

## Identity 1621

### Chapter 1621

Hearing Ye Chen's question, Tang Sihai smiled bitterly and said forlornly, "Young Master, in this world, the vast majority of people are like this, they don't know how to be grateful, they only cling to others when they need them, enjoying the help and lift they receive from others, but once they don't need others, they will immediately turn the other cheek and even blame others in turn for stealing their thunder"

Saying that, Tang Sihai lamented, "You don't know that when your father was leading them in their epic battle against the Rothschild family, they were so obsequious that they even took the initiative to establish a Yanjing Business Alliance and elected your father as the first Alliance Chairman."

"But when your father defeated the Rothschild family, they immediately disbanded the Business Alliance, and even outwardly slandered your father for failing in his operation and missing the opportunity to win a great victory over the Rothschild family, and there were even people who maligned him behind his back, saying that your father and the Rothschild family were working together to trap the interests of the great families in Yanjing."

When Ye Chen heard this, he couldn't help but clench his fists and veins as he shouted in a low voice, "This group of people, it's too much!"

Tang Sihai sighed, "Hey! Young Master, we have so many great families in the Yan Capital who use people to face the front and not the back! Back then, your father went from being a hero of the resistance against the Rothschild family to being the object of jealousy and slander by everyone in Yanjing, in the end, it was your father he was too good!"

Tang Sihai said here, with a slight pause, and continued, "The wood is beautiful in the forest, the wind will destroy it, this is the unchanging truth, in the end, he is still too good, so back then, the entire Yanjing family turned their guns on him."

"The Rothschild family saw him become a target and immediately made a comeback, and they were also very sneaky, publicly declaring that it was the Rothschild family's personal feud with the Yeerks and with him, which naturally kept all the other families apart!"

Tang Sihai's tone, grew angrier, "The old master saw that the Ye family was going to become the target of the Rothschild family's attack alone, and even behind the scenes there were many other Yanjing families waiting for an opportunity to stab, so he could only expel your father from the Ye family, and announced to the public that your father had no relationship with the Ye family, and that's why your father took you and your mother and left Yanjing, Go to Jinling."

Ye Chen's expression was very gloomy as he gritted his teeth and said, "This matter is the betrayal of the Ye family by the entire Yanjing family, then the Ye family chose to betray my father, and finally pushed my father out to be this scapegoat and leave our family alone to suffer the wrath of the Rothschild family"

Tang Sihai gently nodded his head, red eyes, "That's indeed what happened back then"

Ye Chen's eyes were filled with a solemn murderous intent as he said coldly, "They are all a bunch of sons of bitches who have crossed the river and fallen down the well, I, Ye Chen, swear to the heavens that one of these bastards will be counted, and I will make them pay for it!"

Tang Sihai was busy saying, "Young Master, don't be impulsive! This matter back then in Yanjing, except for the Gu family, all the other families were involved, from the Su family, which has been growing by the day over the years, down to the other small families whose assets barely exceeded ten billion, all without exception all betrayed your father, you mustn't become their public enemy ah!"

Ye Chen's expression was full of determination as he said, "I, Ye Chen, am not a coward, these people, even including the Ye family, are all accomplices in the death of my parents, I will not let them go easily!"

After saying that, he looked towards Tang Sihai and said seriously, "Housekeeper Tang, you don't need to worry too much, I'm not a fool, I won't take the risk to go against the big families in all of Yanjing when I'm still feeble and lacking in strength, I'll lie down and save my energy to give them a surprise!"

Tang Sihai sighed lightly, nodded and said, "Young Master, not only do you want to avenge the Second Master and Second Wife, I've also been looking forward to this day for a long time, if you need anything, I'm willing to do anything for it!"

Ye Chen nodded and said, "Butler Tang, if there's anything I need your help with, I'll definitely tell you."

1622

Tang Sihai was busy saying, "Young Master, I have a small suggestion, I wonder if you would like to hear it."

Ye Chen said, "Please speak."

Tang Sihai said, "Young Master, if you want to make those people in Yanjing who have failed your father pay the price, you must first hold the Ye family firmly in your hands, and then make a detailed and complete plan to destroy these families one by one!"

Ye Chen asked him, "If I took the Ye family in hand, which family do you think I would be the first to break?"

"The Soo!"

Tang Sihai said without hesitation, "The Su family is the strongest, taking them out is like achieving half of your goal, and the group of people who stabbed your father in the back back back then were all gathered by the Su family, they started an Anti-Leaf Alliance privately, and the Su family is the ally."

"Anti-Yeh Alliance?" Ye Chen sneered, "What an anti-Yeh alliance! With just four words, I won't stop with the Su family!"

Tang Sihai said, "By the way young master, today the old master called a meeting of all the first family members and also mentioned you, as well as the Su family."

"Oh?" Ye Chen frowned and asked him, "What did it all say?"

Tang Sihai looked at Gu Qiuyi, hesitated for a moment, and said, "I'd better tell you straight, ever since the old phase master helped the Ye family repair Ye Ling Mountain, the old master has been waiting for the Ye family to take off for the second time, and this time the old phase master has also left, so he has pinned his hopes for the Ye family to take off on you, so he wants you to come back, and then let you go and marry the Su family."

"The Su family?!"Ye Chen and Gu Qiuyi were both shocked and questioned in unison.

"Yes, it's the Su Family!"Tang Sihai sighed and said, "Miss Su Zhiyu, the eldest Miss of the Su family, is highly valued in the Su family, whoever marries her will definitely be able to get a lot of resources from the Su family, that's why Master wanted you to go, and asked me to persuade you properly."

After saying that, he looked at Gu Qiuyi again and said awkwardly, "Master also said that if the Su family is not working, Miss Gu is also an excellent candidate"

Gu Qiuyi blushed.

But Ye Chen said in a cold voice, "Back then when my father was accused by a thousand men, instead of helping our family of three to shield us from the rain, he drove us out, and now he wants me to help the Ye family take off, he is simply daydreaming!"

Tang Sihai nodded his head and said, "Young Master, of course the Master's actions are a bit excessive, but you don't need to be too angry, on the contrary this is a good opportunity to make the best of the situation, you can promise him to complete the marriage contract with Miss Gu, and then take the opportunity to ask him for more resources of the Ye family, if you can become the next head of the Ye family, and then deal with the Su family, it will definitely increase the chances of winning!"

1623

"Become the head of the Ye family?"

Ye Chen smiled indifferently and said with a little disdain, "I have no interest in the head of the Ye family."

Tang Sihai busily said, "Young Master ah, don't forget, the Ye family is the second largest family in all of Yanjing and even the whole country, if you can get the Ye family, then the distance between you and the Su family will be infinitely closer!"

Ye Chen waved his hand and said, "Butler Tang, one day, I will use my own hands to defeat the Su family and all the other families that have failed my father! I will make them kneel before my parents' graves in penance on my own strength!"

Tang Sihai sighed, "Young Master, if you get the Ye family this day will come much sooner!"

Ye Chen said coldly, "I don't want to return to the Ye family because when that day comes, even the Ye family will have to kneel!"

Tang Sihai was frightened by Ye Chen's resolute attitude and cold temperament.

At this moment, he saw Ye Chen's shadow on Ye Changba's body.

It was also at this moment that he gave up his plan to persuade Ye Chen to return to the Ye family and fight for the head of the Ye family.

Because he knew that the Ye family didn't deserve it!

The Ye family didn't deserve Ye Changba back then, and now, they don't deserve Ye Changba's son either!

Thus, he immediately stated his position to Ye Chen, "Young Master, from now on, I will do everything at your command, if you need it, I can leave the Ye family at any time and focus on saddling up at your side!"

Ye Chen smiled slightly and said, "There's no rush for now, but I might really need you to leave the Ye family and come out to help me in the future, Housekeeper Tang."

Ye Chen also wanted to quickly take Kobayashi Ichiro to Japan before the arrival of the Lunar New Year, to take Kobayashi Pharmaceutical completely and completely in his hands, then let Kobayashi Pharmaceutical at full power and produce Jiu Xuan Stomach Dispersion for himself, and then he would develop a liver protection drug to quickly seize the global market.

The pharmaceutical industry is related to human health, as long as they have the core technology, profit is not a problem at all, and can easily be made into a giant multinational group.

If you develop Jiu Xuan Pharmaceutical into one of the world's top pharmaceutical companies, then neither the Ye family nor the Su family would be able to compete with you.

Kobayashi Pharmaceutical has several production bases in Japan with large production capacity, and it's definitely unrealistic to want to move them all back to China, so you need a reliable person in Japan to keep an eye on things for you and serve as the chairman of Kobayashi Pharmaceutical.

By then, Kobayashi Pharmaceutical would have to change its name to Jiu Xuan Pharmaceutical, and it definitely couldn't let a straw man like Ichiro Kobayashi be the chairman.

Therefore, Tang Sihai became the most suitable candidate in Ye Chen's eyes.

Although Tang Sihai didn't know exactly what Ye Chen wanted him to do, he still said without hesitation, "I'll be at your disposal at any time!"

Ye Chen nodded and spoke, "That's enough for today Tang Butler, I'll go back with Inan first, I have to go back to Jinling tomorrow."

Tang Sihai was surprised and asked, "Young Master, you are leaving so soon?"

Ye Chen said, "I still have a lot of things to do, so it will be too late if I don't go back."

Tang Sihai then said, "Then I'll escort you and Miss Gu out!"

Ye Chen said, "Oh right, you made a good long tea, get me some, I'll go back to send my father-in-law, he bought a bunch of garbage tea leaves from the WeChat deceitful tea seller little sister, but also baby."

Tang Sihai busy: "Young Master you wait, I'll arrange to bring it over!"

Soon, a teahouse manager came over quickly with a few exquisite gift boxes.

Tang Sihai said to Ye Chen, "Young Master, here are some fine Pre-Ming Longjing, Special Grade Golden Cymbidium and Aged Good Pu'er, bring them back to Mr. Xiao to taste, if you like them, I will mail some over to you regularly in the future."

Ye Chen received the tea and thanked, "Housekeeper Tang you're kind, thank you."

Tang Sihai bowed busily and said, "I dare not."

Saying goodbye to Tang Sihai, Ye Chen and Gu Qiuyi returned to the Gu villa together.

1624

On the way, Gu Qiuyi hadn't spoken, as if she had something on her mind.

Ye Chen saw that her pretty eyebrows were always slightly knitted, so he couldn't help but ask her, "Inan, what are you thinking about?"

Gu Qiuyi came back to her senses and said, "Brother Ye Chen, are you and that Xiao Churan, are you really close?"

Ye Chen was surprised and asked, "Why are you suddenly asking about this?"

Gu Qiuyi said, "Just curious, and also a little worried."

"Worried about what?"

"Worried about what I'll do later if your relationship is really good."

Ye Chen smiled slightly and asked her, "Before you met me, did you ever think about what you would do in the future?"

Gu Qiuyi nodded, "I thought about it, before I met you, I thought I must find you, if I can't find you, I'll just stay single, I don't have any feelings for other men anyway."

Ye Chen asked, "If you really can't find me, you can't stay single until you're thirty or forty, right?"

Gu Qiu Yi said seriously, "Don't say thirty or forty, so what if you are fifty or sixty? I have a full life already and don't begrudge myself the need for a man's presence, so I'd rather not, and if I can't find you, then I'll probably spend most of my life traveling the world, finding a favorite place to settle down in my old age, planting flowers and grass, raising small animals, and donating all of my family possessions before I die, which would be nice for the rest of my life."

Ye Chen's persuasive words reached his mouth and swallowed back.

At this moment, he suddenly realized that he had left an indelible mark on Gu Qiuyi's life, and whether or not he was with her in the future, this mark would be impossible to remove.

This, was what he owed her, and was also his unshirkable responsibility.

It was just that, right now, he still couldn't figure out how exactly he was going to resolve this girl in front of him and his twenty-odd years of love.

That night, Lin Wanqiu personally cooked and made a sumptuous and delicious meal.

Gu Yanzhong also took out the top grade Maotai he had saved for Gu Qiuyi's wedding and had a drink with Ye Chen.

Ye Chen was leaving, and the couple were both a bit reluctant.

But they were also very clear that Ye Chen not only had a small family of his own in Jinling, but he had also launched his own business in Jinling.

Ye Chen hadn't been to the Emperor's Group that the Ye family had given him several times, and he hadn't taken a single cent of the money from the Emperor's Group .

The ten billion given by the Ye family, Ye Chen didn't spend much, and almost all of the money spent later was earned by him or blackmailed from Kobayashi Pharmaceutical.

The current Jiu Xuan Pharmaceutical was already famous in China, and Jiu Xuan Stomach Disperse had become famous in a very short period of time with its powerful and incomparable efficacy.

Many foreigners, after trying this miraculous stomach medicine, made crazy purchases to take it back to their own countries and share it with their loved ones.

This further led to the popularity of Jiuxuan Stomach Powder.

Currently, Jiu Xuan Stomach Powder is in short supply, and distributors all over the country are holding a lot of cash, expecting to get more in stock.

According to the development, Jiuxuan Gastric Disperse will probably become the most popular and well-known stomach medicine in the world.

And the practicality and applicability of the stomach medicine is so broad that people all over the world, regardless of age, gender, or race, will have a need for it.

So, this also means that the future of Jiuxuan Pharmaceuticals is immeasurable.

The couple both believed that if one day, Ye Chen could mass produce the miraculous rejuvenation pills, then Ye Chen would definitely become the richest person in the world, bar none.

So, they also knew that for the current Ye Chen, Jinling was his base camp, the cornerstone of his personal career taking off!

1625

The next morning, Ye Chen prepared to say goodbye to Gu Qiuyi's family and then take a taxi to the station himself, but he didn't expect that Gu Yanzhong would insist on driving him himself.

Accompanying him were Lin Wanqiu and Gu Qiuyi.

Ye Chen didn't want to make them go through all the trouble, but he couldn't resist the kindness, so he agreed.

On the road, Gu Yanzhong drove his Rolls-Royce sedan, Lin Wanqiu sat in the passenger seat, while Ye Chen and Gu Qiuyi sat in the back.

Gu Qiuyi's mood had been a bit low, but since her parents were in the car, she didn't speak up, and her heart was heavy all the way.

Seeing that the outline of the airport could already be seen outside the window, Gu Qiu Yi gathered the courage to reach out her hand and quietly grabbed Ye Chen's palm, her small hand squeezing Ye Chen's hand tightly and forcefully.

Ye Chen subconsciously turned his head to look, and found that Gu Qiu Yi's eyes were looking at him with a grudging and stubborn look, and he felt a little bit of guilt in his heart.

The Rolls-Royce steadily stopped at the entrance of the departure floor of the airport, only then did Ye Chen gently took his hand out of Gu Qiu Yi's hand and said to the three of them, "Uncle Gu, Auntie Lin, Inan, you just don't get off, the airport is crowded, it's not good to be seen by people, especially Inan, who is still a public figure."

Gu Qiu Yi busy said "I can wear a mask!".

The first thing you need to do is to take a look at the newest addition to your own personalized website.

Gu Yanzhong also nodded his head "yes, also do not give you Ye Chen brother trouble."

"Alright then" Gu Qiuyi could only nod gently, looked towards Ye Chen and spoke "Brother Ye Chen, remember to tell me after you board the plane, and also after you land."

Ye Chen smiled, "Okay, I know, don't worry guys."

Only after saying that, Ye Chen got down from the car and took a small bag from the trunk.

Then, he waved goodbye to the Gu family through the car window and turned around to enter the airport.

As soon as he entered the airport, he received a call from Dong Ruolin "Ye Chen, have you arrived at the airport yet?"

Ye Chen said "I've arrived, I'm about to go through the security check."

Dong Ruolin busy "Then you go in first, I'm a bit of a traffic jam on this side, it may take another 20 minutes or so, should be in time."

Ye Chen mmmmed and said "Then meet me at the break or at the gate, it's really okay to meet on the plane."

"No problem!"

Ye Chen hung up the phone and went through the security check by himself and arrived at the t3 terminal.

The t3 terminal of Yanjing Airport was huge, and there were many luxury shops in it, basically all the big international brands had stores here.

Ye Chen thought that he only had some tea for his father-in-law from Tang Sihai, and hadn't prepared gifts for his wife as well as his mother-in-law, Ma Lan.

When he set out on his own, his mother-in-law was obsequious and asked him to bring her some gifts, seeing as she hadn't done much demonizing lately and was respectful to himself, it was also true that he had to give her some sweetness.

As for his wife, Xiao Chorán, that was even less to say, so naturally, he had to prepare a gift for her carefully.

Thus, he took this time to stroll around the commercial street of the airport.

Because Ye Chen usually lives with very low material requirements, so he couldn't think of what gift he should give his wife and mother-in-law but for a while.

I'm not sure what I'm going to do about it, but I'm sure I'm going to do about it.

The price disparity of Hermes is very large, cheaper price is about 100,000 yuan, but this is just a starting point, their high-end production has been able to expensive to millions.

Ye Chen, because of his ordinary clothes, the arrogant shopkeeper was a little disdainful of him, but he didn't say anything malicious and slanderous, just his attitude more or less can't afford it.

Ye Chen didn't pay too much attention to it, but after looking around the store, he spotted an airy limited edition crocodile skin handbag in the glass display case.

This is the first time I've ever been in a position to get the most out of my time, but I'm not sure if I've ever been in a position to do so.

Ye Chen will greet that cabinet sister, opening her mouth to ask, "Hello, I want this bag, trouble to help me wrap it."

1626

The counter lady frowned and said, "Sir, this bag is priced at five hundred and eighty thousand yuan."

Ye Chen hummed and said, "No problem, I'll take it."

The counter sister said again, "Sorry sir, buying this bag requires dispensing."

Ye Chen was surprised and asked "what does it mean to dispense goods? Can't you just pay for this bag yet?"

The lady smiled contemptuously, "Sir, you are the first time to come to our Hermes, right? Haven't bought anything from us at Hermes before, have you?"

Ye Chen nodded his head "No, what? What's the problem?"

The cabinet lady grunted "Hermes many bags, not you want to buy, 300,000 yuan or less of the road and basic models, you can pick, choose and buy whatever you want, but 300,000 or more, basically, are limited edition!"

"Don't look at the price tag of this bag in the store is only five hundred and eighty thousand, but as long as you take it out, it will immediately sell for seven hundred and eighty thousand, so if you want to buy this bag, you either have to be a premium member of Hermes and make a successful appointment with our store manager in advance; or you have to buy a certain amount of other allotments, and the other allotments can't be popular models, and allotments are enough for five hundred thousand. You can buy this bag."

Ye Chen frowned tightly "According to you, if I want to buy this bag, I have to buy 500,000 other things first?"

"ljbg right." The cabinet sister laughed jiancai laugh "Hermes all over the world is this rule, you can't not know, right? Or do you just want to try your luck and try to swindle this bag out of our store and out to make the difference?"

For this kind of Hermes, it's limited edition handbags that hold their value incredibly high.

There are even many styles that sell for more than a handful of dollars in the second-hand market, and the reason is this hunger marketing of Hermes.

Other brands are paying money to get things, but not Hermes.

Since the prices speculated outside are much more expensive than in stores, to buy something from them at the pricing, you have to buy allotments ranging from hundreds of thousands or even millions of dollars.

This translates into paying over a million dollars to get a limited edition bag.

However, Hermes is also very smart and if it's a ration, you can't buy their hot models, you can only buy their backordered models.

The backorder models are ridiculous, for example, there are 18k gold rings that are estimated to cost around \$1,000, but because they are marked Hermes, they have to be sold for \$50,000, \$80,000, or even \$100,000 or more.

This kind of ring, even if you buy back to sell to the outside world, no one is willing to take it, unless with a very kyotojoyaku low discount transfer at a loss.

After Ye Chen figured out the rules of Hermes, he didn't get angry, and since people have this rule, he just followed it.

So Ye Chen said, "In that case, then I'll purchase 500,000 other things together, right?"

When the counter lady heard this, she brightened up, she didn't expect Ye Chen to be a secretive tycoon, 500,000 allotments, but she didn't even bother to bargain, she was ready to take it?

Hearing this, she changed her indifference just now and hurriedly stepped forward and said respectfully "Sir, I'll show you what we can use to dispense goods in our store, you can see what you need."

Ye Chen nodded his head and said "I just saw a common style handbag, the price seems to be around 160,000, can that be used to dispense goods?"

"Yes you can." The lady at the counter said without hesitation "The price of that bag is 158888, so you'll need to match it with another 340,000 or so."

Ye Chen was about to look at something else, when a woman's voice came from the doorway "Hao Yi, I want to see Hermes!"

Then came a man's voice "Don't look, we're going to the gate."

The woman begged, "There's still half an hour to go before boarding, take me for a walk."

The man had no choice but to say, "Well, you can only hang around for twenty minutes!"

"Koichi you're too good!"

Right after that, a young man and woman stepped in.

Ye Chen immediately recognized the man, wasn't he the Tanaka Koichi who had been following Itachi's side?

What's he doing here?

1627

At this time, Tanaka Koichi's attention was all on the stylishly dressed and somewhat voluptuous woman beside him.

So he didn't notice Ye Chen in the shop.

Since the two of them were speaking Chinese, Ye Chen presumed that Tanaka Koichi's female companion should be a Chinese.

After the two of them came in, the woman pulled Tanaka Koichi's shop to have a look around.

Immediately after, she pointed at the Hermes limited edition handbag that Ye Chen had fallen in love with and was going to buy for his wife, and said coquettishly, "Hoichi, I want this bag!"

Tanaka Koichi said awkwardly "My dear, we came to Yanjing this time [PEN [www.sbique.info](http://www.sbique.info)] to find a famous doctor for Missy, not for shopping, and the famous doctor has not been found, I don't even know how to go back to deliver, if you really want to buy something, you can wait until you return to Japan, I'll take you to Tokyo to have a look."

The woman wouldn't let go and said, "I don't want to go to Tokyo to see it, I want this one! You have to believe in fate when you buy something like a bag, and if you come across it, you have to take it, otherwise you'll probably never be able to buy it again!"

Tanaka Koichi said helplessly "I already have a difficult task on me, it's reasonable to say that I can't bring you along, quietly bringing you over I'm already considered a violation of the law JD, if you keep shopping in a high profile, then I can't go back and explain it to the chairman ah!"

The woman grinned "I was a Yanjing before I immigrated to Japan, and if your chairman asks, you can totally tell him that I just happen to be going back home to visit relatives as well, and as for shopping, you can also say that I bought it myself ah."

The woman took Tanaka Koichi's arm and begged, "Koichi, I really like this bag, just buy it for me, okay? Please."

Tanaka Koichi hesitated for a moment and said helplessly "Okay, okay, but remember, when you get back, don't show it off to anyone around you, let alone say that you bought this bag in Yanjing, got it?"

The woman smiled happily and said, "I know!"

After saying that, he immediately waved at the counter girl beside Ye Chen "Beauty, I want this bag, help me get it."

The zdhc counter sister said apologetically "I'm sorry Miss, this bag has been ordered by this gentleman, he is now picking out the goods." said the counter sister.

Saying that, the counter sister with the palm of her hand towards the side of Ye Chen, made a very respectful posture.

Ye Chen didn't even bother to look back at them, he just looked at the counter in front of him and said to that cabinet sister, "Please help me get two of these 30,000 scarves, and also that 28,000 men's belt."

The lady nodded respectfully and immediately had to help him take out the things.

The woman, seeing this, said angrily, "Hey, isn't he not done picking out yet? If you haven't even finished picking out your distribution, then you haven't checked out yet? We can just swipe our cards now!"

Then she hurriedly said to Koichi Tanaka, "Koichi, pull out your card!"

Koichi Tanaka said awkwardly, "Since Mr. Reservation is first, let's get a different one."

"No!" The woman blurted out, "I want this one!! just had my eye on this one!"

After saying that, she pointed at Ye Chen and said to Tanaka Koichi, "Koichi, you give him a few 91xianfeng 10,000 yuan benefit fee, let him transfer this bag to me, okay?"

Tanaka Koichi really couldn't stand the other party's soft-spoken as well as petulant whining, so he had to say to Ye Chen, "This gentleman, my girlfriend is interested in this bag, if I can let us have it, I'm willing to give you 100,000 yuan in benefits, I don't know if you are willing to cut your love."

Ye Chen waved his hand without turning back.

The woman angrily said "Hey! Where else would you make \$100,000 for doing nothing? Are you even trying to lionize me?"

Ye Chen didn't bother to pay attention to her and continued to say to that counter girl, "Come, bring me this fifty-eight thousand lady purse as well."

"Hey!" The woman didn't expect Ye Chen to completely ignore her words and angrily said "My boyfriend is a senior assistant of the Japanese Ito family! It's the heart of the Ito family's patriarch, Ito Yuhiko, and if you offend him, I'll make you suffer in the future!"

When Ye Chen heard this, he snorted, "A Japanese family is worthy to show off in my land? Believe it or not, even if Ito Yuuhiko is standing in front of me, if he dares to act tough with me, I'll still beat him to his knees and call his grandfather."

"Bastard!" Tanaka Koichi, who was still feeling some guilt towards Ye Chen because of his girlfriend's rudeness, suddenly became furious.

He snapped harshly, "How dare you disrespect Mr. Ito, is your life too long?"

Ye Chen smiled, turned to look at Tanaka Koichi and asked in a cold voice, "Tanaka is it? It's been a long time."

The moment Tanaka Hiroshi saw Ye Chen, his entire body was like seeing a ghost.

He still clearly remembered the image of Ye Chen disabling Yamamoto Kazuki with a single move.

There was no doubt that Ye Chen was definitely the most perverted person with the most strength he had ever seen in his life, calculating that he had never expected to meet this fury in the Hermes store at the Yanjing airport.

His legs went limp and poof, he kneeled on the ground, took a few steps on the ground and came to Ye Chen's side, respectfully and fearfully said "Mr. Ye I'm sorry! I didn't think it was you! I'm so sorry!"

Naturally, Tanaka Koichi was afraid of Ye Chen.

In the beginning, Yamamoto Kazuki, a Japanese national treasure, just played a trick with Ye Chen and was beaten into a cripple by him, he didn't dare disobey him no matter what he said!

Otherwise, in case Ye Chen a displeasure, directly crippled himself, but he can only zhiheyiguan lying back to Japan.

Tanaka Hao Yi put out that woman, saw him suddenly kneel down, to the man to admit his fault and apologize, the heart was surprised, hurriedly have to reach out to pull him up, mouth angry ier said "Hao Yi, you are not crazy? You're the most promising young generation in Chairman Ito's eyes, with a promising future, so how can you just kneel to a stranger?"

Tanaka Koichi angrily reached out his hand and pulled the woman down to the ground, shouting harshly "Insolence! Who told you to be disrespectful in front of Mr. Yip? Hurry up and kneel down and apologize to Mr. Ye!"

The woman was pulled to the ground by Tanaka Koichi, ouch, her knee knocked raw and painful, and said in aggravation "Koichi, what do you mean?!"

Tanaka Hiroshi raised his hand and slapped her, cursing, "And fucking bullshit here, apologize now!"

The woman was a little startled by the beating, but seeing how nervous Tanaka Koichi was, she was a little scared, so she had to fidget and say to Ye Chen, "Sir, yes sorry, it's all my fault."

Ye Chen didn't bother to get acquainted with these two and said in a cold voice "Remember you two, I don't care how many people you have in Japan rushing up to suck up to you, as long as you're in China's

territory, you two just keep a low profile, as the saying goes, a fierce dragon can't cross the river yet, what are you two?"

Tanaka Koichi nodded hurriedly and begged "Mr. Ye, I know I was wrong, I will definitely keep a low profile in the future and also teach this stupid woman to keep a low profile, please don't get along with the two of us."

Ye Chen disdainfully waved his hand "Go away."

Once Tanaka Hao heard Ye Chen say these two words, he suddenly felt relieved and hurriedly thanked him "Thank you Mr. Ye, we'll roll away, we'll roll away"

After saying that, he hurriedly got up and was about to run out.

Ye Chen suddenly remembered something and called out to him "Wait a minute!"

Tanaka Hiroshi shuddered in shock and asked nervously, "Mr. Ye, what else do you want?"

Ye Chen said indifferently, "I'll ask you something, so give me an honest answer."

"Good!" Tanaka Koichi nodded hurriedly "Don't worry, I'll know what to say!"

Ye Chen asked in a cold voice "How is your big sister houzt now?"

1629

"Missy?"

As soon as Tanaka Hao heard Ye Chen's question, his look flickered a bit dark, and he sighed lightly, "Mr. Ye, to tell you the truth, Eldest Miss was very badly injured in that battle with Miss Qin, and although she saved her life, her health is not as good as it used to be, and she is now recovering in Kyoto"

Ye Chen recalled Ito Nai Nai's tender appearance, and his heart could not help but feel a little nervous.

However, he still hid his emotions and asked, "Is there anything serious? Will you be able to compete later?"

Tanaka Koichi smiled bitterly "The competition is definitely not going to be able to participate, Missy's body is very weak right now, she was just barely able to stand the other day, but couldn't walk a few steps away, and now she spends most of her day resting in bed, and if the sun is good at noon, she will take a wheelchair to the courtyard to bask in the sun."

In Ye Chen's mind, the sight of that laughing girl sitting in a wheelchair, tanning in the sun suddenly came to his mind, and he felt that his heart seemed to ache a little.

He asked again, "So is she in a good mood?"

Tanaka Koichi shook his head "Missy seems to be unaffected on the surface, she is also cheerful every day, but with my understanding of her, she should have a lot on her mind, a few days ago, she was still talking to me, asking me if there was anyone in particular that I wanted to see, but it was possible that I

would never see again, I don't know what Missy meant when she said that, but I could tell that she was in a ten-directional mood of loss"

Ye Chen couldn't help but sigh lightly and spoke, "She shouldn't have played that match in the first place."

Tanaka Koichi did not expect that Ye Chen would feel sorry for his eldest sister.

After a moment of consternation, he couldn't help but sigh "Mr. Ye you're right, at first, the Chairman-sama and I also advised the Eldest Miss not to play that match, but the Eldest Miss was dead set against it"

Said Koichi Tanaka, "During this time, Lord Chairman has searched all the famous doctors in Japan, but he was unable to treat Sister Big and Little Baitaob's injuries, that's why I came to Yanjing to seek medical treatment for Miss Big at the Yanjing National Medical Center."

Ye Chen gave a hmmm and asked him, "How is it?Have you asked for it?"

"No."Tanaka Koichi shook his head dejectedly and said, "The chairman-sama offered a very high honorarium to invite the famous doctors from the National Medical Center to Japan to treat Missy, but they were unwilling to accept it."

Ye Chen shook his head.

He had been watching the day Ito Naija was injured, and he knew that Ito Naija's injury was very serious, and it was far beyond the level of treatment of Chinese and Western doctors at this stage.

So whether it was the current top Western or Chinese doctors, it was impossible for them to cure kaxnuo her.

Probably, the only person in the world who could cure her was himself.

Thinking of this, Ye Chen also remembered that he was about to make a trip to Japan, I wonder if he could go to Kyoto this time to meet with Ito Naija?

If there is a chance, I will definitely go to see her, at least, to heal her injuries.

At this time, Ye Chen also had no mood to continue to fight with Tanaka Koichi and his girlfriend, so he waved his hand and said "Okay, I'll leave this matter alone, you two should leave quickly."

Tanaka Hiroshi, as if he had been pardoned, hurriedly bowed repeatedly at Ye Chen and said with utmost respect, "Mr. Ye, then we will leave first."

And with that, he pulled the woman beside him and fled as fast as he could.

1630

Ye Chen looked slightly melancholy and sighed, turning around and casually buying some more Hermes small items from the counter as a match.

After matching enough half a million, he then directly swiped his card to pay the bill, carrying a bunch of Hermes gift boxes, and headed to the VIP lounge.

By the time Ye Chen arrived at the VIP lounge, Dong Ruolin had already arrived.

The first thing you need to do is to take a look at the newest Hermès products, and then you'll be able to see them. Did you go to buy a gift for Hatsura?"

Ye Chen nodded naturally "It's not easy to come to the big city of Yanjing, of course I have to buy some souvenirs for my wife."

Dong Ruolin left her mouth and said "Ye Chen, I found out that you are a person who hides deep enough, Gu Qiu Yi is such a big star, any autographed photo can be sold for thousands of dollars on a second-hand website, you've known her since she was a child, but I've never heard you talk about her."

Ye Chen said indifferently "How can I take someone else out and use it as my own capital to show off? Wouldn't that be failing to live up to someone's kindness to me?"

The first thing you need to do is to get rid of all the stuff.

The first thing you need to do is to get rid of all the stuff you've been doing since you were a kid.

Ye Chen shook his head "Of course I don't know, I actually don't want to tell anyone, but I didn't expect to be seen by you yesterday in the Houhai, otherwise you wouldn't know."

Dong Ruolin said happily "So, I actually know a secret about you that even Chorán doesn't know, does this mean that our relationship has advanced a step further?"

Ye Chen helplessly said, "What are you blindly thinking about? I said it just happened to be bumped into by you."

Dong Ruolin snorted "Whether it's a coincidence or not, I actually also know one more secret about you than Chorán!"

Saying that, she stared at Ye Chen's eyes and asked "Eh Ye Chen, how many secrets do you have on you? It feels like you're a mysterious person, like you're completely unable to see through you."

Ye Chen didn't want her to get to the bottom of such a question, so he subtly teased, "What else is completely impenetrable? That time we went to the hot springs together, I wore a pair of swim trunks, and I couldn't let you look at the rest of what I should."

Dong Ruolin blushed all of a sudden!

In her mind, she suddenly remembered that time in the hot spring hotel, when Ye Chen was wearing swim trunks, that strong and perfect body, her heart could not help but jump in a deer.

Although blushing, she still shyly whispered "Why can't the rest of it show me ah".

Ye Chen said awkwardly, "Is it necessary to ask why? We're friends, and you're my wife's best friend, so of course we can't show you the rest!"

If you're looking for a way to get rid of the problem, you'll need to get rid of it. When people were injured, didn't they show you where you shouldn't have been shown? Aren't you allowed to touch where you shouldn't be?"

Ye Chen blurted out "It's two different things, I was there to save you in the first place, not to take advantage of you."bungke

Dong Ruolin pouted and rolled her eyes at Ye Chen and said, "Who knows if you're trying to take advantage of this?Maybe you're just saving lives plus taking advantage and doing both!"

Saying that, she added in a rush of seriousness "I actually don't mind letting you take advantage of me, even if I let you take more advantage of me, I'm willing"
