

## Identity 1341

### Chapter 1341

When Ye Chen was channeling the medicinal power for Qin Aoxue, he deliberately used a few points of spiritual energy, allowing this spiritual energy to quietly nourish Qin Aoxue's entire body like a moist spring rain.

The effect of the spiritual qi was more powerful than the previous drugs that she had made by herself, it not only enabled Qin Ao Xue's body quality to be greatly improved, even her muscles, tendons, bones and internal organs were also greatly improved.

Although Qin Aoxue had been practicing martial arts for many years, she was still an ordinary person after all, and the effect of aura on an ordinary person was far more powerful than that of elixir.

The current Qin Ao Xue's physical strength was far from being comparable to ordinary people.

When Ye Chen said a great success to Qin Ao Xue, Qin Ao Xue let out a long breath, then hurriedly stood up and walked to the sandbag to do a few sets of striking movements.

However, because she didn't know how much Ye Chen had improved her physical fitness, she still used her full strength when hitting the sandbag.

However, when the punch went out, the sandbag exploded with a bang!

Qin Ao Xue used a top-grade boxing sandbag, this sandbag is made of whole buffalo hide, smooth and tough, even if it is used for a long period of time, it will not be deformed, not to mention will not be broken because of the power of the blow.

However, the Qin Ao Xue at this time was already unrecognizable.

Her physical quality had made a qualitative leap compared to an ordinary person.

The strength of a punch had also increased by at least several times compared to before!

Seeing that the sandbag was punched out by his own fist, and the fine sand inside spewed out and spilled all over the ground, Qin Ao Xue was speechless in surprise!

Only after a moment did she regain consciousness and turned her head to look at Ye Chen, exclaiming in shock, "Master Ye I my punch, how could it be so powerful?"

Ye Chen smiled, "Of course it's because of taking the divine medicine, not only can it save the dead and help the injured, it can also strengthen your body and fundamentally improve the strength of your body."

Qin Ao Xue was pleasantly surprised and said, "Heavens! It feels like this one pill is more effective than the five years of strength I've been training! This medicine is too divine!"

Ye Chen nodded, "Your current physical strength has far surpassed your opponents of the same level, so I believe that in the next competition, you will be able to go all the way and ask for the championship."

Qin Aoxue excitedly ran to Ye Chen's side, hugged his arm and said with red eyes, "Master Ye, thank you so much Aoxue never had the luxury of being able to have this kind of strength"

Saying that, she suddenly cushioned her toes, so she slavishly kissed Ye Chen's face.

With Ye Chen's reaction speed Ye Chen could have easily avoided the kiss, but for some reason, his legs just now were as if they were filled with lead and he couldn't move at all.

Or it could also be that deep inside himself, he didn't want to move at all.

Qin Aoxue was blushing with shame at this time, she didn't dare to look at Ye Chen, instead she twisted and whispered: "Master Ye, don't misunderstand, Aoxue is Aoxue just wanted to thank you"

Qin Ao Xue's voice became smaller and smaller, to the back, it was already faintly inaudible.

Ye Chen touched the spot on his face where Qin Ao Xue had kissed him and spoke, "If you continue to train hard, I think you might even be able to fight or even win glory for your country in the next Olympics."

"Really?" Qin Ao Xue was overjoyed and asked him, "Master Ye, do you think it's really possible for me to participate in the Olympics?"

Ye Chen smiled, "Your current physical quality is already at the top of your age group, as long as your skills, awareness and tactics can be improved, there's absolutely no problem in competing in the Olympics."

Qin Ao Xue nodded and said seriously, "If I can defeat Itachi this time, then I'm sure I'll be able to hit the Olympics!"

Ye Chen smiled slightly, "I'm sure you can!"

1342

Qin Ao Xue hurriedly said, "Master Ye, you must come to my competition the day after tomorrow!"

"Don't worry, I'll be there!"

At this moment, Yanjing CBD.

The country's largest entertainment company, Ying Hua Entertainment Group.

Ying Hua's top female artist, Gu Qiuyi, was in Ying Hua Entertainment's studio, shooting the cover of a fashion magazine.

This time, it was her fourth time to be on the cover of a fashion magazine, and for her, it was already a regular occurrence.

In the studio, Gu Qiuyi wore a black-and-white color-contrasting dress specially designed for her by Chanel, and she was cool with a bit of arrogance, a strong woman who can be seen from afar but not played with.

After the photographer had taken a number of pictures, Gu Qiuyi finally completed her task. The assistant beside her immediately came forward and handed over a glass of warm water and a packet of Xiao Lin stomach powder.

Gu Qiu Yi's brow was furrowed slightly, as if she was in some pain, and she immediately took the stomach medicine with warm water before it relieved a little bit.

At this time, the CEO of Yinghua, Yang Yingcheng, came over with a smile on his face and said in admiration, "Miss Qiuyi, your styling today is really wonderful! What a beauty! If this issue of the magazine goes on sale, it will be raided by fans again, and even flipped to ten times the price, just like the last issue!"

Gu Qiu Yi said indifferently, "Mr. Yang, don't let me be on the cover of the magazine again for a short time, I don't really like this feeling."

When Yang Yingcheng heard this, he hurriedly said flatteringly, "Oh my Miss Gu, it's the magazine that has been strongly inviting you to be on the cover, and it's not my decision ah!"

Gu Qiuyi said, "Then can you politely refuse? Every time I'm on the cover, you have to join forces with the magazine publisher to hype up the price of the magazine, and at twenty bucks a copy, you're going to hype it up to over two hundred bucks, which is a big disservice to your fans, and I don't want my fans to spend so much money on it."

"That's nothing." Yang Yingcheng said with a smile, "Fans are willing to spend high prices precisely because they like you, there was an ancient costume drama some time ago, the two men were on fire, that magazine of theirs, 20 yuan for one flipped to 300 yuan, sold more than 300,000 copies nationwide, the company behind this operation alone made tens of millions ah."

Gu Qiuyi spoke in a somewhat disgusted tone and said, "Mr. Yang, as I just said, I don't want to hurt my fans so much, so after this time, I won't be on the cover of any magazine for the next year."

Yang Yingcheng's expression was somewhat depressed, but he didn't dare to say another word.

Don't look at him as the boss of Ying Hua Entertainment, but in front of Gu Qiuyi, he could only nod and grovel.

The total assets of the entire Ying Hua Entertainment was only 20 billion RMB, and there were many shareholders behind it, and Yang Ying Cheng's own shareholding was only 30.

However, Gu Qiu Yi's family was the Gu family in the entire Yanjing, second only to the Su family and the Ye family.

With the strength of the Gu family, any little side piece can also buy up Ying Hua Entertainment.

The reason why Gu Qiuyi entered the entertainment industry was also not to make money, but solely out of personal preference.

She liked making movies and singing, plus she was the eldest daughter of the Gu family, so naturally, she had the full support of her family.

However, since she joined the entertainment industry, she had to operate according to the mode of the entertainment industry, and Gu Qiu Yi also needed an economic company to help her coordinate all kinds of work, as well as all kinds of promotions.

Therefore, Gu Qiuyi joined Yang Yingcheng's Ying Hua Entertainment.

As to why she chose to join the company, it was because Yang Yingcheng was the classmate and sidekick of Gu Qiuyi's father when he was studying abroad.

Therefore, Gu Qiuyi has a superior status in Ying Hua Entertainment, and is the only one among the countless artists in the entire Ying Hua Entertainment who can make her boss, Yang Ying Cheng, grovel.

1343

After completing the filming, Gu Qiuyi opened her mouth and said to Yang Yingcheng, "Mr. Yang, if there's nothing else, I'll go back first, I'm not feeling too well today."

Yang Yingcheng hurriedly asked with concern, "Miss Qiuyi, has the stomach discomfort not adjusted yet?"

Gu Qiuyi shook her head and said, "A while ago, I was filming in the United States, the diet and the soil and water are really not too well adapted, plus the filming time is long, so some spleen and stomach hurt, I am going to recuperate at home during this time, don't give me a job in the next month."

Yang Yingcheng who dared to disobey, busy said: "Miss Qiuyi rest assured, this month you just step down at home to recuperate, some other day I will definitely visit your father to apologize, you go to the United States to film the period of time, I should give you with two chefs, take good care of your diet and living, are my thoughtlessness."

Gu Qiuyi waved her hand slightly: "This has nothing to do with you, you don't have to take it too personally, I'm going back first."

Yang Yingcheng eagerly asked, "Miss Qiu Yi, do you want me to send a car to drive you?"

Gu Qiuyi shook her head, "No need, my nanny car is downstairs at the office."

At this time, Gu Qiu Yi's agent, an imposing beauty of similar age to her, stepped in and saw that Gu Qiu Yi was ready to leave, so she asked, "Qiu Yi, has the film finished?"

Gu Qiuyi nodded, "After all the filming, I won't be working for the next month, so if you have a job, hang on to it for me until I've recovered."

As soon as the agent heard this, she immediately said, "That's fine, then I'll have the work on me for the next month."

Saying that, she casually shook a document in her hand and said, "There's a company in the pharmaceutical industry in Jinling that wants to ask you to endorse their stomach medicine, I was going to let you take a look at their information, in that case, let's wait a month."

Gu Qiuyi gave a hmmm and was about to walk out, but suddenly asked with some curiosity, "You said you were endorsing the stomach medicine?"

"Right." The economist smiled and said, "That medicine of theirs, called what is called Jiu Xuan Stomach Disperse, hearing the name is mysterious, it doesn't feel like it's very reliable, so I'll just reject it."

Gu Qiu Yi nodded her head, but then said subconsciously, "Right, let me see the information of their stomach medicine."

This period of time, Gu Qiu Yi herself had been suffering from stomach problems.

This kind of stomach disease of hers was actually either a pathological lesion and damage, or a spleen and stomach disorder caused by long-term water and soil disorders and poor diet.

She went to the hospital several times, and also took some Western medicine, but basically they have no effect.

The only one that worked was Xiao Lin Stomach Disperse.

However, although this medicine was effective, it also had its embarrassing point.

That is, this medicine treats the symptoms but not the root cause.

When you take a packet of Kobayashi Stomach San when your stomach discomfort is strong, you will get immediate relief, but this link is time-sensitive.

When can it last for five or six hours, but it's possible that it can only last for one or two hours when it's bad.

Gu Qiu Yi had been taking Xiao Lin Stomach Dispersion for a whole week, and over the past week, she had been using more and more of it, but once the effects of the medicine passed, she still still had a strong feeling of discomfort, which meant that essentially, her spleen and stomach disorder had not been treated in any way.

Therefore, she was planning to find a top Yanjing Chinese medicine practitioner to help her take a look at the next month and take a few herbal medicines home to take care of it.

But seeing such a coincidence, there was a pharmaceutical company that wanted her to endorse their stomach medicine, which made her a little interested all of a sudden.

So she asked her agent for the information about Jiu Xuan Stomach Disperse and read the introduction about it.

According to the introduction, Jiu Xuan Stomach Disperse is an innovative Chinese formula extracted from ancient Chinese medical textbooks to nourish the stomach, and then supplemented with modern pharmaceutical technology for secondary development, which is very effective in relieving and treating stomach discomfort, various stomach diseases, spleen and stomach disorders.

1344

This made Gu Qiuyi very curious.

She knew that Xiao Lin Stomach Disperse, which was effective, sold well and had a good reputation, was actually developed based on an ancient Chinese formula, and to be frank, it was plagiarized from the medical achievements of the Chinese ancestors.

However, she also had to admit one thing, Xiao Lin Stomach Dissolution was indeed much more effective than many of the same type of Chinese patent medicines produced by domestic pharmaceutical companies.

So, she didn't know, how much strength this Jiu Xuan Stomach Dispersion had of Xiao Lin Stomach Dispersion.

However, the name of Jiu Xuan Stomach Disperse was something she personally liked.

Jiu Xuan meant nine heavens above, which was a term that had evolved based on ancient Chinese mythology.

In ancient China, the number nine, was the largest number, so it had the meaning of ascending to the top.

These nine heavens, then, represented the highest existence.

So, Gu Qiuyi asked her agent, "Did they give the sample?"

"Here."The agent hurriedly took out a small packet of Jiuxuan Stomach Dispersion from an express document envelope and handed it over.

Gu Qiuyi was stunned and asked out of the blue, "What the hell?Just a little packet like that?"

"Yeah," the agent said awkwardly, "There's a little note inside this envelope."

"What did the note say?"

The agent said, "The note says: one packet is enough for the spleen and stomach; good or bad, you can tell when you try."

The first thing you need to do is to take a look at the newest version of the newest version.

The agent said awkwardly, "Who knows what they're up to, it could just be claptrap."

Gu Qiu Yi said in a puffed up voice, "I still don't believe this evil of his, I have to try, how magical is this medicine!"

Saying that, she prepared to rip open the tiny package.

"Don't, Quyi!"The agent quickly stopped her and spoke up, "We don't know anything about what this wants right now, what if he's a triple-product, what if you eat it and get some more damage, or get poisoned by an overdose of heavy metals?"

Gu Qiuyi asked her, "Is there an approval for this medicine?"

"Let's see."The agent looked over the information that came in the mail, nodded and said, "It says that there is an approval on this, but the approval has just come down recently."

Gu Qiuyi said, "Don't care how long it's been down, as long as there's an approval it's definitely a regular production, even if it doesn't have any effect, it's definitely not a poison, I'll try it."

The agent said, "It's better not to try it Qiu Yi, the Japanese Kobayashi Stomach Powder can't even regulate your spleen and stomach, and something produced by a small, unknown pharmaceutical company in Jinling will definitely be even worse."

Gu Qiu Yi said with a straight face, "Duo Duo, I'll have to criticize you for this, how can you fawn over foreigners so much? On what basis do you think that the Wei-San produced by domestic pharmaceutical companies is not as good as the Japanese Kobayashi Stomach Disinfection?"

Her agent, Chen Duo Duo muttered, "I am not worshipping foreigners, I am afraid that you eat this stomach spread out some condition."

Gu Qiuyi smiled and said, "Then I'll try it now, if there's any problem, you call 120 for me."

1345

The moment Gu Qiuyi opened this packet of Jiu Xuan Stomach Dispersion, which only had 13 grams of powder, the moment the packet was torn open, she smelled a very strong medicinal fragrance.

Although similar medicines such as Xiao Lin Stomach Powder and Tai Tian Stomach Powder also had a stronger medicinal fragrance, but Gu Qiu Yi felt that the smell of the other two was far less pleasant than that of Jiuxuan Stomach Powder.

Chen Duo Duo, who was on the side, also smelled the smell and said nervously, "Qiu Yi, this medicine smells so good, it wouldn't have added any fragrance, right?"

Gu Qiu Yi gave her a blank look: "Don't talk nonsense, this is obviously the authentic herb scent, proving that people are using the best herbs."

Saying that, she tilted her head up and poured the medicinal powder in the bag into her mouth.

Instantly, a clear and cool taste quickly melted in her mouth.

Gu Qiuyi hurriedly drank a mouthful of warm water and sent the medicinal powder into her abdomen.

In the next moment, she felt her stomach become warm, just like the feeling of returning home to soak her cold feet, after walking outside for a long time on the thirty-nine days of winter, into the warm water, it was very comfortable.

She couldn't help but exclaim, "This medicine works wonders! My stomach just got a lot better!"

"Yes?" Chen Duo Duo was surprised and asked, "Is it that magical? Which one is better than Kobayashi Stomach Disinfection?"

Gu Qiu Yi cut off the nail and said, "Of course it's this! This is so much better than Kobayashi Stomach Powder! Jesus! The warmth in my stomach was even still there, it seemed to be flowing through my stomach, which felt fantastic This month, my stomach had never felt so relaxed! It's simply like getting back to normal!"

"I've taken so much Kobayashi Stomach Disperse, and every time I've taken it I've only been able to relieve the pain to a certain extent, but I've never had such complete relief, and it's kind of amazing how this medicine works!"

As Gu Qiuyi's manager, Chen Duo Duo spent time with her every day, naturally knowing that Gu Qiuyi was suffering from a stomach disorder for over a month.

She also knew how many attempts and efforts Gu Qiu Yi had made to cure her stomach discomfort.

Unexpectedly, what really gave Gu Qiu Yi great relief was a new domestic medicine that was not well known.

Gu Qiu Yi couldn't help but say, "I'll have to observe and see how long this medicine can top it!"

Chen Duo said, "So what are you going to do now? Is it home or?"

"Go home." Gu Qiuyi said, "It's been several hours since the photo shoot, I'm really too tired, I want to go home and rest first."

Chen Duo Duo nodded, "That's fine, I'll have the driver drive the car to the elevator now!"

Gu Qiuyi told her to pack her things. Go downstairs and take the car back to her own villa.

On this journey, she had been worried that the discomfort in her stomach would return, but she hadn't expected that it would be as if her stomach had returned to normal, and it hadn't been repeated.

Returned home and rested for the afternoon.

The out-of-order spleen and stomach hadn't been giving her any more trouble.

This made Gu Qiu Yi very happy, and her entire body was finally able to lift a load.

Until she went to sleep at night, Gu Qiuyi's spleen disorder did not recur again.

1346

During this period of time, she was in pain every night, because at night, the feeling of stomach discomfort would come, more intense and more frequent.

So it's impossible to get a good night's sleep at all, generally speaking, she would wake up with pain for an hour or two, then take a packet of Xiao Lin Stomach Disinfectant and go to sleep, then wake up with pain again after an hour or two of sleep, and so on and so forth.

After a night like this, it was no different from just after a war, and it was a great drain on her physical strength and energy.

However, this night, she finally experienced the happiness of waking up from a natural sleep again!

From the time she went to bed at ten o'clock at night until eight thirty the next morning, Gu Qiuyi did not feel any discomfort.

After she woke up at 8:30, she climbed up from the bed, which was why she felt slightly more discomfort in her stomach.

She could not help but marvel in her heart, she did not expect that a small packet of Jiu Xuan Stomach Powder could have such a good effect, the effect of the medicine lasted for almost twenty hours!

It should be known that the same small packet of Kobayashi Stomach Disperse could only last about two hours.

Moreover, the effect of Kobayashi Stomach Powder for those two hours can only provide some degree of relief, not complete relief, but the effect of Jiuxuan Stomach Powder for those twenty hours is complete relief!

In that comparison, Xiao Lin Stomach Powder is far inferior to Jiu Xuan Stomach Powder!

Gu Qiu Yi was shocked while also looking forward to, being able to hurry up and get some more Jiu Xuan Stomach Dispersion, to take it first before her stomach gets uncomfortable!

However, she only remembered at this time that that Jiu Xuan Pharmaceutical, had only sent Chen Duo Duo a sample packet!

Gu Qiuyi couldn't help but gasp to herself, "What kind of a stingy company is this Jiuxuan Pharmaceutical?"

"Trying to get yourself to endorse their drug and only giving that small sample packet?Overkill!"

"You could at least give a box!"

"It's really annoying!"

After saying that, she immediately pulled out her phone and called Chen Duo Duo, "Duo Duo, that Jiu Xuan Stomach Powder, is it on the market now?Where can I buy it?"

Chen Duo Duo said, "The information they gave me said that they've gotten the approval to start mass production now, but, they didn't go on sale immediately, saying that they'll only promote the listing in a high-profile manner after the spokesperson is finalized."

"Geez annoying!"Gu Qiuyi said, "You give them a call and tell them that I'm willing to endorse their drug, but only if you can find a way to send me some more over immediately!"

Chen Duo Duo exclaimed, "Qiu Yi, are you really going to endorse this drug?Honestly, this drug doesn't fit your image profile!"

Gu Qiuyi asked, "Why doesn't it fit?Am I not allowed to endorse stomach medicine?"

Chen Duo Duo busy said, "I can endorse, but not this kind of ah Listen to the name, Jiu Xuan Stomach Dissolve, how earthy it is, put together with a big star like you who takes an international route, it's completely earthy, not worthy of your style!"

Gu Qiuyi said in a puffed up voice: "Don't talk nonsense if you don't understand!That's a great name!Didn't I tell you?Jiu Xuan means nine heavens. Do you know that in a poem of a great man, it is written that one can go up to nine heavens to see the moon and down to five oceans to catch a turtle.

"And! People's medicine is so effective, it's the best stomach medicine I've personally experienced, and I'm certainly willing to endorse and recommend such a good thing to the people of the country and the world, which is my little contribution!"

Chen Duo Duo said, "Okay, okay I'll contact this pharmaceutical company and ask them to prepare more samples over first, then I'll talk to them about the endorsement contract."

1347

When Chen Duoduo called Wei Liang, Wei Liang was supervising the production of Jiu Xuan Stomach Disperse at Jiu Xuan Pharmaceutical.

Now, the entire Jiu Xuan Pharmaceutical's entire production experience was focused on one drug, Jiu Xuan Stomach Disperse.

Because the efficacy of the medicine was so good, Wei Liang was convinced that after it was released on the market, it would quickly catch fire all over the country and even the world.

Therefore, he followed Ye Chen's request to produce it at full power to prepare for the official launch.

Receiving the call from Chen Duo Duo, Wei Liang smiled and asked, "Miss Chen, I wonder how Miss Gu has considered the endorsement?"

Chen Duo Duo said: "It's like this Mr. Wei, our Miss Qiu Yi has never endorsed any medicine before. The reason why she agreed to endorse your family's Stomach Dispersion is indeed because she personally took this medicine and felt that it was very effective, so our Miss Qiu Yi decided to endorse your family's product and called here just to talk to you about the details of the specific cooperation."

Wei Liang was delighted, busy saying, "Miss Chen, please speak."

Chen Duo Duo said, "Miss Qiu Yi's endorsement fee is 80 million RMB, and the endorsement is valid for three years, during these three years, she can shoot two commercials for your company per year, print ads and one TV commercial, as well as attend one event per year for your company."

Wei Liang exclaimed in shock, "Eighty million? Isn't that a little too expensive."

Chen Duo said, "Expensive? This price, it's already last year's market, some time ago, a Japanese car company, offered Qiu Yi to 130 million endorsement fees, Qiu Yi didn't accept."

Wei Liang was secretly shocked to hear this, but he also knew that Gu Qiu Yi was an international star with a great reputation, and she was definitely one of the leading stars in China, so it should be normal for the price to be more expensive.

Although 80 million was a lot, it really wasn't much to the current Jiuxuan Pharmaceutical.

So, he then spoke up, "80 million is not a problem, but we hope that Miss Gu can come to Jinling to sign a contract with us as soon as possible, and also, it would be best for our advertising shoot to take place in Jinling."

"That's no problem." Chen Duo Duo said, "But I have an unasked favor to ask, I wonder if I can trouble Mr. Wei to send us some more Jiu Xuan Stomach Powder over by the fastest express?"

Wei Liang was busy saying, "Sorry Miss Chen, our Stomach Disperse is not officially on the market yet, so according to the regulations, we can't disclose the merchant in advance, and mailing you that small packet before is already an exception."

Chen Duo Duo said with dissatisfaction, "Mr. Wei, we are about to cooperate deeply, so why are we still so rigid? Our Miss Qiu Yi was filming in the United States some time ago, her spleen and stomach were a little out of balance, and recently there has been no improvement, after taking your Jiu Xuan Stomach Powder, there is indeed a great improvement, that's why I was entrusted to negotiate a little more medicine with your side, to help her recover as soon as possible."

Wei Liang said helplessly, "I'm really sorry Miss Chen, this matter was stipulated by our boss, we had encountered Japanese pharmaceutical companies trying to steal our prescription in the beginning, so we are very cautious about this, and I can't disobey our boss's wishes, otherwise I wouldn't have to work as a general manager."

"Since Miss Qiu Yi has agreed to endorse our Jiu Xuan Stomach Powder, and she really needs this medicine, we can ask her to come to Jinling as soon as possible, so that we can provide her with enough Jiu Xuan Stomach Powder while we carry out our cooperation."

"Right, please tell Miss Qiu Yi that this Stomach Disperse of ours is extremely effective, and if Miss Qiu Yi only has an upset spleen and stomach, I believe she can be completely cured in three days after taking the medicine."

Wei Liang didn't know the true details of Gu Qiu Yi's true background when he sent the cooperation intention to her agent.

Like all ordinary people in the market, he thought that Gu Qiu Yi was a popular star, but didn't know that Gu Qiu Yi still came from a famous family.

1348

There is a very interesting phenomenon in the entertainment circle, the stronger the background, the more they like to package themselves as grassroots with a very ordinary background, while those with little background, on the contrary, they like to package themselves in all kinds of ways, making themselves look like they come from big families, as if this will make people look up to them.

In fact, Gu Qiu Yi is the one with the strongest background, bar none, in the entire domestic entertainment circle.

Therefore, Gu Qiu Yi is also very self-disciplined in the entertainment industry, never spreading any gossip, and will not do anything that will damage her reputation.

Other stars, who usually took jobs and endorsements everywhere, no matter what they were asked to endorse, they would immediately sign a contract as long as they were paid.

However, Gu Qiu Yi was a different kind of star, she rarely took up advertising endorsements.

On one hand, she didn't lack money, and on the other hand, she was very cautious because celebrity endorsements often caused accidents, so she was very cautious about it.

The products she endorses are few and far between, and most of them are virtual products of big companies. For example, she signed up to be the spokesperson for Steady Sound and the ambassador for WeChat some time ago, but some companies that produce and sell physical products spend a lot of money to ask her to be their spokesperson, which she usually won't accept.

The reason why she won't accept them is because she doesn't want her fans to blindly buy her products because they like her, otherwise she will be responsible for any problems that may arise.

Once, there was a famous comedian who endorsed a weight-loss product, which was later defined as counterfeit.

There was also a famous martial arts action actor who endorsed an anti-loss shampoo, which resulted in a media report that the shampoo contained carcinogens.

Such things were endless in the entertainment industry, so Gu Qiuyi was very cautious, and she really wasn't short of money, so she wasn't too interested in the endorsement itself.

But this time, Jiuxuan Stomach Disperse gave her a very different feeling.

First of all, Jiu Xuan Stomach Disperse was really effective!The effect is much stronger than any kind of stomach medicine you've ever taken, and Red Yield Xiao Lin Stomach Dispersion is simply small compared to it, more than 10 times worse.

Secondly, Jiu Xuan Stomach Dissolution was an ancient Chinese formula discovered from China, which was very respectable to Gu Qiu Yi.

These days, most people are deliberately smearing TCM, and there are also many people waving the banner of TCM, the people who are truly willing to respect TCM and carry it forward are too rare.

In addition, Gu Qiuyi herself is a very patriotic actress, she knows that many Japanese and Korean pharmaceutical companies are crazy to discover the ancient Chinese formula, and she is quite angry about this, and also has a feeling of hatred towards the domestic pharmaceutical companies.

Now, however, she was very appreciative of Jiuxuan Stomach Dispersion's parent company, Jiuxuan Pharmaceutical, and even, saw this company as a hope for the flourishing of Chinese medicine.

It was because of these reasons that she had the decision to endorse Jiu Xuan Stomach Disperse in her heart.

In addition, there was another key reason, because she urgently needed more Jiu Xuan Stomach Disperse.

In her eyes, the only medicine that could cure her spleen and stomach disorder right now was Jiu Xuan Stomach Dispersion!

So, after hearing Chen Duo Duo's feedback, she immediately made the decision to go to Jinling tomorrow morning!

When Gu Qiuyi departed to come to Jinling, Ye Chen just happened to go out to the gymnasium on a battery-operated bike.

Today was Pepper Qin Ao Xue's top eight match.

She was going to face the third seed of the tournament, Brazilian player Joanna.

The two of them will determine a player who can step up to the top 4 in today's match.

If Qin Aoxue is able to go all the way, she will have to play another 4-2 after winning today's match.

If she also wins the 4-2, then she will be ready to play the final match.

With a full count, there were only three final matches left before the championship.

So, Ye Chen decided to never miss a single match of Qin Aoxue in the future, and must see her win the championship with his own eyes.

Just as Ye Chen was on his way to the stadium by taxi, Wei Liang called him and opened his mouth, "Master Ye, I just received a call, the popular actress Gu Qiuyi, and her agent are ready to take off and come to Jinling, they are expected to land in Jinling in 1 hour and 40 minutes, I have arranged a fleet of vehicles to meet them at the airport, first invite them to visit Jiu Xuan Pharmaceutical, you have to come along!?"

Ye Chen said, "I won't go over there, now I have to go watch Qin Ao Xue's match, you can entertain them yourself."

Wei Liang asked again, "I plan to arrange for them to have dinner at Shangri-La in the evening and then arrange for them to stay at the Shangri-La Hotel, do you see any problem with that?If it's okay, I'll give Mr. Chen a call."

Ye Chen said, "I don't have any problem, let Chen Zekai arrange this matter."

"Then Master Ye, are you still coming over tonight?"

Ye Chen suddenly remembered his wife Xiao Churan, so he said, "Right, my wife is a hardcore fan of Gu Qiu Yi, I'll bring her over with me tonight, but don't reveal my identity to this Gu Qiu Yi yet, when we meet at the dinner table, just say that I'm one of your medical consultants, so that my wife won't get suspicious."

"Okay Master Ye, I got it!"

After Ye Chen hung up the phone, he called his wife, Xiao Churan, again.

Xiao Churan was busy working in the company at this time, and when she received the call from Ye Chen, she smiled and asked, "Honey, what's the matter with calling me during working hours?"

Ye Chen seldom heard Xiao Churan call herself husband, but since the two of them kissed that day, their relationship had indeed increased quite a bit, and she had become more intimate with herself, so this call of husband was extraordinarily soothing to Ye Chen's mood.

He smiled and said to Xiao Churan, "Wife, there's nothing planned for the evening, right?"

"No. Why?"

"Oh, it's nothing, it just so happens that a friend who owns a pharmacy is having dinner tonight, and he said he wants me to bring you along."

"A friend who runs a pharmaceutical company? Why would I want to buy you dinner?"

Ye Chen smiled and said, "Hire me as a consultant ah, you forget, I am more or less good at Chinese medicine, our father was injured and had bruises on his head before, or I prepared the medicine to cure him."

Xiao Churan remembered this and said with a smile, "I'm really forgetting soon if you don't say anything, you two are having dinner, is it appropriate for me to follow?"

Ye Chen smiled, "Appropriate, of course it is! Let me tell you, he also invited other distinguished guests, so I can introduce you guys then."

Xiao Churan said, "Fine, I have nothing to do in the evening anyway, I'll listen to your arrangements."

"Okay, then I'll call you again this afternoon."

Xiao Churan said, "Okay, then I'll hang up first, I still have things to do."

Ye Chen hurriedly said, "Good wife, kiss before hanging up!"

"Don't," Xiao Churan said shyly, "You're getting more and more inchy now."

Ye Chen smiled playfully and said, "Hehe, wife ah, we both kissed mouth to mouth, what's the fear of kissing on the phone? Come. Hubby will kiss you first!"

Saying that, a kissing sound was made from the mouth.

Xiao Churan's phone call on the other side of the shyness is hard to bear, and her voice is also a bit shy, "Really convinced you, the phone can play rogue!"

Ye Chen laughed, "You're my own wife, how can this be considered hooliganism?"

He said, "My wife, just one kiss, okay? Please!"

In the high society of Jinling, almost everyone knew that Grandmaster Ye Chen Ye was a true dragon on earth, and ordinary people would bow and scrape when they saw him, how had they ever seen him begging others?

It was just his wife, Xiao Churan, who could make him beg so much.

The first time I saw it, I was so shy that I felt a little sweet in my heart, so I said in a delicate voice, "Okay, okay, I'm afraid of you, just a little bit, but don't let me get an inch."

"Okay, just one kiss, one kiss and I'll hang up."

Only then did Xiao Churan shyly let out a kiss.

This kiss sounded like Ye Chen's bones were getting crispy.

So, he deadpanned, "Good wife, just now the sound was too low, I didn't hear it clearly, let's have another one!"

Xiao Chorán said with a trifle of anger, "You bad guy, I knew you didn't have good intentions, hang on!"

After saying that, he shyly hung up the phone.

Ye Chen listened to the beeping sound coming from the phone and smiled hehehe, only then did he contentedly put his phone into his pocket and continued to ride his wind-pulling little electric donkey towards the stadium.

At this time in the gymnasium, the previous eight rings had become four.

The venue was suddenly a lot emptier, but correspondingly there were many more spectator seats.

After all, it had reached the top eight, and the more the match went on, the stronger the players became and the more spectator-friendly the match became.

In this match, Ye Chen was no longer a mere spectator, but Qin Ao Xue's coach now.

So when he arrived at the gym, he went directly to the backstage contestant lounge.

At this time, Qin Ao Xue had just changed into her competition uniform and then approved another blanket outside to keep her warm.

Seeing Ye Chen coming, she was extremely happy and asked him in a delicate voice, "Master Ye, what tactical arrangement have you made for Aoxue today?"

Ye Chen smiled: "There is no tactical arrangement today, you have improved your health so much now, I believe that this match is more than enough for you, you just need to go all out to play."

Qin Aoxue blushed with shame and asked, "Master Ye, you are so confident in Aoxue ah? Aren't you afraid that Aoshi will lose this match?"

Ye Chen said with a serious face, "I believe that the little pepper Qin Aoxue in everyone's eyes will never let me down."

Qin Aoxue's pretty face blushed and said shyly, "Don't worry, Master Ye, Aoxue will definitely do her best!"

Separated from her lounge, just a wall away, was the room of Itachi Nana-chan.

At this time, Yamamoto Kazuki also said the same words as Ye Chen to her, "Cabbage Patch, today's match, the opponent's strength is far inferior to yours, so I won't make any tactical arrangements with you, I'm sure you'll win easily."

Cabbage Ito nodded and said seriously, "Master, don't worry, Cabbage will definitely take this victory!"

As I was saying, a knock suddenly sounded at the door.

Tanaka Koichi, who had been standing at the door, hurriedly opened the door and saw Kobayashi Jiro, who was dressed in a blue suit and somewhat handsome, standing at the door with a bouquet of roses in his hand.

As soon as the door opened, he stepped in, smiling and saying to Itachi, "Miss Itachi, I have come to wish you victory in the flag!"
