

I AM VARDY

Chapter 3: Favorite pink chrysanthemum

Valdy didn't think how important it was to play in this game. After all, his short-term goal was to complete the system's mission to the giants' youth training camp, but he just got the system and David's feet tickled very much. What exactly was transformed by the system.

Has it become a superman that the earth can't stand?

Of course, this is just his fantasy. He doesn't really think that the system will transform himself into a super star in one step. Otherwise, why would he release the task of joining the giant youth training camp, they are already big stars, and they need to go to the youth. Is the training camp back?

"Jami, look, that girl is not right? The protruding back and back, must be very delicious on the bed!" David said droolingly.

Vardi sighed helplessly, why is there always a rory guy around each protagonist, is it specifically to highlight the calm and temperament of the protagonist?

"I don't know if she smells in bed, but I know that if you go to talk now, you will definitely be beaten with a swollen nose and blue face!"

saw a muscular boyfriend with huge muscles beside David's mouth, and Valdi was gloating.

David's expression was stagnant, and I wondered whether it was hit by David's words, or was hit by the muscles of the majestic man beside the beauty who couldn't wait to bang, and looked depressed.

“I will let her know that muscle does not mean everything, long-lasting is king!”
David clenched his fists, solemnly sworn.

Vardi looked at David with contemptuous eyes, and Howe struck mercilessly at the self-confidence of his friend: “Does the lasting meaning in your mouth mean second shot? I think God will be crazy!”

David’s embarrassment, he wished to dig a hole to bury himself, wrong, first buried Valdy alive.

What’s the secret of this product? I was a bit impulsive when I was the first time, didn’t you control it?

looked at Vardy’s eyes full of grievances, and he was so angry that Vardi couldn’t help but shudder.

While Valdy and David were arguing over persistent problems, the head coach of Roaring Emperor suddenly turned back and shouted at the bench: “Jamie, go to warm up, and then quickly get me off the court!”

Vardi was frightened by the sudden howl, and his eyes turned back to the court, but he suddenly found that his opponent had scored again!

smiled and shook his head. The strength of the steel team was too bad. The opponent was just an unknown amateur team. It could actually beat the steel team. The team was just an amateur in amateur.

But I was thinking about going to the game and assessing how much he weighed. But without any hesitation, Valdi jumped up from the bench and started jogging on the sidelines.

Haha, my inspirational emperor’s turn is finally on the way!

Vardi just thought about it, and said goodbye to the club immediately after this game, and then went to the Manchester United youth training camp to try to stay at the Carrington training base.

As for why not Liverpool or Arsenal?

Valdy will tell you very seriously, because Manchester City is closer...

In his view, in fact, there is no essential difference in the youth training camp of the three giants, or that he has no obvious likes and dislikes of the three giants, anyone can, this is the heartfelt comment of a fraternity fan.

Of course, the predecessor of Vardi still has his favorite team. His favorite team is Sheffield Wednesday, but Xie Wednesday's youth training camp swept Valdi out early...

Now that his raccoon has changed his prince to Valdy, then this memory will allow him to bear it. Rest in peace, he will let Xie Wednesday one day even regret the intestines, because they missed an emperor superstar, Also missed the greatest star in the history of their club.

After warming up, in the encouraging eyes of his good friend David, Valdy came to the coach and listened to the teachings of his old man, a harmonious and peaceful scene.

It's a pity that this is just the picture that David made up when he warmed up. The actual scene is that the eyes of the bad friend David are full of envy, jealousy, and the head coach is roaring with his ears in his ears: In the front, defeat your opponent with a counterattack. Do you understand the damn?"

Valdy felt that his eardrum was being destroyed by the roar of the head coach. He nodded subconsciously, but his eyes had already drifted to the field.

Although he felt nervous, he was not even excited about too many things, but when he first walked on the court, he was still too excited to hold himself, as if he felt he had the whole world.

I don't know if this is the persistent obsession of Valdi's predecessor or his desire for football. At any moment, this moment is a brand new beginning for Valdi.

Go! juvenile!

Your journey is the sea of stars!

.....

At this time, a sloppy middle-aged man on the sidelines looked absently at Vardy who walked into the stadium nervously. Yes, Valdy's excitement seemed no different from panic in his eyes.

"Small size and poor psychological quality, although I do not know the basic technology, but such a stunned youth, even if young, has no signing value!"

Although casual, he still spoke a series of evaluations professionally from his mouth, which looked professional and pertinent.

This sloppy man is called Drake Langley, is the youth training director of Manchester United Carrington base, in fact the job is to scout, UU reading www.uukanshu.com is dedicated to the Red Devils network talent.

In fact, at the level of Manchester United, naturally they will not pay attention to the warm-up games of the two amateur league clubs. The real situation is that Langley is on vacation. His grandfather and grandmother who went to visit the children with his wife happened to see this game. I made a mistake, so I will stay here to watch this game as a scout.

At the end of the first half, he wanted to leave because no player from both sides impressed him in the first half. The game was messy and disorderly, and the players were technically rough. In this game, no one except community fans It looks interesting.

But it is also a professional quality, he endured impatient to stay and continue to watch the game, otherwise he will miss the biggest discovery of his life.

At this time, Valdi has entered the stadium, the opponent's players did not care about this small man, although 17-year-old Valdi has a height of more than 175 cm, but in a group of strong men plus muscle madness, he and the seven accompanied by Snow White The dwarfs look indistinguishable.

“Oh, it seems that the steel team has already abandoned themselves, and actually sent a child!”

“Well, depending on his childish look, he may not even have hair!”

“Let's take care of them a little later, don't play bad with this little kid!”

“Well, I will be lighter and gentler, oh, I like pink and tender chrysanthemums the most!”

.....

The opponent players watched Vardi and spoke unscrupulously with swearing words, and even did not shy away, so that Vardi heard a clear, yes, they were intentional.

As a good five young man, Valdy said he didn't understand a sentence, but the anger on his face showed everything.
