

Chapter 192

We were sitting in the brunch room of the Social Club. It was our favorite place. The security guards were scattered around the place keeping an eye on us, but they gave us privacy to talk. The girls wanted to know all the sordid details of my wedding night. And of course, I was more than happy to share with them how beautiful, romantic, and attentive my husband was.

"And you, Mel, how is it living with Fred?" I asked, but I already knew my friend was happy.

"Oh, Cat, my Fred is a prince!" My friend sighed. "He's the type who brings coffee to bed, prepares romantic surprises, treats me like a queen!"

"Fred is a real gentleman, Mel," Tess agreed.

"And you, Sam, things didn't work out with Michael, right?" Virginia wanted to know.

"Vi, I went out with him a couple of times, but I wasn't comfortable and nothing happened, so he told me he was going to stay away because he wasn't in the mood to wait for me to make up my mind," Samantha explained.

"He was rude to you and I apologize for that. I didn't think he would be like that. Angel gave him a talking-to for that," Virginia apologized.

"It's okay, Vi. At least he was honest. And in fact, I haven't forgotten Henry," Samantha confided. "His mother told me some things there at the wedding, you know. And we had lunch together today and I thought he was sincere with me. I said we can be friends. But now he comes up

with this about taking me to his house. And I don't know how it's going to be."

"Sam, I think it's a good idea. That way you can see if he's really trying," Melissa suggested.

"And since when are you so nice, Melissa?" Tess asked.

"Who said I'm being nice?" Melissa was never that nice. "But she'll be able to test his goodwill. Tease, drive him crazy, eating out of the palm of her hand."

"I think I want to hear your ideas," Samantha smiled.

"Are you going there today?" Melissa asked.

"That's what it looks like. I already had to go home and my things are in the car," Samantha sighed.

"Relax, Manu and I also had to do that," Virginia commented.

"Do this, Sam, you wear some really provocative pajamas and walk around in front of him, make the excuse that you're not sleepy, have him keep you company and tease a lot. When he's hard, you go to sleep and leave him wanting," Melissa suggested.

"I get where you're going with this," Samantha narrowed her eyes. "I can use your idea..." she smiled.

"Now it's your turn, keychain. You asked for this emergency meeting. What did the hottie cop do?" Melissa asked Manu.

"For starters, he did this." Manu pulled the collar of her blouse to show us a huge hickey on her neck. "Not that I didn't like it, I liked it a lot, but..."

"

"This man is going to break you in half, Manu! There's too much testosterone there! Ooh, it even made me hot," Tess commented, making everyone laugh.

"Oh, it's true, he seems to have a rustic touch..." Melissa commented. "But he said he knows how to be gentle... so, keychain?"

"He's very gentle, but there's something you know... I can't explain it," Manu was turning red.

"What do you mean you don't know, Manu?" I asked, not understanding.

"So he took me home... and he kissed me," Manu said, looking as red as paint. "It's just... I don't know... I..." Manu began to stutter.

"Hold up!" Tess said. "Was that your first kiss? I know that look, Manu. You had never kissed anyone before, is that right?"

"Yeah..." Manu was almost crying with embarrassment and we stared at her in disbelief.

"Wait! So you're saying you're a virgin?" Virginia asked.

"Well, duh, Vi! If I had never kissed anyone before, just imagine the rest," Manu blurted out.

"But you've never even masturbated, Manu?" Melissa asked and Manu confirmed she hadn't. "Holy shit! And we just handed you over to a guy who seems to be a total perv!" Melissa made us burst out laughing.

"Yep, but guys run away when they find out I'm a virgin," Manu confessed sadly. "Luke, the one you introduced me to, Vi, thought I was

too inexperienced and never called me again."

"Geez, what's going on with my brother's friends, have they turned into a bunch of dicks?" Virginia was outraged.

"Well, I can't complain about Leonard, he's amazing with me," Tess said, and all our attention turned to her. "Y'all aren't ready for this. And we need to help Manu. So, Manu, did the detective find out and run away?"

"No. He hasn't found out, but he suspects it," Manu said. "He thinks I'm inexperienced, but I don't think he even considered that I'm a virgin and had never kissed anyone before."

"Explain it better, Manu," I encouraged.

"He grabbed my breasts while kissing me and it startled me," Manu told us about what happened when she left the wedding with Flavian and when she got to her place, he suspected she was very inexperienced. So she went upstairs and told him how he liked sex - in short, he really liked rough, kind of wild sex. "Then he told me that since it was obvious I didn't have much experience, he would let me think about whether I was really willing to get involved with him, and when I decided, I should look for him. But how can I decide that if I have no idea what sex is like at all?" Manu had been talking for half an hour, leaving us stunned by everything she said. When she finished, we remained silent, staring at her. "Guys?"

"Oh, yeah. Sorry, Manu, but how did this happen? You never being kissed, never masturbating, and still being a virgin - I mean, all of it?" Virginia wanted to know.

"I'm from a very small town and a very old-fashioned family. At least my mother is. Besides, I was never a beauty queen, you know. Not until you

all transformed me," Manu got emotional.

"Aw, you're our little butterfly," Mel pulled her into a hug.

"So, Manu, sex is really good, but you'll only find out what you like and how you like it by experimenting," I said. "For starters, how was it kissing Flavian?"

"It was amazing. I felt my stomach go cold and felt, I don't know, something like that in my intimate region, which I've never felt before," Manu tried to explain despite her shyness.

"Say pussy, you prude!" Melissa looked at her. "Come on, repeat after me: pu-ssy."

"Melissa!" Manu turned purple with embarrassment.

"My God, Manu, you never seemed to me to be that type of shy and demure girl," Samantha commented.

"I'm not demure, I know how things work, I've just never done it," Manu explained. "I came to college here to get some distance from my mother. She suppresses me too much and forbade me from everything. My dad gave me strength, but she went six months without talking to me."

"So, Manu, this is going to be the second step in your transformation. We're going to make you get rid of these outdated behaviors and thoughts," Melissa said.

"But the first thing you have to do is tell Flavian that you're a virgin," I advised. "Especially since you're going to his house today, right?"

"Oh my God!" Manu banged her head on the table.

"Manu, you need to watch some porn videos!" Melissa got excited.

"Oh no, Mel..." I started to laugh. "No porn movies, please," I said, remembering the porn movie marathon we watched when we decided to have our first time with our boyfriends.

"Yeah, you're right, it didn't help us much," Melissa burst out laughing.

"Manu, you liked his kiss, his touch, it's instinctive. If you hadn't liked it, you would have felt discomfort, as if something was out of place, you wouldn't have found it pleasurable," I explained. "And if you liked it, you need to talk openly with Flavian, so he knows how to handle things with you."

"But what if he runs away, Cat? Like Luke did," Manu asked anxiously.

"Luke was a jerk, Manu!" Virginia said. "But Flavian is a man who knows what he wants and won't be afraid of a virginity seal."

"You think so? Because I want him to kiss me again," Manu revealed.

"Ooh! Already all in love!" Melissa laughed. "Tell him that. I doubt he'll run away. Get home today, put him against the wall and say 'Here's the deal, I'm a virgin, but I want to kiss you again.' And jump on his neck."

We burst out laughing, but from what we saw, Manu was taking Mel's suggestion very seriously.
