

## I. Family 1406

Chapter 1406: Farewell, Failed Escape!

"Hmm?"

Lu Changsheng hurried back to the Immortal Spider Marketplace and saw Nangong Mili and Nangong Yaoyao in their intricate purple dresses, he was slightly taken aback and quickly called out, "Yaoyao, Mili?"

"Daddy!"

Upon hearing this, Nangong Yaoyao's expression was full of delight.

Nangong Mili beside her was also startled, feeling relieved in her heart.

"Yaoyao, what brings you here?"

Lu Changsheng noticed something rushed in Nangong Mili and his daughter's expressions.

"Daddy, I came here to say goodbye to you."

Nangong Yaoyao tightly clasped her dress, lightly biting her lip as she spoke.

"Goodbye!?"

Lu Changsheng furrowed his brows slightly.

He had only recently arrived in the Jin Kingdom, why was his daughter already saying goodbye?

"Yesterday, an envoy from the Immortal Lotus Sect, White Lotus True Monarch, accepted me as a disciple. I will soon be heading to the Immortal Lotus Sect, so I can't stay by your and mother's side anymore."

The girl in the purple dress raised her delicate head slightly, her star-like beautiful eyes turning red.

"Immortal Lotus Sect! White Lotus True Monarch!"

Lu Changsheng had initially wanted to ask why the Immortal Lotus Sect came to the Five Poisons Cult.

Unexpectedly, in the blink of an eye, his daughter was chosen by the Nascent Soul True Lord of the Immortal Lotus Sect and taken as a disciple!

"Hmm..."

Nangong Yaoyao pressed her tender lips together, briefly explaining the situation of the Immortal Lotus Sect.

Then, with a bright smile, she assured her father not to worry and that she would take good care of herself.

"Sigh."

Lu Changsheng let out a sigh.

In fact, for his daughter to join the Immortal Lotus Sect and become a disciple of a Nascent Soul True Lord was a good thing for him.

This indicated that his daughter would undoubtedly form her core in the future, and there was a considerable chance of breaking through to Nascent Soul.

But going to such a sect affiliated with the demons, he ultimately felt uneasy.

Yet the matter had been settled, and he was unable to change it.

"Daddy, don't be sad. Once Yaoyao's cultivation is fruitful, I'll come back to visit you and mother."

The girl glanced around, her smile blossoming like a flower as she spoke.

While speaking, she reached out her slender, lily-white hand, holding Lu Changsheng's hand, moving beside her mother, and said innocently: "Yaoyao's only hope is that when I return, I'll see you and mother living in harmony."

Then she held her mother's fair hand, placing both hands together.

"Alright."

Lu Changsheng chuckled softly, thinking what father wouldn't love such an understanding little girl?

This moment, Nangong Mili didn't resist, she didn't curse Lu Changsheng, nor did she fling his hand away, allowing her daughter to do so.

Afterward, Nangong Yaoyao felt as though something was still missing. She pondered slightly and quietly said to Lu Changsheng: "Daddy, now is not the time to use Disguise and Camouflage!"

Lu Changsheng was taken aback and laughed silently, his elegant, handsome face flowing with chaos energy, revealing his true self.

"If Daddy wishes to join the Immortal Lotus Sect, maybe even the sect's Supreme Elder would accept you as a disciple."

Nangong Yaoyao, looking at her father whose demeanor was as radiant as jade, as handsome as an immortal, blinked playfully and teased.

Though she said it jokingly, it wasn't entirely a jest.

Mainly because Lu Changsheng's aura was so extraordinary.

Like an elegant orchid, a banished immortal appearing in the world, making people feel as if bathed in spring breeze, captivating hearts, evoking a sense of closeness.

Next to him, Nangong Mili, although displeased with Lu Changsheng, also recognized her daughter's words.

Though Lu Changsheng's aura might not be as sanctified as that of White Lotus True Monarch, directly touching other's bodies and souls, yet he was not far off.

Previously in the Tianyuan Secret Realm, she was influenced by this man's demeanor.

In her view, with his character, should he break through to Nascent Soul in the future, his charm might even surpass that of White Lotus True Monarch.

"Yaoyao, when you reach the Immortal Lotus Sect, you must take good care of yourself. If you encounter any troubles, endure patiently and write to me."

Lu Changsheng smiled, gently and warmly patting his daughter's head.

Then he took out a thick stack of talismans from his storage ring and said: "When you travel outside, be careful. You're lacking in means, these talismans can serve as your protection."

"Daddy..."

Nangong Yaoyao was stunned by so many talismans.

Previously in the Myriad Beasts Mountain Range, Lu Changsheng had said her offensive techniques were somewhat lacking and suggested she keep more talismans for protection, giving her a stack back then.

Now he gave her another thick stack, amounting to forty or fifty talismans.

Moreover, they appeared to be Second Rank Top Level and Third Rank Talismans!

Nangong Mili beside him was also surprised at Lu Changsheng's generosity.

After all, Third Rank Talismans were rare.

Even she found it difficult to procure tens of them at once.

"So, is this man truly a Talisman Cultivator?"

Nangong Mili glanced at Lu Changsheng with astonished beautiful eyes.

"Within these are the complete 'Six Desires Heart Demon Technique', which you must carefully study during cultivation, be patient and not rush."

"Also, this cultivation technique named 'Immortal Beauty Technique', it will aid you on your journey to the Immortal Lotus Sect. If necessary, you may submit it to the sect in exchange for benefits."

Lu Changsheng then took out two jade slips, handing them to his daughter.

He had previously taught her the first two levels of the Six Desires Heart Demon Technique.

Now, since she was about to head to the Immortal Lotus Sect, he withheld nothing.

As for the Immortal Beauty Technique, given her daughter's looks, she might not need it.

But since the Immortal Lotus Sect valued this aspect, he thought he would try to provide some assistance to his daughter.

If it didn't work, the benefits from exchanging this cultivation technique at the sect should be significant.

"Daddy..."

Nangong Yaoyao's eyes looked dazed, clearly feeling her father's selfless love, deeply touched.

"It's alright, going to the Immortal Lotus Sect doesn't mean you can't come back."

"If you don't have time, your mother and I can visit you at the Immortal Lotus Sect."

Lu Changsheng smiled and said, glancing at Nangong Mili again, squeezing her smooth hand.

"Yes, Yaoyao, you should accept it. Your mother can also come to the Immortal Lotus Sect to visit you in the future."

Nangong Mili didn't pull away from Lu Changsheng, echoing his words, her beautiful eyes full of love.
