

Identity 1381

Chapter 1381

Hearing Ye Chen's affirmative reply, Gu Qiuyi's mood was only slightly better.

Stopping her tears, she carefully wiped away the residual tears from the corners of her eyes with her fingers and laughed to herself, "Hey, I've made brother Ye Chen laugh, actually I hadn't cried for many years, but as a result, from the time my dad got sick until now, it's like I'm back to being a child, tears just flow when I say they do, I'm really useless."

Ye Chen smiled slightly and said comfortingly, "Don't think like that, people have seven emotions and six desires, they will laugh and cry, they will be happy and sad, there's nothing useless."

Gu Qiuyi nodded her head gently and asked, "Brother Ye Chen, do you still shed tears now?"

Ye Chen smiled bitterly, "The tears shed too much when I was 8 years old, it seems like I have shed all my tears in my life."

Gu Qiuyi grabbed his arm with both hands and said with red eyes, "Brother Ye Chen, you have suffered for so many years."

Ye Chen smiled calmly, "People say that suffering is a blessing, I didn't believe in it before, but then I did."

Ye Chen felt that the greatest situation in his life wasn't being found by Tang Sihai again, but accidentally receiving the Nine Xuan Heavenly Scriptures by accident.

Without the Nine Xuan Heavenly Scriptures, even if he was the young master of the Ye family, he might not have the kind of top-notch strength he had now.

And all the respect that he had earned now was not by the words Ye Family Young Master, but by his own strength, which was crucial!

Throughout the country, there are countless powerful families and wealthy second-generation people of superior status.

The respect of all?

There is a real estate developer's son, wrapped himself in red, packaged as a national husband, those years when the economic situation was good, he casually made a little investment, achieved good results, so by the whole nation as an investment genius.

However, when the economic situation took a sharp turn for the worse, his business immediately went bankrupt, owed hundreds of millions, even billions of dollars in foreign debt, once became the laughing stock of the whole nation.

The reason for this was because of his own original lack of strength. It was because of his own original lack of strength, and when he left the aura, he would immediately expose a large number of shortcomings.

However, the current Ye Chen, even if he returned all of the 10 billion RMB given to him by the Emperor Group as well as the Ye Family, he was still the same True Dragon Ye Master on Earth that everyone respected immensely.

Not to mention, he could win tens or even hundreds of billions of dollars of wealth and make countless big names from top families grovel to him with just a few rejuvenation pills.

And all of this was the chance given to him by the Nine Xuantian Scriptures.

Without those hardships he had suffered as a child, how could he have allowed himself to coincidentally obtain the Jiu Xuan Heavenly Scripture in Song Wanting's Jiqing Hall by chance?

Therefore, Ye Chen believed that the heavens were fair.

Just like Mencius said, the heavens will descend on people, they will first suffer their hearts and minds, labor their sinews and bones, and starve their bodies.

At this time, Wei Liang sent a WeChat to Ye Chen, which read: "Master Ye, Miss Chen and I have finished the contract, when do you think we will go to Shangri-La for dinner?"

Ye Chen replied to him, "You and Miss Chen will wait for a moment."

Then, he put away his phone and said to Gu Qiuyi, "Inan, Wei Liang and Miss Chen's side is basically finished, we will go to Shangri-La for dinner right away, but I still have one more thing that I want to ask for your help."

Gu Qiu Yi busy said, "Brother Ye Chen why are you so polite with me?"

Ye Chen nodded his head and said seriously, "My wife is a fan of yours and has always liked you very much, I'm going to ask her to join me for dinner tonight, is that okay with you?"

1382

Gu Qiuyi's mood was a bit complicated, looking into his eyes and pouting, she asked, "Aren't you afraid that I'll tell her that I'm the one who's your fiancée, and she's the third party interfering?"

Ye Chen was embarrassed, "So I have an additional request."

Gu Qiuyi snorted lightly and said in a puffed up voice, "You want me to hide this layer of my relationship with you in front of your wife, right?"

Ye Chen said, "She thought I was an orphan and didn't know my identity and family background, and I didn't want her to know."

Gu Qiuyi was puzzled and asked, "She is your wife, are you not even going to tell her your own true identity and plan to keep it hidden from her?"

Ye Chen said, "Not telling her is not because you want to keep hiding it, but the time is not ripe enough now, let's talk about it when the time comes."

Gu Qiuyi wrinkled her nose and said, "I do want to know, when you meet my father, how will you tell him that you've been married!"

Ye Chen said seriously, "I will personally come to the door and take the blame when the time comes!"

Gu Qiuyi had a few grievances in her heart and deliberately didn't speak to him anymore.

Ye Chen added: "Right, in any case, when you meet my wife, don't reveal that I'm the owner of this company, I usually tell her that I'm a feng shui reader, then you should tell her at the dinner table that your family's feng shui is not too good and you want me to go over to help take a look at it, so that I'll agree on the spot at the dinner table in front of my wife, then you can prepare to go! It's Yanjing now."

Gu Qiuyi retorted, "Do you and your wife have feelings for each other or not?"

"Yes, why do you ask?"

"If you have feelings, then why are you still hiding everything from her? Not a word of truth, just no emotion, right?"

Ye Chen shook his head: "You don't understand, because of the feelings, so many things have to be gradual, this is the biggest protection for her, otherwise think about it, when she married me, she thought I was an orphan with no father, no mother and no one to rely on, three years later, I suddenly told her that I am the young master of the Yanjing Ye family, can she accept it?"

"Why is that unacceptable? What woman doesn't want her husband to have status and ability? Does she prefer you to be a poor, destitute man?"

Ye Chen said, "My wife is a person you don't understand, she's different from other women."

Gu Qiuyi said with dissatisfaction, "Moving your wife, your wife, did you consider my feelings when you said these words? Do you know that I have always felt since I was a child that I would definitely marry you for the rest of my life, even when you disappeared for more than ten years, I had such a premonition, and now that I have found you so easily, you open and close your mouth to be your wife, do you know how I feel?"

Ye Chen was ashamed, "I'm sorry, it's all my fault."

Gu Qiuyi's heart softened again when she saw that he was really full of apologies, and then thought of the pain he had suffered for so many years.

So, she sighed and said softly, "I'm sorry brother Ye Chen, I didn't mean to be unforgiving, I just didn't control my emotions for a while, don't mind."

Ye Chen was busy saying, "How come? I wouldn't mind."

"That's good."

Gu Qiuyi gave a slight pause and asked him again, "Brother Ye Chen, do you have a child now?"

"Uh" Ye Chen said awkwardly, "Not yet"

Gu Qiu Yi was relieved: "Quite well, I am after all the eldest Miss of the Gu family, and a star with a bit of fame, marrying a divorced man in the future would have been a bit humiliating, if I were to also be a stepmother to someone else, I wouldn't be laughed to death by those bastards in the capital!"

Ye Chen was shocked by Gu Qiuyi's words.

Marrying a divorced man, was this talking about herself?

This Gu girl is too stupid, isn't she? It's just a verbal agreement between parents from childhood, who cares about that in what age?

Looking at her young, beautiful, cold and arrogant, she is definitely the kind of girl who has special ideas, so why is she thinking so conservative?

Thinking about it, he couldn't help but say, "I say inan ah, inan ah, that thing between us when we were young, really can't be taken seriously, you must not be unable to think and delay their own happiness ah!"

Gu Qiu Yi was incredibly serious and said, "Ye Chen! You're a heartless, bad man. I've waited for over ten years and now you're telling me I can't be serious? Do you believe I'm going to hold a press conference tomorrow and just announce our engagement?"

Saying that, Gu Qiuyi wrinkled her nose at him with a face full of threats, "Tell you what, Miss Ben's fans are like clouds, don't blame me for inciting them to target you when the time comes! I'll make you the most ungrateful man in the world and have you accused by a thousand men!"

Ye Chen was defeated.

He knew that Gu Qiuyi must have taken it seriously, otherwise she wouldn't have searched for herself with her father for so many years.

If he continued to say such words that didn't have to be taken seriously, he would be erasing and negating the other party's persistence and efforts over the past ten years.

Therefore, out of respect for Gu Qiu Yi, he seriously said, "Inan, you and I have just reunited after so many years apart, many things should be discussed in the long run, you just give brother a face, today we will first deal with the matter of cooperation and the matter of eating with my wife and your sister-in-law!"

"As for the rest of the matter, the two of us can talk and talk slowly, besides, didn't I promise you that I would go to Yanjing and visit Uncle Gu in a few days?"

Gu Qiu Yi's expression eased a bit at this point and muttered, "OK! I'll give you this face! Wait until you go to Yanjing and explain this to my father yourself. Let's see if my dad doesn't beat you up then!"

After saying that, she deliberately stared at Ye Chen with a vicious glare, and whirled around, "Go go go, hurry up and arrange for me to go eat, I'm starving."

In fact, Gu Qiuyi didn't feel hungry, the reason why she wanted to hurry up and go eat was because she wanted to meet Ye Chen's current wife earlier.

Unexpectedly, Ye Chen's wife was still a fan of his, this matter really made people.

Ye Chen was busy having to remind her, "It's only what time is it? It's not even five o'clock and you want to eat?"

Gu Qiuyi grumbled, "I'm hungry, can't I?"

Ye Chen said, "I still have some things to deal with later, then I'll go pick up your sister-in-law, if you're hungry, I'll ask Wei Liang to take you to Shangri-La first, you guys have something to pad your stomach, when I'm done and pick up your sister-in-law together, but you must remember what I told you, when you see your sister-in-law, don't let your mouth slip."

"Gee, I know!" Gu Qiuyi's expression, somewhat impatient, she was unwilling to admit that Ye Chen's wife was her sister-in-law, she should obviously be a rival!

At this time, a knock sounded on the door, Ye Chen said to come in, Wei Liang pushed the door open and said respectfully, "Master Ye, Miss Chen and I have finished the contract."

Ye Chen nodded, "Wei Liang, you arrange a car to accompany the two of you to Shangri-La, Chen's side will all be arranged, you sit there for a moment, wait for me, I have something to deal with."

Wei Liang said respectfully, "Okay Master Ye!"

After letting Wei Liang take Gu Qiuyi and Chen Duo Duo to Shangri-La first, Ye Chen rode an electric bicycle by himself and went to the Jinling Welfare Institute by himself.

At this moment, there were too many questions he wanted to clarify in his heart.

He felt that the first thing he needed to find right now was Auntie Li from the orphanage.

Since someone at the orphanage was deliberately hiding his identity from the public, Auntie Li should know some of the details.

Arriving at the orphanage, Ye Chen went directly to Aunt Li's office.

1384

Just arrived at the office door, just happened to run into her childhood little friend Li Xiaofen coming out of the office, and upon seeing Ye Chen, she said happily, "Brother Ye Chen, what are you doing here?"

Ye Chen smiled slightly and said, "I have something to look for Auntie Li, is she here?"

"At it." Li Xiaofen smiled and came up to hug Ye Chen's arm, saying affectionately, "Brother Ye Chen, you haven't been coming over these days, people miss you!"

Ye Chen smiled and said, "Think I won't call me?"

"I'm afraid you're busy." Li Xiaofen said coquettishly, "I don't want to delay your business."

Ye Chen said: "Alright, I'll treat you to dinner some other day, if you have something to do, go ahead and get busy, I'll go in and look for Auntie Li."

Li Xiaofen said, "Okay brother Ye Chen, you go find Auntie Li first, I'll go to the back kitchen to see if the children's dinner has started cooking, don't be in a hurry to leave later ah, I'll come over to you after I'm busy."

"Good."

After Li Xiaofen left, as soon as Ye Chen knocked on the door, Auntie Li's kind voice came from inside, "It's Ye Chen, right? Come on in!"

Ye Chen pushed open the door and saw Auntie Li sitting in front of a crude desk, looking through a pile of documents.

Aunt Li raised her head to look at him, pushed up her glasses, and asked with a smile, "Why are you here? You didn't say anything before coming."

Ye Chen smiled unnaturally, "Auntie Li, I'm looking for you because I have something I want to ask you."

Auntie Li nodded and smiled, "What's there to be polite with auntie, just say it."

Ye Chen walked up to Auntie Li and sat down on the chair opposite her desk, looked at Auntie Li and slightly hesitated for a moment before asking, "Auntie Li, I came to find you because I want to ask about some of the details of the time you brought me into the orphanage."

Auntie Li's expression flashed with a trace of slight surprise, but it quickly returned to normal as she smiled and said, "It's been more than ten years since this happened, and Auntie may not remember many details clearly, but you can just ask Auntie as long as you know, she will definitely tell you."

Ye Chen wasn't a fool, and the subtle change in Aunt Li's expression wasn't overlooked by him.

On the contrary, he instead saw something wrong from that slight change.

If Aunt Li didn't have anything to hide from him, then she shouldn't have that expression at all.

She must have something on her mind to appear unnatural on the surface.

So, he looked at Auntie Li and asked seriously, "Actually, I would like to know, after I came to the orphanage, up until the ten years before I left, did anyone come to the orphanage to look for me?"

Aunt Li said without thinking, "No, never."

Ye Chen frowned and asked after her, "Really?"

Aunt Lee said with conviction, "No really."

"Nope." Ye Chen looked at Auntie Li, he couldn't help but sigh and said with emotion, "Auntie Li, I'm the one you've seen since I was a child, I'll always remember this kindness, so I'm not going to lie in front of you, what's there, I'll tell you everything straight."

When Ye Chen said this, Aunt Li's expression had a bit of panic.

She realized that Ye Chen should have known something this time.

However, she didn't dare to say it, so she was particularly nervous.

Ye Chen continued at this time, "Auntie Li, I heard that my dead father's best friend back then had come to Jinling many times to look for me, and he even came to our Jinling orphanage more than once?!"

1385

Ye Chen's question caused Aunt Li's expression to change abruptly!

Her whole body was on edge all of a sudden!

Never in her wildest dreams had she thought that Ye Chen would ask himself this question.

So she panicked and said, "This this this I've never heard of it, if it's really someone looking for you, we definitely won't hide it, is there some kind of misunderstanding inside?"

Ye Chen shook his head, "This can't be a misunderstanding, and from within my heart, I can't quite accept the explanation of a misunderstanding."

Saying that, he said with a devout face, "Auntie Li, I came to find you, not to pursue blame, in any case, you saved my life and raised me for ten years, even if there is something in this, something you are hiding from me, I, Ye Chen, will definitely not hate you."

When Aunt Li heard this, her expression became ashamed.

Ye Chen continued, "I just want to know why the welfare institution told him that there was no such person as me here when he came here in the first place? If I remember correctly, our orphanage has been looking forward to the child's relatives coming to pick up the child, and my dad's best friend came to see me, why can't I even get my information? Who is hiding information about me from him?"

Aunt Li pursed her lips, her eyes panicked to the left and right.

She didn't dare to look at Ye Chen's eyes, let alone answer Ye Chen's question.

Ye Chen took in her performance to the best of his ability.

He knew that Auntie Li must know what was hidden.

So, he looked at Auntie Li and asked seriously, "Auntie Li, if I'm not wrong, then you should know that I'm the young master of the Yanjing Ye family, right?"

As soon as this was said, the pen in Auntie Li's hand snapped and fell to the floor.

Ye Chen thought that she got up to pick up the pen, but to his surprise, she came around from behind the table with a bow, and then plopped down on her knees right in front of him.

Ye Chen exclaimed, "Auntie Li, you're "

Auntie Li knocked one head on the ground and cried out, "Young Master, I'm sorry for you."

A young master's sentence made Ye Chen's entire body feel like a thunderbolt!

He felt as if a huge force had slammed into his heart at this instant, and his entire body subconsciously took two steps back, asking with a shocked face, "Auntie Li you."

Auntie Li cried, "Young Master, it is true that I have always known your identity, and truth be told, I am actually a servant of the Ye family, but my identity is humble and I was not fortunate enough to serve the Ye family in Yanjing back then, so I could only work in the Ye family branch in Jiangnan, so you never met me until you were eight years old"

Ye Chen forced himself to steady his breathing and opened his mouth to ask, "Auntie Li, back then, was it the Ye family who asked you to bring me here?"

Aunt Li raised her head and choked with tears, "Back to Young Master, it was Housekeeper Tang who let me down."

Ye Chen was shocked and asked out of his mouth, "It's Tang Sihai?!"

1386

"Yes!" Auntie Li nodded heavily and cried, "Back then, I was not based in Jinling, but was assigned to work in Zhonghai, one night, Butler Tang sent someone to bring me urgently from Zhonghai to Jinling, then asked me to take over this orphanage with another servant of the Ye family, then we spent a few days to replace the entire staff of the orphanage with servants of the Ye family, all of them! It was only after the arrangements were made that I found you at the behest of Butler Tang and brought you to the institution."

Ye Chen's entire body was incomparably shocked!

It was literally the most unbelievable thing he had ever heard since he was a child!

I've been in this institution since I was eight years old, lived here for ten years, and only now do I realize that all of the original staff of this institution were Ye family members!

Could it be that you were just muddling through your entire childhood and adolescence under the Yeerks' watchful eye?

He couldn't accept this reality.

But then again, he knew very well that Auntie Li had definitely not lied to him!

Why is that, exactly?

He held back his anger and pursued her, "Auntie Li, I want to know why you are taking so much trouble to do this? And you're doing everything you can to hide information from me? What do you really want?"

Aunt Li cried, "Young Master! The death of your parents back then was not an accident, but an outlaw intent on murdering your family ah!"

"What?!" Ye Chen took off and asked, "My parents, they were killed by someone?"

Auntie Li said with red eyes, "Do you still remember the details of that year? Your parents went into hiding in Jinling and rented an old house, then they changed your name so that you could attend Jinling Elementary School No. 1."

Ye Chen nodded, "I remember, my parents died in a car accident when I was in school, so what you're saying is that my parents were killed back then, right?"

"Right!" Auntie Li nodded heavily: "The gang that killed your parents, after faking the scene of the accident, immediately prepared to go to Jinling Little School to find your whereabouts and kill you as well, it was Butler Tang who arrived in time, at the entrance of Jinling Little School, and arrested all of them. At one point, it was discovered that all the other side were dead men from outside the country, but the trail was cut off there."

Ye Chen pursued, "Then does he know who killed my parents or not?"

Auntie Li said: "It's because we can't find out who ordered those people, so Butler Tang is afraid that the mastermind behind the scenes still wants to harm you, so he decided to hide you in Jinling, that's why he sent us here to take charge of the Jinling Welfare Institute, to protect you and take care of you, while also hiding all the information about you from the outside world, afraid that the other party is still unwilling to let go. You!"

"Did Tang Sihai do all this at the behest of the Ye family?"

"No" Auntie Li shook her head and said, "Housekeeper Tang has always suspected that the one who secretly harmed your family could be someone from the Ye family, so he has been hiding these things from everyone in the Ye family."

Ye Chen asked, "Then why did he suddenly come looking for me some time ago?"

Auntie Li replied: "The Master has also sent people to look for you for many years, but has not been found then thought you disappeared, whereabouts unknown, last year, the Master was ready to make a formal will to make arrangements for the inheritance of the Ye family fortune, Butler Tang did not want you to be excluded, so only told the Master your whereabouts, the Master wanted you to return to Yanjing, to compete with the other heirs of the Ye family inheritance matters, but also know that you may not agree, so only with the Imperial Group and ten billion yuan gift".

Ye Chen couldn't help but ask, "Auntie Li, then is it true or false that you needed a kidney transplant for uremia in the first place?"

Auntie Li heard the words, a trembling body, once again even kowtowing, mouth confession: "Back to young master, I am sick is false because you are I looked at growing up, your character temperament I understand, if you do not force you a hand, you can not accept the funds of the Ye family, so that's why with housekeeper Tang set a bitter meat trick, trying to use my sickness dying, to force you to accept the money of the Ye family, I deceive young master. and deserve death, please punish young master!"

1387

What Auntie Li said was actually right.

Ye Chen had endured huge changes since he was a child, he had experienced the best days and the hardest days in this world, and had long since looked down on everything.

Even if he didn't marry Xiao Churan at first, even if he is still working as a hard laborer at the construction site, he is not dissatisfied with anything.

Because in his view, after the death of his parents, his own efforts to live is the greatest consolation for them.

As for money and status, he had already put them behind him.

During the years when he was married to Xiao Churan, he suffered a lot of humiliation, but he had never thought of returning to the Ye family for help.

Even if it was his own dignity, being repeatedly rubbed on the ground by the Xiao family, he was able to accept it with a calm heart.

The humiliation was incomparable for three years, but he himself was the most peaceful one despite being in the center of this kind of whirlpool.

But his peace of mind was completely changed because of Auntie Li's "serious illness".

At that time, he was too afraid that Auntie Li would leave him in peace.

Because, in his eyes, she was his savior, his new parents, his own parents had died, he could not stand by and watch her die.

He once looked for a hospital to do a match with Auntie Li to see if his kidneys could be successfully matched with her.

If he was successful, he would simply donate a kidney to Auntie Li.

However, the hospital told him that he had failed the typing.

So, he had to do everything he could to get the money to find a kidney source for Auntie Li for a kidney transplant.

Because of this, he plucked up his courage and asked Mrs. Xiao to borrow money from her at her birthday party.

But to his surprise, not only did Mrs. Xiao ruthlessly reject him, she also brought the entire Xiao family to mock him!

At that time, Ye Chen was disheartened.

It was also at that time that Tang Sihai suddenly appeared in front of him.

The moment he saw him, his heart was filled with indignation.

Although he didn't know that his parents were killed by someone, he had always felt that the Ye family was to blame for his parents' death.

And Tang Sihai, as the Ye family's steward, could be said to be the one who made himself hate the crow.

So, when Tang Sihai asked him to return home and inherit the family fortune, he refused.

When Tang Sihai gave him the Emperor's Group and gave him 10 billion, he refused as well.

However, when Tang Sihai told him that he still needed two million to save Auntie Li's life from her illness, he compromised.

He knew that there was no other way for him to save Aunt Li other than accepting the money from the Ye family.

So, he accepted the Ye family's offer of the Emperor's Group and the 10 billion in cash.

Since then, the trajectory of Ye Chen's life had undergone a major reversal.

It was just that he never expected that it was all a bitter trick of Tang Sihai and Auntie Li.

A bitter trick to force himself to accept the Ye family's "gift" or "compensation".

At this moment, he had the indignation of being cheated and even betrayed.

1388

But the indignation in his heart was fleeting.

Because he knew that Tang Sihai and Aunt Li were both doing it for their own good.

If they hadn't protected themselves with such great care, he would have probably died more than a decade ago.

Tang Sihai had gone so far as to replace the entire Jinling Welfare Institution with his men in order to protect himself, which was enough to see that he had good intentions for himself.

Thinking of this, he hurriedly reached out his hand and helped Auntie Li up, saying gratefully, "Auntie Li, you don't need to apologize to me, let alone ask for forgiveness, you and Housekeeper Tang are my saviors, I should thank you for risking your lives to protect my safety."

Aunt Li was too busy to wave her hand: "Young Master you are too polite, these are the first things we should do

Ye Chen sighed and said, "Auntie Li, I'm a bit confused right now, I need to call Butler Tang and sort out these clues properly, then I'll come back to you after I figure it out."

Aunt Li quickly said, "Okay young master!"

Ye Chen's eyes were indecisive, and he said in a panic, "I'll leave Auntie Li first."

Aunt Li busily said, "Young Master, I'll see you off!"

Ye Chen waved his hand, "No need, I'll go by myself."

Saying that, Ye Chen cupped his fist at Auntie Li, bowed slightly, and turned around and left the office.

Ye Chen pushed the electric cart and walked out of the orphanage somewhat disoriented.

At this time, in the director's office on the fourth floor of the welfare institution, behind a gap in the curtains, a middle-aged man in his fifties, turned back to the old man with white hair sitting in the desk and said respectfully, "Housekeeper Tang, the young master has left."

The one who spoke, was the director of the Jinling Welfare Institute.

The white-haired old man in the desk was the Ye family's great steward, Tang Sihai.

Hearing that Ye Chen had left, Tang Sihai nodded gently and sighed, "I counted by a thousand calculations, but I didn't calculate that the young master would ask the Gu family's girl to be his spokesperson, and when I learned this news, I immediately came over from Yanjing, but I was still too late"

The Dean spoke up and asked him, "Butler Tang, there's something I don't know."

"You say."

The dean was confused, "Little Li she doesn't even know this, why did you make her urgently memorize this set of lines to deceive the young master?"

The first thing you need to do is to take care of the child. If you don't tell her this, she won't know anything, and no matter how much Young Master questions her, she won't be able to get any information, she doesn't know anything, so naturally, Young Master won't be able to see any clues ah."

Tang Sihai lamented, "The reason why I didn't agree to use the Ye family's servant to take care of Young Master in the first place is because I'm afraid that this person will spend time with Young Master and will be able to see the flaw."

"Think about it, this person has to take care of Young Master inch by inch for ten years, what if any time accidentally leaks out and calls out Young Master? What if you doze off one day and say something you shouldn't have in your sleep? Young Master was only eight years old back then, and I mustn't let him know that all of this around him was arranged by others!"

"It is for this reason that I want someone who doesn't know him to take care of him personally, and only then can he be allowed to live the life of a truly ordinary orphan here; it is for this reason that he has not been well fed, clothed, and used for years, and even though I am extremely distressed, I don't dare to give him any extra care; it is also for this reason that he has been ostracized, isolated, and humiliated by the other children in the orphanage, and I don't dare to let you intervene."

At that point, Tang Sihai sighed, "If I hadn't seen him bent on healing that little Li, I wouldn't have known how to convince the young master to accept the old master's gift."

"What about now?" The dean said nervously, "Young Master knows this from Little Li, he will immediately contact you, will definitely try to find out who actually killed his parents back then, and will probably even return to Yanjing, and then in case someone from the Ye family is against him, will Young Master be able to resist?"

Tang Sihai said indifferently, "Young Master has a title in Jinling, called the True Dragon on Earth, this was not given by Young Master himself, it was given to him spontaneously by these influential and respectable figures in Jinling, this proves that Young Master is by no means a creature in the pond, it is not something that ordinary people can deal with if they want to!"

Saying that, he said in a deep voice, "Although the old man's health is not too good, he can still carry on for a few more years, I originally didn't want the young master to return to Yanjing so early, but I never dreamed that he would meet the Gu family's girl."

"The Gu family's father and daughter have been looking for him for so many years, and once they run into each other, they will definitely tell him what happened, and by then, Young Master will naturally know that someone is behind all of this, and the facts also prove that I was right, so rather than that, why continue to hide it from Young Master? Moreover, in this orphanage, he has been the closest to Little Li since he was a child, and these words from her mouth will have a much better effect than from mine, only then can Young Master be motivated to return to Yanjing and go to the Ye family to stir him up!"

At this point, Tang Sihai had tears streaming down his face as he trembled and said, "I'm incompetent, I can't avenge the deep revenge of the Second Gentleman's bloodshed back then, now, let the Young Master avenge the Second Gentleman and Second Wife with his own hands! In that case, even if I were to die, I would be able to rest in peace!"

1389

Tang Sihai's voice just fell, his phone suddenly vibrated on the desktop.

The call was from Ye Chen.

He hurriedly wiped away his tears and answered the phone as if it was normal, respectfully saying, "Young Master!"

Ye Chen carted out of the orphanage at this time, at the roadside in front of the orphanage, phone in hand, and spoke, "Housekeeper Tang, thank you for all these years."

Tang Sihai was busy saying, "Young Master, what are you saying? Why don't I understand?"

Ye Chen said, "I just came out of the Jinling orphanage."

Tang Sihai smiled and said, "So young master you've returned to the orphanage, it must be very emotional after all, it's the place where young master you've been living since you were a child."

Ye Chen said indifferently, "Alright, don't pretend, Auntie Li has already told me, in the beginning, you were the one who let Auntie Li save me, and you were also the one who arranged the entire Jinling orphanage to protect me, I will always remember this affection."

Tang Sihai only then sighed lightly, "Young Master, you know all about it?"

"En, I know, that's why I called to thank you."

Ye Chen didn't know that there was something hidden in this.

But at this moment, he was indeed grateful to Tang Sihai.

Tang Sihai was busy saying, "Young Master, you are too kind, your father has been kind to me, I was not able to save your father and mother, I can't forgive myself in this life, and I don't dare to take a word of thanks from you"

Ye Chen said, "I'm calling, besides thanking you, there's another thing, that is, I want to know who really killed my parents back then, do you have any clues?"

Tang Sihai sighed, "For so many years, I've been looking for clues, but I haven't been able to find anything"

"Moreover, when that group of dead men killed your parents back then, each had a soft capsule made of potassium cyanide in their mouths"

"This cyanide, since the time of World War I, has been a highly toxic substance for secret agents, 0.1 grams can kill a person, and there is no cure"

"Back then, I watched them die of poisoning in front of me, but I couldn't do anything about it, I wanted to check their fingerprints, but I found out that their ten fingers, their fingerprints were all artificially worn away, and I couldn't find any clues from their bodies, not to mention finding out their identities, and I couldn't even determine their nationalities."

Ye Chen asked, "Then do you have any suspicions?"

Tang Sihai said, "ThisI think there's a fifty percent chance that it was done by someone inside the Ye family."

"Oh?"Ye Chen coldly questioned, "Why do you say that?"

Tang Sihai said: "Your father, who was a star of the entire Ye family, was a man of extraordinary strength and valor in Yanjing, leading the Ye family to open up new territories and to reach the pinnacle of their power....."

"At first, the Master thought that your father was just impulsive, so he wanted to take the opportunity to calm down, but he never thought that your father and your mother, instead, would perish accidentally in Jinling"

"Since then, the Master has been grief-stricken, and was determined to find your whereabouts and bring you back to nurture you, and even wanted to nurture you as the next generation's successor because of his guilt towards your father."

1390

"However, I was afraid that someone from the Ye family would be against you again, the old man is old after all, and he may not be able to protect you if he brings you back to the Ye family and exposes you to the Ye family, so I made a private decision and settled you in Jinling and then kept your information completely hidden, and when Gu Yanzhong of the Gu family came looking for you, I didn't let him know that you were here."

Ye Chen asked again, "Then why did you ask me back a while ago?"

Tang Sihai said seriously: "Young Master, I'm not going to lie to you, the old man's health has been deteriorating in the last two years, but he is quite dissatisfied with the current situation of the Ye family's children not seeking advancement, and is not willing to hand over the Ye family to them, so I told him that you are still alive, the old man is naturally very excited, so he wants to train you to become

the heir, the Imperial Group and 10 billion RMB is just a practice. After you are willing to go back, all of the Ye family's trillions of family assets could be given to you to take charge of!"

Ye Chen said indifferently, "I know Housekeeper Tang, for so many years, I have bothered you."

Tang Sihai busily said, "Young Master, I am ashamed and dare not! Your father has been so gracious to me, not to mention this small matter, even if I were to lose my liver, I would never hesitate!"

Ye Chen lamented, "I'm not interested in the assets of the Ye family, but when the time is right, I will definitely investigate the hidden circumstances of my parents' murder back then, and when the time comes, what should be liquidated will be liquidated, and what should be paid off will be paid off."

Tang Sihai was thrilled and said in a trembling voice, "Young Master! With these words, I would die in peace. You are now noble as the Supreme of Southern Canton and the True Dragon on Earth, and I believe that with your strength, you will be able to avenge the hatred of the Second Gentleman and Second Wife!"

At this point, Tang Sihai had sobbed.

Back then, Tang Sihai was a sidekick assistant to Ye Chen's father in the Ye family, but he was missed by his friends because of his lucrative income, who lured him to Macau, where he lost everything at the gambling table.

Tang Sihai then became a rotten gambler, borrowing money from loan sharks to go to the Macau casino in a vain attempt to turn the tables.

In the end, Tang Sihai not only lost everything, but was also pursued by loan sharks.

According to the rules of the rivers and lakes of Macau, in the casino, no matter what you lose, you must be willing to gamble and lose, and because of this, in the nooks and crannies near the casino, there are an unknown number of handless gambling ghosts who live by begging.

But even so, these gamblers were still saving their money, trying to save a little money to enter the casino to win again, and their lives had been completely wasted.

Back then, Tang Sihai was also nearly reduced to this.

Later, it was Ye Chen's father who threw tens of millions of dollars to redeem him from the casino intact, and then forced him to make a vow to never touch gambling.

In order to ensure that he completely quit gambling and landed on his feet, Ye Chen's father specially promoted him to be his own personal butler, bringing him to his side at all times and never allowing him to touch any gambling game again.

Tang Sihai came to his senses after that, and wholeheartedly assisted at Ye Chen's father's side, not only trying his best to share Ye Chen's father's worries, he also learned many valuable management and development experiences from Ye Chen's father, and in a few years, he grew up to be the most competent servant of the Ye family.

And then, he was appreciated by Ye Chen's grandfather, and the old man was interested in making him the chief steward of the entire Ye family, but he was dead set against it, and in the end, it was Ye Chen's father who forced him to agree to this errand.

In Ye Chen's father's words, Tang Sihai's ability had reached the point where he should no longer be limited to being his own little personal butler, and should have a broader scope of development.

In his opinion, the chief butler of the entire Ye family could be said to be the highest position that the high society could give to outsiders, Tang Sihai could sit in this position, which could guarantee glory and riches in this life, he didn't want Tang Sihai to give up this heavenly opportunity for himself.

As for Tang Sihai, although he was no longer Ye Chen's father's personal butler, he became more and more loyal to Ye Chen's father and even regarded him as the object of his lifelong admiration and support.

It was a pity that Ye Chen's father had died too early, and this was Tang Sihai's greatest guilt in this life.

He had always felt that if he was still Ye Chen's father's personal butler, then perhaps Ye Chen's parents would not have died.

Even if he could take a few shots for them at a critical moment, they would have one more chance of survival
