

I. Family 1432

Chapter 1432: Vajra Sharira, Settling Scores!

"Alright."

Lu Changsheng's expression was indifferent. After a moment of silence, he said, "Third Rank Lifespan Extension Pill, Lifespan Treasures, Coagulation Crystal Elixir, top-level Core Formation Spiritual Object!"

"That's impossible!"

Upon hearing this, Ghost Demon True Master immediately shouted loudly.

Although the compensation would be covered by the sect for him,

he would still have to repay it himself through contributions and sect tasks.

Resources like the Third Rank Lifespan Extension Pill and Coagulation Crystal Elixir are strategic-level resources, with immeasurable value.

He already lacked resources, making it difficult to break through the Core Formation Middle Stage.

If he owed these resources, there would be no hope of breaking through the Core Formation Middle Stage in his lifetime!

Yinming Ghost King did not speak, turning to look at the Great Elder, Ghost Bat True Master, beside him.

For such strategic-level resources as Coagulation Crystal Elixir, even he as the Sect Master could not make the decision.

"Give it to him!"

Ghost Bat True Master said in a deep voice.

He initially had some intention of procrastinating and consuming time.

But after observing for so long without Lu Changsheng's mana dwindling, he realized there was a problem with the opponent.

In such circumstances, if they let him escape, there wouldn't be a single person in the sect capable of defeating Lu Changsheng or the Golden-Winged Heavenly Peng.

Even if the Supreme Elder emerged, it would be of no use.

Unless he constantly carried the supreme treasure 'Myriad Ghosts Blood Pool', he wouldn't be able to face Lu Changsheng and the Golden Peng Bird, and could only retreat.

Thus, he was really unwilling to continue entangling with Lu Changsheng and harboring grievances.

Consider it as spending money to avoid disaster.

"It's acceptable, on behalf of Ghost Demon True Master, I'll offer another Coagulation Crystal Elixir, a Third Rank Lifespan Extension Pill, and a Core Formation Spiritual Object as compensation."

Yinming Ghost King glanced at Ghost Demon True Master beside him, spoke with a somewhat sullen and ugly expression.

Today, being bullied to the mountain gate and forced to offer such compensation is an utter humiliation for him!

It's likely that soon, this matter will draw attention and discussion from other forces, leading to his sect's reputation falling greatly.

"Now, it's important to maintain stability; once the Supreme Elder breaks through to Nascent Soul, all rumors will vanish like smoke, welcoming a major reckoning!"

Ghost Bat True Master, as if knowing what Yinming Ghost King was contemplating, spoke in a low voice.

Today, arguably the most wretched would be him, this Great Elder of Yiming Ghost Sect.

But considering Lu Changsheng's strength and his sect's situation, he chose to swallow this indignation.

Lu Changsheng was slightly surprised.

He didn't expect Yiming Ghost Sect to agree so readily.

He initially thought a single Third Rank Lifespan Extension Pill or Coagulation Crystal Elixir would suffice.

"Good. As Daoist said, with this compensation, this grievance shall cease."

Lu Changsheng nodded, saying no more.

Knowing that this sort of matter shouldn't be pushed any further.

Otherwise, if pushed too far, Yiming Ghost Sect might directly use the 'Myriad Ghosts Blood Pool' to pursue him, or even spend a great deal to enlist the Nascent Soul True Lords from Five Poisons Cult and Heavenly Corpse Sect to take action.

"Since this matter's grievances have been resolved, shouldn't Yangming Daoist release the two elders you have suppressed from our sect?"

Yinming Ghost King looked at Lu Changsheng, speaking in a deep voice.

He was willing to pay such a high price not only because he didn't want to continue entangling with Lu Changsheng but also because there were still two Nascent Soul Cultivators in his hands.

"Hmm?"

Lu Changsheng raised an eyebrow, his face serious as he said, "One thing at a time; this matter concerned the Ghost Demon True Master's attack on my son, and those two attacked my wife. How could it be dismissed so easily?"

"Yangming Daoist, one must know restraint in their actions!"

Yinming Ghost King finally couldn't suppress the anger in his heart.

Individually, they were indeed not a match for Lu Changsheng and the Golden-Winged Heavenly Peng.

But their Yinming Ghost Sect has endured for thousands of years; besides the supreme treasure, Myriad Ghosts Blood Pool, they also have several secret treasures and killing devices.

If employed properly, these could potentially annihilate Lu Changsheng!

"Lu... Lu Daoist..."

Chu Qingyi, seeing Lu Changsheng standing up for her, was touched and softly suggested there was no need for such actions.

After all, truly infuriating Yiming Ghost Sect would not benefit either side.

Lu Changsheng squeezed her palm and said to Yinming Ghost King, "Two people, two Coagulation Crystal Elixirs, you can redeem them."

He knew that with the Ghost Demon True Master's situation, Yiming Ghost Sect had already conceded.

He still wanted to extort more from the two, but Yiming Ghost Sect wouldn't agree.

After all, such matters involve not only resources as compensation but also face!

"That's impossible!"

Yinming Ghost King directly said coldly.

This wasn't just unwillingness to take another step back; Coagulation Crystal Elixir is a strategic reserved resource, and their Yiming Ghost Sect doesn't have many.

If they took out two more for Lu Changsheng, and the Supreme Elder falls or the sect encounters danger in the future, they wouldn't be able to cultivate new Nascent Soul Immortals immediately!

"Lu Daoist, like strategic-level resources such as Coagulation Crystal Elixir, even Yiming Ghost Sect reserves at most several, not too many."

Chu Qingyi transmitted her voice to Lu Changsheng.

Coagulation Crystal Elixirs are strategic-level resources for any force and cannot be supplied in unlimited quantities.

"Not possible for it to be written off like this, Daoist can name a price to redeem them."

Lu Changsheng spoke out, the Formless Treasure Wheel at the back of his head spinning, opening the realm, suppressing the seductive beauty and Ghost Shadow True Master beside him.

"This!?"

The seductive beauty and Ghost Shadow True Master were stunned and bewildered upon seeing the situation before them.

What the heck!?

Isn't the Great Elder here to save us?

How did this person come to our mountain gate, and the sect's Grand Array is operational?

"It's the Ghost Princess!"

"Ghost Shadow True Master has also been suppressed by this man!"

Seeing this scene, the cultivators of Yiming Ghost Sect were shocked, staring dumbfounded.

The seductive beauty was fine, being merely an Initial Stage Core Formation Cultivator.

But Ghost Shadow True Master had long since broken through to the Core Formation Middle Stage, and having cultivated the 'Netherworld Myriad Ghost Art', even late-stage Core Formation Cultivators would generally find it difficult to suppress him.

Yet now, he had been suppressed and captured by Lu Changsheng.

This was very astonishing, incredibly astonishing!

At this moment, all the False Core Immortals and Core Formation Cultivators on the scene had disdainful looks directed toward Ghost Demon True Master.

If there were anything better to trouble, it brought such a calamity upon them.

If this person disregarded martial virtues and lurked outside, hunting them down,

none of them would be able to escape from Lu Changsheng's grasp.

Yinming Ghost King's mana was surging all over, his robe fluttering, wanting to directly activate the Grand Array and charge at Lu Changsheng.

But he forcibly suppressed his anger and looked at the Great Elder beside him.

After consulting for a while, they were willing to offer one more Coagulation Crystal Elixir and three ordinary Core Formation Spiritual Objects.

Compared to Coagulation Crystal Elixir, for these top-level forces, Core Formation Spiritual Objects were not rare; they had normal production pathways.

"Agreed."

Hearing this, Lu Changsheng did not haggle.

Immediately, both sides exchanged vows.

Yinming Ghost King gave the complete 'Netherworld King Technique', Vajra Sharira, one Coagulation Crystal Elixir, Third Rank Lifespan Extension Pill, and one top-level Core Formation Spiritual Object to Lu Changsheng.

Lu Changsheng cast aside the suppressed seductive beauty and Ghost Shadow True Master to Yinming Ghost King.

Yinming Ghost King tossed one Coagulation Crystal Elixir and three ordinary Core Formation Spiritual Objects to Lu Changsheng.

"Given all this, grievances are settled!"

Lu Changsheng said solemnly, then directly signaled the Golden-Winged Heavenly Peng to leave.

"Screech!"

The Golden-Winged Heavenly Peng screeched, its whole body radiant in gold, soaring in mid-air with spread wings, tearing through the sky, disappearing like a long rainbow.
