

I! GOD LEVEL ELEMENTALIST

Chapter 18

An hour later, Qin Feng returned to the refugee area where he lived.

There are many refugee areas in Yunyang Base City, all of which are located on the outermost edge of the city. If there is a large animal tide, they will be the first to be attacked.

Commoners and citizens live in the inner city.

Only elemental masters and Quanmin are qualified to live in prosperous areas such as the city center, where the defense measures are also the best.

When Qin Feng approached the downstairs where he lived, he saw a luxury car parked downstairs in their home from a distance.

The luxury cars of this era are neither Lamborghini nor Ferrari.

Rather, they are super off-road vehicles whose outer shells are made of high-energy alloy armor and powered by micronuclear reactors.

The price ranges from tens of millions to hundreds of millions, which is definitely not affordable for ordinary people.

In this world where strength is valued, even people's aesthetic tastes have undergone tremendous changes.

At this moment, in the narrow alley, many refugees looked at the chariot from a distance, showing envy.

There were also some young people watching curiously

"Xiao Zhou, did you see that? This is the FA-47 tank. The outer shell is made of titanium alloy armor, and the core is S-557 micronuclear reaction power... The current market price is at least 60 million, a luxury tank with real value!"

"Wow! This car is so cool!"

"yes! Those who can buy such a chariot are either the super rich or the elemental masters!"

"Why would such a big shot come to our refugee area?"

Those teenagers were shocked.

Qin Feng was also very surprised.

In this refugee area, the person with the highest status should be Chen Ming.

Chen Ming is a quasi-elemental master, managing more than 50,000 refugees, and his body-strengthening masters and The total number of genetic warriors exceeds more than 300 people.

But even he can't afford such a luxury car.

Who is coming?

He parked the car downstairs of his house.

Unknowingly, Qin Feng walked downstairs. Down

"Brother Qin Feng, you're back from get off work!"

"Brother Feng, you get off work very early today!"

Those young people took the initiative to say hello to Qin Feng.

These are familiar neighbors, and Qin Feng has quite a high prestige among these young people.

"Well, who owns this car?" Qin Feng looked at the luxury car

"I do not know!"

The teenagers shook their heads.

At this time, footsteps sounded in the stairs, and someone was coming downstairs.

Qin Feng turned around and saw two genetic warriors wearing sunglasses coming down from the stairs.

One of them was covering his nose, as if he was disgusted. The darkness and dampness of the refugee area

"Wow! It's a genetic warrior!"

"Look! The knives they wear are titanium-manganese alloy weapons, so cool!"

The refugee teenagers looked envious.

Genetic warriors are easy to identify. They have a violent aura similar to that of ferocious beasts, which ordinary people can sense.

This can be considered a side effect, making it impossible for people to hide their aura.

And Qin Feng's Perfect genetic medicine has no such side effects.

After the two genetic warriors went downstairs, another middle-aged man with a fair complexion followed them downstairs.

"This person....."

Qin Feng felt that the middle-aged man looked familiar.

He couldn't help but stop.

The middle-aged man is an elemental, and his cultivation level is in the mid-level one-star stage.

"Huh! Look at that... Oh my God! It's a Baronetcy!"

"Hiss~~! He is an elemental master!"

When the young men saw the title badge on the middle-aged man's chest, their faces changed slightly with fear.

Only elemental masters are eligible to obtain the title.

Others, no matter how rich and powerful you are, are not qualified to obtain the title.

This was the first time they saw such a big shot.

The teenagers were nervous. They held their breath one by one and did not dare to speak loudly.

The three people got into the luxury car with arrogant expressions and drove away without even bothering to look at the teenagers..

It turned out that the luxury car belonged to these three people.

After the car went away, the young people became excited again

"That person just now was actually the master elemental!"

"yes! This is my first time to see the master elemental, he is so aura!"

"Brother Wang, what star level is that elemental?"

"His knighthood is Baron, which is one star."

In this world, elemental masters have different levels, different titles, and different social statuses.

Above the baron, there are also viscounts, earls, marquises, dukes, kings, emperors, etc.

Qin Feng is not interested in these.

He squinted his eyes slightly, trying to remember.

Suddenly, he raised his head suddenly and looked at the luxury car in the distance, with strong murderous intent in his eyes.

He finally remembered who the middle-aged man was.

In the original earth world, In order to seek justice for Chu Chu, he once went to Lin Xuyang's house, but was stopped by security guards and refused to enter. In the end, he was taken away by the relevant departments and detained for some time.

And this person was a steward of the Lin family.

At that time, It was this person who ordered the security guards to stop him.

What happened?

How did the Lin family come to my residence?

Could it be that Chu Chu...

Qin Feng seemed to have thought of something, and hurriedly went upstairs and ran all the way.

A minute later, he arrived to familiarize himself with hut.

Open the door, Chu Chu is making dinner

"Brother, you are back! I bought a lot of your favorite dishes today."

The little girl was very busy.

Qin Feng secretly breathed a sigh of relief.

"Chuchu, did anyone come to our house just now?"

"Huh! Brother, how do you know?", Chu Chu was a little surprised.

Sure enough, there was a problem.

Qin Feng asked hurriedly:"Who are those people? What are they here for?"
