

I! God level elementalist

C 26

Qin Feng quickly changed the topic: "Little girl, this is the fourth-level genetic medicine, take it.!"

"Wow! Brother, you are so good!", the little girl jumped for joy.

She had longed to become a fourth-level genetic warrior.

At this moment, there was no one around, so Chu Chu quickly swallowed it.

Ten minutes later, the little girl's face showed joy.

"Little girl, how do you feel?"

"I feel like I have become a lot stronger! I should be able to kill a level four ferocious beast with one punch."

The little girl looked excited. She has finally become a fourth-level genetic warrior, and she is not an ordinary fourth-level genetic warrior.

Qin Feng also showed a happy smile.

"Brother, let's go to the Fighter Building. I want to test my fighting power.", the little girl looked forward to it.

Qin Feng smiled and said: "Don't worry! There is a large Yuanwu store nearby. Let's go take a look first and then test it."

"Great!", the little girl nodded obediently.

Then, the brother and sister left happily. Now

, Qin Feng has 200 million coins, and he wants to buy himself another piece of Yuanwu-level equipment to improve his strength.

Ten A few minutes later, Qin Feng and Chu Chu arrived at the most luxurious area of Yunyang City.

Looking at the tall and luxurious Yuanwu Mall in front of them, the little girl was amazed.

The glass windows of this mall were all made of crystal, and they were also coated with a layer of nanometer The material is dustproof and waterproof.

The steps in front of the mall are paved with rare white jade.

There are two rows of security guards standing at the door, all of them are fourth-level genetic warriors, very wealthy.

The mall is called Yuanqi Pavilion, and it is the only one in Yunyang City. A Yuanwu Mall.

I heard that the power behind Yuanqi Pavilion is very powerful, even the city lord is afraid of it.

Most of the people who come and go here are high-ranking elemental masters, and a few rich physical masters.

To put it simply, those who can enter and exit here , either rich or noble.

Genetic warriors are not qualified to enter here, and they will not come here.

Because Yuanwu requires the power of elements to activate, genetic warriors cannot use it at all.

Only physical masters and elemental masters can use it. Yuan Wu

"Little girl, let's go in!"

"Um!"

The brother and sister entered the Yuanqi Pavilion.

As soon as Qin Fengcai entered the hall, he caused a commotion

"Wow! Look!"

"Here comes a very handsome guy!"

Several female shopping guides were all amazed by Qin Feng.

In their eyes, Qin Feng seemed to have his own light, covering up all the colors around him, as if Qin Feng was the only one left in the world.

Qin Feng came from the three departments After the repair, the charm spreads from the inside out, making people feel like spring breeze. Just one more glance makes them feel comfortable.

After a while of surprise, a beautiful shopping guide took the initiative to greet her.

This made other shopping guides very upset. Such a top-notch handsome guy, Someone got ahead of me

"Sir, is there anything I can do for you?"

The beautiful shopping guide asked respectfully.

She didn't dare to neglect at all. Most of the people who come here are big shots.

"I want to buy a piece of Yuanwu. Can you introduce it to me?", Qin Feng said casually.

Hearing this, the female shopping guide's beautiful eyes shone.

Many elemental masters came here just to have a look, and rarely said they wanted to buy on the spot.

After all, Yuanwu is too expensive, and there are many one-star elemental masters. They can't even afford it.

It seems that this young man is the son of a wealthy family, or the kind of son who has the talent for cultivation.

Such a rich man is the best!

The beautiful shopping guide became excited and became more enthusiastic.

"Young Master, from the first to the seventh floor of Yuanqi Pavilion, all we sell are low-grade Yuanwu. Fire type, water washing type, wind type, thunder type, etc. are all available, and many of them are excellent products with an amplitude of 100%."

"The first floor mainly sells offensive types, the second floor sells defensive types, the third floor sells auxiliary types, and the fourth floor sells special types."

"From the fifth floor to the seventh floor, Yuanwu of special element systems is sold, such as magnetism and shadow systems....."

The beautiful shopping guide introduced enthusiastically.

Qin Feng nodded slightly.

Then, he asked:"Where are the eighth and ninth floors? Do they sell middle-grade Yuanwu?"

The female shopping guide smiled and said:"Sir, middle-grade Yuanwu is an extremely rare treasure. It is generally not put up for sale. You can only see it at auctions."

Yunyang Base City is considered a small and medium-sized base city with a population of only 30 million. Middle-grade Yuanwu is extremely rare.

"Oh, then what do you do on the eighth to ninth floors?"Qin Feng was a little curious.

This Yuanqi Pavilion has nine floors.

"Young Master, the ninth floor is a place of cultivation dedicated to adults, and outsiders are not allowed to enter."

Qin Feng nodded slightly. He had heard it said before.

There are big figures like five-star elemental masters guarding Yuanqi Pavilion to prevent some unruly elemental masters from causing trouble.

The five-star elemental masters should be on the ninth floor.

The female shopping guide continued Said:"As for the eighth floor, that's where you bet on Yuan Wu."

"Betting on Yuan Wu? How to bet?"Qin Feng became interested.

The beautiful shopping guide smiled and said:"Sir, if you are interested, I will take you up to have a look, and you will understand."

"good!"

"Young Master, come with me!", the female shopping guide enthusiastically led the way.

According to the algorithm in their store, as long as the customers she receives spend money in the store, no matter how they spend it, she will get a commission.

Then, the group took the elevator and went up to the eighth floor.....
