Chapter 1481

As soon as Ye Chen exited Thomson One, the automatic door of the bus slowly opened.

The first thing you need to do is to get out of the car and get out of the car," he said.

Ye Chen nodded his head and stepped onto the bus, and once on board, he saw that the bus was filled with more than forty young adults, these people were all hard-faced and strong, and they were all trainers at a glance.

As soon as these people saw Ye Chen, they all stood up and bowed, "Greetings, young master!"

At the side, Richard Chen immediately said, "Young Master, these are all dead men that I have cultivated over the years, they are my own men, you can rest assured!"

Ye Chen nodded his head in satisfaction and said to everyone, "Please sit down, everyone must do their best tonight, only success is allowed, no failure!"

Everyone shouted in unison, "Young Master rest assured! We will do our best!"

Ye Chen turned his face and said to Richard Chen, "Tell the driver to hurry up and drive, we'll be there as soon as possible!"

"Good young master!"

The site of Jiu Xuan Pharmaceutical's factory was located in an industrial park on the outskirts of Jinling City.

It was a twenty to thirty kilometers away from the city.

In the middle of that, most of it was an expressway with a lot of traffic, so it was unlikely that Kobayashi Jiro would be able to do it on the expressway.

However, after the expressway came down, there was a section of the lower road to the pharmaceutical factory, which was a good place to strike with few cars and few people.

Therefore, both Ye Chen and Richard Chen felt that Kobayashi Jiro would definitely choose to strike here.

So, Ye Chen immediately made a call to Wei Liang and instructed him not to leave Jiu Xuan Pharmaceutical for the time being, and when he and Chen Zekai were almost ready, he would come out at that time.

Wei Liang naturally agreed without hesitation.

The current Wei Liang had long been completely at Ye Chen's beck and call.

In fact, as early as the first time Ye Chen helped him seize Wei's Pharmaceutical and even sent his father and his half-brother to the Changbai Mountain, Wei Liang already had a heart for Ye Chen to saddle up and serve him.

And the last time in Changbai Mountain, when Ye Chen single-handedly killed the Eight Heavenly Kings, he had already made up his mind in his heart that he would follow Ye Chen for the rest of his life, even to the point of losing his liver and brain for him.

So now, every word that Ye Chen said would be enshrined in his heart.

And right now, Kobayashi Jiro was sitting in his Toyota Elfa luxury business car.

The car had reached a ninety-degree bend in the national highway.

Here, the steering car couldn't see the other side of the curve until it turned, so it was perfect for an ambush.

Once you turn the corner and find a roadblock in front of you, it's a fool's errand to try to turn around. Genius Rackba One.

Because of the unique terrain, traffic police also like to check for DUIs in such places on weekends and holidays, and by the time a vehicle turns the corner and sees someone checking for DUIs, it's too late to run and there's no way to escape.

1482

At this moment, Kobayashi Jiro was holding a packet of Jiu Xuan Stomach Disperse in his hand.

Ever since he had eaten a packet of Jiu Xuan Stomach Dispersion yesterday with a stomach ache until a few minutes ago, he hadn't felt any more stomach discomfort.

This was enough to tell that the efficacy of Jiu Xuan Stomach Dispersion was more than a notch stronger than the home-made Kobayashi Stomach Dispersion.

What made Kobayashi Jiro feel even more frightened was that he had only taken Jiu Xuan Stomach Dispersion once, but when he felt slightly uncomfortable again just now, he subconsciously took a pack of Jiu Xuan Stomach Dispersion instead of his own Kobayashi Stomach Dispersion. 제 81 제 81 제 81 full text ㄴtts:x 八1zㄴ

He had a full sense of accomplishment in this, so he treated it like his own son.

But what he didn't expect was that he had only used Jiu Xuan Stomach Disperse once, and then he had left Xiao Lin Stomach Disperse behind as his own son, thus showing that his body was completely unable to resist the efficacy of this Jiu Xuan Stomach Disperse!

If even myself was still like that, then there was no need to say anything about the other ordinary consumers, they would definitely not hesitate to cast aside Kobayashi Stomach Dispersion after using Jiu Xuan Stomach Dispersion.

So, no matter what, I must get the formula for Jiu Xuan Stomach Dispersion!

Thinking of this, he felt the burning sensation in his stomach emerge slightly, so he didn't hesitate to tear open the packet of Jiu Xuan Stomach Powder and swallowed it with his head back.

At this time, his entire emotions were excited and excited, but also a little nervous at the same time.

Thus, he immediately said to the assistant beside him, "Pour me a glass of whiskey with ice!"

The assistant immediately nodded, took out a bottle of Japanese whiskey from the car refrigerator, to half a glass, and added a few ice cubes.

Kobayashi Jiro took a sip from the glass and said excitedly, "The Chinese are really something!! thought that the Kobayashi Stomach Dispersion recipe was already amazing, but I never thought that this Jiu Xuan Pharmaceutical would be able to unearth something as amazing as Jiu Xuan Stomach Dispersion, it really is impressive!"

The assistant couldn't help but say, "Chairman, what Jiuxuan Stomach Dispersion uses may not be the same as the prescriptions used in classical Chinese medicine, ah, or maybe they developed it themselves."

"Impossible!" Kobayashi Jiro waved his hand without hesitation and said, "In recent years, the Chinese themselves have stopped paying attention to Chinese medicine, and for so many years, only Yunnan Baiyao has managed to carry on. So, this means that their TCM has been going downhill, and there was no such good prescription as Jiuxuan Stomach Powder before, but now it's going downhill, so how can it come out across the board? So I'm almost certain that this Nine Xuan Stomach Dispersion must be a recipe that I stumbled upon from classical medicine."

The assistant hurriedly flattered, "Chairman, you are still the most insightful!"

Kobayashi Jiro drank all of the whiskey in his glass in one more gulp, then handed the glass to his assistant, gesturing for him to continue pouring as he exclaimed, "When Father-sama was alive, he said that Chinese history and culture is an inexhaustible forest, and now it seems that what Father-sama said was indeed true!" MANY GIFTS

The assistant nodded and asked on the side, "Chairman, if we get this Jiu Xuan Stomach Dispersion recipe, what should we do next?"

Kobayashi Jiro smirked and said, "I've been instructed, once I get the prescription, I'll have someone set a big fire and just burn down the production base of Jiu Xuan Pharmaceutical, then I'll go back to Japan to make a little change to the prescription and quietly replace the Kobayashi Stomach Disperse, after that the medicine, it's mine!"

Speaking of which, there was a cold flash in Kobayashi Jiro's eyes!

Right now, Jiu Xuan Pharmaceutical was producing Jiu Xuan Stomach Dispersion in three shifts in a row, and he knew very well that a big fire could kill hundreds or thousands of pharmaceutical employees.

But to him, he didn't care about that anymore.

The people who died were all from Jiu Xuan Pharmaceutical anyway, so what did it matter to him?

All he wanted was the formula for Jiu Xuan Stomach Dispersion, that's all!

When Kobayashi Jiro, who thought he had laid down the sky against Wei Liang, Ye Chen's big, had already trapped him in it.

Right now, right here, right now, Kobayashi Jiro thought that the dozen or so experts under his command who had come all the way from Japan would be able to eat Wei Liang.

But he didn't know that there were at least 50 people on both sides of this intersection who had already surrounded them to death.

At this time, the bus that Ye Chen was riding was still less than three kilometers away from here.

The Jiu Xuan Pharmaceutical, where Wei Liang was, was also almost three kilometers away from here.

So, Wei Liang also walked out of Jiu Xuan Pharmaceutical at this time, got into his car, and as usual, took the national highway off work normally. The genius of the manure management system

The moment Kobayashi Jiro's eyes reported back and told him that Wei Liang had departed from Jiu Xuan Pharmaceutical and was driving alone, Kobayashi Jiro's blood boiled all over his body!

Ten minutes later, the Mercedes-Benz sedan driven by Wei Liang drove into this curve.

At this time, the moon was dark and the wind was high, and there were no longer any passing vehicles on the road.

Kobayashi Jiro's tactical plan was very simple and straightforward, right here, stop the sedan driven by Wei Liang, and then immediately tie him up and take him to a safe place to be tortured, forcing him to take out all of his medicinal formulas.

Moreover, Kobayashi Jiro had already had hundreds of commonly used Chinese herbal medicines bought in advance, so as long as Wei Liang confessed the formulas, they could be immediately prepared on the spot, and then compared to the commercially available Jiu Xuan Stomach Powder.

As long as the formulated medicine felt the same as Jiu Xuan Stomach Dispersion, he could immediately rush back to Japan and start producing Xiao Lin Stomach Dispersion with the new formula.

The dozen or so experts that he had called in would stay behind and completely destroy the entire Jiu Xuan Pharmaceutical.

Seeing that Wei Liang's car had driven into the curve, Kobayashi Jiro was so excited that he even stepped out of the Toyota Elfa himself.

The dozen or so experts from Japan had already used vehicles to block off Wei Liang's way forward, and they disguised the scene of a tailgating accident, and when Wei Liang drove up to the front, there were two other vehicles that blocked off all of his retreat and side roads.

At that time, Wei Liang is a turtle in a jar.

At this point, Wei Liang drove into the bend and saw two cars parked in front of him, with a few people standing on either side of them, as if they were arguing about something. 创建81文章中文中文中文中文fastest 八1z四

So he just stopped the car and then followed Ye Chen's instructions and got out of the car, so he asked, "What's going on? Did you crash? Can you guys move your cars to the side of the road to deal with the accident, not across the middle of the road, so that the road is all blocked by you."

As soon as Wei Liang's voice fell, those few people suddenly rushed towards him, two of them were extremely fast, and in the blink of an eye, they had already reached Wei Liang's front, then one left and one right deadly controlled his hands and arms.

Wei Liang pretended to be frightened and shouted, "Who are you people? What do you want?"

Kobayashi Jiro stepped out of the darkness and smiled sardonically, "Hello Manager Wei, we meet again!"

Wei Liang asked off the cuff, "Kobayashi Jiro?! What do you mean?!"

Kobayashi Jiro laughed, "It's no fun, the cooperation during the day didn't work out, so I wanted to invite you to a different place, let's continue our conversation."

After saying that, he immediately said to those black-clothed men, "Take him away!"

Just then, a bus, suddenly, drove up from the other side.

The driver flicked his headlights and honked his horn.

1484

Kobayashi Jiro frowned, "Shit, there's a bus going this way at night?"

After saying that, he said to those black-clothed men, "Hurry up and get out of the way, or there will be unnecessary trouble if you make the passers-by suspicious!"

The man in black was about to move forward, but the bus had stopped in front of the two cars that were disguising the crash.

The driver lowered the window and shouted, "Hey, what's the deal? A fucking car accident and you guys blocked both ways?"

One of the black-clothed men hurriedly said, "Excuse me excuse me, this is moving away, this is moving away!"

The driver cursed and said, "Come on, what the fuck is the ink? What a fucking mess!"

The man in black got a little annoyed when he heard this and cursed, "Baka ah Lu! You, why are you talking to me?!"

The driver scoffed, "Ouch, still a Japanese, how's the kid? Are you pretending to be a pussy with me? Don't even look where this is, it's fucking China, you know? a! Here, say it after daddy, c-h-i-n-a!"

This man in black was at least a respected martial arts master in Japan, and although he was not as good as Kazuki Yamamoto, Ito's master, he was at least an expert, but he didn't expect to be scolded by a bus driver pointing at his nose and saying in exasperation, "Damn! If I don't give you something to look at today, you won't know what the price of a cheap mouth is!" MANY GIFTS

Kobayashi Jiro hastily bellowed, "Musashi!Keep the big picture in mind and don't get into trouble!Get the car out of the way and let the bus pass!"

When the man in black heard this, he had to bite his teeth and pointed at the bus driver and scolded, "You're lucky today, I'll spare your life!"

The driver laughed, spat out the window, and continued to curse, "Or is that little chicken-hair in the back more sensible, otherwise, I'll fucking kick you little thangs, from here straight back to Japan!"

Kobayashi Jiro didn't think a bus driver would dare to call him a chickadee.

An unprecedented shame, but it surged out within him!

He's the chairman of Kobayashi Corporation!The helm of the Kobayashi family!Such disrespectful titles and insults are not acceptable under any circumstances!

He who had just told that Musashi not to rampage, angrily pointed at the bus driver and cursed, "You guys, teach this bastard a lesson!He must be torn out of that damn mouth of his!"

A few black-clothed people were already furious, and immediately rushed over excitedly upon hearing this.

They went right around to the door of the side bus and clanged on the door, cursing angrily, "Shit, open the door!I'll kill you today, you dog bastard!"

The driver of the bus was not at all terrified and pressed the button to open the door while cursing, "Grass!How dare you pretend to be me?See if I don't fix you today!"

As soon as the words fell, the car door also opened completely.

A few Japanese black-clothed experts swarmed onto the car, wanting to beat the driver to death.

However, they never dreamed that as soon as they got on the train, the door would suddenly close again, and in the black car, there were suddenly more than forty strong men who pulled out their pistols and aimed their guns directly at them.

Just as they almost peed their pants in fear, Ye Chen stood up with a playful smile on his face and coldly shouted, "All of you fucking squat down with your heads in your hands, or else I'll order him to be beaten into a piece of human honeycomb!"

1485

These Japanese black-clad men, looking at the numerous guns pointed at them, were confused.

What was going on?

Didn't we all come up here to teach that bitchy bus driver a lesson?

Why do we seem to have fallen into a wolf's lair all of a sudden?

At that moment, the one leading the group shouted, "Baka!No!We're ambushed, run!"

The words just fell away, and when I turned my head, I couldn't help but feel a surge of despair inside!

Why is the door closed?

Just when he didn't know what to do, Ye Chen sneered and asked playfully, "What? Get in my car, and you want to run?"

"No no!" The man hurriedly waved his hands and compensated, "This must be some kind of misunderstanding, we actually wanted to come and say sorry to this driver sir, after all we just had a rather bad attitude and it affected your normal driving again"

Ye Chen snorted, "Cut the fucking crap with me! If you don't squat with your head in your hands, I'll blow your dog's head off!"

The man shuddered in fear, "No no no! Calm down, brother! Can't I squat?"

Afterwards, he hurriedly raised his hands above his head and squatted down deeply.

As soon as the others saw him crouch down, they also immediately had one to learn and squatted down.

At this time, Kobayashi Jiro, who was outside, still didn't know what was happening in the bus.

He was having people quickly stuff Wei Liang into the bus and take him away.

And at this moment, a large number of black sedans suddenly came from both sides of the curve.

These black sedans immediately surrounded them, along with the bus.

Kobayashi Jiro panicked all of a sudden.

He was no fool, one look at this battle, and he knew that the other party had come for a bad reason, and was definitely prepared.

So, he hurriedly shouted to the Japanese experts around him, "No delay! Let's kill our way out of here!"

Kobayashi Jiro knew that he was now a turtle in a jar, and if he didn't quickly find a way to break out, he'd be at the mercy of the enemy if he lost his ability to resist.

There was still a chance of a breakout this way!

He felt that as long as he could escape, even if everyone around him died here, there was no harm in it.

These dead men also wanted to do their best to escort Kobayashi Jiro to break out, but they never dreamed that more than 40 loaded black-clothed men would come out of that bus in a hail of bullets.

Together with the black-clothed men coming out of those black sedans, there were at least a hundred in total!

On the other hand, there weren't even 20 people on Kobayashi Jiro's side, and several had already been disarmed in the bus.

Kobayashi Jiro panicked and said, "Quickly cover my breakout! If not, we'll all die here today!"

As soon as the words were out of my mouth, there was gunfire all around!

When the gunfire gradually stopped, Kobayashi Jiro was shocked to find that he was no longer surrounded by any of his men who were still standing.

Ye Chen had already explained that none of the others would be left tonight except for Kobayashi Jiro.

So, naturally, Richard Chen's men were not so merciful.

As Kobayashi Jiro watched his assistant, his driver, and the experts he had hired from thousands of miles away from Japan all collapsed one by one in a pool of blood, life and death unknown, his entire body instantly collapsed and cried, "Please! Please don't kill me! I am the patriarch of the Kobayashi family and the chairman of the Kobayashi Pharmaceutical Company of Japan! As long as you don't kill me, I'll pay whatever it takes!"

At that moment, a cold voice came out, "Kobayashi Jiro, I find that you Kobayashi clan really don't have a long memory, you always want to mess with me don't you?"

Kobayashi Jiro shivered when he heard the voice.

Immediately after, he saw Ye Chen's handsome and arrogant face. The first issue, domain name, please remember

"Mr. Yeap?!"

Kobayashi Jiro almost collapsed, "Why are you here?"

Ye Chen asked him, "Wei Liang is my man and Jiu Xuan Pharmaceutical is my company, if you want to kidnap him and steal the formula of Jiu Xuan Stomach Disperse, then of course I have to come meet you for a while! Lest you think I'm a softie, you and your deadbeat brother can have a little pinch from anyone."

"Huh?!" Kobayashi Jiro threw himself on his knees and bawled, "I'm sorry, Mr. Yeh! You really don't know that Wei Liang is your person ah, let alone know that Jiuxuan Pharmaceuticals is yours ah, if I knew then kill me, I wouldn't dare to have any disobedience to your thoughts ah!"

Ye Chen laughed and said, "Cut the fucking crap with me, you've already done it to my people and you're still fucking saying that you didn't disobey my thoughts? Do you think I'm so gullible as a three-year-old?"

Kobayashi Jiro was really scared and about to faint at this point.

He knew who Ye Chen was? He also knew of Ye Chen's tactics, after all, his brother was the one who had fallen into Ye Chen's hands in the first place.

This time, he himself had committed a crime at Ye Chen's hands, naturally he knew that Ye Chen could not easily spare himself.

Because he was afraid that Ye Chen would kill his brother as well as himself, he hurriedly kowtowed and begged for mercy, saying, "Mr. Ye, please calm down, don't get along with people like me, and I'll pay you a certain amount of money no matter how much it is for today's incident!How about a billion?As soon as you give the nod, I'll have the money immediately credited to your account."

"One billion?"Ye Chen grinned, "Yeah, Kobayashi Jiro.This time, I'm not doing it for the money."

Kobayashi Jiro cried and asked, "Mr. Ye, then how exactly do you want to be satisfied?"

Ye Chen scowled and said, "You stay honestly in Japan, we don't violate the well water and we all get along well, but you don't have eyes for me, you have to come and find trouble with me, in that case, I'll send you to meet with your brother."

"Huh?!"Kobayashi Jiro had been thinking that his brother had been killed by Ye Chen's men, and when he heard this, he peed his pants in shock.

His entire crotch was rapidly soaking wet and even flowing onto the concrete floor, but he couldn't care less at this point and wailed and cried, "No, Mr. Ye!No!!!!I'm young!!!! don't want to die!!!!I beg you to be kind and spare my life, I'll be a cow for you!!!"

Ye Chen said with contempt, "Kobayashi Jiro, look at you!Aren't you ashamed of a grown man crying like this wimp?"

Kobayashi Jiro has cried a snotty nose: "Mr. Ye I do not want to die ah I have not lived enough I'm not married yet Kobayashi family no one to stay after you can not let me Kobayashi family bloodline soul lost in a foreign country ah!"

Ye Chen saw him crying like a woman, despicable said: "pee to look at yourself, how can you still have a bit of hot-blooded good boy's appearance?When did I say I was going to kill you?Don't worry, I'll keep you alive."

Kobayashi Jiro looked surprised, "I thought you said you were going to send me to see my brother?"

Ye Chen hummed and said indifferently, "It's true that I'm going to send you to meet your brother, but I forgot to tell you that I've also kept your brother alive!"

1487

When Kobayashi Jiro heard Ye Chen say that he had spared his brother's life, his entire body had completely collapsed.

He was filled with rage and said "You you charged me 1 billion RMB and promised to kill my brother, have you been lying to me all this time?!"

Ye Chen laughed "Kobayashi Jiro, don't be so silly and sweet, coming out is a trick, can't you even think of that?"

Kobayashi Jiro said angrily "You you don't keep your word!"

Ye Chen asked rhetorically "I don't keep my word?You speak?Do you think you're human again?You fucking came from Japan to China to steal my formula and kidnap my men, and you keep your fucking word?And your brother, who came from Japan to China to steal my magic formula, and he's a man of his word?Or is it normal for you Kobayashi clan to rob others in itself?"

Kobayashi Jiro was suddenly speechless.

Ye Chen said in disgust at this time "Didn't you say that I'm untrustworthy?That's fine!Then let's do it, I'll have your brother killed right now!"

After saying that, he looked at Kobayashi Jiro and said, "Besides, I've just said it.I'm going to send you to meet your brother, but you don't want your brother to live, so I'll have to kill your brother first, then I'll kill you and send you to meet your brother in the netherworld, so that's always a promise, right?"

Kobayashi Jiro was so frightened after hearing this that he shuddered and immediately knelt on the ground and kowtowed to Ye Chen and begged for forgiveness "Mr. Ye, I was wrong!I was just full of fart, you must not be so familiar with me, I have to thank you, mercifully sparing my brother's life even more!"

Ye Chen sneered "That's more like it, let's go Kobayashi Jiro, I'll take you to meet up with your brother - brother."

After saying that, he waved his hand at Richard Chen "Take him into custody and go to Hongwu's dog pound!"

Richard Chen immediately nodded his head "Okay Master Ye!"

Wei Liang at the side also hurriedly asked "Master Ye, do you want me to go over as well?"

Ye Chen patted his shoulder and said indifferently "You're usually busy enough with the pharmaceutical factory, and you've gone through this tonight, it's better to go back and have a good rest, you still have to supervise production in the factory tomorrow."

Wei Liang nodded hurriedly "That's okay Master Ye, then I'll go back."

Chen Zekai had his men escort Kobayashi Ichiro into one of the cars.

After that, he left a group of people here to clean up the mess, while he himself drove the car with Ye Chen in it, speeding off to Hongwu's dog farm.

After arriving at the dog farm, Richard Chen had his men bring Kobayashi Jiro directly into Hongwu's office, and Hongwu hurriedly welcomed him and respectfully said to Ye Chen, "Master Ye, you've come!"

Ye Chen nodded slightly and asked him "Hongwu, how is Kobayashi Ichiro doing here lately?"

Hong Wu smiled and said "Not bad, this grandson is quite obedient lately, every day is to raise and walk the dog, clean the kennels, and learn Chinese in his free time, last month he even begged me to buy him two dictionaries and a dictionary."

Ye Chen laughed "This guy can ah, and a heart that loves to learn."

Hong Wu said, "Master Ye, the key is that this grandson has nowhere to go, never daring to go out of the dog farm half a step, 24 hours a day to stay here, to have something to pass the boredom time."

Ye Chen gracefully said, "Okay, you go and call him over."

"Okay!"

Hong Wu immediately stepped out.

1488

A moment later, a man wearing blue-gray labor uniforms, gloves and sleeves ran in with an excited face.

As soon as he entered, he saw Ye Chen and hurriedly spoke excitedly, "Hello, Mr. Ye! It's been a long time!"

Kobayashi Ichiro had been here for a long time, and for a long time he had been dealing with a few of Master Hongwu's men on a daily basis, and most of the time he could actually only deal with dogs.

So for a long time, he felt very lonely in his heart.

At this time, when he heard that Ye Chen had come and wanted to see him, he couldn't help but feel an excitement inside.

The excitement was because he felt that he hadn't seen an acquaintance or a friend for a long time, and Ye Chen, although he wasn't really his friend, he was at least an acquaintance, right?

It was already a very rare thing for him to see the face of someone he knew.

Ye Chen looked at him and said with a smile on his face "Kobayashi Ichiro, you can speak Chinese, you can't hear any accent at all, you haven't put in much effort lately, right?"

Kobayashi Ichiro smiled shyly and said, "I've been spending all of my time lately learning Chinese every day except for the dogs, and the other workers at the dog farm have been helping me practice my speaking and pronunciation, so I'm making pretty good progress, Mr. Ye, you're too kind!"

Ye Chen nodded and pointed at Kobayashi Jiro, who was kneeling on the ground and trembling with his back to Kobayashi, and smiled, "Kobayashi Jiro, I even brought an acquaintance over to catch up with you today."

Kobayashi Jiro was now trembling violently with fear.

He was extremely scared when he heard his brother's voice, mainly because he knew he was at a disadvantage and was feeling guilty.

E-S after all, he had spent a lot of money and gotten many people from Japan to come to China to hunt down and kill his own brother.

He even ended up giving Ye Chen 1 billion to buy his own brother's life.

But in his wildest dreams, he never thought that Ye Chen would deceive himself and his own brother would still be alive.

Therefore, he was afraid that his brother would fight with him to the death after seeing him.

Kobayashi Ichiro didn't know that the man kneeling in front of Ye Cheng with his back turned was his brother, he heard Ye Chen say that he had brought an acquaintance to catch up with him, so he was curious and leaned over to see what was going on.

This look didn't matter, when he saw Kobayashi Jiro's face, his entire body was struck by lightning.

Whirling around, Kobayashi Jiro's veins flared!

"Jiro! You son of a bitch! I've always treated you like a brother. I never thought you'd want me dead! I'll kill you, you beast!"

Kobayashi Jiro was scared out of his wits and cried out, "Brother! Brother! It's not my fault! When Lord Father suddenly died shortly after taking the medicine you sent back, I thought you were deliberately trying to get Lord Father killed, that's why I wanted you to pay for your life."

Kobayashi rushes furiously, grabs Jiro Kobayashi by the collar, and keeps pounding his fists into his face!

At the same time, he gritted his teeth and cursed, "It might still be useful for you to fool the rest of the family with this crap, but there's no door to fool me!"

"Don't you think I know what you're up to? You know I'm in China, I can't have killed my father and let you get away with it!"

"You also know full well that after my father's lord's death, I, as the eldest son, will fully inherit the family fortune!"

"That's why you put a patricide charge on me, tried to kill me, and then monopolized the entire Kobayashi family!"

1489

It didn't take much longer for Kobayashi Jiro to be beaten by his brother, who was bloodied and nearly passed out several times.

However, he was soon awakened again by Kobayashi Ichiro's furious fists!

Kobayashi Ichiro is now a bull.

In the past, although he was also a rich man who was hollowed out by alcohol, but this time, he worked hard every day at Hongwu's dog farm, and his health had improved greatly, so he didn't dare to say that he was an expert, but it was really easy to blast hammer Kobayashi Jiro, who was also hollowed out by alcohol.

Kobayashi Jiro only then realized the extent to which his body was so weak that a few punches came down, and his entire body was dried out half of his life.

He cried out vaguely, "Brother, please, for the sake of you and me being brothers and siblings, spare me."

After saying that, he cried loudly.

Kobayashi Ichiro gritted his teeth and cursed "You still know we are brothers?And you know we're one and the same?!"

"Jiro, have you forgotten how much I loved you in childhood and adolescence?!"

"Even though we've often fought over family status in our adult lives, I've never had the heart to harm you!"

"But what about you?You knew that I was your half-brother and that I couldn't have killed Lord Father on my own accord, but you still placed the charge of patricide on my head and even spent a billion to have me killed!"

"I don't have a beastly brother like you, so I'll clean house for the Kobayashi family today!Kill you son of a bitch with your own hands!"

Kobayashi Jiro wailed in fear, his voice hoarse.

However, Kobayashi Ichiro had no sympathy.

He hated red eyes by now.

Ye Chen saw that he really wanted to kill Kobayashi Jiro alive, so he went forward to pull him down and said in a cold voice, "Come on Ichiro, let your brother live, he still has to take over your job here."

Kobayashi Ichiro was startled - stopped, crying and asked Ye Chen "Mr. Ye, why do you you want to stay this treacherous son of a bitch?He can even bite his own brother, aren't you afraid that he will do something to you one day?"

Ye Chen mocked and laughed "I'll give him the guts, does he dare?"

As soon as Kobayashi Jiro heard that Ye Chen was planning to let himself go and let himself take over his brother's job here, he couldn't be bothered to understand exactly what the job was, so he hurriedly knelt down on the ground and kowtowed repeatedly, crying, "Mr. Ye, thank you for your mercy!Thank you!"

Ye Chen chuckled, and Kobayashi Ichiro on the side was busy asking respectfully "Mr. Ye, you asked him to take over my job, so what are my next arrangements?"

Ye Chen turned to Kobayashi Ichiro and asked indifferently, "O Ichiro, do you want to return to Japan to inherit Kobayashi Pharmaceutical?"

Kobayashi Ichiro's blood boiled as he heard this, and asked off the top of his head, "Back to Japan?!Inheriting Kobayashi Pharmaceutical?Mr. Ye Ye you you're not kidding me, are you?!"

Ye Chen laughed "I'm consulting you very seriously, if I let you go back, would you be willing to go back?"

Kobayashi Ichiro was trembling with emotion as he cried "I do!Mr. Yeh, I do!"

Ye Chen nodded his head "Going back is fine, but I have a condition that you must agree to first."

Kobayashi Ichiro knew that Ye Chen couldn't let himself go back for no reason, so he said without hesitation "Mr. Ye, no matter what the condition is, I'll promise you!If only you would let me go back to Japan!"

Although the days at the dog farm weren't hard and he didn't suffer much, it was ultimately a thousand times worse than when Ichiro Kobayashi was the eldest son of the Kobayashi family.

He had suffered for so long and dreamed of going back, thinking that he might not be able to leave this dog farm for the rest of his life, but he didn't expect that Ye Chen would actually be willing to give himself that chance now.

So, no matter what price he had to pay, he had no complaints!

However, he never dreamed that as soon as Ye Chen opened his mouth, he said, "Kobayashi Ichiro, I'll send you back to Japan so you can take charge of Kobayashi Pharmaceutical again, but I want 80 shares of Kobayashi Pharmaceutical, will you agree?"

1490

"What?!"Kobayashi Ichiro and Kobayashi Jiro were both blinded.

Ye Chen actually wanted 80 shares of Kobayashi Pharmaceuticals!

That's a lot of appetite!

It's no longer a lion's den!

It's a whale of a mouth!

Kobayashi Ichiro's expression was incomparably hard.

Just now, he was still thinking that Ye Chen might be asking for money at most, a few billion wouldn't matter, so he bit the bullet and gave it, after all, Kobayashi Pharmaceutical was still making money fast.

But never in his wildest dreams had he thought that people wanted 80 shares!

However, when Kobayashi Jiro on the side heard this, he immediately calculated an account in his heart.

Why did Ye Chen want Kobayashi Pharmaceutical's shares?

It must be that he wanted to go all out to produce his Nine Xuan Stomach Dispersion.

For example, if Kobayashi Pharmaceutical's current market value was 100 billion RMB, then giving Ye Chen 80 would look like giving him 80 billion RMB.

However, brother is staying in this dog farm, he must not know that the newly launched Jiu Xuan Stomach Powder, the efficacy of this new stomach medicine is simply divine!

Just look at it this way, Kobayashi Pharma's revenue will suffer greatly if it is allowed to continue to grow.

If the revenue plummeted, the market capitalization would also plummet.

Maybe after some time, Kobayashi Pharmaceutical's market value would fall to less than 20 billion.

In that case, even if you had 100 shares, so what? Isn't it still a loss of 80 billion RMB, or even far more than 80 billion RMB?

e--s If Kobayashi Pharmaceutical went downhill because it couldn't compete with Jiuxuan Pharmaceutical, it might go bankrupt someday.

However, if you accept Ye Chen's cooperation, it's a different situation.

Once the cooperation was accepted, Little Lin Pharmaceutical was equivalent to selling itself to Ye Chen, and Ye Chen would definitely use Little Lin Pharmaceutical's production line to produce Jiu Xuan Stomach Dispersion, in that case, Jiu Xuan Stomach Dispersion's production would skyrocket and so would its profits.

Although there were still 20 shares left in the Kobayashi family, if Ye Chen developed it well, the market value of Kobayashi Pharmaceutical might be doubled or even multiplied several times.

If it doubled and the market value went from 100 billion to 200 billion, then 20 would be as much as 40 billion!

If you multiply it a few times more, it might even be better than doing it yourself before!

After all, now that Kobayashi Pharmaceutical's fist product had been completely overtaken by Jiu Xuan Pharmaceutical, Kobayashi Pharmaceutical's performance was bound to decline rapidly!

At this point, Kobayashi Jiro hastily spat out the blood in his mouth, raised his hands and said loudly, "Mr. Ye, I do!! I'll give you 80 shares of Kobayashi Pharmaceuticals! Just please let me go, and besides, don't let my brother out!"

As soon as Kobayashi Ichiro heard this, he couldn't care less about hesitation and immediately said urgently, "Mr. Ye, don't listen to this beast barking here! I accept your proposal! Give you all 80 shares of Kobayashi Pharmaceuticals!"

Kobayashi Jiro was busy saying "Mr. Yap, I'll give 85!!!"

At this point, Kobayashi Jiro knew very well that if he failed in the competition and was left here, he would never be able to turn his life around!

Kobayashi Ichiro on the other side saw this and cursed "Jiro! You're a beast and you want to hurt me! Your conscience has been eaten by dogs!"

After saying that, he turned his head towards Ye Chen and clenched his teeth, "Mr. Ye, I'm willing to pay 90!"
