

I! GOD LEVEL ELEMENTALIST

Chapter 19

Qin Feng asked hurriedly: "Who are those people? What are they doing here?"

"They came to get the phone back."

Chu Chu said casually while cooking.

The braised pork ribs in the pot were sizzling and exuding an alluring aroma.

"Want your phone back?"

Chu Chu explained: "Brother, this is what happened. I went to resign today. When I came back, I picked up a mobile phone at the factory gate and brought it back."

"Later I found out that the phone was lost by a big customer of our boss."

"No, they called me and asked me to get my phone back. I told them my home address. They sent someone to take away the phone."

"Before leaving, they gave me a thank you fee of 10,000 coins, but I didn't even want it!"

Speaking of this, the little girl's tone was a bit regretful.

After all, she is a child from a poor family, and she is still a little tempted by the 10,000 coins. When

Qin Feng heard this, he made a rough guess.

Lin Xuyang should have lost the mobile phone.

Afterwards, Lin Xuyang called and Chu Chu promised to return the phone.

Lin Xuyang sent someone to get it.

Speaking of which, Chu Chu was still a very kind-hearted little girl.

Here comes the key to the problem.

Chu Chu returned the phone.

Why did Lin Xuyang Still want to take action?

"Chuchu, have you seen that mobile phone? Is there anything special in it?"Qin Feng asked.

Chu Chu recalled:"A strange place? There doesn't seem to be anything strange about it. However, before they got their phones back, a strange text message came on their phones"

"oh?! What is the content of the text message?"

"The content says: Three days later, at midnight, Luo Huashan trades!"

Qin Feng nodded slightly:"This short breath is indeed a bit strange! Luohua Mountain is more than three hundred miles away from Yunyang City, where ferocious beasts and monsters gather."

"What kind of transactions cannot be carried out in the city? Should we go to dangerous places to trade? Or should we trade in the middle of the night?"

"Yes, I think so too. However, they are all big business people. Some weird behaviors are not surprising either. Brother, I made your favorite braised pork ribs today. Does it taste good?"

The little girl put the braised pork ribs in the pot, and the aroma was overflowing.

Qin Feng saw that several dishes had been cooked on the table, including braised crucian carp, couple's lung slices, three delicacies... The dinner was very rich.

"Little girl, have you seen who the sender is?"

Qin Feng is very concerned about this issue.

He vaguely guessed that Lin Xuyang will deal with Chu Chu in the future, which may be related to this text message. It is very possible that it is not a normal transaction, I am afraid that there is something shameful hidden, or maybe What kind of conspiracy is this?

So, Lin Xuyang is going to kill people and silence them.

"Brother, I just looked at it casually and didn't pay much attention to it. It seemed like it was posted by someone named Zhou Hetong."

Chu Chu recalled it, but she really couldn't remember it. She didn't pay much attention to it.

But Qin Feng secretly remembered it in her heart.

"Brother, why are you asking these questions? It has nothing to do with us anyway..."

"Just ask!", Qin Feng pretended to be casual, "Little girl, let's move in a few days!"

Qin Feng feels that it is not safe here.

The address has been known to Lin Xuyang.

The refugee area is already the most chaotic area. If something unexpected happens, not many people will care.

The safest place is where Quanmin and the elemental master live. In the city center, there are many experts stationed there, and various cases rarely occur.

"Brother, moving costs a lot of money. Where are you going to buy a house?"

"Of course it's the city center where Quanmin lives!"

"That costs tens of millions! A slightly better location would cost over 100 million. Brother, do you have that much money?"

"You don't need to ask this, it will come naturally when the time comes"

"Also, I am not a Quanmin yet. Even if I have a house, I am not legally qualified to move in."

"When I break through to the elemental master, you will be Quanmin. Just wait a few more days! Chu Chu, this phone is for you."

Qin Feng took out the prepared mobile phone

"Brother, you are great!"

The little girl took the phone in surprise and couldn't put it down and looked through it.

My brother is really awesome.

What he said in the morning, he did it in the evening.

"Little girl, you cook, brother takes a shower, and I'll give you a surprise later."

"Brother, what could be more surprising than giving me a mobile phone?"

"hey-hey! You'll find out in a minute!"

Qin Feng said as he found some clothes and went to take a shower.

In the bathroom, he was thinking about the problem in his mind.

Who do Lin Xuyang and Zhou know? What kind of deal are they doing?

Also, Chu Chu will go out to patrol the city the day after tomorrow. days.

With his strength, there is no problem in protecting Chu Chu, as long as he does not encounter two-star monsters.

But the key to the problem is that Chu Chu's crisis should not come from the beasts and monsters, but from Lin Xuyang.

In other words, Lin Xuyang may Do it the day after tomorrow.

Qin Feng's eyes were bright.

With his current strength, he is confident that he can protect Chu Chu.

However, he still has to break through to the elemental master as soon as possible. Only then can he make Chu Chu a powerful citizen and let Chu Chu move away from this place. A dangerous place.

Also, he wanted to kill Lin Xuyang and destroy the Lin family, which required stronger strength.

Twenty minutes later, Qin Feng walked out of the bathroom feeling comfortable.

After a day of fighting, he went home and took a bath. The bath is as comfortable as a fairy.

Qin Feng came out after taking a bath.

Chu Chu had already prepared the meal.

"Brother, you have tea!"

The little girl also made tea for Qin Feng, obviously trying to please Qin Feng. Sure enough, giving a mobile phone is useful.

"Do you still like mobile phones?", Qin Feng asked with a smile

"Like it!"

"Little girl, brother has another surprise for you."

Qin Feng took out the first-level genetic medicine (perfect level)

"Brother, what is this?", the little girl looked curious.

"You'll know after you drink it"

"Oh," the little girl drank it obediently.

The medicine entered the body and took effect quickly.

Xiaoyal felt hot all over my body, every cell seemed to come alive, and my face turned red unconsciously.

This feeling lasted for ten minutes before it ended.

The little girl looked at herself in surprise. She felt like she had become different.

"Little girl, how do you feel?", Qin Feng asked with a smile

"Brother, I seem to have become much stronger. What did you give me to drink just now?"

The little girl looked very excited.

In this era, anyone with strong strength will be popular, even girls.

This is how social values determine human aesthetics.

"First-class genetic medicine. However, my brother's genetic medicine is a little different and doesn't have any side effects."

"so? Am I a first-level genetic warrior now?"

"Yes! Moreover, you are better than ordinary first-level genetic warriors!"

"Wow!", the little girl was excited, "Great! I am a genetic warrior!"

The little girl was almost overjoyed.

For the refugees, becoming a genetic warrior is a luxury.

The worst first-level genetic medicine has a market price of 2 million, which they simply cannot afford.

But once they become a genetic warrior, He had the opportunity to change his destiny.

Seeing Chu Chu happy, Qin Feng was also very pleased

"Brother, why does your genetic medicine have no side effects? How did you do it?"

"You don't need to ask this. By the way, I also have second-level genetic medicine and third-level genetic medicine here. You should drink it too."

"Wow! Brother, you still have it! You really made a fortune!"

The little girl felt that she was almost dying of happiness.

She quickly drank two bottles of genetic medicine.

Half an hour passed before the transformation of the medicine was completed.

There was also a strange look in Qin Feng's eyes.

He found that , after taking the genetic medicine, Chu Chu has grown a full 3 centimeters taller, and her body has grown significantly, and is developing in the direction of a child. Her size has begun to take shape, and she even has a small waist..

Chu Chu is already a great beauty. This way, she becomes even more charming.

According to this progress, she will become a peerless beauty in the future.

"Little girl, how do you feel?"

"Brother, I feel like I have endless strength all over my body. By the way, I'll try it!"

The little girl ran over, grabbed the spatula with one hand and squeezed it. It was as easy as kneading noodles.

The little girl's eyes shone with excitement.

She has become so strong!

Qin Feng smiled happily..

Although Chu Chu is now a third-level genetic warrior, her combat power should reach about 125 points, which is better than those quasi-elemental masters. The fourth-level genetic warrior cannot compare with her.

This is the perfect genetic medicine. Special effect.

If this girl is allowed to finish taking the fourth-level genetic medicine, her combat power should reach about 200 points. In that case, few people under the elemental master can hurt her.....
