

## Identity 1061

### Chapter 1061

Zhao Zhuo was struggling to get up at this time, and his heart already hated the two dogs.

I didn't expect that they would even dare to flirt at this time, how fucking shameless is this? How badly do you have to take yourself?

He had already accumulated countless amounts of negative energy, and seeing that his entire body was about to collapse, he had specifically come to talk to Zhang Juan to find some comfort.

Unexpectedly, before he even reached Zhang Juan's house, he was first ridiculed and kicked by the taxi driver, and was forced to kowtow to him several times.

This made his mood even more to the edge of almost collapse.

But I didn't expect that an even bigger bomb would be behind it, that the woman he loved would betray him!

At the thought of this, his entire person has gone completely insane.

Now he was no longer thinking about what to do with the 500,000 loan sharks. Nor did he think about what to do about the beating and the humiliation he had received today.

The only thing he was thinking about now was to make the pair of dogs pay.

So he crawled to the kitchen to get a bone-chopping sharp knife, ready to kill the pair of dogs. Fastest Updated.

At this time, that fat guy, surnamed Liu, had also put on his pants and walked out of the bedroom, and all he wanted was to hurry up and get rid of that damned Zhao Excellence.

As soon as he arrived at the door, he found that Zhao Premier had even disappeared, he thought that this kid should have gotten angry and fled, he was about to go back and say something to Zhang Juan, when he suddenly felt a sharp pain in his back.

At this time, Zhao Zhuan had already stuck that sharp knife into his back.

Zhao Premier then pulled out the knife and pushed the fat man to the ground, stepping forward and rushing into the bedroom.

At this time in the bedroom, Zhang Juan wasn't wearing any clothes, but was lying on the bed waiting for that fatty surnamed Liu to return.

After all, the two of them hadn't finished just now, they were suddenly interrupted by Zhao Xie, and she was waiting for her lover, who had driven Zhao Xie away, to come back and continue with her.

But she never expected that the person who stepped in at this time was Zhao Zhuo, and that Zhao Zhuo had a knife in his hand.

Zhang Juan was so frightened that she hurriedly wrapped her blanket and jumped to the corner, saying in a panic, "Zhao Premier, what are you doing?!"

"Me?" Zhao Zhuan gritted his teeth and cursed, "You betrayed me, I want your life!"

Zhang Juan said in a cold voice, "I told you not to mess around, if anything happens to me, the police won't let you off the hook!"

Zhao Premier smiled miserably, "My life has been ruined, and I was hoping that you would be able to give me the light one last time. The one who truly pushed me down into the abyss is you!"

Saying that, Zhao Zuren gritted his teeth and said, "Let you completely destroy me, then I will completely destroy you before I am destroyed!"

Zhang Juan was scared out of her wits, and she knew that this expression on Zhao Zhuo's face wasn't a joke to her!

So, she hurriedly shouted, "Brother Liu, save me, Brother Liu!"

Zhao Zhuo said with a sardonic smile, "Your brother Liu has been stabbed to death by me, now it's your turn!"

Only then did Zhang Juan see that the sharp knife in his hand was covered in blood!

Her entire body was almost about to collapse, crying to Zhao Xie, "Xie Xie, I beg you to forgive me, I really didn't mean to betray you, you love me so much, are you willing to hurt me?"

Zhao Excellent sneered and said, "Sorry, I don't love you anymore, I don't even love myself now, not even this world! So, I'm going to make you pay and show you that you can bully anyone, not an honest man!"

Afterwards, Zhao Zhuan quickly rushed in front of her.

Zhang Juan shouted in despair, but then her shouting came to an abrupt end.

The sharp knife in Zhao Premier's hand had been stabbed into her heart .....

Looking at Zhang Juan's death, Zhao Premier's entire body was stunned for about 5 minutes.

1062

Five minutes later, he pulled out his cell phone and dialed 110: "Hello hello, I want to turn myself in."

They hurriedly followed up with, "What's wrong with you? Turning yourself in for what?"

Zhao Zhuo said expressionlessly, "I just killed someone ....."

As soon as the other party heard this, he asked off the cuff, "Where are you now? Are people dead?"

"Dead!" Zhao Zhuo took another look at Zhang Juan, then slowly reported the address of Zhang Juan's home.

Ten minutes later, two police cars and a 120, at almost the same time, drove up to Zhang Juan's door.

The police rushed in with a doctor, first controlling Zhao Zhuo and handcuffing him, then allowing the doctor to check on the two victims.

The doctor quickly came to the conclusion that both victims were dead.

The police immediately took Zhao Zhuo into the police car and formally arrested him.

The police have been able to find a way to get rid of the two victims, but the police have not been able to get rid of them. Fastest Updated.

Although his expression was indifferent, his heart still hurt.

He had been bitter all his life and had loved countless people with low self-esteem, but none of them truly loved him.

He had thought that Zhang Juan was the only person in the world who loved himself. He is desperate to save up enough money to give his future mother-in-law enough money for the bride price and marry Zhang Juan as his wife.

It was precisely for this purpose that he was desperate to give all of his possessions, along with 500,000 loan sharks, to Jiang Ming.

But it wasn't until the moment he pushed open Zhang Juan's bedroom door just now that he truly realized that no one had ever loved him in his life.

As the saying goes, there is no greater sorrow than a dead heart.

Now Zhao Zhuo's heart is completely dead.

.....

At this time, Ye Chen had just arrived home shortly.

When Xiao Choran saw him return, she hurriedly asked him, "You went out early this morning, did you go out to help the orphanage find the children?"

Ye Chen asked curiously, "How did you know?"

Xiao Churan said, "It's been all over the net ah, I knew when I saw that news that you must have gone out for this matter."

Ye Chen nodded his head and said, "I even organized several little friends to look for it, but I didn't expect that there would be mysterious people who sent the kids back, what a false alarm."

The reason he said that was because he was afraid that his wife would think too much, in case she thought that he was behind the whole thing, she might have a problem with him.

After all, although he hadn't killed anyone himself today, he had commanded his men and killed many scum.

Thinking of this, Ye Chen looked at Xiao Churan and deliberately wanted to test her tone and attitude, so he said, "I also watched that video today, it's so scary, so many people died."

Xiao Chorán nodded and said, "It's a bit scary, but seeing those beggar bastards, punished, I still feel quite relieved in my heart, because I saw a lot of posts online exposing what the beggars did, this gang is really too bad, they harmed so many children, it's really not worth dying for."

Ye Chen nodded his head in agreement.

The reason why he had allowed Richard Chen's men to take care of the Beggars and the human traffickers was also because they deserved to die.

Right at this time, Ye Chen suddenly received a tweet.

"This city has just cracked a case of intentional murder, the suspect has been caught red-handed!"

At this time, the welfare institution's WeChat group, someone all members: "Zhao Zhuo is in trouble!The police took him away for murder!It's all over the news!"

1063

Only then did Ye Chen realize that the news item just now was about Zhao Zhuan.

Today, the orphanage's WeChat group completely blew up.

Everyone couldn't imagine that yesterday everyone was still eating together and today two little friends from the orphanage died.

The first one to die was Jiang Ming, everyone knew what he had done, so they all felt deserved to die for his death.

But no one expected that Zhao Zhuo, who always liked to take advantage of others, would become a murderer.

And the ones he killed were his girlfriend and his girlfriend's lover!

Li Xiaofen sent a tearful expression to the group, saying, "Why is this person Zhao Zhuo so thoughtless?Even if his girlfriend betrayed him, he shouldn't have acted in such an extreme way!"

Someone else said, "Hey, although I usually quite hate Zhao Zhuo, I think he's pretty pitiful now, he's digging his heart out for this girlfriend of his, but I didn't expect the other guy to treat him like this."

Another person said, "Zhao Zhuan killed two people, will he be shot?"

"The news says he turned himself in, so he'll be lenient, right?He didn't kill for money or any other purpose maliciously either, but because his girlfriend cheated on him in front of him, so I guess the court will be a little more sympathetic when it rules!"first issue

"Hey, the high probability is death penalty, the low probability is reprieve.But even if it's a death sentence, his life is over."

Li Xiaofen sighed, "Auntie Li also knew the news just now, she seems to be very hurt, she locked herself in her room and didn't want to come out."

When Ye Chen saw this, he felt a little heartbroken for Auntie Li.

Don't look at the good and bad when these children grew up, but these children were all raised by Auntie Li a little bit.

Everyone was like her children, and she had lost two of them today.

Ye Chen, who hadn't said anything, said in the group at this time, "Little Fen, do you want us to go see Auntie Li?"

Li Xiaofen said, "No need Brother Yechen, let Auntie Li be alone for a bit."

"Fine ....."Ye Chen couldn't help but sigh.

He didn't expect that Zhao Zhuo would end up in such a situation.

Although this person was annoying, he was indeed quite pitiful.

But then again, a pitiful person must have something to hate.

Most of the time, why people fall for it is because they are greedy.

So he turned off all of the welfare institution's WeChat, not wanting to hear any more information related to this today.

.....

At this point, the worst family in the world is the Wu family.

The Wu family had been cursed as dead dogs on the internet, and were being wildly condemned by netizens all over China, and this cursing was getting stronger and stronger, with no intention of stopping at all.

What's more, this matter of them spending money to find a navy had been fully exposed, which was simply adding insult to injury, and the whole country hated the Wu family even more.

The old man of the Wu family, who was so angry that his entire body was almost about to carry his back, went to a large number of rescue measures to save his life, but the person was also already in a deep coma.

The first time I saw her, she was in a state of shock, because she was so upset that she hadn't been able to get out of the room.

1064

Wu Donghai simply didn't have the effort to care about Xue Yaqin at this time, at this time he not only didn't feel sorry for the emotionally broken Xue Yaqin, but he hated her.

Because if it wasn't for her, if it wasn't for her damn brother, how could the Wu family have suffered such a credibility crisis!

It didn't matter if this damned Xue Nanshan died, it would most likely cause the Wu family to lose a large portion of their assets, then the Wu family would no longer be the number one family in Jiangnan. Mobile One Second Remember provides you with wonderful \fiction reading.

Moreover, the nature of this matter was really too bad, and it was estimated that it was impossible for the entire country to forget this matter for a while, so in the next very long time, the Wu family would turn out to be hated by people and dogs in this world.

Even worse, the Wu family's business would definitely be affected in a very far-reaching way, and probably for a long time to come, the Wu family's assets would continue to shrink.

Most likely, the Wu family would be reduced to a second-rate family as a result.

The saddest part was that there was absolutely nothing Wu Donghai could do about it now.

There was nothing he could do about it already.

In fact, when it came to this sort of thing, even a Da Luo Gold Immortal couldn't save himself.

Because, the most feared thing in everything was to commit public anger.

If one day the Ye family also produced a scum that the whole country hated for it, then the Ye family would be powerless to return to Heaven.

So at this moment, the great families at the helm of the country were all sighing inwardly, "It must be remembered that the Wu family has made a mistake and learned a lesson this time, and today's Wu family has taught a lesson to all the great families in the country."

At this moment, Wu Donghai had given up on saving the Wu family's reputation.

He was now filled with resentment and only wanted one thing, to seek revenge on Ye Chen.

Wu Xin ran over to him and said, "Dad, the Eight Heavenly Kings have replied, they said that they will only listen to Grandpa's arrangements and that the orders of others are useless to them."

Wu Donghai hurriedly asked, "Did the doctor say when your grandfather will wake up?"

Wu Xin shook his head, "The doctor said it's impossible to tell for a while, grandpa's stroke was pretty serious this time." Updated fastest.

Wu Donghai frowned tightly, "If the Eight Heavenly Kings don't make an appearance, I'm afraid that I won't be able to snatch back that father and son from Changbai Mountain ah ....."

Wu Xin said, "But if we continue to wait like this, we don't know when grandpa will wake up."

Said Wu Xin, "In my opinion we'd better send some second-rate experts over to try it out first, and this time we'll send a few more people over."

Wu Donghai pondered for a moment, gently nodded his head and said, "Waiting is not an option, in that case, let's send some people over first."

Wu Xin said at this time, "Dad, I actually don't quite understand why you are looking for these enemies of Ye Chen? In my opinion these people are all hangers-on, how do you expect them to be able to fuck Ye Chen?"

Wu Donghai said indifferently, "Last time, it was because we took lightly the enemy that we suffered such heavy losses. This time, we need to stabilize first, observe behind for a while longer, and find some cannon fodder to test the waters for us first."

Said Wu Donghai, "Two armies fighting, we shouldn't expose our main force in advance, but we should find some cannon fodder and go to the other side's position to test it out first, once the other side opens fire, we will be able to find the other side's point of fire, where exactly it is, then we will pull out the other side's point of fire, so that when the army presses on, the other side will die for sure."

"Otherwise, what if we send the main force straight up, in case we get knocked out first by the other side's firepower? Wouldn't that be taken away in a wave?"

Wu Xin nodded his head in an educated manner, "Dad, I understand what you mean."

Wu Donghai hummed and said, "Since we're looking for cannon fodder, we must look for those who have a grudge against the other side, because that's the kind of cannon fodder that will go straight forward regardless of everything and without fear of death, the father and son of Changbai Mountain, the entire Xiao family, Qian Hongyan who was sent to the black coal kiln, Xiao Yiqian who couldn't go about his business, and even those who had been beaten in the face by Ye Chen in the past, they're all perfect candidates for cannon fodder!"

Saying that, he asked Wu Xin, "Have the people who went to rescue Qian Hongyan departed?"

Wu Xin hurriedly said, "It's already departed!"

1065

During this past period of time, Qian Hongyan could be described as living like a year.

She was the eldest son and daughter-in-law of the Xiao family, so she hadn't suffered any hardships or sins, but on the contrary, the years when the Xiao family was in the limelight, Qian Hongyan's life was also very prosperous.

So Qian Hongyan couldn't say that she had lived a lifetime of fine clothes and jade, but she had lived a good life all the way through, and now she was reduced to digging coal day and night in a black coal kiln, a life that was simply more painful than hell.

But Qian Hongyan was considered to be the one who had the most comfortable life among the same group of people who were sent to the black coal kiln by Ye Chen.

The men, one by one, are now tortured to the point that they are not like human beings, and they have to work in the black coal kiln for fifteen or sixteen hours a day, and they don't have enough to eat or wear, and they're all hungry and bony.

Old Qian He Lian's life was not easy either, because she was ugly and did not please the overseers, so her daily routine and work were no different from those men.

The reason why Qian Hongyan had it a little better was because she was a young lady herself, with good looks and good maintenance, and although she was a little older, she still had the same charm, which had a different flavor in the eyes of the overseer.

So Qian Hongyan half-heartedly became the concubine of the overseer of the black coal kiln, and every night she tried her best to serve the dirty and smelly overseer, which made her life a little better.

At least she didn't have to do so much work, and she had more time to rest, and more importantly, the food was better than others.

But even so, this kind of life was still incomparably torturous for Qian Hongyan.

Although that overseer had the highest status and the right to speak in the black coal kiln, he was, to be frank, just a bad old man from the countryside, very sloppy, and did not pay attention to personal hygiene, sometimes not even taking a bath once every two weeks.

However, Qian Hongyan had no choice but to endure her disgust to please him and cater to him.

At night, Qian Hongyan had just finished serving the overseer and came out of the brick room in disheveled clothes. This is the first time I've ever been to a place like this.

Although this overseer didn't like bathing, washing his face, or brushing his teeth, he loved to soak his feet every day, and as soon as he did, he would ask Qian Hongyan to wash his feet for him.

Every time Qian Hongyan fetched a basin of clean water to wash his feet, the basin would be black and bottomless afterwards.

At the thought of his stinky feet, Qian Hongyan shed tears of frustration.

That son of a bitch overseer, who didn't understand the slightest bit of pity, had caused her body to hurt all over.

Her own originally tender skin, in this environment full of dust and coal dust, also gradually became rough.

This kind of day was just like hell, and I don't know if there is still a chance to leave this sunless place in my life.

Qian Hongyan took the basin with her and went to the water boiling room, just in time to see He Lian's family with dark faces, moving baskets of coal into the coal pile by the side of the pile.

He Lian looked at her with eyes filled with hatred and jealousy.

In her opinion, if it wasn't for Qian Hongyan, the smelly woman who dragged herself to play a game for Ma Lan, she wouldn't have ended up in such a place.

1066

Also, his own family has been working at a high level from the day he came in until now, and what about Qian Hongyan? Just because she's better maintained than herself, she can be an overseer's mistress!

So, she looked at Qian Hongyan and was so angry that she gritted her teeth and scolded, "Some women are really shameless, going to sleep with an overseer for that little benefit!"

When Qian Hongyan heard her mock herself, she was naturally filled with anger and scolded, "He Lian, be careful what you say to me, or else watch out that I'll make sure you don't eat tomorrow!"

When He Lian heard this, she became furious, "Qian Hongyan, what are you so proud of? Aren't you just sleeping with the overseer? You think I won't dare to do anything to you with him as my backing? When he gets tired of playing with you, won't you still be the same as my mother at that point?"

Qian Hongyan's heart was so hot that she blurted out, "He Lian, I see that your family doesn't want to be good anymore, do you believe that I will raise your daily working hours from 16 hours to 20 hours tomorrow with one word? It'll exhaust your family alive!"

As soon as He Lian heard this, he was furious, "Qian Hongyan do you still have a fucking conscience? It's because of you that my family is in this mess! Not only do you not feel any guilt, but you're saying such things to me! You're not human!"

Qian Hongyan said in a cold voice, "Don't talk nonsense to me here, you agreed to work with me for the money, then if you want to earn this money, you have to take the risk behind it! Why should I be blamed?" Fastest Update

He Lian gritted her teeth, "If not for you, who would you blame, if it weren't for you, my family would be eating and drinking in Jinling right now! How could you come to suffer this?"

Qian Hongyan said despicably, "This proves that you don't have the fortune to enjoy happiness! You're destined to spend the rest of your life in this little coal mine! Either you'll die of exhaustion here, or a small coal mine will collapse and smash you down the shaft, and in any case you'll never turn over a new leaf in your life!"

When He Lian heard this, she was on fire!

After working so hard for so many years as a lottery official in Macau, she saved up some money and returned to Jinling to prepare for her retirement, but Qian Hongyan came to her to set a trap for Ma Lan.

Now that she heard Qian Hongyan say that, her entire body had become exasperated! Only to feel a numbness in his brain, he casually picked up a handful of iron hooks on the ground, specially designed to pull coal, and swung them towards Qian Hongyan!

Qian Hongyan didn't think that this stinking bitch would dare to hit herself!

And right off the bat, she moved the hook, scared the crap out of her and scurried away, but she started a little late after all, so the hook caught her in the calf stomach in one fell swoop!

The iron hook could even hook into the hard coal, not to mention the flesh, Qian Hongyan only felt that the hook, like a fish hook, ran through the flesh on her calf, followed by a sharp pain, causing him to stagger and fall to the ground.

At this time, her calf and stomach were already bleeding horribly.

Qian Hongyan was shocked and confused, she knew very well that everything in this small coal kiln was very dirty, this iron hook was rusty and sooty, there was no telling how many bacteria were on it, if it ran through, it might get infected.

Moreover, the He Lian in front of him had clearly lost her mind and was quite a threat to herself!

So she hurriedly roared, "He Lian, how dare you touch me, do you not want to live?"

He Lian was already red-eyed at this point and gritted her teeth, "If you've gotten me to this point today and left me in darkness for the rest of my life, then I might as well die with you!"

With that, she slammed the hook into her face, pulling it out of her calf's stomach, right after it!

1067

Qian Hongyan was so scared that she rolled several times on the ground, afraid that the iron hook would really hit her face.

That thing looked so scary that it might hook off her own eyeballs!

But after all, Qian Hongyan's legs were injured, and even if she had been able to dodge He Lian's first two blows, He Lian kept chasing her and hitting her hard, and at this rate, sooner or later, she would still be bloodied by He Lian!

Qian Hongyan was trying to run away, but as a result, there was a sudden pain in her leg and her entire body fell to the ground.

When she regained consciousness, He Lian rushed over and swung that big hook directly at her head.

At this time, Qian Hongyan couldn't avoid it any longer, and she closed her eyes in despair, thinking that she was dead today.

But at this time, several Toyota Hegemons suddenly drove in.

The dazzling headlights hit He Lian's face, and a bunch of people jumped out of the car, one of them pointing a gun at He Lian: "What the fuck are you doing? Put that hook down!".

He Lian was shocked by the battle!

After all, she had been in the big casinos in Macau for many years, and had seen a lot, so she knew at a glance what kind of people probably had what kind of strength.

The security guards and overseers at the Black Coal Kiln were scary, but they didn't have guns, and this group looked as if they came from a bit more!

So she shivered and threw the iron hook on the ground.

At this time, the leader, a round fat middle-aged man with a cross face, stepped in front of Qian Hongyan, opened a photo from his phone, looked at it, looked at Qian Hongyan again, and asked, "Are you Qian Hongyan?"

Qian Hongyan nodded her head in panic, "I am, who are you?"

The middle-aged man nodded and said indifferently, "Hello Ms. Qian, introduce yourself, I'm from the Suhang Wu family, my name is Tian Zhong, I'm here to pick you up in Suhang." Updated fastest.

Qian Hongyan was confused inside and said cautiously, "Hello Mr. Tian .....I .....I don't seem to know the Wu family ....."

Tian Zhong said expressionlessly, "Our young master knows that you were pitched here by Ye Chen, so he specially asked me to come over to rescue you and go to Suhang with us, our young master has something to explain to you, and then let you meet with your family."

Qian Hongyan asked in surprise, "Are you telling the truth? Do you really want to get me out of here and let me meet my family?"

Tian Zhong asked back in a cold voice, "What else do you think, do you think I came all the way to this godforsaken place to bullshit with you?"

When Qian Hongyan heard this, she was so excited that her entire body was almost about to cry.

Thus, she was so excited that her entire body burst into tears, nodding her head like pounding garlic and saying, "Thank you Thank you Young Master Wu! Thanks!"

Tian Zhong saw that she was dirty and somewhat disgusted, and said to one person behind her, "Let her ride in your car."

"Okay boss!"

The man said, putting his pistol away, and was about to take Qian Hongyan to the car.

At this time, a man in the room came out cursing and cursing very badly, "What are you dog bastards for? So is my woman. How can you just take her away? Leave her for me!"

Tian Zhong frowned and asked, "What are you considered?"

This man is the supervisor of the black coal kiln, the boss is usually not here, he is here, the earth emperor.

So he arrogantly said: "I am the safety supervisor here, you come to my place to bring people, have you greeted with our boss Li? Let me tell you, our Boss Li is a very powerful man in the area!"

Tian Zhong said coldly, "Didn't your boss Li call you? Told you this place has been bought by our young master?"

"Joke!" The overseer snapped in a cold voice, "If Boss Li really sold this place, he would have told me, I think you guys just have bad intentions and want to come and steal my fucking woman?"

1068

Tian Zhong looked at Qian Hongyan and questioned, "What's going on here? Are you his woman?"

Qian Hongyan cried, "No, I'm not, I was forced by him!"

Tian Zhong looked towards the overseer and said coldly, "Since she herself doesn't even acknowledge that she's your woman, then you shouldn't be messing around with me here."

The overseer had been served by Qian Hongyan for some time, and he was nothing more than an old rural peasant hat who had never experienced such a white young woman from the city, so he had long been addicted to Qian Hongyan.

Now that he saw that these people wanted to take Qian Hongyan away, he was naturally ten thousand times unwilling.

So he said coldly, "I don't care about your nonsense and nonsense, I'll tell you once again, she's my woman."

Tian Zhong coldly snorted, "You're looking for your own death, so I didn't give you the chance."

After he finished speaking, he immediately pulled out a pitch-black pistol from his waist, pointed the muzzle at that overseer, and pulled the trigger without hesitation.

With a bang, the muzzle spewed out a tongue of fire, and a bullet instantly entered, that overseer's forehead.

The overseer, who was arrogant just now, instantly turned into a corpse.

Qian Hongyan cried out in fear, but He Lian's eyes were hidden with a burst of excitement, she felt that her chance to live had come!

So she hurriedly said to Tian Zhong, "This brother, we were also kidnapped here, please take us away as well!"

As soon as Qian Hongyan heard this, she hurriedly said, "You must not take her away! She just tried to kill me!"

Tian Zhong looked at Qian Hongyan and asked, "Is this woman your enemy?" Mobile One Second Remember provides you with wonderful \fiction reading.

Qian Hongyan immediately nodded her head and spoke out, "Yes, she is my enemy, and she wants to kill me!"

He Lian was anxious, busy saying, "Qian Hongyan, don't talk nonsense! When will I ....."

Before He Lian had finished speaking, a gunshot suddenly rang out.

Qian Hongyan was shocked, and when she looked again, Tian Zhong had now raised his pistol again, and it was pointed at He Lian!

The face of He Lian, who had just been talking, was now covered in blood, and she froze in place for a moment before collapsing to the ground with a loud crash.

Tian Zhong had actually killed He Lian with one shot!

Qian Hongyan didn't expect Tian Zhong to kill two people in a row in the blink of an eye, and was trembling with fear.

And He Lian's family members suddenly howled and threw themselves at her corpse.

They also didn't expect that He Lian, who was alive and kicking just a moment ago, would now be separated from them by yin and yang.

But there was nothing they could do, they didn't dare to seek revenge on Tian Zhong or Qian Hongyan, they could only hold the corpse and cry bitterly.

Tian Zhong didn't have any regard for the family in front of him, he directly turned around and said to the crowd of boys around him, "The plane is still waiting at the airport, let's hurry up and go!"

The first thing that you need to do is to take a look at the car.

The first thing you need to do is to take a look at the car, and you'll be able to see that it's a good idea to take a look at the car.

It's a good thing that He Lian's family had already been scared out of their wits and didn't dare to move.

Immediately afterwards, the convoy drove away from the black coal kiln in the mountains and headed for the local airport!

1069

The black coal kiln where Qian Hongyan was located was geographically located in northwest China's Jin Province, the same province that produced Chen vinegar and coal bosses.

It was one to two thousand kilometers away from Suhang in the southeast, and if you were to drive back directly, it would take at least a day and a night.

Young master Wu Xin was rushing again, so he sent the Wu family's private jet over directly. The mobile phone one second remember to provide you with wonderful \fiction reading.

It took nearly three hours for the convoy to drive out of the deep forest and arrive at the local airport.

At this time, there was already a Wu family's Gulfstream plane parked on the airport tarmac.

Qian Hongyan had never dreamed that the one that was going to pick her up and take her to Suhang would be a private jet!

Tian Zhong took her on board the plane, and her eyes fell out as soon as she saw the palace-like luxury of the interior.

When Tian Zhong saw that she was dirty, he frowned and said to her, "There is a bathroom at the back of the plane where you can take a shower, go in and take a shower so you don't dirty our lord's plane."

Qian Hongyan hurriedly nodded her head and carefully arrived at the tail of this private plane, as expected there was a very luxurious bathroom here, although it was small, it could also take a shower, it was indeed very unusual.

She was about to take a shower when the plane began to taxi, seeing that the plane was about to take off, everyone else was sitting in their seats buckled up, but she was afraid that she was too dirty and would dirty the seat, she hurriedly grabbed the armrest to stand firm.

It was not until the plane took off, completed its climb and began to fly smoothly that Qian Hongyan took a shower in the bathroom.

After taking a shower, Qian Hongyan sat down carefully on the seat according to the new clothes brought by the service staff, and waited for her next fate.

Qian Hongyan wasn't a fool, although she didn't know why the Wu family would come to save herself, what she could be sure of was that there was no such thing as a free lunch under the heavens, and the Wu family must have had something useful to do in rescuing herself out.

Then she thought about her family.

She didn't know that at this time her husband, her son and daughter, all thought she had rolled up all the family's money and run off with the little white man.

What's more, she didn't know that her own family hated her to the bone at this point.

All she could think about was her own family. She missed her husband, son and daughter.

In fact, Qian Hongyan is really not a watery woman, she and Xiao Changqian have been together for such a long time, they were all determined to make their family life better, and never had second thoughts.

But since she had been sent to the black coal kiln, she had been betraying her husband almost every day, and with such a disgusting old rural dirt hat, which made her feel a bit apprehensive.

She didn't know if her husband would sympathize with her if he knew what she had been through all this time, or if he would blame her for cuckolding him.[first post](#).

Thinking of this, Qian Hongyan decided in her heart to conceal this matter and would never mention it to anyone.

By the time the plane arrived in Suhang, the sky was already dimly lit.

The Wu family's motorcade was already waiting here, and when the plane had arrived, it took Qian Hongyan directly to the Wu family's large villa.

This last night, the Wu family's father and son did not sleep.

It wasn't that they were waiting for Qian Hongyan, but they really couldn't sleep because of this huge internal and external problem.

Not only the two of them, but several of Wu Donghai's siblings and their children, adding up to a total of twenty or thirty immediate family members, all sat dry in the living room for the entire night.

The video of Xue Nanshan and the core members of the Beggar's Gang being sunk in the river was still spreading hotly on the internet.

And everyone who saw this video had cursed the Wu Family countless times in their hearts.

Therefore, the Wu Family's reputation was still slipping.

Under these circumstances, every single person in the Wu family surnamed Wu was panicking and had trouble sleeping.

When Qian Hongyan was brought to the Wu family, Tian Zhong didn't just let her go to the living room, but placed her temporarily in the servant's living area and then came over to invite Wu Donghai and Wu Xin over.

Hearing that Qian Hongyan had been brought back, father and son went over to meet her together.

As soon as they met, Qian Hongyan knelt on the ground without saying a word first and kowtowed to the two of them, thanking them for saving her life.

Wu Xin said with a blank expression, "Qian Hongyan, we didn't save you back because we feel sympathy for you, but we want you to do something for us."

Qian Hongyan hurriedly asked, "What is it you can tell us!"

Wu Xin gritted his teeth, "I know that you have a grudge against Ye Chen, and I have a grudge against Ye Chen, and it's an unholy grudge, so I'll ask you one thing, do you want to seek revenge on Ye Chen?"

Qian Hongli angrily got out of her mouth and said, "That damned Ye Chen almost killed me and made me suffer a lot, I've long hated to break him into pieces!"

Wu Xin nodded his head in satisfaction and said, "That's good, in that case, I'll let you return to Jinling, your mission is to do everything you can to get back at the Ye Chen family!As hard as you can!"

Qian Hongyan agreed without hesitation, even if Wu Xin didn't say anything, once she had the chance to go back, she would definitely seek revenge on Ye Chen.

After promising to do so, Qian Hongyan couldn't help but ask, "By the way Mr. Wu, do you know what's going on with my husband, my son, my daughter and my mother-in-law?"

Wu Xin sneered, "They're miserable now, they were gotten into the detention center by Ye Chen some time ago, and they haven't been released yet."

"Ah?!"When Qian Hongyan heard that all of her family members were in the detention center, she asked nervously, "What's going on?Are they okay?When will it come out?"

Wu Xin said, "The reason they are in the detention center is because they were harmed by Ye Chen, and I guess they hate Ye Chen to death now."first published

Qian Hongyan asked nervously, "Mr. Wu, can you let my family out?I beg of you!"

Wu Xin said indifferently, "Letting them out is of course fine, but I have to ask you, if I let them out, will they listen to me and go against Ye Chen?"

Qian Hongyan nodded repeatedly, "Yes, definitely!Honestly, our whole family has suffered a great loss at the hands of Ye Chen!"

"My mother-in-law's Xiao Clan was brought down by Ye Chen!"

"My husband and I's life savings were also lost by Ye Chen!"

"My son was supposed to be the heir to the Xiao Clan, but he ended up with nothing and a hangnail, thanks to him!"

"My daughter was supposed to marry the Jinling Wang family and become a young lady, but the Wang family withdrew from her marriage after toying with her, and it was that damned Ye Chen who messed with her!"

When it came to this point, Qian Hongyan's entire body was trembling violently because of her anger, and she had almost broken down emotionally.

She had lost control of her emotions at this time, collapsing and crying, "I was sent to that dark and sunless little coal kiln, and lived a hellish life for so long, living worse than death every day, and nearly committing suicide several times, all because of that Ye Chen! Our family is not with him!"

Wu Xin and his father Wu Donghai looked at each other.

There were looks of joy in their eyes.

The cannon fodder they wanted was someone who had a deadly grudge against Ye Chen!

The five members of the Xiao family were all Ye Chen's mortal enemies, and if we could just get them all out and then deliver them under Ye Chen's nose, it would make Ye Chen miserable! They were the ideal first members of the Cannonball Corps!

This way, Ye Chen's energy would certainly be held back in many ways, and the Wu family would have more opportunities to attack him!
