

Identity 1441

Chapter 1441

Xiao Changkun was not home for dinner at night.

According to him, he was having dinner with a few leaders of the Painting Association and a few cadres from the Senior University.

It was only by nine o'clock that Xiao Changkun gave Ye Chen a call.

When Xiao Changkun called, Ye Chen was watching TV in the living room with his wife.

Mother-in-law Ma Lan affixed a caviar anti-aging mask, lying on her four backs on the double sofa, leisurely swiping the short video platform, while muttering, "Aigoo, don't tell me, just that Japanese girl who came to our Jinling to participate in the fighting competition, she's really not bad looking!"

Ye Chen knew that she must be talking about Itachi Nacho, and without caring to speak, his phone vibrated.

He saw that it was Xiao Changkun calling, so he answered the phone and said, "Hello, Dad."

Xiao Changkun's voice sounded a little tipsy and smiled, "Oh my good son-in-law, why don't you come pick me up from Tianxiangfu? I've had some wine."

Ye Chen didn't think much of it and said with a hmmm, "Okay dad, I'll be right over."

Saying that, he stood up and said, "Mom, Chorán, I'm going to pick up Dad, he had some wine with the people from the painting association."

Xiao Churan stood up at this time and said, "Ye Chen, I'll go with you to pick up Dad."

Ye Chen didn't think much of it, nodded lightly and said, "Okay, then drive your car."

Once Ma Lan heard that Xiao Changkun was drinking outside, she was a bit annoyed and said, "This old bastard is getting more and more insolent, don't go pick him up, good son-in-law, let him roll back on his own, when he rolls back, I'll lock the gate and not let him in, let him sleep in the yard for the night!"

Ye Chen shrugged his shoulders and said, "Mom, it's better if you and Dad don't have such a bad time. We're all living under the same roof, so even if we're separated, we should still be friendly."\\\.

Ma Lan is like a smart person, and immediately heard that Ye Chen is taking words to point himself.

In her heart, she secretly slandered, "Although Xiao Changkun and I are separated, we are still both living in Ye Chen's villa, if we get into trouble with Xiao Changkun, he, Ye Chen, will definitely be unwilling, in case we tear him apart again then, it will really be more than worth the loss."

So, she could only put away her anger towards Xiao Changkun and said with disdain, "Actually, I don't bother to get along with people like him, when my leg gets better and I get my teeth fixed, I'll also go out every day to play! Two people don't interfere with each other!"

As soon as Ye Chen heard this, he immediately smiled and said, "Yes, mutual respect and non-interference, that's perfect."

Ma Lan looked at Ye Chen, flattered a smile and said, "Good son-in-law, when the time comes, you can have to give Mom a little pocket money, Mom is basically equal to penniless now, if you go out to eat dinners with friends or something, and you can't get any money, people won't be willing to play with me ah!"

Ye Chen still didn't know about Ma Lan's little heart? All she thinks about all day is money, making faces, playing cards, and being dashing.

She has no money now and doesn't go out to play because her leg is really inconvenient, plus she lost two front teeth and her image is badly damaged.

When her leg gets better and her teeth are mended, she will definitely be thinking of going out every day, and if she doesn't have money, there's no telling what kind of moths she'll fix then.

However, to Ye Chen, it would be a good thing if he could just give her some money to send her out.

So Ye Chen said indifferently, "Mom, when your leg is better and your teeth are fixed, I'll give you 50,000 yuan a month for pocket money then."

"Really?" Ma Lan was elated all of a sudden.

Fifty thousand pocket money a month was really quite a lot, when she used to have two million in her hand, she wouldn't be willing to spend that much in a month.

In fact, Ma Lan's daily expenses were nothing more than an occasional game of cards, shopping with her old plastic sisters, making faces, dinners, singing karaoke, and occasionally buying clothes, skin care or whatever, 50,000 yuan a month was actually enough.

1442

She was so excited that she said to Ye Chen, "Good son-in-law, why didn't mom realize you were so good before?"

Ye Chen laughed without saying anything, had he known that a shrew like Ma Lan would be able to get rid of 50,000 yuan a month, he would have spent money on a save.

The first thing you need to do is to take a look at this."

Ye Chen was shocked when he heard this!

Yes!

This mother-in-law of his is really money-minded!

Looks like she's totally bowing to money now!

You know, in the past, she had repeatedly instructed Xiao Churan that Xiao Churan should never have conjugal relations with her.

Ye Chen still remembered that one time, this old woman rushed into his and Xiao Churan's bedroom early in the morning, it was because she had a dream, dreamed that the two of them had a conjugal relationship, scared to come to confirm.

The first time, Dong Ruo Lin about wife and himself to go to the hot spring, the old woman heard, in order to not let himself take advantage of his wife, but also let his wife wear a bikini, instructed her to sleep with his own separate room.

But, never in her wildest dreams, her attitude took a 180-degree turn!

So he immediately nodded approvingly, "Mom you're so right! All we need in this family is a child! Oh no! Two missing!"

Ma Lan was laughing at the side, "If you ask me, you'd need three kids to be good! By then I, for one, will be dedicated to bringing you children!"

Ye Chen smiled and said, "Mom, then it will be hard for you then!"

Ma Lan was busy, "Oh good son-in-law, why are you still polite with mom, isn't it only natural for mom to babysit you two?"

Ye Chen nodded his head and looked at the blushing Xiao Churan, his heart blossoming with joy.

It seemed that as long as the money was given in place, this Ma Lan would easily fall over to his side!

So he deliberately said to Ma Lan with a serious face, "Mom, I can't let you work hard for nothing when the time comes, so let's say, for every child I bring up, I'll give you an extra 100,000 hard-earned dollars a month!"

"Oh my gosh!" Lan Ma sat up happily on the couch and exclaimed, "Really?! 100,000 a month for bringing up a child? With two kids, that's \$200,000?"

Ye Chen nodded, "Mom, I, Ye Chen, have always said one thing and never said another!"

Lan Ma was so excited that she took off, "Yes, yes, yes!"

After saying that, look to Xiao Churan, excited: "Churan, Mom knows an old Chinese medicine, has a secret formula for giving birth to twins, then Mom will buy you a few clothes back, you eat first, we strive to have two at a time."

Ma Lan knows very well that fifty thousand a month pocket money is enough for his daily expenses, but if he wants to upgrade his consumption level, this amount of money is stretched to the limit.

But now it was different from before, because of the matter of gambling and losing more than two million, he couldn't control the financial power of the family, Xiao Changkun couldn't give himself money, and his daughter wouldn't be willing to give him money, and he had no savings in his hand, so it was difficult to get extra money.

But if his daughter did give Ye Chen a pair of twins, then his monthly pocket money would increase from fifty thousand to two hundred and fifty thousand!

A quarter of a million!

That would be living like a noblewoman!

1443

Xiao Chorán didn't expect that Ye Chen had launched a money offensive against his mother.

And what's more, she didn't expect that the effect of the money offensive would look really good!

All of a sudden, she was so shy that she could not wait to pick up a crack and drill into the ground.

At this time, Ma Lan saw that she was silent and kept encouraging her, "Good girl, why don't I take you to that old Chinese doctor tomorrow and prescribe some medicine?"

Xiao Chorán was really helpless and said shyly, "Mom, don't talk nonsense here!"

Lan Ma said in a serious manner, "How can this be called nonsense? I also want to hold my grandson early ah."

Xiao Churan knew that if I didn't leave on my own, she would definitely talk endlessly, so she hurriedly pushed Ye Chen, "Let's go, let's go pick up Dad and go home."

Ye Chen nodded with a smile and said, "Then let's go pick up Dad first, let's talk about the twins later."

Ma Lan echoed on the side, "Right, right, right! Later, I think it'll be tomorrow."

Xiao Churan was helpless and pushed Ye Chen all the way out of the house.

Once out of the door, Xiao Churan pretended to be angry and said to Ye Chen, "Ye Chen, why did you say those to my mother?"

Ye Chen laughed, "Isn't this where the words come in?"

Xiao Chorán gave him a blank look, "Don't think I don't know what bad ideas you have! I'm telling you, if you want to go up a little bit, you can honestly go up a little bit, but don't expect to convince my mom to jump!"

Ye Chen said cheerfully, "I don't have that in mind! I just feel that our parents are getting older, and they definitely want to hug their grandchildren early."

Xiao Churan said shyly, "What's there to hug, hurry up and drive!"

Ye Chen nodded and drove Xiao Chorán's BMW out of the garage, and together they set off for the Heavenly Fragrance Residence.

After they arrived at the Heavenly Fragrance Residence, they saw several joking old people standing at the entrance, the old father-in-law and Han Meiqing stood side by side, Xiao Changkun was also considered to be the more handsome among the middle-aged and old people, Han Meiqing's temperament and appearance was even the top existence among her peers, so standing together, they were really a perfect match.

At this time, the two were laughing and talking with the others, looking harmonious and natural.

Han Meiqing was also carrying a gift box in her hand, which was the same caviar skin care set that Ye Chen had given to Xiao Churan and Ma Lan.

Xiao Churan was very uncomfortable when she saw this, and she opened her mouth to ask Ye Chen, "You said that my father won't cheat on me, right?"

Ye Chen laughed dumbly, "Oh my wife, where are you thinking, Dad and Auntie Han are old classmates and old friends, they are just having a party dinner together, how can they be involved with cheating."

Xiao Churan said with a nervous face, "But don't you forget, they are also old lovers!The two of them are each other's first love, this situation is the easiest way to cheat on each other."

Ye Chen said, "Good wife, this kind of thing is not something we as children can control, our parents have their plans and plans, it's better for us not to interfere."

Just at this moment, a Buick gl8 commercial car stopped in front of some old people, and a young man came down from the car, Ye Chen recognized him immediately, it was Han Meiqing's son, Paul.

As soon as he got out of the car, Paul greeted the old people very politely.

At the same time, he handed a gift bag to Han Meiqing.

After Han Meiqing received that gift bag, she turned around and handed this gift bag directly to Xiao Changkun.

Xiao Changkun was clearly stunned, and seemed to be prevaricating a few times, but Han Meiqing's expression was very insistent, so he accepted it with some embarrassment.

1444

Ye Chen and Xiao Churan were in the car, still a bit far away from their group, so they couldn't hear what they were saying.

But looking at the meaning was also able to tell that Han Meiqing should have asked her son Paul to help and prepare a return gift for Xiao Changkun.

Seeing both of them exchanging gifts, Xiao Churan was even more depressed, "Look at Dad and that Auntie Han, that's acting like ordinary friends, it's like a middle-aged couple in love!"

Ye Chen nodded lightly.

He had already seen that these two still had a deep affection for each other, and Han Meiqing had even given Paul the Chinese name Han Mukun, thus showing that she had never forgotten Xiao Changkun in her heart.

As for Xiao Changkun, needless to say, after so many years of being oppressed by Ma Lan, he didn't know how much he missed and longed for Han Meiqing.

If he had just let her disappear when Ma Lan stole his bank card, then I'm afraid that Xiao Changkun would have gotten back together with Han Meiqing by now.

At this time, Xiao Churan couldn't see it any longer and said to Ye Chen, "You should press the horn twice to remind Dad, otherwise he can still talk for another half hour."

Ye Chen nodded and pressed the horn, Xiao Changkun looked over in search of sound and recognized it was Xiao Churan's car, so he thought it was Ye Chen who had come to pick him up, waving at the car with a smile on his face before he said to Han Meiqing somewhat reluctantly, "Oh my Meiqing, my son-in-law has come to pick me up, so I'll go back first."

Han Meiqing smiled slightly and said softly, "Tell me when you get home, so I don't have to worry."

"Alright." Xiao Changkun smiled with a satisfied face.

Xiao Churan took advantage of the moment when Xiao Changkun turned his face to talk to Han Meiqing and said to Ye Chen, "My father should not know that I'm here too, I'm going to go sit in the back row."

Saying that, she immediately pushed the door and got off, then sat in the back row.

She knew Xiao Changkun's habit of riding in cars, he liked sitting in the passenger seat the most, so as long as there was no one in the passenger seat, he would definitely not hesitate to sit in.

The reason why she hid in the back row is because she thought that Xiao Changkun had some wine and would not be able to look back later, and when he saw Ye Chen driving over, he would definitely just pull open the passenger door and sit in.

As expected.

After greeting Han Meiqing and everyone else, Xiao Changkun ran over, came to the front of the car, and without hesitation, directly opened the passenger door, while sitting in, singing in his mouth, "I'm smiling proudly, I'm smiling proudly."

After singing, only then did this hehehe smile and said to Ye Chen, "Good son-in-law, it was hard for you to make this special trip to pick me up."

Ye Chen said, "Dad, why are you still polite to me?"

"That's right!" Xiao Changkun patted Ye Chen's arm and said gratefully, "Thank you for that skin care set you prepared for Dad today, your Aunt Han likes it very much! Oops! This is probably the most expensive gift I've ever given her in my life."

Saying that, Xiao Changkun could not help but lament again, "Hey I really owe you Auntie Han so much."

Ye Chen listened to him talk directly about Han Meiqing, still on this sobbing feelings, but he did not know that his daughter Xiao Churan can sit in the back row!

Thinking of this, he hurriedly gave Xiao Changkun a wink, reminding him that there was someone behind him.

Xiao Changkun was dizzy from drinking, which had no such sensitivity, while urging Ye Chen to drive, he put the gift bag in his hand on his lap and said joyfully, "Your Auntie Han secretly asked Paul to buy me a gift, here you see, this is it, you drive steadily, I'll open it to see what it is."

Ye Chen had no choice but to say, "Okay dad, I'll try to be steadier, but you should also be careful ah!"

As he said this, Ye Chen didn't forget to remind him to be careful behind him with his eyes.

How would Xiao Changkun know what exactly Ye Chen meant, as he unpacked the package, he said seriously, "This is a gift from your Aunt Han, of course I'll be careful, I can't break this even if I break myself!"

1445

Xiao Changkun thought that there were only himself and Ye Chen in the car, and Ye Chen was not only his son-in-law, but also the person he trusted the most now.

Therefore, he was almost defenseless against Ye Chen, and he wasn't afraid of Ye Chen knowing about those things with Han Meiqing.

At this time, while unpacking, he exclaimed, "Oh my, my good son-in-law, you don't know how popular your Auntie Han is now in the senior college, the ones who like her range from middle-aged people in their 30s and 40s to old men in their 60s and 70s, there are so many of them that they can't even be counted! If your father and I don't get a grip, I'm afraid the situation won't be good."

Ye Chen gave an awkward heave and changed the subject, "Dad, you didn't drink less at night, so why don't you stop talking and close your eyes for a while."

"How can that be." Xiao Changkun immediately said, "I haven't seen what you and Auntie actually gave me yet."

Saying that, the outer packaging had been unwrapped by him.

When he saw the box inside, he couldn't help but exclaim in shock, "Go! It's a Rolex!"

Ye Chen listened and took a subconscious glance and found that there was indeed a Rolex watch lying in the box.

Xiao Changkun carefully picked up the watch, measured it, and exclaimed, "This is that very popular Green Water Ghost, right? No \$100,000 or \$80,000?"

Ye Chen took a look at it and laughed, "Dad, you're too ignorant this isn't a Green Water Ghost, this is Green Gold Dee, from the Gold Watch."

"Green Gold Dee?" Xiao Changkun frowned and said, "I don't know anything about watches, I just heard someone say that the Rolex Water Ghost is very valuable, you said this thing is called Jindi? About how much is it worth?"

Ye Chen said, "Rolex has recently increased in price so much that this piece will probably cost between 350,000 and 380,000."

"Mum, so expensive?!" Xiao Changkun's voice changed a bit, and he said off the cuff, "A watch that's nearly 400,000, that's too scary."

Ye Chen faintly said, "Dad, the skin care set you gave Auntie Han is still nearly 390,000, it will be gone after a while, if this watch is well maintained, using it for decades is not a problem, and it might even rise in value in the future, like that Green Water Ghost, it used to be 50,000 to buy, now it's 100,000 upwards."

Xiao Changkun nodded repeatedly, touching that watch lovingly!

This was a gift from Han Meiqing, it was very significant to him.

He put the watch on his wrist, carefully examining it, and said, "Oh my, this watch is really the more beautiful the more I look at it. My own mother can't even leave it behind, can you, Ye Chen?"

Ye Chen said awkwardly, "Oh dad, you're drunk, you'd better take a rest first."

"Rest from what." Xiao Changkun said, "I need to take some pictures with my phone and send them to your Aunt Han, so she can see how good her eyes are."

Saying that, he immediately pulled out his phone.

As soon as he pulled out his phone, it rang, and Xiao Changkun couldn't help but mutter, "Oh my, it's Churan calling, Ye Chen, don't talk nonsense ah, if Churan asks later, you can't let her know that I'm eating with your Auntie Han."

1446

Ye Chen stretched out his right hand to block half of his face, he really didn't know how to respond to this stupid father-in-law of his.

At this time, Xiao Changkun pressed the answer button and opened his mouth, "Hey, Churan ah, I've returned with Ye Chen."

Only Xiao Choran's indignant voice could be heard from the back seat, "Dad! You are such a disappointment to me!"

Xiao Changkun was so frightened that he gave an ouch, and the phone one didn't hold steady, and it came off his hand and fell into the gap.

He couldn't care to pick up the phone, and looked back at Xiao Churan in utter fear: "Churan? How did you you [Book Interest www.shuquge.xyz] in the car?"

Xiao Churan asked in exasperation, "Why can't I be in the car? If I hadn't been in the car, I wouldn't have known that you had even cheated on me!"

Xiao Changkun was as if his tail had been stepped on and said off the cuff, "Oh Choran you can't talk nonsense ah, when did I cheat on you?"

Xiao Chu Ran said, "You and that Auntie Han have gone to the point of giving each other such expensive gifts, and you're also going behind Mom's back, going on private dates and dinners, what is that if it's not cheating?"

Xiao Changkun was busy saying, "This isn't cheating!Your Auntie Han and I are respectful to each other, we've never crossed the line, and besides, your mother and I are separated and unattached, so divorce is a matter of time, and even if I did cheat on her, it wouldn't be called cheating, it would be called starting a new relationship!"

"You you" said Xiao Chorán with an angry little face and tears in her eyes, "How can you do this!I always thought you were a good father and husband, but I didn't think you'd go so far now, you and Mom have been together for more than 20 years, more than 20 years of ups and downs, and even if there's no love, there's always affection, right?You should at least give Mom the least amount of respect!"

Xiao Changkun explained, "I didn't disrespect her ah, if I didn't respect her, I would have reunited with your Auntie Han long ago, it's because I respect her that I want to formally divorce her and then be with your Auntie Han in name only!"

Xiao Chu Ran cried, "Why did you have to divorce mom, why did you have to be with that Auntie Han?Are you aware that this is unethical?Does that Auntie Han know that it's immoral to be a third party or interfere in someone's marriage?!"

Xiao Changkun was also anxious and blurted out, "Your Aunt Han is not the third party!Your mother is the third party!"

Xiao Chu Ran was stunned, "Dad, what the hell are you talking about?!"

Xiao Changkun said coldly, "I'm not talking nonsense!I should have been with your Auntie Han!If it wasn't for your mother's third party interfering and taking me to a guest house when I was drunk back then, how could your Aunt Han leave me?"

The first time I saw him, I was so excited that I continued, "Churan, do you know how shameless your mother was back then?She and your Auntie Han are roommates and best friends!And what about me?I'm her best friend's boyfriend!But she went so far as to have sex with me directly while I was drunk, went to show off and demonstrate to your Aunt Han, forced your Aunt Han to go away back then, and then used the fact that she was pregnant with you and forced me to marry her, she's the one who has no morals as a third party!"

Xiao Chorán's entire body had been completely confused when he heard this!

She had heard from Mom that Dad had a first love back then, but when Mom talked about that first love, she always said that the other was a fox, but never made it clear what had happened between them back then.

So, I had always thought that Mom and Dad were normally in love together, but there were just a few short-lived ups and downs in between.

But today, after hearing dad's words, I realized that it was mom's third party who interfered with dad's love affair with another woman.

This is a complete reversal of what she has known about the feelings and love between her parents for the past twenty years

Just when Xiao Churan's jaw dropping and didn't know how to respond for a while.

The first thing you need to know is that you can't be a part of the family, and you can't be a part of the family, and you can't be a part of the family. Your Aunt Han, and then choosing her, I was totally forced to do that in the first place!"

The two of us were planning to go to the United States for further studies after graduation. You should know that it was especially popular to go abroad back then, and everyone was cutting their heads to drill outside. Just get married and settle down in the U.S., and then do a high-end talent immigration, the future life plan is already very clear, so to speak, it's bright

"But what's the result? As a result, just because I drank too much at the party, your mother took advantage of the weakness and forced your Aunt Han away, ruined my happiness and all the plans I had for my life!"

"Why have I been so unrequited and sparse for so many years? You've been a good-for-nothing at home all day, and you can't look like a graduate of a prestigious university? It's still because your mother ruined my life's trajectory in the first place, making me lose my direction and motivation to work hard all of a sudden!"

After saying this, Xiao Changkun's emotions could no longer be tensed and wailed, "Life only happens once, and if it's ruined, it can never be mended, but what about you? All you see is that your mother seems to have been wronged, but have you ever wondered how I've been living for the past twenty years? What's my mood?"

Xiao Churan was also speechless.

She really didn't expect that her father had suffered so much all these years.

Even the original life track that had been set

The track, too, has changed drastically because of Mom's third-party intervention.

Originally, Dad might have gone to America with Auntie Han to further his studies, get married and become a pillar of society.

But then, after marrying Mom, Dad became a loser in the eyes of his grandmother, a loser who couldn't be helped.

And then, Dad simply gave up resisting and lived a life of idleness every day, which of course had its own reasons for his lack of advancement, but overall was due to Mom's third party intervention.

Unbiased to say the least, Mom ruined Dad's life.

Turning him from a vibrant college student into a greasy, decrepit middle-aged man.

For more than twenty years, Dad must have lived a very grievous life, only he had never mentioned these words to himself before.

Moreover, mom is so shrewd and is the one who started the whole thing, so dad definitely can't confide in her, so in this family, dad has no one to complain to, then these grievances, he should have been living in his belly for more than twenty years!

At the thought of this, she couldn't help but feel aggrieved for her dad.

So, she choked and comforted, "Dad, don't cry, it's my bad, I didn't understand what was going on, so I blamed you indiscriminately, I'm sorry"

Xiao Changkun rubbed his eyes and let out a long, deep sigh, "HeyDad didn't want you to apologize to me, Dad just wanted to be able to get your understanding."

Xiao Churan nodded gently and sighed, "I won't ask too much about your affairs from now on, I just hope that you can manage these relationships well."

For the current Xiao Churan, she knew the story and could no longer stop her dad from contacting Han Meiqing, but she was, after all, Ma Lan's own daughter, and out of respect for her mother and this family of three, she could not explicitly support her dad in pursuing Han Meiqing.

Therefore, she felt that the only thing she could do now was to stop asking about the matter between Mom and Dad.

1448

Whether it was the grudge they had back then or the current entanglement, he no longer asked about it.

Xiao Changkun didn't expect his daughter to flagrantly support him, and not interfering was already the best he could think of, so he said excitedly, "Oh Chorán, you can do this, Dad is really thankful to you!"

Xiao Chorán sighed lightly and said, "Dad, this watch Auntie Han gave you, it's better that you don't wear it when you're at home, lest Mom see it and have to ask what's going on."

"Understood!" Xiao Changkun nodded his head in excitement and said evenly, "I will definitely not wear this watch at home!"

Although Ye Chen at the side hadn't said anything, he was slightly relieved for his old father-in-law when he heard this.

This father-in-law of his own was indeed not easy, in fact, the reason why he had endured Ma Lan for so many years was mainly because of Xiao Chorán.

If it wasn't for his own daughter, he wouldn't have been able to remain hidden, so it could also be seen from here that this father-in-law of his own wasn't useless, at least his fatherly love for Xiao Chorán was great.

And even when he was questioned by Xiao Churan, he did not say that the grievances of the past twenty years were for Xiao Churan, worthy of the four words father's love like a mountain.

.....

Back to Thompson, Ye Chen was about to drive into the community, when he suddenly saw Itochi standing in front of the community wearing a mask.

Although the mask covered her face, Ye Chen was still able to determine that this woman was Ito Nashiko from her body shape, hairstyle, and feeling.

Seeing herself driving close, Ito Naijaiko first physically subconsciously took a few steps towards herself, but probably saw Xiao Changkun and Xiao Churan in the car, so she stopped again.

Ye Chen knew that his wife

Both and her father-in-law were in the car, and they couldn't stop to greet her or ask her what she was doing here, so they could only drive in first, thinking that they would find an excuse to come out later.

When the car returned to the villa of Thomson One, before the car on Ye Chen's side was parked, Xiao Changkun had already put away the watch that Han Meiqing had given him.

After the car was parked, he hurriedly pushed off the door and went to hide the watch in that BMW of his own.

When Xiao Churan saw this, she couldn't help but sigh lightly and whispered to Ye Chen, "Suddenly I feel so sorry for dadHe must have been grieving for so many years, right?"

Ye Chen nodded and said, "Dad he's been suppressing for 26 or 27 years, if it were anyone else, I'm afraid he would have broken down long ago."

Xiao Churan asked him, "Did you already know about these things?Why don't you seem surprised to me?"

Ye Chen said, "Last time when I accompanied Dad to his alma mater for a class reunion, I heard someone else talk about it."

Xiao Chorán nodded in sudden realization and asked him, "Then why didn't you tell me about it"

Ye Chen helplessly said, "This matter right after mom she had an accident and disappeared, at that time you seemed to have lost your soul, your heart was only thinking about finding mom, how can I give you any trouble?"

Xiao Chorán nodded slightly and sighed again.

Ye Chen thought of the Itochi dish at the door, so he said, "You go in first with Dad, I'll go out."

Xiao Churan asked curiously, "Why are you going out so late?"

Ye Chen said, "I'm going to buy some liver protection tablets for Dad, he's been drinking, isn't he?"

Xiao Churan said, "It's better for me to go."

Ye Chen waved his hand, "You go in with Dad, and if Mom nags him again, you'll help reconcile a little!"

By the time Ye Chen came out of the villa, there was no longer any sign of Ito Nao-chan at the entrance.

He searched left and right a few times, but he didn't find Itoh Cabbage's figure.

This made Ye Chen wonder, the feeling he had just had wouldn't be wrong, the girl was wearing a mask but he was sure that she was Ito Naija-chan.

Since she had come to Townsend, she must have come to find herself, so why did she suddenly disappear again?

Thinking of this, Ye Chen couldn't help but sigh, he really couldn't figure out this Japanese girl's brain circuit.

At this time, Ito Naija was hiding in a milk tea shop, watching Ye Chen from a distance.

Seeing that Ye Chen seemed to be a bit forlorn, she also felt a strange feeling somewhere in her heart.

She had indeed come to look for Ye Chen tonight, the finals were coming up soon, and she also knew that it would be hard for her to win over Qin Ao Xue, and she would probably even get injured in the competition.

Her master, her family, didn't want her to continue to participate in the finals.

However, she felt that a qualified martial artist's strength could be inferior to others, but her willpower should never be crushed by the other party, so she decided that she would continue to participate in the competition and at the same time be prepared to be injured in the competition.

To this end, her father had sent a special plane, as well as a top Japanese medical team, which would be on site during the finals, and if Itachi was injured during the tournament, they would immediately apply help, as well as take a special plane to send her to Tokyo for medical treatment within three hours.

So, that way, she would probably not have the chance to meet with Ye Chen after she went to the arena, and that's why Ito Neko thought that she would come over to see him again tonight.

However, she didn't expect that she was just waiting at the entrance of Thompson's and watched Ye Chen drive back, but she found that there was a very beautiful looking woman sitting in the back seat of the car, which made her suddenly realize that that woman must be Ye Chen's wife.

At that moment, she felt a little lost in her heart and also felt that she shouldn't have come to disturb a married man, so she prepared to go back to the hotel.

But although she was ready to leave, she still wanted to know in her heart whether Ye Chen had seen her or not and would come out to see her, so she ordered a cup of milk tea from this milk tea shop and sat down.

In her heart, Itachi's feelings towards Ye Chen were very complicated.

Because he had abolished his mentor, he blamed him a bit and felt that he had struck too hard;-.

Because of his extreme strength, he had a few more admirations for himself and felt that he was the true master of martial arts.

Because he had scolded himself bitterly the last time, he felt a bit ashamed in his own heart in front of him, and even his own strength and inner toughness would be affected by him, so much so that he would always soften in his heart when he thought of him.

She just didn't know that this soft feeling was more like a kind of secret love and admiration.

She had received a strict aristocratic education since she was a child, and her psychological quality was extremely good, growing up, she wouldn't be nervous when she thought of anyone, or saw anyone.

But recently, whenever she thought of Ye Chen, she would always be unable to control her heartbeat, and even if Ye Chen wasn't in front of her, she still felt nervous, and her heart was like a deer bumping around.

At this time, even if she was looking at Ye Chen from afar, she still felt her heartbeat accelerating.

Moreover, when she saw that Ye Chen's expression was somewhat regretful, her heart was even more joyful.

Just like when she was in the ring, when she saw Ye Chen's eyes with a little bit of heartache, it made her heart very satisfied.

1450

So she hurriedly said to the boss, "Boss, add another cup of milk tea."

The boss said, "Miss, we are about to close and the staff is off duty, so we can't make milk tea now, sorry."

"Okay." Itachi nodded helplessly.

At this time, suddenly saw Ye Chen walking towards the right side of the front door of Thompson's, so he hurriedly held his milk tea and ran out with a step.

Ye Chen thought that Itochi had left, so he prepared to go to the pharmacy to buy a box of liver protection tablets for his father-in-law so that he could go back to deliver his business.

When he arrived at the entrance of the pharmacy, he realized that there was a large poster hanging up in front of the pharmacy, and the beautiful and peerless Gu Qiuyi was holding Jiu Xuan Stomach Powder with her handwritten slogan on it: "New Chinese medicine, new Chinese goods, I trust Jiu Xuan Stomach Powder!"

Below, there was also her personal signature.

Ye Chen stepped into the pharmacy and found several people consulting with the salesman, "Hey, girl, I want that Jiu Xuan Stomach Powder that Gu Qiu Yi endorses, give me a box!"

"Give me a box too!"

"Me too!"

The salesman smiled and asked, "You all buy them back for your collection, right?"

"How do you know?" One of the men asked in surprise, "Are you also a fan of Gu Qiuyi?"

"Right." The salesman smiled, "I am a fan of Gu Qiuyi, and almost all of those who came to buy Jiuxuan Stomach Powder today are her fans, after all, this is her first time endorsing an actual product, and it's still quite a collectible."

Said the salesman, "I've heard that this medicine is quite effective for all kinds of discomforts of the spleen and stomach, so buying it back can also be a regular medicine."

A young man who got a whole box of Jiu Xuan Stomach San said, "I'm going to collect this whole box, but I don't want to open it up and eat it, so I'll buy it later when I need it, so I'll collect a copy first!"

When Ye Chen saw this, he couldn't help but be surprised, he really didn't expect that Gu Qiuyi's influence was so strong, fans actually flocked to and bought her endorsed merchandise to go back and collect.

Just when he was surprised, a few more people came, also wanting to buy Jiu Xuan Stomach Dispersion, at least one box, more even ten boxes.

It was hard to wait until all these people who were buying Jiu Xuan Stomach Dispersion had left before Ye Chen stepped forward to the counter and spoke, "Please give me a box of liver protection tablets."

The salesman nodded, took a box of liver protection tablets and handed them to him, saying, "Hello, 398 yuan."

Ye Chen hummed and scanned the code to pay, then took the liver protector tablets out of the pharmacy.

On his way out, he was looking down at the ingredients of this liver protector tablet, and surmised in his heart that many men nowadays had drinking parties to socialize, and alcohol hurts the liver, no matter how much or how little they drink, there is some damage to the liver, so liver protectors should have a large market space in the world.

The Jiu Xuan Heavenly Scriptures had many lost classical prescriptions on it, not only the prescriptions for stomach dispersal, but also liver protection, and after Jiu Xuan Stomach Dispersal became a hit, he could launch Jiu Xuan Liver Protection tablets along with it.

As he was thinking, he suddenly realized that there was a figure scurrying in front of him all of a sudden, he subconsciously mobilized his aura and prepared himself for a defensive counterattack, but when he fixed his eyes, he saw that standing in front of him was Itachi Naozi with a mask and big eyes like a white moon.

He was a little surprised all of a sudden, and thought that this girl had left, but he didn't expect her to be here.

And at this time, Ito Cabbage Seed, blushing with shame and nervousness inside, she looked at Ye Chen's face up close, and all of a sudden didn't know what to say, so her brain was hot, and handed the milk tea in her hand to him, and said with a smile, "Ye Chen-kun, please drink the milk tea!"
