

I AM VARDY

Chapter 20 - Beauty reporter

arrived at the base of the base, Valdy felt that he should be impossible or missed, because at this time several reporters have been standing here, although Everton is not a giant, but still a Premier League team, the attention is also not small.

Every player will be chased by reporters, hoping to get some valuable news or news from them. Valdi looks at this scene with great interest, not knowing whether he will be treated the same What?

The players have reporters who are familiar with each other. They may stop to chat and make some harmless jokes. As for the unfamiliar reporters, they don't have such a good attitude and just pass with a smile.

However, Valdy saw a strange phenomenon. In the middle of Zhabei Han, he was accidentally mixed with a young and beautiful figure, light yellow hair, slender figure, a good plump figure, and a beautiful appearance. It can be said that it is a beautiful landscape, which is really incompatible with the group of journalists.

But this big beauty was just a reporter, because she was chasing Gravesen to ask questions, but the Norwegian obviously did not favor her because she was a beauty, and smiled and waved into the training ground.

Suddenly, Valdi gave thumbs up to Gravesen's back, sitting in a mess, even a real man!

Such beautiful girls can refuse, and Valdy feels that he should refresh the image of Gravesen in his heart.

But what happened next made Vardy dumbfounded. Every reporter waiting here has gained something. Only this beautiful reporter, there is no Everton player who will be interviewed by her. Vardy can't help but doubt. Do you have problems with the orientation of these new teammates?

In fact, Vardi was wrong, not because of their orientation, but because they did not want to have any problems with female reporters, especially the beauty reporters.

If you can't stand the temptation, be enthralled and say something you shouldn't say, then the bad luck is definitely the player.

So even if you are envious, you can only say sorry to the beautiful reporter.

Vardi didn't know this, so he felt frightened. He is now worried about whether his pink daisies are in danger!

When he walked through the gate of the training base, he happened to hear several old fitters reporters laughing at the beautiful reporter.

"Girls shouldn't do what kind of reporters come out to show their heads, even if you stand here for a day, no one will be interviewed by you, don't look at you as a reporter of "Echo", that is useless!"

Annie really wants to take off her high-heeled shoes and nail it to the face of the yin-yang strange guy who is talking in front of her. The chest that is slightly undulating because of anger is showing a fatal temptation.

She is an intern reporter of the "Liverpool Echo". She graduated and went to the newspaper to practice. She should not have come to Everton for an interview. It was only because the reporter responsible for Everton News was on vacation, so she came out to replace it for a while. .

originally thought that she was a girl with an unparalleled innate advantage. Collecting news was not at hand, but she did not expect it. She was disadvantaged and suffered such a big setback.

One player after another, with naked eyes scanning his body, seemed to eat himself, but they refused to accept his interview without exception, which made Annie feel extremely depressed.

When Valdy walked into the stadium, the reporters noticed it, but no one cared. Who knows what this obviously underage guy is doing, even the players, they don't care, and nobody cares about this unknown pawn.

But Annie felt that this was an opportunity. Ordinary people wouldn't go to Everton training base so vigorously, and there was only one possibility, that is, this little player was an Everton player and was a first-team player.

Thinking of this, Anne, holding the dead horse as a living horse doctor, came forward and stopped Valdy.

"Our big beauties are really in a hurry to go to the doctor, actually interviewing such a little guy, it is really hungry, if you can't stand it, the brothers can satisfy you and promise to make you want to die!"

"Yeah, the little guy is not good, he has no experience!"

"Do you think this kid is Everton's player? What a big joke! Even if he is a player? Do you know who he is?"

.....

Behind them came the mockery of those bastards, and Annie clenched her teeth, but she was firm in her opinion.

"Hello, I'm Anne, a reporter for "Echo", are you an Everton player? Can you accept my interview?"

looked at the girl in front of her stubborn eyes with pleading, UU reading www. uukanashu. Com Valdy felt that his heart could not be hardened anyway.

“I’m Everton’s player. My name is Jamie Vardy. I can accept your interview, but I can’t do it now. I’ll be late for training. If you don’t mind, we can make another appointment!” Valdi smiled and smiled. The way.

“That’s great. I will wait for you here when the training is over. Can I invite you to dinner at night?” Anne was so excited that she didn’t have much hope but didn’t expect that Valdy was really Everton’s players, and also agreed to accept their own interview.

Vardi nodded, turned around and waved his hand, walked into the locker room, leaving Annie herself excited and excited at the door.

The reporters who were originally watching the joke not far away were a little dumbfounded. Although Valdi and Annie did not speak very loudly, they still heard clearly.

“That little guy is Valdy from Everton on loan from Manchester United? Why does it look so small?”

“This big beautiful girl is really a dog and **** luck, but he was really hit by him. Look at the look of the guy in front of the girl. I guess the big beautiful girl will come out selling colors at night!”

“It doesn’t matter, such a young guy doesn’t even have hair, and it’s estimated that he is also playing soy sauce in Everton. What news can you have? Don’t sacrifice the hue and find that you don’t get anything. It’s funny. !”

.....

Annie looked at these peers who were talking shamelessly, and showed an angry look, but then disappeared.

Just show it off, when I get the news, see what you will be!

Anni said in her heart.
