

## Identity 1121

### Chapter 1121

Her own husband actually let her go jumping off a building, and Qian Hongyan was in a rage!

She angrily pointed at Xiao Chang Qian and cursed, "Xiao Chang Qian, you are a dog don't forget who has been behind you all these years, helping you, taking care of you, and now you are going to let me die because I betrayed you several times to survive in the first place?Are you still human?"

Xiao Chang Qian gritted his teeth and cursed, "Cut the fucking crap!You should be thankful that this isn't ancient times, or I'd have to kill you myself!To cuckold me, Xiao Changqian, how dare you dog!"

Old Mrs. Xiao looked at her eldest son, Xiao Changqian's pained look, and was so angry that she poked Qian Hongyan with her crutches and scolded, "Changqian has never been this angry in all his life.It's all because of you, bitch, look at what you've done!"

Qian Hongyan grimaced as she was poked by a cane and said, "Don't blame it on me, you old hag. If I hadn't been on the line with the Wu family, you would still be squatting in the detention center one by one.You all have me to thank for today!"

Old Mrs. Xiao sternly said, "You should not fart here.What does it have to do with you, shameless woman, if General Manager Wu values our family's ability?Even if you had died in the black coal kiln, Wu would still have found us and would still have let us stay at Thomson!"

Qian Hongyan scolded, "You old immortal dead old woman, serving a bowl to eat and putting down her chopsticks to curse her mother, you're the kind of person I'm talking about!You don't even have any sense of gratitude, no wonder the Xiao family has fallen to this state today!With you, an old woman in charge behind the scenes, the Xiao family will only get worse and worse in the future!"

After saying that, she looked at Xiao Chang Qian again and gritted her teeth to curse, "And you Xiao Chang Qian!Don't act like you have no love left. I'm just giving you a cuckold, right?You think I want to?Still trying to survive?"

Xiao Changqian was furious and cursed, "Fuck you in order to survive! You should defend your chastity with death!"

Qian Hongyan gritted her teeth and cursed, "Fart your mother, I can vouch for the fact that if I had put you in that environment in the black coal kiln back then, you could have sold your fucking ass to survive!"

Hearing that Qian Hongyan was still arguing, Xiao Changqian exploded with anger and scolded, "What did you say? I sell my ass? I'll fucking kill you today! The Heavenly King can't save you!"

The doctor saw that he couldn't stop the family and immediately pulled out his phone and called 911.

.....

When the hospital room reached a mess, Wu Donghai was at home, meeting with the family members.

He opened his mouth to his several brothers, "Right now dad is still awake, the Eight Heavenly Kings don't listen to my orders for the time being, but I've sent a large team of men to the Changbai Mountain to rob the Wei family and their sons, after we get them back, we'll have another helper."

Wu Dongfeng was a bit puzzled and asked, "Brother ah, why are you going to such great lengths to save the Wei family's father and son?"

"You don't understand." Wu Donghai said with a cold face, "Wei's Pharmaceutical is a company with a market value of billions of dollars and is somewhat famous in China, if we get Wei's father and son back, we have to help them take back Wei's Pharmaceutical, however, I will sign an agreement with Wei's father and son in advance, I will help them take back Wei's Pharmaceutical and they will give me 70 shares of Wei's Pharmaceutical, I am sure they will agree!"

"After all, they would never be willing to spend the rest of their lives digging up ginseng in that godforsaken place in the Changbai Mountains, and coming back to be my dog would be better than living there!"

Wu Donghai's third brother Wu Dongshan said indifferently, "Big brother, even if Wei's Pharmaceuticals were to give us all of it, it would only be a few billion, our family, although the market value has dropped quite a bit now, is still not looking at a few billion."

Wu Donghai snorted lightly and said faintly, "You're even more confused about this, why would I want to get shares of Wei's Pharmaceuticals? It's because I'm going to take Weiss Pharmaceuticals and negotiate with Kobayashi Pharmaceuticals in Japan."

1122

The crowd looked surprised, "Kobayashi Pharmaceutical? Why negotiate with them? Isn't this a Japanese company?"

Wu Dongdao: "I got the news some time ago that Kobayashi Pharmaceutical in Japan has also been screwed by that Ye Chen, and Kobayashi Pharmaceutical has been trying to grow their business to China, but has been lacking a good opportunity."

"If the control of Wei's Pharmaceutical is in my hands, then I can go and work with Kobayashi Pharmaceutical to facilitate Kobayashi Pharmaceutical's faster entry into the Chinese market."

"At the same time, Kobayashi Pharmaceutical will definitely join forces with me to deal with Ye Chen, and when the time comes to kill Ye Chen, Wei's Pharmaceutical and Kobayashi Pharmaceutical will cooperate deeply, and the line can make more money then. A win-win situation, why not?"

When Wu Dongfeng and Wu Dongshan heard this, they said in admiration, "Still, big brother, you are far-sighted! It's that way, not only do we have a strong ally, we have a very promising revenue stream!"

Wu Donghai nodded his head with a smile and said, "You guys, learn more, you need to progress faster to help me better."

Wu Dongfeng then said, "Big brother, I still don't understand, why do you want the Xiao family's gang of lowlifes to get in here? These people are really a bunch of trash in my eyes. Even if they disgust Ye Chen, they're not enough to look at."

Wu Donghai looked inscrutable and said, "You don't understand, the Xiao family is a small population, there are many things that only a small population can do best, the lower end of the population, some times the more they can toss out, you don't know what unbelievable things they will toss out tomorrow, maybe they will give them a surprise?"

As he was saying that, his assistant rushed in and said, "Mr. Wu, something has happened to the Xiao family!"

Wu Donghai frowned, "What's the situation?"

The assistant said, "The Jinling Police Department received a call, and the Xiao family got into a fight themselves at the hospital."

Wu Donghai pursued, "What happened? If they're not giving me a good disgusting Ye Chen at Thomson, what kind of fight are they running to the hospital for?"

The assistant said awkwardly, "It's like this Mr. Wu, that old lady from the Xiao family went to Ye Cheng's house and stole some leeks, and in the evening, their family of 5 used those leeks to wrap dumplings and eat them, but it turned out that those were not leeks at all, but ocean daffodils, so the family of 5 all got food poisoning and were sent to the hospital."

At this point, that assistant gasped and continued, "After the family was sent to the hospital, the doctor checked their blood and found out unexpectedly that Qian Hongyan was pregnant, and according to her pregnancy, the child in her belly should have been conceived in a black coal kiln, Xiao Changqian and Old Mrs. Xiao felt that Qian Hongyan was a disgrace to the family, so they fought with her ....."

Wu Donghai was dumbfounded.

His two younger brothers and some of the juniors who attended the meeting couldn't help but laugh out loud when they heard this.

Just now, Wu Donghai had said that he didn't know what unimaginable things these low-end populations could toss out. I didn't expect to immediately let them toss out such an unimaginable thing now, it's really ironic .....

And Wu Donghai's expression at this point was already uglier than eating shit!

You let these people to disgust Ye Chen, but it turns out that these bastards are specifically disgusted with you, right?

1123

At this moment, Wu Donghai's heart secretly thought, let this family get the hell out of Tangchen Yi Pin and go to fend for themselves.

But on second thought, he was very unwilling.

He opened his mouth and said to the crowd: "I know what you think, all think this family is too low, can not do anything, but you think about it carefully, today can disgust me, tomorrow may be able to disgust Ye Chen, the problem is that this family has no energy to one side, if you let this family into a rope, I believe that they are still very fighting!The!"

Wu Dongfeng couldn't help but ask: "Brother, how should we make this family become one? Now that Qian Hongyan is pregnant with another man's child, how could Xiao Changqian still be willing to screw with her? And that old lady, she's not a saver."

Wu Donghai said coldly, "If they can't screw together, then I'll weld them together!!'d like to see if it's pride or survival that matters to them!"

Jinling People's Hospital.

After receiving the alarm, several police officers came to the hospital room.

Qian Hongyan had already been beaten by the old lady and Xiao Changqian at this point, and she was no longer human.

Fortunately, everyone was suffering from food poisoning and hadn't recovered yet, so they couldn't use their full strength in the fight, otherwise Qian Hongyan would have been beaten half to death.

After the police arrived, they first separated everyone and then asked sternly, "What's the matter with you?Don't you know hospitals are public places?How dare you fight here?"

Old Mrs. Xiao hurriedly said, "Comrade police, this is our own family matter."

The policeman snapped, "Family matters should be settled at home, so why are you doing it here?"

Xiao Changqian angrily pointed at Qian Hongyan and blurted out, "Comrade police, this woman is stealing men outside and is carrying another man's seed in her belly, what's even more detestable is that she didn't even tell me and has been hiding it from me!!If I hadn't happened to find out at the hospital today, I might still be in the dark!"Fastest Update

The policeman couldn't help but frown, a little more sympathy for Xiao Changqian.

The company has been in the process of developing the new product for the past two years, and the company's products are expected to be sold in the near future.At the very least, a family shame can't be spread abroad, don't you think?"

Xiao Chang Qian nodded his head repeatedly and said, "Comrade police officer is right."

After saying that, he looked at Qian Hongyan and said unceremoniously, "Qian Hongyan, you unfaithful woman, I want to divorce you! We have to go! Leave first thing tomorrow morning!"

Old Mrs. Xiao also cut off the nail, "Right! Divorce! Only a divorce can save our Xiao family's face, so let her take that bastard and get out of here!"

The eyes of Xiao Hailong and Xiao Weiwei, who had never said much, were also very complicated.

For them, today's fact is too shocking, they simply can't react, their mother is cheating and also pregnant, and their father wants to divorce her.

Is this family just going to fall apart?

Qian Hongyan was also devastated, she had given so much to this family and she had gotten this back! She's not happy about it!

After all the suffering and pain you've endured for yourself, what's the point?

Isn't this about the family?

And now her own husband is divorcing her!

If not for himself, everyone in the Xiao family would still be squatting in the detention center.

If not for themselves, how could the Xiao family live in the Townsend Villa?

1124

The more Qian Hongyan thought about it, the angrier she became as she pointed at Xiao Chang Qian and scolded, "Xiao Chang Qian, you want to cross the river and tear down the bridge, do you? I'm telling you, I will never agree to a divorce! You want to divorce me, don't you? Okay, I'll call Wu Dong right now and have him evaluate the situation!"

Saying that, Qian Hongyan directly took out her mobile phone and dialed Wu Donghai's number.

To her delight, the call was immediately connected as soon as it was made.

As soon as the call came through, Qian Hongyan cried and said, "Mr. Wu, you have to make decisions for me ah Mr. Wu!"

Wu Donghai asked in a cold voice, "What's going on?"

Qian Hongyan said, "That heartless Xiao Changqian wants to divorce me, he and his mother beat me together, even the police came!"

Wu Donghai said sternly, "What a shame, give the phone to the old lady!"

Qian Hongyan immediately handed the phone to Old Mrs. Xiao and said with a triumphant face, "Wu wants to talk to you!"

Old Mrs. Xiao hurriedly answered the phone and said respectfully, "Hello, Mr. Wu."

Wu Donghai was on the other end of the phone, and his voice was low as he asked, "What? I heard that you and your son beat up Qian Hongyan?"

Old Mrs. Xiao immediately complained, "You don't know, Mr. Wu, this unruly woman has ruined our family's reputation! And she's pregnant with someone else's wild seed!" The mobile phone one second to remember provides you with wonderful \fiction reading.

Wu Donghai blurted out, "I'm warning you old thing, I got your family of five together and sent you back to live in Townsend, so that you can unite to help me find trouble with Ye Chen, don't you dare to fucking mess with me with demon moths! If your son dares to divorce Qian Hongyan, then your family can all get out of Tomson's First Products! If I hear of any unfriendly behavior towards Qian Hongyan in the future, then you can also get out, do you understand?"

When Old Mrs. Xiao heard this, she became anxious and spoke out of turn, "Mr. Wu, this woman is really hateful, she still has someone else's wild seed in her belly ah! How can we stand it?"

Wu Donghai asked rhetorically, "Can't stand it, right? Since you can't stand it, from now on, Tomson has nothing to do with you! Get out!"

Old Mrs. Xiao was so shocked that she blurted out, "General Wu Wu! Don't do that! Can't we all just do what you say?"

Wu Donghai said in a cold voice, "Where is your son? Does he agree?"

Old Lady Xiao didn't even bother to ask Xiao Chang Qian.

Because, she knew that no matter what she sacrificed, she could not sacrifice the villa of Thomson One.

She had a chance to live in it with great difficulty, and would not be willing to move out to death.

As long as she could keep Tang Chen Yi Pin, even if Qian Hongyan wanted to give birth to this child, she could still endure!

As for his own son, whether he could endure or not, he could no longer care so much.

So Old Mrs. Xiao immediately made a decision for Xiao Changqian and said off the cuff, "Don't worry, Mr. Wu, he will absolutely not have any opinions! This house is still my old woman's decision!"

Only then was Wu Donghai satisfied, and said coldly, "In that case, I'll give you another chance, but you have to remember what I said, and if you dare to disobey me in any way, I'll not only make your family all roll out, but I'll also send your entire family to the Black Coal Kiln!"

With that, Wu Donghai just hung up the phone. The fastest update.

Xiao Chang Qian rushed forward at this time and asked, "Mom, what did he say about Mr. Wu?"

Old Mrs. Xiao looked at Qian Hongyan with a sinister look and said to Xiao Changqian, "General Manager Wu has said that you will never be allowed to divorce Qian Hongyan, nor will we be allowed to behave in an unfriendly manner towards her again, otherwise, let us get the hell out of Tangchen Yijin and also send us to the black coal kiln!"

Xiao Changqian blacked out in front of his eyes and poof fainted on the ground .....

1125

Xiao Chang Qian wanted to die at this moment.

He never thought that Wu Donghai would stand up for Qian Hongyan.

This was making himself very uncomfortable.

Xiao Chang Qian had also proudly lived half of his life and had never tried the feeling of being cuckolded. The result is that not only has he been cuckolded, but his wife has even returned with a bastard child.

What's more, he can't even divorce her.

Wouldn't it be like having a cuckold stuck on your head?

At this moment, he hated Qian Hongyan in his heart, but as soon as he thought of Wu Donghai's words, he immediately wimped out again.

He also knew that he could not disobey Wu Donghai, otherwise, not only would he be unlucky, but the entire Xiao family would be unlucky as well.

The only life-saving straw for the current Xiao family was that if they offended Wu Donghai, everyone would instantly fall from living in the Townsend Yi Pin villa to wandering the streets with no food and no clothes.

For the sake of survival, for the sake of Tomson Yi Pin, and for the sake of the Xiao Group, he can only endure the pain and wear this cuckold.

And he had to continue to live with Qian Hongyan, a feeling that made him cringe.

But in order to survive, he could only compromise.

So he gritted his teeth and said to Qian Hongyan, "I can't divorce you, but the child in your belly must be aborted!"

Old Mrs. Xiao nodded and also said coldly, "That's right, our Xiao family doesn't keep evil seeds, it must be aborted."

Qian Hongyan was already satisfied with the concessions made by the Xiao family, and she was the one who didn't want to give birth to the child the most.

After all, the one who made her pregnant with this child was a dirty, ugly, middle-aged old hangman who smelled of disgusting acid!

Not only did he get himself pregnant with this child, he also infected himself with a whole bunch of STDs.

Every time she thought of this, Qian Hongyan wanted to kill that overseer.

Thus, Qian Hongyan promised, "Don't worry, I have made an appointment to have an abortion on Monday, I will definitely not give birth to this child."

Old Mrs. Xiao said coldly, "That's best!"

Qian Hongyan sighed at this time and lamented, "In fact, you should really understand me, I have tasted all kinds of hardships on earth inside the black coal kiln, and the one who supported me to survive is you, because you are my family ....."

What Qian Hongyan said were true confessions, but Xiao Changqian felt very disgusted as he listened, he said in a cold voice, "Okay, don't take advantage of the situation there and then behave yourself, if it wasn't for General Manager Wu bailing you out, I would have kicked you out long ago!"

Seeing Xiao Changqian's extreme anger, Qian Hongyan also put away her earlier sighing appearance and said in a cold voice, "Xiao Changqian, I've given you the chance to live a good life, if you insist on asking for trouble, then I, Qian Hongyan, will accompany you to the end."first issue

Xiao Changqian was furious and was about to curse his mother when Old Madam Xiao snapped, "Stop it!Don't even say it!"

Only then did Xiao Changqian shut his mouth.

Old Mrs. Xiao said in a cold voice, "One of you, all of you, calm down a little, what's the point of arguing over a little rottenness here? You guys are still quarreling even though General Manager Wu has spoken, are you happy only if you want to bring the Xiao family to ruin?!"

For Old Mrs. Xiao, if anything affected her living in Townsend and her reviving the Xiao Group, no matter how important it was, she had to step aside.

Xiao Changqian and Qian Hongyan both had awkward expressions, but Qian Hongyan had more than a little more of a winning expression.

She knew that the old lady had already compromised.

Old Madam Xiao said with a dark face, "Alright, this family of ours has been through everything, so we have naturally seen through many things."

1126

Saying that, she looked towards Xiao Chang Qian and said in a cold voice, "Chang Qian, you think that you're in a bad mood because Hong Yan put a cuckold on you, but have you ever thought about the fact that the two of you personally sent Wei Wei to Xiao Yi Qian's bosom for five million?"

As soon as this was said, everyone lowered their heads.

Xiao Weiwei's face was ashamed, but she didn't dare to refute anything. The mobile phone One Second Remember provides you with wonderful \fiction reading.

Xiao Chang Qian was even more red in the old face.

Yes, the old lady was right.

When she was cuckolded, she was furious and felt that Qian Hongyan had humiliated her family, but she, as a father, had also sent her daughter to the arms of an old man who was a year older than her.

Only when Old Mrs. Xiao saw that no one dared to speak did she say coldly, "As things stand now, no one's ass is clean, don't think anyone is dirty, all of you give me unity, unanimity and revitalization of the Xiao Group, do you understand?"

The crowd hurriedly said, "I hear you!"

Saying that, Old Madam Xiao then said to the others, "Also, no one is allowed to mention this matter in the future, otherwise, expel them from the Xiao family as a warning to others."

Xiao Chang Qian and the others looked solemn, everyone knew that Old Madam Xiao was not joking and it was impossible for her to publicize such a scandal.

Qian Hongyan's matter was considered to be at an end.

The anger within Xiao Changqian's heart alleviated quite a bit, and the old lady's move had indeed worked.

So, the family of five lay back on the hospital bed, and the doctor, seeing that the farce was over, also immediately came over to give them an infusion to neutralize the Yang Daffodil in their bodies.

However, Xiao Changqian suddenly felt an unbearable itch in his crotch and put his hand in the blanket to quietly scratch a few times, but the more he scratched, the more itchy he became.

However, he thought it was a sign of poisoning and didn't pay much attention to it.

.....

At this moment, Townsend.

Ye Chen's family had just finished eating.

Two middle-aged men in suits, knocked on the door of the house, respectfully said to Ye Chen: "Hello, sir, we are from the Thomson Y product property management company, just now our community a04 occurred a group food poisoning incident, a family of five people were pulled away by ambulance, so our property to remind the majority of owners, must pay attention to food hygiene and safety, and please pay more attention."

Before Ye Chen spoke, his mother-in-law, Ma Lan, came over with a curious face: "All five members of the A04 family were pulled away by the ambulance? What happened to them?"

One of the men in a suit said respectfully, "Hello ma'am, the owner of a04 has a family of five, all with food poisoning and taken to the hospital, do you consume any wild animals or wild mushrooms or anything like that in your home?"

Ma Lan laughed and said, "Oh my, our family won't eat that kind of food, unlike that poor family in A04, who are so poor that they go to other people's houses to steal food to eat!"

The person from the property company smiled awkwardly and said, "We are also informing you to pay more attention, and since you are aware of this precaution, that's the best thing to do!"

After the two property people left, Malan beamed with joy and said, "Oh my, what evil retribution, I told you the Xiao family didn't have a life to live in Townsend! It really just happened, huh? Haha what a god!"

Xiao Churan asked curiously, "Mom, what's going on?"

Ma Lan laughed, "Your grandmother and her family got food poisoning and were pulled away by an ambulance, haha, they really deserved it!"

"Food poisoning?" Xiao Choran was surprised and asked, "How could it be food poisoning? Didn't they steal our food? We're also fine."

Xiao Changkun was also surprised and said, "They're not eating any unfresh meat, are they?"

Ye Chen said indifferently, "I guess they should have eaten the foreign daffodils I planted."

1127

"Ocean daffodils?" Xiao Choran was surprised and asked, "Where did they get the foreign daffodils, and how did they eat them?"

Ye Chen laughed, "The pile of plants I planted at the foot of the fence, which looks like chives, are actually ocean daffodils."

"Maaah!" Xiao Choran blurted out, "Isn't that a leek? I kinda want to eat it!"

Ye Chen smiled, "It looks like a leek, but it's not a leek."

Xiao Churan said, "I remember the biology book said that ocean daffodils are poisonous, right?"

Ye Chen nodded and smiled, "Still my wife knows more, Yang Narcissus is indeed poisonous, there is a kind of Yang Narcissus alkali in the body, consuming too much of it will cause poisoning."

Ma Lan stared at her and exclaimed, "Oh my Ye Chen! You did that on purpose, didn't you? No wonder you asked my old lady what vegetables she likes, I told you she likes leeks and you made so many foreign daffodils, you're deliberately trying to trap them!"

Ye Chen said with a serious face, "Mom, you can't say that ah, I don't mean to trap anyone, I just planted the ocean daffodil in our yard, as for who stole it, and ate it after stealing it, that has nothing to do with me."

Ma Lan hastily smiled and said, "Oh my, my good son-in-law, where have you been thinking of? You think Mom would blame you? Mom is so grateful! You did such a great job today, helping Mom out!"

Xiao Changkun couldn't help but ask, "This Ye Chen, Yang Narcissus won't be in danger of death if he eats too much, right?"

Ye Chen smiled, "No, it's just a food poisoning at most."

"That's good." Xiao Changkun let out a sigh of relief and said, "Although their family is quite excessive, but after all, blood is thicker than water, it's fine to teach them a lesson, but not to kill them ah."

Ma Lan pointed at Xiao Changkun and scolded, "You're just a woman! You don't want them dead, they want you dead! Know what your mother did to me in prison, I broke this leg because of your mother!"

At this point, Ma Lan was very indignant and rebuked, "This damned old woman has a poisonous heart! It's also time to teach her a lesson and see if she still dares to be so arrogant in the future!"

Xiao Changkun helplessly said, "It's fine to give a lesson, just don't kill anyone."

Ma Lan coldly snorted, "Your mother has treated you so badly for so many years, and you still have such feelings for him, I've followed you for so many years of hard work and work as a cow, and you still want to separate from me and divorce me, you're just heartless!"

Xiao Changkun was furious, "Don't you dare talk about us in everything!"

Lan Ma scowled, "I don't want to tell you, I just want to tell you that I'm not going to divorce you anyway!"

Seeing that the two of them were about to argue again, Xiao Chorán hurriedly spoke up, "Oh my, just stop arguing, don't end up talking about this every time no matter what topic you're talking about."

Ma Lan left her mouth, "I don't want to talk to him."

As she was saying that, she suddenly received a WeChat on her phone and a woman sent her a voice: "Oh my gosh Ma, have you looked at the video site yet?Your family is in big trouble again!"

Mashiro screamed and asked hurriedly, "What happened to our house?"

The other party said, "Your mother-in-law, and your husband's brother's family, were fighting in the hospital, and they were captured by someone's nurse on video and posted online."

"Really?!"As soon as Ma Lan heard that it was the old lady and the others who had an accident and fought in the hospital, she immediately became interested and hurriedly said, "Send it to me and take a look, quickly!"

So the other party immediately sent over a video.

Ma Lan hurriedly clicked on the video, and when it had been buffered, she saw the process of Xiao Chang Qian and Old Madam Xiao violently beating Qian Hongyan.

Ye Chen and the others were dumbfounded, no one thought that this family had food poisoning and was even fighting when they were in the hospital, and looking at the situation, how did it look like food poisoning?

Yet more shocking was to follow.

1128

Through the cursing words from Xiao Chang Qian's mouth, everyone had heard the root cause of their big fight at the hospital!

So Qian Hongyan is pregnant!

And the child she's carrying isn't even Xiao Changqian's!

When Ma Lan saw this, she burst out laughing, "Hahahahahaha, it's really going to make me laugh to death, so Qian Hongyan is pregnant with someone else's child outside, hahahaha!"

Xiao Changkun could not help but exclaim, "This woman is too shameless, she went out with another man, pregnant with someone else's child and still has the nerve to come back?"

Ma Lan laughed, "Old Mrs. Xiao is going to be so angry now, didn't she always think that her elder daughter-in-law was especially good? That's great, I really have to give her face!"

Xiao Chorán said awkwardly, "This matter is so bad, then I guess uncle is going to divorce his aunt, right?"

"Not without waiting for her to have a baby, huh?" Xiao Changkun was also a man, and although he was at odds with his brother, he could also understand his feelings of despair.

Therefore, in his opinion, an unruly woman like Qian Hongyan must divorce her and drive her out of the house.

Ye Chen, however, couldn't help but slander his abdomen, speculating that it was estimated that Qian Hongyan was pregnant in the black coal kiln, but he didn't expect that this old woman was quite good at playing around, and that she would have an affair in the black coal kiln.

I'm not sure if she was forced to do so, but I can't rule out the possibility that she was forced. First post.

At that moment, Ma Lan's friend sent another voice, "Sister Ma, is this video stinging?"

Ma Lan laughed, "The excitement is really too exciting, it's soothing to watch!"

Her friend laughed, "Another video just came in and it's even more exciting!"

Lan Ma was busy saying, "Hurry up and send me, hurry up and send me!"

Immediately afterwards, a video was sent to her WeChat.

Clicking on this video, she found that Old Mrs. Xiao was advising Xiao Chang Qian to reconcile with Qian Hongyan!

When she saw this, Ma Lan's entire body was stunned.

No matter what, she couldn't understand how someone as respectful as the old lady could allow Qian Hongyan, who was pregnant with someone else's child, to remain in the Xiao family!

And what follows is even more trippy!

This is how the old lady advised them both.

She said that although Qian Hongyan had cuckolded Xiao Changqian, Xiao Changqian had given his daughter to an old man older than him for five million in the first place!

Don't blame anyone when the whole family is dirty and their asses are dirty.

This is so upsetting to normal people!

Not only is it a rather subversive perception of how the relationship between Xiao Changqian and Qian Hongyan is handled, but also an even bigger melon pops up along the way.

It turns out that not only was the mom cheating on her, but the dad was also specifically selling his daughter to another bad old man .....

Netizens were shocked and also lashed out online, saying, "This family is simply the most subversive family they have ever seen, there is not a single good person in the entire family, all of them are shameless, and shameless to boot! Such a group of people getting together is really in keeping with the old saying, "It's not one family, it's not the other!"

The Xiao family, who had just gone through a poisoning and a big scene, didn't know that they were now famous throughout Jinling!

1129

That night, the video of the Xiao family was spreading rapidly throughout Jinling.

This video was quickly sent to Steep Yin, but Ye Chen instructed Steep Yin to block this video.

He didn't want this video to spread too powerfully yet, especially not to spread it outside of Jinling.

As for the reason, because he knew that Wu Donghai would definitely invest a sum of money to support the Xiao family, and if he let the Xiao family become notorious in the country now, it would most likely affect Wu Donghai's decision.

Ye Chen didn't want the Xiao family to cool off too early, it was best to expose the scandal of the Xiao family after Wu Donghai had invested in them, which would not only hit the Xiao family's face, but also Wu Donghai's face.

After the Xiao family had tossed and turned all night, and the fact that they had been transfused with a drug that was specifically designed to target oceanic daffodils, all five of them became lethargic, unaware that their scandal had spread in Jinling.

The next morning.

After the doctor examined the Xiao family and determined that they were no longer in any serious trouble, they were discharged home.

The first thing Mrs. Xiao did after she was discharged from the hospital was to call Wu Donghai and ask when the 80 million that Wu Donghai had promised to invest in the Xiao Group would be fulfilled.

Although Wu Donghai was disgusted enough by this family, but he believed that this family can explode stronger energy in the direction of disgusting people after being unanimous, and then disgust Ye Chen properly, so he immediately benefited his own assistant and directly injected 80 million yuan into the Xiao Group.

Thinking of this, Wu Donghai said, "How about this, I promised to support your Xiao family before, it just so happens that the real estate project I invested in Jinling is about to start, and I will soon

participate in the bidding for the downtown site, and when the bidding is over, I need a large renovation company, so let's leave this project to your Xiao family."

When Old Mrs. Xiao heard this, her face turned red with excitement, and hurriedly said, "Please don't worry, Mr. Wu, the Xiao family was originally in the construction industry, so it's absolutely fine to leave the renovation to us."

Wu Donghai gave a hmmm and coldly said, "The reason why I invested in you and gave you the project is to make you unite and deal with Ye Chen in unison, so you must not give me any more mischief, otherwise, I will not only withdraw my investment, but also suspend the cooperation, and will even drive you out of Tomson, I, Wu Donghai, can hold you up and trample you down, listen to Got it?" The mobile phone one second remember to provide you with wonderful \ fiction reading.

Old Mrs. Xiao was so excited that she nodded her head as if pounding garlic and said, "Don't worry, Mr. Wu, the Xiao family will be united and united in the future. Moreover, the Xiao family will be your dogs from now on, and as long as you say so, no one in the Xiao family will dare to disobey you!"

Only then did Wu Donghai said in satisfaction, "Remember what you just told me, be a good dog, I won't treat you badly."

"Sure, sure!"

After hanging up the phone, Old Lady Xiao immediately informed Xiao Changqian and the others of these two events.

Once Qian Hongyan heard that Wu Donghai had united them, she became even more proud inside.

She knew that this was her own exemption from death, and as long as [My Love Fiction [www.xss521.com](http://www.xss521.com)] had Donghai's words, Xiao Changqian would never dare to divorce himself.

Xiao Chang Qian looked at Qian Hongyan's smug look and felt even more uncomfortable.

It was absolutely impossible for him to swallow his anger, but for him to really rest Qian Hongyan would offend the Wu family again.

Give him ten thousand guts, he wouldn't dare to do that!

Old Mrs. Xiao also saw that her eldest son was full of displeasure, so she once again instructed, "Chang Qian, you heard what General Manager Wu said, if you ruin the Xiao family as well as the Xiao Group because of you, then don't blame me, this mother is not polite."

Thinking of this, Xiao Chang Qian humiliatingly said, "I know mom."

However, although Xiao Chang Qian was a bit depressed about Qian Hongyan, the fact that the Wu family was willing to invest in the Xiao family and have the Xiao Style Group set up again, and was even willing to hand over the renovation of the new project to the Xiao family, still made him feel inexplicably excited.

Not only him, the entire Xiao family was very excited up and down.

Because everyone knew that this time, the Xiao family was finally going to raise their heads!

Xiao Hailong was even more smiling as he said to Old Mrs. Xiao, "Grandmother, this time our Xiao family is going to be rich, the Wu family is giving money and projects, it's clear that they are going to start holding us up."

While speaking, Xiao Hailong was also making plans in his heart.

There was a time when Xiao Hailong was also a rather famous and wealthy second generation, and he lived every day in gorgeous clothes and was surrounded by countless people with all sorts of compliments.

But during this time, his life was living like hell, and everyone who knew him in the entire Jinling also knew that he had now become a dog in a house.

Now it was finally time for him, Xiao Hailong, to turn over a new leaf.

Xiao Weiwei was also filled with longing, "When our family becomes prosperous, won't we be rich and more extravagant than we were before?!"

For such a long time, Xiao Weiwei's life had also been miserable, not only had her reputation been ruined, she had also lost her money, and her life had been particularly miserable.

But now she was able to resume her previous wasteful and extravagant life, which made her incomparably excited deep inside.

Old Mrs. Xiao's entire body was even more excited.

She knew that after this money arrives, not only will it solve all the debt crisis of the Xiao Group, but it will also allow the bank to return all the houses and antiques that were seized.

.....

The news that the Xiao Group had obtained the investment of the Wu family and was once again deadly resurgent had created a big storm in Jinling.

Originally, according to the size of the Xiao Style Group, it wouldn't have been able to attract that much attention.

But this time, it was the Wu family that was backing up the Xiao Group, so all of a sudden, the Xiao Group was getting a lot of attention.

Although the Wu family is now deeply condemned by the public and has suffered heavy losses, but after all, it is also a big family of hundreds of billions of dollars, they are backing the Xiao Group, in the eyes of others, the Xiao Group has flown the branch to become a phoenix.

So for a while, the Xiao Group became the hottest company in Jinling again, and many people sent congratulatory gifts to the door in order to suck up to Old Mrs. Xiao, making the Tangchen Villa of the Xiao family very lively.

In just one day, Old Mrs. Xiao received countless visiting guests at the Townsend Yi Pin Villa, and received a large number of congratulatory gifts from the guests, and was so happy that she couldn't stop talking.

She knew that this was the benefit of having your back to a tree.

Leaning back against a big tree, not only would the tree allow her to cool off, but the tree would also have a lot of fruit that would fall down on its own and smash into her bosom.

At this time, the Xiao family proved to be immersed in the joy of receiving a large number of gifts, Xiao Hailong, Xiao Weiwei as well as Qian Hongyan, unwrapping gifts, literally to the point of being soft.

Ye Chen guessed that the Xiao family was in the mood, so he asked Stephanie to release the video of the Xiao family in the hospital and put it at the top of the opening screen.

And the title that accompanied this video was: "The reason behind the Suhang Wu family's investment in the Xiao Group is actually the Wu family moved by the noble virtues of the Xiao family!"
