

I Regained 20

Chapter 20

You Look Good

“Let her go!” After Song Ling rushed down, he shouted at Su Ting, who was standing next to Gu Dai.

Song Ling’s voice was loud, attracting the attention of many people, but he didn’t care. He stepped forward quickly, grabbing Gu Dai’s other hand, his eyes tightly fixed on Su Ting, asking aloud, “Who are you?”

Su Ting coldly watched Song Ling without speaking. He just reached to remove Song Ling’s hand from Gu Dai’s hand, but Song Ling held her hands tightly.

Su Ting was afraid he might hurt Gu Dai, so he gave up. He then bowed his head and asked Gu Dai, “Sister, I’m Su Ting, do you remember me?”

When Su Ting looked at Gu Dai, his smile was pure, revealing two small canine teeth. Even when he spoke, it was in a low, gentle voice, as if he was afraid that a louder voice would scare Gu Dai.

When Gu Dai heard Su Ting’s voice, she took a few seconds before realizing what he had said.

She drowsily looked up. Because she was drunk, there was a hint of mist in her eyes. She earnestly looked at Su Ting’s face, tilting her head, “Hm...”

Seeing Gu Dai like this, Song Ling laughed, and scoffed at Su Ting, “She doesn’t recognize you at all, you should go back to where you came from...”

“I know you!” Song Ling didn’t get to finish before Gu Dai interrupted him.

Gu Dai, with her eyes sparkling, stared at Su Ting, she said, “You’re Su Ting! Although you look different than the Su Ting in my memory, you look more mature, but regardless, you look equally good! I like you!”

Gu Dai was still blinking at Su Ting, even couldn't help but chuckle foolishly, as if she was about to drool.

Looking at Gu Dai's behavior, Su Ting found it incredibly cute, then he also spoke indulgently, "I like you too, sister."

On the side, Song Ling's face turned stern in an instant, completely losing the triumph he had before, and his hand unconsciously clenched again.

"Ouch!" Gu Dai exclaimed in pain, quickly turning her head to look at Song Ling.

Looking at the culprit that caused her pain, she directly raised her hand and slapped him, then quickly withdrew her hand while Song Ling was still stunned.

After Gu Dai withdrew her hand, Su Ting gently lifted her hand and then gently massaged it to alleviate Gu Dai's pain.

However, even though her hand was being massaged by Su Ting and the pain had subsided quite a bit, Gu Dai was still feeling irritated.

She looked at Song Ling again and said directly, "Do you have an issue?"

"Look carefully at who I am, Gu Dai," Song Ling didn't believe that after recognizing him, Gu Dai would still act like this.

Although she had been acting strange since she fell and bumped her head yesterday, Song Ling just thought she was not sober and was temporarily angry for not wanting to divorce him. Essentially, she still didn't want to leave him, and her coming to the bar to drink tonight was a manifestation of her reluctance after sobering up.

But what Song Ling didn't expect was that Gu Dai just responded with a glare. After her gaze lingered on the slap mark on his face for two or three seconds, she casually said, "Big pig head."

“What did you say?” No one had ever spoken to him like this since he was a child. Song Ling was furious and asked Gu Dai with disbelief in his tone, then he threatened, “Try saying that again.”

“You are a big pig head, not only will I say it once, but I’ll also say it many times. Big pig head, big pig head, big pig head!” After a few drinks, Gu Dai was not only bold but also a bit childish.

Song Ling’s breathing gradually became heavier. His eyes darkened, and he couldn’t bear it any longer. He lifted his hand, wanting to hit Gu Dai, but in the end, he retracted it.

However, when Song Ling made a move, Su Ting noticed it. He took a step forward, hiding Gu Dai behind him, and faced Song Ling.

Seeing Gu Dai and Su Ting standing together, Song Ling felt it was very irritating. He gritted his teeth and said, “I am Song Ling.”

“Song Ling?” Gu Dai tilted her head and recalled for a moment, “Oh, I remember now. You’re that jerk, right? I remember we’re already divorced. What are you doing here?”

“I...” Song Ling was once again at a loss for words.

The moment he saw Su Ting trying to take Gu Dai away, his head buzzed, and without thinking, he rushed down.
