

I Regained My Memories and Became Rich After Getting Divorced - Chapter 12

Gu Dai didn't understand why Song Ling always assumed she would regret it. After all, how narcissistic would someone have to be to always think that way?

She didn't want to deal with Song Ling anymore, but she still couldn't help but say, "Mr. Song, don't be afraid to see the doctor. It's not too late now."

"What do you mean?" Song Ling was a bit confused when he heard Gu Dai's words. It took him more than ten seconds to understand, and he said, with disbelief in his tone, "Are you saying I'm sick?"

Gu Dai was even more shocked than him, feigning confusion, "Did I say that? I don't remember saying that. It's just what you think, Mr. Song."

Song Ling wanted to say something back, but Gu Dai didn't give him a chance, because Chu Min came to pick her up.

Seeing Chu Min's red car, Gu Dai felt disgusted for a moment and didn't want to get in at all. However, compared to Song Ling, she thought she could tolerate it for the moment.

Gu Dai didn't wait for Chu Min to drive over and quickly ran towards the car.

Song Ling's words were swallowed back due to Gu Dai's action, but his gaze still subconsciously followed her figure.

It was because of this that Song Ling saw Gu Dai running to a car, and a man got out of the car to open the door for her.

Song Ling's eyes narrowed when he saw the car. He recognized the car was a unique custom vehicle, one of a kind in the world, that had been auctioned off for 3 billion US dollars by a mysterious man.

But how did Gu Dai know such a person?

However, it didn't matter. Song Ling's face grew darker and darker, realizing that Gu Dai had hooked up with a rich man. No wonder she is so eager to divorce him, and is dressed like this to seduce this man, right?

She really is a vulgar gold digger!

As Song Ling looked in Gu Dai's direction, Zhao Xuan also looked over, but his main focus was on Chu Min.

However, he could only see a side profile of the man, and it was too far away to make out anything clearly.

Zhao Xuan felt that the man looked familiar, like the apprentice who often stayed by the side of a legendary doctor. However, he had only seen a photo of the legendary doctor's apprentice many years ago, and it was very blurry, so he couldn't be sure.

Many years ago, Song Ling had undergone surgery. The person who performed the surgery was a legendary doctor anonymously hired by the Song family. The surgery was successful and the legendary doctor left. However, after Song Ling woke up, he had been persistently searching for that legendary doctor for many years, but still to no success.

Therefore, when Zhao Xuan realized that the man might be the legendary doctor's apprentice, he subconsciously wanted to tell Song Ling. However, when he turned his head and saw Song Ling's gloomy expression, he hesitated.
