

I AM VARDY

Chapter 13 - Official version system

The hotel was very clean. Vardi was lying in bed, and after confirming that no one would disturb him, he could not wait to start studying the official version of the big star tease system, or tease system for short.

Only then did he know why the system has such a strange name.

As the name implies, the big star doubling system cultivates big stars, but the premise is that this big star needs to be doubling, so it is called the big star doubling system.

Naturally, there is a focus between the big star and the tease ratio. After understanding the system, Vardi feels that the system cultivates big stars just by the way. The real purpose is to cultivate the big tease...

The body has been transformed by the system in the trial version, and now the official version does not have this benefit. Vardi is mentally prepared.

Joining the rich youth academy camp to complete the task rewards Vardi has received, and understand the system.

'characteristics' includes four types of psychological characteristics, physical characteristics, offensive characteristics and defensive characteristics. As for whether there are hidden characteristics, the system does not inform.

Each feature has five levels of Lv1-Lv5, upgrades require feature points, and feature points are issued by the system.

According to Vardi's understanding, the characteristics are the same as the skills in the game. After lighting up the skills and then adding the skills to the full level, it is super powerful.

The offensive feature of system rewards-Super Sub (Lv1), the role is to increase the all-round ability of the substitute after the field, of course, the effect of lv1 is estimated to be very weak.

The system will immediately issue a task, and the task may reward feature points, which can be used to upgrade the feature level.

The task is only one way to obtain the feature points, and the other way is the host's autonomous teasing, which means that the teasing behavior is completed without system prompts, and then the system is assessed and evaluated at a fixed period, based on the host's teasing Behavior issue feature points.

Valdy feels that he can say goodbye to the lives of normal people from now on, and make a quiet tease.

At present, the system has only these functions, and there are more functions waiting for him to unlock. Valdy feels that if he can make a tease, then he can become a big star.

By the way, I also looked at the newly released pit father task.

System task: To find good friends, you must find three teammates who can dress themselves

Mission reward: system store opened, feature points +1

I have to say that the system has already done everything, so who wouldn't wear clothes and need teammates to help them?

If you really have a big-faced beard teammate to help you dress, even if your teammates will not mistakenly think that you have that relationship, I'm afraid you can't stand it.

However, the reward of the task made Vardi very eye-catching. I don't know what good things will be in the system store, and the feature points can increase the super bench from Lv1 to Lv2.

This is definitely a task that cannot be wasted, even if it is disgusting.

However, Valdi finally got a not-so-good system prompt——

In the copy of the Manchester United Youth Training Camp, all the host's abilities are reduced by 10%. In addition, the system tasks cannot be completed, and the system will not account for the host's teasing behavior.

It's easy to understand. The host has a strong ability, so it's no difference to go to youth training camp naked, and the most important thing is that on a stage that no one pays attention to, such as youth training camp, who do you like to show?

So the goal before Vardi is also very simple, that is to enter the first team as soon as possible, so as to maximize the system.

Entering Manchester United's first team is easy to say, but it is actually a difficult goal.

Otherwise, let's take a look at Manchester United's current frontcourt configuration.

The king of the small penalty area, Fanny, the French striker Saha, nicknamed Venus, the bad boy Alan Smith, the baby-faced Solskjaer, and later the European gold boots Diego Fran, these five forwards alone are enough to make Manchester United a lot. The goal envied by the giants, don't forget the Italian genius Giuseppe Rossi.

With so many outstanding forwards, Ferguson doesn't even need to go to the youth training camp to promote newcomers. How to balance the playing time of these first-class stars is enough for him to scratch his head.

Think of Valdy and think that his future at Manchester United is bleak. This is not a question of strength, but a question of opportunity.

In the evening, Valdy had a good night's sleep. With a big personality, he felt that instead of worrying, he might as well work hard. Anyway, he was young and had opportunities.

.....

The next morning, Langley drove out of the hotel early and Valdy just had breakfast.

"Jami, how did you rest last night? The club will only arrange the boarding house for you in a few days, or go to my house!" Langley said to Valdy a little worried.

Not waiting for Vardy to answer, the innkeeper's big voice was already ringing upstairs, "Damn Drake, do you want to compete with me? How can Jamie get a good rest here?"

Vardi shrugged, it was better to stay out of business at this time.

Wait for a couple of middle-aged **** guys to quarrel, UU reading www.uukaanshu.com He took Langley's car and went to Carrington Training Base.

On the road, Langley has told Vardy that he will be assigned to the U18 echelon. Most of his team is his peers. He needs to lay a solid foundation here.

Although Langley has been bragging about how strong this U18 youth team is, Valdy, who has memories of his previous life, knows that after Class

92, the Manchester United Youth Training Camp has never cultivated a real superstar.

The coach of the U18 echelon is Paul McGuinness, and he is also the head of the 17-21 age group. This middle-aged man finally broke Valdy's perception of the Manchester United youth training camp. At least he is not the same as Langley. Sloppy.

But the coach did not give Vardy any good looks, cold, as if everyone owes him money.

Does this product have a contradiction with Langley, and even has a bad impression of yourself?

At this moment, Valdy felt that his Manchester United youth career might be overshadowed!

When Valdy entered the locker room, he actually found several familiar faces, such as Cleverelli, who became smarter, such as the captain of the city of Stoke, Shawcross, and Evans and Simpson. , Cascade...

It's no wonder that Langley said that this U18 is very strong. It looks the same. Although these players have no good results in Manchester United in the future, they can at least be able to gain a foothold in the Premier League team. This is already commendable.

"Hi, everyone, my name is Jamie Vardy, I just joined the team today!" Looking at the players who came to see him because of his sudden intrusion, Valdy said a little uncomfortably.

Short-term consternation, the atmosphere in the dressing room is a little subtle, but everyone still applauded Valdy with a symbolic applause.
