

Identity 1861

Chapter 1861

"Selling a face?"

When Su Chengfeng heard this, he said with a bit of emotion, "In this world, in fact, everything can be used for a clear price, people say that the revenge of killing your father is greater than heaven, then if you give him one billion, one billion or even ten billion or one hundred billion, there is always a price that can move him."

Saying that, he changed his words, "But!It's all about how much it costs to buy this face.If you really want ten billion, or even a hundred billion, do you want to buy it too?"

Su Shou Dao fell silent for a moment.

He really wanted to save Ruo Li.

In terms of love, she is his flesh and blood, a tiger's poison does not eat its children, how can he stand by and watch her die?

Yu Li, she was a top expert in the Su family and was still young, if she could be rescued, she could still make a great contribution to the Su family in the future.

However, whether it was in love or in reason, it was always necessary to weigh the cost and then calculate the plan to execute.Mobile One Second Remember provides you with wonderful \ fiction reading.

If one really needed to pay tens or hundreds of billions of dollars, the upper and lower levels of the Su family might not agree.

After all, other than him and the old man, no one in the Su family knew that Su Ruorui was his daughter, and they all thought she was one of the Su family's underlings.

It was still reasonable to spend tens of millions for an underling, but for a top expert like Su Ruorui, spending a few hundred million and biting the bullet would be acceptable.

But if one really wanted to spend even more, this matter would have been clearly unbalanced in the eyes of outsiders, and by then, even if people reluctantly accepted it, they would definitely speculate whether there was anything hidden in it or not.

Su Chengfeng saw that he was silent and advised, "Shoudao, Ruo Li is the flesh and blood of the Su family, your daughter and my granddaughter, of course I also want her to be safe, but in business, everything has to weigh the pros and cons, the pros outweigh the cons, or if the pros equal the cons, you can do it, but if the cons outweigh the pros, don't force it anymore."

Su Shou Dao painfully asked, "Dad, tell me, how much cost and price is the Su family willing to bear for Ruo Li?We have also paid a great price this time to rescue Zhi Fei and Zhi Yu"

Su Chengfeng thought about it and spoke, "After all, Ruo Li is a concubine, her identity is dishonorable, so I can't equate her with Zhi Fish, let's do it this way, within one billion, so that the

accounts are also covered up, if the cost is too high, other people or your wife will be in trouble if they ask."

Su Shoudao hesitated for a moment, and said, "Okay, I'll try it first, and I'll fly to Osaka later to see if I can find a key person to mediate."

Su Chengfeng said, "You just don't go, the Japanese government has long known that you are behind it, but they don't want to get into a stalemate with the Su family for the time being, so arresting the person who did it will no longer be pursued deeper, but if you still don't know better and hurry up and leave Japan, in case there is a change in the follow-up of this matter, in case one of our people gives you up, I'm afraid that the Japanese government will change your mind and take you down!"

Su Shou Dao thought about it, and also felt that Dad's words made sense.

The current situation belonged to the Japanese government more or less sold the Su family a little bit of face, as long as the murderer was brought to justice, they could not hold the responsibility on the Su family's head.

But if you don't keep a low profile at this time, and instead run to Osaka and try to mediate a rescue by all means, then it might be a bit of a shame in the eyes of the Japanese government.

By then, the Japanese government was guaranteed to turn the other cheek.

Thinking about it, he sighed and said, "I know dad, I'll fly back from Aomori in the morning."

Chapter 1862

"Mm." Su Chengfeng said, "You have to deploy yourself, don't put all your thoughts on Ruo Li, the Su family is in even more trouble now, when we come back, we have to have a meeting to discuss the feasible solutions at this stage, if we don't quickly fill up the lost power, some families will be ready to move!"

"Okay, I get it!"

.....

At this moment.

Yanjing, the Ye family.

The Su Family's major news in Japan had instantly exploded throughout Yanjing's public opinion.

All the families were shocked by this news, as no one expected that the Su Family, as the top family in China, would suffer such a huge loss and defeat in Japan.

However, this news was a huge nightmare for the Su family, but for the other families, it was a piece of good news that couldn't be better!

The Su family was indeed too strong in Yanjing, except for the Ye family which could barely fight him, the gap between the other families and him could be described as heaven and earth.

Now that the Su family's strength was severely damaged, for the other families, the gap between them and the Su family had naturally narrowed a bit, so everyone was naturally happy to see the Su family's jokes.

Among them, the Ye family was naturally the one that was the most excited, bar none.

Ye Zhongquan excitedly paced back and forth in the villa's living room, reciting, "That group of experts from the Su family has always been a trouble to my heart, especially that Su Ruo Li, who is young and frighteningly strong, with a very strong ability to do things and an outrageous execution, has always been a thorn in my side and a thorn in my flesh, but I didn't expect that it all folded in Japan this time!It's wonderful!"

"Yes!"Ye Changkong on the side was also full of excitement, "The Su family has really lost a lot this time, the top experts were wiped out by Japan in one nest, and they will have to behave with their tails between their legs for a long time to come!"

Ye Zhongquan nodded and asked him, "How did Kaede talk to Ito Yuuhiko?"

Ye Changkong shrugged: "Kaede met up with Ito Yuuhiko at the hospital, but Ito Yuuhiko doesn't seem to have much interest in continuing this business at this stage, so it doesn't look too upbeat."

Ye Zhongquan said, "It's understandable, after all, losing both legs is something that even ordinary people may not be able to accept, let alone a period of depression for a top Japanese tycoon like Yuhiko Ito."

Ye Changkong asked again, "Then should I let Kaede come back, or should I let him continue to stay in Tokyo to have a look?"

Ye Zhongquan thought about it and said, "Stay in Tokyo for now, go see Ito Yuuhiko in two days, maybe his attitude will loosen up, it's still a few days before the New Year, let Kaede stay in Tokyo until the 29th of the lunar month and then come back."

"Good."Ye Changkong nodded and said, "Changmin will go to Jinling first thing tomorrow morning, it would be great if Tatsuo would also like to come back for the New Year!"

Ye Changkong accosted a smile and casually echoed, "It's good if Chen'er is willing to come back, but if he's not, we can't force him"

The first thing that I want to do is to tell you that I'm not going to be able to do anything about it, and that I'm not going to be able to do anything about it," he said.The Su family presses through!"

Chapter 1863

The plane that Ye Chen was flying on landed safely at Jinling Airport at ten o'clock that night..ajaig.

In order to give Xiao Churan a surprise, Ye Chen didn't tell her that he would be back tonight.

Chen Zekai had already arranged a convoy to pick up the plane, so as soon as everyone got off the plane, they shared a few cars and went home separately.

Hong Wu and Wei Liang left separately, and Richard Chen took the initiative to drive Ye Chen back to Tang Chen Yi, so Ye Chen naturally didn't refuse.

After getting into the car, while driving, Richard Chen smiled and said to Ye Chen, "Young Master, this time we have screwed the Su family so badly, if the Su family finds out, they are afraid that they will fight us to the death."

"It doesn't matter." Ye Chen smiled "The Su family is now unable to protect itself, having lost so many people, I'm afraid that it won't be able to recover in a few years, it's definitely not going to be able to take care of itself."

"That's true" sighed Chen Zekai "Su Ruorui, who everyone in Yanjing talks about, was even screwed in by you, the Su family really lost a lot this time."

"Su Ruo Li?" Ye Chen frowned and asked "Who is Su Ruo Li?"

Chen Zhai Kai said "The woman you greeted her on the plane, she's Su Ruo Li, one of the strongest experts in the Su family right now."

"Oh?" Ye Chen asked curiously "Is she an heir of the Su family?"

"No way." Chen Zekai said "It's just that she also happens to be surnamed Su, she came to work for the Su family at the age of eighteen, and it's only been three years since then, but in these three years, she's made quite a lot of noise, and her strength is truly not to be underestimated."

Ye Chen lightly nodded his head and smiled "Unfortunately, I won't have the chance to spar with her."

Chen Zekai laughed "Young Master, she's just an expert among ordinary people, how can she compare with you, if you just say a word of thunder, I think that Su Ruoli's girl will be reduced to dust!"

Ye Chen said indifferently "This kind of thing, the Order of Striking Thunder, can't be used too often, in the future, if there is a chance, I still hope to have a chance to cut with a real martial arts expert."

Chen Zekai said "The martial arts experts in the country are mostly in Yanjing, some of them are serving the government and some of them are serving the top families."

Ye Chen smiled slightly and said "If you have the chance, you can go to Yanjing again for a spin."

As he was saying that, Richard Chen's cell phone suddenly rang.

His phone had been placed on the phone stand in the car, he looked down and exclaimed in alarm "Young Master, the one who called, it was your aunt."

"My aunt?" Ye Chen frowned, and the image of a young woman came to his mind.

He had an impression of his aunt, Aunt Ye Changmin was two years younger than his father, and hadn't been that close to his father in the past, and naturally wasn't that close to any of the three members of the family.

In his memory, his aunt was a rather snobbish woman, and because she felt that uncle was the eldest son, she had been close to him since childhood.

Moreover, since uncle and dad were a little bit not very good at dealing with each other, the aunt was in uncle's camp and used to always try to do everything possible to help uncle squeeze dad, which was what made Ye Chen rather annoyed.

Chen Zekai was also a bit puzzled at this time and said, "I don't have much contact with your aunt, I don't know why she suddenly called me, I'll take it first."

"Good." Ye Chen instructed, "Don't reveal any information related to me."

"Okay young master!"

Chen Zekai said and reached out to press the answer button.

As soon as the call came through, he said respectfully, "Hello, Miss!"

Chen Zekai was a servant of the Ye family, and the servants addressed the lord's family, except for the old man who was the master, Ye Changkong, Ye Changsha, and Ye Changmin, these were the young master and the young lady.

Chapter 1864

As for Ye Chen's generation, they are usually addressed as Little Young Master and Little Miss..avsohu.

On the phone, Ye Changmin spoke with a somewhat superior tone, "Little Chen, you've been in Jinling lately, haven't you?"

Chen Zhaichai hurriedly said respectfully "Back to Miss, I'm in Jinling."

Ye Changmin gave a hmmm and said "Make the presidential suite of the Jinling Shangri-La Hotel available to me tomorrow, then arrange for a fleet of vehicles to meet you at the airport, I'll probably fly there in the morning."

Ye Changmin traveled, usually also by private jet, so there was no specific takeoff time at all.

If you get up early, you leave a little earlier; if you get up late, you leave a little later.

After hearing this, Richard Chen was surprised and asked "Miss you are coming to Jinling?! I wonder what else I need to prepare for?"

Ye Changmin spoke up and asked "What has Ye Chen been up to lately?"

Ye Changmin said in a somewhat contemptuous tone "The young master of the Ye family, it's not enough for him to marry into a third-rate city's last-rate family, it's not enough to give him an imperial group, he doesn't go to manage it properly, he only knows how to stay at home every day to accompany his wife and do household chores, what a disgrace!"

Chen Zhai Kai was so embarrassed that he didn't know how to respond for a moment, and only after thinking for a moment did he ask, "Eldest Miss, are you here this time to see Young Master Chen?"

"Right." Ye Changmin spoke up, "Tomorrow night, ask Ye Chen to come meet me at Shangri-La, just tell him I'll invite him to dinner."

Chen Zhaji was busy "Oh good, I'll speak to Young Master Chen later."

"Mm." Ye Changmin spoke up "Right, I'm a person who sleeps rather recognizing beds, what brand of bed do you use in that presidential suite's master bedroom?"

Chen Zekai thought about it and said, "It seems to be the American Simmons Black Label series of bars, all original imports."

Ye Changmin blurted out, "Replace it! Switch to a Swedish Hesten bed, and ask for their high-end series."

Hesten's bed was arguably the most expensive bed in the world, a random entry-level mattress would cost hundreds of thousands of dollars, and a mattress from the high-end series would cost millions.

If you counted the bed frame, it would be at least two million.

Even a five-star hotel wouldn't use such an expensive bed.

But since Ye Changmin had spoken, Chen Zhaichai could only agree and said, "Miss, there shouldn't be any Heston stores in Jinling, so I'll arrange for someone to go to Zhonghai tomorrow morning to buy it, and then drive it back to replace it for you."

"Mm." Ye Changmin's voice sounded quite satisfied, and continued, "Right, and the quilt, I want to cover the quilt made of Iceland Goose Duck Down, you bought it for me together."

Icelandic geese and ducks down is the world's most top-notch, most precious and rarest kind of top-notch down, using the soft down from the chests and armpits of Icelandic geese and ducks, it is very precious, and it costs at least a million to make a quilt.

In other words, Ye Changmin would have to spend at least three million just to prepare the bed and quilt for the night.

But Chen Zekai didn't dare to have any doubts and immediately spoke, "Okay Miss, I will definitely do everything tomorrow."

Ye Changmin gave a hmmm "Okay, that's it, hang up."

After saying that, she directly hung up the phone.

Ye Chen now frowned and asked "This aunt of mine, suddenly coming to see me in the cold, what kind of medicine is in the gourd?"

Chapter 1865

Hearing Ye Chen's question, Chen Zhai Kai was also puzzled, "Young Master, to be honest, I don't really know your aunt well, with my identity, it's actually difficult for me to have any direct contact with the immediate members of the Ye family, Butler Tang will have more daily contact with them, why don't you call and ask him?"

Ye Chen waved his hand and said calmly, "Forget it, there's no point in calling and asking, let's see what she really wants first."

Chen Zekai asked again, "Then are you going to have dinner with your aunt tomorrow?"

Ye Chen nodded, "Go, if you set a time, just tell me then, and don't come pick me up, I'll go there myself."

"Okay!"first issue

Ye Chen's mind thought of his aunt's previous appearance, the impression was that she was a rather unruly and mean woman, she married a young master of a quasi-first-tier family in Yanjing when she was five years old, and later gave birth to a son, and then she was not sure what happened after that.

So, Ye Chen asked Richard Chen, "Old Chen, my aunt is in the Ye family, what exactly is her status now?It's reasonable to say that she's married and shouldn't be able to meddle in her mother's affairs anymore, right?"

Richard Chen answered truthfully, "Young Master, your aunt has long since separated from her lover, and since the separation, she has moved back to the Ye family."

In the meantime, Ye Chen's eyebrows knitted together and asked, "Separated?What's going on?"

Chen Zekai accosted with a smile and said, "Actually, it's true that we as servants shouldn't say such things, but since you asked, Young Master, I'll talk to you about it"

Immediately, Richard Chen made a slight pause and explained, "When your aunt first married into the Sun family, although the Sun family was not as good as the Ye family, it was at least a quasi first-tier family in the entire Yanjing, and its overall strength was considered very good.However, six or seven years ago, the Sun family bet their treasure on the steel industry and invested a large sum of money to start a steel group, and it coincided with the continuous collapse of the steel industry, so the Sun family also lost a lot of money, and the family industry lost at least half of it."

At this point, Richard Chen smiled helplessly, "Ever since the Sun family wasn't doing well, your aunt has been wanting to divorce, but the Master felt that divorce would be disgraceful, so he didn't let her divorce, so your aunt fortunately moved out of the Sun family and returned to the Ye family, and then she started working in the Ye family again."

Ye Chen lightly nodded his head and grinned, "It seems that this aunt of mine isn't a saver either."

Chen Zekai accosted him and said, "Your aunt's temper is really quite bad, and she is also famous in Yanjing, so when you meet with him tomorrow, in case something bad is said, don't be too impulsive."

"Okay, I know."Ye Chen smiled faintly and said, "Actually, I can guess without thinking that she probably wants me to return to the Ye family."

"Yes."Chen Zekai agreed and said, "I think so too, Butler Tang said that the Master really wanted you to go back, and considering that you might be rather resistant at first, that's why she didn't explicitly bring this up."

Ye Chen smiled, "The Ye family should be very happy this time when something happens to the Su family, right?"

Richard Chen also smiled, "You are indeed doing the Ye family a big favor, the Su family hasn't suffered such a big loss in many years, the Master should be very happy."

Ye Chen put away his smile and sighed, his gaze grew more resolute as he said, "These two families, which one to fight is only a bargain for the other, one day it will be a true success if we can step on them together!"

.....

It was already eleven o'clock at night when Richard Chen drove up to the entrance of Thomson Yipin.

Ye Chen carried his suitcase, walked into Thomson Yiyin by himself, came to the door of his villa, and directly swiped his card to enter the courtyard.

The house was brightly lit, and thinking that his wife and in-laws were still awake, Ye Chen opened the door directly with his fingerprint.

At this time, Xiao Churan, Xiao Changkun and Ma Lan's family were sitting in front of the living room, watching TV with great concentration.

Chapter 1866

When she heard the sound of the door, she turned her head and saw that it was actually Ye Chen who came back, and ran towards him in surprise, shouting excitedly: "Hubby, why are you back today? Didn't the video yesterday say it might be another two days?"

Ye Chen smiled, "That wasn't meant to be a surprise for you!"

After saying that, Xiao Churan had run to him and jumped into his arms at once.

During the few days that Ye Chen had gone to Japan, Xiao Churan had been missing him every day and night.

Before this, she had rarely felt this way.

It was that Ye Chen had missed him when he went to Yanjing, but it wasn't as bad as thinking about him.

So, at first glance, when she saw Ye Chen suddenly come back, she couldn't care about the reserve she had been holding and directly hugged him.

Ye Chen didn't expect that his wife would hug him directly in front of his father-in-law and mother-in-law, and was a bit happy and shy for a moment.

So he said to Xiao Churan, "Wife, if you want to hug it, you can wait until you get back to the house, after all, Mom and Dad are still watching."

Xiao Churan also came back to her senses and blushed all of a sudden.

She was a little shy and a little scared and said, "We just watched TV, it turns out that a few days ago there was a tragedy in Japan that killed more than thirty people, it was so scary!"

Ye Chen was surprised and asked, "It's all reported in China?"

"Yes!" Xiao Chu Ran nodded repeatedly and said seriously, "Several TV stations are broadcasting it, it seems like they even sent out the army to arrest the suspects at the airport, the suspects alone caught three buses, the security in this Japan is also too terrible, had I known it was so chaotic over there, I said I couldn't let you go!" Fastest Update

Ye Chen smiled and said, "I didn't know it was so chaotic over there, but it should be just a coincidence."

Ma Lan had run over happily at this time and said in a flourish, "Oh my good son-in-law, you're finally back! You don't know how much Mom misses you these days when you go to Japan!"

Immediately Xiao Changkun was on the verge of dismantling the stage, snorting, "Which one of you is thinking of someone else Ye Chen, you're thinking of what they brought you!"

Ma Lan immediately glared at Xiao Changkun and scolded him, "Xiao Changkun, you're farting! What my mother says is from the bottom of her heart, and even if my good son-in-law doesn't bring me anything, I still miss him!"

After scolding this voice, Ma Lan immediately turned her head to look at Ye Chen and asked with a smile, "Good son-in-law, have you brought a gift for mom this time back?"

Ye Chen nodded, "I brought them all."

Saying that, he took out the gifts he bought.

First, he took out the ring that he gave to Xiao Churan and handed it to his wife and spoke, "Wife, this is for you, open it and take a look."

Xiao Chu Ran asked in surprise, "What is it?"

Ye Chen smiled, "You'll know when you open the package to see."

Ma Lan, who was on the side, also hurriedly urged, "Churan, hurry up and open it ah, also let mom open her eyes to see what gift her good son-in-law has prepared for you!"

Chapter 1867

Seeing that Ma Lan was already full of eagerness, Ye Chen put the suitcase on the ground and prepared to open it.

Ma Lan on the side had already been unable to hold it down and squatted down and said flatteringly, "Oh good son-in-law, how can I still trouble you with this kind of thing, mom come help you with it!"

Ye Chen smiled helplessly and didn't object.

Ma Lan opened the box and saw a large boss bag placed at the top, and couldn't help but say, "Hey, this boss should be a man's suit, right?"

Ye Chen nodded and said, "This is the suit I picked out for Dad, he's now the executive director of the Painting and Calligraphy Association, there's always social activities and whatnot, and the size is also a leader, so you have to be a bit decent to go out!"

Xiao Changkun was beside himself with excitement, "Oh Ye Chen, you're really Dad's good son-in-law! Dad's always wanted a suit to wear out to tea, but he just couldn't bring himself to do it. I can't believe you did it for him! Dad thank you so much!"

Ma Lan left her mouth open and disdainfully took out the suit's bag and threw it at Xiao Changkun's feet, despising him, "Your old thing also deserves to wear such a nice suit? Don't even look at your old face, do you deserve it?"

Xiao Changkun said in exasperation, "How am I not worthy? I haven't gotten fat even in my early fifties, unlike you, my body is already out of shape!"

"What did you say?!" Ma Lan was so angry that she blurted out, "How dare you say that I'm out of shape! Tired of living, aren't you?"

Xiao Changkun quickly shrank his neck, and said with anger, "I was just joking"

Ma Lan stared at him fiercely before saying to Ye Chen, "Good son-in-law, what boss suit did you buy for him, just this old thing of his, wearing a fake would be good enough for him, I see that the fake Rolex you gave him to find last time is not bad, matching his bad old man is proper enough!"

Ye Chen smiled, "Mom, Dad's suit doesn't cost much, it's on sale, the gift I bought for you is much more expensive than this."

As soon as Ma Lan heard this, she burst out laughing and said joyfully, "Really? Ouch! And my son-in-law loves me! What did you buy for Mom, show it to her!"

Ye Chen took out the two Tiffany boxes and handed one of the slightly larger ones to Ma Lan.

"Mom, this is for you."

As soon as Ma Lan saw the Tiffany logo on the package, she immediately danced with excitement, "Oh my! Tiffany! This, it's an international brand!"

Saying that, she immediately couldn't wait to unwrap the package.

Then, she opened the beautiful Tiffany jewelry box and took a quick look inside to find a gold bracelet full of diamonds lying there, dancing with surprise!

"Mom!! I know this bracelet! They're selling for hundreds of thousands in China! It must not be cheap to buy in Japan, right?"

Ye Chen smiled, "It's good that Mom likes it, it doesn't matter how much money you have."

Ma Lan was all smiles, "Or else my son-in-law is the best! Look at that, Mom is beautiful to hear!"

After saying that, he quickly put the bracelet on his hand, leaned into the light and carefully observed it from all angles, while exclaiming, "People this Tiffany stuff is just well made! Fine

workmanship, can't pick out anything wrong with it at all! Wearing it on my hand simply goes too well with my temperament."

Although Xiao Changkun at the side secretly left his mouth, he didn't dare to say anything sarcastic.

Ye Chen then took out another slightly smaller gift box from the box and handed it to his wife, Xiao Churan.

Chapter 1868

"Honey, I bought this for you, open it up and see if you like it!"

Xiao Churan said in surprise, "Bought it for me too? Hubby, it's not easy for you to make money, I don't usually see you spending money for yourself, and you always buy me things when you go out"

Next to her, Ma Lan hurriedly said, "Silly girl, people Ye Chen this is love you, love you, spoil you, absolute model of a good man! Look at this old cheapskate of a father of yours, when did he ever give me anything of value?"

Xiao Changkun was upset, "The financial power of the family used to be held by you, I don't even have an allowance, so how can I give you something?"

Marashi spat, "I pooh! Other husbands, even if they don't have money, will do everything they can to give their wives things, how about you? You'll make excuses about not having money, and in all these years, you've never hidden any private money yourself?"

Xiao Changkun picked up the suit that Ye Chen gave him and grunted, "I'm not going to talk about this useless stuff with you here, I'm going back to my room to try on the suit that my good son-in-law bought for me! It just so happens that there's an event at the Calligraphy and Painting Society tomorrow, so I'll be there in this new suit!"

Xiao Churan had now carefully unwrapped the gift box packaging.

When she saw that inside the jewelry box, there was a sparkling and shining diamond ring lying, she covered her mouth in shock!

Ma Lan on the side immediately stared several times as wide eyed and exclaimed in shock, "Oh my dear mother! A diamond this big? How's that for a three carat?!"

Ye Chen smiled, "Then you're really quite knowledgeable, the main diamond on this ring, 3.2 carats!"

"Ooh!!!"

Marashi felt numb all at once and exclaimed in shock, "This big?! That's got to be a million or so!"

Ye Chen smiled, "It's only like 800,000 RMB!"

"It's only eight hundred thousand?!" Marashi touched his chest and lamented, "My goodness! My son-in-law is really something! A diamond ring for over eight hundred thousand dollars, and that's a lot of money! Amazing! Remarkable!"

Xiao Churan beside her couldn't help but get shocked and spoke up, "Ye Chen, you're busy running around every day, it's not easy to make money, why would you buy me something so expensive ahThis ring is so expensive, I can't wear it out, isn't this a waste of money"

Ye Chen seriously said, "Wife, we've been married for so long and haven't bought you a ring, just think of this ring as my belated wedding ring for you!"

Xiao Churan's eyes filled with tears as she was moved all of a sudden.

She looked at Ye Chen and choked, "If you really want to buy a wedding ring, then it's fine to buy one that's 20,000 to 30,000, you don't want to buy one that's so expensive ah"

Saying that, she wiped her tears and continued, "And look at youEvery time you just buy things for me, buy things for your parents, but never buy things for yourself, how can my heart go over"

Ye Chen smiled slightly, took the ring out and picked up his wife's right hand again, and said seriously, "Choran, it's my good fortune to be able to marry you, thank you for not giving up on me for so many years, this ring is what I owe you as a husband, and now I'm making it up to you, you must accept it before you can!"

"Exactly!" Ma Lan also helped out and echoed, "Daughter, look how nice he is, how attentive he is to you, Ye Chen! You must have a good life with Ye Chen, and having a child quickly is the most important thing!"

Xiao Churan was still moved by Ye Chen's affectionate confession, but when she heard this, she blushed red.

At this time, Ye Chen carefully placed the ring on her right ring finger and said with a smile, "Wife, companionship is the longest confession, thank you for staying with me all these years!"

Chapter 1869

At this time, Xiao Churan had been moved to tears.

Looking back at the years of marrying Ye Chen, her heart was also filled with the same emotions.

Back then, her grandfather had to let her marry Ye Chen, she didn't understand and her whole family strongly opposed it, but he still used his authority to compromise her.

However, the forced marriage made her have a wrong perception of marriage from the beginning.

After marrying Ye Chen, the marriage she thought was to follow her grandfather's request and be Ye Chen's wife, and the two of them would just live in partnership, whether they were suitable or not was not important, and whether they liked it or not was also not important.

Therefore, the two of them were respectful of each other for a long time, and between them, although they were nominally husband and wife, they were actually just strangers living under the same roof.

Especially when they first got married, Xiao Churan also suffered from strong pressure from all sides because of Ye Chen's identity.

At that time, everyone was in her ears, constantly telling her: Ye Chen is a waste, a loser, a trash, she shouldn't be with Ye Chen, she should divorce Ye Chen quickly.

But for that time, since she chose to marry him, whether it was by choice or not, she didn't want to go down the path of divorce.

After all, all along, Ye Chen had never done anything wrong.

Then later, in her married life with Ye Chen, she gradually saw the sparkling points in Ye Chen and gradually cultivated some good feelings.

However, she had never understood what kind of feeling it was to like and love.

After all, Xiao Churan had never been in love before, and was relatively ignorant and foolish about feelings, so much so that the two of them had been so muddled up to this day.

And now, facing Ye Chen's profound confession, she suddenly had a feeling of her heart beating extremely fast in her heart, a feeling that made her breathe fast and dizzy.

Of course, it also moved her to tears.

Ma Lan, who was on the side, was heartily happy to see this scene.

She now truly felt that Ye Chen was indeed a good son-in-law who could stand the test.

In the past, those rich second generations who liked Xiao Churan, although they were also extremely flattering to themselves, but the ones who could truly make it to Ye Chen's step were almost none.

Thinking back to the past, when I treated Ye Chen so much and insulted him so much, Ye Chen still carried the respect of a son-in-law to his mother-in-law and always called himself a mother, from this point alone, Ye Chen was a good young man who repaid his grievances with virtue.

What's more, he had repeatedly gotten into big trouble, and in the end it was Ye Chen who helped him settle it, and even saved his own life more than once, these were even more classic examples of repaying grudges with virtue!

Most importantly, it was still Ye Chen who was now finally making something of himself.

More than a hundred million Tomson Villa, two BMW cars,[81 Chinese www.zw-du.me] are all earned by Ye Chen's efforts, and every time he goes out to show others feng shui, he also buys many expensive gifts for himself.

Such a son-in-law is honestly really hard to find even with a lantern.

Moreover, he was also really good and attentive to his daughter, which was even more rare.

So, she hurriedly said to Xiao Churan, "Churan, Ye Chen is flying back so late, he must be tired, you two should hurry back to your room, take a shower together and go to bed early."

"Huh?" Xiao Churan's whole person was startled, his face was red, and he said at a loss for words, "MomWhat are you saying?What are you talking aboutWhat bath together"

Ma Lan said in a serious manner: "Isn't it normal for two couples to take a bath together? It just so happens that the bathroom inside our big villa also has a luxurious bathtub, that bathtub soaks two people just right, you can also give Ye Chen back rubs and so on, how good"

Xiao Churan was so shy that she could not wait to pick up a crack and drill into it.

Although she was now in her twenties, she was actually still a young girl who had never been in a serious relationship before.

Ma Lan suddenly asked her to take a bubble bath with Ye Chen and also asked her to rub Ye Chen's back, she suddenly couldn't adapt at all, she was shy and ashamed.

Chapter 1870

Ye Chen knew that his wife was a woman who was easily shy and had no experience in that area at all, how could she carry Ma Lan with such ridicule.

So he hurriedly said, "Mom, Churan is thin-skinned, so don't make fun of her."

Ma Lan smiled and said, "Churan, see? How much he thinks of you, Ye Chen!"

Saying that, she stretched and said, "I'm not going to talk to you guys anymore, I have to go back to my house and take a good picture of my bracelet, you guys should get some rest too!"

As he was talking, Xiao Changkun came out of the elevator wearing a brand new boss suit.

As soon as he saw the three of them, he turned around in the elevator with a smug face and smiled: "Look, I'm still a bit of a bottom, right? This suit is simply like a tailor-made one, and you can say that my body, in my fifties, is still not fat, which is rare in the world."

At this time, Xiao Changkun, wearing a high-grade and decent suit, really looked very decent, plus he did manage his body very well indeed, at first glance it really didn't look like someone in his 50s.

But Ye Chen's heart was very clear, his father-in-law Xiao Changkun was actually a lazy man, he didn't usually exercise much at all, the reason why he was able to maintain his body so well was entirely because he had been tortured by Ma Lan for so many years.

Although the current Ma Lan was much more restrained, but the previous Ma Lan was simply a female devil, whoever had such a daughter-in-law would be terrible, every day was annoyed and bored, not even having any appetite for food, and it was unlikely that she would want to gain weight.

So, Ye Chen opened his mouth to praise, "Dad, when you dress up like this, you look like you're only forty years old, you really do show off your style!"

"Right! Hehehehe!" Xiao Changkun smiled proudly and said, "When our old Xiao was in college, he was also a famous schoolmaster, no worse than those little fresh meat now!"

Xiao Churan shook his head helplessly, "Dad, when will you be a little more humble, if you say something like that, it will make people laugh!"

Xiao Changkun trailed off, "What are you afraid of?Your father and I are placed at the top of the old man's pile, that's definitely one of the best, and to use an idiom, it's called a flock of cranes!"

Ma Lan looked at the young and imposing Xiao Changkun and felt really bad about it.

She couldn't help but surmise in her heart, "Xiao Changkun, this dog, tidying up is really like that!Rather, I'm a figure that has continued to gain weight over the years and is getting a little out of control!All this time at home nursing a leg injury and even more a severe lack of physical activity which has led to constant weight gain!No way!!I have to lose weight and get back in shape!No matter what we say, we can't let him compare to Xiao Changkun!"

So, Ma Lan glared at Xiao Changkun in displeasure and didn't speak to him, but said to Ye Chen and Xiao Churan, "I'm going back to my room, you two also go back to rest early."

Xiao Churan blushed and responded, "Okay mom, you can go back to your room and rest first."

Xiao Changkun also said, "Ye Chen, go back to your room early and rest, you must be tired from running around for so many days, let Chu Ran put some hot water on you and have a good bath!"first issue

Xiao Churan thought of her mother's words just now, she couldn't help but feel shy, but when she thought about it, her husband was really working hard, a soak would relax her a lot, and her tiredness would definitely improve a lot.

So, she then said to Ye Chen, "Ye Chen, you accompany Dad to chat for a while, I'll go up and put water on you, just come up for a soak for ten minutes."

Ye Chen nodded his head.

After Xiao Chorán and Ma Lan took the elevator upstairs together, Xiao Changkun pulled Ye Chen to make him a cup of tea to relieve his boredom.

As soon as Ye Chen sat down, this phone buzzed and vibrated.

When he looked down, it was an unfamiliar number from Yanjing, so he stood up and said to Xiao Changkun, "Dad, I'm going to take a call."

Xiao Changkun said, "Answer the phone right here, and go out?"

Ye Chen nodded, "The client called."

Saying that, he stepped out of the gate.

Arriving in the courtyard, Ye Chen pressed the phone answer button and spoke, "Hello, who is this?"

On the phone, a woman's enthusiastic voice came out, "Oh Tatsuo, I'm your aunt!After all these years, Auntie can really miss you!"
