Chapter 1376: Earth Spirit Root, Golden-Winged Heavenly Peng! _3

“Refine!”

Lu Yun refined the Dragon Blood Tree, suddenly feeling his spiritual power and the qi mechanism of the Dragon Blood Tree becoming chaotic and uncontrollable.

His spiritual power poured out abruptly, surging towards the Dragon Blood Tree.

Instantaneously, his face lit up with joy.

He knew this was the final step of refining the “Heavenly Longevity Technique.”

He promptly took out a Sensing Talisman to send a message to his mother.

Moments later, Lu Miaoyun arrived, saw the situation, and called Qu Zhenzhen, who poured a drop of Myriad Spirits Heaven-reaching Liquid from the ‘Myriad Spirits Bottle’ onto the ‘Dragon Blood Tree.’

This was previously instructed by Lu Changsheng to reserve a drop of Myriad Spirits Heaven-reaching Liquid for Lu Yun to break through to Foundation Establishment.

Otherwise, even if he was at the peak of the Qi Refining stage and refined the Heavenly Longevity Technique, it would still take a long time to break through to Foundation Establishment.

“Boom!”

Receiving this drop of Myriad Spirits Heaven-reaching Liquid, the already exuberant qi mechanism of the Dragon Blood Tree suddenly swayed vigorously, its qi becoming even more turbulent, like a volcanic eruption flowing to Lu Yun, causing the surrounding nature’s spiritual energy to rush into his body.

Just like this, time passed bit by bit.

Ten days later, Lu Yun's Qi Mechanism shook tremendously, and his cultivation level broke through from the peak of the Qi Refining stage to Foundation Establishment.

"Foundation Establishment, I finally broke through to Foundation Establishment!"

Lu Yun looked at his significantly stronger hands, feeling an unprecedented power surging through his body, he was so overjoyed that he couldn't help but shout loudly.

Two and a half years ago, he and his siblings, five people together attempted Foundation Establishment, but he failed!

This matter dealt quite a blow to him.

Choosing to cultivate the Heavenly Longevity Technique at that time also had a few reasons related to this, as he held a bit of inexplicable fear and dread towards Foundation Establishment.

And now, he finally broke through to Foundation Establishment.

Although it was through the Heavenly Longevity Technique to break through.

At this moment, he even felt like saying, "Thirty years east of the river, thirty years west of the river, don't belittle the elderly poor!"

"But now I've broken through to Foundation Establishment, I'm considered middle-aged."

Lu Yun thought this way.

He hadn't taken any elixir medicines for rejuvenation before, so he looked like he was around fifty years old.

Now that he broke through to Foundation Establishment, he was full of vitality, looking only about thirty years old.

“Yun’er, congratulations on breaking through to Foundation Establishment. Take these days to stabilize your state, and then your family will host a small celebration ceremony for you.”

Lu Miaoyun said with a smile beside him.

“Yes, Mother.”

Despite his age, Lu Yun remained very respectful towards his mother Lu Miaoyun.

...

At the border of Jiang Country.

Lu Changsheng and Nangong Mili were riding on a Spirit Boat, crossing the border.

Having been accustomed to traveling at full speed, even at the speed of this quasi Third Rank spirit boat, Lu Changsheng seemed uninterested.

Considering whether to continue traveling at full speed.

After all, with the Tianyuan Supreme King Lotus as the second Dantian, he could sustain the mana consumption.

Just then, a system prompt sounded.

[Congratulations to the host, fifteen offspring have broken through to the Foundation Establishment Stage, gaining bloodline effect: Spiritual Body Inheritance Rate increases by 1%, and an Advanced Lottery opportunity!]

“Hmm? Fifteen of them, is this Yun’er has refined the ‘Heavenly Longevity Technique’ and broken through to the Foundation Establishment?”

Lu Changsheng heard this system prompt, and his eyebrows slightly lifted.

Three months ago, his daughter Lu Xingyue successfully broke through to Foundation Establishment using the second Foundation Establishment Pill.

Now, among the children at home eligible for Foundation Establishment, Lu Yun was the first he thought of.

Lu Changsheng opened the system interface and took a glance, it was indeed his son Lu Yun breaking through to Foundation Establishment.

“System, draw lottery.”

He wasn’t overly concerned, silently recited in his mind, and looked at what good things this Advanced Lottery could bring.

Immediately, the Advanced Level drawing wheel appeared, starting to spin.

After several breaths, the golden light gradually slowed down, stopping at the ‘Spiritual Pet Treasure’ section.

[Ding! Congratulations to the host for acquiring a spiritual pet: Golden-Winged Heavenly Peng!]

[Reward has been delivered to the System Space, host can check at any time]

A Peng Bird, entirely golden-colored, exuding golden brilliance, with a majestic and handsome figure, emerged from the lottery wheel, accompanied by a system prompt.
