exasperation, "You haven't settled your score yet, did I let you talk!"

Patriarch Wuji could have dodged this slap.

But he didn't dare. After taking it head-on, he rubbed his head and slipped away. As he slipped away, he muttered, "I'm helping you out. it's fine if you don't appreciate it but why did you hit me? Do I not care about my dignity?"

"Help your ass out!" thought Xu Xiaoshou.

Xu Xiaoshou almost rushed up to give this old fellow a heavy blow with the Fourth Sword, but he forcefully suppressed it.

At this moment, Lei Xi'er had lost her words.

Xu Xiaoshou felt that he really had to get out of this situation but his thoughts quickly dispersed.

"It's really the same person..."

Habits didn't lie.

Even if Mu Zixi had become Lei Xi'er, the habits and subconscious reactions that she had formed previously couldn't be changed in a short period of time.

It was even possible that she would never change.

It was because that was her!

Xu Xiaoshou finally saw through it.

The moment Lei Xi'er appeared, she had wanted to draw a clear line with Mu Zixi and cultivate the image of being cold and aloof.

However, after this farce, the image of this girl had completely established in Xu Xiaoshou's heart.

She was aloof.

She couldn't be any colder.

She had indeed become different from previously but she was still the same as before...

She was still a junior sister.

This was enough!

Xu Xiaoshou shook his head to clear away the distracting thoughts. He then turned around and said, "I still need your trial jade pendant. The red-clothed people might be able to use this thing to locate you. As for you, after we leave, I'll immediately knock out a passerby and snatch a jade pendant to make up for it."

Lei Xi'er did not even turn her head, leaving behind a graceful figure. She was still amid of self-reflection and did not hear anything.

Xu Xiaojie found it funny.

Was this society dead?

She did not even turn her head?

But it was useless...

Lei Xi'er had her back facing everyone. She lowered her head, pursed her lower lips, and closed her eyes. She had a bashful expression that said, "Why did I do that embarrassing thing just now?" She almost reached out her hand to cover her face.

She didn't dare to cover her face.

Xu Xiaoshou was behind her. If she made a big move, everything would be exposed.

However, she didn't know that because she didn't dare to cover her face, Xu Xiaoshou could 'sense' her bashful posture and see everything.

"It seems that it has really changed..."

Xu Xiaoshou's heart was beating faster.

He wouldn't feel this way when he treated his junior sister the same in the past.

But now, he really couldn't stand the charm that this demoness had inadvertently revealed. Was the God Devil Eyes really that magical?

Clearly, there were two people.

But they were the same person?

"Jade Pendant!" Xu Xiaoshou shook his head again and called out loudly.

With a whoosh, the trial jade pendant flew over without any movement from Lei Xi'er.

Xu Xiaoshou caught it and put it away. He then patted the dress on his hand and said with a smile, "Then, I'll go and change my clothes first?"

"Go ahead and change. Why did you tell me?!" Lei Xi'er gritted her teeth and said.

"Cursed, Passive Points +1."

Eh, there were more?

Xu Xiaoshou was pleasantly surprised.

He put the two dresses into the ring and opened one. He looked at it and sniffed it.

There was a faint fragrance. It was indeed the smell of a junior sister...

"Cursed, Passive Points +1, +1, +1, +1..."

Eh, she could see this?

The God Devil Eyes could also peep?

Xu Xiaoshou was frightened and immediately stopped what he was doing. Then, as if he had thought of something, his expression became strange.

He fumbled around with the small dress in his hand. After confirming that it was only such a thin piece...

He was dumbfounded.

"Are you sure you've given all?" Xu Xiaoshou asked.

"I've given you three pieces!" Lei Xi'er stomped her feet.

"That's not what I meant. What I meant was... what about the one inside?"

Xu Xiaoshou tried his best to gesture at his chest, it was as if to make the back view in front of him understand something. "You girls wear dresses, even if... uh, it's small, there should be other... clothes, clothes inside?"

Lei Xi'er suddenly turned around and glared at him. Her God Devil Eyes spun rapidly.

Xu Xiaoshou was stunned for a moment, but thinking that he was her senior and he should not be afraid, he moved his hand down again and gestured at the crotch of his pants. "And, and here..."

Lei Xi'er's eyes widened in disbelief. She gritted her teeth so hard that they almost broke. "Xu, Xiaoshou! Don't go too far!"

Xu Xiaoshou felt extremely aggrieved. He held the thin dress and said, "I want to be disguised as you. Do you have the heart to make me wear this, and it's empty inside..."

"Ah..."

Lei Xi'er suddenly screamed, suppressing Xu Xiao Zhong's voice.

Lei Shuangxing and Patriarch Wuji had walked far away.

They initially did not want to listen to their conversation, but this scream had brought their attention back.

Lei Xi'er stepped forward and grabbed Xu Xiaoshou's collar with one hand, pushing him onto the ancient tree.

"You, you, what are you doing?" Xu Xiaoshou was scared. This was not Little Junior Sister, this definitely was not! Little Junior Sister didn't have such violent tendencies!

"Shut up!" Lei Xi'er's face was red as she scolded.

"I, I..." Xu Xiaoshou didn't know what to do. Did he fight back? No, this was his junior sister. He couldn't hit her, could he?

"Shut up!"

"Oh, okay... So, you, you, what do you want to do..."

"I told you to shut up, didn't you hear me?" Lei Xi'er shouted in embarrassment and anger. She held onto Xu Xiaoshou's clothes and was furious

Did this fellow not see that there were outsiders here?

How could he say such things so openly?

"So, you, you, what do you want to do..."

"Enter Yuan Mansion and talk."

Chapter 914: I Have Two Plans to Break through the Situation! (Part 1)

Coming out of the Yuan Mansion.

Xu Xiaoshou had changed into her junior sister's appearance and the new clothes.

Of course, in the end, he couldn't get Lei Xi'er's underwear clothes. Instead, he calmed down under a series of curses and then tore off some of his clothes to make up for it.

Lei Xi'er had also changed into a new robe.

Xu Xiaoshou's clothes were big enough to wrap her entire body. However, there were still some parts that looked tight that caused people's imaginations to run wild.

Of course, she had opened her own realm and changed her clothes inside. Someone, in particular, couldn't see the changing process.

The realm of the Sovereign (stage) was indeed detestable...

"You've come out? So fast?"

Patriarch Wuji saw Xu Xiaoshou's transformed Mu Zixi come out, but Lei Xi'er was nowhere to be seen. He couldn't help but ask, "Where's your junior sister? Why didn't she come out?"

“Coming out from the world of ancient books and be exposed to the red-clothed people. With an additional person, does it look right?” Xu Xiaoshou rolled his eyes. “Besides, everyone is like you. After a great battle, don’t they rest?”

Lei Xi’er had just recovered from her serious injuries, and she had just broken through to the Sovereign (stage). Her realm was still unstable, and she needed time to settle down.

While she was recuperating in Yuan Mansion, she could use this time to consolidate her foundational roots.

“Oh, after a great battle, she needs to rest...” Patriarch Wuji retracted his head and was deep in thought.

Xu Xiaoshou ignored this old fellow. He walked up to Lei Shuangxing and asked, “What about you? What do you say? When we go out, Xuan Wuji and I...mm, Liu Changqing, are allowed to go out under normal circumstances. What about you?”

Lei Shuangxing had entered the battle.

He had exterminated Yi, but it would be difficult for him to escape unscathed.

Of course.

Xu Xiaoshou had his ways as well.

If Lei Shuangxing agreed, he did not mind opening his Yuan Mansion and sending this guy in to catch up with his sister.

Lei Shuangxing obviously understood Xu Xiaoshou’s thoughts, but he only shook his head slightly. “I have my way to escape. After you guys are done, I will send you guys out of the world of ancient books.”

Xu Xiaoshou did not say anything else.

Lei Shuangxing had been by the side of the eight Baizhun’an for many years and went through endless danger. He definitely had many life-saving items with him.

Otherwise, he would not have given up Escape Divine Coin so easily.

Since this fellow had his own trump card, then let him be.

“What do you plan to do after we get out?” Lei Shuangxing leaned on the divine crutch and asked as if nothing had happened.

Yi had died.

It was not that Xu Xiaoshou could just disguise as Mu Zixi and hide Lei Xi’er well, and everything would be fine.

Holy Divine Palace wasn’t stupid.

A Higher Void had died.

Who did it, where did it happen, when did it happen...

Rao Yaoyao would definitely investigate all of this to the end.

If he didn't think of a countermeasure beforehand, even if Xu Xiaoshou turned into Mu Zixi, it would probably be useless in the end.

Lei Shuangxing's question was obviously to test Xu Xiaoshou's understanding of the situation in the future.

Xu Xiaoshou did not really care. He only raised two fingers and said, "I have two plans to break the situation. The second plan depends on the first plan. The first plan is not something that I can say directly..."

The ending of the sentence was long.

Xu Xiaoshou stared at Lei Shuangxing's pale face and did not say anything else.

Beside him, Patriarch Wuji became curious. He thought to himself, "Why don't you just say that you don't have any plans? What plan one, plan two, depending on what? And you can't just say it directly..."

"Why are you keeping me in suspense?"

Lei Shuangxing was silent. After a long while, he suddenly smiled. "Then your first plan is probably the same as what I thought."

Xu Xiaoshou was also smiling. He looked like he was listening to him attentively.

There were some words that he could think of in his heart, but it was really inappropriate for him to say them directly.

However, Lei Shuangxing was a smart person.

The things that this fellow could think of should be the same as what he thought.

"Yi, it's me who killed him!"

Lei Shuang Xing's tone became serious as he heavily tapped his Divine-Beating Crutch and said to Xu Xiaoshou and Patriarch Wuji. "After we go out, no matter what happens, no matter how the red-clothed people question you, you don't know anything."

"We don't know?" Patriarch Wuji raised his eyebrows. He vaguely understood the thoughts of the two people in front of him.

Lei Shuangxing nodded and continued, "How can a Master (stage) and Cutting Path (stage) be able to kill a Higher Void? On the surface, your strength is indeed too weak."

"That's right," Xu Xiaoshou tugged at his twin ponytails and nodded obediently in agreement. "I'm just a Master (stage) of Life Devouring Wood Physique. Yi had come to me and asked what he wanted to ask. After that, he left."

The two stopped talking and turned their heads at the same time to face Patriarch Wuji.

Patriarch Wuji was stunned for a moment before he reacted. He chuckled and said, "I'm just an ordinary Cutting Path (stage). My original name is Liu Changqing. Under the seal of cultivation, I'm only a Master

(stage). After Yi asked his questions, he naturally wouldn't hurt anyone. Instead, he left. I'm a Master (stage) bodyguard. Under such circumstances, I wouldn't be so stupid as to attack a trial officer."

"Very good," Lei Shuangxing nodded with approval in his tone. "After Yi left, I appeared alone. The Saint Servant had declared war with Holy Divine Palace. Under such an opportunity to capture a trial officer is extremely rare. How could I let it go? Therefore, I led the Saint Servant's higher-ups to act as stowaways and killed Yi."

The stowaways... Patriarch Wuji was speechless. "How many people did you bring?"

"These are things that happened after Yi left. You didn't know anything, so why did you ask?" said Lei Shuangxing.

Chapter 915: I Have Two Plans to Break through the Situation! (Part 2)

Xu Xiaoshou was listening by the side and sighed with emotion.

Was this a verbal exchange between smart people?

There was no need to say it out loud. Each person spoke one sentence and directly rewrote the story of Yi's ending.

And yet, it was full of things that made sense. The lack of cultivation level, insufficient ability, and no one knew anything...

Sometimes, the most dangerous situation was actually the safest.

Of course, for all of this to be materialized, one person had to be sacrificed.

It was very obvious.

In the current situation, the one who was willing to be sacrificed was Lei Shuangxing.

Without him, Yi's ending would not be rewritten. Only another person could bear this karma.

This was Xu Xiaoshou's first plan.

As he had to let Lei Shuangxing bear the consequences, it was not appropriate for him to say it out.

Even if everyone understood, it was better to let him say it out loud.

Was Lei Shuangxing being used?

Xu Xiaoshou knew that this plan was making use of others.

But he was no longer the little sheep of Tiansang Spirit Palace.

This little bit of being used was really nothing.

Xu Xiaoshou had made the greatest use of others. He had even used the lives of all the spirit cultivators in Dongtianwang City to trade for the safety of everyone in the First Pavilion in the Sky — the Imperial City's Saint Explosion!

Or rather...

This could not be called 'making use' at all. It could only be said to be an exchange of benefits.

It was because Xu Xiaoshou knew that to protect everyone, Holy Divine Palace would definitely choose to deploy all their forces to defend with all their might.

This way, the other side's military arrangement would be relaxed.

Xu Xiaoshou had asked himself if he felt guilty for thinking and doing the same thing when Holy Divine Palace wanted to protect him?

He felt no guilt at all!

That night was the night of his true psychological transformation.

The world was black and white, but there was no absolute white, nor was there absolute black. Light and darkness alternated.

Blindly doing good would only bring evil to one.

In a sentence.

If one was kind, one would be bullied. If a horse was kind, one would be ridden by others.

One could not live forever for oneself, nor could one live forever for others.

It was too much.

That gray area between the two, those who understood would try to step into it and then understand life.

Those who didn't understand would never understand!

Xu Xiaoshou also knew.

Lei Shuangxing had the same thought as his. He chose to sacrifice himself alone wasn't just because of his sister.

On the contrary, the First Pavilion in the Sky carried an even greater weight!

In Holy Divine Palace's eyes, it was a dark organization that had been established. It even had a trading relationship with the Alchemist Association.

It couldn't do much at the moment, but in the future, it would definitely give everyone a surprise.

To the Saint Servant.

The First Pavilion in the Sky was too important.

Wasn't what Lei Shuangxing was doing also an exchange of benefits?

They chose to use the name of Saint Servant to bear the consequences of killing Yi and keep another more important pawn.

That was all.

Before a person became a very kind person, he should first become a person who was kind to himself, to his family, and to friends!

...

“Do you have anything else to add?”

In the ancient book world, before he left, Lei Shuangxing was extremely cautious and asked again.

Even in his heart, the current plan was the most perfect, complete, and flawless.

“There are still flaws!”

Patriarch Wuji suddenly said, “The control of the Cloud Realm world was seized, and Yi was killed during this period. I’m afraid that Holy Divine Palace would guess that it was me who acted. After all, when I came out from Abyss Island, I used the ability of Divine Secret technique.”

Lei Shuangxing didn’t say anything. He even turned his head away, making it clear that he didn’t want to answer this question.

Xu Xiaoshou could only say helplessly, “You’re confused! The one who seized the Cloud Realm world was Xuan Wuji, who colluded with Saint Slave, and the ghost beast that ran out from Abyss Island. What does that have to do with you, Liu Changqing? Moreover, you’re not even Liu Changqing who’s with Young Master Xu now. You’re just a Master (stage) spiritual cultivator!”

“Uh...”

Patriarch Wuji choked and his old face turned red.

What he had said made sense.

But why did it sound so strange?

He asked worriedly, “At the Spirit Gem Trade Fair, Liu Changqing traded the Blood Tree’s Yin branch which I got from Abyss Island. Perhaps Holy Divine Palace would use this to connect Liu Changqing with me and you from the First Pavilion in the Sky?”

Xu Xiaoshou shook his head and no longer wanted to answer.

Patriarch Wuji was indeed a little too self-centered.

The incident at the trade fair had ended after the trade fair ended. Everything had been resolved.

That time when Liu Changqing was not around, he had a conversation with the Night Guardian. In the end, Mr. Mei Siren came out to prove that the suspicion of the First Pavilion in the sky was completely resolved.

Unless something happened to Mr. Mei Siren...

However, the old Sword Deity had run off somewhere and was enjoying himself. Perhaps he was no longer in Dongtianwang City. So he would not affect the situation here.

Perhaps Patriarch Wuji’s worries were reasonable.

Some smart people in Holy Divine Palace might carefully recall all the previous clues during their free time, and then they would have a small chance of getting these details.

But Xu Xiaoshou would not give them time.

“Shut up first. If there’s a problem, wait until I tell you the second plan before you ask!” Xu Xiaoshou said with a frown.

Patriarch Wuji was shut out, and his face turned dark.

But he was now very used to his position and Xu Xiaoshou’s attitude towards him. Thus he did not say anything else.

Chapter 916: I Have Two Plans to Break through the Situation! (Part 3)

“Speak,” Lei Shuangxing turned his head.

Xu Xiaoshou said to him, “I know that you want to go out and take it on yourself. But the pressure is too great. And now, the higher-ups of Saint Servant should not be by your side?”

Lei Shuangxing said nothing.

But in his heart, he knew that this guy was really smart. He could think of everything.

Indeed it was.

His previous thought was to directly expose his identity after leaving the world of the ancient book and attracting the enemy.

However, Bazhun’an, Storyteller, and the others actually had their respective missions.

Aside from Luo Leilei, there was no one else besides him.

It was very difficult to ask for others’ support in a short period of time!

Xu Xiaoshou patted his shoulder and said earnestly, “I know what you want to do. But sometimes, self-disclosure is not as convincing as the ‘real answer’ found by others through their efforts.”

“You mean...” Lei Shuangxing understood immediately and the situation somewhat became clear in his mind

Xu Xiaoshou smiled confidently and said.

“You don’t have to expose yourself. You just need to follow the previous trajectory.”

“Yi was the one who brought up this battle. Now that he is dead, Holy Divine Palace will definitely send people to search this place.”

“And here, there are the power of Divine Secret, bounded domain, the higher void (level), and finally... the ancient book space.

“It’s very chaotic!”

Xu Xiaoshou concluded with a heavy sentence and then spread his hands. "But please believe your enemies. They are very strong. They can find Storyteller."

Lei Shuangxing was shocked when he heard this.

He couldn't believe for a moment that under such uncertainty in the future and situation, Xu Xiaoshou could still maintain such calm and clear analysis and judgment.

But what Xu Xiaoshou said...

There was no doubt.

It was all true!

Lei Shuangxing lowered his head and pondered for a moment, then frowned and said, "But Storyteller has already gone to Abyss Island. He can't appear in the Yunlun Mountain Range."

He had gone to Abyss Island... Xu Xiaoshou was only surprised for a moment before he came back to his senses. He then had an interesting expression on his face. "Yes, he has gone to Abyss Island. Why would he appear in the Yunlun Mountain Range?"

"Yes," Lei Shuangxing also nodded solemnly. "This doesn't make sense. Perhaps Holy Divine Palace can immediately negate the inference you made before."

"What?"

Xu Xiaoshou was stunned and looked puzzled. "Did you think wrongly? Storyteller is nowhere to be found, but the power of the Yin Yang Life and Death Trap has indeed appeared in the Yunlun Mountain Range.

"The only thing Holy Divine Palace will think of when the time comes is whether Storyteller used his clone or some other ability.

"They can only imagine the power of Storyteller. They won't question if Storyteller has never appeared here before!"

Xu Xiaoshou looked at Lei Shuangxing who was stunned by his words. He suddenly realized that this guy was bewildered.

After all, not everyone's brain was capable of thinking so comprehensively.

Xu Xiaoshou laughed and asked, "Did you only use the sword in your previous battles or the treasure given to you by the higher-ups of Saint Servant? Did you not engage in psychological warfare before?"

Lei Shuangxing blushed slightly.

Only after Xu Xiaoshou said it bluntly that he realized the assumptions he had just made were all assumptions that Holy Divine Palace had to make, not him.

And if Holy Divine Palace wanted to make assumptions, even if it was just a suspicion, someone had to verify it.

If it was started in the wrong direction, how much time would they waste until the end?

“How could he think so far ahead...” Lei Shuangxing was impressed by Xu Xiaoshou’s brain.

The fact that the existence of the First Pavilion in the Sky could be materialized proved that Xu Xiaoshou’s ability was not simple.

Lei Shuangxing had really benefited a lot from today’s conversation.

However, he gained the benefits in his heart.

On the surface, Lei Shuangxing had to put on another expression. He said calmly, “This is your second plan? I don’t have to do anything and just go out to wait for someone to come?”

“How can I let you wait for death?” Xu Xiaoshou rolled his eyes and pointed to the sky.

There was nothing unusual in the sky of the ancient book world.

However, in the Yunlun Mountain Range, there was Abyss Island Rift in the sky.

Xu Xiaoshou laughed and said.

“You should have the ability to contact Storyteller who has entered Abyss Island. It shouldn’t be lost contact as soon as he entered Abyss Island.

“Let Storyteller make some noise on Abyss Island. I’m afraid Holy Divine Palace won’t have the time to look for you after that.

“Under such circumstances, if they can still find you, that would be truly relying on their efforts to find the ‘origin answer’.

“If they strongly believe in this answer, then the suspicion of First Pavilion in the Sky would be completely cleared.

“And when things come to this stage, I believe that a long time has passed. During this period of time, you can definitely find helpers and release yourself.

“The situation, in general, should be developing quite well. There might be some hiccups in the process but you are also considered smart. You can just adapt to the situation.”

Xu Xiaoshou spread his hands and talked non-stop.

Lei Shuangxing’s expression was calm at first, then his lips opened and closed slightly. In the end, he was extremely shocked.

Patriarch Wuji was even more shocked when he heard this.

How long had it been since they left the battle?

The strange feeling brought about by the death of their enemy had not completely disappeared.

But Xu Xiaoshou had thought of the ending of Holy Divine Palace?

Who was the pawn here?

If you had such a brain, why would you appear in the Yunlun Mountain Range?

Shouldn't you be worshipped by Saint Servant as the commander-in-chief? Shouldn't you be strategizing and deciding victory from a thousand miles away?!

At this moment, Patriarch Wuji had a new impression of this future master...

"In Awe, Passive Points +2."

Xu Xiaoshou was non-stop talking as he explained his train of thought to the two people. He then felt his mouth dry up.

He subconsciously stretched his hands behind his back, but he didn't get Xiao Wanfeng's teacup. Then he realized that the person who served the tea and poured the water wasn't by his side...

He came back to his senses.

The two people in front of him looked as if their teeth had dropped out of their mouths.

"Are you still listening?" Xu Xiaoshou frowned. He didn't need to repeat after talking so much, did he?

"I'm listening."

"I'm listening."

Lei Shuangxing and Xuan Wuji were recalling Xu Xiaoshou's second plan.

"It's not that difficult to understand, isn't it?"

Xu Xiaoshou thought for a moment and concluded, "To sum it up, there are only these words... relieve the besieged by attacking the base of the besieger."

Chapter 917: There's a Mole? (Part 1)

In the sky above the Yunlun Mountain Range.

At the main seat of the Cloud Realm's surveillance.

"15 minutes!"

Yu Zhiwen had to go all out to take back the control of the Cloud Realm within 15 as she had promised.

However, that unknown Divine Sorcerer was too powerful!

In the process of fighting for the control of Divine Secret and Cloud Realm, even though she used all her strength, and activated her Pearl Gem Star Eyes extreme, the other party was able to effortlessly set up all sorts of traps.

If she wasn't careful, she would be trapped within and waste a large amount of time.

"Beep, beep, beep..."

The communication bead rang continuously.

15 minutes had passed. Rao Yaoyao clearly couldn't wait any longer and began to rush her frantically.

Yu Zhiwen didn't pick up. At this moment, she was sweating profusely and didn't dare to be distracted.

Even if she used all her strength, she was still one step away from regaining control of the Cloud Realm.

At this moment.

Suddenly, the Divine Sorcerer on the other side seemed to have disappeared and stopped setting up traps.

Yu Zhiwen was pleasantly surprised.

Even if it was a possible trap set up by the other side, she had no choice but to try to go deeper into the structure of the world of the Cloud Realm.

To regain control, she had to completely master the seat of the main controller.

This time, unexpectedly, there was nothing to stop her.

Yu Zhiwen made a hand gesture and formed a seal, and the control of the Cloud Realm world... was in her hands!

“Senior Rao.”

Yu Zhiwen picked up the communication bead and was slightly excited. She immediately replied, “Fortunately, I didn’t fail this time! I’ve already taken control of the world of Cloud Realm. I’ve also set up multiple layers of defenses. This time, the moment someone dares to touch the Cloud Realm world again, I can immediately sense their positions.”

No one could have thought that someone would seize control of the Cloud Realm during the Imperial City Trial.

Previously, it was Rao Yaoyao alone guarding the Cloud Realm, not Situ Yongren.

Otherwise, the moment Patriarch Wuji made a move, it would have been sensed by his Perception.

No matter how bad it was, he wouldn’t have lost control of the Cloud Realm all of a sudden.

Unfortunately, there was no ‘if’...

When Cheng Ji, the Hall Master of Holy Divine Palace of Dongtianwang City, applied for the Cloud Realm, it was purely for the sake of the spiritual cultivators of the Imperial City Trial.

Just like Rao Yaoyao, he had never thought that someone would use this thing to cheat.

Only someone whose attainments in Divine Secret technique completely surpassed everyone in the Path Division could seize control of the world of Divine Secret.

How could such a figure coincidentally appear in Dongtianwang City, hide in the Yunlun Mountain Range, and covet the Cloud Realm?

Unfortunately, it was such a coincidence...

By chance.

For more than a quarter of an hour, Holy Divine Palace was completely in the ‘dark time’. She could not see the scene of the Yunlun Mountain Range, nor did she know what was going on inside.

“Senior Rao?”

Yu Zhiwen had taken back control of the cloud realm, and she felt a great sense of achievement.

It was as if she had solved a difficult Divine Secret technique question given by the Supreme Master, and it was very exciting.

However, across the communication bead, Rao Yaoyao remained silent, causing her excitement to cool down like ice water being poured on her.

Something had happened?

Only then did this premonition flash through her mind...

“Yi, he died on duty!”

After a moment of silence in the communication bead, Rao Yaoyao’s incomparably solemn voice suddenly sounded.

Yu Zhiwen’s heart instantly skipped a beat.

The Chief of the Transformation Division...

Expert of the higher void (level)...

Was dead?

In this quarter of an hour of darkness.

He... died?

Yu Zhiwen’s scalp immediately went numb.

She knew better than anyone else how difficult it was to kill a higher void (level) expert, not to mention the Chief of Transformation Division, who was well known for his ever-changing and elusive appearance.

Such a figure, just because the vision of the Yunlun Mountain Range had gone dark for a quarter of an hour or so...

He was dead?!

“Senior Rao, I...”

Yu Zhiwen was a little flustered.

She didn’t care about the battle situation at first. But when she thought of the famous six divisions of Holy Divine Palace, and the chief of one of the divisions was assassinated because she wasn’t powerful enough to regain control of the Cloud Realm in time...

Her heart was filled with fear.

Yu Zhiwen wanted to explain, but she could not say anything for a while. Even the hand that was holding the communication bead started to tremble slightly.

A soft sigh came from the other side of the communication bead. Then, Rao Yaoyao's comforting voice sounded.

"Zhiwen, I know you have tried your best. Don't blame yourself.

"I've asked Situ Yongren about the process of your hard work.

"He said that even if he came, he might not be able to do better than you when it comes to cracking Divine Secret technique.

"I've seen your hard work for a quarter of an hour or so.

"However, a man's plan is not as good as God's plan..."

Rao Yaoyao did not seem to intend to waste too much time consoling people.

As she spoke, she changed the topic and said in a deep voice, "Keep an eye on Mu Zixi. Yi died in carrying out an intelligence mission. There must be something wrong with this person!"

Mu Zixi...

Yu Zhiwen snapped out of her daze. She knew that this was not the time to be afraid, but she was also frightened by Rao Yaoyao's words.

"I know this person, but she is just a puny Master (stage). How did she kill the higher void (level)?" Yu Zhiwen could not believe it.

Rao Yaoyao's voice was solemn, "I don't need you to give me a judgment right now! I just need you to transmit to me all the images that you saw before Yi died, as well as all the people and scenes within a radius of a hundred miles after he died."

"Okay."

Yu Zhiwen quickly nodded.

She once again controlled the Cloud Realm world.

With a hand seal, all the spirit mirrors in front of her regained their light.

In the Xu Faction, the bonfire was glistening.

In the main tent of the Xu Faction, Young Master Xu was dozing off.

Outside the Xu Faction, the mountain where Yi had last appeared before he died... had no one!

Chapter 918: There's a Mole? (Part 2)

Yu Zhiwen's heart turned cold.

The person was dead.

The place where the person died had nothing strange.

How could she report these images?

Yu Zhiwen thought of Rao Yaoyao's words.

At the moment, she didn't need to make a judgment...

Immediately, she used the Divine Secret technique to transmit the images that she could see to Rao Yaoyao.

The communication bead was still in contact.

Not long after, Rao Yaoyao's voice sounded, "Where's Mu Zixi? I want to see her live."

Yu Zhiwen's heart trembled.

She did not dare to delay and her hands moved.

Through the trial jade pendant, she locked onto Mu Zixi's location.

She was not in the Xu Faction's tent!

This little girl was not far from the Xu Faction's tent. She was on the other side of the mountain where Yi had last appeared. She was kicking the pebbles on the side of the mountain road out of boredom.

She was holding a small twig that had its leaves snapped off. Her small face was filled with displeasure. As the twig swung back and forth, she could not stop muttering something.

Yu Zhiwen immediately zoomed in on the scene. She amplified her voice and pricked up her ears to listen carefully.

...

"D*mn Young Master Xu, stinky Young Master Xu!

"Isn't it just the position of the Xu Faction's leader? I don't give a d*mn!

"Do you think I like those thousands of people of yours? Give me time, I can also pull up a team!

"D*mn it..."

On the mountain road, Mu Zixi cursed as she kicked the mountain rocks. Suddenly, her emotions flared up and she fiercely swung the tree branches as if she was chopping someone with a sword. "D*mn it, d*mn it, d*mn it!"

"Deputy Leader Mu..."

Behind her, the guardian in the distance was begging. He kept shouting in the wind, "Grandma Mu, it's time to go back! In this wilderness, Young Master Xu isn't here. It's too dangerous. If that fake trial officer made a move, then we..."

"What did you say!" Mu Zixi turned around and glared at him.

"Uh..." Master (stage) guardian Xiaoqing was stunned, "I said, it's time to go back!"

"The first part!"

"Grandma Mu?"

“Further up!”

“Deputy Leader Xu?”

“That’s it!”

Mu Zixi was so angry that she stomped her feet. “What did you call me? Deputy Leader? Must you add the word ‘deputy’? I was the one who set up the ceremony for Xu Faction to call me ‘Leader’. Now, Young Master Xu hasn’t officially held the ceremony to change the leader, and you’re calling me ‘Deputy Leader’?”

Cold sweat broke out on the guardian, Xiaoqing, as she kept apologizing. “Leader Mu, it’s my fault, it’s my fault. I apologize. But now, we really should go back. This place is too dangerous...”

Mu Zixi pouted as fear flashed in her eyes, but she said stubbornly, “What’s there to be afraid of for a trial officer? Trial officers are meant to protect trial-takers. If you don’t do anything wrong, you aren’t afraid of ghosts knocking on the door!”

Xiaoqing added weakly, “You already said that he’s a ghost...”

“Ah!” Mu Zixi held her head and screamed, “Stop it. I won’t listen. Unless Young Master Xu comes to apologize to me personally and returns the position of leader to me... otherwise, I won’t go back! Hmph!”

Xiaoqing sighed, “Leader Mu, don’t you see what time it is now? The battle of the Nine Dragon Range has begun. Everyone is rushing being afraid that someone will get there first... Where’s Young Master Xu?”

He spread his hands, “Young Master Xu has even temporarily put aside the battle of the Nine Dragon Range for your sake. Under unknown circumstances, the thousands of brothers of the Xu Faction are also waiting for you to return, so they’re resting on the spot... Leader Mu, can’t you see how important you are in Young Master Xu’s heart?”

Mu Zixi was stunned when she heard that.

She held the trial jade pendant in her hand as if she was confirming something.

Then, she seemed to have been convinced. There wasn’t much confidence left in her words now.

“I, I was scared by that guy just now and forgot to look at the notice of the trial jade pendant!” She held the jade pendant as if she was holding her lifeline. She was more confident now. “Look! I just saw the notice!”

Xiaoqing didn’t care about this. He pouted and asked, “Then, shall we go back?”

“Go back... Let’s go back. What’s the big deal!” Mu Zixi had been by Young Master Xu’s side for a long time. It was obvious that she knew when to stop. She knew that the time couldn’t be delayed, so she grumbled. However, she started to follow the guardian, Xiaoqing back.

“After we go back, don’t tell him what happened just now. I’ll tell Young Master Xu myself,” Mu Zixi instructed as she walked.

“Of course,” Xiaoqing looked serious.

“I won’t add fuel to fire!” Mu Zixi glared at him angrily. The other party was pretending, he would definitely tell him.

“I know Leader Mu’s character. I can trust you,” Xiaoqing smiled.

“Are you insulting me?”

“No such thing!”

“Hmph!”

“Hmph bounced back!”

“You!”

“Alright, I won’t say anything...” Xiaoqing smiled bitterly. “So, what do you plan to tell after Leader Mu returns?”

“What else can I say?” Mu Zixi sneered, “That trial officer dared to control me and make me lose my composure. So I must lodge a report against him... Isn’t he just a Sovereign (stage)? With Young Master Xu’s strength, he is definitely capable of destroying a Sovereign (stage)!”

“What happened to not adding fuel to the fire? He was just suspicious and asked some questions.”

“Shut up!”

“Shut up bounced back.”

“You... do you believe that I’ll also lodge a report that you did not protect me well?!”

“I’m sorry, I was wrong.”

“Hmph, hmph.”

...

Yu Zhiwen look at the scenes in the spirit mirror and remained silent.

There was nothing abnormal!

Mu Zixi and Young Master Xu’s guardian didn’t do anything abnormal!

The reason why the two of them hadn’t returned to the Xu Faction’s tent was that Mu Zixi had asked Young Master Xu for the position of the leader, but he didn’t give it to her.

This point could be matched with everything that had happened in Young Master Xu’s tent during the ‘dark time’.

According to Mu Zixi’s temperament as a young lady, she had written it down in a small notebook. And she needed Young Master Xu to come over personally to comfort her before she could return.

However, Young Master Xu was also fierce. He didn’t respond in person, and he only called off the rest of the Xu Faction’s actions and waited for Mu Zixi to return.

These trivial things that the two of them had done were all due to their personalities, even if they would affect important matters.

The only suspicious thing was...

“Is she that important?”

Yu Zhiwen was mumbling in her heart.

But soon, she realized that her thinking had gone astray and immediately returned to the main point.

According to the content of the conversation...

Yi had obviously come into contact with Mu Zixi.

However, after the ‘interrogation’ mission was completed, Yi should have left very soon.

Otherwise, Mu Zixi and the guardian wouldn’t have appeared at another place on the mountain and wasted their time wandering around.

From these scenes, one could infer that Yi had fallen into another unknown trap after coming into contact with Mu Zixi.

That trap must have been planned for a long time.

During that period of darkness, the Cloud Realm world’s control happened to be snatched away. In a quarter of an hour, the higher void (level) couldn’t even resist or escape and was killed on the spot.

A large amount of manpower and material resources must have been used!

Even if Mu Zixi and the guardian were stowaways of the higher void (level), they couldn’t do so!

Two higher void (level) wanted to kill the Chief of Transformation Division?

How strong these two higher void (level) had to be?

At the very least, they had to be at the level of two chiefs of the six divisions. Even so, they might not even be able to kill Yi!

Yu Zhiwen was the first to reject the possibility that the two of them had worked together to kill Yi. This was simply unrealistic.

It was because if Yi was killed by these two higher void (level) stowaways, at the very least, another higher void (level) who had the cultivation level of the chief of the six divisions or other special abilities would have to come in.

Only by working together could they complete the killing operation.

Yi, the ever-changing Yi, would not die so easily!

After excluding this possibility, Yu Zhiwen felt that it would only be the hands of those large dark forces, such as those who had declared war with the Holy Divine Palace earlier...

Saint Servant!

But...

If it was a dark organization like Saint servant who had done it...

How did they do all of this?

How did they know Yi's mission and route of action, and then set up an ambush in advance?

Yu Zhiwen suddenly felt a chill run down her spine.

She thought of a terrifying possibility...

"There's a mole?"

After a flash of spiritual light, Yu Zhiwen didn't dare to continue thinking.

She directly passed on the scene and the content of the conversation to Rao Yaoyao.

Rao Yaoyao would definitely be able to think of what she could think of.

If there was a mole, then the position of the mole...

Was too high!

Subsequently, there might be a great purge in the Holy Divine Palace!

Chapter 919: Words! (Part 1)

At Abyss Island Rift.

Teng Shanhai was clad in the Cang God Armor, and his single eye was as cold as an eagle's. He looked like a god of war.

However, his temperament seemed to be lacking.

Yes.

If he had a great spear or halberd in his hands, Teng Shanhai would be even more intimidating.

Unfortunately, there was none...

Losing the Xiao Divine Spear could be a big or small matter.

At most, it would be a loss of face and would be laughed at by his peers. However, this matter could also be considered a backup plan to locate the Saint Servant, Xu Xiaoshou.

If the owner didn't die, the lost divine weapon on the Inscription Stele would come back one day.

It wasn't a big deal.

If it was a mission, Teng Shanhai wouldn't have paid much attention to it. However, ever since the Xiao Divine Spear was lost, he had become more cautious.

However, in his heart, the most dangerous part of this mission was the latest news that had just arrived from the Sacred Mountain Gui Zhe of the central region.

“Yi died in battle and his soul lamp extinguished. There is no chance of revival.”

The concise words were the news that would shake the entire Shengshen Continent.

One of the chiefs of the six divisions, Yi.

He had disappeared without a trace!

The Yunlun Mountain Range was suspected to be a battlefield.

However, not even the slightest fluctuation of the battle could be heard from the battlefield.

Who would believe it if it was told to others?

Teng Shanhai was in the high sky, so he could see everything that was happening in the Yunlun Mountain Range.

Even if the control of the Cloud Realm world was taken away, the spiritual senses of the higher void (level) would still be able to see everything from a bird’s eye view.

But even so...

During the entire process of his death, Teng Shanhai didn’t receive any signals. He didn’t see anything unusual.

It was said that death was like a lamp going out.

But the death of the higher void (level) shouldn’t be in this manner.

Not to mention earth-shattering, at the very least, he had to send out a distress signal before he died!

In the end...

Without any news, the higher void (level) died in battle!

“Ye Xiao...”

Teng Shanhai thought of the Dark Division Chief, Ye Xiao, and his heart trembled slightly.

In the entire Holy Divine Palace, who was the person that others were most afraid of.

Other than Gui Zhe Saint’s Envoy, it was only the Dark Division Chief, Ye Xiao!

Among the six divisions, this was the only person who didn’t have any information being leaked out. He didn’t even know her cultivation level, and could only give a vague higher void state based on the comprehensive abilities of the six divisions.

Ye Xiao was like a mystery.

To the outside world, the world did not even know whether Ye Xiao was a man or a woman.

It was because the big shot of the biggest intelligence agency in the world was her man, Yi. Yi had sealed all information for her, allowing her to sit on the supreme throne in the world of darkness!

The king of murder...

The king of assassins...

In the world of darkness, there were even people who ranked her on the same level as the two great rulers of the Holy Divine Palace. They called her the invisible third person — the ruler of darkness!

On the surface.

If Holy Divine Palace could not solve the problem, Dark Division could.

If the white-clothed faction could not overcome the dark faction, the dark faction could.

If the red-clothed people could not remove the ghost beast host body, Dark Division could.

In a sentence...

Dark Division had the right to interfere with the affairs of the 'justice' forces, and it also had the right to interfere with the affairs of the mobs. Anything in the world that could not be resolved through proper channels, as long as an outline was given, Dark Division would resolve everything when the light could not be seen.

Even among the six divisions, Dark Division was the most special existence.

If the others wanted to mobilize the strength of the other five divisions to carry out a mission, they only needed to apply to the headquarters of Holy Divine Palace and obtain half of the votes of the Stairway to Heaven at the highest level. Then, they could apply successfully.

However, if they wanted to mobilize the strength of the Dark Division...

Not only did they need 90% of the votes of the Stairway to Heaven, but they also needed the approval of at least one Gui Zhe Saint's Envoy. And finally, the approval of the Red-Vein Edict Seal of Dao Qiongcang, the Hallmaster of the Holy Divine Palace. Only then could they successfully mobilize Dark Division.

Holy Divine Palace was particular about evidence when they did things.

But once the situation got out of control, and when it really came to the time for Dark Division to take action...

Dark Division only looked at suspicions.

If they suspected you, you had to die.

It was that simple!

Of course, great authority and great power also needed great supervision.

In fact, in the current world situation, the ones who truly needed Dark Division to take action were less than a few times a year. Every time they took action, they had to go through a strict process of approval and confidentiality so that Dark Division would not alarm the world.

In the eyes of the outside world, Dark Division was just like a decor.

No one knew when this division was established when they made a move, or how many troublesome matters they had settled.

However...

Among the six divisions, the only one that still maintained a 100% completion rate of the mission was the Dark Division.

The members of Dark Division only did two things a year. They took half a year to do one thing — half waiting, half killing!

...

“Yi is dead. I’m afraid Ye Xiao will go crazy.”

“The moment Ye Xiao goes crazy, how many people will die if there is no one to suppress her?”

As Teng Shanhai thought about it, he felt horrified in his heart.

He would rather believe that he would die, that the world-renowned Eighth Sword Deity would die.

He had never expected that Yi, who specialized in intelligence work, would lose his life in this seemingly simple mission.

People in the open were easy to kill.

In the dark, they were as elusive as snakes and rats. How would they die? How could they die?

Yi, Ye Xiao...

This pair was publicly recognized on Gui Zhe Sacred Mountain as the most difficult to die.

One was in the intelligence work, the other was in the assassination, and they were Dao partners. They were supporting each other. Who could kill them?

But now, Yi was dead...

Not to mention the Dao partner relationship between Ye Xiao and Yi.

Just the traces left behind by the assassination that Yi had wiped out for Ye Xiao after so many years.

She had to repay this favor, right?

And when Dark Division was doing things, unlike Rao Yaoyao and Gou Wuyue, they did not need incomparably conclusive evidence for the world to see.

Chapter 920: Words! (Part 2)

As long as they were suspicious, they could kill.

The Chief of Dark Division even had what the chief of the other five divisions and the two rulers of Holy Divine Palace did not have, and Ye Xiao had never used it either — the right to kill first and report later!

Teng Shanhai had a headache thinking about it.

He had never thought that anything would happen to Dark Division. After all, it was the final trump card of Holy Divine Palace.

But now, with Yi's death...

It would have been fine if Yi was an ordinary higher void (level).

But it wasn't!

Yi's death involved too many things. It was too big a matter.

If no one showed up from Holy Divine Palace, it was afraid that it would be messy.

The most important thing now was not to let Ye Xiao know about Yi's death!

...

"Beep."

The array token of the deputy commander in Cloud Realm world trembled. It interrupted Teng Shanhai's train of thought.

As usual, he quickly scanned through the images sent by Yu Zhiwen and then sent them to Rao Yaoyao, who had already entered the Abyss Island Rift.

Rao Yaoyao was in the Abyss Island Rift, so she couldn't communicate directly with the outside world.

Teng Shanhai's role was to guard and act as an intermediate station.

He used the higher void (level) world to communicate with Rao Yaoyao's mind and passed on all the information reported by Yu Zhiwen to her.

And vice versa.

Mu Zixi and the guardian Xiaoqing's conversations and actions in the Yunlun Mountain Range were sent over.

Soon after, Rao Yaoyao's voice came from the higher void (level) world.

"First, as I said before, expand the cloud realm's investigation area to a radius of a hundred miles around Yi's position before he died. Search for suspicious people, regardless of cultivation level.

"Second, Yi is dead, and Imitator is missing. It doesn't rule out the possibility that someone is disguising. Mu Zixi is the main suspect, and so is the guardian around her. Yu Lingdi had previously suspected that he was a Divine Sorcerer.

"Third, investigate Young Master Xu of the First Pavilion in the Sky. Use outsiders to find out the origin of his Divine Secret, including the Taixiang Xu family of the Northern Region. It doesn't matter if his surname is Xu. I want all information on the Demi-Saint families who have secretly studied Divine Secret.

"Fourth, Situ Yongren has confirmed through the traces of the Cloud Realm's Divine Secret that the Divine Sorcerer who seized control of the Cloud Realm was the Divine Sorcerer who fought with him across space in Dongtianwang City. Based on the Divine Secret technique proficiency, there is a 70% chance that it was the ghost beast, Xuan Wuji, who escaped from Abyss Island.

“Fifth, Xuan Wuji and Yi had a personal grudge, so he could have killed Yi out of emotion. Situ Yongren has said before that even Zhiwen’s Pearl Gem Star Eyes could not defeat Xuan Wuji’s Divine Secret technique, though it could deter him and drag his time in killing people. Therefore, if it was Xuan Wuji, he wouldn’t have acted alone. He would have helpers and the suspects are the major dark forces.

“Six, use the spies that have been following the dark forces at the Spirit Gem Trade Fair but haven’t taken action. Focus on keeping an eye on and following the major dark forces. The local faction of Dongtianwang City has a search warrant from Holy Divine Palace. I’ll only give you minutes. If you can’t get any information, bring their heads to see me. The rest are Yama who had a dispute with the Demi-Saint Jiang family, Saint Servant who declared war with Holy Divine Palace, and Xu Yue Grey Palace which is inextricably linked to the ghost beast. I want the locations of their important members, from the streets to alleys. As long as there’s information, I want it all.

“Seven, order Wang Dachui to investigate all the places Yi passed after he received the mission and before he died. Every battle must leave traces. Yi must have given important clues and waited, whether it was the bounded domain, the higher void (level) world, the will of the soul, or other traces of time and space that could suppress the Divine Secret abilities. Lock down the specific battle location and hand over the suspects. Similarly, 15 minutes.

“The above...”

The seven decrees!

In less than a few minutes after the Cloud Realm world images were handed over, they were handed over in an orderly manner.

Teng Shanhai was speechless.

Was this the dictating ability of the red-clothed people?

In just a few minutes, Rao Yaoyao had calmly given a detailed plan under such circumstances.

From the inside of the Yunlun Mountain Range to the outside of Dongtianwang City.

The suspects were from small to large.

After a thorough investigation, the scope of suspicion was reduced.

What could be predicted was that.

After 15 minutes, no matter what the people’s replies were, the number of suspects would be reduced to a specific few.

It was because there were only a few big shots in Dongtianwang City who could kill Yi.

“Yes!”

Teng Shanhai replied and passed the seven decrees of Rao Yaoyao to Yu Zhiwen, letting her execute them.

A message came from the higher void (level) world.

“The above decrees are for Yu Zhiwen. The followings are for you,” Rao Yaoyao’s voice became heavy. Teng Shanhai became nervous. He had a vague premonition as to what Rao Yaoyao was going to say next.

Rao Yaoyao said, “The higher-ups only gave the information to the chief of the three divisions, Situ Yongren, and me. Ye Xiao doesn’t know about Yi’s death yet. I want you to keep her by your side, no matter what method you use. You must not let her be out of your sight.”

When Teng Shanhai heard this, his pupils trembled.

Keep Ye Xiao by his side?

Wasn’t this like stabbing a knife into his chest and waiting for someone to push it in?

What if Ye Xiao went crazy after learning the truth and even attempted to assassinate Teng Shanhai?

There was a lot of vengeance and hatred among the six divisions.

“She is rational,” Rao Yaoyao knew what Teng Shanhai was thinking.

“She might be rational now,” Teng Shanhai added.

“The higher-ups have sealed off the information between Dark Division and Transformation Division, cutting off all communication. Ye Xiao definitely wouldn’t know about this.”

“Have you forgotten? Ye Xiao and Yi are Dao companions...”

Teng Shanhai said everything in one sentence.

The connection between the higher void (level) world fell into a long silence.

And then.

Rao Yaoyao’s voice came again.

“This is an order!”

Teng Shanhai was speechless.

He sighed in his heart and said solemnly, “Okay, I’ll contact her now.”

The higher void (level) world was cut off.

The communication bead rang.

The other side was silent, obviously waiting for the caller to speak.

Teng Shanhai had mentally prepared himself, so he calmly said, “Rao Yaoyao sent a message. There’s a transformation in the Abyss Island Rift. Come over to my side immediately and help guard it.”

“Rao Yaoyao?” Ye Xiao’s voice was gender neutral. Just by listening, he couldn’t hear any change in emotion. “She didn’t send a message to me. Dark Division also doesn’t accept the order of Combat Division.”

“Rao Yaoyao is currently in the Abyss Island Rift. She can only establish a connection with me in the higher void (level) world,” said Teng Shanhai.

Ye Xiao said, “I’m also in the higher void (level) world. I’m also bound to the higher void (level) world battle channel.”

Teng Shanhai laughed, “You haven’t set foot in the mission of the Abyss Island Rift. Come over and take half a step in. You will then know why Rao Yaoyao can only send you all kinds of battle orders through me.”

Ye Xiao was silent.

After a long time, a voice came from the other side of the communication bead.

“How much time was given?”

“15 minutes.”

“Okay, I’ll be there in 15 minutes.”

With a beep, the communication bead was cut off.

Teng Shanhai’s hand holding the communication bead trembled imperceptibly, then he slowly put it down and let out a long sigh.

He looked around.

The night in the Yunlun Mountain Range was quiet and deep.

In the distance, Dongtianwang City was still filled with the colors of the human world.

The ancient city floating above it, even with the restriction of the Way of the Heavens, was still like a wild horse that was about to escape from the spatial fragment...

The night was too beautiful.

Life was like grass.

Teng Shanhai took back the connection to the higher void (level) world. He opened and closed his mouth, suddenly unable to speak.

“How is it?” Rao Yaoyao’s telepathic communication revealed some urgency.

“48 words,” Teng Shanhai let out a long sigh and said.

“What do you mean?” Rao Yaoyao was puzzled.

“I’m saying,” Teng Shanhai clenched his fists and said sternly, “Ye Xiao said 48 words to me! She didn’t even say so many words to me in 10 years. But the communication bead was connected, and the voice was hers... Then, who was I talking to just now? Was I talking to a ghost?!”

All of a sudden.

Across the higher void (level) world, there was dead silence.

One breath...

Two breaths...

Three breaths...

Three breaths later, the Abyss Island Rift shook.

Rao Yaoyao's hair was slightly disheveled, and her clothes were slightly torn, but she rushed out with such an image.

The higher void (level) world was under construction...

The construction was successful!

The battle channel was in the process of contact...

Contact failed!

Rao Yaoyao's eyes instantly lost focus.

She saw nothing but the night in the mountains.

"Ye Xiao has lost contact."
