

I! GOD LEVEL ELEMENTALIST

Chapter 8

After leaving the Warrior Building, Qin Feng checked the time. It was around five o'clock in the afternoon and the sun began to set.

During this time, the base city prohibits people from going out and the city gates are closed.

He wants to go out to hunt ferocious beasts or something, but he has to wait until tomorrow.

As for the training tasks, we can only postpone them.

An hour later, Qin Feng returned to the familiar cabin.

Chu Chu is washing vegetables and preparing to make dinner

"Brother, you are back!"

"Little girl, let's not cook today. We'll go out to a restaurant later and have something good to eat. I'm going to take a shower first!"

Qin Feng said while looking for a change of clothes.

"Eating out is so expensive. Brother, didn't we agree to save money together to be promoted to civilians? It's not good to waste money like this."

"Also, the big uncle in Building 9 was promoted to civilian today, which is so enviable."

Chu Chu is really envious.

When you become a civilian, you don't have to pay a settlement fee to the government.

The refugees have to pay a settlement fee of 1,000 yuan every month.

If you default for two months, you will be kicked out of the base and left to their own devices. Fend for yourself. (Those under 13 years old are exempted.)

Qin Feng smiled and said:"Little girl, what do you think of civilians? Soon, I will make you a Quanmin"

"Brother, you are teasing me again. Many genetic warriors cannot become civil servants, let alone us....", Chu Chu thought Qin Feng was joking.

Qin Feng touched the little girl's head:"I'm not teasing you. From now on, you don't have to go to work. I will support the family."

In order to support the family, Chu Chu went to the factory as a child laborer at the age of thirteen, earning only 70 coins a day. , still very hard

"Brother, are you getting rich?", Chu Chu saw that Qin Feng was not joking.

"I'll tell you after I take a shower!"

"Say it now!"

"Just wait patiently! Also, stop washing the dishes and go to a restaurant later."

Qin Feng smiled and went to take a shower.

Chu Chu was dubious, so he simply put away the washed dishes, turned on the TV, and watched the news while waiting for Qin Feng.

Half an hour later, Qin Feng changed into clean clothes and relaxed Walking out of the bathroom comfortably.

Chu Chu's eyes were filled with wonder.

Her brother seemed to have become more handsome.

At this time, a news was broadcast on the TV

"This base station reports, here is a piece of good news."

"Yesterday, Lin Tianyang, recognized as the number one genius among the younger generation in our Yunyang City, was successfully promoted to a one-star ice elemental master, becoming the youngest elemental master in our Yunyang City."

At this time, a photo of Lin Tianyang was shown on the TV. He looked quite handsome.

"Lin Tianyang, twenty-four years old, possesses extremely high ice talent and is a role model for the younger generation in our base city."

"In recognition of his efforts, the Lord of the City personally awarded him the Baron Medal today. I hope he can continue his efforts."

"Lin Tianyang? This name is so familiar....."

Qin Feng couldn't help frowning, he seemed to have heard it somewhere

"Brother, Lin Tianyang is so amazing. He became an elemental master at the age of only 24."

"Becoming an elemental master at the age of 24 is very powerful?"Qin Feng was a little confused.

"yes! Many elemental masters are promoted in their forties or fifties. Uncle Chen Ming is 47 years old, and he is still stuck in the realm of quasi-elemental master!"

"Lin Tianyang became an elemental master at the age of 24, so he was naturally very powerful. Even in the entire Southern Alliance, he was extremely outstanding."

Chu Chu explained

"Captain Chen Ming is 47 years old? I thought he was only in his 30s!" Qin Feng was a little surprised.

"Brother, physical strength masters and elemental masters have longer lifespans than ordinary people, so they all look very young. I heard that as long as you become a one-star elemental master, you can live to be 300 years old!"

Chu Chu looked envious.

"By the way, brother, are you rich?" The little girl thought of business.

Qin Feng smiled and said: "I am a Quanmin now."

"Brother, stop teasing me....."

"Little girl, what do you think this is?"

Qin Feng smiled and took out his Quanmin ID card.

"This is..." Chu Chu took the card, her beautiful eyes gradually widened.

"Quanmin card!", the little girl raised her head excitedly, "Brother, how did you do it?"

"You don't need to ask this. Anyway, as long as you know, your brother is very powerful now"

"elder brother!"

The little girl hugged Qin Feng excitedly, her eyes a little red.

She is so happy that my brother has become a citizen.

"Little girl, why are you crying?"

"I don't!"

"Your eyes are red"

"I am happy!"

Chu Chu rubbed her eyes with a smile on her face.

Qin Feng was also very happy when he saw her crying with joy.

"Little girl, do you believe me now?"

"Um!", Chu Chu nodded obediently.

Not only did she believe it now, she even admired it

"Tomorrow, you quit your job and I will support the family from now on."

"whee!! Brother, then I will make delicious food for you at home every day. Do you think I look like your wife?"

The little girl's face turned a little red.

Qin Feng smiled and said, "You are the only one who talks a lot!" Come on, I'll take you to a big dinner."

The brother and sister went downstairs happily.

Qin Feng chose a nice restaurant.

The two of them had a very happy meal.

Chu Chu was also in a very good mood.

After returning home, the brother and sister fell asleep early.

Did Chu Chu drink at night? I didn't have enough red wine and fell asleep very early.

But Qin Feng couldn't fall asleep.

The name 'Lin Tianyang' kept echoing in his mind, and he always felt that it sounded familiar to him.

"Lin Tianyang? I remembered....."

Qin Feng sat up from the bed all of a sudden.

Lin Tianyang is Lin Xuyang's brother.

When he thought of Lin Xuyang, Qin Feng's eyes were full of anger.

In the original earth world, Chu Chu died in a car accident.

And the driver who caused the accident was Lin Xuyang.....
