

## I. Family 1373

Chapter 1373:

“Not much. If you have more, Dad, you can give me some. If not, just keep it for yourself to protect yourself.”

Lu Wangshu said very considerately.

“...”

When Lu Changsheng heard this, he immediately knew that his daughter had hardly used any talismans.

However, he knew that his daughter had a hamster-like trait, loving to hoard everything, so he gave each of his son and daughter ten talismans.

“Don’t start eyeing the talismans in Lingxiao’s hands again.”

After giving them, Lu Changsheng looked at his daughter and said.

“Dad, am I that kind of person?”

Lu Wangshu was a bit unconvinced.

“Lingxiao, if you’re almost done with your work, come home for a visit. Your master has awakened and will forge a magical treasure for you then.”

Lu Changsheng ignored his daughter and said to his son, Lu Lingxiao.

Although this son grew up surrounded by heavenly and earthly treasures, he had yet to obtain anything truly rare.

So, a few days ago, he chatted with Hong Lian about this son's situation,

and Hong Lian, after seeing the family's Golden Fire Vine Tree and Fire Mulberry Tree, mentioned that the Vermilion Bird Palace had a tradition of nurturing fire through spiritual wood.

This Golden Fire Vine Tree was very suitable for Lu Lingxiao's spiritual body and cultivation technique.

It could be refined into a magical treasure embryo for Lu Lingxiao to use.

Not only is its power formidable, but keeping it nearby can nourish the physical body and mana at all times, enhancing cultivation.

Although Third Rank spirit plants are rare, for the current Lu Changsheng, it's manageable.

If he truly wants a Third Rank heavenly and earthly spirit plant, he can look for one in the Myriad Beasts Mountain Range.

So upon hearing this, he directly handed the Golden Fire Vine Tree to Hong Lian, asking her to later refine it into a magical treasure embryo for his son Lu Lingxiao.

"Master has awakened?"

Lu Lingxiao was somewhat surprised to hear this.

Earlier, his mother had told him that his master was reconstructing his physical body and was in a semi-sleeping state most of the time.

"Alright, Dad, I'll visit home once I'm done."

He glanced at Lu Wangshu beside him, nodded, and said.

“Dad, what about me, what about me!”

Lu Wangshu immediately widened her eyes and looked at her father.

“I have some matters to attend to, but I’ll prepare a surprise for you when I return, okay?”

Lu Changsheng rubbed his daughter’s head and said dotingly.

“You’re going out again, Dad; you just got back, didn’t you?”

Lu Wangshu pouted slightly.

“There’s always something to keep busy with.”

Lu Changsheng smiled and said.

After staying for a few days at Heming Mountain, Lu Changsheng finally embarked on his journey to Jin Kingdom.

...

Ninth Heavenly Gang Wind Layer.

“Buzz!”

Lu Changsheng’s Qi Ocean Core trembled, and the Formless Treasure Wheel appeared in his hand, slowly revolving.

Suddenly, Nangong Mili, with her exquisite allure and graceful figure, appeared.

“Lu Changsheng, you dog of a man, what do you want now!”

As soon as Nangong Mili appeared, she glared angrily at Lu Changsheng, reprimanding him coldly.

Having been suppressed in the Formless Domain for a long time, her emotions had become quite volatile.

“Huh!?”

But after her outburst, she immediately noticed something was amiss about her current location, as if she was in the Ninth Heavenly Gang Wind Layer.

She frowned slightly and said, “Lu Changsheng, where are you taking me?”

“You’re so disrespectful. Call me husband.”

Lu Changsheng glanced at her and tapped on the round millstone, saying with a smile.

“Lu Changsheng, how dare you humiliate me like this, I’m going to fight you!”

Nangong Mili’s face turned red with anger and shame, and she immediately flared up.

“Nangong Mili, are you looking for trouble? I’m set on going to Jin Kingdom; I don’t have time to play games with you.”

Lu Changsheng’s strong and powerful arms wrapped around her, preventing her from moving.

“Jin Kingdom, why are you going to Jin Kingdom!”

Nangong Mili’s beautiful and seductive face was full of indignation and shame.

But hearing that Lu Changsheng was heading to Jin Kingdom, she paused in surprise, a mix of doubt and astonishment.

“I’m going to see my daughter.”

Lu Changsheng replied.

“You’re going to see Yaoyao?”

Upon hearing this, Nangong Mili’s expression turned wary as she said, “Lu Changsheng, I warn you, Yaoyao is my daughter. If you dare make a move on her, I’ll fight you!”

As if feeling her words lacked intimidation, her voice turned a few degrees colder as she continued, “When Nangong Mili says something, she means it!”
