

# I AM VARDY

## Chapter 17 - Rent out

In the confrontation game, the main side is slightly stronger than the substitute side. Most of the time they are suppressing their opponents. Although the counterattack opportunities are limited, Valdy still seizes two of them and shows the unparalleled speed in front of Ferguson. In addition to the two counter-attacks, Valdi was lucky enough to make another shot in the melee and complete the hat trick.

When the game was not over, Ferguson had actually quietly left, which disappointed the players he felt, and they felt their hopes had been shattered.

Vardi is very self-knowledge. There are so many super strikers in the first team, and Manchester United are still eyeing the talented forward Rooney of Everton. The first team does not have his place at all, so he will not have this luxury.

At the end of his training, McGuinness called him aside and told him a news that made him unhappy.

“What? The club decided to lend me out?” Valdi, who suddenly got the news, was unbelievable on the one hand, and happily going to heaven on the other hand.

What I need most is a professional game platform. Now Manchester United wants to lend itself out. Although they can not stand on the first team of Manchester United, it is better to play in the game than playing mud in the youth training camp!

“Yes, this is a decision made by Mr. Ferguson himself. In the next few days, you should just train with the team normally. The club will find a club suitable

for your development for you. It may be a British crown club or it may be Satellite clubs like Antwerp, you just have to wait for the news!" McGuinness said formally.

However, David's expression was mistaken by him because he didn't want to be loaned out, so he followed the temptation: "Loaning is a training method for young players. It is difficult for you to be in the first team with your strength. Based on it, if you don't rent out to exercise, you will only waste time in the youth training camp. As long as you perform well, you will be able to return to Manchester United in the future."

Vardi nodded busy, as if afraid of the good news running away, "Well, I am willing to accept the club's arrangement, rent it out!"

McGuinness nodded happily. Although Vardi was not in U18 for a long time, he was also a child of Carrington. He hoped that Vardi had a bright future.

In the evening, Langley had been informed that he came to the Smiths' house to meet Valdy.

"Without too much pressure, this is a step that many young players have to go through, no matter whether it is going to the British Championship or wherever, I think you will quickly come to the fore!" Langley seems to be comforting Valdy.

Do they all feel unwilling to be rented out?

Valdy feels very happy!

"Mr. Langley, I am very willing to be loaned out, no matter where I am, I just want to play now!" Vardy said seriously.

Before Mr. Langley spoke again, Mr. Smith said quietly: "Look, I will say that he must be fine!"

After a period of time, Valdy knew that the Smiths had nothing to do with the agent couples in the movie. In fact, they were small children and always liked to play, so they got along very well.

“The only regret is that Little Jamie is leaving. I think I will miss you!” Mrs. Smith couldn’t help but stood up and gave Valdy a hug.

“I will miss you too, Mr. Smith, Mrs. Smith!” Valdy was also a bit reluctant.

Just as dinner was very lively here, there was a conversation about Valdy’s fate in another place.

“I think the £2500w plus striker Belion far exceeds Rooney’s actual worth, and our bid is very sincere!” Manchester United CEO Gil Ruth said to Everton Chairman Ken Wright.

That’s right, Manchester United and Everton are wretched because of Rooney’s transfer.

Ferguson is very optimistic about Wayne Rooney. This talented striker who is under 20 years old has already proved himself in the Premier League. He even scored 4 goals in the European Championship just ended. If Manchester United can win Wayne Rooney, then For the next ten years, there is no need to worry about the front line being unavailable.

However, Everton has some lion mouths. Several previous offers from Manchester United were rejected. Finally, a leading figure appeared. Everton did not want to sell it cheaply.

Everton is not a big star, they can’t keep the star. They know that, so Rooney’s transfer to Manchester United has almost become a foregone conclusion. The only contradiction between the two parties is the transfer fee. As long as the transfer fee is agreed, then Rooney will become a Manchester United player.

2500w GBP + French striker Bellion, this is by no means a price that everyone can afford.

It's just that Everton can't look down on Bellion. This French striker has no way to get a foothold in Manchester United. It is not easy for Manchester United to dump Everton.

So, the negotiations broke up.

However, Ferguson suddenly came up with an idea. Since Everton sold Rooney, then they definitely need to add forwards. UU reads [www.uukanshu.com](http://www.uukanshu.com) and Everton is mainly defensive counterattack, which is suitable for Valdy. Why not lend Vardy to Everton!

So, in the following negotiations, Jill changed Manchester United's offer and also tried to add Valdy as a bargaining bargaining code.

"What? Don't be kidding! We don't need to rent a striker, don't have 3000w pounds, don't want to take Rooney away, I would rather rotten him in Everton!" Everton chairman Ken Wright shouted loudly.

Now the condition proposed by Manchester United is 2600w pounds plus the loan of Valdy to Everton for two seasons. In Ken Wright's view, this condition is not as good as yesterday!

Manchester United CEO Jill said unhurriedly: "This is a videotape of Valdy's youth camp. You can take it back and show it to Mr. Moyes. I think he will understand!"

Negotiations broke up again, Ken Wright could not help but scolded after Gil left: "Damn miser, go on hell!"

became angry, Ken Wright was under careful consideration, or Valdy's videotape was handed over to Moyes, maybe there is something that he can't figure out!

After Moyes got the videotape, he didn't pay special attention to it as he did at the beginning, but the next performance, he was much more embarrassed than Ferguson, especially when he saw the unpredictable speed and explosiveness of the ghost of Valdy, he almost didn't get out of the chair. Turn it up.

"This is what I want players!" Moyes rushed into Ken Wright's office excitedly, shouting innocently.

So, the next negotiation became simple. Vardy didn't know that because of his arrival, the transfer fee for Rooney's transfer to Manchester United had changed from £2700w to £2600w, of which £100w should be regarded as his own rental fee. !
