

## I. Family 1435

Chapter 1435: The injuries are severe and require healing through the Sun Moon Samsara Technique!

"May I ask what brings the senior to our Bi Lake Mountain?"

The Lu Family disciples stationed at the mountain gate saw the Second Grade Spirit Boat and knew it was a Foundation Building Great Cultivator, so they immediately cupped their hands and called out.

"Hmm?"

Lu Qingshan found the disciples stationed at the mountain gate somewhat unfamiliar, slightly raised his sword-like eyebrows, tossed out his Family Token, and said, "Lu Qingshan."

"Lu Qingshan!?"

The Lu Family disciples were shocked upon hearing this. One of them immediately shouted, "The third-generation disciple of the Lu Family, Lu Xuanchan, greets Uncle Qingshan!"

"Greetings to Uncle Qingshan."

The others also quickly paid their respects.

Nowadays, most of the Lu Family's second-generation disciples were managing family affairs. Tasks like guarding the mountain gate had been delegated to the third-generation disciples.

"Oh ho."

Lu Qingshan heard this title, looked at the young men and women in front of him, slightly raised his eyebrows, and looked at his sister beside him, feeling somewhat nostalgic.

It had been so many years since he and his sister left home, and the third-generation disciples in the family had grown so much.

Although during his last visit, there were already some third-generation Lu Family disciples,

he only paid attention to his brother Lu Qingsong's newly born son and didn't really focus on others.

"Hmm."

Lu Qingshan nodded without saying anything further.

Then, the Lu Family disciples invited Lu Qingshan and Lu Qingzhu into Bi Lake Mountain.

"When did the family acquire two more Spirit Veins?"

Upon entering Bi Lake Mountain, Lu Qingshan immediately sensed that the Spiritual Energy seemed much richer. Beside Bi Yun Peak, there were also two small peaks. At a glance, he recognized them as Spirit Peaks.

"In response to Uncle Qingshan, these peaks are named Xuanfu Peak and Bailian Peak, cultivated three years ago."

The Lu Family disciple beside him immediately replied.

"Tsk, it seems the family is doing well."

Lu Qingshan clicked his tongue and said.

It's not easy to cultivate a Spirit Peak.

If it were solely nurtured by a Second Grade Spirit Vein, it might take centuries to produce a First Grade branch vein.

But if you spend Spiritual Origin Pearls, the kind of spiritual eye item, it might take ten or more, which is no small amount.

Besides the two Spirit Peaks, he noticed that whether it was the pavilions and buildings in Bi Lake Mountain, or the family's Spirit Fields, or the Spirit Plants on Lingcui Cliff, they all seemed brand new, with significant changes compared to ten years ago.

Ten years may seem long.

Yet for a family, it's extremely short.

In just ten years, the family changes indicate that the family has been developing well in recent years.

Lu Qingzhu also glanced around at the family's situation, her clear and beautiful eyes sparkling with a faint gleam.

Moments later, Lu Miaoge, Lu Miaohuan, and Lu Miaoyun arrived, looking at their children with excitement and joy.

"Qingshan, Little Bamboo!"

"Mother, Aunt!"

Lu Qingzhu hugged her mother, her eyes reddened, filled with longing.

"Hey, Mother, where is Father? Aren't he back at home again?"

Lu Qingshan did not see his father, slightly surprised, and asked.

Lu Miaoyun and Lu Miaohuan exchanged glances, indicating that Lu Changsheng had gone out and might not return for a while.

The two women also didn't know what to say, as it was rare for Lu Qingshan to come back.

But every time he came back, Lu Changsheng happened to be away from home.

"Could it be that I'm really incompatible with Father?"

Lu Qingshan felt a bit speechless.

He had planned to ask his father about the sword seed, to consult about the Seven Luminaries Great Freedom Sword Scripture, and also about reforging the Heavenly Circulation Starry Sword Embryo.

The family gathered in the Lu Family Mansion to catch up, and Lu Qingxuan came to pay respects to his brother and sister.

Lu Qingqi, on the other hand, was very mischievous and went to play in Red Leaf Valley Market, not at home.

Lu Qingshan, full of spirit and energy, shared with his mother and aunt the general situation of his life over the years, to the beaming smiles of Lu Miaohuan.

After all, this son was her pride.

Beside him, Lu Qingzhu was much quieter, holding her mother's arm, watching her brother speak, occasionally showing concern for her brother Lu Qingxuan nearby.

During the conversation, Lu Qingshan also inquired about the family's situation, expressing that he noticed significant changes in the family.

"What, Big Brother is about to reach Third Rank Body Refining?"

Lu Qingshan was astonished upon hearing that his big brother's body refining had broken through to impending Third Rank, fought against False Core, and made a name for himself, and that his family had been rapidly progressing these years, being listed among the False Core Families.

About Lu Ping'an, although not very familiar, he still had an impression.

In earlier years, he, along with Lu Quanzhen and Lu Ping'an, met in the Purple Shadow Secret Realm.

At that time, everyone was only at the Qi Refinement stage, at the same level.

How suddenly did Lu Ping'an become imminent Third Rank Body Refining?

To know that his cultivation had been considered rapid advancement, he himself was only at the peak of the fifth layer of Foundation Establishment.

Even though he could break through to the sixth layer at any time, compared to prospective Third Rank Body Refining, the difference was considerable.

Lu Qingzhu beside him was also very surprised.

She had seen this big brother with Lu Qingshan when they went to White Tiger Mountain back then, and he had a generous character, quite admirable.

But she never expected that this big brother was so formidable.

Seeing her brother so astonished, Lu Qingzhu chuckled lightly, as it had been a long time since anyone had managed to surprise her brother like this.
