

I! GOD LEVEL ELEMENTALIST

Chapter 13

After a few seconds, a burst of white light flashed.

Qin Feng disappeared out of thin air into an uninhabited alley.

The next second, he stepped down to the ground and entered a new space.

Here, the sky is bright red, without clouds, stars or sun.

There were huge cracks everywhere on the ground, filled with boiling magma. From time to time, a pillar of fire would erupt from the magma and dissipate into the air.

The air temperature is very hot, no less than one hundred degrees, and ordinary people simply cannot bear such high temperatures.

Qin Feng was sweating profusely before he stayed for three seconds.

This is the hell realm.

Qin Feng looked around and saw many large and small fireballs floating in the air.

Suddenly, he discovered that among the fire balls, there was a special blue fire ball, which seemed to be spiritual and jumped back and forth among the fire balls.

If you look carefully, you can see that there is a crystal nucleus in the middle of the blue fire ball.

A light screen automatically popped up in Qin Feng's eyes.

Category: Spirit (ordinary level)

Name: Fire Spirit

Level: Level 1 (equivalent to the early stage of physical strength)

It turns out that the blue fire ball is called the Fire Spirit.

Qin Feng felt something in his heart and called up his character template.

Challenger: Qin Feng (Elite)

Level: Level 5 (quasi-elemental master level)

Talents and skills: God-level Devouring Combat

Power Index: 417 points

This system automatically makes fine adjustments to the character template.

This level is divided according to the realm of cultivation.

At this moment, a fire elf happened to pass by Qin Feng.

He suddenly punched out and blasted the fire elf away with one punch, leaving a crystal core the size of a soybean in the air.

Qin Feng twisted the crystal core, and light screens popped up in his eyes.

Item name: Level 1 crystal core

Notes: Cannot be swallowed; recycle it to the system and you will get 50,000 coins

"Huh! This thing can be exchanged for money!"

Qin Feng was pleasantly surprised.

What he lacks most now is money.

At this moment, he saw another fire elf appear in front of him.

He hurriedly walked over to hunt.

Poof!

A fire elf was destroyed!

Obtained a level 1 Crystal core.

Poof!

Another fire elf was destroyed!

Another level 1 crystal core was obtained.

While hunting the fire elf, Qin Feng carefully avoided the fire pillars that rushed out of the cracks in the ground.

He found that those fire pillars were extremely powerful. The lethality.

It gave him the feeling that he might have exceeded the attack limit of a one-star elemental.

Perhaps, he could be killed with just one blow.

Therefore, Qin Feng was extremely careful to avoid it.

In the blink of an eye, twenty minutes passed. Afterwards, Qin Feng hunted more than a dozen fire elves, made a small profit, and felt happy.

At this moment, he found a two-meter-high fire pig, which was devouring the fire elves.

A light popped out of Qin Feng's eyes. The screen displays information about the fire boar.

Category: Spirit

Name: Fire Boar (Normal Level)

Level: Level 6 (i.e. one-star early stage)

Warning: Danger Level (win rate less than 40%)

Qin Feng was a little shocked.

This Fire Boar His strength was actually equivalent to a one-star early stage elemental, much stronger than him.

The system prompted that his winning rate was less than 40%.

At this time, hundreds of meters away, the Fire Spirit Boar also discovered Qin Feng and headed towards Qin Feng looked at it.

One man and one beast were confronting each other.

Qin Feng was a little nervous.

Information came from the system.

"Ding! The divine challenge begins!"

Challenge Content: Hunt the Fire Spirit Wild Boar within ten minutes

"What? Want me to kill the Fire Spirit Boar?"

Qin Feng was shocked.

This was tantamount to asking him to cross a level and kill a one-star elemental.

What was even more perverted was that he was asked to complete it within ten minutes.

This challenge was too difficult.

"Ding! The challenge will automatically start after 3 seconds...3...2...1.."

"Ding! The challenge begins! Automatic timer 10:00....."

A timing light screen automatically popped up in Qin Feng's mind. what to do?

Want to go up and kill?

Qin Feng hesitated.

His strength is not as good as the Fire Spirit Boar. It is impossible to kill the Fire Spirit Boar within 10 minutes.

Most likely, he was killed by the Fire Spirit Boar.

Do you just give up like this?

There is no reward for giving up!

Qin Feng was naturally unwilling.

At this time, the Fire Spirit Wild Boar stared at Qin Feng for a while, seeming to realize that Qin Feng was very powerful, unlike ordinary level 5 monsters, and did not take the initiative to approach.

It hesitated for a moment, then went on to devour the fire elves without bothering Qin Feng or leaving. It was obviously not very intelligent.

Qin Feng narrowed his eyes slightly and evaluated in his heart.

Although he is not as strong as the Fire Boar, he is a human being and is much more resourceful than the Fire Boar, so he is not without a chance.

Qin Feng turned his head and looked at the pillars of fire that erupted from time to time, and he had a solution in his mind.

He secretly observed for a long time that these pillars of fire erupted at regular intervals.

Some fire pillars erupt once every 5 seconds, some erupt once every 7 seconds, and some erupt once every 2 seconds.

Qin Feng silently memorized the eruption time of several fire pillars around him while staring at the timing light screen.

"1.....2.....3..."

He silently counted the beating seconds while picking up a few small stones from the ground. Those stones were all hot, and the surface temperature of

the stones exceeded one hundred degrees due to the long-term high temperature baking. Beads of sweat dripped from his eyes.

Go up and turn into smoke in the blink of an eye

"....6...7...."

It's now!

Qin Feng took action and threw a stone at the Fire Spirit Boar.

Instigate~~!

There was a rapid crackling sound in the air.

Bang~~!

The pebbles hit the back of the Fire Spirit Boar.

It trembled with pain and quickly turned to look at Qin Feng, still a little confused.

But at this moment, the second stone arrived and hit it directly in the forehead.

The Fire Spirit Boar was furious.

A little level 5 spirit dared to challenge the dignity of a level 6 boss.

It had light red flames all over its body and rushed towards Qin Feng with a rumble.

The two-meter-high pig body was like a tank, bringing up dust and making the ground tremble.

Boom!...Boom!..Boom!.....

Twenty meters...ten meters...nine meters.....

The fire boar is getting closer and closer.

Qin Feng stood still, counting the numbers silently in his heart.

Six meters... five meters... four meters...

In the blink of an eye, the wild boar rushed in front of him.

Qin Feng moved, jumped over the chosen fire pit in a flash.

The wild boar was furious, jumped up in one step, and jumped over

Feng turned around and punched out with both fists, blocking the wild boar and preventing it from charging over.

The huge collision force pushed Qin Feng back wildly.

At the same time, the magma in the fire pit surged, and a purple fire pillar shot into the sky, shooting through the Fire Spirit Boar that was stranded in the air.

The fire pig let out a shrill roar.

Qin Feng rushed forward again, added a few more punches, and instantly exploded the Fire Spirit Boar.

The body of the Fire Spirit Boar collapsed, turned into countless sparks, and dissipated, leaving a crystal core the size of a table tennis ball in the air.

"Ha ha!! I succeeded!"

There are more than 3 minutes left in the challenge, and the task is completed!

Qin Feng was ecstatic and picked up the crystal core.

Item name: Level 6 crystal core. Note: Cannot be swallowed. Recycle it to the system and you will get 5 million coins.

"Ha ha! Get rich!"

Qin Feng happily put away the crystal core.

This is worth 5 million!

It is also the first huge sum of money he has received in his life.

"Ding! Congratulations to the host for completing the first challenge, rewards have begun to be distributed.....".....
