Chapter 1501

A man and a woman in front of the dining table, no matter their looks, temperament and at-home attire, all looked very luxurious and decent.

The man among them was somewhat emaciated, his face and lips had lost their normal color, and at a glance, he was the kind of person who had been ill for a long time, or even terminally ill.

But the woman beside him, her entire body was extremely well maintained and very beautiful, her appearance was seven points similar to Gu Qiuyi, and her age looked like she was in her 30s.

Ye Chen recognized the two of them at a glance, it was the Uncle Gu that he was familiar with in his childhood, as well as his wife, Auntie Lin.

Just as Ye Chen recognized the two of them, these two also recognized him!

Gu Yanzhong's entire expression was incomparably shocked, his face was already very thin, and now he was staring again, shivering and wanting to say something, but it was as if it was in his throat.

On the other hand, Lin Wanqiu who was on the side was also dumbfounded, her entire body scuffled up, pointing at Ye Chen with one hand and covering her mouth with the other, "Are you you are you Ye you are Ye Chen??"

Ye Chen's nose was sore, he sighed softly and said with a trembling voice, "Auntie Lin, I'm Ye Chen"

After saying that, he looked to the side of Gu Yanzhong who was trembling and unable to speak, and said with a trembling voice, "Hello Uncle Gu! And Auntie Lin, hello to you!"

Gu Yanzhong looked at him and murmured, "Are you really Chen'er?"

Ye Chen nodded his head seriously and said, "Uncle Gu, it's me, I'm Chen'er, do you still recognize me?"

"Recognize recognize recognize" Gu Yanzhong wiped a tear from his eye and said, "You're just like your father when he was young, and you're also six or seven points similar to the picture of your grandfather when he was young"

Saying that, he struggled to stand up, he would walk towards Ye Chen.

Ye Chen hurriedly greeted him and took a few steps to Gu Yanzhong and assisted him, saying with gratitude and guilt, "Uncle Gu, I've made you and Auntie Lin miss you for so many years"

Gu Yanzhong wiped a handful of muddy old tears and choked, "Chen'er, where exactly have you been all these years? All these years, Uncle Gu has traveled almost all over the world to find you, and there's been no sign of you."

Ye Chen couldn't help but feel sad, "Uncle Gu, I've actually been in Jinling all these years, and I grew up in an orphanage until I was eighteen."

"How so?!" Gu Yanzhong blurted out, "I went to Jinling several times to look for you, I went to the orphanage, the orphanage, the aid station every time, but I never found your whereabouts ah"

Ye Chen said with red eyes, "Uncle Gu, back then it was the Ye family's housekeeper, Tang Sihai, who sent someone to secretly take over the welfare institution, he was afraid that someone would try to harm me, so he hid all my information, even I didn't know about this matter, it was only after I met Inan the other day that I realized something was wrong, and went to Tang Sihai to ask about it, and he told me the hidden story"

Gu Yanzhong's entire body was startled, and only after a moment did he nod his head in sudden realization and say, "So that's how it was! It seems that Tang Sihai is indeed a man who knows how to repay his kindness, your father treated him with great kindness back then, so it seems that he really wasn't mistaken!"

1502

He said, without choking, "All these years, I could never find any trace of you, and at one point I thought you were no longer alive."

At that point, Gu Yanzhong pursed his lips in death, but the tears had already broken the dike.

He endured for a long time until his tears completely blurred his vision before he finally let out a loud cry, "Brother Ye, you have a soul in heaven, look at your son, your son is back, he's finally back, I finally have the face to see you"

Gu Yanzhong was so emotional that he cried a few times and then coughed violently, Lin Wanqiu on the side was busy having to wipe away the tears from her eyes as she carefully patted her husband's back and choked, "Old Gu, it's good news that Chen'er is back, you mustn't cry, you're not in good health right now, you can't withstand such a big ups and downs in your emotions."

After Gu Yanzhong eased up a bit, only then did he tearfully nodded his head, pulled Ye Chen's hand and said seriously, "Chen'er, sit down, tell uncle how you've been all these years."

After saying that, he just realized something, and then hurriedly looked at his daughter Gu Qiuyi, and asked out of the blue, "Inan, how did you and your brother Ye Chen, how did you meet?!"

Gu Qiuyi's eyes were red and she choked and said, "Dad, I'm sorry, I've been hiding this from you and Mom, but I actually met Brother Ye Chen the last time I went to Jinling to receive an advertising endorsement, and the reason I didn't tell you right away was because I wanted to give you both a surprise after Brother Ye Chen came to the house."

Gu Yanzhong nodded his head repeatedly and lamented, "Surprise! This is indeed a surprise! It's a big surprise!"

The company's main business is to provide a wide range of products and services to its customers. Pavilion www.biquge.vip] down, you two just hurry up and get the wedding done before this old bone of mine is in the ground!"

Once Ye Chen heard this, his expression suddenly became very embarrassed and guilty.

When Lin Wanqiu beside him saw this, she was busy saying out of the blue, "Chen'er, you mustn't have any psychological pressure, after you and Inan get married, this family is your home, whether you go back to the Ye family or not, you are my Gu family's son-in-law!"

Lin Wanqiu's words were rather subtle, but the meaning was clear to Ye Chen, she was saying that no matter whether she was rich or poor, she didn't need to care, the Gu family was her own home.

Hearing this, Ye Chen inevitably compared Lin Wanqiu to his mother-in-law, Ma Lan, and this comparison was simply the difference between a white moon and a firefly.

Gu Qiu Yi said awkwardly at the side, "Dad, Mom, brother Ye Chen he he's already married now"

"Huh?"The husband and wife were stunned when they heard this!

Ye Chen was also embarrassed and said seriously, "I'm sorry Uncle Gu, Auntie Lin, this matter is my apologies to Inan and to you two for the agreement with my parents back then."

The first thing you need to know is that you can't be sure that you're not going to be able to do anything about it, and that you're not going to be able to do anything about it.Come here."

"Yeah."Lin Wanqiu also nodded and said, "The marriage contract matter can be discussed in the long run, let's hurry up and eat first, and talk while we eat!"

1503

Gu Yanzhong pulled Ye Chen and sat down on the seat next to him.

As soon as he was seated, he immediately greeted Ye Chen warmly "Chen'er, let's eat first, you see if the food at home is to your liking, if it's not, I'll have someone make it for you again."

Ye Chen busy said "Uncle Gu you don't have to be so polite."

Gu Yanzhong nodded his head and asked after Ye Chen's life experience over the years.

Ye Chen didn't have much to hide from Gu Yanzhong's family, except for the secrets that no one could tell such as the Nine Xuan Heavenly Scriptures, he basically told them everything else in its original form.

Including his own life like this before he turned eighteen, as well as his experience in society after he turned eighteen, as well as his acquaintance with Master Xiao, his marriage to Xiao Chorán, and his life after marriage.

The more Gu Yanzhong and Lin Wanqiu listened, the more heartbroken they became, in their eyes, Ye Chen is, after all, a descendant of the Ye family, a direct descendant of the Ye family, and, back then, his father, but the Ye family's brightest rising star, it is reasonable to say that Ye Chen should have grown up to live a brocaded life, but did not expect that he had experienced so [Book Interest Pavilion www.shuquge.vip] much outside since he was a child, the common people experienceThe constant torment.

After hearing this, Gu Yanzhong continuously sighed and sighed, then he asked Ye Chen "Chen'er, what are you going to do now?Are you still planning to go back to the Ye family to meet your grandfather and the others?"

Ye Chen shook his head "Honestly-, Uncle Gu, I don't have this plan yet, and I've always suspected that my parents' death is inseparable from the Ye family, and until I find out, the Ye family are suspects in the murder of my parents, so I'm not prepared to go back and identify with them."

Gu Yanzhong said seriously "Chen'er, listen to Uncle Gu's advice, you can not go back to identify with the Ye family, but do not turn against them."

Ye Chen earnestly said "Whether they will turn against each other or not is not up to me, but the truth, if they really murdered my parents, then how can I not take revenge for my own parents?"

Gu Yanzhong sighed and slowly said "To be honest with you about what happened back then, I still haven't found an exact clue whether your parents were harmed by people in the industry or not, this is still without any evidence."

Ye Chen said "At the very least, my parents were forced to leave Yanjing back then because of the Ye family's exclusion, if it wasn't for them, my parents wouldn't have died in Jinling."

Gu Yanzhong nodded gently "This is indeed the cause and effect of things, the Ye family should indeed pay some responsibility for your parents' death."

Said Gu Yanzhong and persuaded "Chen'er, you said the Ye family authorized Tang Sihai to give you a group with a market value of hundreds of billions of dollars, and gave you ten billion in cash, in my opinion, this should also be the Ye family's compensation to you, or to your parents, these assets and cash, although not much to the Ye family, but it is considered a sincere, if you are not willing to return to the Ye family, these assets are enough to feed and clothe you for the rest of your life, you have suffered for so many years, you should enjoy your life, do not dwell on the past".

1504

Ye Chen knew that Gu Yanzhong was doing it for his own good, but he still gently shook his head and said incomparably seriously, "Uncle Gu, although my fate with my parents is relatively short, and I have only lived with them for eight years, what is flowing through my body is their bloodline, if I cannot avenge them in this life, then how can I live up to the bloodline and life they gave me?"

"

Gu Yanzhong nodded dejectedly, and with a long sigh, he looked at Ye Chen, and then at his daughter, Gu Qiuyi, and said seriously "Chen'er, the other matters can be postponed for a while, if you really want to make an enemy of the Ye family and make them pay in the future, you should at least be strong enough first."

In my opinion, your first priority is to leave Jinling, come back to Yanjing, and get married to Inan first. By then, even if you don't officially return to the Ye family, you'll still be my Gu family's uncle.Used."

When Lin Wanqiu heard this, she also nodded her head without hesitation and said "Yes Chen'er, although you are now married, your marriage contract with Inan was more than twenty years earlier than your current marriage, so the Xiao girl you are talking about, in a sense itself, is also considered to have interfered with your original marriage contract."

The first thing you need to do is to make sure that you are not going to be able to do anything about it, but to make sure that you are not going to be able to do anything about it, you need to make sure that you are not going to be able to do anything about it."

Ye Chen was a little embarrassed all of a sudden.

Before he came to the Gu family, what he was most worried about was Gu Qiu Yi's parents talking to him about the marriage contract.

After all, it had been so many years since the marriage contract from his childhood, and for so many years, he and Gu Qiu Yi had never met, nor did they have any emotional foundation.

If you are still single, considering the arrangements your parents made before they died, you could cultivate your relationship with Gu Qiuyi, and if you are compatible with her, you might as well follow your parents' orders and tie the knot.

But now that she was already married, how could she abandon Xiao Churan and be with Gu Qiuyi instead?

Seeing Ye Chen's silence, Lin Wanqiu sighed and said seriously "Chen'er, your Uncle Gu's current health condition, I'm sure you also heard from Inan, before this, we have accompanied your Uncle Gu, treated abroad for a long time, these two days the doctors in China found your Uncle Gu's condition has worsened, is advising your Uncle Gu to continue hospital treatment, but the situation is not optimistic, may be someday "

At the side, Gu Qiuyi's eyes had turned red, sitting there unmoving, tears flowing unceasingly.

At this time, where was she still the actress who made the whole country and the whole world madly fond of her, now she was just a pitiful and helpless little girl, making Ye Chen look at her and not be able to help but feel sorry for her!

1505

At this time, Gu Yanzhong's body was a little uncomfortable coughing a few times, after recovering, before saying seriously "Chen'er, the past ten years, you wandered in the Jinling, is a dragon swimming in the shallows, now you this dragon should also come back!".

Saying that, he lamented from the bottom of his heart "Although the Gu family can't make you soar to the sky, with the Gu family as your support, if you go back to the Ye family in the future, you'll have a certain amount of strength, and if you want to fight for the Ye family's property, with the Gu family behind you, you'll have a much higher chance of success!"

Ye Chen's heart was sweating profusely after hearing this.

He didn't expect that even though he had left the Ye family, even though he had gotten married, Gu Yanzhong and Lin Wanqiu still wished to fulfill the marriage contract from back then and marry Gu Qiu Yi, who was the focus of billions of people, to him.

The more this happened, the stronger the regret he felt for Gu Qiu Yi and the entire Gu family.

At this time, Gu Yanzhong said, "Chen'er, I was not prepared to go to the hospital for treatment anymore, I have lived to this day, I have seen all kinds of storms and waves, so I am not afraid of death, I hope I can walk with more dignity, but today, after so many years to see you again, I suddenly have a desire to survive, my greatest hope is to see you and Inan marry with my own eyes!, if I can live to see you two have a child, that would really be a triple blessing and a death without regret."

Gu Qiu Yi, who was on the side, burst into tears and choked, "Dad, don't say that."

Gu Yanzhong smiled slightly, serious "You are aware of Dad's, never pretense, not sensational, just said these words are also from the heart."

After saying that, he looked towards Lin Wanqiu and seriously said "Wife, make a phone call to President Han of Concord and tell him that I've thought about it and want to actively treat it, and that it's worth it to live one more day, until my daughter gets married, until I can hold my grandson and granddaughter, even if I suffer a lot."

E - Lin Wanqiu immediately nodded her head repeatedly in excitement.

In fact, she had been advising Gu Yanzhong to actively cooperate with the treatment and not give up even if there was a glimmer of hope.

But Gu Yanzhong himself had already given up, because he didn't want to suffer all sorts of inhumane torments for the sake of living for another year and a half.

Advanced cancer is incomparably painful, not only to endure the rapid decline of the state of the body, but also to suffer both physical and mental pain brought about by radiation therapy and chemotherapy.

Every time chemotherapy, the side effects of the drug make him vomit to death, every time radiation therapy, the skin and bones, internal organs will be painful for a long time.

As time passes, he, a man with a strong bone and iron backbone, is tortured into a withered and terminally ill patient.

Therefore, he would rather spend more time with his wife and daughter, suffer less inhuman torture, and leave himself a beautiful final time.

But now, his thoughts suddenly shifted 180 degrees because of Ye Chen's appearance.

He wanted to live.

He wanted to see his daughter get married with his own eyes.

He wanted to be on the wedding line and personally hand over his daughter, who he had raised for over twenty years, to Ye Chen, to fulfill the promise he had made to his brother and best friend over twenty years ago.

More than anything, he wanted to be outside the maternity ward, waiting for his daughter to give birth to a child safely and allow himself to witness the continuation of the family lineage.

Therefore, he now felt that if he could fulfill these wishes, he would not hesitate to survive even through the harshest and most painful torture in this world!

Lin Wanqiu at this time, hurriedly about to pull out her phone to make a call.

Ye Chen was then busy saying, "Auntie Lin, I actually came this time mainly because of Uncle Gu's condition, I have a way to make Uncle Gu's illness completely healed."

"What?!"

1506

Lin Wanqiu and Gu Yanzhong were both shocked.

To have Gu Yanzhong's condition completely healed?

How is that possible?

The family has traveled for a long time to find the best specialists, special drugs, medical equipment and treatments in the world for this disease.

However, none of them can stop the rapid withering away of Gu Yanzhong's life.

Apple's founder, Steve Jobs, also a billionaire and also suffering from pancreatic cancer, also received the best treatment in the United States, but the results were very unfortunate.

None of the world's top experts believed that Gu Yanzhong's disease had a chance of recovery, and the vast majority of these people believed that he probably had less than a year, or even less than half a year, left to live.

Ye Chen suddenly said that he could be cured, which sounded like a fantasy to the two of them.

Lin Wanqiu sighed and said seriously "Chen'er, I know that you must also be very concerned about your Uncle Gu, but his condition is really very bad"

Gu Yanzhong nodded his head, "Hey Chen'er, I can't know my disease any better, pancreatic cancer is the most vicious cancer, and I'm already at an advanced stage, my whole body has spread, it's already too late, using our Chinese saying, it's hard to save even the Great Luo Jinxian."

Ye Chen had a sentence in his heart, he wanted to tell Gu Yanzhong, even if the Da Luo Jinxian can't save you, I, Ye Chen, can still save you!

However, this would definitely sound arrogant to those who didn't know the inside story.

So, Ye Chen then said seriously "Uncle Gu, I occasionally obtained a kind of benign - medicine some time ago, which is very effective in treating various diseases, I'll carry it with me this time, you might as well give it a try."

Gu Yanzhong naturally didn't believe it in his heart.

He himself is a standard atheist, is a firm materialist, firmly believes in science, half a point of disbelief in the occult, plus she has been ill for a long time, the relevant information, literature, has long been thoroughly researched, the heart has also long been 100 sure that he is hopeless, so when he heard Ye

Chen's words, he just helplessly shook his head and smiled, and said "Chen'er, you have this heart, uncle is very grateful, it's just that the degree of danger of this disease, may be far beyond your understanding."

Lin Wanqiu on the side also nodded her head and said "Yes Chen'er, your Uncle Gu's illness can be said to be the most incurable, dangerous and cruel one in this world"

Ye Chen knew that they would definitely not believe it, so he prepared to take out the rejuvenation pills and directly let Gu Yanzhong try it out.

But at this time, the maid suddenly ran over and said somewhat nervously "Mr. and Mrs., the second and third master's families are both here."

Lin Wanqiu boarded up her brows and asked in a cold voice "What are they doing here?"

The maid was busy, "He said he was looking for you and Mr. Mister to discuss something important."

Lin Wanqiu blurted out, "Let them go!We have nothing to say to them!"

As soon as I finished saying this, I heard an angry voice sneer, "Yo, sister-in-law, we are all family, there is no need to say such harsh words, right?The old man has been gone for a few years, and you won't let me and Lao San enter the house, if this old man were to spring to life, I'm afraid he would be angry with you!"

Ye Chen raised his eyes and saw eight or nine people, stepping in menacingly.

Lin Wanqiu's expression was suddenly very ugly and questioned, "Gu Yanzheng!This is my house!Who told you to barge in without my permission?"

1507

With Lin Wanqiu's furious shout, the other party's leader, the man with a somewhat disdainful face, said coldly, "Sister-in-law, this is my big brother's house, do I still need to greet you as a younger brother coming over here?"

Lin Wanqiu's expression was ugly as she said "Gu Yanzheng, then your brother is husband and wife, half of this house is mine, if you barge in without my permission, this is called forcibly breaking into the house!"

Gu Yan Zheng left his mouth, looked Lin Wanqiu up and down, and said with a scowl on his face, "Aigoo, sister-in-law, you still know that you and my brother are husband and wife?But have you fulfilled your duty as a wife?"

Gu Yanzhong stood up with some effort and scolded, "Yanzheng, why are you talking to your sister-in-law?The eldest sister-in-law is like a mother, don't you understand this?"

"First wife as mother?"Gu Yanzheng sneered "Brother, don't forget that she is an outsider in the Gu family after all, and as the daughter-in-law of the eldest son of the Gu family, she failed to give birth to a first grandson, causing our parents to pass away without even a streamer-beating first grandson, she's a sinner of our Gu family!"

As soon as Lin Wanqiu heard this, her face immediately turned ugly and aggrieved.

Gu Yanzhong, who was shaking with anger at the side, grabbed a bone china bowl and slammed it to the ground, the bowl shattering under Gu Yanzhong's feet!

Immediately after, he blurted out, "Gu Yanzheng! Don't make an issue out of it! Your sister-in-law almost lost her life in childbirth when she gave birth to Inan back then, after that, I swore never to let your sister-in-law have a second child again, which was extremely respected by Mom and Dad before they died, and even their two elders didn't have any opinions, so what right do you have to spout nonsense here!"?

Gu Yanzheng said, "Big Brother, Mom and Dad say they respect you, but they are actually very sad about this incident. Just too embarrassed to express it for your sake!"

After a pause, Gu Yanzheng added, "And, to be honest, I even suspect that our parents' untimely death had a lot to do with the fact that it's been simmering in our hearts. In the end, it's you two who are hurting them!"

At first, Gu Qiu Yi felt that she was a junior, so she held back her anger and didn't interrupt, but at this time, seeing that her second uncle had spoken so excessively, she immediately opened her mouth and shouted, "Second uncle! Don't you go too far! This is my house! It's not your turn to come here and yell at me!"

So you don't care about your uncle anymore? Don't you forget that even if you're a big star, you're just a playwright!"

The person who spoke was Gu Yanzhong's third brother and Gu Qiuyi's third uncle, Gu Yangang.

The three brothers of the Gu family, respectively named Yan Zhong, Yan Zheng, and Yan Gang, this was also the expectation that the old man of the Gu family had for his three sons, so that they could be loyal, upright, and strong.

However, the second and third sons, compared to their names, were indeed a bit unworthy of their virtues.

At this time, there was a young man in his early twenties at Gu Yan Gang's side, adding fuel to the fire, "Yes cousin, our Gu family's ancestral motto clearly states that the descendants of the Gu family must never engage in a lowly occupation."

"And this opera ah, but earlier years, but even the lower nine streams can not even rank in the inferior industry, come back a little rise in status, only then barely from the inferior, ranked in the lower nine streams, you now do the opera, is not that not a disgrace to our Gu family ancestors?"

The first thing you need to do is to take a look at the new product, and you'll see that it's not just a product that you can't afford. I'm telling you, you haven't got a say here yet!"

The first thing you need to do is to take a look at the newest version of the newest version of the oldest version. You're just a woman who's going to get married sooner or later, and when you do, you'll no longer be a member of the Gu family, and then you'll be an outsider, understand?"

Ye Chen at the side wanted to speak at this point, but he still held back.

This was, after all, the Gu family's family matter, and an outsider himself really couldn't find a suitable entry point.

If he were to intervene at this point, he would also be a teacher.

Moreover, it was still unclear what the implications of the Gu family's second and third youngest coming over were, so he decided to observe a bit more.

At that moment, Gu Yanzhong shouted angrily "Enough! Let's all cut the crap!"

After saying that, when the crowd had calmed down, he then looked at Gu Yanzheng and Gu Yangang and asked in a cold voice, "Second and Third, the two of you shouldn't beat around the bush and hide yourselves here, what you want to do and what you want, just say it openly and above board, dawdling like a pussy and disgracing our Gu family men!"

Gu Yan Zheng stroked his chin and suddenly laughed, with a few sinister, but pretended concern, "Brother, I heard that your health has deteriorated again? Did the hospital ask you to come over for treatment, but you refused?"

Gu Yanzhong said in a cold voice "Sorry, I've just gotten over it and decided to actively receive treatment, my daughter isn't married yet, I can't just die in a cowardly manner!"

Gu-Yin was waiting for a group of people, and when he heard this, his expression changed.

Next to him, Gu - Words couldn't help but complain, "Brother, haven't you already decided to give up on the treatment? Why are you backing out now? In your condition, even if you are actively treated, you may not be able to live for another ten days and a half months, and for these ten days and a half months, you go to the hospital to be tormented, tortured and experimented on in various ways, why do you think you are suffering?"

Gu Yanzhong's expression was extremely cold as he gritted his teeth and said, "You people, what exactly do you want to say, if you don't get straight to the point, don't blame me for kicking you out!"

You don't have a son at home either, and when the time comes for your daughter to get married, that's just spilled water, so you can't let this family fortune go to an outsider, right?"

At this point, Gu Yanzheng looked at Lin Wanqiu again and said with a smile, "What's more, your sister-in-law isn't that old, and she's so beautiful, so how can she be a widow for the rest of her life when you leave? I'm sure she'll remarry. You'll also have to take some of the Gu family's assets with you when the time comes, and you can't bear the thought that half of the Gu family's assets will end up in the hands of outsiders, along with your wife and daughter?"

When Lin Wanqiu heard this, she was not only angry, but also humiliated, and tears came to her eyes.

Gu Qiu Yi also exploded with anger, her fists clenched in resentment.

Needless to say, Gu Yanzhong was shaking with anger, his face, which was already bloodless, became even paler, his entire body shaking, almost as if he might die at any moment.

Ye Chen could no longer watch at this time, and while reaching out to support Gu Yanzhong's swaying body, he drank with an extremely gloomy expression, "You bastards, you're a bit too much of a bully, aren't you!"

1509

Gu Yan Zheng, Gu Yan Gang and the others, when they came in, although they saw Ye Chen, they didn't put him in their eyes.

They came over today, all of their targets were focused on the three members of the Gu family, treating Ye Chen, and the other servants as if they were nothing.

However, they didn't expect that this young man would dare to call them out here and call them bastards, and they were on fire!

In Yanjing, the Gu family's strength was second only to the Su family and the Ye family, and their total assets were above the trillion level, even if Gu Yanzheng and Gu Yangang, respectively, only had 25 of the Gu family's assets, each one of them individually was a top-tier tycoon, and crushing those familiar people on the current tycoon rankings was completely out of the question.

So, how could they accept that a nameless junior was screaming at them here?

So, Gu Yanzheng was immediately shocked and angry, pointing at Ye Chen and shouting coldly, "Kid, do you know who I am? Talking to me Gu Yanzheng like that, are you too old for life?"

Ye Chen sneered "Of course I know who you are, asshole well, you are asshole number one, that guy next to you is asshole number two, and that little punk who just screamed, definitely asshole number three, the rest of the people if anyone wants to order, speak up early, so as not to catch up with the front number!"

Gu Yanzheng and Gu Yangang, both heirs of the Gu family, were also educated out of high-end education from a young age, and both of them were typical, clothed beasts cultivated under elite education.

In other words, such a person, who looked well educated, rarely fought with others, and spoke without spitting foul words, was in fact already bad to the bone.

In the past, when someone toasted with him at the dinner table, the other party's wine glass end height, slightly higher than his wine glass, he was smiling as if he did not care, but immediately after the meal, let the bodyguard directly forced stop the other car, the other party from the car, broken hands.

This is just a little thing, in fact, Gu Yanzheng upper and lower lips a closed, I do not know how many people have lost their homes and even lost their families.

Ye Chen Xiaochu Ran

At this point, Ye Chen was so disrespectful to them that his entire body was almost furious!

However, he was also somewhat confused as he couldn't figure out where Ye Chen was coming from, so he was somewhat confused, this person was a guest in Gu Yanzhong's house, naturally he knew the strength of the Gu family, yet he still dared to talk to himself like this, could it be that he had some background that he didn't know about?

Gu Yan Gang was thinking the same thing, if the other party knew his identity and still dared to speak out here, he must have two brushes with it.

However, the young Gu Weiguang didn't have this self-awareness.

He cursed angrily, "Damn, who are you kid? Do you know who you're talking to? We're the Gu family! Do you fucking want to die?"

Ye Chen looked at him and said coldly, "You're the one who barked dogs with Inna, right? Well, if you like to bite like a dog so much, why don't you get down on your knees and learn to bark twice, and if you learn to my satisfaction, I can still let you off the hook!"

1510

"Fuck!" Gu Weiguang was furious "You're fucking looking for death! Do you know who I am? I'm the second son of the Gu family! If you dare to disrespect me, I'll kill you in a minute!"

At this time, a young man who was slightly older than Gu Weiguang and had a slightly more stable temper spoke up, "This brother, today's matter is our Gu family's family matter, please don't interfere."

The one who spoke was Gu Yanzheng's son, Gu Weigang, and the oldest male in the Gu family's grandchildren generation.

Gu Qiuyi was a girl, so he would be considered the eldest grandson of the Gu family.

Ye Chen looked at Gu Weiliang and said indifferently, "If you have something to say, say it properly, don't bark and shamelessly shout in a barking rage here, thinking of bullying the small number of people, the Gu family is also considered to be a respectable family in Yanjing, don't come out with a lack of education!"

"You "As soon as Gu Weiguang heard this, he gritted his teeth and wanted to come up and do it.

Gu Weiguang stopped him, then looked at Ye Chen gloomily and said to Gu Yanzheng beside him, "Dad, let's cut the crap and get straight to the point."

Gu Yanzheng looked at Ye Chen with cold eyes, his mind was already made up, no matter who this brat was, after his own business was settled today, he would make this brat pay the price in blood, and let him know that the Gu family was not something he could insult at will!

So, he temporarily suppressed the resentment in his heart, looked at his elder brother, Gu Yanzhong, and spoke, "Brother, I came here as an heir of the Gu family to defend and uphold the rights and interests of the Gu family! 50 of our Gu family's assets are in your name, but you are now running out of time again, and when you are gone, I will be the head of the Gu family, so naturally I can't sit back and watch 50 of the Gu family's assets flow into the names of outsiders, so I hope that you will act in the interests of the Gu family and make a will that distributes at least 80 of your assets in your name to me and Lao San."

After saying this, he saw that Gu Yanzhong's face was very ugly, and spoke again, "Brother, I am also doing this for the Gu family, otherwise, once you pass away, once your sister-in-law and in-laws get your inheritance, this inheritance of yours will not be surnamed Gu, the strength of the Gu family will instantly be pushed out of the third place in Yanjing, not even the top five may not be protected anymore, you can bear to see the Gu family's hundred years of family business, after your death, to be cut off at the waist!?"

Gu Yanzhong coldly said, "Raul, you can talk all you want, but in the end, don't you still want my family fortune? Let me tell you, I have already set my will, in my will, my inheritance is divided into two, your sister-in-law inherits half, in-laws inherit the other half, according to the law, since I have already set the way of distribution of the inheritance, you have no right to interfere."

Gu Yanzheng's expression was even colder, questioning "You just care about your small family, and not about us all?"

Gu Yanzhong asked back, "So what if it is? My family fortune has nothing to do with you!"

The third man on the side, Gu Yan Gang, was furious and cursed, "Big Brother! Has your cancer spread to your brain, and how come you, a wise man, can't even use your brain right now?"

Ye Chen Xiao Chorán Lin Wanqiu heard this and snapped in anger, "Gu Yan Gang! You've gone too far!"

Gu Yan Gang snorted "Sister-in-law, is this too much? I told you excessive is still to come."

After saying that, he turned to Gu Yanzhong and said in a cold voice, "Brother, let's take a step back, even if you are stubborn and unrepentant and let your wife and daughter inherit the family fortune, do you think that with their two females, they can hold on to so many assets? We come to you today, just to settle this issue peacefully, you take out 80 of your family fortune, and the remaining 20, is enough for your wife and children to live a life of glory and prosperity, but if you are too greedy, then I don't guarantee that your wife and children will be able to live in peace after you are gone!"

Gu Yanzhong was so furious that he shouted, "Gu Yanjiang, you beast! Are you threatening me?"
