Chapter 1541

Because he didn't dare to delay the board's plan to seize power tomorrow, Gu Yanzheng decided to endure the night first no matter what.

At the same time, he also immediately asked the hospital's director, promising to find a few top experts in related fields from the United States with a heavy amount of money, to come over and try to see if he could be cured by medical means.

If they could, that would be the best, there would be no need to beg that brat then, just kill him!

If you can't...

That's a bit tricky. We might have to go to that guy's knees and beg for forgiveness so we don't lose our grandchildren.

At the thought of Ye Chen's arrogant face, Gu Yanzheng was furious and uncomfortable.

At the side, Gu Yan Gang asked in a low voice "Second brother, tomorrow's board meeting, that brat won't be there too, right?"

"Fuck," Gu Yanzheng's heart thudded a [pencils www.xbqg5200.co] down, and his face immediately changed.

If that guy also goes to the board tomorrow, then I'm afraid it will be very hard! If he helped Gu Yanzheng suppress himself, what would he do then?

After thinking for a while, he couldn't come up with any solution, so he could only sigh and say, "It's pointless to think about it now, and he can't think of any solutions, so when the time comes, the soldiers will be here, and the water will be here."

Gu Yan just remembered something and whispered, "Second Brother, do you remember that the kid at Big Brother's house mentioned something about Xiao Yiqian of the Qiancheng Group? That guy came back from overseas a while ago and he's been looking for a chance to flatter me and try to get some cooperation with us, do you want me to call him over and ask about the situation?"

"Yes!" Gu Yanzheng hurriedly said "You should call him right now and tell him to come see me at the hospital!"

Since leaving Jinling in a grey - slippery manner, Xiao Yiqian spent most of his time around the world seeking medical treatment to cure his roots.

He first went to Japan, then to the United States, and after a large circle, he found many doctors and spent a lot of money, but none of them could solve the problem.

As time went by, Xiao Yiqian basically gave up inside.

It's a good thing he's older and has children, but after giving up on the treatment, he simply focused all his thoughts on his career.

Once a person is free of lust and distractions and concentrates on his career, his focus will increase exponentially.

So Xiao Yiqian is now preoccupied with making the Qiancheng Group bigger and making more money, and then using money and substances to fill his physical and erotic shortcomings.

However, the Xiao family can only be considered a second-rate family in Yanjing, and the gap between it and the top family is still very big. Xiao Yiqian is determined to hug a big leg, so he hugs it over and over again, and finally connects with Gu Yangang of the Gu family.

But even though he tried his best to suck up to kneeling Gu Yan Gang, Gu Yan Gang somewhat looked down on him and didn't even think of taking him under his wing as a dog.

He was worried about how to overcome Gu Yan Gang when he suddenly received a phone call from Gu Yan Gang.

So he hurriedly connected and said flatteringly, "Oh my, Gu, how come you have time to call me?"

Gu Yan just asked him "Old Xiao, are you in Yanjing?"

"There it is!" Xiao Yiqian was busy, "I haven't left Yanjing since I came back from the US, what do you want from Mr. Gu?"

Gu Yan Gang said, "I'd like to ask you something, but it's more important. Can you come to the Gu Group's hospital now? Let's talk better in person."

"Sure." Xiao Yiqian smiled hehehe, "Mr. Gu, wait a moment, I'll be right over!"

1542

"Well, I'll see you here!"

At this moment.

Ye Chen had dinner with Gu Yanzhong's family and was dragged by Gu Yanzhong to drink a lot of white wine before returning to the guest room Lin Wanqiu had arranged for herself to take a bath and lie down to rest.

At this time, Xiao Choran called him and asked him, "Hubby, how is your progress in Yanjing?"

Ye Chen smiled and said, "It's not bad, the whole thing is going well, if it's fast, it'll be done in about three days."

"That's good." Xiao Churan mmmmed and said with concern "You have to take care of yourself outside, after all, you have never been out of the house before."

Ye Chen was a little touched in his heart and said with a smile, "Don't worry wife, I'm also an adult, I can take care of myself, I'll rush back as soon as I'm done here."

"Okay." Xiao Choran smiled "Right husband, there is something that I have to ask you for."

Ye Chen was busy asking "wife, why are you still so polite with me? What's the matter, just tell me straight away."

Xiao Churan said "It's like this, Ruo Lin talked to me today, she just happens to be back in Yanjing, and her grandmother is celebrating her birthday at noon the day after tomorrow, can you help me buy some gifts to send over then and attend her old man's birthday banquet by the way?"

Ye Chen counted the time, his own affairs were mainly tomorrow.

In the morning, he had to accompany Gu Yanzhong to the board of directors of the Gu Group, and then he had to go to the ancestral grave of the Ye Ling Mountain Ye family to pay homage to his parents, but the day after tomorrow, he didn't have any plans, he was thinking that he would stay another day to see if the matter of the Gu family could be settled, and if it could be settled, then he would return to Jinling the day after tomorrow.

So, the day after tomorrow itself was not prepared to leave Yanjing, and it was not a big - problem to drop by to attend Grandma Dong Ruolin's birthday banquet.

But there was one thing that Ye Chen felt somewhat uncomfortable about.

Dong Ruorin came to Yanjing with herself on the same plane, and she didn't say that she would go to her grandmother's birthday banquet, and then she talked to Xiao Churan about it, guessing that once she told Xiao Churan, Xiao Churan would definitely let her go there, right?

Ye Chen didn't really have any feelings for Dong Ruorin, but Dong Ruorin would always have some small thoughts that made him feel a bit repulsed.

For example, that time she invited Xiao Churan to take a hot spring, in fact, the purpose is his own, but used a curve to save the country, from Xiao Churan to find a breakthrough, this time is also the same, basically considered to be the same old trick.

I don't know what this woman sees in me, I have to quickly make her give up on me.

However, although Ye Chen had a bit of an opinion in his heart, he still readily agreed and said, "That's fine, I'll prepare a gift tomorrow and go over the day after tomorrow at noon."

"Okay." Xiao Churan said "Thank you la husband, hard work on my behalf to run a trip, when I went to Yanjing during college, Grandma Dong was very warm to me, I originally wanted to go to Yanjing myself, but tomorrow I still have to take my mother to the hospital for a review, if the review is fine, the cast on her leg will have to be removed, and my mother has been yelling about the need to quickly set the front teeth that fell out, so I really can't get away these days, so I can only ask you to do it."

Ye Chen smiled "Don't worry wife, I will handle it."

Xiao Churan asked "I'll transfer some money to you, you just follow the price of about 100,000 to find a suitable gift, as for what to buy, let's go with you, I believe in your eyes!"

Ye Chen smiled "no need to transfer money to me, I have money, the customers here have already settled their accounts in advance."

Xiao Churan said in surprise "So generous!"

Ye Chen said, "After all, it's a big family!"

Xiao Chorán said, "Mmm! In that case, I'll leave you alone! Thanks hubby!"

1543

Yanjing at night.

Xiao Yiqian sat in his Rolls Royce, speeding along the night road.

His new wave was surging at this time.

After all, he was going to go to an invitation from Gu Yan Gang, the third oldest member of the Gu family.

Although he was the last in the Gu family and did not have any real power, he was the direct descendant of the Gu family, and he was much stronger than Xiao Yiqian in terms of assets and social status.

That was why Xiao Yiqian desperately wanted to befriend him, hoping to get on the line of the Gu family through him.

Although he didn't know what exactly Gu Yan just looked for himself, but the fact that he could take the initiative to look for himself was a big step forward in itself.

Twenty minutes later.

Xiao Yiqian arrived at the Gu Hospital, when Gu Yan Gang's son, Gu Weiguang, was already waiting at the door.

When he saw Xiao Yiqian, he went forward and asked, "It's Uncle Xiao, isn't it?"

Xiao Yiqian nodded hastily and asked with a smile "Are you the son of Mr. Gu?"

"Right." Gu Weiguang nodded and said "Uncle Xiao come in with me, my father and my second uncle are waiting for you."

Xiao Yiqian was surprised and asked "Is he also there, second uncle?"

"Yes, it's all waiting for you."

Xiao Yiqian became excited at once when he heard this.

In the entire Yanjing, everyone knew that the Gu family's boss was seriously ill and feared that his days were numbered, so everyone also knew that the next head of the Gu Group would definitely turn out to be the Gu family's second master, Gu Yanzheng.

He would never have dared to dream that he would have a chance to get in touch with the second son of the Gu family.

But isn't this a ready-made opportunity in front of him today?

He hurriedly followed Gu Weiguang to the intensive care ward, where he met Gu Yanzheng, who had a somewhat odd expression, as well as Gu Yinguang.

The first time I saw him, I was in a hurry to get rid of all the others except for my second brother, leaving only the three of them in the ward.

So, Gu Yan Gang got straight to the point and asked Xiao Yiqian, "Old Xiao, I ask you something, you must answer truthfully."

Xiao Yiqian said without hesitation "Don't worry, I will tell you everything I know and say."

Gu Yan just endured shame and embarrassment and asked "Old Xiao, I'm asking you, are you not fertile now?"

When Xiao Yiqian heard this, his entire body was struck by lightning, and he generally stood in place, stunned, not knowing what to do.

He had never dreamed that Gu Yan would ask such a soul-stirring question as soon as she opened her mouth.

He thought, "It's true that I've lost the ability to have children, but no one else knows about this. How did Gu Yan Gang know about it? Are you going to admit to something so shameful or not? Also, what exactly did Gu Yan just call me over to ask me this question?"

The company has been in the process of developing the new product for a long time, and the company is now in the process of developing the new product. It's just a question. Is it that hard to answer? Will you just tell me, yes or no?"

Although Xiao Yiqian didn't know why exactly Gu Yan Gang was asking himself this question, but thinking of the promise that he had just made to him that he knew everything and would do everything, he still said with a hard scalp, "Mr. Gu, to be honest, I do have no fertility."

1544

Gu Yan Gang and his brother Gu Yan Zheng looked at each other, then he hurriedly asked, "Old Xiao, tell me, how did you lose your fertility? What's going on?"

Xiao Yiqian said awkwardly, "Why are you so concerned about this issue, Mr. Gu? To be honest, it's not that I don't want to tell you, but it's just that I'm too ashamed to tell you about such things!"

Gu Yanzheng, who hadn't been speaking, spoke up "Xiao don't have any psychological burden, the two of us looking for you, to be honest, it's an exchange of information between patients and patients, is there anything we can share, as well as facilitate the sharing of more clues."

"Huh?!"

Xiao Yiqian was dumbfounded.

A patient to patient information exchange?

What do you mean?

Are they not capable of that now, too?

No way!

These two are the Gu family's grandparents!

And they're both younger than themselves, so how could something go wrong so young?

He couldn't help but ask "Second Master, what's the matter with you?"

Gu Yanzheng waved his hand and said, "Mr. Xiao, let's talk about you first, I hope you can fulfill your promise to me and Lao San, know everything and say everything, I want to know the cause and effect of your whole matter."

Xiao Yiqian nodded, whirled around with a long sigh and said, "Hey this matter is going to be a long story to dish out."

Saying that, Xiao Yiqian told the Gu brothers all the things that happened when he traveled to Jinling for his father's last wish, met the Xiao family, and was punished by Ye Chen.

The Gu family didn't think anything of it at first, but when they heard that Ye Chen had made him muddle-headed and lost that aspect of his ability, Gu Yan Zheng hurriedly pursued the question "What is the origin of that boy surnamed Ye? Could it be the Yanjing Ye family?"

Xiao Yiqian remembered Ye Chen, gritted his teeth and said, "That kid surnamed Ye, is the fucking son-in-law of that Xiao family in Jinling. Shit, that family's smaller than a feather! Their group was losing money at the time, it was a state of negative equity, owed tens of millions to the bank and couldn't pay it back, even so, that surnamed Ye and his father-in-law's family were still despised in this family, it was simply the trash of trash ah, how could he be a member of the Yanjing Ye family."

Gu Yanzheng hurriedly asked him "What does that kid look like?"

Xiao Yiqian said, "Tall, a bit handsome looking, a bit pretentious in his speech, and very beaten up."

Gu Yanzheng frowned tightly and said to Gu Yangang "Maybe it's that kid from big brother's family!"

Gu Yan just blurted out "It must be him! Damn it, Second Brother, you forgot, he took the initiative to mention Old Xiao's name, it must be the same person as Ye Chen who abolished Old Xiao's fertility!"

When Xiao Yiqian heard this, he was stunned and asked off the cuff, "You two mean, did that son of a bitch Ye Chen fall in love with your big brother, Gu Yanzhong?"

"Exactly!" Gu Yanzheng gritted his teeth "Today my brothers and our sons, both suffered a great loss under him, fuck, this kid is simply poisonous, he said he left us with no fertility, we really lost it!"

"Yes!" Gu Yan Gang also said angrily, "This son of a bitch up and down the mouth for a change, just a fucking word, the four of us somehow all lost that aspect of the ability!"

"Fuck," Xiao Yiqian sucked in a breath of cold air.

This Ye Chen was too ruthless, right?

Directly crippling the Gu family's second, third, and their son, all of them?

At any rate, the Gu family is the third ranked super family in Yanjing, this kid has broken the Gu family's fragrance, aren't you afraid of the Gu family's crazy revenge!

1545

Xiao Yiqian was surprised and shocked, but he couldn't help but lament, "By the way, this Ye Chen is really fucking mysterious, he also moved his lips that day, and then I was muddled and couldn't do it"

Speaking of which, Xiao Yiqian could not help but recall his own miserable encounter in Jinling.

First, he was beaten up by Ye Chen, then he was robbed of his ability to be a man, and this wasn't the worst!

The worst thing was that I misbelieved that old thing surnamed Wei and took the Wei family's so-called Rausch divine medicine, and not only did I not recover my virility, even my roots almost rotted out.

In the end, it was only under Ye Chen's treatment that the roots were barely saved.

As for the treatment Ye Chen used to preserve the roots for himself, that was another history of blood and tears.

The litre of urine paired with the litre of medicine at that time made himself still have a shadow to this day.

Thinking of this, he couldn't help but sigh, "Hey, you two don't know, back then in Jinling, this old bone of mine, but I'm damn well screwed by this kid!"

Gu Yanzheng gritted his teeth, "According to this, this kid is just the door-to-door son-in-law of a small family in Jinling, but how can he be on the line with my big brother? That's a little too strange!"

Ye Chen's parents had been killed for many years after leaving the capital, Gu Yanzheng's brain was long gone, the images and memories of Ye Chen's father, so he couldn't see through Ye Chen's identity, no matter what, he couldn't figure out why Ye Chen, a small city's hanging son-in-law, was able to hang out with big brother, and was invited to his home and eat at the same table as his family of three.

You know, with Big Brother's identity background, even those - a few nationally renowned interconnected entrepreneurs could not have such treatment.

Xiao Yiqian remembered something and said off the top of his head, "I remember, this Ye Chen is in Jinling, and by cheating and fooling many people, many of the prominent and respectable figures in the area have to respectfully call him Master Ye."

"Grandmaster Ye?" Gu Yan was frowning and asked him, "What Master? Master of what?"

Xiao Yiqian said, "It's like feng shui or something, it's said that he's quite good at reading feng shui, local tycoons ask him to read feng shui once and give him tens of millions or even hundreds of millions of dollars as a reward, there are also people who give him a set of large villas of over one hundred million dollars at one time, I don't know how this kid can be so gullible."

Gu Yan Gang hurriedly said, "Second brother! I get it! Big Brother must be desperately ill and really doesn't know what to do anymore, so he can only be sick and believe in such metaphysics as feng shui luck."

Gu Yanzheng also nodded in agreement and sneered, "I think so too! Eighty percent are really afraid of dying and going crazy, so they're looking for Jianghu liars to renew their lives!"

Gu Yan just scoffed, "It's funny, didn't he yell all his life that he was an atheist? Never believed in ghosts and gods, so why do you believe in feng shui luck now that you're dying?"

"Then who knows go" Gu Yanzheng waved his hand and said, "But this kid is really a bit mysterious, I still can't figure out how he made us lose that aspect of our abilities, could it be that he really has some sort of mystical skills?"

Xiao Yiqian hurriedly said flatteringly at the side, "Oh my second master, I have some experience about this matter, but it's also unproven, if you two don't mind, I can tell you both for reference."

Gu Yan Zheng nodded, "Go ahead!"

1546

Xiao Yiqian said, "Let me figure it out, those things in metaphysics are certainly a little bit real, but they're also more macroscopic, like it might slowly affect luck, but it's unlikely to instantly affect one's fertility, so I think that kid must have used some diversionary tactics."

Gu Yan Zheng asked, "Diversion? What do you mean by that? Why do you say that?"

Xiao Yiqian explained, "It's like a magic trick, the most common thing a magician uses besides blindfolding is actually diversion, usually when he points to his right hand to show you, things are usually hidden in his left hand, and when he points to his hat to show you, things are again usually hidden in his sleeves."

Gu Yan Zheng nodded curtly, "You continue."

Xiao Yiqian was busy saying again, "You see, this Ye Chen seems to be engaging in that mysticism thing on the surface, but I think that this grandson must have used some hidden method to secretly poison us with some kind of poison, but when he did, we all scattered our attention, so we didn't notice."

Gu Yanzheng suddenly thought of something, sat up straight and said off the cuff, "Makes sense! Makes perfect sense! I've been wondering why two of my men, when he strangled them, got muscle weakness straight away, but now that I think about it, it's possible that he secretly poisoned my men! How else could two good top experts somehow turn into two losers?"

On the side, Gu Yan Gang was busy saying, "Second brother, if it's really that grandson who poisoned us, then he must have an antidote! Does this mean that if we can get the antidote from him, there's still a possibility of recovery?"

"Right!" Gu Yanzheng also immediately said, "This brat definitely has a way for us to recover! When we're done with our business tomorrow - day, we'll try to get him to take out the antidote!"

As soon as Xiao Yiqian heard this, he got excited too!

It hadn't been a long time since he'd been trying to heal his roots, and these days he'd even been a bit about to give up.

But that didn't mean that he was really willing to accept this situation, it was just that he was really somewhat powerless to do anything about it.

If he could heal his roots, then he would be willing to pay any price!

So, he hurriedly knelt down on one knee and placed his hands on top of his head, pleading, "I am also a victim under Ye Chen and have suffered a lot from this brat's torture, if you two have the chance to make him give up the antidote, please take pity on me and give me a chance to recover!"

Gu Yanzheng nodded slightly and said, "Don't worry, Xiao, you know everything about us today, and we will definitely not forget you even if we get the antidote in the future!"

Xiao Yiqian was thrilled and said, "Second Master, thank you so much! Your great kindness is something I will never forget!"

Gu Yanzheng gave a hmmm and said to him, "Alright Xiao, it's getting late, you should also go back to rest early, we'll keep in touch with you about this matter, and we'll inform you of any news."

Xiao Yiqian nodded busily and said respectfully, "Second Master, then I'll take my leave first!"

As soon as Xiao Yiqian left on the front foot, Gu Yanzheng hurriedly asked Gu Yanzheng on the back foot, "Second brother, what are your chances of winning and getting that bastard surnamed Ye to hand over the antidote?"

Gu Yanzheng snorted, "Didn't you listen to Xiao Yiqian? This brat is actually a feng shui practitioner and a charlatan, he came to Yanjing to meet big brother, he must also be trying to get money, as long as he is trying to get money, then there is nothing to worry about, when we get done with the board of directors tomorrow, I'll just hit him with money until he willingly kneels to me and calls me master!"

1547

Due to the strong cold air, the temperature in Yanjing plummeted during the night and the sky was filled with goose feather snow.

Ye Chen's phone received a tweet saying that Yanjing had issued a blue warning for a blizzard from this night to tomorrow's day.

Wearing a single coat, Ye Chen stepped out of the guest room's balcony, and all he could think about was his parents.

Tomorrow, he would be going to visit his parents' graves.

This matter was in his heart, shelved for eighteen years, and every time he thought of it, it was like a bone in his throat.

Just when he was in deep thought, he suddenly heard Gu Qiuyi's voice "Brother Ye Chen, aren't you cold in such a small amount of clothing?"

Ye Chen looked back, Gu Qiuyi didn't know when she had entered the room and came to the door of the balcony.

I'm sorry brother Ye Chen, I just knocked on the door, but no one answered, so I pushed the door in myself."

Ye Chen smiled slightly and nodded gently "It's fine, why are you still so polite with me?".

Gu Qiuyi suddenly, her pretty face floated with two blushes.

She walked up to Ye Chen and asked him, "Brother Ye Chen, were you just thinking about something?"

Ye Chen nodded his head in thinking about something previous."

Gu Qiuyi gently touched his hand, then took hold of him without releasing it, saying gratefully, "Brother Ye Chen, my father's condition is thanks to you, thank you for saving his life!"

Ye Chen said heartily "Inan, Uncle Gu is my father's good brother and an elder I respect, I can't stand by and watch him become seriously ill, it would be just as well if I didn't have the ability, since I have the ability, I naturally want to save him."

"Well!"Gu Qiuyi nodded heavily and said, "Brother Ye Chen, how many days can you stay in Yanjing this time?It's not like you're going to go back tomorrow after accompanying my father to the board meeting and visiting Uncle Ye's aunt's grave, right?"

Ye Chen said "I still have some personal matters the day after tomorrow, I'll be going back after I'm done."

Gu Qiuyi's expression was suddenly regretful and sad, she raised her head and looked at him with clear and eager eyes and asked "Brother Ye Chen, can't you stay a few more days?It's almost New Year's Eve, so why don't you just stay at my house for the rest of the year before you leave?"

The first thing you need to do is to take a look at the newest products, the newest ones, and the newest ones.

The first thing you need to know is that you can't be sure that you're going to be able to do anything about it," she said.

Ye Chen helplessly shook his head and smiled, "Okay, whatever you say is what you are."

Gu Qiuyi suddenly felt a little spoiled and surmised "Every time I talk to Ye Chen, he always has to remind me in various ways of the fact that he is already married!But doesn't he know that the fate of his parents is greater than God?At least that's what I've been telling myself for years, so why can't he be like me?"

Thinking of this, Gu Qiuyi couldn't help but sigh, holding Ye Chen's hand, and not to make some effort, and said with some sorrow in her tone "Brother Ye Chen, you are the young master of the Ye family, and so capable, a small Jinling, can't tolerate you, sooner or later you still have to come back to Yanjing."

Ye Chen was slightly stunned, and said calmly "Whether you come back or not, we'll talk about it later."

This night, Ye Chen had an absurd dream.

In the dream, his parents didn't die, he was still the young master of the Ye family and had grown up to be a man who was noticed by thousands of people and could call the wind and rain in Yanjing.

In the dream, he wore a decent suit, carried the groom's corsage, and led a fleet of luxury vehicles to the Gu family's oversized villa.

And in the villa, Gu Quyi, wearing a holy white wedding dress, sat on top of her boudoir bed, smiling nightmarishly.

Afterwards, a group of young men and women they didn't know encouraged them to look around for Gu Qiu Yi's red shoes.

1548

When he found Gu Qiuyi's red shoes and helped her put them on with his own hands, the images immediately flashed to the wedding scene.

The wedding in his dream was grand to the extreme.

Both of Ye Chen's parents were there, with happy and kind smiles on their faces the entire time.

When the wedding music sounded, Gu Yanzhong held Gu Qiuyi's hand and stepped in front of him, smiling and handing him Gu Qiuyi's hand.

Afterwards, the two said their wedding vows, exchanged wedding rings, and kissed each other.

Then, the master of ceremonies asked Gu Qiuyi to turn her back to the bridesmaids and throw out the hand bouquet.

However, the one who snatched the bouquet was actually Xiao Choran!

And when Xiao Choran snatched the hand bouquet, she didn't look half happy, instead, she had a very grudging expression

Ye Chen met her eyes and couldn't help but shudder, opening his eyes abruptly and realizing that he was just having a dream.

He was shocked by the absurdity of the dream, and his entire body froze for a few minutes before he gradually came back to his senses.

Seeing the sky outside the window getting brighter, he sighed and got up to wash his hands and walked [You You read www.uutxt.co] out of his room.

Downstairs, Lin Wanqiu was preparing breakfast with the maids.

Gu Yanzhong had already woken up early and was sitting in the living room with a cup of coffee, reading this morning's latest newspaper.

There aren't many people who still like to read newspapers these days.

Gu Yanzhong was one of them.

Seeing Ye Chen coming down the stairs, he immediately waved at him with a smile and said, "Chen'er, come here!"

"Okay Uncle Gu." Ye Chen responded and stepped over.

On the couch, Ye Chen sat next to Gu Yanzhong.

Gu Yanzhong, on the other hand, handed him the newspaper in his hand and said with a smile, "Look at the front page."

Ye Chen took the newspaper and looked at the front page, which had a big line on it, "The Chairman of the Gu Group is critically ill, and the Trillion Group is afraid that the group will be without a leader."

Ye Chen couldn't help but frown and said, "This newspaper is too irresponsible to speak, isn't it?"

Gu Yanzhong smiled slightly and said "This is definitely a trick by my two younger brothers, first releasing the rumor that I'm critically ill to go, then making the stockholders and the market lose confidence in the Gu Group, making the securities agencies lower their expectations on the Gu Group's share price and performance, that way, the Gu Group's share price will definitely trigger a drop."

Saying that, Gu Yanzhong looked at his wristwatch and smiled "It's 8:30 now, there's still an hour left for the market to open, at that time, the share prices of all the listed companies under the Gu Group will definitely plummet, or even directly fall to a halt."

Ye Chen couldn't help but frown "Uncle Gu, they are also shareholders of the Gu Group, isn't it a loss to their own interests to do so?"

Gu Yanzhong shook his head and smiled "For the major shareholders, it doesn't really matter if the share price drops a little."

Saying that, Gu Yanzhong explained "You see, if the share price drops now because of the news that I'm seriously ill, the most anxious are the retail and minority shareholders, who see the money in their hands becoming less, and will definitely express their dissatisfaction through various channels;"

"And the share price has fallen because of my serious illness, and I will definitely have to take the blame, so then they can better incite the other shareholders to come together to force me to give up my seat, because the market is now unsure of me, and they will only be able to breathe a sigh of relief if I give up my seat."

"Once they succeed in reaching their goal and kicking me off the board, the share price will then rise back up, so there's basically no real loss for the two of them, this trick is called borrowing the knife to kill."

1549

After listening to Gu Yanzhong's explanation, Ye Chen understood the true purpose of the Gu family's second and third, who were behind the manipulation of the media to release this kind of news.

He was also increasingly looking forward to how these two living eunuchs would feel after seeing the radiant Gu Yanzhong when they arrived at the Gu Group later.

At this time, Gu Qiuyi also came down, saw Dad and Ye Chen reading the newspaper, curiously asked "Dad, brother Ye Chen, what news are you reading, so much relish."

Gu Yanzhong smiled "Your dad I made the headlines today."

"Really?" Gu Qiuyi hurriedly leaned over, took a look at the title, and said angrily, "This is too much, isn't it? Even if his condition had worsened before, he only needed to be re-hospitalized, far from being critically ill, so why is this media talking irresponsibly at all?"

Gu Yizhong laughed, "You are in the entertainment industry, don't you know the virtues of the private media? Isn't it all they do best to chase the wind, listen to the wind, and even believe in what they say? Besides, someone must have been behind this, otherwise they wouldn't have released this kind of news that hasn't been verified."

Gu Qiuyi immediately came to a sudden realization, thought for a moment, and asked off the top of her head, "Dad, could it be that Second Uncle and Third Uncle did it?"

Gu Yanzhong nodded "There won't be anyone else but them, and all of this is definitely to create momentum for today's board meeting, making me even more passive when the time comes."

Said Gu Yanzhong "With my understanding of the two of them, they will definitely invite media reporters to be there today, trying to film my weak and sickly appearance for the whole country to see!"

"This is too much!" Gu Qiu Yi paused in anger and said "Then you will go over there later and tell the media directly to their face that you have recovered from your illness, and that you will be angry with them then!"

Gu Yanzhong smiled "I've just greeted Wang Liang, no media reporters are allowed to enter the Gu Group's building until today's board meeting is over, we'll hold a press conference after the meeting is over, I want to give this group of directors a head start."

Wang Liang, who was Gu Yanzhong's deputy and the person he trusted the most in the Gu Group, had been personally trained by him and was very reliable.

Lin Wanqiu heard the conversation and came over to say "Yanzhong, why don't Inan and I go with you today!"

Gu Yanzhong waved his hand "You just don't go with me, the group already has a system in place, family members are not allowed to interfere with the work, and Inan is a public figure, it's not too good to get involved, so you and your mother-in-law should wait at home and let Chen'er accompany me."

When Lin Wanqiu heard this, she had to nod her head as well.

After dinner, Ye Chen and Gu Yanzhong rode together in a Rolls-Royce and went to the Gu Clan under the protection of the security team.

These security guards were all hired by Gu Yanzhong from top security companies yesterday afternoon.

This time, he invested a huge amount of money to protect himself, his wife and children, and would never let anyone take advantage of the weakness again.

The fleet of cars drove into the underground parking lot of the Gu's Group Building.

Here, there was a special elevator for the chairman, which could directly reach the top floor of the building from the underground parking lot.

Only Gu Yanzhong and his entourage were qualified to use this elevator, and even Gu Yanzheng and Gu Yangang were not qualified to do so.

Moreover, the entrance to the chairman's special elevator in the underground parking lot was in a separate closed garage, meaning that it was not only impossible for ordinary people to use his special elevator, but even if they wanted to enter this closed garage, it would be impossible.

After the elevator went up to the 58th floor, it came to a completely enclosed office area for the chairman as well.

1550

This area had a total of nearly a thousand square meters and contained the chairman's office, a lounge, a private conference room, and a room for fitness and entertainment.

And this area, ordinary people didn't have the opportunity to enter.

In other words, from the moment Gu Yanzhong entered the underground parking closed garage, he entered an environment where no one could disturb him, and the people who could appear here were his henchmen.

After Gu Yanzhong brought Ye Chen and a group of personal bodyguards to his office, he immediately picked up the phone on his desk and spoke, "Send Wang Liang over."

Soon, a middle-aged man around forty years old knocked on the door and came in.

As soon as the man saw Gu Yanzhong, he was stunned with surprise, and only came back to his senses a few moments later, saying offhandedly, "Chairman, you look so much better today than before! And I feel as if I'm better than I did before you got sick."

Gu Yanzhong nodded slightly and said with a smile, "The doctor told me that the tumor in my body has completely disappeared."

Wang Liang was surprised and asked "Really, Chairman? All the tumors in your body are gone?"

"Right." Gu Yanzhong smiled lightly, "From now on, I'm a healthy person again."

"Great!" Wang Liang said excitedly "This is a miracle!"

Gu Yanzhong nodded and smiled "I also think so."

The company's main business is to provide a wide range of products and services to its customers, and to help them to make the best use of their time and money. You can take a good beating on them! Then officially announce to the nation that you are healed!"

Gu Yanzhong laughed "This is natural, since they want me to be critically ill, I'll let them feel what it means to be completely disappointed!"

He said, "Wang Liang, go tell them that I'll be there in five minutes to preside over the meeting!"

Wang Liang nodded his head in a row "Okay Chairman, I'm on my way!"

After Wang Liang left, Gu Yanzhong stood up and said to Ye Chen in a spirited manner, "Chen'er, go, join your uncle and kill the enemy in front of the battle!"

Ye Chen nodded and smiled and said, "Uncle Gu, after you."

With a smile, Gu Yanzhong took Ye Chen out of the office, then stepped out of the chairman's private office area.

In the large conference room on the 58th floor, the two brothers, Gu Yanzheng and Gu Yangang, had already had their chests full.

They had made every preparation today.

Not only did they already have the support of some of the minority shareholders, but they also made the outside world think that big brother Gu Yanzhong was dying through this morning's headlines, and now that the stock price was plummeting, the other minority shareholders were also panicking, fearing that the stock price would continue to fall because of Gu Yanzhong.

So, in this short while, the entire board of directors in the meeting room had all fallen in favor of the two brothers.

Gu Yanzheng had even thought of a specific execution plan, and after the big brother came later, he would just dump the prepared newspaper in front of him and then dump all the stock price plunge on him.

Then, without waiting for him to explain, he would immediately ask the board of directors to vote again and elect a new chairman out on the grounds that the current chairman was incapable of holding this important position!
