Chapter 1741

Aman Hotel Tokyo.

Su Zhiyu, having showered, opens her laptop in her room and joins her brother again for a video conference with Su Shoudao, who is far away in Yanjing.

The two siblings reported Takahashi's huge concession to Su Shoudao truthfully, much to Su Shoudao's surprise.

In Su Shoudao's view, Takahashi Shinichi is really too upbeat, not only has the determination to kill the Ito family, there are concessions to the Su family, willing to be the younger brother's consciousness.

Such a person, can be called children can be taught.

Su Zhiyu said "Dad, we will meet with Ito Yuhiko of the Ito family tomorrow as we agreed beforehand, but I feel that Ito Yuhiko has lost his competitiveness in this cooperation, and it is impossible for him to offer better terms than Takahashi Shinji."

Su Shoudao hummed and smiled, "Then let's just go through the motions and get the surface work done, then you can sign the contract with the Takahashi family, but before you sign the contract, you still have to run those big ports in Japan and examine the actual operations of Tokyo, Yokohama, Nagoya and Osaka ports."

Su Zhiyu nodded and said, "Don't worry about that, brother and I have already planned out the schedule."

"That's good." Su Shoudao smiled with satisfaction "I didn't expect that Takahashi Shinji would be willing to reduce his share to 25, knowing that your grandfather's psychological price at that time was 30, and the maximum affordability limit was 35, you guys directly cut down ten percentage points on the basis of his affordability limit, and after the contract is signed, your grandfather will be very happy and will definitely give you a big credit!"

Su Zhi Fei smiled "Dad, if grandpa really gives us a big credit, then can we ask him to give our family the entire ocean shipping business to run then?"

Su Shou Dao smiled and said "this business, I will definitely fight for it from the old man, and I think the probability of the old man's agreement is very high, you guys do a good job in Japan to put the preparatory work before the cooperation, and then I will talk to the old man, try to let him give this business to you siblings to take charge."

Su Zhiyu hurriedly waved his hand "Dad, I don't want to do it, just let brother take over."

Su Shou Dao was surprised and asked "What? Why don't you want to do it when it's such a great opportunity?"

Su Zhiyu said seriously "When I'm done with this, I'll go to the United States to study."

Su Zhi Fei busy, "Oh aunt, you are so talented and intelligent, what else to study?It's a complete waste of time, might as well go back to work in the family and lock down some resources earlier too!"

Su Zhiyu shook her head "learning is endless, I don't want to come back to work so early, and I'm not that interested in the family's resources."

Su Shou Dao busy "Zhiyu, you are not young, almost time to think about marriage, read too much time, might as well take advantage of two years to get married."

Su Zhiyu asked back "Marriage?Tie the knot with who?"

Su Shoudao said, "Your grandfather will naturally help you choose the best one."

"I don't want it."Su Zhiyu shook her head "If I let my grandfather choose for me, then I might as well just find someone who looks good on the streets of Tokyo and marry anyone I like."

"Don't say those bastard words!"Su Shou Dao raged "Don't look at your grandfather letting you go to Japan to talk about cooperation, but he would never allow you to marry a Japanese!"

Su Zhiyue left her mouth, deliberately annoyed with Su Shoudao and said, "Who said anything about marrying a Japanese?There are also a lot of Chinese people on the streets of Tokyo, OK, I met one on the way here, he was tall and handsome, and quite a model, I looked at him quite favorably, or I'd have to marry him, it's also much better than going back and letting my grandfather choose for me."

Su Zhi Fei said awkwardly "Do you know what his name is?"

Su Zhiyu grinned "I'm just an analogy, it doesn't matter if I don't know his name, I can ask him next time we meet."

Su Zhi Fei laughed "I guess there is no chance to see him, with Takahashi's character, he will not let him leave Japan alive."

Su Zhiyu raised his eyebrows "How do you know that Shinji Takahashi will be able to kill him?I think that person is very capable, Takahashi Shinji may not be able to do anything to him."

Su Zhi Fei shook his head and said with a smile, "A strong dragon does not crush a snake in the ground, even if a double fist can defeat four hands, it may not be able to defeat forty hands or four hundred hands."

1742

Hearing these words, Su Zhiyu's expression surfaced a bit heavily.

What I said just now was just to piss off dad, but when I think of that man's figure, Suchiyo is quite worried about him.

Thinking that Takahashi Shinji might not let him off easily, Su Zhiyu blurted out, "I'll warn him the next time I have an interview with Takahashi Shinji, and if he dares to quietly make a move on that man after the cooperation has been reached, then I'll terminate the cooperation at any time!"

"Nonsense!"Su Shou Dao sternly scolded "You as the representative of the Su family, everything must be in the interests of the Su family, how can you let a strange man affect the interests of the Su

family?As long as we can get the maximum concession clause from Shinji Takahashi, what does this strange man's death have to do with us?!"

Su Zhiyu also moved a bit angry and argued reasonably "That man offended the Takahashi family in order to save a fellow little girl, how could I stand by and let the Takahashi family kill him?"

Su Shoudao said disdainfully "Then don't look when the Takahashi family kills him, won't you?"

Su Zhiyu raged, "Dad!How could you do that?Is there any more principle or decency?"

"Principles and temperance?"Su Shou Dao coldly said "My principles and temperance serve the interests of the Su family!For the sake of the Su Family's interests, I'll take no principles or virtues!"

"You,"

Su Zhiyu was so angry that he couldn't say anything.

This time Su Zhi Fei quickly to round up "Dad, Zhi fish, we are not finished with business, why are you two still arguing?".

Su Shou Dao's expression was gloomy and he said, "Okay, okay, don't pull these meaningless things, knowing fish, the matter of your reading, let's discuss it after you come back."

"No need to discuss."Su Zhiyu face very coldly said "Harvard Business School's admission notice have been sent to my mailbox, August school, I will leave in May."

"You kid."

Su Shou Dao was about to say something when Su Zhi Fei's cell phone happened to receive a call from an assistant who had come to Tokyo with them.

The other party said in a message, "Young Master, the head of the Matsumoto family in Tokyo, Yoshihito Matsumoto, is at the front desk of the hotel asking to see you and Miss!"

"The Matsumoto family?"Su Zhi Fei frowned "Is that the Matsumoto family that is ranked third in Tokyo's strength?"

"Exactly!"

Sochi Fei looked at the video conference interface on the computer and asked, "Dad, Chi-Fish, Yoshihito Matsumoto of the Matsumoto family has asked for an interview, would you like to meet with him?"

Su Shoudao said disdainfully "As far as I know, the strength of the Matsumoto family is a lot worse than the Takahashi and Ito families, we just need to make a second choice between the Takahashi and Ito families, there's no need to waste energy on this kind of trash."

Su Zhi Fei then said to the assistant on the phone "reject that Matsumoto Yoshito it, just say that I have rested, no visitors."

The first thing you need to do is to take a look at the company's website, and you'll see that the company's website is a great place to start.It's hard to say."

Su Shou Dao spoke up at this time "Zhi Yu, you like to think about things more, which is good, but you can't think about everything so much, it would be too much! If you meet this Yoshito Matsumoto tonight, tomorrow maybe the fourth, fifth or even the fortieth and fiftieth ranked families in Tokyo will swarm the hotel demanding to see you, can you handle that?"

"This" Su Zhiyu didn't know how to answer at once.

Su Shou Dao then continued "Okay, let's listen to your brother on this matter, reject it."

Su Zhiyu could only nod his head "Okay."

1743

The lobby of the Aman Hotel.

Yoshihito Matsumoto, who is not yet forty years old, is looking forward to meeting with the Su family with great anticipation.

He had personally come to the hotel this time to seek an interview with the Su family in the hope that he could use his humble posture and attitude to seek an opportunity to meet them.

Although the Matsumoto family was not as powerful as the Takahashi and Ito families, Yoshito Matsumoto felt that he was as good as anyone, and being young and bold, he was definitely the most ideal partner for the Su family.

It was just that the Matsumoto family's lack of precipitation in the early years was too great a gap between them and the Takahashi and Ito families.

Although Yoshito Matsumoto had boldly led the Matsumoto family to develop rapidly and rise up to catch up, he was still somewhat distant from them.

In fact, the Matsumoto family could be said to be the fastest rising family in all of Tokyo.

Ten years ago, they were unknown, and today, ten years later, they were already second only to the Takahashi and Ito families, a speed that was already a miracle in the eyes of the outside world.

Therefore, Yoshito Matsumoto believed that he had definitely given the Su family enough face by coming to the hotel to ask for an audience in his capacity as the head of the family and in person.

However, he did not know that in the eyes of the Su family, the strength of the Matsumoto family was about half of the Takahashi family or the Ito family, so naturally, the Su family would not take him into consideration.

At this time, however, Yoshito Matsumoto was confident, he was a recognized business genius in Japan, a young tycoon who really had the ability to take on the world, so he felt that the Su family would give him a chance for an interview, and he would definitely use his eloquence and vision to convince them to cooperate with him.

Matsumoto Yoshito's assistant was somewhat apprehensive and spoke up, "Boss, do you think the Su family will be willing to work with us?"

Yoshito Matsumoto tidied up his suit and tie and said confidently, "When we meet later, I will definitely use my ability and charm to make the Su family realize that I am the perfect partner for them. As for Yuhiko Ito and Shinji Takahashi, they are nothing more than a bunch of old men with old minds and worrying abilities!"

As soon as the words came out, the assistant of the Su family made a phone call to the front desk.

The little girl at the front desk answered the phone, immediately came to Matsumoto Yoshito, bowed and said "Mr. Matsumoto, I'm really sorry, Mr. and Miss Su don't have time to see you, please return."

Mr. Matsumoto was startled and asked a few moments later, "What did you say? They don't have time to see me?!"

The little girl at the front desk nodded gently and said, "That's true, so please go back."

Yoshihito Matsumoto felt his face burn!

At any rate, I was the patriarch of the Matsumoto family, the leading young entrepreneur in Japan, and by personally arriving at the hotel to seek an audience with the Su family, I could say that I had already placed myself in a very humble position.

But never in his wildest dreams did he expect that even though he had rushed here to seek an audience in such a humble manner, he was still met with the most ruthless and direct insult from the other party!

"No time?!"

"A mere phrase about not having time to get rid of me?!"

"The Su family is a bit too arrogant, even arrogant, isn't it?"

"Even if you're the top family in China, even if you do have a great big project in your hands, you can't press my face into the ground and stomp on it, can you?!"

"What's more, you stepped on my face without even stepping on it yourself, and let a hotel receptionist do it, where does that leave my face?!"

With that in mind, Yoshito Matsumoto darkened his face and said to that receptionist in a cold voice, "Contact them again and tell them that I am Yoshito Matsumoto, the patriarch of the Matsumoto family and president of the Tokyo Young Entrepreneurs Association, and that I have come here today only to ask for an audience with the Su family's young master and eldest miss, and that they must make time for an interview with me once!"

1744

The receptionist was frightened by his fierce expression and said, "I'm so sorry, sir. We have been clearly informed by the assistants of the two distinguished guests that they really don't have time to see you, so please don't embarrass us yet."

Yoshihito Matsumoto's originally strong self-confidence was instantly shattered to pieces by this front desk girl!

He cursed in near hysterics "My name is Yoshito Matsumoto, not this gentleman! Do you understand me?"

The girl at the front desk took a few frightened steps back "I'm so sorry, Mr. Matsumoto, but I'm also just conveying your customer's reply to you, so please forgive me."

In the lobby, many people watched Yoshito Matsumoto whisper..hxzw

These people were crossing their ears in twos and threes, and although he couldn't hear what they were saying, Matsumoto could tell from their expressions that they were all laughing at themselves!

He had always been arrogant, believing that he was the top of the list of young businessmen in all of Japan in terms of ability.

But he didn't expect that he would take the initiative to ask for a meeting, but the other party didn't even bother to see him!

This made Matsumoto Yoshito's heart no [penpal www.biqugeso.info] than resentment.

Matsumoto Yoshito clenched his fists and clenched his teeth, and his whole body trembled violently.

The more confident and conceited a person was, the worse their psychological capacity would be.

The more people who felt that everyone had to look up to them, the more they feared being belittled by others.

Yoshito Matsumoto was the most typical example of this.

At this time, he was furious to the extreme inside, but couldn't find an outlet to vent it out.

And his red-faced appearance made the people around him despise and ridicule him even more.

Although many people may not have the strength and wealth of Yoshito Matsumoto, they were secretly delighted to see him making a fool of himself in public, deep inside.

When Yoshito Matsumoto's assistant saw that everyone was mocking him, he hurriedly stepped forward and whispered "Boss, we should leave first, in case some good people take out their cell phones to take videos and upload them to the Internet, causing a bad impact, that would be bad".

Yoshihito Matsumoto gritted his teeth and nodded gently.

The moment he turned back to leave, he felt like the whole world was laughing at him behind his back.

The scalp back to his own car, Matsumoto Yoshito sat in, immediately urged the driver to drive, he was afraid to go slow, will also fall into people's ridicule, afraid of those people's ridicule and mockery, will fall into their ears.

The assistant couldn't help but persuade him "Boss, the Su family must feel that our overall strength is still much inferior to Takahashi and Ito, so they treat them as cooperative options and don't want to waste time with us, but this must be their loss!".

Yoshihito Matsumoto was silent for a long time, his eyes were bloodshot, and he said through gritted teeth, "You want to choose between Takahashi and Ito, don't you? Great! If they don't want to face me, don't blame me for being ruthless! This is a great opportunity for me to surpass both Takahashi and Ito in one fell swoop!"

The assistant was surprised and asked "Boss, what do you mean by that? I don't understand."

Yoshihito Matsumoto said in a cold voice with an incomparably malevolent expression, "You don't need to understand, just do what I tell you to do!"

The assistant immediately said, "Whatever you say, boss."

Yoshihito Matsumoto said coldly "First thing, I'll write a check for twenty million dollars, you take it to the head of the Iga family and tell him it's just a deposit, if he's interested, come talk to me at home, if he's not interested, the money will be my accompaniment to him!"

1745

Nagoya's Kobayashi Pharmaceutical production line was soon already able to produce qualified Jiu Xuan Stomach Powder.

This was mainly because Kobayashi Pharmaceutical itself was one of the top pharmaceutical companies in Asia, and their production line was very advanced, even more advanced than that of Jiu Xuan Pharmaceutical.

Therefore, it was hardly difficult to convert their production line to produce Jiu Xuan Stomach Dispersion, as long as the formula and herbs were in place.

After the production line went into normal operation, Ye Chen left Nagoya and Osaka together with his entourage.

Because between Nagoya and Osaka, there was also a Kyoto, so according to Ye Chen's original plan, after Nagoya was over, he planned to go to Kyoto and meet Ito Nai Nai Nai.

However, right now there were three ninjas following him all the way, and he didn't want to bring these three to Kyoto as well.

So, he planned to take care of these three people in Osaka and deal with all the aftermath before going to meet Ito Nana-chan.

After making this decision, he felt somewhat regretful.

I thought I could have met Ito Naija earlier, but I didn't expect that this time I would have to wait until the end of the Japan trip.

Ye Chen was more worried about her body, not knowing how injured she was now.

When Ye Chen left Nagoya, he noticed that the three ninjas of Teng Lin Zhengzhe seemed to be even more low-key than before.

They had doubled the distance from where they were following Ye Chen again and didn't dare to approach him at all, and seemed to be more cautious on the one hand because they were worried about

the unknown whereabouts of Tenglin Aota, and on the other hand because they couldn't figure out who was secretly targeting them.

The motorcade drove onto the highway and passed by Kyoto.

No one knows that the ancient city of Kyoto, which seems to be peaceful and simple, is actually in turmoil.

Takahashi Shinichi felt that Ito Yuhiko was secretly targeting him, so he asked Tenglin Masatetsu to transfer a group of ninjas from his family, who had already secretly lurked in Kyoto and closely monitored the Ito family's mansion in Kyoto.

Once Shinji Takahashi gave the order, they would be able to kidnap or just kill Ito Nao-chan in the shortest possible time.

Yuuhiko Ito, who is still oblivious to all of this at this point, is in Tokyo meeting with the siblings Suchi Fei and Suchi Yu.

However, the meeting was not a pleasant one.

Although Ito Yuuhiko was very enthusiastic, he could also see that the two siblings, Sochi Fei and Sochi Yu, seemed to be just going through the motions.

Although the siblings were also quite polite, serious, and had a comprehensive conversation, Ito Yuuhiko had the feeling that deep down inside, they weren't very interested in this cooperation.

During the meeting, he proposed to get a 35 share in the cooperation, thinking that he would leave the other party with a counter-offer of 5, so that the other party could basically reach a consensus by pressing down to 30.

However, he didn't expect Su Zhi Fei to directly throw in a sentence, "Mr. Ito, from our Su Family's opinion, if it's higher than 20, there's no way we can consider it."

"What?!"

Ito Yuuhiko was confused and his mind screamed, "20? That's too fucking dark!"

1746

Su Zhi Fei, however, had his own considerations.

From the Su family's point of view, Shinji Takahashi had two advantages over Yuhiko Ito: first, he wanted to take out the Ito family; second, he was willing to reduce the split to 25.

So, now, looking at Yuuhiko Ito, he felt that Yuuhiko Ito had to be at least equal to Shinji Takahashi on one of those two points, and better than Shinji Takahashi on the other.

The first one, taking out the Ito family, was already an extreme request.

Whether it was asking the Takahashi family to take out the Ito family, or asking the Ito family to take out the Takahashi family, just taking out the Takahashi family was considered to have been done to the extreme.

Therefore, even if Yuuhiko Ito was willing to join forces to take out the Takahashi family, he was only on par with Shinji Takahashi at this point.

In that case, unless he could offer more favorable terms than Shinji Takahashi's dismissal on the second one, there was absolutely no need for the Su Family to consider it.

That's why he offered a 20 split, and if Ito Yuuhiko agreed, then convince him to agree to join forces to take out the Takahashi family together, that would be another 5 for the Su family.

However, as soon as Ito Yuuhiko heard about 20, his entire body couldn't tense up.

He was very angry and surmised, "I want 35, you give me 20, and you say that higher than 20 will not be considered, leaving no room for any counter-offer, this is too much, isn't it?"

"This is something that requires me to show my advantage in the local port and let you, a foreign capital, come in and make money, but it's a bit of a bully for you to only let me have only 20, isn't it?"

Thinking of this, the fire in Ito Yuuhiko's heart also rose, he coldly said to Su Zhi Fei, "Mr. Su, 20 is not too much, I admit that the Su family is strong and has many ocean-going ships in hand, but you can't squeeze me like this, right?"

Su Zhi Fei seriously: "Mr. Ito, the squeeze is far from talking about, it's just that we do occupy a lot of initiative now, Japan's economy now continues to decline, it is difficult for you to make this business up at this stage, if you want to earn this money, you can only cooperate with us."

After a pause, Su Zhi Fei added: "20 is less, but after the business is run up, the amount of this piece is still very large, if you earn 10 billion dollars a year, the Ito family can take away 2 billion, what is the concept of 2 billion dollars? I'm sure the Ito family can't make that much profit a year now, can they?"

Ito Yuuhiko shook his head, "The account is not so calculated Su, if I do these resources on my own, although I may not be able to do ten billion dollars in annual profits, but the problem of doing a billion or so is still not big, if I work hard on my own, I may also be able to do two or three billion, so look at it this way, then I would not be a loss?"

Su Zhiyu spoke up at this time with some arrogance, "Mr. Ito, you just said that you might be able to make it to two or three billion dollars even with your own efforts, but in my opinion it's simply impossible."

Yuuhiko Ito frowned and asked, "Why is it impossible? My Ito family's strength is one of the best in Japan!"

Su Zhiyu smiled and said with a bit of authority, "Honestly, if the Su family wasn't going to do this business, you might have a real chance, but since the Su family is going to enter the scene now, it's definitely not possible for you to do it on such a large scale with the Su family, and the Su family might not even allow you to get this business up and running."

Ito Yuuhiko's pride was suddenly hit hard.

He didn't expect that Su Zhiyu, who had rarely spoken, would open his mouth so directly!

One could even say that it doesn't even give Yukihiro Ito the slightest bit of face!

Ito Yuhiko, who was feeling much beaten down, burst with disgruntled emotions inside, he gritted his teeth and said coldly, "In that case, there's no need to talk about it, the Ito family will run this business by itself! And then you'll see for yourself how I've built this piece of the business!"

1747

The negotiations between Sochi Fei, Sochi Fish and Yuhiko Ito ended in disarray..haju.

When the siblings left the Ito Co, Ito Yuuhiko was angry and cursed his mother in the same place.

On the way back to the hotel, Su ZhiFei asked Su ZhiYu, "ZhiYu, I was just going to fiddle with Ito Yuuhiko to see if he would agree to the 20 ratio, why did you suddenly turn against him?"

Su Zhiyu smiled slightly and spoke, "20 is obviously below the lowest price he can bear in his heart, so no matter how much you talk to him today, he won't be able to agree to that percentage, so if you really want to push him, you have to put enough pressure on him."

Su Zhi Fei asked, "Do you have any good ideas?"

Su Zhiyu said, "You call Takahashi Shinji and tell him that you plan to sign with him tomorrow, but before you sign, you need to talk to him again about the details, and the time is set for tomorrow morning."

Su Zhi Fei pursued, "What do you mean? Just settle and sign them up?"

"No." Su Zhiyu said calmly, "The plan is to sign a contract, the details will have to be worked out again, and then we can just say whatever we want, and there are still some details that need to be renegotiated, so can I just move this signing date back?"

Saying that, Su Zhiyu added, "If we let the word out now, Ito Yuhiko will be very anxious, and by tomorrow, he'll lower his stance and take the initiative to talk to us again."

Su Zhi Fei nodded and said, "Okay, then I'll listen to you, I'll call Shinji Takahashi!"

Shinji Takahashi gets a call from Suchi Fei, and when he hears that the Su family is ready to sign a contract with him, he's all excited!

Then, while arranging for his men to prepare for tomorrow's signing ceremony, he had the word spread out to inform all of Tokyo that the Su family was ready to sign a contract with him.

This news immediately spread among Tokyo's business elite.

Numerous people called and sent messages to congratulate Shinji Takahashi, because they believed that once the Takahashi family started cooperating with the Su family, the Takahashi family would definitely surpass the Ito family and become the number one family in Japan!

Ito Yuuhiko also received the news very quickly, and he was already angry, but he was even angrier and almost stormed off after learning the news.

He didn't expect that the news would make the Takahashi family a hot target.

Now, the whole of Tokyo had started to chase after Takahashi Shinji as the future richest man in Japan, suddenly making Ito Yuuhiko realize the meaning of Su Zhiyu's previous statement.

If the Su family joined forces with the Takahashi family, he would definitely not be able to get ahead.

If that was the case, then the Ito family would appear to be unharmed, but in reality, it would be a heavy loss.

In the past, he had been able to share equally with the Takahashi family, but if he lost this cooperation, the Takahashi family would quickly leave him behind.

At that time, all the aura he had would be snatched away by Takahashi's true knowledge.

The invisible loss would be almost immeasurable!

Ito Yuhiko, who was extremely bored, locked himself in his room and considered the whole afternoon alone.

Eventually, after nightfall, he made the painful decision to call and beg the Su family for another chat.

If he couldn't, he would just agree to the terms of the Su family's 20 cooperation.

At this moment, Su Zhiyu and Su Zhifei had just finished eating at the revolving restaurant on the top floor of the hotel, and after they returned to their respective rooms, Su Zhiyu was ready to take a bath first.

At this time, the doorbell rang, and she saw from the LCD screen that it was her brother knocking on the door, so she opened the door in passing.

Su Zhi Fei stood in the doorway, holding his cell phone, and said with a smile on his face, "Zhi Fish, you're a god! Yuuhiko Ito just called me!"

Su Zhiyu leaned against the door frame and smiled, "What did he say?"

1748

Su Zhi Fei said excitedly, "He means he's willing to consider our offer and conditions, but still wants to meet in person, what do you think?"

Su Zhiyu said, "I don't think it's a problem ah, give him a call back, tell him to come to the hotel early tomorrow morning to talk to us, if the talk is good, we'll cooperate with him, Takahashi Shinji's side will no longer talk; if it's not good, we'll go directly to sign a contract with Takahashi Shinji!"

"Yes!" Su Zhi Fei said with a flourish, "I'm going to call him back!"

Su Zhi Fei's voice had just fallen, when from the ceiling of the hotel's corridor, four ninjas dressed in black suddenly rushed down at great speed!

Su Zhiyu and Su Zhifei didn't even have time to react before they were subdued by each other..waiweilai.

Su Zhiyu roared in fear, "Who are you guys?!"

One of the masked ninjas said in a cold voice, "Miss Su, I'm one of Mr. Ito's men, I'm looking for you for a bit of business, and I'm asking you to begrudge me!"

"What?!" Su Zhiyu and Su Zhifei were both dumbfounded!

Suchiyo was horrified and thought to herself, "Ito Yuuhiko just called and said that he wanted to renegotiate with his brother, why did the ninja kill him in the blink of an eye?!"

"Could it be that his renegotiation is a lie and his kidnapping of us is the real thing?"

Su Zhiyu hurriedly blurted out, "Several people, is there some kind of misunderstanding here? We were just about to reschedule a meeting with Ito-san, what are you doing?"

The man smiled sardonically, "Miss Su, ask the right questions, don't ask the wrong ones, come with us honestly, we won't kill you, but if you try to resist, or pull any tricks, then sorry, I'll let you two die in Japan!"

Su Zhiyu sensed that something might not be right and spoke out of turn, "Several, if it's a matter of money, you can ask, as much as you want, I can pay you double, or even triple and quadruple the price no matter who you're under the orders of!"

The man sneered, "I'm sorry, we ninjas are always concerned with credibility, so I'll ask Miss Su and Mr. Su to beg your pardon!"

Saying that, he immediately gave a wink to the two people around him!

These two immediately took out two special handkerchiefs from their pockets.

The handkerchiefs were sprinkled with a large amount of ether.

Before Su Zhiyu and Su Zhifei could even scream, their mouths were covered with the handkerchiefs to death.

Immediately afterwards, the smell of a chemical solution hit their noses, causing the two of them to immediately lose consciousness!

After that, the two ninjas carried the siblings on their shoulders separately, tied them securely with straps, and directly threw out the speed-dropping ropes from the windows of the hotel room, bringing them light as a feather sliding down the wall to the ground.

Outside, two commercial vehicles had been waiting for a long time, and after the black-clothed ninjas carried the unconscious Su siblings onto the vehicles, the two commercial vehicles immediately sped away from the scene!

This series of kidnappings was like running water, and no one in the entire hotel even knew that the Su siblings had been kidnapped!

What was even more frightening was that the more than ten people in the Su Family's entourage had all died violently from poisoning in their respective rooms at this time.

What killed them was the military sarin gas used by this group of ninjas.

This kind of gas is a military chemical weapon, in 1995, there were people in the Japanese subway to create a terrorist incident, the use of this kind of highly toxic chemical weapons.

After the sarin gas invades the human body through the respiratory tract or the mucous membrane of the skin, it can cause the death of the victim in a very short period of time, and the lethal dose is only 10 milligrams.

After the two cars sped away from the hotel, the man in the head of the car pulled out his cell phone and made a call, "Mr. Matsumoto, the person has been caught, all the other servants of the Su family have died, and we have left the exclusive seal of the Teng Lin family in their room, hidden!"

Over the phone, Yoshihito Matsumoto's excited voice came out, "Very good!Very good!You will now take them to Kyoto and wait for my news, kill them when needed and hide their bodies in the Ito family's mansion in Kyoto!After the murders of Su's grandson and granddaughter, Ito Yuuhiko died a dead man!However, with the Tenglin family's exclusive seal on the scene, Ito Yuhiko will definitely think that Takahashi Shinji framed it all up, and the Sun family will definitely send someone over to avenge their son's death, Tokyo, now that's something!"

1749

The hotel soon discovered the anomaly....org

It was the guests downstairs who first noticed the problem, and they found two extra ropes outside the window at some point, so they informed the hotel's front desk.

The hotel front desk found Su Zhiyu's room directly based on the room number that the ropes detected.

When they discovered that Su Zhiyu's room was empty and the scene was somewhat messy, the hotel's manager panicked!

The Su family siblings were not only their valued guests, the Su family was also one of the shareholders of the Aman Hotel Group, and they naturally didn't dare to slow down in the slightest when something like this happened.

Next, they went to the Su family's attendant's room, wanting to find someone to ask what was going on.

Unexpectedly, there were nothing but corpses in the room!

All of the Su family's attendants and assistants, all died tragically in their respective rooms!

It's a horrible way to die!

The manager of the hotel winced on the spot, sat down on the floor with a poof, and proceeded to wet his crotch!

A dozen people had died all at once in the hotel they managed, and they were all from the Su family!

Even more desperate was that Su Zhi Fei and Su Zhi Yu, the two siblings, had disappeared!

This is the Su family's first grandson and first granddaughter!

Definitely two of the most outstanding in the Su family's generation!

I can't believe I've been kidnapped from the hotel I manage!

If the Su family were to pursue the matter, he would really be to blame for his own death!

He almost didn't dare to delay at all, while having someone call the police, he personally called his boss, the chairman of the Aman Hotel Group.

He wanted to notify the Su family immediately so that they would not blame him for not reporting in time in the future.

However, with his identity, he was not qualified to contact the Su family directly, so he could only call his boss and have him relay the message.

The chairman of the Aman Hotel Group was in Dubai at the time, and after hearing about the incident, he almost had a frightening heart attack on the spot!

Su Zhi Fei and Su Zhi Fish, kidnapped in their own hotel?!

This is a mortal sin!

If anything happened to them, the Su family would have to destroy themselves!

So, he immediately personally called Su Shoudao, who was far away in Yanjing!

After hearing the report, Su Shoudao's entire blood pressure spiked and he almost passed out.

Fortunately, Su's family was saved in time and was lucky to be unharmed.

However, upon hearing that Su Zhi Fei and Su Zhi Yu had been kidnapped in Japan, the entire Su family could be said to be outraged!

Master Su immediately had the entire Su family of hermit masters fly to Tokyo overnight to issue two iron orders in a row.

First, even if we have to dig up Tokyo, we have to find Su Zhi Fei and Su Zhi Yu and bring them back alive!

Secondly, find out who's behind all this and kill the entire Su family!

An hour later, the two private jets took off one after the other at Yanjing International Airport, and all of the Su family's nearly one hundred top masters were on their way to Tokyo!

And in Tokyo at this time, underneath the calm surface there was already a dark current!

When the police in Tokyo found out about this, they freaked the hell out and completely blew up!

They knew that this kind of killing of a dozen people and kidnapping of two was not only extremely bad in nature, but could escalate to an international incident!

So, the police in Tokyo immediately cordoned off the Aman Hotel, and detectives from the Detective Branch searched the entire hotel, inch by inch, for any valuable clues..kan8zw.

First, they found the cell phone that Su Zhi Fei had left in Su Zhi Fish's room, and found his phone records with Yuhiko Ito, and then they found a ninja dart engraved with the totem of the Tenglin family in the room of the Su family's attendant.

When these two clues come out, they make the Tokyo police's head spin even more!

The director of the Tokyo Police Department, who had personally come to the scene to supervise the investigation, paled in fright after receiving these feedbacks.

He looked to the technicians below and loudly questioned, "Are you sure that both the Ito and Takahashi families are suspects?!"

The sergeant in charge of the scene investigation spoke off the cuff, "Chief, there is gossip that both the Ito and Takahashi families are trying their best to reach a cooperation with the Su family, but the Ito family seems to have fallen out of favor, so they have a motive to take action against the Su family, and ninja darts of the Tenglin family were found at the scene, and the Tenglin family is under the Takahashi family, so it is again possible that the Takahashi family framed the Ito family in this matter, in short there are suspicions on both sides"

The police chief was in tears, and blurted out, "Just the news of more than a dozen dead people breaking out, could be a global sensation, not to mention the murderer also used sarin gas, this can be considered a terrorist attack!It turns out that it was the eldest grandson and granddaughter of the first Chinese family that was kidnapped, and now you're telling me that the mastermind behind the murder could be one of the two largest families in Japan, so how else are you going to solve this case?"

The other party also said with a helpless face, "Director, I don't want to make the case so troublesome, but the chain of evidence in the case is like this ah, and our top priority now is to find the Su sibilings, if they also die, our Tokyo Police Department, will definitely become a global laughing stock!"

The police chief raged, "Get all the police in Tokyo moving!Even if I have to dig up the whole of Tokyo, I must find someone!"

Such a big battle by the Tokyo Police Department caused the entire city of Tokyo to explode at once.

The first ones to receive the news were the big families in Tokyo.

Ito Yuuhiko took the initiative to call Su Zhi Fei because he hadn't received a reply from him, and after calling several times with no answer, he immediately sent someone to understand the situation, and when he learned the news, his entire body was struck by lightning.

He couldn't understand what kind of person was so bold as to attack the Su family.

Although he knew that he had just talked to Su Zhi Fei on the phone before he was kidnapped, he hadn't done anything out of the ordinary after all, so he had a clear conscience and didn't think that this matter had anything to do with him.

However, when Takahashi Shinji heard about this, his entire body was suddenly confused.

Su Zhi Fei had agreed to sign a contract with him tomorrow morning, and then suddenly he was kidnapped along with his sister? Isn't that fucking bad for you?

When he thought of that, the first object of suspicion that came to his mind was Yuuhiko Ito!

Not only because the Ito family was their biggest competitor, but also because Tenglin Aota's death was highly suspected to be related to Yuhiko Ito!

The unexplained death of Tenglin Aota had given Takahashi Shinji the feeling that he was being watched, and now that the Su siblings had been kidnapped, he naturally attributed it to Ito Yuuhiko.

Thinking of this, he boarded up his nerves!

If Ito Yuhiko can kill a dozen people of the Su family and kidnap their siblings, he might also do it to himself!

The fact that so many people from the Su family were killed proves that Ito Yuuhiko has organized a very strong force this time, and he has to strengthen his security!

So, he immediately called Teng Lin Zhengzhe who was monitoring Ye Chen, and as soon as he spoke, he said nervously, "Teng Lin, you three hurry back to Tokyo, right now!"

Teng Lin Zhengzhe was surprised and asked, "Back to Tokyo now? Mr. Takahashi, don't we have to follow that Chinese guy?"

Takahashi Shinji blurted out, "Don't care about him, that bastard Ito Yuhiko must have kidnapped the Su family, this time I'm afraid to play with my life! You guys hurry back and keep me safe!"
