

Identity 1511

Chapter 1511

On the other hand, Gu Yanzheng hurriedly smiled and said to Gu Yangang, "Oh my old man, why are you talking to big brother? If you kill him now and he doesn't have time to change his will, then we will really have to fight with his sister-in-law and niece. In that case, how can I bear it!"

Gu Yan Gang smiled hehehe "Second Brother you're right, I was overreacting, I apologize to Big Brother!"

After saying that, he looked at Gu Yanzhong and said with a smile, "Big brother, I'm sorry, I just spoke a little too harshly, you can't take it to heart."

The company's main business is the development of its own business, and the company's business has been in the process of developing its own business for years. If you cooperate with us, your sister-in-law and in-laws will still get 20 with you behind them"

The first time I saw you, I was in a hurry, and I couldn't wait for you to be buried, so I had to do something about the three of you. If the three of you are gone, all the assets under your name are mine and Sandi's, do you understand?"

Gu Yanzhong coughed violently in anger, then spurted out a mouthful of blood, his entire body had been extremely angry, messing up the already weak essence of his body.

Gu Qiuyi and Lin Wanqiu saw this, and hurriedly came forward to support him, patting him gently on the back.

Ye Chen couldn't stand it anymore at this point, looked at Gu Yanzheng and asked in a cold voice, "What do you mean, if Uncle Gu doesn't agree, you're going to do something to their family of three?"

Gu Yanzheng didn't bother to continue his disguise, arrogant and vicious, "Kid, no matter who you are, there's no place for you to speak here, I have business to attend to today, so I'll spare your life, but I'll only spare you for one day, by this time tomorrow, if you're still alive, my years of Gu Yanzheng will be considered a waste of time!"

After saying that, he immediately looked at Gu Yanzhong and said in a cold voice, "Brother, since that's all said and done, I won't hide anything, I'm here today, I must get 80 assets, otherwise, don't blame me and Lao San for disregarding our brotherly love!"

Gu Yan Gang echoed the sentiment, "Brother, you're already a dying man, why are you still carrying on so hard? You may die soon yourself, but your wife and children will live for many more years, so there's no need for them to be buried with you, is there?"

As soon as this was said, Ye Chen became furious!

Ye Chen Xiaochu Ran 4545734

The blood in my body boiled up instantly too!

With great speed, he lifted his foot and kicked Gu Yanguang in the abdomen with a fierce kick!

Before Gu Yan Gang, as well as Gu Yan Zheng, and the bodyguards the two had brought with them, could figure out what was going on, Gu Yan Gang's entire body had flown straight out!

His entire body flew backwards out of the dining room and landed directly on the living room floor, only to howl in mid-air and fall unconscious!

When Gu saw his father kicked and fainted, he rushed forward and picked him up, asking nervously, "Dad, Dad, are you okay Dad?"

Gu Yan was so furious that he pointed at Ye Chen and cursed, "Kid, how dare you, you're not afraid"
1512

Before he could finish his sentence, Ye Chen suddenly reached out and grabbed the hand that Gu Yan was pointing at him and slammed his wrist!

With a crack, Gu Yanzheng's right hand fractures right off his wrist!

"Ah!!!"

Gu Yan was holding his slumped hand and shouted at the two burly men behind him, "Damn it, kill him!Get him now!"

Gu Yanzheng's son, Gu Weiliang, was also furious and said, "Kid, you dare to hurt my father!You're done!My father's bodyguard is known as a War God and a Realm Lord, so I'll make sure you die a horrible death today!"

"The God of War?Sovereign?"Ye Chen looked at the two big men who stepped towards him and said in a cold voice, "Since the name is so awesome, I'll make them kneel down and call for their father today!"

Gu Yanzhong was so shocked to see this that he blurted out, "Chen'er be careful!They're both one of the best, with a lot of blood on their hands, you're no match for them!"

After saying that, he clenched his teeth hard and said to Gu Yanzheng, "Raul!Tell them to stop and not to hurt Tatsuki, I promise you!"

In Gu Yanzhong's view, Ye Chen was not only his future beloved son-in-law, but also the only bloodline of his long-dead brother, and no matter what, he couldn't sit idly by and watch Ye Chen lose his life because of him!

In that case, even if he was in the netherworld, he would have no face to face Ye Chen's parents.

Gu Yan was covering his wrist, gritting his teeth and cursing "Compromise now?Late!!If this brat dares to hurt me, I'll make sure he's broken into pieces!"

Just say to those two, "Finish him!Now!Now!"

Gu Yanzheng's two bodyguards were also ruthless at this point.

One of them, known as the War God, while the other, known as the Realm Lord!

All of them were famous figures in the Jianghu world, and now being so humiliated by a hairy brat with a bit of kung fu, they were naturally indignant, and only wanted to kill him to defend their dignity.

Just as these two rushed in front of Ye Chen, Gu Qiuyi, Gu Yanzhong and Lin Wanqiu were all nervous, their hearts beating like drums, they were afraid that the slightest accident would happen to Ye Chen, especially to this couple, they had just reunited with Ye Chen, they didn't dare to let Ye Chen be in danger.

But right in the middle of this lightning, not only did Ye Chen not retreat, but he also met this War God and Realm Lord duo, he transported his aura in both hands, and with one arm, he actually instantly grabbed these two people's necks with one hand, like catching a chicken, and lifted them up high!

Everyone was shocked and stunned at this moment!

What's going on?

What the fuck is going on with Ye Chen Xiaochu Ran?

This is the famous Battle God and Realm Lord of Yanjing!

These two people's strength could almost walk across the board in the Yanjing tycoon's bodyguard circle.

Other than the legendary, top-tier mystic experts supported by the Su and Ye families, others were simply no match for these two.

However, a young man like Ye Chen directly defused the two's attack and directly grabbed their necks and made them leave the ground with their feet on the ground!

At this time, Ye Chen's hands were like hydraulic pincers with tens of tons of pressure, and they were stuck dead in the necks of the two men.

These two were instantly horrified!

Desperately kicking his legs and swinging his arms, he wanted to break and escape Ye Chen's arms.

But then he realized that it was as if all his strength had been strangled all of a sudden! Those arms thrown up like two long, inflated balloons couldn't muster half the strength!

The legs were naturally the same, only dangling and dangling, unable to kick even if they wanted to.

Their expressions were incomparably frightened, and their faces quickly turned black and purple from holding their breath.

The Gu family was also scared silly.

What kind of fucking monster was this! One man, two hands, and a War God and a Realm Lord were made to look like this bird?!

1513

At this point, everyone in the room was dumbfounded!

Not only Gu Yanzheng and Gu Yangang who had come to provoke, but even the three members of Gu Yanzhong's family were all speechless in shock.

This one War God and one Realm Lord were both extremely famous figures in Yanjing, and the two of them had killed countless people and had never suffered any defeat, anyone who mentioned them would be horrified.

However, these two couldn't even take a single move in front of Ye Chen.

A normal battle against each other would at least be a back-and-forth battle.

As the saying goes, you throw a punch and I kick, see a move and look for a flaw, this is what is called an expert fight.

But Ye Chen suddenly rushed up and strangled two top experts into this bird with two hands!

Ye Chen ignored the shock of these people, he looked at these two people on his hands with contempt and said in a cold voice, "Don't say I didn't give you a chance to live, kneel down and call out to your father, if you call out nicely and kindly, I will spare your lives, will you?"

They were staring at Ye Chen with a resentful gaze, although they couldn't say anything, their expressions were already filled with resentment and disobedience.

Ye Chen nodded and accosted them with a smile, "A battle god and a realm master, there really is something, not too much ability and not too little temper, alright, in that case, let's reincarnate and be a good person in the next life!"

After saying that, their hands increased a few points of strength, causing the two to immediately feel the fear of death.

Although these two had killed countless people, in the end, they were also greedy for glory and riches, otherwise they wouldn't have worked for Gu Yanzheng, so as death gradually approached, both of them coincidentally began to feel extreme panic and fear in their hearts.

They were unwilling to die like this, after all, there were still so many glories and riches in this world that they hadn't enjoyed, or hadn't enjoyed enough.

They have fought at the border for so many years, crawling through bullets and bullets, all the way up to now, in order to be able to enjoy the life of a human being.

Ye Chen Xiao Chorán.

But it's not worth it to die for nothing before enjoying a few years of happiness!

Then, the warrior god that Ye Chen was carrying on his left hand, shouted hoarsely, "Daddy Daddy."

Because his voice was stuck dead in Ye Chen's throat, his voice was small, almost inaudible, but his mouth was still in place, and it looked like he really wanted to confess.

Ye Chen nodded his head in satisfaction and took the lead in loosening his left hand a bit, sneering, "Come, scream properly for me to hear."

That war god with tears streaming down his face said in a hoarse voice "Daddy please bypass my life."

Ye Chen nodded his head "Well, good son, since you are so sincere in begging daddy to forgive you, then daddy will be merciful and spare you this time."

The war god was overjoyed, and the realm lord that Ye Chen was carrying on his right hand at this time, who was about to faint, was suddenly forgiven when he saw his good brother calling Ye Chen daddy, and immediately shouted daddy as hard as he could as well.

Of course, he couldn't make any sound from his voice, so he could only flip his mouth shape.

Ye Chen saw that he was also going to call his father, so his right hand gently loosened and sneered, "Come, I'll give you a chance to scream properly."

1514

The man was humiliated to the extreme, but in order to live, he was still like a quail and cried out honestly, "Daddy, please spare your life, Daddy."

Ye Chen nodded his head in satisfaction and said "Seeing that the two of you are still a bit sincere, then I will give you a chance to live, kneel on the ground and call for daddy, if you call well this time, I will let you go."

The war god took off and protested "You let me call daddy, I already did, why don't you let me go and kneel down and call daddy?"

Ye Chen laughed "The earliest thing I said was to kneel down and call my father, if you don't call, then I'll let you die with dignity, it's up to you."

The realm lord on the side said in exasperation "I'm also a realm lord of the Northern Realm no matter what, I was able to defeat a hundred people back then, don't go too far!"

Ye Chen sneered, "A Northern Realm Lord? Doing what?"

That realm master said, "Northern Mercenaries, the largest private mercenary organization in the north!"

"Oh." Ye Chen nodded and smiled, "Hello, Realm Master, your title is pretty awesome, I also have a title that was given to me by someone in the Jianghu, I don't know whose is a bit more powerful compared to yours."

The realm lord questioned "What is your title?"

Ye Chen smiled faintly "Four words, true dragon on earth."

That Realm Lord's face changed.

True dragons on earth?

What the hell!

Isn't the arrogance a little too much?

Ye Chen didn't bother to continue to wrangle with him, his hands regained some strength and said with a blank expression "If you are willing to kneel, live, if you are not willing to kneel, die, you only have three seconds to consider."

The realm lord felt the increasing force at his throat and was frightened, and said out of fear "I kneel!! kneel!"

Ye Chen looked at the so-called War God next to him "What about you, Brother War God, kneel, or not?"

"Kneel!! kneel too!"

The War God also knew the truth that a good death was better than a bad life, and nodded without hesitation.

With a satisfied smile, Ye Chen directly pressed the two of them to the ground like a chicken, and said coldly, "Scream louder, or I'll cripple your roots and make you both eunuchs for the rest of your lives!"

They shuddered in fear, knelt down and cried out in unison, "Father, have mercy!Daddy have mercy!"

The two brothers Gu Yanzheng and Gu Yangang looked very ugly.

However, there was nothing they could do at this point.

They could only watch as their two masters knelt on the ground and called the young man father.

Ye Chen saw that the two of them were calling with devotion and seriousness, nodded his head in satisfaction and said, "Good sons, not bad, able to bend and stretch, good material for great things."

The two of them raised their heads and looked at Ye Chen with eyes that couldn't hide their anger, their hearts had already killed him ten thousand times.

At the same time, the two of them were also thinking the same thing in their hearts.

That was how to find Ye Chen to get the field back after they passed today.

At that time, he must be killed to relieve the hatred in their hearts!

What they didn't expect was that Ye Chen was actually already preparing to put an end to it forever.

So, Ye Chen looked playful and said with a smiling face, "Two good sons, one of you is a War God and the other is a Realm Lord, you are indeed amazing, and my father is very pleased, but my father also really doesn't like how the two of you are fighting and killing all day long, so from today onwards, you'd better be honest and be a good boy who sleeps on time."

These two thought that Ye Chen was simply humiliating them, so they were indignant, but they didn't dare to say anything with their mouths.

Ye Chen Xiao Choranqq717l114114360

But they didn't expect that Ye Chen had already planned to cripple them.

So, he quietly released two auras from his hands and directly drilled into the two of them, immediately sealing their dantian and meridians, turning them from top experts in the eyes of ordinary people into unarmed trash.

If the two of them dared to exert or save their strength, not only would it be impossible for them to explode with any killing power, their bodies would also suffer the extreme pain of being devoured by thousands of ants, making it absolutely impossible for them to even try to move a few bricks.

Therefore, the two of them were already standard-standard invalids, so invalid that they couldn't be invalidated anymore.

At this time, Ye Chen shouted coldly at the two of them, "Okay, you two go away and stay honestly, I still have something to do, I want to have a good chat with these two big brothers of the Gu family!"

1515

The kneeling War God and Realm Lord panicked and knelt to the side upon hearing this, not daring to make a single mistake.

As for Gu Yan Zheng and Gu Yan Gang, hearing Ye Chen say that he wanted to have a good chat with him, the brothers' expressions were all in awe and they were already panicking.

They didn't expect that there would be such a fury in the big brother's family.

With their understanding of Gu Yanzhong, the family is nothing more than a few houseguard bodyguards, although the ability is not bad, but compared to the two they brought, that is really a hundred and eighty thousand miles, enter the door a photo and all lie down.

However, the ghost knows that their home there is another, means through the sky, the momentum is terrifying, as if the Shura general young man!

Seeing that Ye Chen was going to trouble them, they immediately took a step back, and Gu Yan was asking in fear, "YouWhat do you want?"

"Me?" Ye Chen laughed, "You've been pretending so much by yourself for half a day, it's my turn to pretend, right? Come on, tell me, how are you going to solve this today?"

"What how to fix it!" Gu Yanzheng gritted his teeth, "This is our Gu family's family matter, it has nothing to do with outsiders! You don't care!"

After saying that, he warned with a gloomy face, "Kid, I admit that you can fight, but it's useless to be able to fight, if you mess with me, I won't let you go!"

Gu Yanzhong shouted angrily, "Raul, try to touch a hair on Chen'er's head! Do you really think I'm the boss of the Gu Family for a living?"

Gu Yanzheng was in a panic, but his mouth still wanted to get back in the game and said in a huff, "Big brother, even if you weren't a dry worker, how long would you live?"

Saying that, he added, "Even if I admit defeat today, what about tomorrow? And the day after tomorrow? If I were to say, let's just let this matter go today, in the future, our well water will not offend

river water, if you are willing to accept my previous proposal, we are still good brothers, when you leave, Lao San and I will definitely take good care of the afterlife and give you a grand funeral; but if you don't agree, then after you leave, don't blame Lao San and I for not being merciful, then sister-in-law and Inan will"

Before Gu Yanzheng had finished his threatening words, Ye Chen suddenly raised his hand and smacked him hard on the face, directly causing him to fall straight to the side!

The first thing you need to do is to take a look at the actual shoes and boots.

The two brothers each gave an ouch, Gu Yan Gang was better, that is, fell a little, but Gu Yan Zheng is a bit miserable, this slap directly killed the dead kowtow teeth, mouth full of blood not to say, cheeks also swollen as if stung by a hornet.

The others rushed forward to help the dead pig-like Gu Yanzheng up.

Gu Yanzheng covered his face and whimpered inaudibly, "YouYou dare to hit meDo you really think that I, Gu Yanzheng, am a vegetarian?"

Ye Chen shook his head, "I didn't think you were a vegetarian, I think you're more like a shit eater, the moment you open your mouth, the stench is puffing out your nose, I don't know if you know the Jiangnan Wu family's second son Wu Qi, who was still very hot on Steep Sound some time ago, I think your mouth is a match for him!"

Gu Yanzheng was almost furious!

This kid, comparing Wu Qi to himself!

That Wu Qi, I've heard of him, and I heard of him because I watched the video on Steep Sound and almost gave myself nausea and vomiting at the time!

This Ye Chen was comparing himself to him, wasn't this an insult to his own character!

He immediately shouted at that War God and Realm Lord kneeling on the ground, "Damn it, kill him for me! Kill him and I'll give you both one hundred million!"

They looked at each other.

One hundred million?

It sounded really attractive enough.

However, where would they dare to go forward and provoke Ye Chen? Ye Chen can lift and almost strangle the two of them like chickens with a single move, they have no power to fight in front of Ye Chen, in this situation, even if this 100 million is in front of them, they don't have the ability to earn"

1516

However, that War God's heart suddenly surged with ecstasy.

This was because he had actually been carrying a gun close to him.

Although he was a martial artist and didn't like using guns too much, a gun was after all a life-preserving reliance, and he was a bodyguard for Gu Yanzheng, there was no danger most of the time, but he still kept an extra hand.

Only, when he was just directly rubbed by Ye Chen, he didn't have a chance to use a gun, he couldn't even think about it.

But the situation was different now.

Ye Chen's attention was no longer on his own body.

So, he couldn't help but think in his heart, if Ye Chen's attention was all on Gu Yan Zheng and Gu Yan Gang, then he might have a chance to sneak up on him in a wave!

No matter how strong you are, you're still afraid of bullets, if one shot hits, the opponent should quickly lose his combat power immediately, then with two more shots, even a martial arts master is afraid he'll die for sure!

By then, not only will you hold a grudge for being insulted, but you'll also get a hundred million dollar bonus from your boss! Then you won't have to work for the rest of your life, you can just retire and enjoy the glory!

Thinking of this, he immediately lifted his arm, trying to sneakily peek behind him to pull out his gun.

However, it was only at this time that he suddenly realized that his arm was so soft that he could barely exert any strength.

The arm had been drooping before and he was afraid of Ye Chen's anger, so he didn't dare to move it, so he didn't even notice that his arm had some symptoms of muscle weakness.

He was surprised and surmised, "What the fuck is going on? Did you just get scared and softened up?"

Thinking about it, he gritted his teeth and tried to exert more power to drive his arm, but the strength in his arm was almost dissipated!

"ThisWhat the hell is going on here?!"

He was shocked to the core, but for the sake of that hundred million, he tried with all his might to carry his right hand behind his back, something that was usually effortless, but now after several minutes of effort and sweating with exhaustion he had not yet succeeded.

The moment he felt almost all his strength was exhausted, he finally laboriously carried his hand behind his back and touched his gun through his clothes.

However, it was difficult to grab the gun.

At this time, he only felt that his five fingers, like someone else's, were completely unable to drive.

Ye Chen hadn't been looking at him, but he could feel that this brat was trying his best to phase against the trace of aura he had left in his body, so he looked up at him and sneered, "What's wrong Brother War God? Want to pull out a gun?"

That War God was frightened and hurriedly said, "No no, absolutely no"

Ye Chen laughed and said, "If you want to pull out a gun, you have to pull it out too!"

The God of War trembled violently as he listened, "How did he know he couldn't pull it out? DidDid he tamper himself with something?!"

Ye Chen took a deep look and said coldly, "I advise you better be honest, now you can at least control your sphincter, if you dare to make a mistake again, I'll make sure you can't even control your sphincter, then if you urinate and defecate anytime and anywhere like a one year old child, don't blame me for not giving you a chance!"

The man was scared out of his wits when he heard that!

What is this guy's great power?

What had he used to make himself almost a wreck!

1517

Gu Yan was trembling with fear at this point.

What the hell is this.

The War God and Realm Lord that he hired with a high salary, was kneeling down and calling for his father when he was choked by Ye Chen, and that was fine, but the point was that he couldn't even pull out his gun?

You know these guys are literally the fathers of gun play!

Their inability to hold a gun is as ridiculous as a barber's inability to hold scissors!

However, the truth, even if it was unimaginable and unbelievable, it was still the truth.

Gu Yan was looking at the War God who was as scared as a dead dog and didn't dare to utter a word, and knew that it was absolutely hopeless to count on them today.

In that case, wouldn't that slap he had just received be in vain?

Thinking of this, he was even more resentful.

However, he didn't dare to shout excessively to Ye Chen at this time.

So, he could only say with resentment, "Fine! Kid, I remember you! We'll see!"

After saying that, he immediately said to his son, Gu Weiliang, who was beside him, "Let's go!"

Ye Chen, who had been smiling, suddenly shouted coldly, "Go? Who let you go?"

Gu Yan is covering his face and taking a step back, asking warily, "What do youWhat do you mean!"

"What do I mean?" Ye Chen said coldly, "You run into someone's house with a couple of dogs and bite and disturb someone's dinner, and you want to turn around and leave?"

Gu Yanzheng didn't think that Ye Chen had slapped himself and still wouldn't stop, so he shivered and asked, "What else do you want?"

Ye Chen said, "My demand is simple, if you mess with me, you must satisfy me, otherwise none of you will leave."

Gu Weiliang angrily scolded, "Kid, don't go overboard! Or die without even knowing how!"

Ye Chen frowned and opened his mouth to ask, "Who gave you the nerve? How dare you talk to me like that at this time?"

Gu Weiliang had no end in mind, but he still gritted his teeth and threatened, "If you mess with my Gu family, beware of my Gu family placing a nationwide Jiang Hu chase order, offering a reward of one billion dark flowers for your head!"

Ye Chen nodded, "Good boy, a bit interesting, are you married yet?"

Gu Wei Liang was stunned, what the fuck is wrong with that? Why are you asking all of a sudden?

When Ye Chen saw that he didn't speak, he immediately stretched out his hand to curl his ears in a death grip, and when he came up, he twisted it nearly 180 degrees and said in a cold voice, "I'm fucking asking you something, are you deaf?"

Gu Weiliang's ears were in excruciating pain, feeling as if they were going to be yanked off raw, screaming in pain: "ouch ouch! It hurts so much! Untie me now!"

Ye Chen put some more force on his hands, "If this ear of yours is not good, then simply don't have it!"

Gu Weiliang was afraid that Ye Chen would really pull his ears off, and begged, "Please don't twist it, if you twist it again, it will fall off!"

Ye Chen coldly said, "Answer the question!"

Gu Weiliang was busy saying, "I'm not married, I'm not married!"

Ye Chen nodded his head and said, "Not married, and no kids outside, right?"

"No, no!" Gu Weiliang shook his head repeatedly.

Ye Chen asked him again, "Then how many children did your father have?"

"Three"

"How many men and women?"

"I have two other sisters"

"Oh" Ye Chen nodded and said, "Then you're your father's only son, right?"

"Yes, yes, yes"

Ye Chen looked at Gu Yanzheng again and asked him with a smile, "I heard you speak that way just now, as if you're a person who values sons over daughters ah, and sarcastically ridiculed others for not having sons, it seems that your son, is your lifeblood, right?"

Gu Yanzheng heard Ye Chen's words with a full sense of threat, and asked nervously, "YouWhat do you want?I'm warning you, if you hurt my son, I'll fight you!"

Ye Chen laughed, "How could I hurt your son?I will only hurt your grandchildren.

"

"Grandson?"Gu Yanzheng's heart was even more confused: "I don't have any grandchildren ahWhat exactly does this guy mean?"

Ye Chen asked him, "By the way, do you recognize Xiao Yiqian, the chairman of Yanjing Qiancheng Group?"

Gu Yan Zhengzhou frowned and asked with suspicious vigilance, "Acquaintance, what's wrong?"

Ye Chen asked again, "He has a hidden disease, he just got it a while ago, do you know?"

Gu Yanzheng shook his head, "Don't try to sell me short, just say what you have to say!"

Ye Chen smiled, "Xiao Yiqian's hidden disease is just that that thing can't be used, but then, he still has the ability to reproduce, that is, if he still wants to have children, he can use artificial insemination"

The crowd was confused at what they were hearing.

What was this guy trying to say?

At this time, Ye Chen sneered and added, "But your son won't be so lucky, from now on, he won't be able to have children."

Saying that, an aura entered Gu Weiliang's body.

When he first dealt with Xiao Yiqian, he used the same true qi to seal the roots and make him lose his ability to seek pleasure, but it didn't seal his ability to pass on his family name, and Xiao Yiqian had children, so this ability was also optional for him.

However, to Gu Weiliang, fertility was still important, after all, he was still young and Gu Weizheng was still waiting for him to pass on the family name for himself.

At this point, Gu Weiliang was furious and raged, "You're saying that I don't have the ability to reproduce?Is that mouth of yours wide open or something?"

Ye Chen laughed, "Hey, you're really right, this mouth of mine is just open, everything I say works, if I say you don't have the ability to reproduce, you don't have the ability to reproduce, if you don't believe me, go back and try."

The crowd at the scene looked at each other.

They were all afraid of Ye Chen's strength, so they didn't dare to open their mouths to scold him, let alone fight him.

However, they also all felt that Ye Chen was too damned damaged in his speech.

Cursing someone for not being able to have children, was this a fucking thing for a grown man to do?

Gu Yan was gritting his teeth as he asked, "OK, whatever you say is what you want, are you satisfied now? Can you get us out of here?"

"Not yet."

Ye Chen waved his hand at Gu Weiguang, the son of Gu Yan Gang, "Come here kid."

Gu Weiguang took a frightened step back, "What are you trying to do?!"

Ye Chen said, "I plan to give you a vasectomy as well."

Gu Weiguang's face was green, and he retreated behind his father in three or two steps, not daring to talk back or move forward.

Ye Chen helplessly shook his head and said, "Look at that wimpy face of yours, fortunately I'm skillful enough to do it, and the cloud ligation is no problem."

After saying that, another sliver of aura was ferried out.

Taking care of the two of them, Ye Chen suddenly figured out one thing and said off the top of his head, "Oh my, I forgot one thing, you two old things, you shouldn't be too old, you must still have fertility, right?"

Gu Yan Zheng and Gu Yan Gang were both going crazy.

How did the two of them become old things?

Both of them were in their forties and not yet fifty, and their families were rich and properly maintained, so they could be said to be old and strong, and their physical strength was not inferior to ordinary young people.

However, the two of them didn't know at this point what kind of medicine was in Ye Chen's gourd.

But Ye Chen casually snapped his two fingers and said to them, "Okay, you can roll away, I'll be in Yanjing for the next two days, if you want to seek revenge, you can come to me at any time, but if you have something to ask of me, go kneel in front of Uncle Gu's villa, if you're sincere, I might consider it."

1519

Gu Yanzheng and a group of other people all looked at each other for a while, not knowing what to do.

Although Ye Chen told them to roll over and they did want to hurry up and flee, they didn't quite dare to leave after hearing what Ye Chen seemed to have left unfinished.

It was because they didn't understand what Ye Chen's words actually meant.

Ye Chen wasn't going to let them figure it out either.

This kind of thing would have to be like Xiao Yiqian, so that they could experience it for themselves.

So, Ye Chen, these people still, you look at me and I look at you dumbfounded, then he directly said to a group of people, "Within three seconds, if you don't get out, stay!"

Gu Yan, just as he had been pardoned, hurriedly waved his hand at the crowd, "Let's go!"

The ones with the surname Gu all turned around to leave, leaving a War God and a Realm Lord still kneeling in place.

These two also wanted to leave, but their legs really couldn't make any effort.

Originally, they still had some residual strength in their legs and could at least barely stand up and hobble forward.

But because they had been kneeling for a long time, their legs were numb to the point of exhaustion, so there was no way they could stand up at this point.

Seeing that everyone had left, these two were so anxious that they burst into tears, and the War God choked out, "Second Master, please take us away Second Master!"

Gu Yan was furious and cursed, "You two losers! If people can't kill, the road won't go away?"

The God of War choked, "Second Master, this leg is really hard to useBut whenever I can stand up, I don't dare to ask you for a hand"

"Oh shit"Gu Yan Zheng sucked in a breath of cold air.

Then he couldn't help but look at Ye Chen and wonder, "What the hell is going on here today? What the hell is this kid capable of? How did you manage to screw up these two experts under your own command?"

You know, these two are usually murderous masters, moving to use the palm as a knife, thumb thick steel can be cut off with a palm, why now even stand up?

But he didn't dare to think too much about it at this point, the immediate priority was still to escape from here, and we would discuss the long term after returning.

So he irritably said to Gu Weiliang and Gu Weiguang, "Weiliang, Weiguang, you two assist them!"

These two had no choice but to do as they were told, walking up to the War God and the Realm Lord, helping them up and limping out.

Gu Yanzheng didn't dare to threaten Ye Chen anymore, but he had already figured out in his heart that this matter was definitely not over today, he must find a way to chop him up and then ask Big Brother's family for his property.

Big brother was sitting on nearly a trillion dollars of assets alone, if it really fell into the hands of his wife and daughter, the Gu family would lose a lot!

So, he deliberately said to Gu Yanzhong with a dark face, "Brother, tomorrow the group holds a board meeting, you, as the chairman, are going to attend no matter what, there will also be media present, the details of the board are going to be released to the SEC as well as the stockholders, it's important, don't you forget this!"

There are countless companies and groups under the Gu family, and there are several listed companies alone, some listed in the mainland, some listed in Hong Kong, and some listed in the United States.

However, the parent company behind these companies is the Gu Group.

The overall market value of the Gu Group adds up to at least two trillion dollars, but the shares of the Gu Group are not unique to the Gu family, some of the shares are in the hands of other shareholders, and some of the shares, which are issued by listed companies, are in the hands of stockholders.

The Gu family itself accounts for 51% of the shares of the Gu Group, which is roughly a trillion dollars.

Of that 51%, 50% is in the name of Gu Yanzhong, Gu Yanzheng, and Gu Yangang, each with 25%.

1520

It is reasonable to say that the three brothers hold exactly 51% of the shares, just in line with the ratio of absolute control, and as long as the three of them are of one mind, the Gu Group is completely under the control of the Gu family.

But it's just that now the second and third oldest Gu Yanzhong is dying, and they want to snatch this share from him.

Now Gu Yanzheng is seeing that his scheme to get the shares today didn't work, so he's ready to use tomorrow's board meeting to continue pressuring his big brother.

Even if he won't agree to the shares for a while, he'll be sure to force him to give up the chairmanship to himself tomorrow!

As the saying goes, a country cannot be without a ruler for a day, and a dragon cannot be without a head for a day.

With such a huge industrial matrix as the Gu Group, it couldn't be without a chairman.

Now, although Gu Yanzhong is still alive, he's now terminally ill, and if he goes for treatment, then he definitely won't have the energy to take care of the group's affairs next; if he doesn't go for treatment, then he definitely won't live much longer.

So now was a good time to force the palace.

In any case, we have to make him hand over the chairmanship and power first.

Then you can slowly plan for the portion of shares in his hands.

If that's not possible, then use the most extreme tactic, after the big brother's death, get rid of all his wives and daughters.

In this way, the shares of their family of three would naturally fall into the hands of himself and third brother.

It was just that he easily didn't dare to use such an extreme method, because after all, Yanjing was full of hidden dragons and tigers, and many big bosses knew the situation of all the big families like the back

of their hands, so if he really did it in secret, even if he did it seamlessly, he wouldn't be able to escape these people's eyes.

At that time, this group of people from the top society of Yanjing would all know that they had murdered the big brother's family.

That would have too great an impact on the Gu family.

After all, every circle had its own rules, and in the Yanjing gentry circles, whoever dared to kill each other would become the object of everyone's rejection.

At that time, the Gu family's assets, connections, status, and prestige would all shrink significantly.

Therefore, he was still inclined to be wise.

When Gu Yanzhong heard him mention the board of directors, he knew that he wanted to use it to pressure himself.

Now that the end of the year was approaching, many listed companies were beginning to do their annual summaries, release their annual financial reports, and announce them to the entire country, so it was natural that the Gu Group, such a large group of companies, would be in the limelight.

And now he is very sick, if the board of directors to participate in the national people to see himself like this, the national people's confidence in the Gu's Group will be greatly reduced, by then the stock will certainly fall, shareholders will certainly face a large loss.

Therefore, at that time, the board of directors would definitely put pressure on themselves and force them to give up their chairmanship.

Before that, the three Gu brothers together had 51% of the shares and had absolute say in the board, and the other shareholders didn't have the stamina to force them to do something.

But now the situation was different.

The two younger brothers are at odds with him, and he only has 25.5% of the shares in his hands, while the other 25.5% is in the hands of these two brothers.

If the two of them don't go along with him and instead join other board members to exclude themselves, then their 25.5% of the shares are no match for them.

As long as their combined shares exceeded 51%, they would be able to reasonably and legally impeach themselves and force themselves to give up their chairmanship.

Thinking of this, he said coldly with a gloomy expression, "Gu Yanzheng, I know what you're planning, but don't worry, as long as I'm still breathing, I'll be there at tomorrow's board meeting. Whatever you're up to, I won't let you get away with it!"
