## Chapter 6

### The Whole Family Goes Out

“Tang Maoping! If you dare to go, then don’t come back. Can’t you just call the police? Why do you have to rush in?” Mrs. Tang roared.

Mr. Tang immediately cowered and said bitterly, “Don’t be angry, don’t be angry. I’m just afraid that I won’t make it in time.”

“I’ve called 999.” Tang Mingsu waved his phone.

“And even if you want to save people, you have to bring a weapon.”

Tang Mingqi grabbed a knife and threw Mr. Tang’s electric baton at him.

“Good son, come with me to take a look.”

Tang Susu looked at them. Because the plot of the game revolved around the female lead, there was no introduction to the other supporting characters.

But now that she had inherited the original host’s memories, she knew that Mr. Tang had joined a volunteer rescue team when he was young

and had participated in many large-scale rescue activities. He was a very old-fashioned person, though.

Compared to the kind and righteous Mr. Tang, Mrs. Tang was more concerned about her own safety. “Second Brother, don’t go. Let your father die alone.”

Tang Mingqi knew that she was speaking in a fit of anger. In fact, she had almost compromised, and the two were about to go upstairs.

“I want to go too.”

Everyone was speechless.

“Susu. I won’t go, alright?” Mr. Tang was scared and quickly came back.

Mrs. Tang immediately looked at Tang Susu with a smile, as if she was saying, “Susu is amazing.”

Tang Susu coughed lightly. “I’m not angry. I’m serious. I want to go too!”

It was quiet, extremely quiet. Because of the seriousness in her tone, no one dared to brush her off.

Mr. Tang tried to reason with her, but he didn't dare to say that she was in poor health and couldn't be frightened, for fear of hurting her sensitive little heart.

"But all of us will be going," Tang Susu added with a meaningful look in her eyes.

Immediately, they heaved a sigh of relief.

"Alright, there's strength in numbers. I'll go get two more knives. We'll listen to your dad's orders then." Mrs. Tang was the first to voice her opinion.

Tang Mingchu, who wanted to go back to sleep, didn't object. However, everyone consciously protected Tang Susu behind them.

The short flight of stairs made Tang Susu's breath heavy, and she felt as if there was a warm current flowing into her heart.

The apocalypse was upon them, and she couldn't be protected by them like this anymore. She had to let them realize that she was no longer the delicate and weak Tang Susu of the past!

“Don’t knock!” She quickly stopped her father and squeezed in. “Use  
this.”

“What is this?” Tang Mingqi asked in surprise.

“A lock-picking tool. It’s a new type of tool that you’ve never seen before.  
It’s very versatile and easy to use.”

With a click, the sound of the lock opening was very soft and almost  
undetectable. It was understandable that whatever was concealed within  
would not be easily disturbed.

Mr. Tang suppressed the surprise in his heart. After waiting for a while,  
he gave his family members a look and quietly pushed open the door of  
Room 906.

The thick stench of blood suddenly swept over them, causing their  
expressions to change!

Mrs. Tang wanted to retreat. Just as she was about to protect her  
daughter and leave, she realized that Tang Susu was no longer by her  
side. She was so scared that her body went limp.

He immediately rushed to the front and grabbed the girl who had slipped to the side when they weren't paying attention.

Creak! Creak!

The sound of a bottle being stepped on could be heard suddenly!

It was like a signal, and a creepy sound came from the bedroom.

Roar! Roar!

The rough and impatient roar was so close that they were paralyzed in terror.

“Quick! Retreat!!! Don't get in the way!” Mr. Tang growled in a low voice.

Tang Mingqi and Tang Mingxun quickly retreated to the door, still holding Mrs. Tang's hand. When they saw Tang Susu slip away again, their eyes almost popped out of their sockets!

She had actually run in the opposite direction and was in the front. The moment the bedroom door was about to be opened from the inside, she kicked it!

The thing was standing behind the door. It staggered back from the impact before pouncing back with a vengeance!

“Dad, get out of the way!” Tang Susu shouted.
