Chapter 26 26: Disaster For Humans (Part 1)

"BOOM!!"

Fax exited the tenth, looking around he saw fighting everywhere. Shortly after the two elders arrived.

"Is this the monsters?" Elder Lee looked at the green creatures riding a wolf in the distance.

"These green monsters are too ugly." Elder Gong said.

Fax's gaze was fixed on the three big green monsters in the distance. Who was bashing some humans to meat paste with their club.

"You two, do you see the three big green creatures in the distance?" Fax said with an ugly face, he can feel a threat from the three monsters. He didn't even address the two as elders.

"Of course, we can see it, three monsters with similar cultivation to us... And they're strong." The two elder squinted their eyes.

The three hobgoblin's riders also looked in their direction, it immediately sprinted toward them.

"Prepare for battle!!" Fax shouted.

However, the two elders on his side already draw their swords even before Fax's shouted.

With the agility of the wolves, the hobgoblin arrived in no time. The wolves jump up, and the hobgoblin slams his club downward, hitting Elder Gong.

"Boom!!"

Elder Gong who tried to block it with his sword was thrown backward, hitting the tent crumbling.

Fax and Elder Lee looked in Elder Gong's direction with shock on their faces. As for them, they evade the attack so they were unharmed. They can't help but praise themselves for invading the attack.

"Useless bastard." Elder Lee said lowly.

"Elder Gong, are you still alive?!!" Fax shouted.

Elder Gong stands up through the rubble, his eyes are fiery red in anger. His arms were numb and he has a gash on his chest, it must be from the wolf, he thought.

He took out a 1-star healing pill from his bag and eat it, to get this healing pill, all his savings were cleared out buying it. If not for a life-threatening situation, he really doesn't want to use it.

Shortly after, the wound on his chest stopped bleeding, and closed a little, though it didn't entirely close, because the wound is deep for a 1-star healing pill to completely heal it.

"AAAHHH!!! LOWLY MONSTER I WILL KILL YOU!!!"

The fight continued.

"Boom!!"

"Boom!!"

Rubbles would fly up from time to time, and every attack of the hobgoblin can create a hole in the ground.

The three didn't dare to block the attack of the hobgoblins, the two didn't want to become the second Elder Gong, as for Elder Gong he didn't want to experience it again.

As for using skills and attacking at the distance, they can't. Because Building Base practitioners can't use true essence or qi, u need at least have an Opening Qi cultivation to use skills.

To explain it, Building Base realm was opening the meridians in your body, and if you can open all the meridians in your body, you can break through to the next realm.

Which is an Opening Qi realm, in this realm you will start absorbing Qi through the meridians you open, and storing it in your Dantian.
