

Identity 1991

Chapter 1991

The noises of the two people immediately attracted the attention of Xiao Changkun. Baidu search, more free reading.

He looked at his mother, surprised and unable to speak.

A moment later, he asked Ye Chen, "Good son-in-law, is that one my mother? I can't be wrong, can I?"

Ye Chen smiled slightly, "Dad, you're right, it's indeed her old man."

Xiao Changkun exclaimed, "Why is she wearing the staff vest? Did she come here to work?"

Ye Chen nodded, "It seems like it should be. Baidu search, more free reading."

Xiao Changkun was surprised and said, "That's not right, didn't Wu Donghai inject capital into the Xiao family? They also bought them a villa in Townsend, so it's reasonable to assume that the family should be living a good life now!"

Xiao Changkun didn't know what had happened in the past two days, he didn't even know that Ma Lan had been kidnapped by his own brother, as well as his own nephew, not to mention that Wu Donghai had surrendered a significant portion of the family's assets and become a dog under Hongwu.

So, naturally, it was also unclear that the situation of Old Lady Xiao's family had taken a sharp turn for the worse in the past two days.

Ye Chen spoke up at this time, "I heard that it seems like Wu Donghai has withdrawn his capital."

"Divestment?" Xiao Changkun was shocked and said, "This Wu Donghai is too unreliable, saying that he will withdraw his capital? So why did he withdraw his funds? I'm sure with his assets, he doesn't care about investing that money in the Shaw Group, right?"

Ye Chen shrugged his shoulders and smiled, "We're not sure about this."

As he was saying, he saw Zhang Guifen poke the old woman's ankle a few times with a mop, and said in disgust, "You bad wife, quickly get out of the way, you always affect me mopping the floor."

Old Mrs. Xiao choked: "Guifen, the supermarket leader gave me a job to help customers pull plastic bags here, if I don't do well I'll be fired, I'm begging you, don't give me a hard time, okay?"

Zhang Guifen snorted, "I originally respected you, but as a result, you should know what you've done yourself, it's called asking for it!"

Saying that, Zhang Guifen sneered a few times and gritted her teeth, "I'm telling you dead old woman, don't look at me as an uneducated rural old woman, but I'm a person whose bones are very hard! And I especially don't like people looking down on me! It doesn't matter if you ever hit me, but you shouldn't insult me!"

After saying that, she put away the mop and deliberately bumped into her as she passed by Old Mrs. Xiao, knocking her into the shelf next to her and causing her to grimace in pain.

However, after hitting her, Zhang Guifen didn't continue to bother with her and took the mop and went to mop the floor elsewhere.

Chapter 1992

Ye Chen asked him, "Dad, are you planning something?"

Ye Chen didn't know how exactly Xiao Changkun was feeling at this time, but seeing that he was more or less unable to bear it, he thought that he might be trying to lend aid to the old lady. Fastest Updated.

At this time, I only saw Xiao Changkun sigh and said, "Seeing my own mother live such a life and do such a job with my own eyes, I, as a son, am definitely heartbroken, and it's not good for me to stand idly by."

At this point, Xiao Changkun suddenly changed his words, covered his eyes and opened his mouth, "But well, I didn't see anything! It was all an illusion just now!"

After saying that, he quickly turned around and said to Ye Chen, "Good son-in-law, let's go buy some fish, shrimp, meat and eggs first, as for the vegetables, let's go buy them from another supermarket, what do you think?"

How could Ye Chen not know what he meant, immediately smiled and said, "Yes dad, I share your opinion, the food in this supermarket is indeed not too fresh, let's go to the market later and buy it, first go see if there are any bigger Boston lobsters, if there are, buy a few for home!"

Xiao Changkun smiled heedlessly and pointed his finger at Ye Chen, exclaiming, "Still you understand me! Come on, let's go get lobster!"

Although Xiao Changkun's heart, he did have more or less sympathy for his mother's encounter. Baidu search, more free reading.

However, he was not a fool.

The old lady's mouth for so many years, he had already seen it clearly.

When she dared her own family to go out, it was really no kindness at all, and even more so, she did not miss the bloodline in the slightest.

When she pitted her daughter, Xiao Churan, her hands were just as ruthless.

Later on, when the Xiao family was no good, she also did many disgusting things in order to live in her family's Townsend First Class villa.

These faces, Xiao Changkun was already tired of seeing them.

Therefore, he also hoped that reality would teach Old Mrs. Xiao a little bit of a profound lesson.

Until Old Madam Xiao completely repented, he did not intend to give Old Madam Xiao any help.

The two sons-in-law and their sons-in-law picked up a whole bunch of things, only they did not return to the vegetable area to make purchases again, and after loading a cart full of various ingredients, they carted to the cashier to check out.

At this time in the cashier area, there was a long line in front of every single cashier.

Chapter 1993

Ye Chen also saw Qian Hongyan at this time. Baidu search, more free reading.

Seeing Qian Hongyan in a supermarket green vest, Ye Chen suddenly felt a little funny.

What came to his mind was the time when Qian Hongyan was a hard laborer in the black coal kiln.

I wonder if the black coal kiln gave Qian Hongyan work clothes at that time?

Not to mention what Qian Hongyan really looks like in her black coal kiln overalls. Baidu search, more free reading.

Qian Hongyan was feeling miserable at this time.

She had a bitter hatred for Ye Chen, that was really a bitter hatred.

When she set a trap for Ma Lan in the first place, it was Ye Chen who rushed over and ruined her good fortune.

That's not counting.

The worst part was that Ye Chen donated all her money to charity and sent her to the black coal kiln.

When she remembered the time in the black coal kiln, Qian Hongyan's heart was so uncomfortable that she wanted to die, and she couldn't help but cry out in anger, "This damned Ye Chen! He's the one who put me in the black coal kiln for so many days, I gave so much and all I got was a full-blown venereal disease and a baby, how could I be so miserable today if it wasn't for him"

The more she thought about it, the more she gnashed her teeth at Ye Chen.

So, seeing Ye Chen coming to buy something, she immediately said with a cold face, "Please change the cashier, I'm suspending the service here!"

Ye Chen wasn't angry and said with a smile, "Auntie, aren't you bullying an honest person in a clear way? We've been waiting in line for so long to get to the front of the line, and so many people have checked out and left before, so why is the service suspended at our place?"

Qian Hongyan said in annoyance, "I want to take a break, can't I suspend the service? You think you own this supermarket too? You're just whining to me! I'm telling you, I'm not going to give you a marriage today! You can tie the knot with whomever you like, but not with me!"

Xiao Changkun was dissatisfied, and with a bit of anger, he said, "I said sister-in-law, you're going a bit too far, we're the customers here, customers are God, you're the cashier here, you just want to serve God properly, why are you still acting up with us?"

As soon as Qian Hongyan heard him say that she wanted to serve him as God, she became annoyed and rebuked loudly, "Xiao Changkun, I am your sister-in-law no matter what, as the saying goes, elder sister-in-law is like a mother, younger brother-in-law is a son, and you even asked me to serve you, do you have any respect for the old and the young in your heart? Get the hell out of here! Don't bother me here!"

Chapter 1994

Originally, Qian Hongyan came to look for a job today and applied for a casual job for a hundred dollars a day.

However, after a few chats, he heard that Qian Hongyan had gone to college, so he asked her to try cashiering.

The cashier's job wasn't too tiring, and at one hundred and fifty a day, it was fifty more than the odd jobs, so Qian Hongyan naturally agreed to it with joy.

If there was no problem, the manager would naturally be willing to let Qian Hongyan continue to work, but if she dared to curse with customers at the cashier's desk, then this person would definitely not be able to stay.

It was good that she was joking with her own relatives, so there was nothing to criticize.

So, that manager opened his mouth to remind, "It's still important to be careful about influence in the workplace, and your own relatives shouldn't joke around in the workplace, understand?"

Qian Hongyan hurriedly nodded her head vigorously and said flatteringly, "Don't worry, there won't be a next time!"

The manager gave a hmmm and turned around and prepared to leave.

At this time, Xiao Changkun spoke up, "Hey, you're the manager here?"

That manager turned around again, "Yes, I am."

Xiao Changkun said coldly, "I'm going to file a complaint against you!"

The manager was surprised and asked, "You complained about me? Why?"

Xiao Changkun pointed at Qian Hongyan and said angrily, "The employees under your hands are attacking me physically and verbally abusing me for no reason, and you don't even care! This is a clear dereliction of duty! Is this how you usually indulge your men?"

The manager looked confused, "Aren't you two related?"

Xiao Changkun cursed, "Bah! Who's related to her?"

The manager was even more puzzled and pointed at Qian Hongyan, "She said so!"

Xiao Changkun said despicably, "You believe whatever she says? Looks like you really were derelict in your duties! I thought you two were related! How else could you be so conniving and shielding her?!"

The manager's heart thudded and hurriedly and politely asked, "Sir, you are not related to Qian Hongyan?"

Xiao Changkun's head held high and said coldly, "Of course not! I don't even know her! My son-in-law and I came to buy something, and we finally got in line for half a day, but she insisted that she was on break and told us to go to another line, which is not intentionally difficult? And you just lied to me, you heard me, right?!"

The manager suddenly panicked and quickly looked at Qian Hongyan, questioning, "What is going on here! If you don't make it clear to me, you won't have to do it!"

Qian Hongyan was terrified too!

When she saw Xiao Changkun and Ye Chen, she had a powerful fire in her heart, so she first disqualified Xiao Changkun regardless of the situation.

But what she didn't expect was that Xiao Changkun went to complain to her own leader!

Isn't that like smashing your own job!

When she came to this point, she quickly begged, "Chang Kun, talk to the manager, we're family, I'm your sister-in-law, if I've done anything wrong, I'll apologize to you, but don't joke about my work, I'm counting on your sister-in-law to beg you, okay?"

Xiao Changkun glared at her and said to that manager, "Look at this person, and she's still believing here, I don't even fucking know her, she's my sister-in-law when she opens her mouth and my sister-in-law when she closes her mouth, in your place, can you stand it?"

Qian Hongyan hurriedly explained, "Manager! Don't listen to him! I'm really his sister-in-law!"

Xiao Changkun looked at that manager, patted him on the shoulder, and asked him with a blank expression, "If I say now that I'm really your father, do you believe me?"

Chapter 1995

When the manager of the supermarket cashier department heard this, he immediately understood in his heart.

"So, not only did this Qian Hongyan clash with customers and shout at them, but she even made a scene in front of me in front of them, which is outrageous!"

"This kind of person, keeping her here in this job, there's no telling how many customers she's going to offend, and she might end up getting me in trouble!"

"No! Such a person must be told to get out of here immediately!"

Thinking of this, the manager of the cashier department said harshly without hesitation, "Qian Hongyan, I kindly let you work as a temporary worker, but I didn't expect you to treat customers so

badly! In that case, I see no need for you to do anything, so hand over the keys to the cash register, take off your vest right now, and get out of here right now!"

Qian Hongyan collapsed!

I thought to myself, "I came here early in the morning to look for a job and stayed up all morning exhausted!"

"It's almost time for the lunch shift, and I was looking forward to going to the staff cafeteria for a fierce meal and filling my belly, but I didn't expect to be fired by the manager!"

"This way, not only do I have no lunch to fall back on, but I don't even have \$150 a day to fall back on!"

Thinking of this, Qian Hongyan cried and begged, "Manager! I'm begging you manager, please don't fire me, I'm waiting for this job to support my family!"

I'm not sure if I'm going to be able to do that, but I think I'm going to be able to do that. I beg you to be merciful and forgive me this time, I will never dare again!"

The manager scowled and said: "Qian Hongyan, you are too good at making up stories. One step forward you say the customer is your brother-in-law, and the next you say your husband and son are paralyzed at home. What am I pulling here?"

Qian Hongyan cried out, "Manager! I'm really not pulling any punches, manager!"

After saying that, she looked at Xiao Changkun and cried, "Xiao Changkun, I beg you to tell the truth to the manager and plead for me, your brother and Hailong and the others are now crippled, I have to rely on my salary to support them ah!"

Xiao Changkun trailed off, "You're such an interesting person, is it interesting to always be messing around here? Just now you called me your brother-in-law for no reason, and now you've set me up with a brother? It's not over, is it?"

That manager was in a rage and reprimanded loudly, "Qian Hongyan, if you don't get out of here, I'll have security kick you out!" first issue

Qian Hongyan saw that the matter could not be reversed, and stared at Xiao Changkun with hatred, then said to that manager, "In that case, trouble you to settle the salary for the morning, a hundred and fifty a day, I've been working here for a morning, how about giving me eighty or one hundred?"

The manager cursed: "I found out that you're really not generally thick-skinned, work to make you do this, and still have the face to ask me for money? Get out! Get out of here!"

Qian Hongyan said in exasperation, "If you don't give me the money, then I won't leave!"

Saying that, she turned off the power of the computer at the cash register, and then stood there with her shoulders in her hands, like you don't give me money, I'm not going anywhere, and I'm going to spend the end with you.

At this time, that manager directly greeted a few security guards and took off, "Take the vest off this man and drive him straight out!"

Without saying a word, several security guards immediately went forward, picked up Qian Hongyan and dragged her out of the house.

Chapter 1996

Qian Hongyan collapsed and shouted, "What right do you have to drag me out?! Why don't you pay me on the basis of my salary?!"

However, no matter how loudly she shouted, no one pitied her, let alone sympathized with her.

Seeing Qian Hongyan being dragged out of the supermarket, that manager with a guilty face said to Ye Chen and Xiao Changkun, "Two of you, but this matter is really sorry, I am the one who used the wrong person, I apologize to you two!"

Xiao Changkun nodded and spoke, "The main fault in this matter is not yours, but you are also partly to blame, and this is called improper use of people!"

Then, Xiao Changkun sighed and lamented, "Yeah in the end, it's your eyes that are not very good."

The manager nodded his head repeatedly in embarrassment, "You are right in your criticism, I will definitely improve more in the future!"

Xiao Changkun stretched out his hand and patted his shoulder, speaking in the tone of a senior mentioning a younger generation, "Sharpen your skills!"

"Yes yes yes!" The manager kept nodding, then hurriedly greeted a cashier who had just returned from dinner for a shift, saying, "Zhang Xiaoli, hurry over and pay the bill for these two customers, they've been delayed for a long time!"

That cashier hurriedly ran over, opened the computer, and helped Ye Chen and Xiao Changkun pay the bill.

The two sons-in-law left the supermarket and drove straight to a larger wholesale vegetable market in Jinling, but they didn't care about the old lady Xiao and Qian Hongyan.

After Qian Hongyan was kicked out of the supermarket, she hadn't eaten any rice for dozens of hours, and was on the verge of fainting from hunger, with her head dizzy and her back pressed against her chest.

She also didn't really have the strength to find another temporary job, so she had to walk back home.

As soon as she returned to the villa in Thomson, Qian Hongyan sat down on the sofa with her butt on the floor, not even having the strength to raise her eyelids.

Xiao Weiwei, who had been taking care of Xiao Changqian and Xiao Hailong's father and son at home, heard the commotion downstairs and hurriedly came down to check to see that Qian Hongyan

was half lying on the sofa, and asked in surprise, "Mom, didn't you go out to look for a job? Why are you back?"

Qian Hongyan cursed and said, "Forget about it! Fuck! It's really pissing me off!"

Xiao Weiwei quickly asked after her, "Mom, what's going on?"

The company has been in the process of developing the new product for the past two years, and has been working on a number of new products for the past two years.

The company has been in the process of developing the new product for the past two years. Screwed me out of my job."

Xiao Weiwei gritted her teeth in anger as she heard this, "They've gone too far! How can you bully people so much!"

Saying that, she hurriedly asked again, "Mom, are you going to come in for the half day's pay then? If it's coming, give me some first, I'll go buy some steamed buns and then go to the diner and fry two dishes to bring back."

At this point, Xiao Weiwei's eyes reddened and she sobbed, "Dad and brother have cried in bed several times from hunger, it's so pitiful"

When Qian Hongyan heard this, she wailed and pounded her chest, saying, "It's all because of that bastard Xiao Changkun! I got kicked out by the manager and worked all morning without a penny to settle my bill."

Chapter 1997

Qian Hongyan suddenly felt that the damn life now was worse than in the black coal kiln.

As she cried, she thought back to her life in the black coal kiln and sighed in her heart, "At first in the black coal kiln, although the environment was indeed a little worse, at least I could eat enough every day after following that overseer!"

"Not only do I not have to starve, but I also don't have to work much every day, and I can yell in front of He Lian and her family, it's pretty cool when you think about it."

"And and and that overseer, although he was a bit ugly and dirty, but he was really strong in that area, and on some level, he also made himself experience something he had never experienced before."

Thinking of this, Qian Hongyan sighed long and cried to Xiao Weiwei, who was beside her, "Weiwei, what kind of life do you call this family of ours! Day in and day out it's either this or that, a bit of money has been lost, a company has gone bankrupt, and now I'm living on borrowed time in someone else's villa with no food to eat, so when will it end?"

Xiao Weiwei also did not shed tears and choked, "Mom, I can't figure it out, our family used to live quite well in all aspects, and I was also very close to Brother Yunfei, and we were about to get married, and suddenly it was not as good as one day"

Qian Hongyan sighed and said, "Some other day I'll have to go to the temple to pay my respects, if I keep this up, my little life will be tossed away."

Xiao Weiwei said, "Mom, now that I think about it, it seems like our family started having bad luck right after Grandma's birthday that time before."

"Huh?" Qian Hongyan was surprised and asked, "Which birthday?"

Xiao Weiwei said, "Just last time ah, last birthday banquet, Yun Fei brother gave grandmother a Hetian jade Buddha, that Zhang Wenhao who was pursuing Xiao Chorán, also sent someone to give grandmother an emerald Buddha medallion."

Qian Hongyan nodded, "I remember, that emerald Buddha medallion of Zhang Wenhao was worth a lot of money, it was said to be worth three to four million"

Speaking of which, Qian Hongyan exclaimed regretfully, "Pity! That emerald Buddha medallion, along with your grandmother's other antique jewelry, was seized by the bank."

Xiao Weiwei said, "That birthday banquet, Ye Chen even asked to borrow money from his grandmother, saying that he was going to treat some Auntie Li from that orphanage, do you still remember?"

"Remember ah." Qian Hongyan gritted her teeth and scolded, "That stinky hangman Ye Chen, borrowing money for the birthday banquet, he was also really bold, and in the end, he was scolded by your grandmother and scuttled away, I'm happy when I think about it!"

Xiao Weiwei said, "I'm not trying to say that, I'm trying to say that I've always felt that since that night, our family has been constantly unlucky"

"Yes?" Qian Hongyan frowned and asked her, "What was the first unlucky thing that happened?"

Xiao Weiwei was busy, "The first one is the day after the birthday feast, ah! I went with Yunfei brother to the Imperial Group, I wanted to send an invitation to the vice chairman of the Imperial Group's Wang Dongxue, and by the way also to climb the relationship, the result in the Imperial Group downstairs met Ye Chen"

"Ye Chen?" Qian Hongyan asked after her, "What did Ye Chen go to do?"

Xiao Weiwei said, "Ye Chen said at the time that he was applying for a job at the Imperial Group, then Brother Yunfei and I mocked him, and then something strange happened right after that"

"What's the weird thing?!"

Chapter 1998

Xiao Weiwei said: "I went upstairs with Yunfei brother to see Wang Dongxue, the results of Wang Dongxue did not see us, but also let people bring words to say that the Imperial Group does not cooperate with us such low quality trash, followed by Yunfei brother was Imperial Group's security guards beaten"

Saying that, Xiao Weiwei added, "And then, the Emperor's Group terminated the cooperation with Yunfei brother's family, Yunfei brother's father and uncle were very angry, from then on, Yunfei brother and I also drifted apart, then his uncle Wang Zhenggang still somehow got close to Ye Chen, and even gave that big villa next door to Ye Chen"

"And then, the contract that Xiao Chorán had negotiated with the Imperial Group was also terminated by the Imperial Group because of grandmother's broken promises, and since then, our family has been going downhill."

"Zhang Wenhao pursued Xiao Chorán and chased after him, but his family went bankrupt and his entire family disappeared for no reason."

"Gao Junwei of the Gao family also pursued Xiao Chorán and ended up disappearing along with his father, Gao Jianjun, and the Gao family is still offering a heavy reward for their whereabouts."

"Xiao Yiqian came to our house to support our family, but he was also beaten up by Ye Chen and not only lost his ability to be a man, he also returned to Yanjing in disgrace"

"Xiao Yiqian later gave me to Wei Changming, Wei Changming also despised Ye Chen, as a result both Wei Changming and his father disappeared, and now the business is inherited by his family's illegitimate son, and I also heard that the two of them are now digging for ginseng at the foot of Changbai Mountain, I don't know if that's true or not"

Qian Hongyan was starving, and when she heard this, she suddenly sat up, slapped the coffee table, and roared angrily, "That son of a bitch Ye Chen! He's the one who sent me to the black coal mine in the first place! Fuck! In my opinion, he's the one behind it all!"

Xiao Weiwei hurriedly asked her, "Mom, do you think this Ye Chen is hiding some kind of strength? Otherwise, how could he have so much influence that no one is a match for him?!"

"Strength?" Qian Hongyan left her mouth open and said despicably, "That orphan, what kind of strength can he have? He doesn't even deserve to mention the word strength!"

Xiao Weiwei asked rhetorically, "Then how can he get so many big names to pay him the utmost respect? This proves that he must still have some skills that we don't know about."

Qian Hongyan gritted her teeth and said, "His skill is trickery!"

Xiao Weiwei shook her head and said, "I think he must still have real skills, otherwise so many big names couldn't have been fooled by him"

Said Xiao Weiwei seriously, "It's possible that he really knows something about feng shui! Maybe he used feng shui behind our backs to give us some kind of trick, that's why our family is getting more and more unlucky!"

Qian Hongyan suddenly glared her eyes wide open and spoke out of turn, "When you say it like that, it seems like there's some truth to it! He must have made that feng shui bureau for us, making us more and more unlucky and him more and more awesome!"

Xiao Weiwei nodded her head in a row and said, "I think that's 80% of it! How else could he, a hanging son-in-law, become so powerful all of a sudden? Mom, we have to do something!"

Qian Hongyan said with a wry face, "What can I do? We can't even eat right now, if we want to fight with Ye Chen and his family, we should at least have a backer!"

Xiao Weiwei was busy saying, "I'm not talking about fighting with Ye Chen ah mom, we haven't fought him before, and it's even more impossible now"

Said Xiao Weiwei with an eager face, "Mom, Xiao Churan is my cousin no matter what, Ye Chen is my cousin-in-law even if he is no matter what, we might as well take the initiative to show him goodwill and then beg them to give us a hand, it's really no good, I can go and be a third child for Ye Chen!"

Chapter 1999

Qian Hongyan became anxious when she heard Xiao Weiwei say that she was willing to go as a mistress for Ye Chen.

She blurted out, "Weiwei! Are you out of your mind? It's not good for you to be a mistress to anyone, you have to be a mistress to that kind of hangman, how is he worthy of you?"

Xiao Weiwei sighed and quietly said, "Mom, now I really think that Ye Chen is actually quite a good person, handsome, responsible, and has a good character, he is much better than Wang Yunfei."

"What nonsense are you talking about!" Qian Hongyan glared at her and said offhandedly, "Just Ye Chen is that kind of stinky hangman, he's not even worthy of lifting your shoes!"

Xiao Weiwei said with a bitter smile, "What have I been doing myself for almost a year now? I'm the phoenix that soared into the sky before, falling in a straight line to now even worse than a village raised free-range chicken."

Saying that, Xiao Weiwei's entire body has been unable to control her sobbing: "Mom, look at me now, my reputation is completely ruined, how can there be any man willing to take a second look at me"

Qian Hongyan saw Xiao Weiwei's face filled with tears and hugged her head in a heartbreaking manner, comforting her, "Good daughter, we can't think like that, you know? What's a reputation? What's more important than living well?"

Saying that, Qian Hongyan said, "Besides, you haven't been with many men at all, Wang Yunfei is one, Xiao Yiqian is one, Wei Changming is one, and that adds up to three men, doesn't it? You're in your twenties. You've been with three men. What's that? How many girls have slept with more guys than you before they even graduated from college, and they're not afraid of having their reputations ruined?"

Xiao Weiwei cried and shook her head, "Mom, that's different, it's not the same, dating in college, it's a closed little society, it's okay to make and build whatever you want for four years, as soon as you graduate, who else knows?"

"But I'm different, when I was with Brother Yunfei, who in all of Jinling didn't know?"

"Later with Xiao Yiqian, it was also known all over town!"

"I've had a bad reputation ever since, and everyone knows I'm with a man who's older than my father, so who can look up to me?"

"Not to mention the fact that it was later pawned by Xiao Yiqian as merchandise and given directly to Wei Changming, a matter that no one in Jinling even knew about."

Qian Hongyan was filled with pain and choked, "Good daughter, I don't blame you for this, I blame mom, your father and your grandmother! If we hadn't been so money-minded, we wouldn't have been able to say anything to push you into the fire."

Saying that, she raised her hand and slapped herself in the face, saying angrily, "Mom is sorry! Mom's not human!" This is the first time I've ever been to a mobile phone.

Xiao Weiwei hurriedly grabbed her hand and cried, "Mom, I don't blame you for this, I also volunteered at that time it was me who couldn't accept the temptation of money and wanted to sacrifice myself for glory and wealth, it has nothing to do with you, don't beat yourself up like that."

Qian Hongyan cried and exclaimed, "What kind of sin do you think this is that I'm doing well! What happened to a good day?"

Xiao Weiwei nodded her head incessantly at the side and said, "I can no longer endure a life like this anymore, to be honest, now as long as I can live a peaceful and stable life, not to mention being a mistress for Ye Chen, even if I'm a fornicating girl for Ye Chen, I'm willing"

At this point, Xiao Weiwei cried, "To this day, I only really started to envy Xiao Choran"

"At first, everyone thought she had ruined her life by marrying a loser."

"But who'd have thought that the loser she married would treat her like shit for four years."

"And, this punk, who worked and beat and scolded for her, wouldn't take a step away from Xiao Choran even if the whole world laughed at him."

"What's even more precious is that this waste-like man was able to go against the grain and become the Master Ye respected by everyone in the entire Jinling high society, isn't that a proper super potential?"

"Now look, a man like Ye Chen is really the most reliable."

"As for Wang Yunfei's stream, even if he's rich, what can he do?"

"At a critical moment, isn't it still a big disaster that each of them is flying?"

After hearing these words from Xiao Weiwei, Qian Hongyan was slightly stunned and whirled around to lament, "You're right Xiao Choran, this girl looks silly, but she didn't think she was really great at it!"

Chapter 2000

"Other people go around and around and around, looking at this, thinking about that, thinking about that and thinking about this, picking out of 10,000 people and ending up with a pile of shit instead."

"But this Xiao Choran, who doesn't compete or pick and choose, the old man sets her up with a stinking shit and she's good enough to marry a stinking shit"

"Who'd have thought that stinking shit could turn to gold one day?"

Xiao Weiwei nodded and said seriously, "If there's a chance, I must get closer to Ye Chen, even if he doesn't look down on me, it's good to give our family a little help more or less, at a time like this, no one outside can be relied on, one is not as good as Ye Chen"

Qian Hongyan sighed and said, "Suit yourself, mom just got excited and is even more hungry, help me go back to the house and lie down for a while, wait for your grandmother to get off work and we'll have a meal."

The old lady Xiao in the supermarket to customers pull a whole day of plastic bags.

The big roll of plastic bags in the supermarket, a crazy static electricity, after a day of pulling, the old lady's hair are electric to some fluttering.

However, Mrs. Xiao was very satisfied.

At noon, she had a free lunch provided by the supermarket staff canteen.

This was the most delicious meal Mrs. Xiao had ever eaten in her life.

The food was nothing special, not only was it not very tasty, but it was also not very oily.

But Old Mrs. Xiao had been hungry for too long.

At a time like this, giving her a bowl of white rice would already be a delicacy equivalent to a gift from the heavens, and if one or two meat and vegetable dishes were added, it would really make her soul soar.

The old lady also had the energy to pull up the plastic bag, and it was not so boring.

On the contrary, the old lady also gradually feel some pleasure in it.

Busy until five o'clock in the afternoon, it is said to be time to finish work, the foreman came over to give her a hundred dollars, said to her: "old lady, today's work is really good, tomorrow still come? Tomorrow's New Year's Eve, noon is the time of greatest shortage, if you come tomorrow, pay two hundred a day!" A second to remember on your mobile phone provides you with a wonderful doxology to read.

"Really?" Old Mrs. Xiao was overjoyed as she carefully pocketed the hundred dollars and said excitedly, "Then I'll come back tomorrow!"

The foreman nodded his head in satisfaction, "That's fine, then you can go back to rest first, tomorrow is still nine o'clock in the morning."

Old Mrs. Xiao agreed excitedly, then she suddenly remembered something and spoke up, "Foreman, what time does our cafeteria open in the afternoon?"

The foreman said, "Dinner is at six in the afternoon."

Old Mrs. Xiao was busy asking, "Well then, can I go to the cafeteria for another meal then?"

The foreman said with some difficulty, "But an employee is issued one meal coupon and managed one meal a day, but didn't you already receive a meal coupon at noon?"

When Old Lady Xiao heard this, she nodded her head somewhat lost, "Alright then, I'll come back tomorrow then!"

When the foreman saw her lost look, he couldn't bear to see her and said, "How about this old lady, you work overtime until seven o'clock, I'll apply to the manager and give you a meal coupon, then you go to the canteen and eat before you go home, do you think it's okay?"

Old Mrs. Xiao was thrilled to hear this, and surmised, "Two more hours of pulling plastic bags, and then you can have another meal? Then of course I'll say yes!"

So she was so excited that she said, "Good foreman! Thank you Foreman!"
