Chapter 1001

Ye Chen saw Xiao Churan go to the bedroom bathroom to take a shower, so he went to the guest bathroom on the same floor to take a shower.

Living in a villa was this good, there were especially many bathrooms, so there was no need to queue.

Ye Chen showered relatively quickly, and by the time Xiao Churan came out of the bathroom, he was already finished showering and lying on the bed.

Xiao Churan's eyes saw Ye Chen, who was wearing a tank top and shorts, lying on his back on the bed, and was first startled for a moment, and asked out of the blue, "Why are you sleeping on the bed?"

Ye Chen smiled and said, "Wife, didn't we agree long ago that it was time for me to move up a level? Mom went to a pyramid scheme a while ago and delayed my upgrade, but now that she's back, you can't still not let me upgrade, can you?"

"I" Xiao Churan was suddenly a little embarrassed.⁷⁸ Chinese First <https://https://>

She also didn't know how she should answer this question from Ye Chen.

Indeed, she had already promised him that she would let him move up a level and not have to sleep on the floor.

But herself and Ye Chen had never acted so close to each other before.

It was also true that he was not mentally prepared for this.

However, then again.

During this period of time, Xiao Churan's affection for Ye Chen had been rising rapidly.

Especially today, seeing Ye Chen punch Jiang Ming in the face, seeing Ye Chen donate one million to the welfare institution, seeing Ye Chen solve his good brother's job and put him on the peak of his life

Tonight's Ye Chen, in her eyes, was simply like an all-powerful male god.

At certain times, she also felt very moved, that might be the feeling of love.

Thinking of this, her face immediately blushed, and under the dim light of the bedroom, she looked even more delicate throughout.

Ye Chen looked at her blushing face, and his heart was also filled with an intense feeling of affection.

This was his beloved wife, like a sunshine in his life, warming his heart.

Xiao Churan looked at Ye Chen with red eyes for a moment before she said shyly and incomparably shyly, "One level up is fine, but only one level up!"

Ye Chen hurriedly asked, "Honey, what do you mean by that?What do you mean you can only go up one level?"

Xiao Chorán said, "From today you will sleep on the bed, but this bed is divided into two, male left and female right, without my permission, you must not cross the boundary, otherwise you will be downgraded by one level."

Ye Chen cryptically said, "Wife, what does one level down mean?"

Xiao Chu Ran gave him a blank look and said, "You know what it means to go up a level, don't you know what it means to go down a level?"

Ye Chen asked depressingly, "Does a level drop make me go back to sleeping on the floor again?"

"Right!"Xiao Chorán said proudly, "If you don't behave well, then drop one level to sleep on the floor, and if you behave even worse, then drop another level to sleep in the guest room, there are more rooms in our villa anyway."

Ye Chen was about to cry and said, "Honey, then can you tell me what the next level is?When am I going to move up to the next level?"The fastest 78 Chinese update on the computer:https://

Xiao Churan's pretty face flushed red and said, "What the next level is is confidential for now, as for when you can move up to the next level, you have to wait for your superiors to inform you."

Saying that, Xiao Churan patted her chest again and said with a smile, "I, that is your superior, all the right to interpret, belongs to me."

Ye Chen was depressed and said, "Wife, I'm sure you heard what Auntie Li said today, but Auntie Li is now especially looking forward to us having a child quickly, we can't disappoint Auntie Li's wish!"

"Don't you dare!"Xiao Chorán stomped her foot in shame and said, "Who's going to give you a baby?Whoever wants to have a baby with you, you can have a baby with whoever you want, but I'm not having one anyway."

1002

Ye Chen helplessly said, "How can there be no children between these two couples ah, we are both normal people, it's not like we are infertile, being childless all the time will make people laugh, in case they think you don't have the ability to have children, wouldn't that be looking down on you ah."

Xiao Chorán left her mouth and said, "Then if people ask me, I'll just tell them that it's you who doesn't have the ability to have children, won't that do it?"

Saying that, Xiao Chu Ran said, "Besides, do you know that you've only just reached the second level, and do you know how many levels it is to have a child?"

Ye Chen immediately said, "I'm the one who must be at the third level!"

Xiao Chorán grunted, "You wish!"

Just said, Xiao Chu Ran picked up his blanket from the floor, threw it on him, and said: "One blanket per person, you are not allowed to cross the line. Hands, feet, body, hair, nowhere can you cross the line, and if you do, you're demoted!"

Ye Chen could only helplessly say, "Okay, okay, I know, I will definitely not cross the line, is that okay?"

Xiao Churan smiled shyly and said, "That's more like it."

After saying that, she opened her own blanket, turned her back to Ye Chen, and lay on the bed.

As soon as she got on the bed, Xiao Churan got into the blanket and wrapped herself up tightly, blushing as if she was about to drip blood, looked at Ye Chen and quickly turned her head away.

At this moment, Ye Chen really wanted to hug her and give her a kiss.

However, such a long time of mutual respect had come and gone, so why should he monkey around and disobey her at this time?

Anyway, you've moved up a level, and being able to lie in the same bed with her is a huge improvement, and if you behave yourself in the next few days, another level up is just around the corner.

Perhaps when he rose to the next level, the two of them would be able to sleep in the same blanket.

Thinking of this, his heart was suddenly quite pleasant.

Xiao Churan didn't dare to look at him, reached out to turn off the light and spoke, "It's late, hurry up and go to sleep."

After turning off the lights, the bedroom was dark, reaching out, so quiet that it was as if a needle dropped on the floor could be heard clearly.

Ye Chen could clearly hear Xiao Churan's breathing, her breathing was somewhat rapid, it seemed that she should be very nervous at this time.

Usually if Xiao Churan was asleep, her breathing was very even and gentle.

So Ye Chen asked her, "Honey, are you still awake?"

Xiao Chu Ran opened his mouth and asked, "What's wrong?"

Ye Chen was also a bit nervous and hurriedly said, "Nothing, just wanted to chat with you."

Xiao Chu Ran said, "What do you want to talk about? Go ahead."

Ye Chen smiled heedlessly, turned his head to look at Xiao Churan's outline and asked, "Wife, how has your company been running lately?"

Xiao Churan said, "Not bad, the Dihao Group as well as several other companies have given some lists, I am designing them one by one, looking for people to construct them one by one, now overall it has been very improved, the company's accounts have also had a big several million entry, this is only

the advance payment, if I wait until I finish these current projects, the entry should be more than 10 million."

Ye Chen was surprised and said, "Wow wife, you're amazing, it's only been a short time, you've already made 10 million into the account!"

Xiao Churan said, "10 million is just an entry, the actual profit is only about 2 million, and this 2 million is not as much as what you would earn from showing feng shui to someone else once."

Saying that, Xiao Churan then hurriedly said to Ye Chen, "Right, these figures I just told you, you mustn't tell Mom, if she knows that the company has a few million on its books right now, she will definitely get crooked ideas!"

Ye Chen hurriedly asked, "Honey, I'll listen to you and never say a word to mom!"⁷⁸ Chinese First <https://https://>

After saying that, Ye Chen asked, "Honey, seeing how well I've performed, can you let me move up a level now?"

1003

Ye Chen was nervous after asking this question.

He didn't know what kind of reply Xiao Churan would give him.

Just at this time, he suddenly felt an object smash into his face, and the next moment, he felt that object, it was the little bear that Xiao Churan usually held and slept with.

At that moment, he heard Xiao Churan say in his ears, "You're so greedy, you usually play mobile games, the upgrades are harder and harder, how can it be so simple?"

Ye Chen grievously said, "Wife, now the mobile game upgrades can all be fast, level 80 in one cut!"⁷⁸ Chinese first <https://https://>

Xiao Churan pretended to be a certain treasure customer service tone, said: "Sorry? Pro, this kind of upgrade our family does not have it, it is suggested that pro can consider trying other games."

Ye Chen hurriedly said, "No no no, I don't want to try other games, I just want to ask if our game can give a way to upgrade faster?"

Xiao Churan smiled and said, "Sorry dear, our family doesn't have any shortcuts at the moment oh."

"Alright!" Ye Chen sighed and said, "I will continue to work hard."

Xiao Churan nodded her head in satisfaction and said, "In that case, now the customer service side is going to be off duty oh, if the pro still has any questions to ask, please come back tomorrow morning."

Ye Chen saw her playfulness, and hurriedly cooperated, "Okay, let's talk about it tomorrow morning then."

Xiao Chorán added, "Then please don't hang up yet, after the drop, make an evaluation of my service, 1 is very satisfied, 2 is satisfied, 3 is unsatisfied."

Ye Chen said, "4!"

Xiao Chorán said, "Sorry, typo, please re-enter."

Ye Chen said, "No mistake, 4 is very unsatisfactory!"

Xiao Chorán said in a huff, "Congratulations pro for activating the hidden random treasure chest in the game, you will get a random gift, to open the treasure chest please press 1, to abandon the treasure chest please press 2."

Ye Chen blurted out, "1!"

Xiao Chorán mimicked the sound of the lottery wheel in his mouth and squeaked for a while before saying, "Congratulations pro get random gift in situ one level down!The gift takes effect immediately!"

Ye Chen shouted in shock, "No no no, I don't want this gift!"

Xiao Chorán giggled, "Pro, hidden random treasure chest, once opened it's non-returnable oh!"

Ye Chen said, "I want to file a complaint!! just pressed the wrong one, I wanted to press 2!"The fastest 78 Chinese update on the computer:https://

Xiao Chorán laughed for a while before saying, "Pro, the system has received your complaint, we will process your complaint within two days, and we will report back to you then, but until the feedback results are out, you still need to accept the random punishment of being downgraded one level in place."

Ye Chen said, "I'm an old customer of our game, can I give you some face?Get off scot-free this time!"

Xiao Chu Ran thought about it before saying, "Dear, given that you are indeed our loyal customer, we decided after discussion to give you a chance to choose again."

Saying that, she cleared her throat and said, "To open the treasure chest, please press 1. To abandon the treasure chest, please press 2."

Ye Chen could only say, "2! I'll choose 2!"

Only then did Xiao Chu Ran said, "I'm sorry that you missed out on the random gift in this hidden random treasure chest, what else can I do for you?"

Ye Chen sighed, "No more no more, I'm going to go continue leveling."

1004

Xiao Chorán said, "Then please don't hang up yet, after the drop, make an evaluation of my service, 1 is very satisfied, 2 is satisfied, 3 is unsatisfied."

Ye Chen wailed, "1! Very satisfied!"

Only then was Xiao Chu Ran satisfied and said, "Thank you for the pro's comment, that's all for today's connection, see you next time."

.....

This night, Ye Chen slept very poorly.

Although he had only risen one level, this was the first time he had shared a bed with Xiao Churan since he had married her.⁷⁸ Chinese First <https://https://>

Of course, although sharing a bed, there was no chance to share a pillow, and the two of them each used their own pillows and slept in their own nests.

It was also true that Ye Chen did not dare to cross the middle thirty-eight line, or else he would really have to drop one level in place, wouldn't that be crying without tears?

Xiao Churan actually hadn't fallen asleep for a long time, and she was feeling very nervous as well.

Even though she and Ye Chen were each sleeping in their own nests and there wasn't any skin to skin, she still felt her heart beating very fast.⁷⁸ Chinese update fastest computer end:https://

Well, this was, after all, the first time she'd shared a bed with a man since she'd slept in a separate room from her parents as a young child.

It was strange not to be nervous instead.

As such, the two of them each suffered from insomnia for a long time before they successively went to sleep.

The next morning, when Ye Chen opened his eyes, Xiao Churan beside him was already gone.

Hearing the sound of the shower coming from the bathroom, Ye Chen knew that Xiao Churan was taking a shower.

Xiao Churan was a very clean girl, basically taking a shower every morning and night, and Ye Chen had already seen it.

He stretched his back and was about to get up, when the phone placed under his pillow suddenly buzzed and vibrated.

He pulled out his phone and found that it was a call from Li Xiaofen.

When he picked up the phone, there came Li Xiaofen's anxious voice: "Brother Ye Chen, something has happened to the orphanage!"

Ye Chen hurriedly asked, "What's going on?! What's going on at the orphanage? Don't be in a hurry and speak slowly."

Li Xiaofen choked, "There are ten children lost! Doubt it's been stolen!"

"What?!" Upon hearing that the children in the orphanage would be stolen, Ye Chen was both anxious and angry, and hurriedly asked, "Little Fen, tell me exactly what happened?"

Li Xiaofen was busy: "This morning the day shift aunt in charge of infants and toddlers went to change shifts with the night shift aunt and found that the night shift aunt was sleeping unconscious, all ten children in one room were missing, the night shift aunt still hasn't woken up, the doctor said that she was given a very strong anesthetic!"

Ye Chen became furious and snapped, "What kind of person does that is too bold, even daring to steal from a child in an orphanage?!"

Li Xiaofen cried, "This kind of thing happened before, but before that it was all discovered by us in time, now the traffickers are especially rampant, not only do they dare to come to the orphanage to steal, but they also dare to steal from hospitals, steal from people's homes, and even steal directly from people's children on the street!"

Said Li Xiaofen, "The main reason is that this line of business is too profiteering for them, any child can be sold for around 100,000 yuan, and if it's the kind of child that looks beautiful, these people who are rich and can't have children are even willing to pay a very high price for it"

Ye Chen hurriedly asked, "So what's the situation now?Did you call the police?"

Li Xiaofen hurriedly said, "Aunt Li and the dean had already called the police, and now a case has been opened for investigation, but the police officer said that they presumed that the night shift aunt was anesthetized at around 3:00 a.m. That is to say, they stole the child until now has passed 4 hours, these 4 hours they may have been out of Jinling, or even out of the province!"

1005

At this moment, Ye Chen's heart was filled with rage.

He really didn't expect that there would be human traffickers who would be so bold as to put their ideas on the heads of the children in the orphanage.

As soon as he thought of these children, some of them might be sold to unscrupulous beggars or even made disabled by them, Ye Chen could not wait to chop these human traffickers into tens of thousands of pieces.

So, he immediately said to Li Xiaofen, "Xiaofen, where are you now?Is it at an institution?"

"Right!"Li Xiaofen said, "I just got back from the police station, Auntie Li and the others are still over there."

"Good."Ye Chen immediately said, "You wait for me at the orphanage, I'll be there now!"

After saying that, he hung up the phone, unable to care about greeting his wife, he hurried out the door.

When he arrived at the first floor, Ma Lan, who was wearing a big red nightgown, impatiently urged, "Ye Chen, hurry up and cook, I'm dying of hunger."

Ye Chen frowned and said in disgust, "If you want to eat, go and make it yourself."

Ma Lan bit her teeth and cursed, "Yoho!You're powerful now, growing in stamina aren't you?"

Ye Chen nodded and said, "If you can get such a big villa, then I'll count you as capable!"

When Ma Lan heard this, her face suddenly changed, "Ye Chen, what do you mean by that? Do you think you're so great because you built her villa? Start shaking my face?"

Ye Chen said coldly, "That's right, when I used to live in your house, what was your attitude towards me? I want you to reflect on this now, and it's possible that in time, I'll do to you what you did to me."

"You" Ma Lan's anger vanished 80% at once, and she truly realized that Ye Chen was not the same as before.

There was nothing that she could hold against him now, she used to always say that he ate his own food and lived in his own home, but now it seemed like everything was reversed.

At this time, Xiao Changkun also came out of the elevator, and when he saw that Ye Chen seemed to be going out, he asked, "Ye Chen, where are you going?"

Ye Chen said, "I have to go to the orphanage, something is up."

Xiao Changkun was busy, "It just so happens that I also have to go to the Painting and Calligraphy Association to do something, so I'll drive you."

Ye Chen nodded, "Okay dad."

Ma Lan gasped, "Xiao Changkun you are not allowed to go! Make breakfast for my mother!"

Xiao Changkun looked at her in disgust, "Make it yourself if you want to eat it, or don't!"

After saying that, they no longer paid any attention to her.

The two sons and sons-in-law walked outside, and Ma Lan was gritting her teeth in anger behind them.

Now these two men in the family are ignoring themselves, their authority in this family is no longer there.

Especially that Xiao Changkun, who had the audacity to divorce himself yesterday.

This dog, who has been married to himself for more than twenty years, has never dared to yell at him like this, there must be something odd about this matter, and he has to find a way to investigate it.

At this time, Ye Chen and his father-in-law, Xiao Changkun, came to the garage, Xiao Changkun got into his BMW and drove Ye Chen out the door.

As soon as the car drove out of the house, Xiao Changkun eagerly asked, "Ye Chen, you usually have a lot of ideas, how exactly can you give Dad an idea on how to divorce that shrew of your mother?"

Ye Chen said, "Didn't Mom say that yesterday? If you're going to get a divorce, you'll have to live apart for at least two years."

Xiao Changkun said impatiently, "Two years is too long, that shrew still doesn't know that your Aunt Han is back, but this matter certainly can't be hidden for too long, my idea is to divorce her before she knows that your Aunt Han is back."

At this point, Xiao Changkun said again somewhat depressed, "But, you heard what the shrew said yesterday, she said that if I find another woman, she will definitely not let me have a good time, I'm afraid that if he finds out about your Auntie Han, he will go to your Auntie Han's trouble, your Auntie Han is quiet and dignified and has a good temper, how can she be that shrew's opponent."

Ye Chen said, "Dad, I really want to help you with this matter, but I can't help you, there are some things that you have to solve this problem yourself."

In fact, Ye Chen really wanted to just let Ma Lan vanish from the earth, the last time this woman stole his bank card, he already had this idea.⁷⁸ Chinese Update fastest computer end:<https://>

It was a pity that he couldn't bear to let Xiao Chorán be sad, otherwise he would never have let Ma Lan back in!

If you don't put Ma Lan back, then the life that the father-in-law is living now is simply joyless.

Thinking of this, Ye Chen said again, "Dad, it's not that I'm talking about you, your biggest problem is that you're too weak and too afraid of her, all she has to do is say a few harsh words and you won't know what to do, if this goes on, no one can help you solve this problem, you can only rely on yourself if you want to solve this problem."

Xiao Changkun sighed and said, "I understand what you're saying, but there are some things that will form a psychological shadow in your heart that you'll have a hard time overcoming."

Ye Chen said, "Then that's beyond help, Dad, Auntie Han came back after a long time, if Mom finds out, she will probably fight with Auntie Han to the death, and will never stop until she is driven out of Jinling, at that time, you have to think about what to do."

Xiao Changkun's heart thumped when he heard this.

What he was most afraid of was that this scene would happen.

If Ma Lan really knew that Han Meiqing was back, then she would definitely go after Han Meiqing, and she would never stop!

Xiao Changkun could only sigh sadly, "Think about it. Try to think of a solution."

.....

Xiao Changkun sent Ye Chen to the welfare institution, and he went to the Painting and Calligraphy Association to engage in a connoisseurship meeting with others.

As soon as Ye Chen got off the bus, he saw Li Xiaofen just waiting at the door, and the little girl hurriedly ran towards him once she saw him coming.

"Brother Ye Chen!" Li Xiaofen choked out a cry and suddenly threw herself into Ye Chen's embrace, crying, "Brother Ye Chen, please think of something quickly, I'm really afraid that those siblings won't be able to find their way back"

Ye Chen patted her back gently and said seriously, "Don't worry, I will do my best, has Auntie Li come back now? Are there any new leads?"

Li Xiaofen shook her head with red eyes and said, "Auntie Li and the others haven't returned yet, so I'm not sure if there's any progress."

As she was speaking, a taxi stopped at the entrance of the orphanage.

Auntie Li, who was full of anxiety, and the director of the orphanage, walked down from the taxi.

Ye Chen hurriedly pulled Li Xiaofen forward and asked, "Auntie Li, what did the police station say, are there any clues?"

Auntie Li saw Ye Chen coming, smiled bitterly and said, "The police station over there has already filed a case, they are working on it from the monitor, but the only clue we can find now is that they are driving a white Ivic, there should be six or seven criminals, after they made the child unconscious, all of them got into the car and have left the city."

Ye Chen was busy asking, "Has the police department over there started tracking this car?"

"Chased." Auntie Li sighed and said, "That car of theirs set the license plate and disappeared on the highway, seriously suspect that they changed other brands on the highway, that kind of Iveco itself is made by our Jinling, the model is very common, without the license plate number, it's hard to find them."

Ye Chen nodded his head curtly.

In this situation, relying on the police station's kind of cocooning method of handling cases, I'm afraid it would be difficult to be effective in a short period of time.

If you wanted to find the criminals or find information related to the criminals in the shortest possible time, you had to find the kind of people who had great powers in the underground world.

They had a large number of eyes and ears all over all walks of life, so their information would have to come much deeper than the police department!

1007

As soon as he thought of this, Ye Chen made a call to Hong Wu.

After all, Hong Wu was the underground emperor of Jinling, and he had much more eyes and ears than the average person.

As soon as the call was connected, Hongwu asked respectfully, "Master Ye, what do you want?"

Ye Chen said, "There are ten two and three year old children in the Jinling orphanage, they were stolen by a trafficker last night, you've been in the Jinling underground for a long time, help me

investigate if there's anyone who's recently put out a rumor to buy the children, or if there's anyone who's been asking around about them."

A lot of cases are solved not really because of how amazing the case worker is, or what kind of high technology aids from it, but because the criminal has left key clues in his particular group.

For example, if someone has been killed, the police have to start by identifying the body, and explore it a little bit, but the people in the world know who the person has offended, what he or she has been involved in, and the probability that he or she has been killed by someone.

Another example, someone lost a car in the local, if the police, the police way of handling the case, is usually the first investigation of the car to where? Where did it disappear from? Surveillance footage shows who had access to the car during this time?

But if you go directly to the underground world and ask the people in the underground world, who are the local people who steal cars, or who are the local people who specialize in fencing stolen cars, who has seen the car lost, basically one question is accurate.

But the point is, the underground world has his very clear rules and regulations, even if the person inside, want to get certain information, his ability and status must match this information.

Otherwise, it would be impossible to find out anything.

For example, if a punk wanted to know what kind of business Hong Wu had been doing lately, who he had eaten with and who he had met, it was basically impossible to find out.

But if Hong Wu wanted to know what a punk had been up to lately and who he had been in frequent contact with, just one word and his horses would help him find out.

Hong Wu knew that Ye Chen had been living in an orphanage from his early childhood to his teenage years, so he also knew that Ye Chen must be very angry when the children in the orphanage were stolen.

So he immediately set to work and started investigating.

Ten minutes later, a clue was fed back to Hongwu.

There was a kid named Liu Zhaochen in Jinling who had asked about where he could buy a child in Jinling when he was having dinner with his friends from the road some time ago.

Ye Chen hurriedly asked him, "What is this Liu Zhaochen's origin?"

Hong Wu said: "This kid is a local Jinling, since childhood, steal chickens and dogs, the family dry is also steal chickens and dogs, not yet an adult, has been involved in many illegal and criminal activities, small to steal chickens and dogs, large to robbery and kidnapping, as long as they can come to money, this kid this are dry."

"A few years ago, this kid's whole family did pirated movies, made some money, that is, with a camera to sneak into the cinema to secretly sneak into the movie theater to film people are showing, and then carved into pirated CDs to sell to the outside, that time to do a lot of fun."

"As a result, a big man invested in a big production of the film, just released was stolen by this kid, and then that big man found someone to cut off this kid's hand, from then on this kid pirated movies dare not do, the family switched to do snakeheads, that is, to peddle people."

"His family specializes in peddling underage children, generally to the southern beggars, sometimes they also engage in a number of underage children for rent to beggars, some time ago I heard that the police targeting the other beggars controlled those underage children, engaged in a special rescue operation, rescued a large number of children, so now beggars have been everywhere to beg for children, he is specializing in giving Beggars scout for children."

Ye Chen asked in a cold voice, "This kid's family is in this business?!"

"Right!" Hong Wu said, "A family of six, his father, his mother, his two brothers and one sister, all doing this kind of business."

Ye Chen gritted his teeth and said, "This kind of trash really deserves to die!"

He then asked, "Hongwu, do you know where this kid is now? I want to know everything he's been doing for the last two days!"

Hong Wu said, "I'm having people ask around, I'm sure we'll get a clue soon!"

1008

Ye Chen hummed and said, "Be sure to tell me the first time you get any clues!"

Hong Wu said respectfully, "Okay, Master Ye, I got it!"

Ye Chen hung up the phone, turned back to Auntie Li and Li Xiaofen and spoke, "Auntie Li and Xiaofen, you two don't need to worry too much for now, I've asked my friend to help me ask around about his energy which is quite high, I think there will be some clues back soon."

Auntie Li said with red eyes, "Ye Chen, thank you very much!"

Ye Chen hurriedly said, "Auntie Li, what are you talking about, I am also from an orphanage, and now that my younger siblings in the orphanage have lost them, I will do my best to get them back!"

Li Xiaofen choked, "Brother Yechen, you donated so much money yesterday, and on the way back, Auntie Li also said that we were going to add a set of monitoring equipment to the entire orphanage, but I didn't expect that today"

At this point, Li Xiaofen suddenly couldn't control it and cried again.

Ye Chen knew Auntie Li and Li Xiaofen well, most of the people working in the orphanage were very kind and took care of these orphaned children as if they were their own children.

Now the orphanage has lost 10 children all of a sudden, so it's naturally a huge blow to them.⁷⁸

Ye Chen was about to open his mouth to comfort them when Hongwu's phone call came over.

He hurriedly connected.

I heard Hong Wu say on the other end of the phone, "Master Ye, I've already asked someone to find out, that Liu Zhaochen, last night, temporarily found a friend from the road, borrowed a set of Iveco, the family of six came out of their home at night, and in the early morning, there is no where to go."

"Borrowed an Iveco?!" Ye Chen's eyebrows stood up and said in a cold voice, "The person who stole the child was also driving an Iveco, I guess it should be this guy and his family who did it!"

Hong Wu immediately said, "Master Ye, why don't we provide this kid's phone number to the police now, so that they can arrest him based on his phone location!"

Ye Chen said coldly, "No! It's too cheap to put these scumbags who specialize in torturing children in jail! I want them dead!"

Hong Wu was in awe and spoke out of turn, "If Master needs anything, Hong Wu will not hesitate to die!"

Ye Chen asked, "Can you locate that kid's location based on his phone?"

Hong Wu said, "No problem, I have someone over at Mobile Unicom who can investigate his real-time location information!"

Ye Chen said, "Good! Now you help me figure out the location!"

Hong Wu immediately said, "Master Ye, give me five minutes!"

"Yes!"

Ye Chen hung up the phone and immediately called Richard Chen again and asked, "How many helicopters can be mobilized in Jinling at present? How many people can ride in each?"

Richard Chen said, "Young Master, Shangri-La has two heavy helicopters, each capable of seating twelve people, there's a navigation company over at the airport invested by the Ye family, and there are three medium helicopters, each capable of seating eight people!"

Ye Chen mmed and said, "Get all the helicopters ready and bring your best men with you, in addition, have one of the helicopters pick me up near the Jinling Orphanage right now!"

Richard Chen asked hurriedly, "What are you doing, Young Master?"

Ye Chen said in a cold voice, "I'm going to do the right thing for Heaven!"

1009

As soon as he heard Ye Chen's tone of voice, Chen Zhai knew that Ye Chen must be furious.

So, he almost didn't even think about it and immediately said, "Young Master, I will immediately arrange it now!"

Saying that, he hurriedly asked, "By the way young master, I'll take a helicopter over to pick you up now, is it directly to the Jinling orphanage?"

Ye Chen didn't want anyone to know how much energy he had, so he asked, "Is there any place near the orphanage that's suitable for a helicopter to land?"

Richard Chen thought about it and said, "There seems to be a building nearby, called the Golden Everlasting Building, and there's a helipad right on top of it, so why don't you go over there now, and I'll leave now, and we'll be there soon!"

"Yes!" Ye Chen immediately said, "Then you should be faster."

"I got it young master!"

After hanging up the phone, Ye Chen faced Auntie Li and the others and said, "Auntie Li, Xiaofen, I have a friend who might help me find some clues, I'm going over to find him now, you guys wait patiently for my news, don't be in a hurry."

Li Xiaofen hurriedly said, "Brother Ye Chen I want to go with you, okay?"

Ye Chen said, "Little Fen, you stay here with Auntie Li, just leave this matter to me."

Only then did Li Xiaofen nod and said nicely, "Okay brother Ye Chen, wait here with Auntie Li for your good news, you must get your siblings back!"

Ye Chen said with a firm gaze, "Don't worry, I'll bring them all back safe and sound!"

Saying that, he immediately left the orphanage and headed to the nearby Golden Hanging Building.

You know, in these recent years, human traffickers are so rampant that I don't know how many families have lost their families because their children have been stolen and abducted by human traffickers.

In any family, a child is the treasure in the heart of the parents, and if this treasure is stolen, abducted and bought, then the parents, even the parents, will lose the hope and motivation to live!

Countless happy families have been completely destroyed because of these human trafficking dogs!

The most detestable thing is, after these traffickers abducted the child, it would be better if they sold it to some normal families who wanted a child, at least the child's life wouldn't be too much threatened.

But if these damned brutes deliberately disabled the child to beg for money, then the child's life would be completely ruined, wouldn't it?The fastest update for 78 Chinese on the computer: <https://>

So, at this moment, the hearts of the entire country were tightly attached to the 10 children who had been abducted and sold.

At this time, Ye Chen was only thinking of rescuing all the children as soon as possible!When he arrived at the top floor of the building, a helicopter was already whistling in from the distant sky.

At this time, Hongwu also sent an address to his WeChat, telling him, "Master Ye, that Liu Zhaochen is now out of the province, but their car doesn't dare to take the highway, and they're taking the lower road, so they're only driving less than 400 kilometers out now."

Ye Chen looked at the address and found that the other party with the children from the orphanage was heading south, and was now in Qing Shui County, Zhejiang Province next door.

At this time, the helicopter was slowly descending on top of the Jin Heng Building, but before it touched the ground, Richard Chen had already opened the door, and Ye Chen immediately jumped on top of it and said directly to him, "Have the pilot take off immediately and head towards Qing Shui County at full speed, and have the other helicopters also head in the same direction!"

"Good young master!"Richard Chen immediately informed the pilot of the exact location through the ear-muffled intercom.

Then, Richard Chen asked Ye Chen, "Young Master, please excuse me, but what is so important that you are suddenly in such a hurry?"

Ye Chen said with a dark face, "Early this morning, a family of six human traffickers stole ten children from the orphanage!"

"Fuck!"Chen Zaiqian was shocked, "What kind of bastards are this family, even doing such a depraved thing!"

Ye Chen coldly said, "Of the four words of traffickers and abductors, the one I hate the most is abduction, I grew up in an orphanage when I was a child, I saw many children who were rescued after being abducted and sold, although they were rescued, but because the traffickers abducted too many children, and each child was sold several hands, many children, even if they were rescued by the police, it was difficult to find their families again, so they becameNot orphans of orphans."

Chen Zhaichai immediately said, "Young Master, don't worry, I brought my best men and horses this time, every single one of them are elite soldiers, and after capturing them, I will definitely shred these bastards into pieces!"

Ye Chen said, "I'm not only going to shred them into a million pieces, I'm going to shred their up and down, their associates, their peers, all of them into a million pieces!"

Saying that, Ye Chen asked, "Does the Ye family have any power in Zhe Province?"

Richard Chen nodded and said, "The family is also very powerful in Zhe Province, but the family has always kept a low profile, just like me in Jinling, I usually don't get involved in running disputes between local tycoons, families, and gangs, but if these locals don't follow the rules, then I can touch them whenever I want."

Ye Chen suddenly remembered something and asked, "The Wu family's home base is in Suhang, Suhang is the capital of Zhe Province, so I guess they must be the local snake of Zhe Province?"

"Yes." Richard Chen said, "The Wu family is the number one family in Jiangnan, and they have been deeply involved in Suzhou and Hangzhou for many years, so their strength in Zhejiang Province, that is truly extraordinary."

After saying that, Chen Zekai added, "But this extraordinary is for ordinary people. To the Ye family, they're just little minions."

Ye Chen nodded his head, looking gloomy.

Richard Chen recalled the Wu family and said, "Young Master, the Wu family was looking for your enemies some time ago, you must be on top of this matter, since you don't need the family to help you out, do you need me to send you some bodyguards to protect you at all times?"

Ye Chen waved his hand slightly, his heart filled with disdain for the Wu family, Chen Zhai still didn't know his own strength, and with his current strength, no one could hurt him at all.
