Chapter 1961

Su Zhiyu knew that immigration records were confidential customs documents, but airport surveillance was not.

So, she mused in her mind, "If Grandpa En had already flown home from Japan, then he must not be able to bypass the surveillance footage at the Japanese airport, and I will definitely be able to find him if I go through the footage carefully."

"Only, the workload could be enormous."

"Moreover, the only ones who have met with Grace are me and my brother, so the most I can get my brother to help me is my brother, and the others can't help even if they want to."

Thinking of this, although Su Zhiyu felt that the chances were a bit slim, she still didn't want to give up, she immediately spoke up, "Yanzi, then please help me get the copy done as soon as possible, and then transmit it to me using the Su family's exclusive network."

The massive amount of data was very troublesome to transmit, and if an ordinary network wanted to transmit surveillance footage from several airports and a whole bunch of cameras for days on end, I'm afraid it would take months just to transmit.

However, top families like the Su family had their own exclusive networks as well as large data servers, and the transmission speed was extremely fast, so they were able to transmit it all in a day or two.

The other party immediately agreed and said, "I'll have someone sort it out and start transmitting the data to you tomorrow."

Saying that, she couldn't help but remind Su Zhiyu, "Zhiyu, with so many surveillance videos, I'm afraid it will take a long time to watch them all, and if your savior doesn't end up returning from Japan, all the energy you put in will be floating; if you make a slight mistake and miss your savior among the millions of travelers, the energy you put in will also be paid forward, so you must think about it before setting out to do it."

Su Zhiyu smiled slightly, "None of this is a problem! Even if I have to watch a year's worth of surveillance footage in front of the computer, I'll definitely insist on watching it all."

The other party sighed helplessly and said, "Oh, well, as expected, it's still the same Su Zhiyu I know, and this kind of stamina in you that won't stop until you reach your goal is something I'll never learn in my life. "Updated the fastest.

Su Zhiyu laughed, "That's because you haven't met anything that will make you vow to stop until you get what you want, if you did, you'd be just like me."

The other smiled and teased, "What? Are you treating your savior, Prince Charming?"

Su Zhiyu laughed lightly and said, "Prince Charming is nothing, it's just that he knows how to ride a horse, I, the savior, am more capable than Prince Charming!"

"Tsk tsk tsk" the other kept smacking his lips and lamenting, "Then I'll congratulate you early on for finding your savior and take care of your marriage along the way, if that's the case, then it's not a loss to spend some time and energy to find him, after all, it's a great way to kill two birds with one stone, perfect!"

The first thing you need to do is to get rid of the old man. I'm just trying to find the man who saved my life and thank him in person!"

"I don't believe you!" The other side laughed and said, "If it's just for thanks, didn't you say thank you when people saved you?"

Su Zhiyu replied with some embarrassment, "I said it then"

To Convenience: "If you said thank you then, why go to all the trouble of finding people out at this point, is it really just to say thank you again in person?"

Su Zhiyu said somewhat shyly, "Actually, it's not just to say thank you, the family is also looking for some top experts to cooperate with recently, I just thought that this is a good opportunity to kill two birds with one stone, not only can I thank him in person, but I can also help the family matchmaking and see if there's a chance for both sides to cooperate a bit."

The other party smiled and said, "If you want that, it would be a win-win-win, not only can you thank him in person, you can also start a cooperation with the family, and you can also recruit a good son-in-law for the family!"

Su Zhiyu felt her cheeks get a little hot, so she couldn't help but get angry, "You can't really spit out ivory from a dog's mouth, I'm not going to bullshit with you, you quickly get the information ready for me, and then I'll start screening on my side!"

Only then did the other party stop continuing to ridicule and seriously said, "I'll arrange it, but today it's the 28th day of the New Year, and the night after tomorrow is New Year's Eve, your family has so many rules for New Year's Eve, are you too busy?"

Su Zhiyu said, "Even if you can't be busy, you should hurry up and prepare for me, don't delay."

"Okay, I got it."

Chapter 1962

Ye Chen didn't know that Su Zhiyu was trying to find himself at this time.

He focused his attention on the preparations for the Lunar New Year.

This was the Spring Festival that Ye Chen was looking forward to the most since his parents died.

Those years before, he had lived too bitterly, and the Spring Festival was no different from normal, not only could he not enjoy the warmth of his family, but he would be sad because everyone else was reuniting with their families.

After marrying Xiao Chorán, he also had no interest in the New Year, because in the past, it was the whole Xiao family that spent the New Year together, and Ye Chen was naturally the target of

everyone's sarcasm, and every time he was humiliated at the New Year's Eve dinner, he would be humiliated to no end.

In comparison, this year was much better, so this became the Spring Festival that Ye Chen was looking forward to the most in his heart since the death of his parents.

The next morning, the twenty-ninth day of the Lunar New Year.

The family ate together at the dining table, and Ye Chen gave his wife and his in-laws a list of all the items to be purchased, and made a few adjustments based on everyone's opinions to get a finalized version.

Because Ma Lan's leg was broken again and Xiao Choran still had to finish the last day's work, so Ye Chen and Xiao Changkun were obliged to become the purchasers.

The two sons-in-law were ready to go out to the supermarket to make purchases together when they had breakfast.

Xiao Choran finished her breakfast and stood up, "Hubby, Dad, Mom, I have to go to the office, today is the last working day before the festival, I have to go and sort out some of the projects on hand, then I'll give the staff a meeting and a New Year's bonus."

Ma Lan muttered on the side, "What else are the employees giving out red packets? Aren't they all paid?"

Xiao Choran seriously said, "Everyone has worked hard for a long time for these projects at hand, how can we not send a red envelope at the end of the year to mean something, not only a red envelope, but also a year-end bonus."

Ma Lan was heartbroken and said, "This money can obviously be saved, but you have to send it to outsiders, I really don't know what to say about you!"

Ye Chen spoke up at this time: "Mom, the company relies on the staff to be reserved and work to get better and better, looking at the New Year, if Choran as the boss has no indication, the staff is afraid of her will be cold, in case they all propose to resign after the New Year, won't this company not be able to function?"

Xiao Changkun echoed at this time, "Still my son-in-law is right, you're a stingy mother-in-law, if you were to really be the boss, you'd be even more ruthless than that Zhou Pi!"

Ma Lan glared at him, "Xiao Changkun, you're the only one with a mouth, aren't you? Try saying that again, I can still scratch that old face of yours with a crippled leg!"

Xiao Changkun cringed in fright and said with resentment, "I'm not going to bother fighting with you!"

Xiao Choran shook her head helplessly and spoke, "Alright dad, you go shopping with Ye Chen, I also have to go to work."

"Good." Xiao Changkun nodded his head and said, "You go first, we'll go later."

As he was saying, the doorbell came from outside, and when Xiao Changkun turned on the video intercom, he saw several middle-aged people in suits, standing in front of the camera.

The man at the head said respectfully, "Excuse me, is Master Ye at home?"

It was Hong Wu who spoke.

And beside him, there were also Chen Zekai, Qin Gang, Wang Zhenggang, and Wei Liang.

Behind him, there seemed to be a few more people, but Xiao Changkun couldn't see them clearly, and could only see that there were men and women, old and young.

So, he hurriedly said to Ye Chen, "Son-in-law, there are a lot of respectable people coming to find you!"

Chapter 1963

Ye Chen had heard Hong Wu's voice through the intercom system's speaker.

He didn't think that Hong Wu would come to his house at this time, and from what his father-in-law said, it seemed like he wasn't the only one.

So, he got up and said, "Dad, I'll go open the door."

Xiao Chorán was surprised and asked, "Ye Chen, the ones who came are not those big people who are looking for you to read feng shui, right?"

Ye Chen laughed, "It must be them, only they call me Master Ye."

Xiao Chorán shook her head helplessly and said ridiculously, "Still Master Ye, I think you're more or less a big blundering Ye!"

Ye Chen raised his eyebrows: "Being able to fool others into believing is also a skill!"

Saying that, he stepped out and crossed the courtyard to the front door.

The door opened and Ye Chen was instantly stunned by the sight before him.

It turned out that the door wasn't just Hong Wu, Chen Zekai, Qin Gang, Wang Zhenggang, and Wei Liang.

Qin Gang also had Qin Ao Xue and Qin Ao Dong with him.

Wang Zhenggang also brought Wang Yunfei and Wang Yunkai.

The red glowing Old Master Song actually came with Song Wanting and Song Honor.

The meltingly glowing Master Shi Tianqi Shi, also brought his granddaughter Chen Xiaozhao to stand beside Master Song.

Even Hai Cheng's richest man, Li Tailai, had rushed over with Ye Chen's best friend from the orphanage back then, Zhao Hao, who was now Li Tailai's driver and assistant, earning millions of dollars a year, and had become a popular figure around Li Tailai.

So many people, a total of dozens of cars of all sizes, parked all over this big road in front of the entrance of the Tomson A household.

Before Ye Chen's side had even returned, the crowd simultaneously cupped their fists and called out respectfully to Ye Chen: "Good day, Master Ye!"

With so many people in unison, the entire villa area was shocked and many had already stepped out of the terrace to check what was going on.

When they saw this amount of top-notch luxury cars and so many Jinling as well as Haicheng bigwigs gathered at the entrance of Villa A05, they were all stunned in shock!

At this time, the hungry old lady Xiao heard the movement and also hurried to the second floor terrace.

The second floor terrace was in the room where Xiao Changqian and Xiao Hailong lived, Xiao Weiwei and Qian Hongyan were also taking care of them here at this time, and when they heard the movement outside, Xiao Weiwei and Qian Hongyan had gone one step ahead of the old lady to take a look at the terrace.

After seeing that it was Ye Chen's doorstep with so many respectable people, Xiao Weiwei and Qian Hongyan's expressions were as ugly as they could be.

At this time, the old lady also came up and asked in surprise, "Why are there so many cars?What for?"

Qian Hongyan said sourly, "Don't you see?They all went to pay their respects to Ye Chen's family, and there are many big names among them, I just saw that there seems to be the Song family's old master, and the richest man in Hai Cheng, Li Tailai."

Xiao Weiwei said with red eyes, "I saw Wang Zhenggang!And Brother Yunfei."

Wang Yunfei, in the earliest days, was Xiao Weiwei's fiancé.

At that time, Ye Chen was still the stinky hangman in everyone's eyes, while Wang Yunfei was the future good son-in-law that the entire Xiao family was satisfied with.

Xiao Weiwei had an eye on marrying into the Wang family, and every day she was also arrogant and unseemly.

At that time, Xiao Weiwei was at the peak of her ambitious life.

However, not long after, the head of the Wang family, Wang Zhenggang, directly annulled Xiao Weiwei's marriage contract with Wang Yunfei.

Chapter 1964

Although Xiao Weiwei had followed Wang Yunfei for several years in a deadly manner and had even conceived his child, she was still dumped cleanly by Wang Yunfei.

After that, Xiao Weiwei became the paramour and plaything of Xiao Yiqian and Wei Changming, following them, not only didn't get much benefit, but also suffered a lot of sins and ruined her reputation.

Right now, Xiao Weiwei was even more miserable to the extreme, although she was still living in this luxurious Townsend First Class Villa, she had been starving all night, but she didn't even have the money to eat breakfast.

In this situation, seeing Wang Yunfei again, with all the scenes from back then floating in front of her eyes, made her feel extremely sad.

Soon, Xiao Weiwei's eyes were filled with tears, and then, two lines of hot tears came out of her eyes.

She couldn't help but choke softly, "Brother Yunfei why do you not want me anymore Brother Yunfei what have I done wrong to make you so deadly to leave me Brother Yunfei"

Speaking of which, Xiao Weiwei's entire body had sobbed!

Qian Hongyan saw her daughter crying like this, and of course, deep inside she was very distressed, gently taking her in her arms and comforting her, "Weiwei, trust mom, you will definitely find a better man than Wang Yunfei in the future."

Xiao Weiwei cried, "How can it be? I have a completely bad reputation now, people talk about me, they are just as a laughingstock, ridiculing me for not loving myself enough to be a mistress to that man Xiao Yiqian, who is even older than my father, and he even dumped me to Wei Changming when it was over."

At this point, Xiao Weiwei turned around and looked angrily at Old Lady Xiao, who had a complicated expression, and snapped, "It's all your fault!It's all your fault, you old hag!It was you who forced me to seduce Xiao Yiqian in the first place!If it weren't for you, my reputation wouldn't be ruined!If it weren't for you, Brother Yun Fei and I might still have a chance!You ruined me!"

Old Mrs. Xiao was so shocked by Xiao Weiwei's angry roar that she subconsciously took a step back and spoke, "How can I be blamed for this?When you were told to follow Xiao Yiqian, didn't you yourself agree to it?"

Xiao Weiwei cursed angrily, "You're farting!If you hadn't forced me, how could I have agreed?You just want to borrow Xiao Yiqian in exchange for your investment!You just want to sell my body for glory and wealth!"

Old Mrs. Xiao said in exasperation, "Vivi!You've got a conscience!Am I the only one to benefit from this?"

Saying that, she pointed at Qian Hongyan and said angrily, "Don't forget that Xiao Yiqian returned five million to you, which ended up being cheap to your parents!If you really want to say who sold your body for glory and wealth, I can only count one!Your mom and dad have to be included!You've got to include yourself!"

Qian Hongyan's expression became very ugly at once.

Although Old Lady Xiao's words were harsh, what she said was indeed all true.

At first, whether it was Old Madam Xiao, or Qian Hongyan and Xiao Changqian, they were all interested in Xiao Yiqian's ability and wealth.

That was why they together persuaded Xiao Weiwei to enter Xiao Yiqian's room of her own accord in the middle of the night.

And Xiao Weiwei wasn't completely forced, more precisely, she was half pushed.

She had broken up with Wang Yunfei at the time, and her family's financial situation was worsening, and she herself had long been dissatisfied with that kind of poverty, so hanging out with Xiao Yiqian was partly because of her own vanity.

Xiao Weiwei was also flushed at this time.

She knew.

Everyone was responsible for this matter, including herself.

Just like the proverb, when there is an avalanche, not a single snowflake is innocent.

Thinking of this, she also lost all thought of continuing to tangle with Old Lady Xiao and squatted on the ground and cried with a headache.

Old Mrs. Xiao ignored her and instead looked at the large number of top-notch luxury cars in front of Ye Chen's house, as well as the large group of high society figures, and her heart was sore to the extreme

Qian Hongyan's heart was also very tasty!

She thought of Ye Chen sending himself to the black coal kiln in the first place, and she was even more angry from the bottom of her heart.

So she gritted her teeth and scolded, "Isn't this Ye Chen just a quack? What the fuck is that? Give it back to Master Ye, Master's fucking leg! How is it that so many big names trust him? What a blind man they are!"

Old Mrs. Xiao heaved a long sigh and said with extreme remorse and despair, "Hey!!!! Had I known that Ye Chen would be able to do this today, I wouldn't have said anything to kick the family out back then! What a blind dog!"

Ye Chen looked at the crowd and asked with some surprise, "Why have you all come over?"

Hong Wu smiled at this time and said, "Master Ye, it's soon to be New Year's Eve, and everyone misses coming early to pay their respects to you and send you some New Year's goods as well."

Chen Zhai Kai also nodded, "Master Ye, we were afraid that taking turns dawdling would delay your time, so we simply came over together after a private consultation!"

Qin Gang followed suit at this time, "Master Ye, we all have slightly prepared some thin gifts for you, and I hope you don't mind!"

"Yes!" Wang Zhenggang also hurriedly said, "Master Ye, you are a person with great magical powers, I hope you don't mind if the gifts prepared by mere mortals like us can't enter your eyes!"

Ye Chen smiled slightly and spoke, "You all still remember Ye, Ye is already very grateful, there is no need to break the bank for Ye. Baidu search and read more for free."

Master Song Ji Mo Song came forward at this time and said seriously, "Master Ye, you have recreated grace to all of us, and at this time of the new year, it is only right that we slightly prepare a slight gift to visit your door."

Ye Chen arched his hands, "Master Song, you are kind!"

Song Wanting, standing beside Song Jimo, wore a Chinese-style cheongsam jacket today, bringing out her hot body to the fullest, and showing her soft temperament impeccably.

Having not seen Ye Chen for many days, Song Wanting missed him extraordinarily in her heart, and once she saw Ye Chen's eyes looking at her, her pretty face suddenly floated two flushes.

What came to her mind was the image of herself in the car when she took the initiative to offer her first kiss to Ye Chen.

At the thought of this, her face was even more flushed, and in order to divert her attention, she hurriedly said shyly, "Master Ye, Wan Ting wishes you a happy new year in advance!" first issue

Qin Aoxue also said not to be outdone, "Master Ye, Coach Ye, Aoxue also wishes you a Happy New Year in advance, and wishes you all the best in the new year!"

Chen Xiaozhao was busy saying, "Master Ye Xiaozhao Xiaozhao also wishes you a Happy New Year."

Song Wanting realized in this instant that these two little girls actually had their hearts set on Ye Chen.

At this moment, she couldn't help but feel a sigh in her heart.

She knew very well that falling in love with a married man like Ye Chen was a very torturous thing, and it seemed that these two little girls, like herself, should have fallen in love with Ye Chen in their daily lives.

Chapter 1966

Zhao Hao busily said, "Back to Master Ye, everything is fine with me lately! Thanks to you and Mr. Li for taking care of it!"

When Ye Chen heard this, he couldn't help but square up and said seriously, "Rat, everyone here can call me Master Ye, only you can't!"

Zhao Hao said in a somewhat rushed manner, "Ye I hey including Mr. Li, so many people respect you so much, how can I be an exception."

Ye Chen walked up to him, patted him on the shoulder and said incomparably seriously, "Rat, they call me Master Ye because I've helped them more or less, but you Zhao Hao are different!"

Zhao Hao was busy, "I also owe a lot to your help to have today ah the help you brought me is earth-shattering, I have to respect you more than others."

Ye Chen's expression was somewhat unhappy as he said, "You're not talking nonsense with me here! The two of us have grown up together in the orphanage since we were kids, and even though we weren't born to the same mother, we were no different from our own brothers during those years in the orphanage!"

"Then all these years, you and I supported each other, relied on each other, shared our problems, I helped you, it was a mutual pull between brothers, why are you still polite to me?"

When Zhao Hao heard this, he was grateful, but at the same time, he was also ashamed. Baidu search, more free reading.

In his heart, he thought, "I'm always afraid that I can't climb up to Ye Chen, so I appear more and more sincere in front of him, but the more this happens, the more distant we become, but Ye Chen has always treated me like a brother, so if I treat him like a servant and respect him in the future, he must feel bad too."

Thinking of this, Zhao Hao said with red eyes, "Ye Chen, brother knows what you mean, brother thanks you!"

Ye Chen smiled slightly and nodded, "This is the fucking brother of my Ye Chen, the next time you call me some kind of Master Ye, I'll just cut you off!"

Zhao Hao busily said, "Ye Chen don't worry, I will never call you Grandmaster Ye again, you Ye Chen are either some kind of Grandmaster Ye in front of me, or a brother of mine, my Zhao Hao for life!"

Ye Chen nodded gently and said with relief, "I'm so happy to have you say that!"

At this time, Xiao Changkun and Xiao Chorán also came out.

The two were the ones who felt that Ye Chen's client had come to visit their home, so of course they had to be good hosts as well, so they quickly cleaned up the living room of their home briefly and came out ready to invite their guest in for a while.

But it was only after they came out that the two realized that there were significantly more people outside than they had expected!

What's even scarier is that almost all of these people are the most respectable ones in Jinling!

Chapter 1967

In order not to slow down the guests, Ye Chen invited the crowd into the villa.

The crowd was also busy asking the attendant servants to take the prepared gifts out of the car, and then they saw at least twenty or thirty people, holding various high-end gift boxes, lined up to enter the villa.

Not far away, Old Mrs. Xiao of Villa A04, her eyes straightened, muttering, "This battle, how can this be an ordinary gift-giving? It's like officials from all over the ancient world lining up to pay tribute to the Emperor!"

Qian Hongyan felt as bad as she wanted to, and opened her mouth, "These people are all big non-rich and noble people, the gifts they've given must not add up to 100 million?"

Xiao Weiwei muttered with red eyes, "I'm afraid a hundred million won't even be able to stop it, Wang Zhenggang spent more than a hundred million just to give away a villa"

"Hey" said old Mrs. Xiao with an incredibly pained expression, "I can't, I can't watch anymore, I'm going to have a heart attack if I keep watching."

After saying that, she turned around and entered the room.

Qian Hongyan said in an angry voice, "I look quite topsy-turvy too, hey."

Xiao Weiwei didn't say anything, seeing Wang Yunfei follow Wang Zhenggang into Ye Chen's villa, she felt even worse.

Xiao Hailong at this time lying on the bed wailing: "Mom grandmother if you don't get some food over here, I'm going to starve to death You can't see me as an injured man lying in bed starving ah, Wu Donghai's men didn't kill me and Dad, this eye we two will starve to death at home!"

Old Mrs. Xiao hurriedly said, "Weiwei, didn't you say you were going out to look for a job today, hurry up and go out!"

After saying that, he glared at Qian Hongyan again and snapped out of it, "Qian Hongyan! You need to get a job to support your family too!"

Qian Hongyan nodded and said with a bit of fire, "I can go, but this family can't support idle people, so you have to go even if I go!"

"Me?!" Old Mrs. Xiao was so angry that she couldn't even speak properly and said in a rage, "I I'm so old you want me to go out and find a job?!"

Qian Hongyan asked her back, "What? What's so great about being old? Don't you have to eat when you're older? If you make it clear that you don't need to eat, you don't need to go out to work, go to the north bedroom and open the window and open your mouth wide and wait for the northwest wind."

"You you fart!" Old Mrs. Xiao was furious, "I'm so old and I'm not allowed to eat, you're forcing me to die!"

Qian Hongyan said with a cold face, "The situation at home is so miserable right now, anyone must find a way to earn money to support the family, Chang Qian and Hailong are injured right now, the two of them can be temporarily exempted, but not you!"

Old Mrs. Xiao said in exasperation, "Against you! You're out of line! I'm so old and you're forcing me to work! You're killing me! Why did our Xiao family marry such a wolfish daughter-in-law like you? If God has eyes, he should send down a thunderbolt to strike you dead!"

Qian Hongyan sneered, "Don't you dare whine with me here, I won't force you if you don't go out to work, but I can't support you even if I earn money, so you have to decide what to do!"

Old Mrs. Xiao didn't dare to pretend anymore at this time, and spoke in a difficult manner, "The three of us can't all go to work ah, we have to leave one person behind to take care of Chang Qian and Hailong ah."

Qian Hongyan said, "It's even more inappropriate for you to take care of the two of them, they are now paralyzed in bed, you don't even have the strength to turn them over, what's the use of staying?"

Saying that, Qian Hongyan looked towards Xiao Weiwei and spoke, "Weiwei, why don't you stay and take care of your father and your brother while I go out with your grandmother to look for a job."

Xiao Weiwei nodded gently, "Okay."

At this time, Ye Chen's home.

Ma Lan, whose right leg was in a cast, had been stunned by the sight before her.

Chapter 1968

Not to mention the fact that big personalities came to the house, just the various gifts were piled up into a small mountain in the living room.

She was so excited that her mouth was almost grinning behind her ears, and couldn't wait to rush up and open all of these gifts one by one, but it was a bit embarrassing since so many big personalities were here.

Hong Wu, as Ye Chen's most heartfelt subordinate and the initiator of this collective boarding, pulled out a piece of paper from his pocket and said in a loud voice, "Master Ye, I have a gift list here, all the little tokens of appreciation from everyone are on it, let me read it to you."

Before Ye Chen spoke, Ma Lan over there hurriedly and excitedly said, "Oh read it read it! Read louder!"

Hong Wu was busy saying, "Don't worry Ms. Ma, I'll read it out loud!" first issue

Saying that, he cleared his throat and read aloud.

"Shangri-La's Richard Chan, send Master Yip a set of Mid-Levels Spa Resort Villas, located in the Champs-Elysees Spa Hotel, valued at \$80 million!"

That one sentence just stunned Mashiro!

Ma Lan was inwardly excited and wildly shouting, "My dear mother! An \$80 million spa villa right off the bat, that's a lot of openness! I really can't wait to experience the spa villa at the Champs this evening!"

But then, Ma Lan looked at her right leg and muttered in her heart, "I still have a plaster cast on my leg, so I'm afraid I won't be able to take a bath for a while. But that's fine, the Champs Spa won't run anyway, so it's not too late for me to go when my legs are better!"

The Champs-Elysees Spa Hotel, is a property of Shangri-La.

In the beginning, Dong Ruolin even specially invited Ye Chen and Xiao Choran to go there.

It was the best hot spring hotel in the entire Jinling and even the province.

The Champs-Elysees Hot Springs covered a large area, the entire foot of the mountain up to halfway up the mountain was their property, in which in addition to the hot spring hotel, there were several hot spring villas that were not for sale to the public.

These hot spring villas are all built in the middle of the mountain, with excellent scenery, beautiful architecture and luxurious decoration.

The only drawback is the remote location. After all, natural hot springs are closely related to the geography and topography, the entire Champs-Elysees Spa Hotel is built in the mountains, which is too far from the city and the commuting time is too long.

Xiao Churan and Xiao Changkun were also shocked by such an expensive gift, and were speechless in shock.

The hot springs there are rich in minerals and have good health effects on people. You can always go there with your lover, uncle and aunt to relax in the future, and if you don't go there in normal times, our professional housekeeper will take care of the villa. It is cleaned and maintained daily and is absolutely spotless!"

Saying that, Richard Chen added, "The villa's keys, real estate certificate and other relevant documents are all in the gift box, please smile at Master Ye!"

Ye Chen nodded and smiled slightly, "Mr. Chen has a good heart!"

Tens of millions of hot spring villas, Ye Chen really didn't think it was that expensive, especially since Richard Chen himself had many assets, this small amount of money was nothing to him.

Xiao Churan, on the other hand, was a bit nervous and said in Ye Chen's ear, "Hubby, how can we accept such an expensive gift from someone."

Ye Chen waved his hand and faintly instructed, "Wife, you don't have to worry about this, I'll accept their gifts and will naturally repay them through other means."

Hong Wu then looked towards Ye Chen and respectfully asked, "Master Ye, then I continue to read?"

Ye Chen nodded, "Continue."

Chapter 1969

Having received Ye Chen's approval, Hongwu continued in a loud voice, "Old Mr. Song Jimo, send Master Ye an Italian-made, San Lorenzo luxury yacht!"

"A yacht?!" Ma Lan was the first to ask, "What kind of yacht? Tourist attraction kind of ship?"

Song smiled and said, "Ms. Ma misunderstood, San Lorenzo is an old European luxury yacht manufacturer, this yacht is more than 20 meters long and has three decks, perfect for a family trip. m.eskjk."

Ma Lan was stunned and said, "Such a yacht, that's a lot of money, right?"

Song Honor at the side spoke up, "Including taxes, it's almost around seventy million."

"How much more?!"

Ma Lan's entire body was stunned, "Seventy million for one ship?! That's too scary, isn't it?!"

Xiao Churan couldn't help but say, "Mr. Song, your gift is too expensive, we really can't"

Ye Chen smiled slightly at this time, made a gesture, interrupted Xiao Churan's words, and smiled slightly, "Wife, this is Master Song's kindness, so don't put it off."

Saying that, he looked towards Song Jimo and slightly arched his hands, "Master Song, Ye Chen is here to thank you!"

Master Song was busy saying, "Oh Master Ye, don't dare, don't dare!! I'm so relieved that you like it!"

He then said to Ye Chen, "The keys to the yacht and the relevant documents are in the gift box, but the yacht is now parked at the Jinling Yacht Association's dock, I have bought an exclusive berth for you, if you want to take the yacht out on a trip in the future, or even along the Yangtze River, just contact the staff of the yacht association directly."

Ye Chen lightly nodded his head and smiled, "I guess I won't be able to use it for a while, I don't have a driving license for a yacht either, I'll wait until I have time to take the test."

Master Song was busy saying, "Master Ye, if you need to use the yacht, you can let Wan Ting, or let Honor drive it for you, they both have the driving license for yachts."

Song Wanting said somewhat shyly, "Yes Master Ye, if you need to use a yacht, just let me know directly."

Saying that, she remembered something and said, "Oh right, if you want to use the yacht during the period after the New Year, you can contact my brother, I'm going to Japan after the New Year, it might take me a while to come back."

"Oh?" Ye Chen curiously asked, "Is Miss Song going to Japan for tourism or?"

Song Wanting was busy saying, "It's to talk about some business, the Song family is now planning to get into steel manufacturing and wants to talk about some cooperation with Japan's New Nippon Iron."

"New Nippon Steel?" Ye Chen frowned and asked her, "Is this company very strong?"

Song Wanting nodded and said, "Nippon Steel is one of the top steel companies in the world, and one of the largest steel companies in the world."

Ye Chen asked curiously, "Who is the owner behind this steel company?"

Song Wanta said, "The big boss behind Nippon Steel is the Sumitomo Group."

"Sumitomo Group?" Ye Chen smiled slightly, "I've really never heard of it."

Song Wanting smiled, "The Sumitomo Group actually has a wide range of businesses, but most of them are in the industrial field, especially in heavy industry, and they really aren't too closely connected to everyday life."

Ye Chen nodded lightly and said, "If you need any help when you get to Japan, you can contact me, I also have a few acquaintances in Japan."

Ye Chen didn't say outright that he knew Yuhiko Ito of the Ito family as well as Nana Ito.

He didn't want people to know what he had done in Japan some time ago, so it was better to try to keep a low profile.

Song Wanting didn't think much of it and said with a smile, "Okay Master Ye, if you need anything, I'll contact you!"

At this time, Hong Wu continued to read aloud the gift list.

"Divine Doctor Shi Tianqi Shi, present Master Ye with a pair of Yuan Qing Hua Dragon Pattern Elephant Ear Bottles!"

Chapter 1970

When Xiao Changkun heard this, he stood up shakily and asked, "What?! Genuine blue flowers? A Dragon Pattern Elephant Ear Bottle?!"

Hong Wu nodded, "That's right Mr. Xiao, it is indeed a pair of Yuan Qing Hua dragon patterned elephant ear vases!"

"Holy shit!"

The company's main business is to provide a wide range of products and services to its customers.

Yuan blue and white flowers can be said to be one of the most expensive porcelains.

A random Yuan Dynasty blue-and-white plate can sell for millions.

If a large object of Yuan cyanotype, such as the famous Guigu Shimazama cyanotype jar, was auctioned more than a decade ago, it would have sold for more than 100 million yuan, and if it were brought out again now, it would be at least 500 million yuan.

Yuan Qing Hua Dragon Pattern Elephant Ear Vase, Xiao Changkun had heard of it.

Many of the appreciation manuals issued by Christie's and Sotheby's had recorded similar Yuan blue and white porcelain.

Conservatively estimated, it would have to be in the range of thirty to fifty million!

At this time, Chen Xiaozhao took the initiative to open an exquisite mahogany gift box, the lining of the box, using a golden yellow damask.

And two beautifully shaped Yuan Qing Hua porcelain vases were lying within the lining made of satin.

Xiao Changkun's eyes were on the verge of looking away!

It's an original blue flower!

The ultimate collection for antique lovers!

Having a Yuan Qing Hua basically means that this collecting thing has come to an end!

At this time, Xiao Changkun couldn't wait to go forward and pick up one of the bottles and play with it carefully.

However, when he thought of the time he had accidentally dropped a Tang Dynasty jade pot spring bottle in the Jiqing Hall, he felt a little hairy.

One had to know that the price of one of these Yuan Qing Hua bottles was many times that of the Jade Pot Spring Bottle!

Ye Chen saw that the old father-in-law was very fond of the bottle, so he smiled and said to Shi Tianqi, "Doctor Shi, thank you for the gift, my father-in-law loves antiques the most in his life, I'll let him admire it up close."

Shi Tianqi busily said, "Master Ye please!"

Ye Chen walked up to Chen Xiaozhao and took out one of the elephant ear bottles, then handed it to Xiao Changkun and smiled, "Dad, don't you like antiques? This pair of bottles, I will lend and forward to you." "Genius Money Bags First

Xiao Changkun was trembling with excitement, his heart had already been excited to the extreme, but his face was flattered and said, "How does this make ah this this is too expensive"

Ma Lan was also a little jealous.

Although she didn't know how much the pair of Yuan Qing Hua elephant ear bottles were worth, she knew that none of the Yuan Qing Hua were cheap, and it was estimated that this pair of bottles were at least tens of millions.

Thus, she thought sourly in her heart, "Ye Chen sent me only a few hundred thousand make-up and a hundred thousand bags, but to send Xiao Changkun, this old thing is actually worth tens of millions of yuan blue flowers, what makes this old thing?"

Just as she was jealous in her heart, Ye Chen smiled at Xiao Changkun and said, "This is a token of Shi Divine Doctor's appreciation, as long as you take good care of it, treat it as a home collection, and don't take it out and sell it!"

Xiao Changkun immediately patted his chest and said, "Good son-in-law, don't worry, even if I sell myself, I'll never sell this pair of bottles!"

Saying that, he carefully took that Yuan Qing Hua Elephant Ear Vase from Ye Chen's hands with both hands, looking at the perfect hair color and glaze on it, he was filled with tears of excitement.

Ma Lan was also relieved at this time and thought to herself, "I thought that old thing Xiao Changkun could really get such a pair of treasures from Ye Chen! It's not for sale! Then it's no fun."
