

Identity 1421

Chapter 1421

Actually, Ma Lan didn't want to be Ye Chen's licking dog.

But her current situation was really too embarrassing.

Without the financial power of her family, she was almost penniless in her own hands, and the luxurious Thomson Villa was still under Ye Chen's name, which had nothing to do with her.

What's more, since the last time Qian Hongyan set up a game and lost more than 2 million, Ma Lan also knows that her own family's status is relatively low, even Xiao Changkun, who has always been shouted at by her, has turned against her and beaten her, in this situation, she really has no arrogant capital.

So Ma Lan knew that now she could only behave with her tail between her legs, and she had to be even more solicitous to Ye Chen, or else if Ye Chen turned against her that day and drove her out, it would be the end of her.

Moreover, this Ye Chen was willing to ask her about expensive make-up, so she immediately complimented her.

Xiao Churan didn't expect that Ye Chen would take the initiative to say that he wanted to ask his mother about make-up, so she was extremely helpless, so she asked Ye Chen, "Honey, how come I didn't hear that you have friends in the make-up business?"

Ye Chen smiled, "Ever since I started reading feng shui for others, my social circle has become wider and wider, otherwise how could I know the CEO of Jiu Xuan Pharmaceutical, Wei Liang? If it weren't for the fact that I know Wei Liang, you wouldn't have had the chance to eat with such a big star as Gu Qiuyi, right?"

Xiao Churan nodded gently and sighed "hey, can not owe people favors, or better not to owe, that caviar anti-aging makeup easily more than 100,000 set, for our kind of family, indeed too extravagant, no need"

Ma Lan was anxious and said, "Oh, daughter! Who says it's not necessary? My good son-in-law Ye Chen didn't even say it wasn't necessary, so don't you dare talk nonsense here!"

After saying that, he was too busy to look at Ye Chen and said with a smiling face, "Ye Chen ah! Mom's old face will depend on you, or else if you, my father, mess up and really want to divorce me in the future, I'll be old and grey and my happiness in this life will be gone."

Ye Chen said to Xiao Churan at this time, "Churan, you shouldn't be too concerned about the price, I can, after all, convert the price into a service by reading the feng shui, without us actually spending money."

"Exactly!" Ma Lan immediately smiled and said, "My son-in-law is capable, and it's all thanks to you that your mother is able to stay at Thomson 1 today. I see that the rest of my mother's life will depend on you."

After saying that, I still remembered to lament "People say a son-in-law is half a son, I didn't believe them before, but now I really believe them!"

Xiao Choran was dumbfounded as she watched from the side.

Never in her wildest dreams did she think that her mother, who had always been incomparably harsh to Ye Chen, would take him and hold him up as a flower.

So she had no choice but to say to Ye Chen, "Then you grasp it yourself, I don't know what to say."

Ye Chen smiled and said, "Then I'll go to see him today."

Ye Chen didn't really have any friends who did make-up, he had already made up his mind when he said that just now, when he finished his business today, he would go and buy two sets of the kind of make-up that Ma Lan said, one set for his mother-in-law, and the other set, naturally, for his wife.

The reason for giving them to Ma Lan was also because Ma Lan's current attitude made him feel refreshed.

What do men want?

Besides the woman you love, isn't it all about status and pride?

At any rate, he, Ye Chen, was Master Ye who was revered by everyone in the high society of Jinling, but all along, he had to be bossed around by Ma Lan at home.

Ye Chen could only put up with his wife Xiao Churan for her sake, but now it was good that Ma Lan had finally kneeled down to him.

Anyway, he had plenty of money now, and if Ma Lan was going to be respectful and submissive to him every day from now on, he didn't care to give her a little bit of fly in the ointment.

Sure enough!

1422

When Ma Lan heard this, she said with great gratitude, "Good son-in-law! You really are the best son-in-law in the world, and it's a blessing in a lifetime that Mom can get a son-in-law like you."

The father-in-law at the side sighed repeatedly, he knew that his son-in-law Ye Chen was somewhat capable, since he said that he would be able to get make-up for Ma Lan.

However, when he thought of Ma Lan's upcoming use of more than 100,000 sets of make-up, he really felt a bit uncomfortable.

At this time, Ye Chen just happened to say to him "By the way dad, are you using the car today? I'm kind of in the middle of something today, so if you don't need your car, can you lend it to me?"

Ye Chen will soon have to go to the airport to drop off Gu Qiuyi, and then rush to the Jinling Gymnasium, without a car it's still really not very convenient.

Xiao Changkun busy "so, later you drive me to the Senior University on the line, at noon and there is a working lunch, so I will not come back to eat at noon, I will take a taxi back after the afternoon busy."

Ye Chen nodded and said, "Then let's hurry up and eat, let's set off afterwards."

Xiao Changkun "Okay!"

Mashiro's cooking skills are average.

However, it was true that tomato marinated noodles didn't require much skill.

So the meal she cooked was barely edible.

After Ye Chen and his father-in-law, Xiao Changkun, finished their meal, they hurriedly drove away together.

As soon as Ye Chen drove his father-in-law's BMW out of the house, his father-in-law lamented on the side, "Oh Ye Chen, you're such a silly kid! Why did you promise that bitch Ma Lan such an expensive skincare product? Don't you see that even that pussy of hers is worthy?"

Ye Chen laughed "Dad, it's only a hundred thousand, it's not a big deal, and besides, I have friends, so it's easy to get a set of makeup."

Xiao Changkun could not help but lament "Oh my, what a pity, what a pity!"

Ye Chen smiled without saying anything.

In the father-in-law's opinion, Ma Lan was afraid it would be a pity even if she used a pack of child noodles for a dollar.

However, to himself, how is this amount of money a problem?

Don't tell me you're spending money on yourself, just give a call to people like Richard Chen, Wang Zhenggang, and Qin Gang and ask them to help you buy 10 or 20 sets, what's the big deal?

The point is, a little fly in the ointment is enough to make that mother-in-law of his obey, this deal is simply not too cost effective.

Xiao Changkun, who was fidgeting on the side, asked "Hey, right Ye Chen, can that dad ask you for something?"

Ye Chen nodded "Dad, tell me, why are you still so polite with me?"

Xiao Changkun smiled, rubbed his hands and said, "If you have access to this kind of make-up, can you get me an extra set?"

Ye Chen subconsciously asked "Dad, are you still going to maintain the maintenance? But it doesn't seem like that's necessary, it's better for a man to be older!"

Xiao Changkun smiled somewhat embarrassed "Dad also doesn't hide it from you, I wanted to ask you for a set, not to use it for myself. I wanted to find a chance to give it to your Auntie Han, you know, Dad doesn't have much money right now, and your Auntie Han has been back for such a long time, Dad hasn't given anyone a gift or anything, how embarrassing"

I said, "I figured, since you have access to this kind of make-up, you should get an extra set for Dad, and he can take it to give to your Aunt Han, so he can have some face, right?"

Being the same man, Ye Chen understood his father-in-law's thoughts very well.

In fact, what man didn't want to make the woman he loved happy?

It's just that some people really can't reach their abilities and are powerless to do anything about it.

Just like the previous Ye Chen, who was not only penniless, but also had no possessions, sometimes when Xiao Churan celebrated her birthday, or when the two of them celebrated their wedding anniversary, Ye Chen also wished to give his wife a present that was well worth the money. But because of the lack of money, so can only think about it.

The first valuable gift that he had given his wife was still the emerald necklace that he had purchased for her at the Jade Pavilion after Tang Sihai had found him.

Before that, even though Ye Chen wanted to give his wife the world, he couldn't even afford to give her a slightly more plausible set of makeup with his ability at the time.

Don't look at the old father-in-law, Xiao Changkun, who was not young, but at this moment, he was still like his first love for Han Meiqing who had been apart for more than twenty years, so naturally, he wished to give her some handy gifts.

Ye Chen could understand this very well.

So he said very generously, "Okay ah dad, then I'll get an extra set and bring it to you then."

"Great!" Xiao Changkun was thrilled beyond words, excitedly said "good son-in-law, you can really help Dad a great deal."

I'm not sure if I'm going to be able to do that, but I'm not sure if I'm going to be able to do that, so I'm going to be able to do that.

Ye Chen nodded "Dad don't worry, I know what I'm doing, I'll keep a set in the trunk of your car, so you can take it with you the next time you go to see Auntie Han."

"Good, great, still my good son-in-law thoughtful!"

Ye Chen drove the jubilant old father-in-law to the entrance of the senior college.

After Xiao Changkun got off the car, Ye Chen drove straight to the airport to see off Gu Qiuyi.

Gu Qiuyi's private plane was parked in the official hangar at the airport, where there were no other passengers and no reporters or paparazzi, so she could be given the maximum freedom and.

Ye Chen was also here to see Gu Qiu Yi who had changed into a competent small suit look.

At this time, Gu Qiu Yi looked like a standard strong woman.

Seeing Ye Chen coming, Gu Qiu Yi inevitably revealed a little woman's blush of shame and happiness.

Ever since she met Ye Chen, she hadn't been able to get rid of Ye Chen's figure in her head.

Although all the memories she could think of in her head that she shared with Ye Chen were stuck in her younger years, because of repeatedly deepening the impression in her mind for so many years, the memories from more than ten years ago were instead lingering in her mind.

The power of psychological suggestion was very powerful, like Wu Qi's kind of scum who liked ua girls, using the powerful influence of psychological suggestion.

A long period of psychological implication can make a person lose themselves.

Ordinary girls, in front of a master of psychological suggestion, I'm afraid that they won't be able to carry a few months to fall.

As for Gu Qiuyi, who had been giving herself psychological implication for more than a decade, this influence was even more far-reaching, and could be said to have reached the point where it had become ingrained and deep-rooted in her bones.

Therefore, after she was reunited with Ye Chen, she immediately began to substitute into the role of his fiancée.

When she was sleeping last night, she had even started to fantasize about the future scenario of the two of them returning to Yanjing for their wedding.

1424

At this time to see Ye Chen, her bones of a girl's heart burst, ran all the way to Ye Chen, grabbed his arm, ghostly "Brother Ye Chen, I'm going back to Yanjing today, do you want me to go".

Ye Chen laughed "You have to go home, and you have to go back for the rehearsal of the Spring Festival Gala, the whole country is waiting to see your performance in the Spring Festival Gala."

Gu Qiuyi muttered with dissatisfaction "Answer the wrong question!What people want to ask is if you're willing to let people go back!"

Ye Chen wanted to say reluctantly, but felt that after saying it, Gu Qiuyi would definitely be anxious with him.

However, he couldn't say that he was reluctant because he actually couldn't wait for Gu Qiuyi to hurry back, otherwise she would only bring trouble and troubles if she continued to stay in Jinling.

If Xiao Churan found out about his affair with her, he didn't know how angry he would be.

So, he then said vaguely, "Oh, anyway, go back and get busy with your work first, it won't take more than a few days for me to visit your home, soon."

"Alright then."Gu Qiuyi pouted and nodded gently, saying "I'll go back and don't tell dad yet, wait until you go and give him a surprise."

Ye Chen said, "Okay, then don't tell Uncle Gu yet."

The crew was already doing pre-takeoff checks at this point, and Chen Duo Duo also brought Gu Qiuyi's personal luggage with him and boarded the private plane first.

Gu Qiu Yi, on the other hand, stood outside the cabin door, looking at the tall and handsome Ye Chen in front of her with a ghostly look and said "Brother Ye Chen, after I leave, you have to remember to think of me, got it?"

Ye Chen nodded his head "I know I know, don't worry, I will definitely miss you."

Gu Qiuyi added "You must always have a string in your head, moment by moment to remind yourself, I am your real fiancée, the other women outside, all of them are just a hurried passerby in your life, my father is my only daughter in this life, you are the only aunt in his eyes, you can't let him down."

Ye Chen's head was big for a while, but he could only hmmm ahhh and say "Oh, that I know, geez, it's getting late, you should get on the plane quickly."

Gu Qiuyi mmmmed and reluctantly said "Then I'm leaving."

"Let's go, have a good trip."

Gu Qiuyi pursed her lips and looked at him, whirled up her courage, kissed him on the cheek and said with a red face "This is to reward you in advance."

Ye Chen was surprised and asked "Reward me in advance for what?"

Gu Qiuyi said "early reward you remember to think of me ah!"

After saying that, only then did she blush her cheeks and turn around to board the Gu family's private jet.

The moment the cabin door closed, she was still standing at the door waving to Ye Chen.

The plane's engine started and slowly launched from the hangar, only then did Ye Chen let out a sigh of relief and hurriedly returned to the parking lot and drove straight to the city center.

When he drove out, he immediately gave a call to Richard Chen and came up and instructed, "Old Chen, help me see if there is a high-end skincare brand that is some sort of caviar anti-aging?"

The actual fact that you'll be able to get a lot more than just a few of these, you'll be able to get a lot more than just a few of these.

Ye Chen wondered "Shangri-La still sells skincare?"

The company's main business is to provide a wide range of products and services, including a wide range of products from Hermes, Chanel, Dior and other top brands. Shopping, strive for a one-stop vacation for high-end customers, even save the energy to go out shopping."

Ye Chen suddenly came to his senses and said, "That's just right, go buy three sets of that caviar anti-aging makeup for me and have it delivered to the Jinling Gymnasium later."

1425

When Richard Chen went to buy makeup for Ye Chen in a panic, Ye Chen had already arrived at the Jinling Stadium.

Today, the match had reached the top four.

In the last match, Qin Ao Xue's performance in defeating Joanna in one move had triggered huge attention on the network, which had instantly pushed the attention of this match to a pinnacle.

So, today's top four match attracted the attention of the national audience, so much so that outside the Jinling Stadium, there were a large number of spectators buying tickets at a high price, just to be able to witness Qin Aoxue advance to the final.

And inside and outside the stadium, the advertisements of Kobayashi Stomach Dispersal have been played out with great fanfare, because it is the title company, so their advertising elements are everywhere, any shot with a camera, there must be a Kobayashi Stomach Dispersal advertisement in this picture.

Moreover, the TV station broadcasting the match always showed the Kobayashi Stomach Dispersion logo in the lower right corner of the TV screen.

What's more, many network anchors were on the scene, using their mobile phones to broadcast live to you, a process that continues to expand the influence of Xiao Lin Stomach Dissipation.

It can be said that Kobayashi Stomach Dispersion instantly earned a lot of eyeballs.

Jiro Kobayashi was so happy about it.

At first, he only thought that this match wouldn't get much attention, but the good thing was that the naming rights were sold cheaply, but he didn't expect that a single Qin Ao Xue would make this match completely explosive, he really made a fortune this time.

After Ye Chen arrived at the stadium, he went to the player lounge at the back, once he entered the room, Qin Ao Xue was bouncing in place to warm up, Qin Gang and Qin Ao Dong were also there.

Seeing Ye Chen come in, Qin Aoxue rushed forward and said affectionately, "Master Ye, you're here!"

Ye Chen nodded and smiled as he asked "Ao Xue, how are you feeling today's status?"

Qin Aoxue was busy saying, "Master Ye, I'm feeling in particularly good shape! Don't worry, I'll definitely take this match!"

Ye Chen gave a hmmm and smiled "I think with your current strength, there is no one else in this tournament who can match you, so what you have to worry about is how to play the match more beautifully."

Qin Ao Xue could not hide her shyness and asked "Master Ye, oh no, Coach Ye, how do you think I should play this match to make it more beautiful?"

Ye Chen said calmly "It's simple, just like last time, you still have to win with one move!"

In Ye Chen's opinion, the most perfect way to win a contest between martial artists was to win with one move!

A battle of 300 rounds of this kind is certainly hearty and unrelenting.

However, the fact that it takes such a long time to win the battle shows that the actual gap between the two sides is not big, and can even be said to be equal.

Qin Aoxue's current strength is far beyond what these contestants can match, it's just that she's still lacking in tactics, and if she gains some more experience, her actual fighting ability can be further advanced.

Qin Aoxue was somewhat unsure of what to do, but seeing that Ye Chen believed in her so much, she immediately nodded her head and firmly said, "Coach don't worry, I will do my best!"

At this moment, in the other lounge.

Itachi was wrapped in a blanket with her eyes closed.

Both Koichi Tanaka and Jiro Kobayashi were standing by the side, and Koichi Tanaka had a cell phone in his hand, which was talking on video with Yamamoto Kazuki who was lying in the hospital bed.

But Yamamoto Kazuki, on the other side of the phone, wasn't making any noise, he was just looking at his beloved through Tanaka Koichi's lens.

Yamamoto Kazuki is worried about Itoh's mind falling apart.

1426

After all, Ye Chen's appearance had overturned the perceptions of their master and disciple, and had dealt a heavy blow to both of their motivation.

However, Yamamoto Kazuki still hoped that Itachi could perform well.

Even if she couldn't win the championship this time, with her strength, it would still be no problem to get a runner-up.

However, if she didn't play well, the runner-up might not get it either.

The good thing was that he found out through the video that there wasn't anything different from usual for Ito Naja-chan.

Ito-chan herself wasn't the type of player who was particularly excitable, so she was usually very quiet before the competition, preferring to keep her eyes closed like she was now.

It was only when the time was almost up that Tanaka Koichi spoke up, "My lady, there are still five minutes left for the entrance."

Only then did Ito Nana-chan open her eyes and nodded gently "I know."

Tanaka Koichi said again "Missy, I'm on a video call with Coach Yamamoto, is there anything else you need to ask him?"

Saying that, he immediately switched the camera and pointed his phone screen at Ito Caiyoko again.

At this time, Ito Naja saw Yamamoto Kazuki, who was somewhat weak on the hospital bed, and respectfully said "Master, how are you feeling now?"

Yamamoto Kazuki laughed to himself "My biggest problem is that I have no feeling anywhere."

Ito Nana-chan hurriedly apologized and said "I'm sorry Master, I didn't mean it."

Yamamoto Kazuki smiled slightly and said "It's okay, I've resigned myself to my fate."

Saying that, he raised his voice a little higher and said with a rounded voice "Nana-chan! Today's match is crucial for you, whether you can get the silver medal depends on whether you can win this one or not."

"I am not discouraging you, but you are most likely not a match for Qin Ao Xue, but as long as you agree to this match, the silver medal will already be in your pocket."

The rules of the Top 4 tournament were two against two, the two who won would fight for the first and second place, and the two who lost would fight for the third place.

In other words, as long as Cabbage won today, she'd already pocketed at least the silver medal for the runner-up.

Hearing this, Ito Cabbage also nodded seriously and said, "Master, Cabbage knows that she is not a match for Qin Ao Xue, but Cabbage will also try her best to finish every remaining match and never let you shame me, Master!"

Yamamoto Kazuki said happily "Good, win this match and face Qin Ao Xue in the next match, at that time, you will not only have to do your best, but also make Ye Chen impressed with you, and then take the opportunity of the match with Qin Ao Xue to pay homage to Ye Chen and beg her to take you as her disciple!"

Ito Naozi smiled bitterly "Master, Ye Chen, there's no way he'll take me as his disciple."

Yamamoto Kazuki was puzzled and said "An apprentice as talented as you, in my opinion no one would refuse, Ye Chen must be the same, what reason would he have to refuse you?"

Itachi shook her head and said "Just because I'm Japanese."

"What?" Yamamoto Kazuki frowned and asked "Yatsunashi despises us Japanese?"

Nana Ito said "It's not that he looked down on it, but he said that the Chinese have taught the Japanese too much, but the Japanese have been beneficent for the last two or three hundred years, so"

When Yamamoto Kazuki heard this, he couldn't help but let out a long sigh and said, "Ye Chen has mastered a truly high-end martial art, until we've seen his strength, we're just sitting on the sidelines, but after seeing his strength, if we don't have the chance to practice his kind of high-end martial art, it really feels like all these years have been completely wasted"

1427

Ito Cabbage was also extremely regretful inside.

After knowing that she was sitting in the well, she hoped the most to jump out from the well, but Ye Chen did not give himself this opportunity.

Yamamoto Kazuki saw that she looked lost and hurriedly reassured her, "Vegetable, now is not the time to think about this, you first win this match properly, and we'll discuss the rest in the long run!"

Itachi nodded heavily and whirled around, saying to Yamamoto Kazuki, "Master, I'm going on stage then."

"Go!" Yamamoto Kazuki encouraged "You must do your best in this match, whether Ye Chen is willing to take you as his disciple or not. You have to show him your strength, so you have to play as beautifully as possible in this match!"

"Prettier?"

"Right!" Yamamoto Kazuki said firmly "Cabbage, last time that Qin Ao Xue defeated Joanna in one move, it was a big hit on the top, I hope that you will go into the ring later and give your opponent your best shot as well!"

Itachi Nana-chan exclaimed "Master, Michelle is the number two seed, we've fought before, and although I've beaten her every time, it's hard to defeat her in a single move every time without avoiding an epic battle."

Yamamoto Kazuki said "Count on not being able to defeat her in one move, but do your best to defeat her in the first round, you have to show Yatsuo your strength and impress him!"

"Even if he can't take you as his disciple for the rest of his life, you have to let him know that your talent is far above Qin Ao Xue's! It's his loss not to take you as a disciple!"

Immediately, Ito Naozi said resolutely, "I know Master!"

One minute later.

The four contestants who participated in the top four tournament were already waiting in their respective tunnels to go on stage.

Qin Ao Xue and Ito Cai Zi, coincidentally with the same mentality to fight their best to win in one move, to impress Ye Chen!

After his opening remarks, the host was the first to announce, "First of all, please welcome our Chinese contestant, Qin Ao Xue to the stage!"

Qin Ao Xue took a deep breath and took the lead in stepping out from the passage.

The host then announced, "Next, please welcome Qin Ao Xue's opponent for this match, Victoria from Australia!"

As soon as the words fell, a blonde Australian female player, also walked out from the passage.

This Australian athlete's expression was a bit nervous, and her overall momentum was also weaker than Qin Ao Xue's, and it could be seen that she should be very unsure about today's match.

Then, the host called the name of Nachiko Ito, and her opponent, Michelle from the United States.

Both Ito Nachiko and Michelle were very calm, and their eyes were also filled with the desire to win this match.

Michelle was originally the number two seed in this competition, not much weaker than Nai Nai Zi, and after seeing Qin Ao Xue's last match, she also realized that she was hopelessly in the race for the title, so she and Nai Nai Zi Ito had the same strategy, both wanting to win this match and lock up the silver medal for the runner-up as much as possible.

Even Michelle thought more realistically.

She thinks that as long as she wins this match, when she faces Qin Ao Xue in the final, she can just abstain and admit defeat on the spot.

Not only would this not affect her to get the silver medal, but also would not bring any risk of injury to herself.

After all, Qin Aoxue's strength in the last match was too strong, Michelle was afraid that she would be injured under her hands when she finally met her in the final.

An athlete had to participate in many competitions a year, and losing one was actually insignificant, but if a year's worth of competitions could not be attended because of an injury, it would really be a bit more than worth it.

1428

At this time, four contestants, each ascended two rings.

The two rings one left and one right, each ring is surrounded by the audience.

Today, the scene is packed, the match has not yet begun to talk under the applause, whistling and shouting, will be incessantly heard.

The first thing you need to do is to take a look at this.

The other side of the coach at this time a nervous look at him, and from time to time to look at the ring of Qin Ao Xue, the hand towel has been prepared at all times, once his disciple on the stage can not support, his own in the fastest time to throw the towel to admit defeat.

And in the ring, Qin Aoxue's expression was cold and steely as she looked at her opponent, Victoria.

Before Ye Chen didn't help her improve her physique, she wasn't Victoria's opponent, after all, this girl from Australia was tall and big, and her body function was one level stronger than the previous Qin Aoxue.

But now, she had full confidence in defeating Victoria.

She was just considering what kind of method she should use to achieve a one-stroke victory against Victoria.

At the same time, in the other ring, Itoh Cabbage was also considering the same problem.

Her eyes were not on her opponent Michelle, but on Ye Chen who was at the other ring side.

Although Ye Chen wasn't looking at her at the moment, she was convinced that if she performed well enough, Ye Chen would see her!

How to be enough like that to beat Michelle in one move!

Just then, the referees on both sides of the ring simultaneously announce the start of the match!

Over here, Qin Ao Xue's eyes were glued to Victoria, the Australian[penpal www.biquigex.co] Asian player, ready to look for the opponent's flaw.

Victoria is quite scrupulous about Qin Ao Xue, so she doesn't dare to take the initiative to come forward, and has been in a defensive posture, vigilantly watching Qin Ao Xue.

On the other hand, as soon as the match started, the American player Michelle shouted and whirled around to attack Ito's Cabbage!

For Michelle, she had long been eager to defeat Itoh Cabbage, and she also knew that she was too far behind Qin Ao Xue, so she focused all her energy on Itoh Cabbage.

The American's fighting ideas themselves were very fierce and wide open, attacking with all their might as soon as they came up, and Ito Naija could only quickly retreat and dodge the opponent's rainy, intense attacks.

At this point, Itoh Cabbage didn't dare to fight back, because she had an obsession in her heart, wanting to defeat Michelle in one move to show Ye Chen, so she absolutely couldn't blindly attack, and must find the best time to settle the fight once and for all!

Qin Ao Xue had already started to close in on Victoria at this time, swinging her body in preparation for evasion while continuously shortening the distance between her and Victoria, also looking for the best time.

But Victoria was quite wary of her, and backed away strongly, hoping to put a safe distance between her and Victoria.

Just when Victoria was cornered by Qin Ao Xue, Qin Ao Xue suddenly seized the opportunity to move like a rabbit and rushed towards Victoria.

Victoria is nervous, her hands in front of her, ready to block Qin Ao Xue's first attack in time.

Qin Ao Xue quickly impact, the left leg step out and then suddenly a cushion step more than half a meter in the air, the body of an overhead spin, the right leg quickly to Victoria!

1429

The air even carried the sound of Qin Ao Xue's broken air.

Victoria's face was horrified!

She had seen Qin Ao Xue's match against Joanna and knew that Qin Ao Xue was extremely explosive, and she was afraid that if this kick came, she would fly straight out of the ring like Joanna did.

So, she quickly took a step back of her right leg, her left and right leg and the ground in a triangle, as a way to strengthen the stability of her lower plate, then blocked her arms in front of her body, ready to block Qin Aoxue's strike with a demolition block action.

But she wasn't Joanna, she had no idea how strong Qin Ao Xue's sucker kick was!

All she felt was a tremendous force hit her arms, and then she heard two crisp cracking sounds, and she broke both her arms with a kick!

With an intense pain, her entire body could no longer resist the powerful force, and like Joanna in the last match, she soared straight backwards and fell out of the sky!

A huge scream erupted from the scene!

No one expected Qin Ao Xue's kick to be so strong!

And Victoria's coach was now looking horrified, as he quickly threw his towel in the air and ran to Victoria with great nervousness!

A few moments later, Victoria was taken out of the scene by the doctor with a pained face, and Qin Ao Xue once again won a move and advanced to the final!

A cheer erupted on the scene, it was an unprecedented breakthrough for a Chinese athlete to make it to the finals of a college scrimmage tournament.

While celebrating her victory here, Ito Nachiko was repeatedly pressured and pummeled by American player Michelle, who kept her hands to herself, so much so that she was hit several times in the face by Michelle, and the corners of her mouth and eyes were bruised and bleeding, looking very miserable.

Michelle was surprised at why Itochi only resisted and didn't fight back, while also seizing the opportunity to hit Itochi wildly.

In her opinion, Itoh Cabbage should be out of shape, then she was taking this opportunity to defeat her in one fell swoop.

Ito Nanae felt the sharp pain from the injured area and wanted to fight back several times, but she still resisted the urge.

She warned herself in her heart "I can't act rashly! I want to win! I have to win! I'll make sure that Ye Chen is impressed with me! Michiel, go ahead and attack with everything you've got! I won't fight back! At least, I won't fight back until I find your fatal flaw! Because you're not even my enemy in my eyes, you're just the report card I used to prove myself to Ye Chen!"

How could Michelle know what Itachi was thinking, she just felt that she had finally found her chance to get a clean slate!

I have lost to her many times, and today, in front of the whole world, I am going to defeat her completely by destroying her in a destructive way!

With that in mind, she immediately threw a series of punches at Itachi, each of them vicious!

At this time, the judge on the other side of the ring, has announced Qin Aoxue won, Qin Aoxue excitedly rushed down from the stage, hugging Ye Chen, happy beyond words.

The first thing you need to do is to take a shower and change your clothes," Ye Chen said.

Qin Ao Xue hurriedly nodded her head, full of adoration and admiration said "Coach Ye, you must wait for me, don't slip away by yourself while I'm going to change clothes."

Ye Chen nodded his head "Good, I'll wait for you."

Only then did Qin Ao Xue put her mind at ease and after bowing to the audience, returned to the backstage rest area.

It was only then that Ye Chen paid attention to the battle in the next ring.

1430

He was surprised when he looked at it from afar, and never expected that Itoh Cabbage would be pressured by that American girl, who seemed to be very passive and powerless to fight back.

Moreover, her gorgeous face was also bruised and bleeding from being hit repeatedly, especially the corner of her right eye seemed to be somewhat cracked, looking very heartbreaking.

He couldn't help but step over to the edge of the ring and carefully observe Itachi, he found that although Itachi was injured and was very passive in the situation, her eyes, which had been watching her opponent's every move, were not slacking off.

He wondered why Itoh Cabbage hadn't been fighting back since she had been observing her opponent. What the hell was she waiting for?

Just at that moment, Itachi's afterglow also saw Ye Chen.

She was surprised.

Because she could see some distressing meaning in Ye Chen's eyes.

She asked herself, "Is the heartache in Ye Chen's eyes because of me? Is he feeling sorry for me?"

In the next moment, she thought to herself, "Why would he feel sorry for me? In his eyes, it's just a Japanese girl sitting in a well, and my little bit of strength is as worthless as an ant in his eyes, not to mention that my compatriots have hurt his compatriots, and my master has even humiliated him, so even if I haven't offended him, I'm sure he would hate the house."

"So, even if he feels sorry for Michelle across the room from him, he would never feel sorry for himself."

"But but the way he looks at me, it does hurt! Could it be that he really does feel sorry for me?"

"Looks like there's only one way to find out if he's feeling sorry for me!"

Thinking of this, Itoh left a gap on purpose as she fended off Michelle's attack.

Boom!

Michelle seizes the opportunity and punches Itachi in the right side of her face, instantly knocking her cheek black and purple and even oozing blood!

Itoh Cabbage's eyes were sizing up Ye Chen as she fought hard against the punch.

She noticed that at the moment she was hit by Michelle, the heartache on Ye Chen's face became a little more obvious!

Her face was in excruciating pain, but her heart was somehow leaping!

"He's really hurting for me!"

Thinking of this, she actually floated a little happy little woman smile on her face.

Mihir is excited for his own just a strike to succeed, suddenly saw this scene, not by a frown, in mind, thinking "this Ito Cabbage in the end what is going on today? If she was just out of it, then it can't be explained by being out of it now, can it? Isn't it insane to laugh when you've been beaten?"

In the midst of this electrifying moment when she was wondering, the happy-hearted Itachi suddenly noticed that there was a slight cadence in Michelle's form!

In this instant, she suddenly realized that the opportunity she had been waiting for had arrived!

And, with Yatsunashi right here looking at himself, him right here looking at himself with distressed eyes, he must seize this opportunity and defeat Michelle in one move!

Not only should Ye Chen be shocked for himself!

All the more reason to let Ye Chen applaud himself!
