Chapter 1881

As soon as Ye Changmin left, Richard Chen hurriedly asked the three employees, "What the hell just happened?"

That Lilly choked: "Chen, Missy angry to lift the table, Miss Nan brought us over to clean the glass ballast, the results of Missy suddenly on us several hands, but also kicked Miss Nan's stomach, Miss Nan she is pregnant, I have to call an ambulance, Missy smashed my phone."

Nan, who was sitting on the floor with a pained face, spoke up, "Mr. Chen, I'm to blame for this, you mustn't take it out on the two of them, if the company wants to punish me, please punish me alone."

Richard Chen sighed and said, "I'm to blame for this, I'm the one who didn't protect you all properly, I'll first arrange for someone to send you to the hospital immediately, plus give you at least a month's leave, plus compensate each of you two hundred thousand dollars."

After saying that, he looked at the foreman sitting on the floor and said seriously, "Sister Nan, I'll contact the best gynecologist in Jinling to help you keep the baby, I'll do whatever it takes to make sure the baby is okay, if the baby can be saved, I'll compensate you with two hundred thousand dollars for settling the baby; if not, I'll compensate you with five hundred thousand dollars, and give you another year's paid leave to go back and rest and adjust and actively prepare for pregnancy!"

Everyone was completely relieved when Chen Zekai said that.

They were worried that Richard Chen would obey Ye Changmin's request and discipline them severely.

Unexpectedly, Richard Chen was taking care of everyone so well, such a merciful boss, it was rare!

Seeing that the three women were crying and thanking each other, Chen Zhaichai couldn't be bothered to persuade them, so he quickly took care of the security team and sent the people to the hospital urgently.

After the three of them were sent to the hospital, he sighed in his office, "I really don't know how long Ye Changmin, this aunt, is going to be in Jinling, and I don't know what more excessive things she will do, but it's a pity that I am the Ye family's servant after all. There's nothing we can do about it, and it looks like we can only hope for the young master when the time comes!"

Ye Chen didn't put this aunt of his in his eyes, let alone in his heart, and after returning home, he started to prepare for the New Year with his family.

Since it was the first Chinese New Year in the Townsend's Grand Villa, the family of four was quite focused on the rituals of this year's Spring Festival.

Xiao Chorán bought a lot of decorative window flowers, stickers and red lanterns and other ornaments, intending to dress up the house with her own hands to make it more festive.

Although Ma Lan is very lazy, she is very vain and wants to decorate her home quickly and take more pictures to show off to her friends, so she followed Xiao Churan and got busy.

When Ye Chen came back, he joined in as well.

Xiao Churan took out a bunch of beautifully made red lanterns from the large cardboard box she had purchased online and said to Ma Lan, "Mom, I want to decorate the terraces on the third and second floors, and hang these red lanterns on the balustrades of the terraces, and power them up after dark, the effect will be especially good." Updated fastest.

Ma Lan agreed without hesitation, "OK! It's the New Year, it just has to be festive, I'll go hang it up later!"

Xiao Churan was busy saying, "Mom, I have something else that I want to discuss with you."

Ma Lan smiled and said, "Okay! Just tell me what you need!"

Xiao Churan said with some embarrassment, "Your third floor balcony has been hanging a large pile of various green hats, this New Year's Eve, hanging so many green hats is really a bit inappropriate, why don't we remove the green hats?"

As soon as Ma Lan heard this, she got off the hook without hesitation, "How can that be! Those green hats can be for that old thing Xiao Chang Qian, in order for him to wake up every day, open his eyes and see this pile of green hats, and then mope around all day, if I withdraw them all, wouldn't it be a waste of money?"

Xiao Churan was helpless: "Mom! It's New Year's Eve, every family is decorated with lights, if our family still has so many green hats, how bad will it look then?"

Chapter 1882

"That won't work either!" Ma Lan was very stubborn and said, "Those cuckolds are my magic weapon against the Xiao family, I just want them to forcefully remind them every day that Qian Hongyan is pregnant with a wild seed outside!"

Marashi then suddenly remembered something and laughed again, "Hehe! I'll hang these lanterns and those green hats, one by one, together later, and when the lanterns are opened, the red lanterns will stand out against the green hats! It will definitely piss off the Xiao family!"

Xiao Churan advised, "Mom, it's New Year's Eve, you have to forgive people!"

Ma Lan snorted, "Don't you dare try to persuade me, it's useless to persuade anyone, don't you know my leg was broken by your grandmother? And my two front teeth, too, are thanks to her, and I'll never forgive her for this!"

Xiao Churan saw her mother's face full of resolute, and felt a sudden sense of helplessness.

It seemed that there was no possibility of trying to persuade mom to change her mind.

At this time, Ma Lan herself carried a pile of red lanterns and stepped towards the elevator as she said, "I'm going to hang the lanterns up with that pile of cuckolds!"

Half an hour later.

The Xiao family, organized by Old Mrs. Xiao, was also in their own villa with lights and good cheer.

The current Xiao family was not what it used to be, the Xiao family had gotten Wu Donghai's investment before, and after paying off all the debts, they had taken a little small project from Wu Donghai, and now they had turned a profit.

Old Mrs. Xiao also got back the villa, antiques, and paintings that had been seized by the bank before.

Since Wu Donghai had promised to lend the family this luxurious villa in Townsend for ten years, Old Mrs. Xiao simply rented out the old villa and was able to earn back a little rent.

With the company alive enough again and all the previous assets back in their hands, Old Mrs. Xiao could now be said to be in high spirits.

Xiao Changqian's family knew that their future happiness depended almost entirely on the old lady, so they had been offering her as if she were the Empress Dowager.

He, Xiao Hailong and Xiao Weiwei are all in important positions in the group, and are very prosperous.

Xiao Hailong and Xiao Weiwei are living the life of a rich second generation again, and of course, they are full of joy.

Qian Hongyan is the only one in the family who is having the worst time, and no one gives her a good look.

Xiao Changqian and Old Madam Xiao hated her with a passion, but they couldn't get rid of her because of Wu Donghai, so they regarded her as a thorn in their side.

Xiao Hailong and Xiao Weiwei also feel that this mother of theirs is too humiliated by the fact that she was previously pregnant with a wild seed and contracted a venereal disease, so they love to see her every day.

Being ostracized by her entire family made Qian Hongyan feel hurt.

Especially when she saw the four members of her family, surnamed Xiao, smiling all day long, while she could only stay home to sweep the floor, cook and wash clothes, just like a maid who didn't need any money, she felt even worse.

At this moment, seeing that they were all preparing all kinds of New Year's decorations, Qian Hongyan walked forward, licked her face and said flatteringly, "Oh my mother, why don't I come and help too! You forget that when we used to live in the old villa, I was the one who arranged the decorations for this house at the New Year!"

Old Mrs. Xiao glared at her with incomparable disgust and said, "What's this got to do with you? Get your ass out there and clean the windows! I'm telling you, after today, it's three days until New Year's Eve, and all the windows of the villa, you must clean them spotlessly!"

Chapter 1883

As soon as she heard the old lady say that she was to clean all the windows of the entire villa, Qian Hongyan collapsed.

She couldn't help but blurt out, "Mom! Our villa is so large, with so many rooms and so many windows, I just can't finish cleaning it from now until after the first month."

Old Mrs. Xiao sneered and said, "You still want to delay the first month? I'm telling you! If you haven't cleaned all the family's windows by the evening of New Year's Eve, I'll drive you out into the courtyard for New Year's Eve dinner!"

As soon as Qian Hongyan heard this, her entire body was going to be as angry as she could be!

If it wasn't for the fact that Xiao Changqian, Xiao Hailong and Xiao Weiwei were still here, she would not have wanted to rush over right now, kick the old lady to the ground, and then ride on her stomach and smack her that old face.

It was a pity that she didn't have the chance to do it.

Qian Hongyan was so helpless that even if she had ten thousand dissatisfactions in her heart, she could only swallow them all and said in a jar, "Okay mom I know I'll try my best to rub it."

Old Mrs. Xiao snorted, "Count you sensible! It's already a woman who has corrupted the family culture, if you don't listen honestly, even Wu Donghai can't save you!"

Faced with Old Mrs. Xiao's gruffness, Qian Hongyan was as annoyed as she wanted to be.

But at this time, she didn't dare to say a single word of rebuttal, and could only nod her head repeatedly and say humiliateingly, "Mom you are right, I will definitely listen to you!"

Xiao Chang Qian said at this time, "Mom, I'm going upstairs to hang some decorations."

Old Mrs. Xiao gave a hmmm and said to Qian Hongyan, "You go clean the windows now, hurry!"

Qian Hongyan had no choice but to find do.

Xiao Changqian side went upstairs to his own room, and was about to put some window flowers on the window, when he suddenly saw, opposite Ye Chen's house, Ma Lan's balcony suddenly lit up with a row of red lanterns.

It is also a good idea to use a small amount of money to pay for the services of the company, as the company will be able to provide you with a lot of money. Mobile One Second Remember to provide you with wonderful \fiction reading.

Xiao Changqian was furious!

The mouth can't help but yell, "Fuck, this Ma Lan is too much, and he even fucking matched the green hat with a red lantern, isn't this fucking old saying, red with green racing dog fart? It's fucking infuriating!"

The thought of Ma Lan not allowing herself to live in peace on New Year's Eve made Xiao Chang Qian's heart clogged with pain, so he gritted his teeth and went downstairs. Go settle the score with that Mashi!"

Old Mrs. Xiao frowned and asked, "What are you doing with Ma Lan at this time?"

Xiao Changqian was furious and cursed, "Mom, that bitch Ma Lan is really a bully, she hung so many green hats on the balcony for so long, it's not enough that she hung them for so long, but now she's even matched each green hat with a red lantern next to it, this is a fucking New Year's Eve that wants to make me go to hell!! I'm going to have to go and get her!"

Old Mrs. Xiao shouted harshly, "Stop right there! Go and settle the score with Lan Ma, you two can't beat Ye Chen? Do you two want to spend New Year's Eve lying in a hospital?"

Xiao Changqian, who was raging just now, became mute.

Chapter 1884

Ye Chen's strength was perverted, and if he was at home, finding himself and his son at the door would be tantamount to sending him to his death.

Thinking of this, he couldn't help but grit his teeth and say, "Mom! It's fine if I don't bother her today, but no matter what, I can't let Marashi hang on to those cuckold hats for the New Year!"

"I'm not going to be able to do anything about it," she said. What's face to our family now? It's the money that counts!

Xiao Changqian said in exasperation, "Then I can't keep putting up with that son of a bitch Ma Lan, can I? When the fuck is this a stop?"

Xiao Hailong then said with a black face, "Dad! Didn't you always say you'd find a way to screw Mashiro? I say we do it as soon as possible. It's best to ruthlessly screw her before the New Year, and also make it a bad year for Ye Chen's family, so that CEO Wu's side can also account for it! Otherwise, we'll always fail to make a move on their family, and Wu will soon lose patience with us!"

Xiao Changqian's expression was astonished as he blurted out, "Right! Previously that stinky bitch Ma Lan had a cast on her leg, she was stuck at home all day and didn't even go out, so I didn't have a chance to fix her, but I see that she seems to have removed the cast now, and is preparing for the New Year in the next two days, I think Ma Lan will definitely go out, so why don't we just find a chance to screw her and make her a ruthless, thorough lesson!" The mobile phone one second remember provides you with wonderful dread novel reading.

Saying that, he looked at Old Mrs. Xiao again and asked, "Mom, what do you think?"

Old Madam Xiao pondered for a moment and nodded, "We also really need to teach Ma Lan a lesson, at least create some trouble for the Ye Chen family, otherwise Wu Donghai might not feel comfortable in his heart either."

Then, Old Lady Xiao remembered something and said excitedly, "Wu Donghai happens to be coming to Jinling tomorrow to inspect a few projects, and is expected to spend the night in Jinling!"

When Xiao Changqian heard this, he quickly echoed, "Mom, isn't this just the right opportunity to repay someone, General Manager Wu! Why did Mr. Wu give us this villa to live in and invest in the Xiao Group? To be frank, isn't it just so we can disgust and disgust the Ye Chen family right under their noses? If we take the money and keep failing to do anything, we'll have to be unlucky too in case General Manager Wu blames us someday."

Old Mrs. Xiao gave a hmmm and spoke, "Alright Chang Qian, I'll leave this matter to you to think of a solution, I just have one request, grasp the right degree, don't get anyone killed, otherwise Wu Donghai may not be able to save us."

Xiao Chang Qian nodded his head and sneered, "Don't worry mom, I've already planned it, I'm going to kidnap Ma Lan and then take some unbearable pictures of her, it's better to find someone to get her pregnant too, so that their family will be disgraced!"

Old Mrs. Xiao frowned and instructed, "Chang Qian, I'm fine with you finding someone to do it, but you mustn't do it yourself!"

Xiao Chang Qian nodded, "Don't worry mom, I know what I'm doing!"

Xiao Hailong on the side hurriedly asked, "Dad, are you planning to do it tomorrow?"

"Right!" Xiao Changqian smiled sardonically, "Tie her up tomorrow and then wait for the evening to put on a show for Mr. Wu!"

Xiao Hailong was busy saying, "Dad, I used to know some friends who are pretty reliable, so I can let them help me then!"

Xiao Changqian smiled, "OK! You go find some young, strong men and a van, I have a buddy who has a vacant warehouse in the suburbs, and we'll get Mashiro there!"

Xiao Weiwei, who was on the side, asked, "Dad, what if Ma Lan doesn't go out tomorrow?"

Xiao Hailong nodded as well, "Yeah dad, what if Mashiro doesn't go out?"

Xiao Changqian said, "If Ma Lan doesn't go out, let's create an opportunity for her to go out! I've been watching her daily trajectory for the past few days, and don't worry, I have a way to get her out of the house on her own!"

Chapter 1885

The next morning.

Xiao Churan and Xiao Changkun left home early and went about their own business.

Xiao Churan's studio was closed in accordance with the national legal holidays, starting on New Year's Eve and resting until the sixth day of the New Year, a total of seven days off.

As for Xiao Changkun's painting and calligraphy association, it is a hobby group in itself, so there is no holiday to speak of, whether to go or not depends on everyone's mood.

It's not like Xiao Changkun has a problem with Ma Lan at home, so he can't wait to be at the Painting and Calligraphy Association on the first day of the new year.

Ma Lan didn't have any social life, so she was at home preparing the ingredients for the New Year's Eve dinner.

As for Ye Chen, after waking up early in the morning, he checked the Jiu Xuan Pharmaceutical operation report sent by Wei Liang through his phone.

Currently, several of Kobayashi Pharmaceutical's production lines in Japan had already started to smoothly switch production of Jiu Xuan Stomach Powder, and there was already a large amount of inventory in some time. First issue.

Ye Chen planned to launch the sale of Jiu Xuan Stomach Powder throughout Japan on the first day of the Lunar New Year, and at that time, the major TV stations in Japan would also broadcast the advertisement of Gu Qiuyi endorsing Jiu Xuan Stomach Powder.

As one of the most famous actresses in Asia, Gu Qiuyi's influence in Japan should not be underestimated.

In addition, the efficacy of Jiuxuan Stomach Powder is far superior to similar competing products, so Ye Chen believes that Jiuxuan Stomach Powder will be a hit in Japan.

Downstairs, Ma Lan was preparing the ingredients when the doorbell rang.

She stepped out of the courtyard and saw a courier brother standing outside the door, so she directly opened the door.

That courier guy asked her, "Is this Ms. Mashiro's house?"

Marashi nodded, "I am, why?"

The little brother then handed a small package to her and said, "Hello Ms. Ma, this is your same city express, please sign for it."

"Sent to me?!"

At this point Marashi was a little surprised, she didn't really shop online and hadn't bought anything online lately, so how come she still had her own same-city delivery?

So, after signing for the delivery, she suspiciously opened it up.

After opening it, Ma Lan found that the delivery included a set of high-end body care oil test kit, a beautifully made card and a printed letter.

She opened the letter and read the words on it: "Dear VIP, congratulations, you have been awarded the Lizzy High-end Beauty and Wellness Club body spa treatment package worth 8888 RMB.

After reading this, Mashiro said with joy, "Oh my go! A full body spa treatment for free? And such a good thing?!"

The thought of lying on a beauty bed in a beauty salon, enjoying a technician's unparalleled massage, made Marashi feel strangely itchy!

The first time I went to a spa, I hadn't thought about it for a long time, but I didn't think it would suddenly be a free spa in front of me, and I don't know if it was sent to me by mistake."

Thinking of this, Ma Lan immediately put that package card into her pocket and excitedly ran into her home, went straight up to her own room on the third floor and changed into a dress for going out, intending to go out immediately to get this spa done.

Thinking that Ye Chen hadn't gone downstairs yet, she came to the door of Ye Chen and Xiao Churan's room on the second floor, knocked lightly on the door and asked with a smile, "Good son-in-law, have you gotten up yet?"

Ye Chen got up and opened the door and asked, "Mom are you busy?"

Ma Lan smiled somewhat embarrassed, "That, mom is a bit out for a trip, breakfast is ready, it's in the kitchen, it's still hot, you should go down and eat it while it's hot."

Chapter 1886

Ye Chen nodded his head and said, "Okay mom, if you have something to do, go ahead and get busy."

Ma Lan hurriedly smiled, "Okay, okay, okay! Then mom will go out first, if you need anything, call mom!"

"Good."

Ye Chen didn't think much of it, after all, Ma Lan was an adult, and it was normal to go out of the house.

.....

Xiao Chang Qian had been on the terrace of his room at the moment, closely watching Ye Chen's door.

Seeing Ma Lan hurriedly leaving the door, he wiped a cold smile across the corner of his mouth.

Then, he quickly walked downstairs and said to Xiao Hailong, "Hailong, Ma Lan is out the door! How are those friends of yours getting ready?"

Xiao Hailong laughed, "Dad, don't worry about me, I'm all set to make sure that Ma Lan is gone without a return!"

Xiao Chang Qian was busy saying, "Come, come, come, review the whole plan with me again, I'll see if there are any mistakes!"

Xiao Weiwei and Old Mrs. Xiao also leaned over, waiting with an expectant face for what Xiao Hailong was going to say.

Xiao Hailong said with a smug face, "First of all ah, just now let the same city express delivery to Ma Lan sent that beauty card, that beauty salon is not called Lizzy Beauty and Wellness Club, the owner of this beauty club is a friend of mine in the past, he is having difficulties in business, has always wanted to transfer the beauty salon, but isn't the recent economic situation bad, so it has not been able to transfer out."Fastest Update

Xiao Chang Qian waved his hand, "Get to the point!"

Xiao Hailong was busy saying, "Don't worry Dad! I need to explain the whole plan to you guys!"

Xiao Chang Qian nodded: "Okay, okay, you say."

Only then did Xiao Hailong continue, "This friend of mine can't hold up now, so he wants to simply take advantage of the fact that the New Year members have more things going on at home and can't care to come for beauty treatments, and take the opportunity to roll up the money and run away, I told him that as long as he cooperates with me to do this show, he will give him 200,000, he is going to run away anyway, so naturally he is willing to make more money before he runs away."

Xiao Weiwei, who was on the side, hurriedly asked, "Brother, did you lure Ma Lan to a beauty treatment with the intention of tying her up at the beauty salon?"

"Right!" Xiao Hailong nodded and said, "That beauty salon also has a back door, when Ma Lan goes in for her spa, I'll arrange for technicians to put sleeping pills in her water, and when she passes out, we'll drive to the back door of the beauty salon and directly tie Ma Lan up and take her away from the back door, absolutely Godless!"

When Qian Hongyan heard this, she hurriedly asked, "Hailong, after you torture Ma Lan, what do you plan to do with her?"

Xiao Hailong said, "I haven't thought about that yet, what do you guys think?"

Qian Hongyan immediately gritted her teeth and said, "Find a black coal kiln and send her to dig coal as well!"

Xiao Hailong said awkwardly, "I don't know anyone who runs a black coal kiln either!"

Xiao Weiwei got out of her mouth, "Then send her to Africa to grow sugar cane! I've heard that there are a lot of illegal immigrants there who can't leave the continent of Africa for the rest of their lives but to bury their heads in the sugar cane fields and cut sugar cane!"

Xiao Hailong coughed and said awkwardly, "Vivienne, this is illegal smuggling you're talking about, how do I have anything to do with that!"

Qian Hongyan was anxious and blurted out, "Hailong, are you just going to find someone to sleep with Ma Lan and then take pictures and then release her?! That's too cheap for her, isn't it?!"

Although Xiao Chang Qian was disgusted with Qian Hongyan, he nodded his head in agreement when he heard this, "Yes! It's just finding someone to sleep with Ma Lan, and maybe it's letting Ma Lan take advantage of it instead!"

Old Mrs. Xiao pondered for a moment and spoke up, "We're also helping General Manager Wu by fixing Ma Lan, so why don't you call Chang Qian and ask him if he has any friends who run black coal kilns, and arrange for Ma Lan to dig coal there as well!"

Chapter 1887

Wu Donghai's life has been miserable lately.

His eldest son, Wu Xin, is still recovering at home by now, and his second son, Wu Qi, has not been getting any better and has basically been in a state of giving up on treatment.

On top of that, Wu Donghai's wife, Xue Yaqin, is also in the process of divorcing him recently.

The main reason for the divorce is still because of the initial deaths of Xue Nanshan and his wife Li Kaili.

Xue Yaqin feels that Wu Donghai did not protect his brother and did not find out who actually killed his brother.

In Xue Yaqin's eyes, what was even more excessive was that instead of helping his brother take revenge, Wu Donghai was at home every day, scolding his own dead brother. Mobile One Second Remember provides you with wonderful \ fiction reading.

Of course, Wu Donghai hated mad Xue Nanshan.

In his opinion, it was that son of a bitch who had completely ruined the Wu family's reputation, so much so that the Wu family's market value was directly cut off at the waist because of the setback to its reputation.

Originally the number one family in Jiangnan, now, it couldn't even be ranked in the top ten in Jiangnan.

What was even more unacceptable to him was that his own wife was so insensitive!

I haven't even blamed her for being over-indulgent to her brother and causing the Wu family to be implicated, but she blames herself instead, how outrageous!

Because of this, the two of them had simply fallen into a long cold war.

Originally, Wu Donghai doted on his wife, but now, he simply didn't even bother to pay attention to her and put all his thoughts into his business.

The current Wu Donghai only had one thought in his head, and that was to do everything possible to make the Wu family rise again!

It just so happened that he was following up on a real estate project in Jinling during this period of time, so early this morning, he came from Suhang to inspect Jinling.

As soon as he arrived at the project site, he received a call from Xiao Changqian.

On the phone, Xiao Changqian said obsequiously, "Hello, General Manager Wu! I'm Xiao Chang Qian, we haven't seen each other for a long time!"

Wu Donghai said nonchalantly, "Xiao Changqian, what do you want to call me about?"

Xiao Changqian hurriedly said with a smile, "Mr. Wu, it's like this, isn't it going to be New Year's Eve? Our family just figured that we can't let Ye Chen's family have a peaceful year, so we plan to make a move on Ye Chen's mother-in-law, Ma Lan, today, planning to find someone to give her that first, and then take some photos and videos and upload them online, so that Ye Chen's family will be disgraced!"

Wu Donghai suddenly came to the mood and raised his voice a few points, "Yo?Xiao Chang Qian, did I hear it right, your family, you finally dare to fight Ye Chen?"

Xiao Changqian said awkwardly, "Mr. Wu, it's true that I hadn't thought of a plan to start before, so I haven't made a move, but don't worry!This time we'll make sure to make this thing look good!"

Saying that, Xiao Chang Qian spoke with a bit of resentment: he Ye Chen is in Jinling, I heard that he seems to have some kind of nickname called the True Dragon on Earth, I'd like to see if his mother-in-law will still be able to hang on to his face as the True Dragon on Earth if he lets someone play with her!"

When Wu Donghai heard this, he smiled and said, "Not bad!Do this matter well, I won't treat you badly."

Xiao Changqian was delighted, and busily asked again, "By the way Mr. Wu, calling you, I actually want to ask you if you know any small bosses who run black coal kilns or the like, if you do, that would be really great, after I find someone here to take care of Ma Lan, I'll send her directly to the black coal kiln right after!"

Chapter 1888

Wu Donghai thought about it and said, "There weren't many coal mines in the south, so I really don't know anyone who runs a black coal kiln."

At this point, he suddenly remembered something and said with a smile, "But I do have a hairdresser whose family owns a brick factory, and the brick factory work is not at all easier than the black coal kiln, so I can send Ye Chen's mother-in-law there as a hard laborer!"

Xiao Changqian immediately laughed and said, "Oh my God Wu, this is really great, a bitch like this is the one who should be thrown into the black brick factory!"

After saying that, he quickly asked again, "Mr. Wu, do you think it would be convenient for you to give me your friend's address, and I'll have someone send it over directly after I get Ma Lan down to business!"

"Easy!"Wu Donghai sneered, "I have a deep hatred with Ye Chen, and now I just happened to have arrived in Jinling, there's no reason to miss such an enjoyable thing, you tie her up first, give me an address when the time comes, I'll go over and witness it with my own eyes!"

Xiao Chang Qian was busy and promised, "Don't worry, Mr. Wu, I'll make sure this is done properly, and I'll call you then to come and witness it with my own eyes!"

Wu Donghai gave a hmmm and smiled, "Alright, I still have work to do, give me a call when you're done."

"Okay Mr. Wu!"

As soon as Xiao Changqian's side hung up the phone, he immediately couldn't hold back his excitement and said to the family, "General Manager Wu said that he has a friend who runs a brick factory, so after we tie up Ma Lan and have her done as planned, we'll immediately send her to the brick factory and let her work hard in the brick factory for the rest of her life."

When Qian Hongyan heard this, her heart felt very unbalanced and she said in exasperation, "I was going to the black coal kiln, how come Qian Hongyan can go to the brick factory ah! That's too cheap for her!"

Xiao Changqian glared at her and said offhandedly, "You know nothing! The brick factory is much more bitter than the black coal kiln, although the black coal kiln is dirty, although tired, but the bottom of the shaft is warm in winter and cool in summer, the brick factory can be different, all year round fire bricks, the heat alone can not stand, not to mention the work of moving bricks is not easier than the coal digging, overall, the brick factory is more suffering than the black coal kiln!"

Qian Hongyan's heart was only a little more comfortable at this point.

However, she still had one more question she wanted to ask, but she swallowed back as her words came to her mouth.

So she could only wonder in her heart, "Hey, I wonder if Ma Lan will meet a lecherous overseer after she is sent to the brick factory, it would be great if she does, it would be best if she also gets a disease and then conceives a child!"

.....

At this moment.

The presidential suite of the Shangri-La Hotel.

Ye Changmin was making a small report to the old man Ye Zhongquan over the phone.

On the phone, she described Ye Chen as a good-natured, hot-tempered, low quality, and uncaring scum, and kept emphasizing to Ye Zhongquan, "Dad, this brat Ye Chen hasn't had any education for so many years, and his quality is extremely low, you can't let him go back to the Ye family ah, otherwise, our Ye family's face will be disgraced by him!"

Ye Zhongquan listened to her added little report and said indifferently, "Changmin, I always thought you were smart, but I didn't expect you to be so easily swayed by emotions, I'm so disappointed!"

When Ye Changmin heard this, she tensed up and asked out of the blue, "Dad, I Where did I not do well enough?"

Ye Zhongquan said coldly, "You still can't figure out why I want Chen'er back, can you?"

Ye Changmin said awkwardly, "Dad I really don't understand too well, if you ask me, the quality of Ye Chen is so low, not only can we not let him back, but we have to draw a line with him ah!"

Ye Zhongquan snorted and said, "What I want now is for any of my grandchildren to go and marry Su Zhiyu of the Su family or Gu Qiuyi of the Gu family, but now it seems that only Chen'er has the best chance!"

Chapter 1889

"How can that be?!"

Ye Changmin blurted out, "Dad, you're thinking too well of Ye Chen because you haven't seen him for many years, and I'll be honest with you, Ye Chen is just a poor country bumpkin now! Whether it's Su Zhiyu or Gu Qiuyi, they are both famous heaven's most beautiful girls in Yanjing, how could they possibly look at him?!"

Ye Zhongquan coldly said, "Yesterday I also met Gu Yanzhong at the Chamber of Commerce, and I side-stepped him and asked him if he still remembered the engagement between Chen'er and his daughter, and he told me on the spot that as long as he could find Chen'er, he would not hesitate to let his daughter marry him!"

"In addition, Gu Yanzhong also said that no matter what status Chen'er has now, even if he's begging along the streets, he's still the Gu family's future aunt, and the family has already reached a consensus on this matter!"

Ye Changmin was stunned, "What era is this, is Gu Yanzhong crazy?"

Ye Zhongquan said in a somewhat stern tone, "I don't want to care whether Gu Yanzhong is crazy or not, so don't worry about it, your task now is to do everything you can to get Chen'er to promise to come back for the New Year!"

Ye Changmin was so helpless that he had to say in an urn, "Dad, to tell you the truth, Chen'er was just too much yesterday, so I didn't control my emotions yesterday and had a big fight with him, he didn't even eat and just shrugged it off."

"Bastard!" Ye Zhongquan shouted angrily and said, "Don't think that I don't understand you, with your style of acting, it's still hard to say who is excessive!"

After saying that, Ye Zhongquan said, "I don't care about anything else, I must bring Chen'er back to me! If he won't return, then you'll have to think of something else!"

Ye Changmin hurriedly asked, "Other ways? What's the solution?"

Ye Zhongquan said, "Doesn't he just have a wife in Jinling? Can't you just try to find an entry point from his wife, or from his in-laws?"

Ye Changmin immediately said, "Then I'm going to meet his wife and give her some money so she can divorce Chen'er!"

Ye Zhongquan said, "Don't go to his wife, you can do something about his mother-in-law first, I heard that his mother-in-law is very greedy and is a money-minded master!"

Ye Changmin quickly said, "Dad, then I'll try to find a breakthrough from his mother-in-law!"

"Well!" Ye Zhongquan reminded, "After you meet his mother-in-law, don't reveal your true identity, or else if that unruly person knows that Chen'er is a member of our Yanjing Ye family, even if you kill her, she won't let her daughter divorce Chen'er."

"Okay dad! I got it!"

Ye Changmin agreed, then immediately pulled out her phone and called her bodyguard who had brought Jinling this time, ordering, "Find out where Ye Chen's mother-in-law is, I want to see her!"

Ma Lan took a taxi to the beauty salon on the package card, and when she showed her package card at the door, she felt a little bit guilty for fear that someone might have made a mistake or that the card itself might not work.

But what she didn't expect was that the clerk said to her very politely, "Hello, Madam! This package card of yours is available at any time and is appointment free, do you want to experience it now?"

As soon as Ma Lan heard this, she said with a flourish, "Of course! I've come all this way by taxi. I can't just come and ask you, can I? Hurry up and arrange a technician for me, I want to have a good experience now."

The clerk nodded and said respectfully, "Madam, our full-body spa here requires a shower first, I'll take you to shower and change first, then I'll arrange for a technician to give you a spa!"

Ma Lan was so happy, when she used to have money in her hand, she didn't miss going to a beauty salon or a beauty club to get a facial or a spa.

The first thing she did was to take a milk bath, then change into disposable underwear and receive a full body massage from a technician.

Ma Lan happily followed the clerk to the washroom, and found that a tank of water had been placed here, with milk, flower petals and bath salts added to the water, and said with a smile, "Oh my, this service of yours is really in place, the people haven't come yet, the water is placed first."

The clerk thought that Ma Lan was aware of something unusual, and hurriedly said with difficulty to hide her embarrassment, "That that is so, we had a customer who had made an appointment to come to the spa, and as a result, the water for our soaking bath was ready, and she said that she couldn't come at the last minute, so you can just pick up a ready-made one."

Ma Lan laughed and said, "Oh my, what a coincidence, it looks like the heavens just wanted to make it up to me, so I can enjoy myself!"

After that, she waved her hand at the clerk and said, "Okay, get out, I'll take my own bubble bath and have the technician ready and waiting for me."

"Good!"

After the shopkeeper came out, he immediately ran to report to the boss.

When that boss heard that Ma Lan was here, he also rushed to call Xiao Hailong and said to him, "Hailong, the man has arrived and is taking a bath, when are you coming over?"

Xiao Hailong said excitedly, "Great! Old Bai, you must stabilize her for me and never expose any weaknesses, I'm going to get ready to go over there!"

The owner of the beauty salon smiled and said, "Hailong, my brother and I who are with who, since I've promised you, I'll definitely make this thing beautiful!"

"Yes!" Xiao Hailong smiled, "Wait for me for half an hour!" Fastest Update

After saying that, Xiao Hailong instructed, "Old Bai, your shop, don't do any other business with any other customers in the morning, so as not to cause any rampant trouble."

"Don't worry, definitely don't do any other business in the morning, only take this order from you!"

Just as Ma Lan was lying beautifully in the bathtub, a Rolls Royce pulled up in front of this beauty salon.

A tall bodyguard stepped out of the passenger side, who got out and immediately opened the back door.

Right after that, the gorgeously dressed Ye Changmin stepped down.

She took a look at the door face of this beauty salon and said in a despicable manner, "What kind of shabby beauty salon, it looks shabby and not upscale at all!"

In fact, the decoration of this beauty salon was quite good, although it was not considered to be top-notch and high-end, but in Jinling, it was not something that the average housewife could afford.

However, for a top-rich second generation like Ye Changmin, this place was indeed too upscale.

The money she spent on one treatment at a top-notch beauty club was enough to buy this beauty salon.

The bodyguard whispered at the side, "Miss, the woman you're looking for is having her beauty treatment here, she just came in ten minutes ago."

Ye Changmin nodded, unable to hide her disgust, and said, "Follow me inside."

"Good!"

The bouncer walked ahead of him and reached out to push open the door of this beauty club.

The shopkeeper hurriedly ran over and said apologetically, "I'm sorry, we don't receive guests in the morning."

Ye Changmin frowned, "Not receiving guests? Isn't there a woman named Ma who's just come to your spa? How come you've become a non-hostess in my place?"
