

Identity 1161

Chapter 1161

The three of them, Richard Chen, looked at Ye Chen, who was bathed in golden sunlight, and they were completely shocked and speechless!

Today's Ye Chen upended all their previous impressions of Ye Chen!

Today's Ye Chen was already like a god in their eyes.

They didn't dare to imagine that Ye Chen had easily executed the Eight Heavenly Kings all by himself, and instead of being injured, he had summoned heavenly thunder and triggered an avalanche, directly burying the Eight Heavenly Kings!

Moreover, an avalanche with such a destructive force, Ye Chen was in it, but he was unharmed.

Seeing Ye Chen approaching closer and closer, Wei Liang was the first one who couldn't hold back and threw himself on his knees in the snow. Paying homage to Ye Chen with his head in his hands, "Master Ye, please accept my homage, I would like to bow down to Master Ye alone in this life!"

Immediately afterwards, Hongwu also plunged to his knees, "Master Ye, Hongwu takes you as his honor in this life!"

Chen Zekai trembled and knelt on the ground, his hands prostrate towards the sky, "Young Master! From today onwards, you are the only God in Chen's heart!"

Ye Chen walked up to the three people, smiled faintly and said, "From now on, I'm still the same Ye Chen from before, still that door-to-door son-in-law Ye Chen, no matter what you think of me and how you treat me in your hearts, put it in your hearts and don't reveal today's matter to anyone."

After hearing this, the three of them repeatedly kowtowed and agreed.

Ye Chen looked towards Chen Zekai and said seriously, "Chen Zekai, especially you, you must never tell anyone in the Ye family about what happened just now!"

Chen Zhaichai looked astonished and spoke out of turn, "Young Master, don't worry, if the Ye family asks, I'll say that these people all died in an avalanche!"

Ye Chen nodded his head and said, "That's good."

He said, "This seems to be the only road into the village, now that the avalanche has closed the road, you find a way to use the power of the Ye family to quickly repair these roads, before repairing them, send a helicopter over to deliver some necessary supplies to the villagers, don't let me affect their normal life."

Chen Zekai immediately said, "Don't worry young master, I'll call now to make the arrangements, it will be arranged properly!"

Ye Chen hmmm, looked at the time and said, "Damn it's almost seven o'clock already, my wife can't find me I should be anxious, hurry up and send me back! I couldn't make it in time to cook for my wife this morning."

The crowd was astonished.

Was this the same Master Ye who had just defeated the Eight Heavenly Kings all by himself?

Was this the same Master Ye who had just summoned Heavenly Lightning to trigger the avalanche?

He had just killed the Eight Heavenly Kings in such a domineering way, but now he was frustrated because he couldn't cook for his wife.

Richard Chen was the first to react and was busy saying, "Young Master, I'm in the helicopter right now to take us to the airport first, then we'll quickly fly back to Jinling, if it's quick, we can get you home in three hours or so!"

"Good." Ye Chen nodded, "Hurry up."

.....

Under the sunrise, a helicopter was speeding away from the Changbai Mountain and heading towards the Changbai Mountain Airport.

At the same time the local media had already received reports about the avalanche.

While the media and the local area were following up, the Ye family's disaster relief helicopter, with a large amount of supplies, began flying to the villages in the Changbai Mountains. A second to remember on your mobile phone provides you with wonderful \fiction reading.

At this moment, the Suhang Wu family.

Master Wu, who was lying on his sickbed, was still waiting for news of the Eight Heavenly Kings.

He hadn't slept much all night last night, partly because he wasn't feeling well, but more so because he was always feeling less at ease in his heart.

Before dawn, Wu Donghai had called the Eight Heavenly Kings, and Fan Lin Yuan had told him then that they were almost at their destination.

1162

So the Wu family thought that the next time should be the time for the Eight Heavenly Kings to rob people, so they didn't dare to disturb them too much.

Seeing that almost an hour had passed, Master Wu calculated that the Eight Heavenly Kings were so strong, one hour should be enough for them to kill all the others and then free the Wei family and their sons.

He then said to Wu Donghai, "Donghai ah, give Mr. Fan a call and ask how things are going for them."

"Good!" Wu Donghai immediately nodded his head and pulled out his cell phone and called Fan Lin Yuan.

The phone rang for half a day, but no one answered.

He opened his mouth and said to Wu, "Dad, no one is answering, could it be that he's still in the middle of business?"

Master Wu nodded, "It's possible, then let's wait patiently for a bit longer."

Ten minutes later, Master Wu said again, "Donghai, give Mr. Fan another call!"

Wu Donghai immediately did as he was told.

But this time the phone still couldn't get through.

Master Wu frowned, "Not quite right, with their strength, how could they need to use it for so long? Just a few second-rate bodyguards, to Mr. Fan and the others, it's not a problem at all, I still remember, when I was conquering the four corners of the world, Mr. Fan went with me to kill my opponent's lair, the opponent had more than twenty people, but Mr. Fan killed them all in the time it took for an incense to burn, this kind of strength is not something ordinary people can imagine."

Wu Donghai advised, "Don't worry dad, Changbai Mountain is remote, the weather is cold, and that place is isolated from the world, there is no guarantee that some small situation will occur." Updated fastest.

Master Wu nodded gently, "Then let's wait a little longer."

After another ten minutes, Master Wu continued to press, "Donghai, keep fighting!"

Wu Donghai immediately did as he was told, but there was still no change.

Master Wu was a little anxious now, and he increasingly felt that something didn't seem right about the situation.

So, he urged Wu Donghai to call Fan Lin Yuan over and over again.

When Fan Lin Yuan's phone couldn't get through, he asked Wu Donghai to call the rest of the Eight Heavenly Kings.

But the other people's phones still couldn't get through.

To be exact, the calls could be made, but there was just no answer.

For almost an hour it was impossible to contact the Eight Heavenly Kings, which made everyone in the Wu family feel a chill down their backs.

How could the Eight Heavenly Kings all go missing at once? That's not realistic either!

Even if the Eight Heavenly Kings met a strong opponent, with their strength, it was impossible for none of them to escape.

After all, just a few hours before them, out of the sixteen people who went to Changbai Mountain, one had escaped.

Those people could be ordinary, second-rate experts who made good use of their guns more than their fists and feet, and were not martial arts masters at all.

There was no reason why a super martial artist like the Eight Heavenly Kings couldn't escape after going there, right?

Old Master Wu was so nervous that even his breathing became extremely rapid.

He grasped Wu Donghai's hand with a death grip, his face pale white, and whispered to himself, "Something is wrong, something is really wrong this time."

Wu Donghai could only persuade, "Dad, don't be so anxious, just calm down again and wait!"

Master Wu was incredibly serious and said, "Mr. Fan has been following me for so many years and has never been in such a situation, so something is really wrong this time, I even suspect that they may have met with something bad!"

1163

By the time Ye Chen had gotten on a plane and returned to Jinling from Changbai Mountain, everyone in the Wu family was already anxiously going crazy.

The Eight Heavenly Kings rushed to Changbai Mountain in the night for no other reason than to rescue a father and son, but they didn't expect to immediately lose track of each other after the trip.

Wu Donghai called over and over again, his cell phone was almost out of battery, but still couldn't reach any cell phone.

Just at this time, he suddenly received a call on his cell phone.

The one who called him was the one who had escaped from Changbai Mountain last night.

He was still hiding in Changbaishan City at this time, and was going to wait until the Eight Heavenly Kings returned in triumph, and he was returning with the Eight Heavenly Kings' plane.

He didn't expect that he didn't wait for the Eight Heavenly Kings, but he was waiting for a shocking piece of bad news!

Just now the local TV station in Changbai Mountain broadcast emergency news, the news said that an avalanche occurred at the foot of Changbai Mountain, the avalanche triggered, tens of thousands of tons of snow released down, washed out the road into the mountain, while also buried two cars and eight people under the snow.

The local rescuers, using large rescue equipment, dug out eight bodies from the snow that had been battered beyond recognition by the accumulation of snow.

As soon as he heard the news, he immediately thought of the eight kings.

Because he knew that in the early hours of this morning, the Eight Heavenly Kings had driven themselves into the mountains with two off-road vehicles.

That hellhole, there weren't many residents, and it wasn't a tourist destination, the local residents were poor and couldn't afford off-road vehicles, and the outside tourists didn't like to go to that particularly remote place, so there were basically not many cars on the road there.

If the locals wanted to come out, they all drove out in horse-drawn carriages, and it was impossible for them to have off-road vehicles.

So he could almost conclude that the avalanche, the eight people who had died, were the eight kings!

So, he immediately told Wu Donghai the news.

And upon receiving this news, Wu Donghai's entire body was struck by lightning!

It took him a long time to recover from his shock, then he looked at his father, who looked anxious on the sick bed, and said in a trembling voice, "Dad, my people just told me that there was an avalanche at the foot of Changbai Mountain, and it swept two cars and eight people into it, and all eight people have died, and it's very likely that it was the Eight Heavenly Kings"

Master Wu suddenly felt as if a heavy hammer had hit his heart, he coughed several times in a row and spoke out, "This is impossible, how could the Eight Heavenly Kings die in an avalanche?! They're all tops!"

Wu Donghai sighed and asked, "Why don't I have my people go over to identify a corpse and identify whether it is or not."

Master Wu was stunned for a moment, but he still nodded and said, "In that case, let's go take a look."

.....

Xiao Choran woke up in the morning and felt a little surprised when she didn't see Ye Chen's shadow. Fastest Updated.

She called Ye Chen and found it even stranger when Ye Chen's phone couldn't be reached.

After more than three years of marriage, Ye Chen had never suddenly and strangely disappeared.

In the past, she used to wake up in the morning and not see him, he was either going to buy food or making breakfast.

But now, he is suddenly unreachable.

1164

Anxiously waiting until around 10 o'clock, Ye Chen's phone still couldn't be reached, Xiao Churan's heart began to feel a little worried.

What she thought of was that Ye Chen had recently been in closer contact with many big people, and had helped many big people to read feng shui, and had taken many big people's money, even this set of Townsend's Grand Villa, and the more she thought about it, the less assured she felt.

Before that, Xiao Churan had been afraid that Ye Chen would one day thunderstorm, just like those thunderstorm financial products, and suddenly his credibility would be bankrupt.

If he is really bankrupt, those big people will definitely not let him off lightly.

Just when Xiao Churan was imagining things, Ye Chen's phone call came over.

As soon as Xiao Churan got on the phone, he immediately took off and asked, "Hey, Ye Chen, where have you been?"

Ye Chen had just gotten off the plane at this time and was about to go for a helicopter ride, so he said to Xiao Churan, "Wife, I was reading feng shui for a friend this morning, and their house is pretty strange, so I couldn't use my phone to radiate and influence the judgment of the feng shui fortune, so I turned my phone off."

"You went to read feng shui again?" Xiao Churan only felt that her head was incomparably large and said out of the blue, "Ye Chen, didn't we have a deal? Try not to read feng shui for others in the future."

Ye Chen hurriedly said, "Wife, this time it's not to help those big people read feng shui, it's to help a little friend of mine who used to be in an orphanage read feng shui, he recently had bad luck, so he let me come over to give it a look, I'm not charging people money ah."

Xiao Churan heard him say that, which was a sigh of relief, and asked, "Then when are you going home?"

Ye Chen said, "I'll be there in about 20 minutes and half an hour."

Xiao Churan then said, "That's good, I'll wait for you at home."

Chen Zekai's helicopter immediately carried Ye Chen, as well as Hongwu and Wei Liang, to the city.

When he was almost at Tomson, Ye Chen said to Wei Liang, "Wei Liang, I'll take my lawyer to Wei's Pharmaceuticals when I have time tomorrow, and after we sign the contract, I'll give you a good prescription for stomach medicine."

Wei Liang took off, "Master Ye, Wei Liang has vowed to bow down and worship you alone for the rest of his life, Wei's Pharmaceutical is what you helped me to take back, Wei Liang is willing to give Wei's Pharmaceutical, all the shares to you, Master Ye!"

Ye Chen waved his hand and said indifferently, "I already said that day, I want Wei's Pharmaceutical 80, I won't take any more, but any less, I will never agree to give you the recipe and leave you 20, I will never let you suffer, so don't say anything to me again, give it all to me or anything like that."

Wei Liang's heart was in awe as he hurriedly cupped his fists and said, "Wei Liang respectfully follows Master Ye's teachings!"

Ye Chen nodded and looked at Hong Wu and Chen Zhai Kai, "You two go back and remember not to tell anyone about this matter."

"Master Ye, we understand!"

"Yes!"

Ye Chen nodded his head in satisfaction, and seeing that he was almost at the Thompson Villa area, he said to Richard Chen, "Land at the golf course, I'll walk over from the golf course."

"Okay young master!"

After Ye Chen hurried home, Xiao Churan couldn't even imagine that her husband had urgently set off from Jinling in the early hours of this morning to kill eight villains with blood on their hands at the foot of the Changbai Mountain, more than 2,000 kilometers away, in Changbai Mountain.

Since Ye Chen was now very strong and his physical fitness was even better, he couldn't see any fatigue at all even after tossing around such a large circle.

It was also almost time to make lunch, so Xiao Churan pulled him along and went to the vegetable garden in the courtyard, happily picking many of the ingredients she wanted to eat for lunch.

At this time, the door was pushed open, and Ye Chen's mother-in-law, Ma Lan, actually walked in furtively from outside with her crutches!

1165

Seeing Ma Lan walking into the courtyard with her crutches, and carrying a huge shoulder bag that was bulging inside.

The first thing you need to do is to take a look at your mother-in-law.

Xiao Churan looked at her and asked in surprise, "Mom, where did you go early in the morning again? Haven't seen you."

Ma Lan laughed and said, "I went to the wholesale market and did a little shopping!"

Xiao Churan chided, "Mom, your leg isn't good enough for crutches, what are you running around for."

"It's fine fine." Ma Lan waved her hand and said without caring, "Don't look at me crutches is not very convenient, but I am very used to it now, and my leg does not hurt, crutches is just tired, it's fine."

Xiao Churan asked again, "Mom, what did you buy a big bag of stuff? Aren't you tired? I'll hold it for you."

Ma Lan smiled, "It's not tired, it's not heavy, it's all hats inside."

"Hats?" Xiao Churan was even more puzzled: "Mom, why did you buy so many hats? There must be more than a dozen of these bulging pouches."

With a bad smile on her face, Ma Lan unzipped the backpack.

Xiao Churan and Ye Chen both peeked in, but they found that the backpack was all a bright green and lush green color.

Ma Lan now reached inside and took out a few various hats, all of which were all authentic green without exception.

Xiao Chu Ran was stunned and asked: "MomWhy do you buy so many green hats?Who would wear such hats ah"Mobile One Second Remember provides you with wonderful \fiction reading.

Ma Lan laughed, "I bought an assortment of 20 green hats, not to wear, but to hang on the balcony!"

"It's not like you didn't watch the video of your grandmother and her family at the hospital, that damn Xiao Chang Qian was even cuckolded by Qian Hongyan, how can I let him off with such a hilarious thing?"

"It just so happens that their house can see my bedroom terrace, and later I'll hang all these hats on the side of the terrace facing their house, and I'll make him Xiao Changqian look at these twenty green hats every day, cool!"

Xiao Churan said, unable to laugh or cry, "Mom, why are you being so hard on Uncle?He was already bad enough."

"Bad enough!"Ma Lan said in exasperation, "You don't know how proud he used to be and how badly he treated our family, but now that he's finally caught him, then I'm not going to laugh at him to death!"

Ye Chen helplessly shook his head.

Let's not say anything else, Ma Lan's ability to torment people was indeed rare in the world.

Xiao Changqian was already bad enough, if he could see 20 green hats hanging from the terrace of his next door house every day, he must have been in a very painful mood that way.

This kind of torturous method, I guess only Ma Lan could come up with it.

Xiao Churan felt that this was not quite right, and tried to persuade Ma Lan, but Ma Lan didn't listen to her at all and directly entered the villa with crutches.

After returning to her room, the first thing Ma Lilai did was to go up to the terrace and hang 20 various green hats, one next to the other, on the side facing Xiao's villa.

20 green hats waving in the wind, this picture is really different sour.

.....

Ever since he came out of the hospital, Xiao Changqian has been separated from Qian Hongyan.

The reason for the separation, of course, is that he no longer has any feelings for Qian Hongyan in his heart.

He also felt in his heart that Qian Hongyan was too dirty a woman.

If Wu Donghai hadn't asked for it, he would have divorced Qian Hongyan long ago, and even if he didn't go through the divorce procedures, he would have kicked her out of the house.

But now that Wu Donghai had already stood up for Qian Hongyan, Xiao Changqian naturally didn't dare to disobey him.

But you can't divorce, separation is always possible, right?

So he took Qian Hongyan, and drove her to a bedroom on the first floor.

1166

Qian Hongyan was fine with this, although she was a little angry at Xiao Changqian's desperation, but deep down, she still felt a little guilty.

After all, she had given him such a big cuckold, and now the child she was carrying in her belly hadn't gone to the hospital to be aborted, he would definitely be very upset to see her.

At this moment, Xiao Chang Qian had only just opened his eyes.

Ever since he came out of the hospital, his body had been suffering from some after-effects, the main manifestation of which was weakness and lethargy.

He hadn't really slept enough until now, but in his sleep he always felt a sharp itch in his crotch, so he woke up while scratching the itch.

The itchy feeling was very peculiar, at first it was more itchy, then he couldn't control it, and if he scratched hard enough twice, it became extremely itchy.

He then scratched himself to the point where he was already itchy.

He wondered in his heart, what was wrong with him?

I've always been pretty concerned about personal hygiene myself, so it's only logical that there shouldn't be any lesions!

As he was imagining things, the man had jumped out of bed.

Feeling dizzy, he scratched his itch as he walked up to the terrace to get some fresh air.

There were no high rise buildings, so he didn't have to worry about being seen even if he was only wearing a pair of underpants on the terrace.

He arrived on the terrace and stretched, then felt the unbearable itching sensation intensify a little.

He scratched a few times, but did not see any improvement, so he could not help but feel distracted, and was about to go to the bathroom to see what was going on, but when he turned his body, he saw a pile of green things fluttering in the wind at the edge of Ye Chen's terrace.

So he hurriedly fixed his eyes to see, this look almost did not die of anger.

Although it was a bit far away, but still could clearly see that the 20 or so windy things hanging above the terrace of Ye Chen's house were green hats of different styles and looks!

20 cuckolds, what the fuck does that mean?!

And right in the direction of your own house, isn't that fucking obvious to you?Fastest Update
Isn't this just a clear mockery of being cuckolded by Qian Hongyan?

Damn it, that's bullshit!

Xiao Chang Qian was so angry that his entire fist had been clenched so tightly that his nails were even almost embedded into his flesh.

He didn't need to think about it, he knew that the person who could do such a devilish thing must be Ma Lan, there would never be another person.

At this instant he really wanted to grab Ma Lan's hair and crackle at her ugly face and slap her dozens of times first!

When he thought of this, he immediately turned around and went back to his house, put on his pants and jacket, and rushed out of the building.

Old Mrs. Xiao was now sitting in the courtyard sunbathing on the taiji chair.

While basking in the sun, she lamented the life of this earthy person who lived in Thomson One.

Except for the family living next to her that was rather disastrous, everything else was perfect to the extreme.

It made the old lady's heart feel very soothing.

Seeing that it was almost time to cook, the old lady even wanted to steal some more vegetables from Ye Chen's garden.

But on second thought, Ye Chen's family was so bad that it was better not to eat their food, otherwise there was no telling what tricks they had used in it again, and they might even have used pesticides.

The last time they used daffodils to pose as leeks, they trapped the family in the hospital, and the taste of the five members of the family leaping around in the house and finally being pulled away by an ambulance was something they'll never forget.

As she was enjoying herself, she saw her eldest son, Xiao Changqian, rushing to go out, and hurriedly asked him, "Changqian, what are you doing?"

Xiao Chang Qian said with a black face, "I'm going to find that son of a bitch Ma Lan!"

1167

Old Mrs. Xiao was a bit confused, she didn't understand why the first thing her son did after waking up was to go and settle the score with Ma Lan.

So she hurriedly followed up and asked, "Chang Qian, what did you go to find Ma Lan for?"

Xiao Chang Qian said in exasperation, "This shameless shrew, Ma Lan, has hung dozens of various green hats on the terrace of her villa, isn't that just a clear sign to disgust me?"

Old Mrs. Xiao's expression was shocked, and she asked off the top of her head, "There's still such a thing?"

Xiao Changqian gritted his teeth and said, "Won't you just go with me to check it out."

So mother and son went out the door together.

As soon as they left the house, Old Mrs. Xiao saw the 20 green hats on Ma Lan's terrace.

At this glance, her nose was almost crooked.

The old lady was furious and said, "This damned Ma Lan! She must have watched the video of our hospital, this is deliberately disgusting to us!"

Xiao Changqian nodded and gritted his teeth, "Yeah mom, I can't say anything I wouldn't want her! Damn, bully!"

Mother and son arrived menacingly at the door of Ye Chen's villa, and then the old lady smashed the door with a force, cursing angrily, "Ma Lan, you son of a bitch, open the door for me quickly!"

One voice shouted down, so Ma Lan stood directly on the third floor terrace and cursed, "Yo, dead old woman, why are you yelling at my door when you're not at home to serve your pregnant eldest daughter-in-law?"

Mother and son did not expect that Ma Lan would immediately take about Qian Hongyan's pregnancy as soon as she opened her mouth.

This made the two of them's expressions suddenly become very ugly.

After all, it was said that family shame must not be spread abroad, and no one wanted others to mention their own sore spots as soon as they opened their mouths.

The most depressing among them was Xiao Changqian.

As soon as he heard that Ma Lan had mentioned Qian Hongyan's pregnancy, he took off and cursed, "Surnamed Ma, you cheap woman, if you keep talking fucking nonsense to me, I believe I'll cut out your tongue!"

Marashi trailed off, "Aigoo, big brother, I really didn't think that you were so powerful that you were going to cut out my tongue?" Fastest Update

Saying that, she deliberately laughed shamefully, "If you're capable of it, why don't you go and cut up the man who cuckolded you and got your wife pregnant? What's the point of hooting and hollering with an old woman like me here?"

"You" Xiao Chang Qian's face became extremely ugly.

Although he wasn't a good person, he was a hundred and eighty thousand miles worse than Ma Lan as far as the matter of cursing was concerned.

With Ma Lan's fighting power, it wouldn't be a problem for one person to curse him for ten.

So seeing that Xiao Changqian was so angry with himself that he couldn't speak, Ma Lan took advantage of his victory and said with a smile, "Aigoo, big brother, I really sympathize with you, the worst thing a man can do is to be cuckolded by someone else, I didn't expect you to be cuckolded so much, and I didn't expect your sister-in-law to cuckold you and get pregnant, isn't this making you a happy father? If I were you, I would have divorced her long ago!"

This hit Xiao Changqian where it hurts!

I dreamed of kicking Qian Hongyan out of the house and never seeing this damned bitch again for the rest of my life.

1168

But Qian Hongyan had Wu Donghai backing him up, and he said nothing to provoke Wu Donghai, nor did he dare to disobey Wu Donghai's wishes, so he couldn't divorce her even if he was cuckolded by Qian Hongyan.

How painful it must be for a man to be cuckolded like this and still not be able to divorce his own wife, it was simply a human tragedy, but he had never expected to be met by himself.

Now that Ma Lan's words were directly skinned, Xiao Chang Qian's face hurt as if he had been slapped 10,000 times.

The old lady Xiao is naturally also angry, she has been proud all her life, and what she doesn't want to see is the Xiao family's reputation, being hit.

At first, Xiao Weiwei accompanied Xiao Yiqian, although it also caused a lot of criticism, but at that time, the old lady was helpless, and besides, it was not an uncommon thing for young girls in society to be with rich men, although people joked, but in fact, a couple of jokes would be over.

But this time, the trouble caused by Qian Hongyan was different, Qian Hongyan had really disgraced the Xiao family completely.

What's more, she was even filmed and posted on the internet, which was even worse, the whole Xiao family had become the laughing stock of Jinling.

But no matter what, the old lady couldn't accept that a shameless bitch like Ma Lan dared to mock herself as well!

So the old lady angrily pointed at Ma Lan and scolded, "Surnamed Ma, you quickly pull off all those green hats, or don't blame me for being rude to you!" Mobile One Second Remember provides you with a wonderful dusk novel to read.

"Yo!" Mashiro Ma said, "I paid for all these green hats, and I can hang them wherever I want in my house, so who are you to tell me what to do? You really think you're the old Mrs. Xiao? I'm telling you, don't you dare tell me what to do in my house!"

Saying that, Mashiro hastily changed his tune, "You have no business or right to be in my house! If you continue to curse in front of my house, then I'll call the police and have them take you in again!"

Once Old Mrs. Xiao heard that Ma Lan was going to call the police to arrest her, she was even more furious!

But although they were angry, they were completely helpless.

She wouldn't open the door for her, so she couldn't rush in and hit her, right?

If you call the police, you'll be caught, and the loss will outweigh the gain.

Just when mother and son didn't know what to do, Ma Lan took a large green hat from one side of the terrace and put it on her head, smilingly saying, "Oh brother, look at this green hat, it's so festive! Look at this green green, is it greener than the leeks you ate the other day?"

Ma Lan spoke while wearing her hat and exaggeratedly twirled a few times on the terrace.

Although her legs were not yet healed, but doing a few square dance poses was not a problem.

This twist of hers even made Xiao Chang Qian furious!

At this moment, Xiao Changqian was already on the verge of collapse, he could not wait to immediately take a rocket launcher and directly blow up Ma Lan from the third floor terrace.

"Ma Lan, you fucking dead shrew, playing this game with me isn't it? Do you know what will happen if you mess with me?"

Ma Lan smiled and said, "Your wife is pregnant from being slept with, and isn't the person who slept with your wife fine? What's going to happen to him, and even less if I just say a few words! Hahahaha!"

Xiao Chang Qian was furious: "Mashi! I'm going to fucking kill you sooner or later!"

The green hat flew directly to Xiao Changqian's head. Xiao Changqian took a step back and the green hat fell to the ground.

Ma Lan applauded happily and laughed, "Oh brother, look at this green hat it knows you, it's flying directly to your head, if you didn't dodge just now, it could have worn itself on your head!"

1169

Xiao Chang Qian was really already blinded with anger.

He was so angry that he jumped to his feet and cursed, "Ma Lan, you bitch, looking for death aren't you?"

When Ma Lan heard this, he smiled and said, "Big brother, don't be angry, I've spent hundreds of dollars on this pile of green hats, but it's all going to be given to you."

Saying that, Ma Lan took out another green ninja turtle doll from somewhere and said loudly, "Big brother, look at this ninja turtle, does he look like you, not only is his head green, but he's also extremely tolerant, it's simply the best portrayal of you big brother, hahaha"

Xiao Chang Qian was already about to go mad, his body was shaking, even his voice became trembling, "You bitch, why don't you go to hell, you are so lacking in virtue that you are going to go to hell."

Ma Lan laughed, "Big brother, I kindly gave you so many hats and you even cursed me to go to hell, you're too gracious, aren't you? But I've always been a grown-up who doesn't remember the faults of the little people, so I'll give you all of these twenty green hats and let you wear them for twenty days in a row, every day."

Xiao Changqian was really at his wit's end, so he could only bite his teeth and say, "Good you Ma Lan, wait for me, I'll call the property now and report you!"

Immediately after saying that, he called the property of Thomson Villa and took off, "I'm the owner of a04, I'm complaining about the owner of a05 hanging uncivilized things on the terrace of the house, you guys hurry up and take care of it!" Fastest Update

Within a few moments, a property's electric car drove up quickly.

Then, four property managers got out of the electric car and spoke up, asking, "Did you call to complain?"

Xiao Changqian took off, "That's right, it's me, complaining about that woman upstairs, look what she's hanging on the terrace!"

Mashiro snapped, "Why do you care if my own hat hangs on the terrace?"

The 4 property managers were also helpless after reading this and said, "This gentleman, the owner's deck is the owner's private domain. Theoretically, whatever it hangs, we can't do anything to interfere with it, unless it's illegal. But it's not illegal for people to dry their hats, it's their freedom."

"Since your mother's by!" Xiao Changqian is spinning in circles!

If these 20 green hats were hung here all day long, Ma Lan would be furious with himself.

Several property management staff were scolded by him, and they were naturally very dissatisfied in their hearts, but their mouths were still polite and said, "Excuse me, this gentleman, this matter is not within the scope of our property management."

After saying that, the pair conveniently got into the electric car and drove away.

Ma Lan laughed even more rampantly on the terrace, "Hahahaha, Xiao Chang Qian, you can't do anything about it now, I tell you, these green hats of mine will be hanging here all the time, and I'll go buy twenty more tomorrow to hang them back here, I'll make you open your eyes every day, and you'll see a whole bunch of green hats fluttering and waving in the wind!"

"YouYouYou" Xiao Chang Qian was so angry that he was almost spitting blood.

At this time, Ye Chen and Xiao Churan also walked to the second floor terrace to take a look, and after they figured out what was going on, they both looked at each other helplessly and sighed.

Xiao Churan couldn't help but sigh, "Ye Chen, you said that it's not good for mom to do that."

Ye Chen smiled lightly and said, "It's not really okay, weren't they also too much to us before?"

"They also tried their best to mock us when they knew what problems we were having."

"Have you forgotten how the family mocked us at the Thompson sales office?"

"And didn't they come and mock us when you opened your studio?"

1170

"Now that Ma is going to mock back, I think it's just a matter of treating them the way they deserve to be treated, in the end, they're still to blame."

Xiao Chang Qian and Old Mrs. Xiao were so angry with Ma Lan that they almost broke down, but could do nothing about her behavior, and they turned their heads in anger and walked away.

Xiao Chang Qian cursed as he walked away, "Damned Ma Lan, if I find a chance in the future, I have to kill him!"

Old Mrs. Xiao said in exasperation, "Let's not talk about her for now, tomorrow, quickly take that bitch Qian Hongyan and abort that bastard in her belly, this is really a great shame that our Xiao family will never meet for a hundred years!"

Xiao Changqian also had a face of hatred and said through clenched teeth, "Don't worry mom, I'll go with her tomorrow!"

Back home, both Xiao Hailong and Xiao Weiwei had just woken up, and were now in the living room, hungry and waiting for Qian Hongyan to cook.

Qian Hongyan still had some money left over from her last coffee machine sale, and today she was intent on easing her family's relationship, so she specially spent money to buy a pile of fresh abalone to prepare an abalone feast for her family.

This pile of abalone cost several thousand yuan just for the ingredients, and to Qian Hongyan, it was really a hemorrhage.

When Old Lady Xiao saw that Qian Hongyan had bought back abalone, her first thought was that she was very happy, after all, she had something good to eat for lunch.

But then the old lady thought of a detail and asked after Qian Hongyan, "Where did you get the money to buy these abalones?"

Qian Hongyan lied and said, "A friend of mine borrowed a little money in a poker game and hasn't paid it back, so isn't that a tight hand? I'll ask her to come over."

Old Mrs. Xiao nodded gently and said in a cold voice, "Transfer all the leftover money to my account by WeChat, from now on, all the money in this family will be managed by me, including the money that Wu invested in our Xiao Group, I also have full authority to decide, anyone who dares to hide private money behind my back, sorry, please leave this family!"

Qian Hongyan immediately accompanied with a smile and said, "Don't worry mom, I'll transfer all the remaining money to you, I won't keep any of my own!"

Old Mrs. Xiao looked towards Xiao Chang Qian and said coldly, "Chang Qian, before you hid more than ten million private money and refused to give it to me, the money all ended up floating, so from now on, if you dare to hide private money again, then don't blame me, the mother, for being rude, do you hear me?"

Xiao Chang Qian could only nod his head and said respectfully and incomparably, "I know mom, don't worry, I won't dare to hide my private money anymore!"

Only then did Old Mrs. Xiao nodded her head in satisfaction, it seemed that this crisis in the Xiao family had instead helped solidify her position as the ruler of the family.

Soon, Qian Hongyan served up a large pile of various kinds of abalone.

Naturally, every dish in the abalone feast was abalone.

There were steamed abalone vermicelli, braised abalone, abalone sashimi, abalone soup and so on.

Because the ingredients were well bought, the taste of each dish was very good.

However, at the table, Qian Hongyan herself was a bowl of ordinary Yangchun egg noodles, and she didn't even eat a single bite of the various abalone.

Xiao Weiwei was a little surprised and asked her, "Mom, why don't you eat abalone? After all the hard work, why don't you eat a bite?"

How could Qian Hongyan tell her daughter the truth, how could she tell her daughter that she couldn't eat seafood because she had various venereal diseases.

So she could only say, "I can't eat seafood because my stomach is not too good these two days."

Xiao Changqian, who had just suffered a huge stimulus at Ma Lan's place, was furious and glared at her with a cold voice, "You're the only one who still wants to eat seafood, and you're fucking worthy! What's with the seafood? Mending that bastard in your belly?"
