Chapter 1271

Xu Liqin was in a bit of a tangle at this point.

A dowry of 30 million was certainly attractive, but the key to this matter was to get her son to marry a pregnant woman.

Wasn't this what people often referred to as being a happy father?

Although she herself was not a young man, she still had some understanding of these fads.

However, when she thought of the fact that Mr. Xue was opening his mouth to offer a dowry of 30 million yuan, and also various resources to support it, Xu Liqin's heart began to look forward to it somewhat.

In her opinion, as long as the money was given, there was actually no big problem in making her son a happy father.

The key to this matter is that if the other party is pregnant with a Chinese child it's okay to say that they can explain to their relatives and friends that the two have been secretly getting pregnant for a long time, and that's why they got married.

I'm not sure how much I'll be able to afford it, but I'm sure I'll be able to afford it.

The company's main business is to provide a wide range of products and services to its customers.

But the point is, Xue's daughter is still pregnant with a black child.

If this really makes her son marry her, when the child is born, won't his own son be stabbed in the back?

Thinking of this, Xu Liqin was somewhat hesitant.

When Sister Lu saw that she was somewhat hesitant, she whispered in her ear, "Li Qin, I'll be honest with you, the two couples of Mr. Xue are very anxious right now, before they didn't know about their daughter's pregnancy, but now the problem is. If they don't deal with it quickly, when their daughter's belly becomes noticeably pregnant, Mr. and Mrs. Xue's face won't be able to hang on."

Xu Liqin's mind moved.

If you look at it this way, then Mr. Xue should be very anxious right now.

Since that's the case, let yourself might as well knock him on the bamboo bar.

Thinking of this, Xu Liqin immediately said, "Sister Lu, to be honest, this matter is indeed a bit too humiliating, we also have the intention to help out General Manager Xue, but we can't all have people accuse my son's nose and call him a catch in the future, right?"

Sister Lu was busy saying, "So people, General Manager Xue has also understood your family's situation, if you are willing to suffer this. General Manager Xue's side will definitely compensate your family a bit more in terms of money!"

"Li Qin ah, I'll be honest, earning a little more money these days is not uncommon ah. What's more, it's still 30 million, ordinary people can't earn that much money in their lifetime, and the main reason why Mr Xue can think of your family is because he thinks that that child of yours is quite suitable in every aspect, and they won't lose face if they've made a marriage with your family."

At this point, Sister Lu hastily added, "Honestly speaking, General Manager Xue has made such a good offer, if she were to look for someone else's family, they would have already rushed to agree, I advise you ah, don't miss this good opportunity either."

Xu Liqin smiled and spoke, "Sister Lu, I know you're also well-intentioned, but honestly, if this kind of thing were to be spread over the heads of people without money, they'd be in a hurry to say yes, but our family is more or less a bit of a fortune, and this price offered by General Manager Xue is really a bit low ah."

Sister Lu looked at her mouth and asked, "Li Qin, I'm also on good terms with you, so let's stop beating around the bush, just tell me a number directly, I, on the other hand, will quickly give a reply to General Manager Xue's side, if General Manager Xue's side is fine with it, the two families will just finalize it, then we'll pick the date, have the wedding and get the card."

Xu Liqin whispered, "Let's do it this way Sister Lu, trouble you to speak to General Manager Xue and his two couples, just say this matter, the dowry can't be less than 50 million no matter what!"

1272

"As for the resources of the supermarket side of the flour, it is definitely also going to distribute most of them to my family, if they agree, then we do not choose any day, you see I this banquet are set up, the wedding rainbow door has not written the name, simply have a direct one to send her daughter over, we will do the wedding today."

After saying that, Xu Liqin smiled again and said: "Sister Lu, their daughter is pregnant, this matter is definitely not delayed, the sooner the better not. In addition ah, sister if you help me to accomplish this matter, later I will privately give you two million benefit fee!"

The main reason why Sister Lu was so eager to accept this job was because, General Manager Xue had promised her that if she could find a good in-law who would willingly accept letting his daughter give birth to her child, then when the time came, Xue would give her 5 million.

After all, Mr. Xue had such an only daughter, and said he didn't want his daughter's reputation to be ruined.

Therefore, spending a little more money for this matter was very worthwhile in the eyes of Mr. Xue.

Now, hearing that Xu Liqin said she was also willing to give herself another 2 million, Sister Lu was also very excited, when this matter is done, that would be 7 million ah.

This money could have come too easily!

When she thought of this, she immediately pulled out her cell phone and called General Manager Xue.

As soon as the call came through, she smiled and said, "Oh my, Mr. Xue, I have good news for you, Old Sun's daughter-in-law is interested in your proposal!"

"Oh?" The other asked excitedly, "How exactly? Did they agree? When can we have the wedding?"

In fact, Mr. Xue and his wife had already fallen in love with Sun Dewang's son, Sun Hongwei.

The young man is very spiritual and has a good personality, and what's more rare is that he graduated from a prestigious university.

The best part is that he hasn't been married yet!

Although his own daughter was pregnant with a foreigner's seed, but he didn't want his daughter to settle for a second marriage and divorce, naturally, it was best to find this kind of unmarried one.

The best thing is that Sun Dewang's business depends on him, which means that he can always hold his own, and if his family dares to treat his daughter badly after the wedding, then he will directly cut off his income, and then they will definitely have to be good enough to support his daughter as an aunt.

So, Mr. Xue smiled happily and asked, "Is that son of the old Sun family willing? If he's willing that would be great! I've met this kid, not bad, not bad indeed, if this matter can be accomplished, then I really have to thank you."

Sister Lu smiled and said, "Mr. Xue, don't worry, I will definitely do my best to help you with this matter, but as for, I talked to Old Sun's daughter-in-law, she that means, can the dowry you prepared for Jing Jing be a bit more?"

Mr. Xue asked subconsciously, "Isn't 30 million enough?"

Sister Lu smiled, "Mr. Xue, you know, it's really not easy to make a decision on this kind of matter, with less money, I'm afraid that Lao Sun and his two couples will end up considering rejecting it!"

Saying that, Sister Lu was busy adding, "Mr. Xue is not really satisfied, that son of Lao Sun's family was supposed to hold a banquet at the Hilton today, but the daughter-in-law that their family is marrying, Lao Sun and his wife both despise it a million times."

"So now Old Sun's wife is making trouble here, just to stop that daughter-in-law from entering the house, isn't your side just in a hurry? If you agree, Old Sun and his family's conditions, you can just bring Jing Jing back now and have the wedding with Old Sun's son."

"Honestly Mr. Xue, it's true that Jing Jing's situation can't be concealed, and if we wait any longer, that belly will be visible, so everywhere you look, you won't be able to find this kind of good thing that you can do today, and have the wedding right away!"

1273

When Xue heard this, he immediately compromised inside.

All of his fears were that his daughter's reputation would be ruined and affect her lifelong happiness.

Now there was a great son-in-law candidate, and, miraculously, the wedding would be held right away, a move so divinely swift that it would be hard to find with a lantern!

So he just gave it a little thought and immediately agreed, saying, "OK! You tell Old Sun's family that fifty million, not a penny less, I'll take my daughter over there, first we'll hold their male wedding, then

tomorrow I'll invite my friends and relatives to a banquet on our female side, so the marriage of the two children is considered a great success!"

Sister Lu also said excitedly, "You are still amazing, Mr. Xue. No wonder you can make a lot of money, so quick to make decisions and arrange everything so well, I see that you are the only one in all of Jinling who has the ability to do that, this way. Then all the problems will be solved today and you can rest easy."

Xue laughed on the other end of the phone, "This matter has troubled me so much that I couldn't sleep for days, but today I can finally solve it all at once! Thank you very much, Sister Lu. I'm going to have my wife and daughter get ready, take her to the Hilton with Sun's son, and hurry up with the wedding, and if the wedding goes well today, I'll give you an extra million!"

Sister Lu was trembling with excitement, although she was quite rich, she had never made such easy money before.

If this came to fruition, wouldn't she be able to make 8 million today?

When she hung up the phone of General Manager Xue who was so excited, she hurriedly came to Xu Liqin and said with a smile, "Liqin, this matter, sister this old face of mine is open to all."

Xu Liqin hurriedly asked, "Sister Lu, what did General Manager Xue's side say?"

Sister Lu smilingly said, "I've already negotiated with Mr. Xue, 50 million bride price, he's okay with it! Come over right now with your wife and kids!"

"Oh my gosh!" Xu Liqin was on the verge of a heart attack when she heard this excitedly.

She and her husband had worked hard for half of their lives, and all of the family's assets added up to thirty to forty million.

But I didn't expect that now that Xue was marrying her daughter, she was willing to pay 50 million just for the bride price.

And it's cash, too!

What's more secure than cash these days?

It was equivalent to saying that as long as a son married General Manager Xue's daughter, the strength of his own family would immediately double or even triple.

Because Mr. Xue has a large number of medium-sized supermarket chains on his side, as long as he tilts all the resources in terms of flour to his own family, then his family's income would have to go up like a rocket?

Thinking about it, she excitedly said to Lu, "Oh my good sister, but thank you so much for sure! Don't worry, the money I promised you won't be less!"

Sister Lu looked at Zhang Xiaoman, who was wearing a wedding dress, from afar and whispered, "This girl from a poor family, you have to deal with it quickly, Mr. Xue's side said it can come quickly, maybe she'll be here in half an hour, what do you want Mr. Xue to do if the girl is still here then?"

When Xu Liqin heard this, she immediately patted her chest and said, "Sister Lu, don't worry, I'll get rid of this Zhang Xiaoman! I'll have her beaten away!"

Sister Lu asked again, "This matter is okay with your family Hongwei, don't go back and settle everything and he won't."

1274

Xu Liqin waved her hand and said disdainfully, "If he dares to disagree, his father and I will cut off all relations with him! It's not even his turn to say no at a time like this!"

Saying that, Xu Liqin stepped in front of Sun Hongwei and Zhang Xiaoman and said in a cold voice, "Hongwei, your mother I still say the same thing, if Zhang Xiaoman's family can't come up with a dowry of 30 million, then this marriage is off the table!"

"Thirty million?!"

Andrew Sun and Mandy Cheung were in shock!

Then Sun Hongwei couldn't help but angrily question, "Mom, are you crazy poor? We were talking about \$10 million just now, but now it's \$30 million in a blink of an eye. How can you ask Manny's family to get so much money out? Even our family couldn't come up with that much money!"

Xu Liqin tugged on Sun Hongwei's sleeve and said offhandedly, "Come over with me, I have something to say to you."

After saying that, she greeted her own grandfather, Sun Dewang, "Old Sun you come over too."

Sun Dewang hurriedly followed, and the family came to a deserted corner, where Sun Hongwei asked in exasperation, "Mom, what the hell are you doing? Don't you just want to see me happy?"

Xu Liqin said sternly, "How are you talking to your mother? I raised you as a mother, how can I not want you to be happy? I just don't want to see you jump into the fire!"

"What's the situation at that Zhang Xiaoman's house, don't you know? If you marry her, her parents and her brother will be sucking your blood from your body! Not only sucking your blood, but also mine and your father's, are you trying to piss us off? Or are you trying to get us both killed?"

Sun Hongwei immediately assured, "Don't worry, Mom, after I get married to Little Man, the two of us will be responsible for our own lives, and neither of us will reach out to ask you for a penny."

"Don't pull this useless bullshit with me!"

Xu Liqin gritted her teeth, "Your father and I have never lacked for money since we were young, no less, so you don't know the feeling of a penny being hard to beat a hero, if you two are really on your own, you'll starve to death sooner or later!"

Saying that, Xu Liqin waved her hand and commanded in a high tone, "Listen up, both of you, this time there is a great opportunity in front of our Sun family, seize it, our Sun family's assets will be able to multiply several times, don't give me any of you, don't drop the ball!"

Both father and son were surprised and asked, "What great opportunity?"

Xu Liqin immediately told the father and son about General Xue's family.

When Sun Dewang heard this, he said with some embarrassment, "Liqin, aren't you asking your son to be the catcher? If that black man's child is born in the future, where will my old Sun family's face go?"

Xu Liqin retorted, "Sun Dewang, you have worked hard for most of your life, didn't you only earn 30 to 40 million? As long as you and your family are okay with this, we'll be bringing in 50 million in cash a day! Listen up, you two, it's cash!"

Sun Dewang's expression was suddenly tangled and struggling.

Admittedly, it was indeed humiliating to have his son be the catcher, but, compared to 50 million, face was really not that important.

Xu Liqin said again while the iron was hot, "Sun Dewang, don't forget, Mr. Xue has promised that after the two of us form a family, they will tilt most of the resources in flour to our family!"

"At that time, our flour mill, that's not going to make twice as much money? Making a few million a year now, maybe then, counting the bride price, our family's assets will break through 100 million a year later!"

1275

Hearing the figure of one hundred million, Sun Dewang immediately compromised.

He turned to his son and said, "Hong Wei ah, picking up a daughter-in-law for nothing, people not only don't want a penny for your bride price, but they also pour you tens of millions of dollars, how good is this!"

Sun Hongwei said coldly, "Yes, it's really quite good, so you can even hold a grandson directly, and a black grandson at that."

Sun Dewang didn't feel ashamed at all and spoke up, "Give me 50 million, not to mention a black grandson, but a black son, I'd be happy too!"

Sun Hongwei got out of his mouth, "You don't need to waste your breath, I will never agree to this matter."

Sun Dewang sighed and pointed at Sun Hongwei with a hateful face, "You child, you just have little insight and ignorance, you have never earned money since you were a child, and you have never made money difficult since you were a child, you really should have been allowed to have a few hard days when you were young, so you would know how hard it is to earn money!"

"Exactly!" Xu Liqin said in agreement: "The old saying is true, money is hard to earn and shit is hard to eat! If you miss this opportunity today, you may not be able to earn 50 million in your lifetime in the future, and if you regret it then, don't blame the mother-in-law for not reminding you today."

Sun Hongwei immediately said, "No matter what you guys say, I won't agree to it."

"No promises?" Xu Liqin was anxious and took off, "Don't agree, right, if you don't agree, not only will I not let Zhang Xiaoman cross the door today, even you won't live at home, move out!"

Sun said, "Move out, move out, I've been wanting to move out for a long time!"

"You"Xu Liqin said in exasperation, "If you move out, I'll stop all your bank cards, and you won't want to get a penny from your family ever again!"

Sun Hongwei said, "It doesn't matter, I don't ask my family for money, the two of us working together to earn money, the burden of rent and living expenses is definitely enough!"

Saying that, Sun Hongwei threw the groom's corsage to the ground and opened his mouth, "I'm not going to get married this time either, from now on, Xiao Man and I will earn our own money and set up our own drinks!"

Then he didn't pay any more attention to his parents, he strode towards Zhang Xiaoman and took her hand, so he spoke, "Xiaoman today we won't hold this banquet, from today onwards, I'll move out from home, let's rent a house in Jinling and live together, we can earn the money for the wedding slowly, do you think it's okay?"

Chang nodded his head in a moved manner and said, "Yes!!I'm all ears!"

Sun Hongwei smiled, "Alright then, let's go!"

After saying that, he looked at Xiao Chorán and Ye Chen again and said off the top of his head, "You two are really sorry today. When Xiao Man and I host our own banquet, we will definitely invite you two!"

Xiao Chorán smiled and said, "Then Ye Chen and I will be waiting!"

She also felt that Sun Hongwei should cut ties with such a strange family, his family was unkind and wouldn't allow him to marry Zhang Xiaoman, so he should simply take Zhang Xiaoman out to fight for himself.

Ye Chen was also more appreciative of Sun Hongwei's approach and smiled faintly, "When the two of you hold your next banquet, the wedding car will still be paid for by me."

Sun Hongwei immediately gave him a bow and said off the cuff, "Thank you so much!"

At this time, Xu Liqin stepped over and said angrily, "Hong Wei, if you dare to go with this woman today, then your father and I will cut off our relationship with you, don't you dare regret it!"

What Xu Liqin thought was that no matter what, she wanted to facilitate the marriage with Xue's daughter, and this once-in-a-lifetime opportunity must not be missed.

1276

Even if you have already severed the mother-son and father-son relationship to blackmail, you must force your son to comply.

Sun Hongwei, however, said sternly at this point, "Since you have so little respect for me, I have nothing else to say, so if you say you want to break it off, then let's break it off!"

As soon as Xu Liqin heard this, she was immediately angry, furious, "This heartless thing, I am just a dog still knows how to wag its tail at me, you actually have to break off relations with me for such a dirty woman, we have raised you for so many years for nothing!"

Sun Hongwei said, "I'm sorry mom, I don't want my life to be manipulated by you in the future."

Sun Dewang also said angrily, "This brat, if you leave today, then you won't have a penny of this family fortune in the future! Think about it yourself!"

Sun Hongwei said, "It's fine, I don't want it anymore."

After saying that, he pulled up Zhang Xiaoman and was leaving.

At the sight of this scene, Xu Liqin was furious and cursed, greeting other relatives and friends, "Hurry up and help me stop this heartless one, I can't let him go today, no matter what I say! Go can, tell this nasty woman to get lost!"

As soon as the words fell, the Sun family surrounded the two as well as Ye Chen and his wife.

Xu Liqin strode to Zhang Xiaoman's face and raised her hand to slap her, scolding her in a rage, "What kind of bewitching drug did you put into my son, this little vixen? If you don't leave my son again, I believe I'll kill you!"

Zhang Xiaoman didn't expect that Sun Hongwei's mother would suddenly make a move on her, she covered her face in aggravation and choked, "Auntie, I've been with Hongwei for several years, the two of us truly love each other, please let us be!"

"I'll make it work for you mister!" Once Xu Liqin heard her say that it was true love with her son, she became even more furious and raised her hand to slap her again.

At this time, Ye Chen suddenly reached out and grabbed her wrist and said coldly, "That's almost enough, if you don't restrain yourself, don't blame me for being rude to you."

Xu Liqin burst out and cursed, "What are you? Why should it matter to me?"

Ye Chen sneered, "This is my wife's classmate, not only can't you hit her, you have to be respectful to her, I'm giving you three seconds to apologize, or else you'll suffer the consequences."

"I pooh!" Xu Liqin was full of thoughts about the 50 million dowry that Xue gave her daughter, at this time even if the king of heaven came out, she would not give up, so she pointed at Ye Chen and scolded, "Don't you just have two good cars? Why are you here? Who do you think you are to tell me what to do? How dare you meddle in our family business? I'm telling you, this has nothing to do with you today, if you dare to interfere, don't blame me for being rude to you!"

Ye Chen laughed, "Being rude to me? You're a bad old lady, not only are your mouths cheap and cruel, but you've got a big mouth too!"

"What the fuck did you say about me?!" Xu Liqin was furious when she heard Ye Chen call her a bad wife.

She paid the most attention to maintenance in her daily life, and the money she spent on her face had to be more than 10 times that of someone like Ma Lan.

In normal days, everyone complimented her and said that she took good care of her face and didn't look old at all, but when it came to Ye Chen, he called her a bad wife, how could she not be angry in her heart.

She even wanted to rush up and rip Ye Chen's mouth off.

Sun Dewang was also annoyed at this time and said coldly, "Mr. Ye, this is too much for you to do, do you really think that you have two stinking money, our Sun family is afraid of you? Tell you what, if you meddle in this matter today, I'll make you lie down and leave the Hilton!"

1277

Ye Chen burst out laughing when he heard Sun Dewang's words.

Letting himself leave the Hilton lying down?

This Sun Dewang really didn't know how thick the sky was.

However, he was a bit embarrassed to have him, the grand young master of the Ye family and Master Ye, go at it with this bunch of vegetable pussies.

So, he thought that he would simply give Hongwu a call and ask him to bring some people over to smack each of this couple ten thousand times, just like Wang Yunkai did back then.

But just at this time, a Rolls Royce drove over.

Sister Lu, who hadn't spoken, was shocked and hurriedly said, "Oops! Xue is here!"

As soon as this was said, both Sun Dewang and Xu Liqin couldn't help but get nervous.

I thought that it would take a while for General Manager Xue to come over, and that he could solve this Zhang Xiaoman's problem first, but if he couldn't, he would give her a million and eighty thousand to get her away from his son.

Unexpectedly, when this side became even more deadlocked, General Manager Xue actually came over!

Because there were so many people around here, Leslie stopped a short distance away.

As soon as the car stopped, the driver came down and opened the door.

Immediately afterwards, a family of three walked down from the back seat.

The middle-aged man wore a suit and was arrogant.

The middle-aged woman was wearing gold and silver, full of rich face.

The girl in the middle was average looking, but was dressed in an eye-catching outfit.

The Chanel dress on her body, at least worth more than 100,000, hand also satchel a Hermes crocodile leather limited edition bag, at least 200,000 to 300,000.

The expressions of the three members of the family were all happier at this time, and they all looked like they had a sense of relief.

Xue's full name is Xue Xinlong, opened dozens of Xinlong supermarkets in the surrounding area, worth several hundred million to start.

His daughter, named Xue Jingjing, is twenty-eight years old this year.

Xue Jingjing studied in the United States some years ago.

In these years, it is more popular to send your child to study abroad.

But there are always two extremes in these children who study abroad.

One extreme is that they get exceptionally good grades, get scholarships from the world's top universities, and even get the opportunity to study abroad at public expense.

The other is that their grades are so bad that they can't even get into any university in China, but their families are richer, so they simply go abroad to study at a wild university, which makes them look better.

Most students who go abroad are actually in the latter situation.

Xue Jingjing's family spends millions of dollars a year so that she can live a rich, well-fed life in the U.S. Although she studies at a pheasant university, she never goes to class, and every day is all kinds of fun, all kinds of spending money, and even all kinds of promiscuity.

She is particularly fond of western boyfriends and people of color, especially black people.

In her own words, black boyfriends are better at that and bring her a different kind of feeling.

In the past few years, Xue Jingjing has had a large number of black boyfriends, during which time she has been pregnant several times and had several abortions.

This time when she came back from the United States, she had just broken up with her black boyfriend, and only found out she was pregnant after she came back.

1278

In fact, Xue Jingjing didn't have any feelings about such things as pregnancy, she felt that since she was pregnant, she should just abort the baby, which was how she had operated several times in the past.

Only when she arrived at the hospital did the doctor tell her that because of her frequent abortions, her fertility system had reached its limit, and that if she aborted the child as well, it would be impossible for her to get pregnant in the future.

Hearing this, Xue Jingjing realized that she was in a bit of trouble.

After all, every woman had a dream of becoming a mother, and although she wasn't ready to have a child right now, if she really couldn't have a child in the future, it would be a really big blow to her for the rest of her life.

So she told her parents about it.

After Xue Xinlong learned about this, although he was very angry, he also had to think about his daughter's future.

He only had one daughter, and even though she was not a boy, he still wanted his daughter to leave a legacy for himself and carry on his bloodline.

If his daughter aborted the black man's child, she would never be able to have children again, and her own bloodline would be broken.

That's why he was desperate to find a catch, and one that would allow his daughter to give birth to this child.

As soon as he heard that the Sun family's side of the family would be able to get his son, Sun Hongwei, to have the wedding with his own daughter today, he was so happy.

So he rushed over with his wife and children in a hurry.

He didn't even have time to get a wedding dress for his daughter.

But he also knew that it was urgent now, so he had to make a special arrangement.

So he decided to let his daughter get together and get the wedding with Sun Hongwei today, and then he would spend more money on a grand backdoor wedding for his daughter.

The main reason why Xue Xinlong was in such a hurry was that he hadn't told Sister Lu the truth.

Sister Lu didn't know that his daughter was no longer fertile.

She thought that Xue Jingjing was unable to let go of her black boyfriend's feelings, so she wanted to give birth to this child, so that she would naturally be able to give Sun Hongwei another child in the future.

But in fact, Xue Xinlong was running to pit people against each other.

He's afraid that after Xue Jingjing's belly becomes visible, no one will dare to take it, so he made up this lie to try to find a catch to quickly take over his daughter and give birth to the child.

But he's also a man who wants to save face and doesn't want to marry his daughter off to a man who's too ordinary, so as soon as he heard Sister Lu say that there's a play on Sun Hongwei's side, he immediately recognized this future son-in-law! [No Name Fiction www.wmxs.info]

Xue Xinlong came over with his wife and daughter, and Sun Dewang and Xu Liqin also hurriedly welcomed him.

At this time, Xue Xinlong was really too excited, so when he saw Sun Dewang, he smiled and said, "Oh my old Sun, we've known each other for so long, I didn't think I'd have to change my name and call you my family now!"

Sun Dewang was also overjoyed as he said, "It's an honor for me, Sun Dewang, to be able to make a family with you, Mr. Xue!"

Xu Liqin also chimed in, "Yes, yes, yes, Mr. Xue, this is your daughter, isn't she, she's really pretty!"

Xue Xinlong pointed at Xue Jingjing and said with a smile, "Let me introduce you guys, this is my daughter Jingjing, she's been in America for many years and just came back not long ago."

"Oops!" Xu Liqin said happily, "Jing Jing looks like a lady's daughter and has stayed in the United States for so many years, she must be a highly talented student!"

Xue Xinlong smiled and said, "Highly talented students can't talk about it, but English is better than average."

Xu Liqin's heart blossomed with joy.

At this time, Xue Xinlong looked around and asked, surprised, "Why haven't you seen my future son-in-law?"

At this time, Sun Hongwei was surrounded by the Sun family, who were deadly preventing him from leaving.

When Xu Liqin heard this, she busily said, "Mr. Xue wait a moment, I'll tell Hongwei to come over to see you!"

1279

Xu Liqin said, quickly came to the crowd and said to Sun Hongwei, "Hurry up, come over with me to meet your future father-in-law, I'm telling you, if you mess this up for me, your father and I won't spare you!"

Sun Hongwei said in exasperation, "I'm already going to cut ties with you guys, there's no such thing as a future father-in-law!"

Surprised in her heart, Zhang Xiaoman looked at Sun Hongwei and asked, "Hongwei, what's going on?"

Sun Hongwei was getting angry, so he simply said in public, "My parents were so obsessed that they insisted that I go and be a catch for a boss's daughter. It's said that she's also pregnant with a black American child that she had to give birth to, and my parents want me to marry her!"

It wasn't just Zhang Xiaoman, Xiao Churan, Ye Chen and the three of them who were stunned, even the other Sun family members were stunned!

It's only then that Ye Chen realized that the couple had such an intentional plan, is Sun Hongwei their biological son? It was thanks to them that they could really make such a decision.

Xu Liqin said impatiently at this time, "Hongwei, I'm telling you, you mustn't be foolish at this time, the dowry is 50 million!"

The Sun family was horrified!

50 million dowry?

Oh, my God. Is that a good thing?

Sun Hongwei's cousin Sun Hongbin asked hurriedly, "Second aunt, since Hongwei is reluctant, why don't you introduce this good thing to me? Don't tell me you're pregnant with a black American child, even if you're pregnant with an alien child, I'm okay with rushing for 50 million!"

Xu Liqin's eyebrows stood up, "You wish, how can such a good thing be your turn? People are looking at us, but our family is magnificent!"

Saying that, she looked at Sun Hongwei again and scolded him with hatred, "See? Who wouldn't jump at this like a dog at the sight of shit? You're the only one who still fucking hides away, your father and I have been shrewd all our lives, how did we give birth to a stupid thing like you!"

Sun Hongwei said coldly, "I see this matter, since cousin is interested let cousin go, I'm definitely not going!"

Xu Liqin exploded with anger and took off to say to Zhang Xiaoman, "Surnamed Zhang, if you break up with my son, I'll give you five million!"

Zhang Xiaoman shook her head unmoved, "Auntie, I have real feelings for Hong Wei, even if you give me 50 million or 100 million, I won't break up with him!"

Sun Hongbin hurriedly came over and said, "Second aunt, if he doesn't want it, we can't miss it for nothing, right? You introducing her to me is also fat, the worst case scenario is that I'll turn around and give you five million kickbacks, that's always okay, right?"

"Get out!" Xu Liqin herself didn't like Sun Hongbin, their family was far inferior to her own.

So at this moment, seeing Sun Hongbin licking his face and trying to cut off her husband, she was furious inside.

From his point of view, even if his son couldn't get such a good opportunity, he would never introduce himself to Sun Hongbin.

How could he possibly give him a chance to ride on his head and shit on himself?

Sun Hongbin also didn't expect that Xu Liqin would speak so rudely and said with a somewhat unhappy expression, "Second aunt, what do you mean by that? We're all family, though."

"Get out! Who the fuck is family with you!"

Xu Liqin was already annoyed, seeing that he was still pushing the issue with himself here, she was even more angry.

Sun Hongbin was also angry, why did he scold himself in front of so many people? Did you provoke her or piss her off?

Here, he theorized aloud, "Auntie Two, you're going too far!"

At this time, when Xue Xinlong heard that the place was making noise, he stepped forward to the heel and asked, "What's going on here?"

Xu Liqin hurriedly said, "Mr. Xue, I'm really sorry, the child is only having trouble with me, but don't worry, I'm sure I'll talk him out of it!"

As soon as the words left his mouth, Sun Hongwei took the initiative and said, "Uncle Xue, I'm so sorry, I already have a woman I love, and I can't marry your daughter because I have to marry her."

"What the hell?" Xue Xinlong frowned and looked at Xu Liqin, "Bringing my girlfriends here and you're singing this for me? Are you kidding me? Or do you want to sit on your hands?"

"No no!" Xu Liqin hurriedly waved her hand and humbly said, "Mr. Xue, how dare I play you, this kid, he's a bit brainy, I'm educating him!"

Sun Hongwei snapped, "No need for education, I'm leaving!"

Xu Liqin snapped harshly, "How dare you! If you leave today, I'll break your legs!"

Ye Chen, who hadn't spoken for half a day, couldn't stand this Xu Liqin anymore at this point, and coldly shouted, "You bad wife, if you don't know how to behave, don't blame me for being rude to you!"

Xu Liqin immediately pointed at Ye Chen and said to Xue Xinlong, "Mr. Xue, it's this kid who has been compelling my son here, otherwise my son would have already agreed, don't worry, give me some more time!"

Xue Xinlong was already going crazy in his heart at this time, he could not wait for the next second to let his own daughter go to walk the red carpet with Sun Hongwei and get the wedding done.

So at this time, he didn't know that Xu Liqin was deliberately dumping the blame on Ye Chen, so he glared at Ye Chen and said, "Kid, if you delay my lady daughter's wedding today, I don't believe I'll find someone to fix you up!"

Ye Chen sized him up and sneered, "How hot is your daughter, anyway? Are you so anxious to get rid of this hot potato?"

Xue Xinlong gritted his teeth and said, "Kid, watch your words! If you mess with me, I'll make sure you're not going to get away with it!"

Sun Dewang also ran over at this time, seeing that Ye Chen actually choked with Xue Xinlong, immediately said nervously, "My dear family, you can't get along with this kid, lest you get angry and break your body."

After saying that, he said to Ye Chen, "Kid, we have never met and have no grudge, I don't want to provoke you, but you also don't want to provoke our family, today my son is getting married with Xue's daughter, please don't stay here and disturb."

"Exactly!" Xu Liqin also hurriedly said, "What's the point of an outsider getting involved in our family's affairs? Get out of my way if you're smart, don't delay my daughter-in-law today!"

After saying that, Xu Liqin and looked at Zhang Xiaoman with a face full of disgust, coldly, "And you, this shameless dog thing, not yet married, pregnant with my son's seed, the third tramp! Women like you are not welcome in our home, so get out!"

Xue Xinlong's face was ugly when he heard this.

After all, his own daughter was also pregnant with her black ex-boyfriend's seed without getting married, so Xu Liqin's words were very depressing to him.

Sun Dewang also saw that Xue Xinlong's face was very unpleasant, so he hurriedly shouted to Xu Liqin, "You stinky bitch, what are you talking nonsense?"

As he said that, he even made a wink at Xu Liqin.

It was only then that Xu Liqin suddenly realized that she had just scolded Zhang Xiaoman and even scolded General Manager Xue's daughter.

So she hurriedly said respectfully, "Don't be angry, Mr. Xue, I mean this little slut, your daughter is so noble, she even went to the United States to study, which is not comparable to this kind of cheap woman!"

When Zhang Xiaoman heard this, her tears of grievance kept flowing.

Xu Liqin saw that she was still crying and said in disgust, "What are you crying for? Did I frame you? A shameless dog, a family of nasty things, and you want to marry into our family? Not even taking a piss and looking at yourself, with that cheap look of yours, are you worthy of our family?"

Ye Chen was furious at this time, staring at Xu Liqin and saying coldly, "Bad wife, don't you just want this Xue's daughter to enter your Sun family's door and get that 50 million dowry by the way?"

Xu Liqin was also open-minded and said sternly, "Yes, that's what I think, what's wrong? What's it to you? Get the hell out of here with this little bitch yet!"

Ye Chen sneered and said, "In that case, I'll fulfill you today."

Xu Liqin grinned, "Count you as fucking sensible!"

Ye Chen laughed shamefully, "Don't rejoice too early, what I mean is, today your old father-in-law Sun Dewang must marry this Xue's daughter, otherwise, both your families will be finished!"
