

## Identity 1491

### Chapter 1491

In fact, by this point, both brothers had figured it out.

What was money or not money at this point was just an external object.

What really meant something to them right now was freedom, the status of heir to the Kobayashi family!

With only 10 shares left in your hands, you can just as well guarantee yourself a lifetime of brocade.

But if you're stuck in a dog farm in a foreign country for the rest of your life, it's impossible to get a turnaround in this life.

So, if these two options were compared, it really was one heaven and one earth.

When he heard Kobayashi Ichiro say that he was willing to give 90 shares to Ye Chen, Kobayashi Jiro's entire body had gone crazy.

He almost recklessly took off and said "Mr. Ye, if you are willing to work with me, I can give you 95 shares!"

Ye Chen smiled slightly and said, "Kobayashi Jiro. You realized it a little late, and I think it's better to cooperate with your brother on this matter."

As soon as Ye Chen said this, Kobayashi Ichiro's expression was agitated, while Kobayashi Jiro felt as if he had fallen into an abyss, and his entire body had completely despaired.

Kobayashi Jiro excitedly knelt down on the ground and kowtowed to Ye Chen, choking, "Mr. Ye, thank you for your trust and appreciation, I will definitely take you as my head in everything in the future, I will never go west if you let me go east!"

Ye Chen nodded and looked at the desperate and incomparably desperate Kobayashi Jiro and said with a smile, "Jiro ah, you don't have to worry too much or be so desperate, I'm working with your brother, it's only temporary."

As soon as this was said, the brothers both looked nervously at Ye Chen.

Ye Chen continued, "If your brother cooperates well, actively cooperates with me, and satisfies me, then I might keep working with him. But if he dares to have other - thoughts with me and makes me feel dissatisfied, then I'll him recapture it, or catch it here. Let him get the dog instead of you, and then let you take his place at the helm of the Kobayashi family."

After hearing this, Kobayashi Ichiro immediately stated his position without hesitation "Mr. Ye, you can put 10,000 hearts at ease, I will absolutely, positively not have any dissenting thoughts, and I will absolutely not let you have any dissatisfaction with me!"

Kobayashi Jiro was desperate inside.

According to this, he would only be a deterrent to his brother in the future, and the point of his existence was to constantly remind his brother to listen to Ye Chen.

If his brother didn't make any mistakes, then he wouldn't have the chance to turn over a new leaf.

Kobayashi Ichiro also knew very well that his brother was the means that Ye Chen kept to control himself, and if he didn't listen to him, then he would probably swap himself and his brother over again, so he must do his best to cooperate with Ye Chen to avoid returning to this hellhole again!

What Ye Chen wanted was for these two brothers to check and balance each other, and when he saw that his goal was accomplished, he put his mind at ease.

Then, he looked at Kobayashi Ichiro and said indifferently "Ichiro, you should prepare yourself well in the next few days, I'm going to make a trip abroad in the next two days, when I return, I'll personally take you to Japan to inherit the Kobayashi family, but before you go, you must sign a contract with me, 90 shares of your family's Kobayashi Pharmaceuticals to me."

Kobayashi Ichiro nodded his head as if pounding garlic "Mr. Ye don't worry, I can sign the contract at any time!"

Only then was Ye Chen satisfied, smiled slightly and said, "Alright, both of you brothers can stay here now, I'll come back in a few days."

After saying that, he instructed Hong Fifth, "Hong Fifth, you must keep an eye on these two brothers, absolutely nothing can go wrong, understand?"

Without hesitation, Hong Wu nodded and said "Master Ye, don't worry, Hong Wu guarantees with his head that nothing will go wrong!"

"Good."

Ye Chen looked at Chen Zhaichai and said, "Okay, let's go."

1492

On the way back.

Ye Chen's phone, received a tweet.

The tweet was a news item with the headline, "Japan's talented female scrapper Nana Ito is out of critical condition, doctors say they fear they will say goodbye to the ring completely!"

When he saw the news, Ye Chen hurriedly clicked on it to check, and then he saw the text of the report.

It turned out that immediately after Itochi returned to Japan, she was given first aid at the best hospital in Tokyo.

And she was in a very serious condition, in fact, her internal injuries were very critical, and at one point, she was unable to get out of life-threatening condition.

It was only after several hours of first aid that she was finally gradually out of danger.

However, although she is out of danger, but the physical injuries are still not optimistic, the media quoted the top doctors in Tokyo, Itoh Nanae is now severely damaged, it is not yet known whether she will be able to recover, and even if she is out of danger, the chances of wanting to fully recover as before are very slim, and the probability is that she will not be able to enter the ring again.

The article also said that the Japanese people are very sad about the news, and have taken to Japanese social media sites to pray for Itoh Nanaako, hoping that she will soon be able to recover, continue to be in the ring, to win the honor of Japan.

The end of the article revealed, it is reported, Ito Nanaiko in the physical state of stabilization down, will go to Kyoto for a long time to recuperate, the future for a long time, she is afraid she will not appear in the public eye.

After reading it, Ye Chen was sobbing.

It seemed that the internal injuries that Ito Nanaiko had suffered in the competition were indeed serious.

After all, she and Qin Ao Xue were not even at the same level, so injuries were inevitable.

In fact, she shouldn't have fought this must-lose match at all, it was just that this weak-looking girl was - very strong inside, knowing that she might lose badly, but she still persisted to the end without hesitation.

Ye Chen sighed lightly, put the phone away, and said to the driving Chen Zekai, "Old Chen, I'm going to go to Yanjing tomorrow, you take care of things here in Jinling for me more."

Chen Zekai immediately nodded and respectfully said "Young Master, don't worry, I will guard everything in Jinling, I guarantee you with my life that absolutely nothing will go wrong."

Ye Chen hummed and didn't speak again.

Chen Zekai asked again "Young Master, do you want me to arrange a special plane to escort you?"

Ye Chen shook his head "No need, if you arrange a special flight, the Ye family is afraid that they will also know that I am going to Yanjing this time, I don't have anything to do with the Ye family and I don't want to cause any trouble, it's better to keep a low profile."

Chen Zekai nodded his head "Young Master, then do you want me to book the plane ticket for you?"

"Good." Ye Chen said "Then help me book a flight for tomorrow morning."

Chen Zhaiqi was busy and asked again "Young Master, what day do you plan to come back? Let me help you book your return flight as well."

"I haven't thought about it yet." Ye Chen said "You don't have to worry about the return."

Chen Zekai hesitated for a moment and said with a serious face "Young Master, Yanjing is a place where hidden dragons and tigers and fish and dragons are mixed, so when you get there, it's best not to be impetuous to avoid unnecessary trouble, if you encounter any difficult problems, you can talk to me or talk to Butler Tang, we will all do our best to help you without telling the family."

"Okay, I know."

Chen Zekai reminded again "Young Master, according to the information I've learned, the Kong family's Kong Delong hates you to the bone, so if you go to Yanjing, you should try your best not to have conflicts with people surnamed Kong, lest the strong dragon will not suppress the snake in the ground."

"Kong Delong?" Ye Chen sneered "If you don't tell me, I'll almost forget about this idiot."

1493

To Ye Chen, whether it was as Master Ye or as Young Master Ye, he didn't take a jumping clown like Kong Delong into his eyes at all.

Although the Kong family was also a big family in Yanjing, their overall strength was actually nothing more than that.

Let alone a single Kong Delong, even the entire Kong family might not be able to enter Ye Chen's eyes.

Naturally, Chen Zekai knew Ye Chen's strength.

This was a master who had killed the Wu Family's eight Heavenly Kings all by himself and in one move!

With such strength, the Kong family was definitely no match.

But Richard Chen was also well aware that what was Yanjing? It's a very deep water, seemingly calm water, but in fact all kinds of giant things can be hidden underneath, you don't even know, the next second under the water will pop out a carp, or a real dragon.

Moreover, Ye Chen was going to Yanjing alone this time, and Richard Chen was afraid that he would be outnumbered in Yanjing, so he reminded him "Young Master, although the strength of the Kong family is not top notch, it also has some connections and bases in Yanjing, you are not going to let your family know this time, so you should try to be more careful."

Ye Chen knew that Chen Zekai said these words completely out of good intentions, so he lightly nodded his head "I know old Chen, don't worry."

While waiting for the red light, Richard Chen used his mobile phone to help Ye Cheng buy a ticket to Yanjing tomorrow morning.

Then he said to Ye Cheng, "Young Master, the flight is tomorrow at 10 am, I bought you a first class ticket."

"Good." Ye Chen nodded lightly and looked sideways out the window, thinking that tomorrow would be his first time returning to Yanjing after more than a decade, he actually felt a little nervous.

This time, he wasn't going to return to Ye - home, nor was he going to meet with the Ye family.

But he planned to go to his parents' graves to pay his respects, and as a child, not visiting the graves after so many years was already unfilial in itself, and it would be even more unforgivable if he still didn't pay his respects when he arrived in Yanjing.

Back home.

Xiao Changkun and Ma Lan had gone back to their respective bedrooms.

The first thing you need to do is to take a look at the company's website, and then you can see that it's not just about what you're looking for. It's very cold now, it's better to hurry back to the house."

Xiao Churan had just seen him enter the courtyard, so she wasn't surprised by his appearance, and said with a smile, "The weather forecast says it will snow tonight eh, Jinling is located south of the Yangtze River, snowfall is rare, sometimes we don't see a single snowfall a year, I want to see if we can wait for it to snow."

Ye Chen nodded his head and asked with a smile "If you like snow, we can go to the north to see the snow if we have the chance in the future."

Xiao Churan said with a yearning look on her face "I especially like to look around to places with all the white snow, like under the Changbai Mountains in our China, like Hokkaido in Japan, let's go there sometime, right?"

Ye Chen smiled and asked "Where to? Changbaishan or Hokkaido?"

Xiao Churan said, "Go to Changbai Mountain first!"

When Ye Chen thought of Changbai Mountain, apart from thinking of the scene where he put to death the Eight Heavenly Kings at the foot of the mountain, he also couldn't help but think of the lustful father and son of the Wei family, so he shook his head and said "It's better not to go to Changbai Mountain, let's go to Hokkaido or to Mount Kunlun when we have the chance."

Xiao Churan hummed and sighed, "It's almost New Year's Eve, after the first month is your birthday, do you have any birthday wishes then?"

Ye Chen shook his head "There's no birthday wish, I only wish my lover good health, peace and smoothness."

1494

Xiao Churan heard Ye Chen's faint words and was moved.

Couldn't help but walk to Ye Chen's side and gently snuggle into his arms, looking up at the sky dotted with stars and saying with a happy face, "After the New Year, it will be the fourth year of our marriage."

"Yeah." Ye Chen also couldn't help but feel sad "It's been four years, time really flies fast."

"Fast?" Xiao Churan was serious "I feel that time is not passing fast at all, too many things have happened in these four years, especially in your case, too many changes have happened."

Ye Chen touched his nose "What? Have I changed?"

Xiao Churan nodded and said, "Of course it's changed! Whether it's the feeling you give, or your whole aura and demeanor, it seems like you've changed tremendously from when you first got married."

Saying that, she murmured softly "But that's strange, then thinking about how the change is really special, but sometimes when you think about it, you feel as if everything is quite natural, as if you already look like this"

Ye Chen sighed softly and said to her "Oh right wife, the trip to Yanjing to see the feng shui has been set, I'll leave tomorrow morning."

"Leaving tomorrow?" Xiao Choran asked in surprise "Why are you in such a hurry?"

Ye Chen smiled "this is into the waning moon, see also twenty days on the New Year, the customers over there are also very anxious ah, all want to do in the year before the things that should be done, we can not drag people's hind legs."

Xiao Choran nodded gently and said seriously "husband, although looking at feng shui to make money, but I also do not want you to run around a lot later, after you said this thing, I have been thinking, we two married almost four years, it seems like we have never been separated all day and all night, the thought that you have to go to Yanjing for several days, my heart is still quite uncomfortable."

At this point, she sighed somewhat forlornly "As you know, my parents' relationship has actually not been very good, ever since my mom lost over two million dollars gambling and was caught in a detention center because of a pyramid scheme, my dad doesn't seem to have much affection for - she doesn't seem to have much affection for her anymore, especially since that Auntie Han suddenly came back, their relationship has become even worse"

"Every day when I come back from work and see the two of them disliking each other, fighting and scolding, my heart feels especially uncomfortable, it's only you who can give me a bit of home warmth, if you're gone for days, I don't even know how to face them."

Ye Chen hugged her a little tighter and said seriously, "Let's just let things happen between Mom and Dad, don't think about it so much, and definitely won't be so upset, besides, I'll come back right after I finish my work, don't worry."

"Mm." Xiao Chu Ran nodded and said with a smile, "Hey right, you haven't been to Yanjing yet, right? This time you can take the opportunity to go and have some fun, Yanjing is an ancient capital with a very rich history and culture!"

Ye Chen smiled bitterly.

My wife thought that she had grown up in the Jinling Orphanage.

She didn't know that she had actually grown up in Yanjing until she was eight years old.

However, he was also happy that Xiao Churan knew nothing about his identity, so he smiled and said, "Good, I will definitely find a chance to see more this time."

Xiao Churan smiled and said, "In the past, when my grandfather was still alive, he took me to Yanjing several times, and his feelings towards Yanjing were particularly deep.

Saying that, she added "But the reason why our family was able to have its later size was all because that large family gave a lot of settlement money when they were discharged."

Ye Chen smiled and asked "Then did grandfather ever say what that big family's name and background was?"

"Didn't say that." Xiao Chu Ran shook his head, serious "But grandpa had always lamented regret before, saying that he didn't have the chance to repay this family's heavenly kindness, and he's been talking about it for almost twenty years, ever since I can remember! But then a few years later, he may have looked past that and never said that again."

At this point, Xiao Churan thought of something and suddenly said "Hey, now that I think about it, it seems like it was after we got married that he never said it again!"

1495

Ye Chen listened to Xiao Churan's words and laughed alone without saying anything.

He knew why Master Xiao stopped talking about it after he married Xiao Churan, it was because, Master Xiao felt that by marrying Xiao Churan to himself and giving him a home, he would be repaying his kindness to the Ye family.

But this, naturally, he would not tell Xiao Churan.

At this time, Xiao Churan suddenly looked at the sky and happily said "Wow! It's really snowing!"

Ye Chen raised his head and a cold snowflake fell on his forehead, bringing a slight chill before instantly melting.

At first, it was just a little bit of snowflakes that fell sporadically, but ten minutes later, snowflakes were falling across the entire night sky.

For a city as far south as Jinling, such a large amount of snow was indeed too rare.

Xiao Churan was like a child, dancing happily in the snow.

Seeing the snow getting heavier and heavier, she pulled Ye Chen to the courtyard while from the cart path "If it goes like this, tomorrow we can build snowmen and have snowball fights!"

Ye Chen nodded and sighed, "It's been years since I've built a snowman."

The last time he had done such a thing was when he was in the orphanage, when he and his little friend from back then, Zhao Hao, brought his sister from the orphanage, Li Xiaofen, and built a huge snowman in the open space of the orphanage.

And in the blink of an eye, nearly ten years had passed.

The snow in Jinling is getting heavier and heavier, the circle of friends, Weibo and Steely Sound are almost all about the snow, even Song old man sent a circle of friends, took a photo of the snow scene from the upstairs of the villa overlooking the snow, with five words, "Snow auspicious year."

Song Wanting also sent a circle of friends, no picture, only one sentence "I wrote your name in the snow, in case people see clearly, then wiped away."

Ye Chen guessed that the "you" she said should be himself, but he did not praise, nor did he leave a message.

e-se This night, Ye Chen accompanied Xiao Churan, playing in the snow for a long time, until after twelve o'clock, before they returned to their rooms to rest.

Turning off the lights, Ye Chen lay on his half of the bed and tossed and turned.

Now, less than ten hours remained before he returned to Yanjing after eighteen years.

Xiao Churan also did not fall asleep, the night suddenly from their own nest, into Ye Chen's nest, from behind to gently hug him, in his ear emotionally said "husband, tomorrow quickly go back, I will miss you."

Ye Chen nodded gently and stroked her soft hand with a lot of emotions.

This night, Ye Chen had barely slept.

The good thing was that his body was already different from normal, so even if he didn't sleep all night, he didn't have any discomfort.

Since it was a 10:00 am flight, he had to be at the airport before 9:00 am, so Ye Chen woke up very early.

When he got up, Xiao Churan, who had built a snowman last night until twelve o'clock, was still awake.

Ye Chen didn't want to disturb her, and left a note on the bedside and wrote, "Honey, I'm leaving, be good and wait for me to come back."

Then, they changed their clothes, brought their wallets and documents, and loaded a few rejuvenating pills on their bodies, and left the bedroom.

As soon as you get downstairs, your mother-in-law, Ma Lan, who was wearing an apron, rushed out from the kitchen and said affectionately, "Oh my good son-in-law, why are you up so early today?"

Ye Chen said "I'm going to Yanjing today and won't be back until a few days later."

Ma Lan hurriedly and attentively said "Oh my, you're leaving today? Mom made you skinny pork congee with eggs, have a bowl before you go!"

Ye Chen waved his hand "No, it's an early flight, I have to go over early."

Ma Lan busily said "Oh my, I'll give you a ride then!"

With that, he hurriedly ran out and followed Ye Chen all the way to the door.

"Good son-in-law, are you driving to the airport?"

Ye Chen shook his head "No drive, I'll take a taxi."

Ma Lan blurted out "Why don't you let that old thing your dad drive you, he's idle anyway."

1496

Ye Chen said indifferently "No, it's easier for me to go by myself."

Ma Lan nodded with a compensatory smile and said "Then you must be safe on the way!"

After saying that, seeing Ye Chen out the door, he hurriedly said behind him, "Good son-in-law, if you see any good things in Yanjing, bring a copy to Mom by the way!"

"Mm, good."

Ye Chen coped and stepped away from the house.

Jinling Airport.

Ye Chen didn't have any luggage with him, so he just changed his boarding pass and went through the security check.

Since Richard Chen had bought him a first class ticket, he went straight to the lounge after going through the security check.

The plane took off at ten o'clock and a lounge attendant personally guided him to board early at nine twenty.

Ye Chen boarded the plane one step ahead of the others, and inside the first class cabin, there were already a few people seated.

The first class distribution of this plane was a 2+2 pattern, which meant that there were two more spacious seats on each side of the corridor, and the seats could be flattened so that it would be comfortable to lie flat.

Ye Chen's position was by the window, and after sitting down he looked out of the window out of his mind.

For more than a decade, Ye Chen had been but the current state.

Nervous and apprehensive with a hint of hidden anticipation.

The ancient saying about the fear of the hometown, can be used to describe the current him perfectly.

The plane was still boarding passengers one after another, and when he smelled a fragrant smell entering his nostrils, he subconsciously turned his head to take a look.

A young woman happened to come to his side and was about to sit down.

When the woman saw him turn his head, she also subconsciously looked at him, - and suddenly exclaimed "Ye Chen?! Why are you here?"

Ye Chen was also stunned.

Because the woman in front of him was the woman who had always liked him, Xiao Choran's best friend, Dong Ruo Lin.

He was also very surprised and asked "Ruo Lin, why are you here?"

"I'll Yanjing ah!" The first time I saw it, I was surprised and said "I'm from Yanjing, you can't be stupid!".

Afterwards, she hurriedly sat down and asked excitedly, "What about you?What are you doing in Yanjing?Where's Hatsune?Is she not with you?"

Ye Chen shook his head and said, "I went to Yanjing for a bit of business, and a friend introduced me to a feng shui reading job that pays pretty well, so I went over there."

Dong Ruolin nodded her head in sudden realization and said "That's a coincidence!I just happened to be home to wish my grandmother a happy birthday, but I didn't realize that not only were we on the same plane, but we were also seated next to each other, so I'd say we were especially meant to be."

Although Dong Ruolin hadn't seen Ye Chen for some time, the feelings she had for Ye Chen in her heart had never changed.

In fact, she had been missing Ye Chen very much all this time.

Originally, she received Xiao Choran's invitation and went to live with them in Tang Chen Yi, but too many things happened in the Xiao family during that time.

First, it would be Old Mrs. Xiao's family who came to the door and deadily wanted to live in Townsend One.

And then Ma Lan disappears again, causing Xiao Chu Ran to search all over the world for her.

Then, Xiao Changkun had to entertain his first love at home again.

And then, the missing Ma Lan came back and messed up the whole house.

Dong Ruolin, as an outsider, really had no choice but to still live in Thomson One in such a chaotic environment, so she still moved back to the hotel early.

So, during this period of time, it was almost as if she had already fallen victim to lovesickness towards Ye Chen!

1497

Ye Chen had always been somewhat respectful of Dong Ruolin.

He didn't have any feelings for Dong Ruolin, not to mention that this Dong Ruolin was still his wife's best friend, and he had to keep his distance from her even more.

I just didn't expect that the two of them could still run into each other on the plane.

Dong Ruolin was in a good mood, her body involuntarily leaned close to Ye Chen and asked, "Hey right Ye Chen, how many days are you going to stay in Yanjing this time?"

Ye Chen said "not necessarily, depending on the progress of doing things fast, fast words two or three days, slow words four or five days."

Dong Ruolin said excitedly "Oh my gosh, I booked a ticket for four days later, what about you?What time did you book the ticket?Will we be able to come back together then?"

Ye Chen honestly said "I haven't booked my return ticket yet, let's talk about it after things are done, we can't be sure yet."

Dong Ruolin busy "then so, when you are busy with things you say to me, I will see if the time can be coordinated over, if it can be coordinated over, then we will come back together."

Ye Chen's heart was somewhat repelled, but on the surface, he still said indifferently "Let's see this at that time, there is still a lot of uncertainty."

Dong Ruolin didn't hear that Ye Chen was laying himself out, so she hurriedly nodded her head and agreed.

After that, she curiously asked "What are you busy with?How's it going?"

Ye Chen said "also not busy with anything, just occasionally give someone to look at feng shui, the rest of the time just stay at home."

Dong Ruolin asked carefully "After Churan her mother came back, it wasn't difficult - for you, right?"

"No."Ye Chen laughed and said, "She's much more settled now than before."

"That's really great."Dong Ruolin sighed from the bottom of her heart "I was afraid that Auntie Ma would bully you at home, it's great that she's settled down!"

Ye Chen nodded gently, took out his cell phone and sent a WeChat to Gu Qiu Yi, saying to her, "Inan, give me a specific address of your home, I'll arrive today."

Gu Qiu Yi immediately sent him a voice call directly, excitedly asked "Brother Ye Chen, you're arriving today?"

"Right."Ye Chen said "I just finished dealing with this side of things last night, so I made a temporary booking for today's flight."

Gu Qiuyi was busy "What time is the landing?I'll pick you up at the airport!"

Ye Chen thought that she was a big star and probably had paparazzi following her in and out, so he said, "Don't bother, send me a specific location and I'll just go over there myself."

Gu Qiuyi said "No!I'm coming to get you!But don't worry, I'll disguise myself so I won't be recognized."

"Forget it."Ye Chen said "The paparazzi are very powerful, how many stars cheat on their shoes to engage in broken things, they thought they were well hidden, but they were all photographed by the paparazzi."

Gu Qiu Yi said helplessly "That's okay, then I'll send the location to you on WeChat later, can you get there at noon?I'll have my family prepare lunch."

Ye Chen thought "almost, I'll bother you then."

Gu Qiuyi smiled and said "I won't tell my parents about it yet, just tell them that a deceased person is coming to the house, I'm sure they will be very excited after seeing you!"

Ye Chen mmed and his heart warmed.

Thinking of Gu Qiuyi's father, Gu Yanzhong's deteriorating health, he asked, "How is Uncle Gu doing?"

"Not so good" said Gu Qiu Yi, her voice a little low "Not so good, the doctor has recommended re-hospitalization, my dad doesn't really want to go, I think he's a little depressed, maybe he's a little resigned to his fate and doesn't want to torment himself anymore, he always feels particularly undignified when receiving all kinds of treatment in the hospital You may not know much about his personality, but my mom says he's exactly like your dad, like brothers and sisters, he's very axial and doesn't listen to advice"

Ye Chen knew that many decent people, when they were terminally ill, had a lesser desire to live.

This was mainly because they had been decent for so many years and valued face and dignity so much that they didn't want to put down all their dignity and decency at the end of their lives just to live for such a limited period of time longer.

Ye Chen had even heard that many big names had signed a no resuscitation agreement when they were seriously ill, and if their lives came to an end, they would not intubate, operate or go on a ventilator, just so that they could go with more dignity.

It seems that Gu Yanzhong, right now, has already started to plan for the aftermath.

It was fortunate that the timing of his reunion with Gu Qiu Yi was coincidental, otherwise, in case they met again after Gu Yanzhong died of illness, then he wouldn't be able to save Gu Yanzhong's life.

Thus, he spoke out to comfort her, "Don't worry so much about this matter, I'll help you all out when I arrive."

Gu Qiuyi choked up and said "Thank you brother Ye Chen, you can come and meet dad, he should be very happy!"

Ye Chen didn't want to say too much to Gu Qiuyi, so as not to be overheard by Dong Ruolin, who was beside him, so he spoke, "That's it for now, the plane is about to take off, it's going to be shut down."

Gu Qiu Yi was busy saying "Okay brother Ye Chen, I'll be waiting - waiting for you in Yanjing!"

Ye Chen hung up the phone, and Dong Ruolin on the side couldn't help but laugh, "Oh my, Ye Chen you're really great now, no wonder people are calling you Master Ye, listening to this tone you just called it seems like people are waiting for you to put out the fire!"

Ye Chen smiled slightly "Sometimes this thing called feng shui is like that, if there is no problem, then it's done, but when there is a problem, it's often an emergency all at once."

Dong Ruolin sighed heartily "Choran can be really lucky to find such a capable husband like you!"

After saying that, Dong Ruolin asked "By the way, which location are you going to Yanjing this time?"

I'm not sure if I'm going to be able to do that.

Dong Ruolin said with joy, "That's not far away!Come over to my house then?"

Ye Chen said awkwardly "I won't go, it's not appropriate, and I'm here in Yanjing this time, there are quite a lot of things"

Dong Ruolin smiled slightly "It's fine, you'll see then, it doesn't matter if you don't have time, but you have to give me a chance to treat you to dinner, just think of it as my thanks for saving me twice, okay?"

Hearing that it was just a meal, Ye Chen didn't have any pretensions, and immediately nodded his head and agreed "Good."

At this time, the beautiful and generous stewardess, had already begun to remind everyone to buckle up, and the plane was ready to launch the plane.

Then, the plane slowly started up and arrived at the end of the runway, taxiing to a sufficient speed before taking off into the air.

Dong Ruolin was excited the whole way, and was constantly looking for topics to talk about around Ye Chen.

But Ye Chen's mind was always on Yanjing, the place that held his childhood memories.

After an hour and forty minutes of flight, the plane slowly descended and landed smoothly on the runway of Yanjing International Airport.

Ye Chen's heart was now pounding, and he shouted in his heart, "Yanjing, I'm back!"

1499

The plane landed and Ye Chen and Dong Ruolin got off the plane together.

Since Ye Chen didn't have any luggage to check in, he didn't have to wait to pick up his luggage, while Dong Ruolin was a big beautiful woman after all, she usually had to bring a lot of clothes as well as make-up and skin care when she went out.

Especially with things like makeup and skin care, it was easy to overload the capacity, so it had to be checked in.

After getting off the plane, she couldn't directly leave like Ye Chen, and had to wait for her luggage to come out at the baggage pick-up.

So, she hurriedly asked Ye Chen, "Ye Chen, how are you going to leave later?"

Ye Chen said, "I'm going out to stop a taxi and leave."

Dong Ruolin hurriedly said, "Then why don't you wait for me for a while and we'll go together? It just so happens that my family is driving to pick me up, so I can give you a ride."

Ye Chen Xiao Chorán full text free read 999filesarticlehtml4545734 genius / ǎ a

Ye Chen smiled and waved his hand, "No Ruo Lin, I'm quite anxious over there, I'll leave first."

Dong Ruolin said helplessly, "Alright then, let's meet up some other day, don't forget that you promised me that we would have a meal together."

"Good." Ye Chen smiled slightly and said, "You wait for your luggage, I'll leave first, we'll meet again some other day."

After saying goodbye to Dong Ruolin, Ye Chen stepped out of the Yanjing Airport by himself.

After he went out, he didn't have time to lament, so he prepared to go straight to the taxi docking point to queue up for a taxi.

Just after he came out, a woman wrapped in a thick down jacket, wearing a down hat, and a mask and black sunglasses, quickly ran towards him.

Before he could see her, the woman jumped at him with joy, happily shouting, "Brother Ye Chen!"

Ye Chen heard the woman's voice, it was Gu Qiuyi, so he let down his guard and allowed her to throw herself into his arms.

Gently hugging Gu Qiuyi, Ye Chen couldn't help but ask her, "Didn't I tell you not to come pick me up? Why did you come here to start?"

Gu Qiuyi said coquettishly, "I wanted to see you earlier! I'm afraid that if I stay at home, I won't be able to resist telling my parents in advance that you're coming, so I'll simply run out."

Ye Chen asked again, "You won't be stalked by the paparazzi if you come out by yourself, if the paparazzi spy on you and you, a big star, hugging a man in front of the airport, then I'm afraid your popularity will be greatly affected."

"What's to be afraid of!" Gu Qiuyi spoke in a very carefree tone, "If I really get photographed and exposed, then I'll say that I'm hugging my fiancé, if the popularity will drop because of this, then let it go, I wasn't relying on the entertainment industry to make a living, I came in to play by the way to conveniently find you just, now that I've found you, I can exit the circle at any time."

"Alright." Ye Chen was helpless and asked her, "Let's hurry up and go meet your aunt and uncle, did you drive here?"

Gu Qiuyi nodded and said, "I just parked my car in the parking lot, let's go, let's go get it together!"

Saying that, Gu Qiu Yi hugged Ye Chen's arm and took him to the parking lot with a bounce.

Gu Qiu Yi drove today, is a very inconspicuous old Volvo sedan, after getting into the car, she took off her hat, a little embarrassed and said: "Brother Ye Chen, sorry ah, today's drive shabby a little bit, mainly because the vast majority of our family car paparazzi know, so drive this old car out, you must not dislike."

Ye Chen nodded with a smile and said, "You don't know what kind of life I've lived these years, you don't know, I told you all last time, I used to live in an institution, after coming out to dry construction sites, my wife's grandfather arranged for me to go to college for a year, what kind of hard life I've gone through, even if you tell me that you need me to walk to your house, I don't care."

1500

Gu Qiuyi looked at Ye Chen and sighed softly, "Brother Ye Chen, you have suffered for so many years."

Ye Chen shook his head, "Suffering doesn't matter, in my opinion, all the suffering I've endured is a kind of hardship for me."

Gu Qiuyi nodded seriously, as she drove the car out of the parking lot, she said, "My father was still talking to me about you yesterday, didn't the doctor tell him to go back to the hospital for treatment, he knew that his health condition might be very bad, so he lamented that his biggest regret was that he couldn't find you."

Ye Chen was touched in his heart and smiled slightly, "Inan, don't worry, with me here, Uncle Gu will definitely regain his health."

Gu Qiuyi didn't know about Ye Chen's ability, let alone the fact that Ye Chen had long been known as Master Ye of the True Dragon on Earth in the upper echelons of the Jinling society, so she hadn't quite believed that he had any way to cure her dad's terminal illness.

At this time, she just felt that if dad saw Ye Chen, he would be very pleased, and if his mood could be improved, I believe his health would also have some improvement.

Gu Qiu Yi's house was not too far from Yanjing International Airport.

Yanjing's airport was in the northeast direction of the city, and several of Yanjing's top super villa districts were in the Central Villa District, which was not far from here.

Twenty minutes later, Gu Qiu Yi drove the car to Yanjing's Ocean Mansion.

Although there were many villas in Yanjing, most of them were tens of millions of dollars of townhouses, and there were very few very large and luxurious single-family villas in the city, most of the single-family villas were subdivided in the north near the very remote Xiaotangshan Mountain.

Among the limited number of downtown single-family villas, the Ocean Mansion can be said to be one of the top few villa areas.

Every villa here was priced at least a billion dollars, and the atmosphere was luxurious.

However, this place still couldn't be compared to the Ye family's mansion.

In Ye Chen's memory, the Ye family's mansion was not a luxury villa built by this kind of developer, but the royal residence of a prince of the Qing Dynasty. Genius mansions are a

That was the true low-key luxury and grandeur, and Ye Chen remembered that just the dozens of golden pillars in the house were priceless treasures.

It was said that back more than a decade ago, one had been quoted at over a hundred million on the market.

This wasn't even the most lofty, the most lofty had to be the King Gong Mansion in Yanjing, where a single golden thread pillar was worth over two billion.

However, the Gong Wangfu was a national-level cultural monument and did not belong to any individual.

Therefore, it would also highlight the nobility of the Ye family mansion even more.

When Gu Qiuyi drove her car home, the courtyard door automatically opened and the garage door also opened automatically.

A maid in her forties hurriedly ran into the garage, helping to open the door while respectfully saying, "Miss, the wife has cooked dinner and is waiting for you, why did you run away without saying a word Premiere!

Afterwards, she suddenly noticed that there was a man sitting in the passenger seat and, to her surprise, said very politely, "Hello, sir."

Ye Chen slightly nodded his head in greeting, and Gu Qiuyi on the side had been unable to hold back her excitement and asked that maid, "Auntie Zhou, are my parents in the restaurant?"

Auntie Zhou nodded gently and said, "Miss, it seems that Mr. Mister's body is not too comfortable, he keeps saying that he wants to go back to his room to rest, you should go quickly."

When Gu Qiuyi heard this, she hurriedly pulled Ye Chen's hand and ran into the villa.

Passing through the large and luxurious hall, Gu Qiu Yi directly pulled Ye Chen to the dining room, and upon entering the dining room, she excitedly said to a middle-aged couple at the table, "Dad, Mom, look who I brought!"
