

I AM VARDY

Chapter 7 - I am a scout

After the opponents of the steel team re-suppressed the steel team, it seems that they forgot Valdy's stunning attacking goal, and the overall formation was very high.

At this time, Vardy knew that his opportunity came.

The high-flying corner kick was taken into the arms by the steel goalkeeper. The goalkeeper looked up at the situation in the frontcourt and found that Vardi was reaching for his request at the center line. Due to the amazing performance of Valdi, the goalkeeper did not have any hesitation in the goal. He looked at the front court.

has a lot of strength. The ball flies high over the steel team's half and crosses the center line before there is a tendency to fall. Both players' sights are moving with the ball, high above.

When the ball was about to land, he suddenly found that Valdy was already like a cheetah chasing prey on the grassland. The speed of terror appeared on the court again.

The wide eyes seemed to be able to bulge out of their eyes, this feeling of panic made them sound the sprint of Valdina that the speed just did not seem to belong to the earth.

The last opponent of the opponent dragged the central defender to chase the ball vigorously, but he knew that a speed monster was striking behind him, as if he was already fast enough to create a vacuum in the surrounding area, allowing him to involuntarily move backwards Dumped.

In the exclamation of everyone, Valdi seemed to step on the rocket, completed the overtaking of the opponent's defender, first hit the ball, but then the speed suddenly increased a bit, spread his feet, and took the ball away.

The opponent's defender wanted to foul, but it was only a half-second of hesitation, which made him completely lose this opportunity. He regretted that there was no way to reach Valdy anymore, even if it was just a clothing corner.

The opponent goalkeeper once again gave up the goal without turning back. This is the only solution in the face of single-handedness. If it is still in front of the door, it is no different from automatic surrender.

But at the same time the goalkeeper attacked, he also guarded against Vardi's hanging shot. Vardi just humiliated him with the hanging shot. He didn't want to be punished again. But in front of Valdy's absolute speed, the goalkeeper who appeared to attack just seemed to walk out of the house and let go. Let go, then... there is no more.

Gently clasped his right foot, even if the opponent's goalkeeper threw himself down to block, he was still bypassed by Valdy. Facing the empty goal, Valdy could not have wasted such a good opportunity and gently pushed the ball into the net.

The whole process of flowing water, from the sprint to the final shot, makes the adrenal hormones burst infinitely, and there is a sense of vision of the Jedi Knight.

Vardi stood in front of the opponent's goal and held up his hands that had been fisted, with a look on his face!

Let's open your dog's eyes and see, this is a child with no hair in your mouth!

Don't you want to play chrysanthemum, come on, I will show you what it is like to be ecstasy!

Do you want me to eat it. Shit!

Valdy's expression sneered at breaking through the sky, which seemed to be able to penetrate all eyes, and made the opponent's players dare not look straight.

But it hasn't waited for how long Vardi pretends to be. The already crazy teammates once again drowned him in the crowd. Everyone gathered in a group to celebrate this extremely wonderful goal.

The tradition of English football is simple and rude, which is in line with the appreciation level of John Bulls. If you change to a game that keeps the ball back and forth but has no physical confrontation for a long time, maybe football is not the first sport in England.

"Asshole, you have become famous, and today, you are a real star!" David hugged Valdy's shoulder and punched him **** David's chest.

Toothy grinning, Valdy asked angrily: "A big star that nobody in this community knows?"

"Isn't this bad? You know, there are a lot of beautiful girls with hot bodies in the community! Don't you want them to give you a hug?" David talked about it here, his squinting eyes seemed to have been Shined out.

Vardi felt that he and this guy had no common language at all. In three or two sentences, the topic could be transferred to the girl, and the sperm's upper brain looked terrible.

I want to be a superstar man!

How can I be indulged in gentle township?

Of course, if a cute girl takes the initiative to come to the door, he will not refuse!

This has nothing to do with character...

Although the game was restarted, there was little time left, and both sides seemed to have the meaning of ending it. Seeing the other party Chen Bing in the second half, Vardy knew that his idea of performing a hat trick would be overwhelmed, without the support of his teammates. It is impossible for him to take the ball to defeat the entire team, he just wants to be a super star, not to be a god!

“Good job, Jamie, I knew that transferring you to the first team was the most correct decision. Now, go home and have a good rest!” The head coach of the Steel team gave him a hug when Valdy came off the court, and Said softly in his ear.

Vardi nodded silently. In fact, he really wanted to tell the head coach that this was probably his first and last game in the steel team. UU reading www.uukanshu.com

But considering the other party's mood, Valdy thinks he should be happy for a while!

“I never knew you had such a fast speed and felt faster than a professional sprinter. Have you been playing like a pig and a tiger before?”

David and Valdy chatted whispering while walking towards the locker room. Valdi's outstanding performance today made this little partner very excited.

“I've always been this fast, okay, but you group of pig brains haven't found it!” Valdy said.

Although he said so, Vardy knew that it was definitely a transformation of the system. How many pounds did he have before? Is it unclear?

But before they walked into the locker room, a middle-aged man suddenly appeared in front of them, blocking their way.

“This uncle, do you want Jamie’s signature? Or do you want to introduce your beautiful daughter to Jamie? I’m Jamie’s good friend, and my skills are better than Jamie, if you really have Beautiful daughter, please introduce it to me first!”

hasn’t waited for the middle-aged man to take the initiative to speak, David has turned on the teasing mode, a smug look that made Vardy stunned.

You are so funny, do you know the whole family?

Middle-aged man shrugs indifferently: “My daughter weighs more than 200 pounds, and I am also very worried that she can’t find a boyfriend. You are so happy to say that!”

Then, David retreated...

“My name is Drake Langley and I am a scout. Can I have a chat with you? I listen to your friend calling you Jamie, can I call you like that?” The middle-aged man no longer ignoring David, but turned his burning eyes to Vardy.
