

Chapter 67

I wasn't going to let him off easy. Want to tease? Let's see if you can handle it. I leaned over him with a fierce kiss while undoing his pants and kneeling on the car seat. I gazed at his impressive arousal, hard and throbbing, and licked my lips before taking his magnificent length into my mouth. I licked the glistening tip, sucked just the head and went back to licking, all the way down to the base - he was big, thick and delicious. I licked back up to the tip and took him in my mouth, hearing Alexander moan as I slid down his entire length, savoring every inch. I took him all the way in until he hit the back of my throat and eagerly sucked that delicious member.

Alexander moaned with pleasure under my control. I moved up and down while using one hand to massage his heavy sack and the other to stroke him as my mouth worked his length.

He was delirious with pleasure, moaning loudly, his skin covered in goosebumps. He grabbed my hair and began directing the movement of my mouth, rocking his hips to push deeper into my throat.

"Oh, Catherine... mmm... you drive me crazy! Do you want me to finish in that pretty mouth of yours?" he said between moans and whispers.

"Mhmm..." I moaned without removing my mouth. I desperately wanted him to release inside me.

Alexander accelerated his hip movements and fucked my mouth. I was loving seeing all the pleasure I gave him. I sucked it as it slid off my tongue. Alexander exploded in a hot jet, cumming and moaning, and I took him all for myself, I swallowed everything he gave me, sucked and licked his dick without missing anything. 1

When I lifted my head, I saw his eyes shining with lust. He pulled me towards him and kissed my lips, sticking his tongue in my mouth and moaning, kissing me passionately.

He wrapped his arm around my waist and pulled me onto his lap, pressing me against his semi-hard cock. He started grinding against me while whispering in my ear.

"Oh, Catherine, you drive me crazy. You take me to cloud nine. I can't live without you."

Kissing my neck, he pulled me away from the delicious contact with his member, lifted my dress up to my waist, and his eyes lit up as they fixed on my red see-through lace panties.

"Red is definitely your color, my love." In a swift motion, he tore off my panties and brought them to his nose, inhaling them as if they were the most fragrant flower. "Ah, you smell so sweet!"

He tossed the panties aside, lifted my body, and slowly lowered me onto his cock, which was already hard again.

"Feel every inch of my body. It's all yours, Cat. Only you can awaken my body like this."

He whispered in my ear how good it felt to be inside me and how much he loved me, how wet and warm I was and welcomed him inside me. When he was completely buried inside me, we looked into each other's eyes and I felt an electric current run through my entire body. My pussy clenched around him wanting him even more inside me.

Damn, Cat, what a greedy little pussy! She is milking my cock! How delicious!

He threw his head back against the car seat, moaning with pleasure. I felt triumphant and began to move my hips against this wonderful man beneath me, who had completely surrendered to my caresses.

I rode him feeling waves of pleasure driving me wild, quickening my movements as we both moaned loudly. Alexander pulled down my dress straps, exposing my breasts and took one in his mouth, sucking, nibbling and licking while deliciously teasing the other, alternating his attention between them.

I moved on top of him, setting the rhythm and relishing in our shared pleasure. I could feel my climax approaching; being in his arms was pure bliss.

"Cat, if you keep this pace, I won't last much longer, my love."

"I don't want you to last, I want you to finish inside me."

I moved more intensely, and I felt him release inside me just as I reached my own powerful, overwhelming peak, tightening around him. God, being in his arms was incredible.

I collapsed onto his chest as he ran his hands along my back, drawing circles that made my skin tingle. We stayed like that until our breathing steadied.

After a while, he lifted my chin and kissed my mouth tenderly and gently.

"My girl is quite insatiable!" He gave me a mischievous smile.

He fixed the straps of my dress back in place, covering my chest after placing a kiss on each breast, then helped me back into the passenger seat as I grumbled at the loss of his warmth.

"Patience, beautiful, I'm going to make you come many more times tonight," he said while smoothing down my dress.

He got out of the car, walked around, took me in his arms, and carried me to his apartment. We didn't sleep, but made love on every flat surface in that apartment for the rest of the night. He definitely kept his promise about making me come multiple times.
