

I! GOD LEVEL ELEMENTALIST

Chapter 11

But he said that after Qin Feng left with 40,000 coins, he went to a shop near the city hall.

He now has more than 60,000 coins in his hand, which is not enough to buy a level 2 beast core, but he can buy a level 1 beast core.

A level 1 beast core is worth 50,000 coins.

A quarter of an hour later, Qin Feng bought a level 1 thunder beast core, came to an uninhabited land, and swallowed it.

The swallowing skill was activated, and the energy flow with lightning properties nourished his whole body, which was very comfortable.....

"Ding! Successfully swallowed the core of a level 1 thunder beast, transforming the physical body into thunder +8%..."

Qin Feng quickly pulled out his attribute panel.

Practitioner: Qin

Feng Wind realm: Quasi-elemental master (wind quality transformation 100%)

Thunder system realm: Strong body perfection (thunder quality transformation 93%)

Talent skills: God-level swallowing

Combat power index: 297 points

"good! The thunder system has been upgraded to the Great Perfection, and the combat power has also been increased from 243 points to 297 points."

Qin Feng closed the light screen with satisfaction.

The improvement in strength made him feel a lot happier.

After leaving the uninhabited alley, he was going to get a mobile phone for Chu Chu.

Although he had no money to buy it, he had other ways.

Half Hours later, Qin Feng went to a branded men's clothing store, bought a set of branded clothes, and put them on directly.

As the saying goes, a man depends on his clothes, and a horse depends on his saddle.

As soon as he changed into these new clothes, Qin Feng's temperament became more refined, a kind of noble man like jade. His style comes out naturally.

At first glance, he looks like a young man from a wealthy family, with extraordinary handsomeness.

This change caused the waitresses to wink at him frequently, all of them with fiery eyes.

Some of the brave ones even took the initiative to ask him for contact.
Method.

Qin Feng had no intention of having an affair with the female waiters. He was still thinking about cultivation.

An hour later, Qin Feng returned to the city promotion office.

In the hall.

Qin Feng's arrival caused a commotion. The girl cast a stunning look.

This boy's handsome features and outstanding temperament are pleasing to the eye.

Just looking at it is a pleasure

"Lord Qin Feng, why are you back?"

Xiao Liu looked at Qin Feng with surprise on his face.

Not to mention, after Qin Feng changed his clothes, his appearance improved again, which made people's hearts beat faster.

"Qin Feng? That's my brother! My brother asked me to find Director Wang, please lead me the way..." Qin Feng was talking nonsense.

Xiao Liu suddenly felt that his mind was a little confused.

"you are...."

"I am Qin Mu, Qin Feng's younger brother"

"Oh, Lord Qin Mu, come with me....".....

A minute later, in the office.

Wang Zheng looked at Qin Feng in confusion.

Just now, Qin Feng claimed to be Qin Mu.

This is not a joke!

The two people looked exactly the same, so they just changed their clothes and said they were another person.

"Lord Qin Feng, please stop joking with Wang.....", Wang Zhengshan said with a smile.

Xiao Liu on the side also looked suspicious.

Qin Feng said calmly:"I knew you would think so. In fact, my brother and I are twins, so we look exactly the same. Isn't that strange?"

"oh!" Wang Zheng was doubtful, "Then why did Lord Qin Mu come here?"

"I want to join Yunyang City. Please help me get promoted to Quanmin."

While speaking, Qin Feng's whole body lit up with dazzling blue light, instantly lighting up the entire office.

"This... this is the thunder element!"

"It turned out to be a great perfection for the strong body!"

Wang Zheng and Xiao Liu were stunned and were stunned for a moment.

But soon, Wang Zheng realized something and became extremely excited.

"Xiao Liu! quick! Quickly make a cup of tea for Mr. Qin Mu!"

"Oh...oh..."

Xiao Liu has not yet recovered from the shock.

"I don't like tea, please have a cup of coffee!", Qin Feng was talking nonsense.

"good! good! Sir, please wait a moment!"

Xiao Liu hurriedly went to work

"Lord Qin Mu, please wait a moment, I will handle your promotion now!"

Wang Zheng also started to handle it enthusiastically.

This time, both of them firmly believed that the boy in front of them was not Qin Feng, but Qin Feng's twin brother Qin Mu.

It's simple. In this world, there are almost no multi-system physiques. There may be people with cultivation talents.

Because of the multi-element physique, the sensitivity between the elements will interfere with each other.

Even if the multi-element physique has cultivation talents, it is impossible for both talents to reach the genius level.

This is a fact recognized by the world.

But Qin The wind talent displayed by Feng was genius level.

The thunder talent displayed by Qin Mu was also genius level.

Both talents were genius level and could never appear in the same person.

Therefore, they firmly believed that the boy in front of them was Qin Mu, not Qin Feng.

Wang Zheng was very efficient.

After a few minutes, he finished the process

"Lord Qin Mu, your promotion has been processed. This is your fourth-level citizen card, this is the bank card bound to you, and there is also an exclusive mobile phone assigned to you."

Qin Feng took it with satisfaction.

At this time, four text messages came in succession on the new phone.

"Your card number **7356, on August 9th, 10,000.00 Tong currency was received [Tonglian Bank]"

"Your card number **7356, on August 9th, 20,000.00 Tong currency was received [Tonglian Bank]"

"Your card number **7356, on August 9th, 30,000.00 Tong currency was received [Tonglian Bank]"

"Your card number **7356, on August 9th, 40,000.00 coins were received [Tonglian Bank]."

Qin Feng smiled, and another 100,000 coins arrived.

The mobile phone he got for Chu Chu was also received.

A quarter of an hour later. Finally, Qin Feng left the promotion office.

At the entrance of the promotion office, Wang Zheng and Xiao Liu looked at Qin Feng's leaving figure and were stunned for a long time.

After a while, Xiao Liu couldn't help but sigh:"Director, I didn't expect that Mr. Qin Feng would still come here." I have such a great brother. This is much better than the two brothers Lin Tianyang and Lin Xuyang"

"yes!"Wang Zheng also looked envious,"I don't know what kind of virtue their parents accumulated in their previous lives to give birth to two such outstanding sons. In the future, they will definitely shock the whole world!"
