### Chapter 2021

Ye Chen's heart thumped when he heard Xiao Churan's ridicule. m.bookeast.co

He was really afraid that his mother-in-law and wife were idly engaging in reasoning here, pushing out his true identity in pushing out a seventy-eight.

So, hearing Xiao Churan directly placing doubts on himself, Ye Chen was really a bit nervous.

At this time, it was Ma Lan who waved her hand, looked at Ye Chen and said with a flattering smile "Churan ah, what you say is unlikely, my good son-in-law although now has a future, but that is also a recent matter, when Dong Ruolin came to Jinling, the good son-in-law has not yet the dragon raised his head, you forget that time, Xiao Hailong that deflated calf contraption even dared to whine with my good son-in-law?"

I don't know what that big treasure you're talking about is." Xiao Churan smiled helplessly "Then I really don't know.

The first thing you need to know is that you can't be sure that you're going to be able to get the right amount of money for the right reasons.

Xiao Churan said "Let her be, even if she is hiding a big secret, it has nothing to do with me, and I don't want to pry into her privacy."

I'm not going to be able to do anything about it," he said.

Ma Lan nodded her head "Good, I won't talk much then."

Ye Chen was only relieved.

When they went downstairs, Xiao Changkun was already sitting in the restaurant eating noodles.

Seeing the three of them come down, he asked "You three went to see what's going on, my mom she's early in the morning, what's she arguing about outside?"

Ma Lan laughed and said "Oh Xiao Changkun, your mother is now an outstanding person, she has learned to openly curse on the balcony, as if to say that Qian Hongyan stole her hard-earned money, your mother is cursing the street while she wants to call the police to arrest her."

Xiao Changkun muttered "My mother's ability to curse in the balcony is far worse than when you were yelling at the whole neighborhood across the balcony, but it's far worse than when you were yelling at the whole neighborhood."

Ma Lan boarded the table "Xiao Changkun, what did you say?!"

Xiao Changkun hurriedly waved his hand "I didn't say anything."

The company has been in the process of developing the new product for the past three years. What's this they're singing about again?"

After staring at him, she continued, "I don't know what they're singing.

The company's main business is in the field of computer science and technology, and the company's main business is in the field of computer science and technology.

Ma Lan left her mouth "It doesn't matter if they ruined the family business, it has nothing to do with us, as long as they don't come to us with a sour face!"

Xiao Changkun nodded with a complicated expression and did not speak again.

After the three mouths ate breakfast, Dong Ruolin and Kong Delong arrived.

As soon as they entered the door, Dong Ruolin warmly said to Xiao Changkun and Ma Lan, "Happy New Year, uncle and aunt. I've come early to pay my respects to you two!"

After saying that, he looked at Xiao Choran and Ye Chen "Choran, Ye Chen, Happy New Year!"

Xiao Churan and Ye Chen said in unison, "Happy New Year."

The first thing you need to do is to get rid of the old man.

Dong Ruolin pointed to the Kong Delong beside her and spoke, "This is my cousin, Kong Delong, cousin, you quickly say hello to everyone."

As soon as the words fell, Kong Delong immediately said with trepidation, "Happy New Year from Uncle and Aunt, Happy New Year from Miss Xiao, and Happy New Year from Mr. Ye."

After saying that, he even bowed ninety degrees.

Ma Lan was dumbfounded.

Although she didn't know Kong Delong, she had heard of him and knew that Dong Ruolin's aunt had married into the Yanjing Kong family, and that the Kong family was also a family of extraordinary strength.

However, she never expected that Kong Delong, as the young master of the Kong family, would be so polite and courteous, even a little too polite, and thought, "Oh boy, is this Kong family's family discipline so good? It's too grand for the eldest young master to go out to visit a small family in a small place like ours and bow ninety degrees right off the bat, isn't it?"

How did she know that Kong Delong was originally one of the most arrogant and domineering second generation ancestors, the reason why he was now as honest as a quail was solely because he was scared by Ye Chen.

Kong Delong pedaled his bicycle from Yanjing to Jinling, Ye Chen gave him the rule that he must arrive within fifteen days, but he took almost twenty days.

So, he was afraid that Ye Chen would settle the score with him, and if he was unhappy and let himself stay in Jinling for an extra year, wouldn't he be devastated?

## **Chapter 2022**

When he thought of this, he immediately subconsciously said to Ye Chen "Mr. Ye, I'm so sorry, I was delayed on the road for a few days, I'm late"

Xiao Churan as well as Xiao Changkun and Ma Lan were even more surprised. m.588novel.

How did this Kong Delong still apologize to Ye Chen? Do the two of them know each other?

Ye Chen saw that his family was full of amazement, so he had a clever idea and smiled slightly, "Young Master Kong is polite, since I said I would treat you to dinner, whether you come early or late, I will honor my promise."

Kong Delong was slightly stunned, first didn't understand why Ye Chen was suddenly so polite to himself.

Then only then did he realize that he might have said the wrong thing.

Ye Chen probably didn't want his family to know that he was in conflict with him.

So, he hurriedly followed Ye Chen's words and continued, "In that case, thank you in advance, Mr. Ye, let's wait for a date after the year."

Ye Chen nodded, smiled and said to Xiao Choran as well as his father-in-law and mother-in-law, "When I went to Yanjing to read feng shui for others, I happened to go to Grandma Dong's birthday on behalf of Choran, and I met Young Master Kong at the birthday banquet, and when I heard that he was coming to Jinling, I said that I would treat him to dinner when he arrived."

Kong Delong also nodded hurriedly "Yes, I didn't think I'd be delayed a few days on my way here, and it dragged directly to the root of the year."

Ma Lan was surprised and asked "Young Master Kong, how did you get here from Yanjing? How can the road still be delayed for a few days? It's only a ten-hour drive, right? The plane is much faster."

Condron said awkwardly "I pedaled my bike here."

"Huh?!" Ma Lan, Xiao Churan and Xiao Changkun were all dumbfounded.

The young master of the Confucius family, pedaling a bicycle from Yanjing to Jinling, what is he after in the cold of winter?

Kong Delong saw that everyone was very surprised, can only scalp said "the reason for pedaling a bicycle, in fact, also want to cultivate a bit of sentiment".

Several people looked at each other.

Taoism? Are all rich kids this boring these days?

Dong Ruolin then hurriedly came out to ease the embarrassment and handed the prepared gifts to Xiao Changkun and Ma Lan and said, "Uncle and aunt, here are some small gifts for you, please also smile!"

Xiao Changkun politely said "Oh Ruo Lin, you said you're a child, just come, what else do you need to buy, how embarrassing to make you spend money."

Ma Lan echoed "Yes Ruo Lin, it's just like coming to auntie's house, no need to be so polite."

The first thing you need to do is to take a look at the gifts you've brought.

When Dong Ruolin saw that Ma Lan's leg was still in a plaster cast, she was surprised and asked "Auntie, is your leg still not well?"

The first thing you need to do is to take a look at the newest version of this article.

I'm not sure if I'm going to be able to do that. Is it serious?"

Marashi waved her hand "Harm! It's no big deal, just like last time, just recuperate and recuperate."

Dong Ruolin nodded and said, "Then also wish you auntie a speedy recovery!"

Marashi smiled and said, "Thank you Rorin!"

Xiao Churan felt in his heart that his best friend brought so many gifts to his home, but he did not prepare any gifts for his best friend in return, it is a bit embarrassing, busy opening his mouth "Ruo Lin, you said that you suddenly want to come to sit at home, and you did not greet me in advance, you prepared so many gifts to my home, I did not have time to prepare gifts for you to bring back to Yanjing, this is how embarrassing ah"

The first thing you need to do is to get rid of it. Next time you have a chance to go to Yanjing, just come sit at my house again, won't you?"

She said, her eyes glanced at Ye Chen and said to Xiao Churan, "Churan, if you don't have anything to do after the New Year, you can go to Yanjing with Ye Chen for two days and stay at my house then! We'll come back together on the seventh day of the New Year!"

Xiao Churan smiled "This, I'll take a look at it, I can't determine the time yet."

At this time, the doorbell rang.

Xiao Changkun busily got up and went over, through the visual intercom screen, he saw standing outside the door, is a very mature dress, with a few sexy beauty.

Xiao Changkun was somewhat surprised and asked "Hello, who are you looking for?".

The other party asked politely, "Hello, is this Ms. Xiao Churan Xiao's house? I'm Wang Dongxue from the Emperor Group, please excuse me for taking the liberty of visiting your home!"

## **Chapter 2023**

"Wang Dongxue?!"

The first time I heard the name of Wang Dongxue, Xiao Changkun only recognized that the sexy beauty on the other side of the video, it was the daughter's studio opening, to the scene to congratulate the vice chairman of the Imperial Hero Group. This this made Xiao Changkun doubly surprised.

After all, Wang Dongxue, as the vice chairman of the Emperor Group and a well-known business elite in Jinling, was still very well known in Jinling.

Moreover, Xiao Changkun also knew that the Imperial Hero Group gave Xiao Choran a lot of renovation business and could be said to be Xiao Choran's bread and butter in his career. Baidu search, more free reading.

But he really didn't expect that Wang Dongxue would take the initiative to visit his home, so he hurriedly said to Xiao Churan, "Churan, come quickly, Wang Dongxue, the vice chairman of the Emperor Howe Group, is here!"

"Huh?" Xiao Churan was surprised, then still a little nervous, and said, "Why is Wang Dong here I'll go open the door for her!"

Dong Ruo Lin was also surprised.

Although Wang Dongxue's worth was far less than Dong Ruolin's, she was, after all, the vice chairman of the Emperor's Group, the second-in-command of the Emperor's Group, and Dong Ruolin's top boss.

Dong Ruolin also didn't expect that her top boss would come to visit her best friend's house.

Therefore, she was more or less embarrassed, but now she couldn't leave, and could only wait for Wang Dongxue to come in with a hard scalp.

Xiao Churan quickly invited Wang Dongxue in, Wang Dongxue said with some apologies: "Sorry Ms. Xiao, took the liberty to disturb."

Xiao Choran busy: "Wang Dong you are too polite, should I have gone to visit you, but these two days have not taken the time, I also just until today to start vacation."

Wang Dongxue nodded and handed over the gifts she was carrying in her hand, saying, "This is some New Year's gifts for uncles and aunts, a small gesture, please smile."

Xiao Churan was very embarrassed and said, "Wang Dong this is really inappropriate."

Wang Dongxue smiled slightly, "Both of us have also worked together for quite a long time, you and I don't need to be so polite, compared to our cooperation, what's a small token of appreciation."

At this time, Xiao Changkun and Ma Lan also came over, Xiao Changkun marveled at the young and capable temperament of Wang Dongxue, while Ma Lan focused her attention on the gift box in her hand.

## **Chapter 2024**

Wang Dongxue even replied, "Hello Mr. Ye."

At that moment, Dong Ruolin stood up and said with a little embarrassment, "Hello, Wang Dong."

Only then did Wang Dongxue see Dong Ruolin and said in surprise: "Oh my, Ruolin you are here too? Didn't you go home?"

Dong Ruolin said unnaturally, "That I'll go to the airport later. Baidu search, more free reading."

The moment Kong Delong on the side saw Wang Dongxue, his eyes instantly burst out with some fire!

Although he had seen many beauties, he had never seen a workplace beauty with such good temperament and such beauty, so he immediately felt a thumping sensation. Baidu search, more free reading.

He subconsciously stood up and asked Dong Ruolin, "Ruolin, you haven't introduced this beauty is?"

Dong Ruolin hurriedly introduced, "Oh right Wang Dong, let me introduce you, this is my cousin, Kong Delong."

After saying that, she looked at Kong Delong again, "Cousin, this is the vice chairman of our Emperor Group, Wang Dongxue Wang Dong."

Kong Delong immediately stretched out his hand and said complimentingly, "Oh my, I've heard of the great name of Dong Wang long ago, and seeing him today, it's true to his name! I am Kong Delong, a descendant of the Yanjing Kong family."

Wang Dongxue nodded lightly and politely said, "It's a pleasure to meet you."

However, Wang Dongxue was not surprised at Kong Delong's identity.

Although she wasn't from a big family, she had worked for a long time in the Imperial Group and had come into contact with quite a few big families and understood quite a few things about them, so she naturally had some understanding of the Yanjing Kong family.

Even the young master of the Ye family, Ye Chen, she had known for so long, and when she saw the young master of the Kong family, Kong Delong, she naturally wouldn't have any unnecessary feelings.

Kong Delong originally thought that he had moved out of the identity of the young master of the Kong family, he would definitely be able to make Wang Dongxue impressed with himself.

But I didn't expect that Wang Dongxue didn't seem to care at all about this matter of being the young master of the Kong family and couldn't see any waves on her expression.

This made Kong Delong heart somewhat depressed, he thought: "I was trying to take Wang Dongxue as a key attack object, if I can take down Wang Dongxue, then my next year in Jinling this time, the days are not too dull"

## **Chapter 2025**

Kong Delong was thinking about how to find a topic to get closer to Wang Dongxue, suddenly received a WeChat from his mother Dong Xiuhua. The mobile phone one second to remember to provide you with wonderful \ fiction reading.

The content of the WeChat, so that he was instantly like a lightning strike.

"You bastard brat, how did you mess with Ye Chen again! Gu Weiliang of the Gu family just called and scolded me, saying that you've caused trouble again, and that Ye Chen wants to extend the time you'll receive punishment in Jinling to two years!"

Condron collapsed almost instantly!

"Two years?! Wouldn't that kill me?"

"I've only been living in the city village of Jinling for two days and my whole body is already getting fed up, I don't even know how to resist for the next year, why did this Ye Chen suddenly add another year to my sentence? How did I recruit him?"

Thinking of this, Kong Delong looked at Ye Chen and subconsciously asked out of his mouth, "Mr. Ye, I"

Ye Chen didn't wait for him to speak, he directly handed over a cup of tea, smiled faintly, and said, "Come, Mr. Kong, please have some tea, this tea is good, I brought it back from outside, drink it, two is still two, if you don't drink it, two is going to become three, and there's even a possibility of becoming four or five."

Kong Delong's face immediately became incomparably ugly.

The threat in Ye Chen's words, he heard it clearly and plainly.

"Ye Chen definitely means for me to keep my mouth shut, if I drink tea honestly and don't talk nonsense, then let myself stay in Jinling for two years, if I don't do what he says, two years may turn into three, four, or even five years"

Thinking of this, Condron's heart completely broke!

"This Ye Chen, is simply a devil of a devil! What have I ever done to provoke you into doing this to me?!"

"Could it be because of that Wang Dongxue?! Did I just offend him by trying to pick up Wang Dongxue?!"

"Wang Dongxue isn't his Ye Chen's woman either ah! Isn't she the vice-chairman of the Empire State Group? What's it got to do with you, Ye Chen? You Ye Chen are too lenient."

Just when Kong Delong was so depressed that he wanted to die, the others were also surprised and looked at Ye Chen, completely unaware of what Ye Chen said about two changing into three and four.

Xiao Choran was surprised and asked, "Ye Chen, what are you talking about, what two changes into three, two changes into four, how come I don't understand"

Ye Chen smiled slightly and said, "Wife, I'm just playing riddles with Mr. Kong, I found out last time we met that we both quite like to play riddles, so I'm going to give Mr. Kong a temporary puzzle."

Xiao Churan nodded gently and asked with a smile, "Then what is the end of the riddle?"

Ye Chen smiled, "The answer to the riddle definitely can't be told ah, it's meaningless to say it."

Saying that, he pushed the cup of tea in front of Kong Delong and asked with a smile, "Mr. Kong, I wonder if you want to drink this cup of tea?"

Condron knows that if he doesn't take this cup of tea, there's a chance that he won't be able to leave Jinling for the next three or four years.

If he wanted to stop the losses in time, he should drink this cup of tea quickly, so as not to continue to expand his losses.

Thinking of this, his eyes turned red and he almost cried out on the spot.

"Two years! Letting me live for two years in a city like this, in a rundown town like that, is no different than going to jail!"

"It might as well be fucking jail!"

"What kind of sin did I do to meet a beastly animal like Ye Chen! Before I met him, my life was not too chic, and since the last time I met him on Song Yuan Ting's birthday, nothing good has happened to my life!"

At that thought, Kong Delong's heart suddenly screamed, "Shit! That time I offended Ye Chen because I wanted to court Song Wanting! This Ye Chen is too much of a beast, isn't he? You're married, and your wife is so beautiful, why are you still stopping me from picking up girls? Are these all his women?!"

Kong Delong wanted to die, accidentally hitting Ye Chen's gun so many times, he just wanted to stay away from Ye Chen for the rest of his life

In resentment, he could only be forced to compromise with Ye Chen, and respectfully received the cup of tea that Ye Chen pushed to his mouth with a trembling hand, and said with great pain, "Mr. Ye, thank you for making the tea, I'll drink it now!"

## **Chapter 2026**

Saying that, with one bite and one stomp, he brought up the cup of tea and drank it all in one gulp.

Drinking this cup of tea was tacitly accepting Ye Chen's new arrangement.

The one year sentence was suddenly doubled to two years.

Kong Delong had no tears to cry, and his entire body instantly lost his soul, completely losing his spirit.

Dong Ruolin was also a little surprised at this point.

Others didn't know about the conflict between Ye Chen and Kong Delong, but she knew all about it.

It was Ye Chen who made Kong Delong pedal his bicycle from Yanjing to come to Jinling in the first place and suffered and reformed in Jinling, and now that Ye Chen suddenly started playing riddles with numbers again, she immediately had a bad premonition.

So, she asked Kong Delong in a low voice, "Brother, what's going on?"

Kong Delong slumped incomparably and handed his phone to Dong Ruolin, and on the screen of the phone, it was the WeChat that his mother Dong Xiuhua had sent to him.

After reading it, Dong Ruolin was dumbfounded!

She didn't expect that Ye Chen would be so cruel as to directly extend her cousin's one-year suffering period by double.

However, she couldn't care less about feeling sorry for Kong Delong.

In her heart, she was reviewing, reviewing where Kong Delong had offended Ye Chen from the moment he first entered the door until now.

"Did cousin offend Ye Chen?"

"It doesn't seem like it ah he's always been very polite to Ye Chen, he almost didn't just bend down and bow and call him big brother."

"Did cousin offend Xiao Choran?"

"Doesn't seem like it either!Cousin is scared to death of Ye Chen, knowing that Xiao Choran is Ye Chen's wife, even if he were to give him ten guts, he wouldn't dare to have any ill thoughts about Xiao Choran."

"Did the form offend Xiao Churan's parents?"

"Or not!Cousin's overall behavior from the time he entered the door until now is still very humble, not a dude's second son's appearance at all."

"Then where exactly did it offend Ye Chen?"

Dong Ruolin was suddenly in deep thought.

Then, her gaze suddenly glanced at Wang Dongxue who was secretly checking out Ye Chen at the side.

At this instant, her heart suddenly thumped!

"Is it because cousin just offended Ye Chen after he showed his affection for Wang Dongxue?!"

"But, what relationship does Ye Chen have with Wang Dongxue?!Wang Dongxue is the vice-chairman of the Emperor Group, she did have some contact with Xiao Churan, it's impossible to have too much contact with Ye Chen!"

"Besides, even if Ye Chen knows Wang Dongxue, why would he be angry at cousin because he provoked Wang Dongxue?"

"And, the way Wang Dongxue looked at Ye Chen, something didn't seem right!Is there something hidden in this?!"

Dong Ruolin's mind was already a mess when she thought of this.

Reason told her that there should be no relationship between Ye Chen and Wang Dongxue.

However, her intuition again told her that the relationship between these two seemed far from as simple as she saw it!

## **Chapter 2027**

Dong Ruolin really wanted to find out what the relationship between Ye Chen and Wang Dongxue was.

However, today's time clearly did not allow it anymore.

She still had to rush back to Yanjing to accompany her own family for the New Year, so she could only speak to Xiao Churan as well as Ye Chen after sitting for ten minutes, "Churan, Ye Chen, I have to go, I still have to go to the airport to catch my flight, all the flights to Yanjing are full today, if I delay this one, I will have to spend the New Year in Jinling."

Xiao Churan opened her mouth to ask, "Ruo Lin, do you want us to go to the airport to see you off?"

Dong Ruolin hurriedly said, "No need, you guys can stay at home."

After saying that, she greeted Wang Dongxue again, "Wang Dong, I'm leaving first."

Wang Dongxue nodded slightly and said, "Have a safe journey, and in addition, I wish you a happy new year in advance."

"Thanks!" Dong Ruolin nodded and said goodbye to Xiao Churan's parents before leaving with the crying Kong Delong.

As soon as they left the house, Kong Delong could no longer tense his depressed emotions and cried out at once, saying, "Ruo Lin, this Ye Chen is too much! As you can see, from the moment I walked in the door, I didn't move her, I didn't provoke her, I didn't dare to contradict him with a single word, but I didn't expect that he would ask Gu Weiliang to add another year to my deadline! And say what I made him feel bad, you judge my brother, where is such a person!"

Dong Ruo Lin sighed and said, "Brother, I suspect that the reason why Yuchen doesn't like you is because your attitude towards Wang Dong is a bit too lovey-dovey!"

Kong Delong nodded and lamented, "I'm not going to lie to you, I also guessed it, I reckon there are two possibilities in this matter, either Ye Chen Xie is upset with me for picking up girls in front of him, or Ye Chen is upset with me for picking up Wang Dongxue, one of these two must be true."

Dong Ruolin nodded, "I share the same opinion as you, the probability is that it has something to do with Wang Dong, but I'm a bit confused again, it's reasonable to say that Ye Chen should have no friendship with Wang Dong."

Kong Delong said resentfully, "I suspect that the two of them might be having an affair!"

Dong Ruolin's heart naturally could not accept such a fact, so she said, "It should be unlikely that the two of them, Ye Chen is still very sincere to his wife."

Kong Delong said, "Knowing people's faces doesn't know their hearts, you also don't know what kind of face Ye Chen has when he's not in front of people"

Saying that, he depressedly lamented, "If I'd known I wouldn't have come with you! I said I wouldn't come and you had to make me come, this is great, I have to stay in this shitty place in Jinling for two years, isn't this killing me?"

Dong Ruolin said helplessly and ashamedly, "I'm sorry ah brother, I'm to blame for this, I shouldn't have dragged you along."

Kong Delong wiped a tear and said, "Instead of telling me you're sorry, why don't you give me an idea on how to persuade Ye Chen to spare me as soon as possible"

Dong Ruolin hurriedly nodded and said, "Brother, don't worry about this, when I return from Yanjing, I will definitely find an opportunity to help you plead with Ye Chen."

Saying that, she added firmly, "When I come back, I will definitely look into the matter between Ye Chen and Wang Dongxue to see if they have any ulterior secrets or not."

With strong suspicions, Dong Ruolin flew back to Yanjing by plane.

Kong Delong had no money in his pocket and didn't dare to make a fuss in Jinling, so he could only decadently return to the city village.

At the same time in the village in the city, there is also Ye Chen's arrogant, domineering and uncaring aunt, Ye Changmin, who is under surveillance and living in the village.

This New Year's Eve would be the most miserable New Year's Eve that the two of them had ever lived in their lives.

Also miserable was Xiao Chang Qian's family.

## **Chapter 2028**

Old Mrs. Xiao had originally agreed to work at the supermarket today.

The supermarket had also promised to pay her double pay today.

However, due to her hard-earned money being stolen and being mocked severely by Ma Lan, Old Mrs. Xiao's blood pressure skyrocketed and she couldn't get up once she sat on her chair.

Although she was not physically harmed, the idea of going to work at the supermarket had no choice but to stop because of her anger and soaring blood pressure.

Seeing that her hard-earned money was gone and she had no chance to earn today's wages, Old Mrs. Xiao was very desperate inside.

She originally wanted Vivian to go to the supermarket to work and earn back her share of the salary.

But when she thought that her son and grandson were seriously injured in bed and her blood pressure was skyrocketing, she couldn't take care of herself and was unable to take care of them at all, so she didn't dare to let Xiao Weiwei leave.

The family of four could only stare at each other in the luxurious villa.

Their family of four was now penniless, and the only thing they had was the leftover food that they hadn't finished yesterday.

It was originally a leftover vegetable bottom, and after another night of putting it away, it had been completely tattered into vegetable soup.

Xiao Weiwei proposed to heat up the leftover food for lunch and eat it together, but Old Mrs. Xiao didn't agree.

She said to Xiao Weiwei, "That bit of leftover food is the only food we have now, and if we eat them now, we'll have to starve at night."

Saying that, Old Mrs. Xiao sighed and added, "Tonight is the 30th day of the New Year, what are we talking about? You also can't starve on New Year's Eve, so it's better to save this bit of leftover food for the night."

Xiao Weiwei cried and said, "Grandmother, that leftover food is not enough for four of us to eat a half-full meal, so what's the point of keeping it?"

Old Mrs. Xiao said seriously, "You don't understand! The New Year's Eve dinner must be eaten, if you can't eat the New Year's Eve dinner, you'll be poor for the next year and won't be able to turn over a new leaf!"

Xiao Hailong cried when he heard this, "Grandmother, didn't you say that you would wrap meat-filled dumplings for me tonight? Why are you making me eat these leftovers again?"

Old Mrs. Xiao was extremely helpless: "Hailong, there's nothing Grandmother can do, after all, we don't have a penny now, what can we use to buy noodles and meat?"

Xiao Hailong was crying extra sadly, "Grandma, it's New Year's Eve, I can't eat big fish and meat, at least let me have a mouthful of dumplings, I really don't want to eat the leftover vegetable soup from yesterday anymore, those vegetable soups smell like brush pot water and mixed with the smell of rusty kitchen knives, it's really bad"

The side of Xiao Changqian choked: "OK Sea Dragon, some food, it's good than starving on New Year's Eve."

Saying that, he gritted his teeth and said, "Blame that son of a bitch your mother for this! Steal all of your grandmother's hard-earned money, or else we'd have a hot dumpling at least."

Xiao Weiwei also cried and sobbed, "Mom is too much, when she stole money from Grandma, didn't she think of our family?"

Old Mrs. Xiao was even more furious and blurted out, "She wants nothing! If she really had our family in mind, she wouldn't have sold her body in the coal mine. This kind of unruly bitch, if God really has eyes, he should take her away before it's too late!"

Saying that, Old Mrs. Xiao sat paralyzed in her chair, patting her thighs as she cried out, "God, open your eyes and look at this family of ours, what kind of life we're living!"

The old lady said, covering her face and crying.

Everyone else kept sobbing, and the four of them burst into tears.

## **Chapter 2029**

The Ye Chen family next door, on the other hand, had been preparing New Year's Eve dinner since after noon. m.zhulang.me

All kinds of ingredients were piled up all over the kitchen console.

Ye Chen was the one with the best cooking skills in the family, so he was the chef for this New Year's Eve dinner.

As for Xiao Changkun, she chopped the dumpling filling by hand with a kitchen knife.

All four members of the family helped in the kitchen, the atmosphere was harmonious and warm.

As the sky gradually darkened, one dish at a time was brought to the table.

In the villa, Zhang Guifen and the three women have also started to busy themselves in the kitchen.

In addition to preparing noodles and meat stuffing for dumplings, they bought a chicken, a fish and two pounds of ribs, and made a few meat and vegetable dishes.

Zhang Guifen felt that the opportunity to live in such a nice villa was a blessing for the three of them, so she also bought an incense burner, a handful of incense, and a very inexpensive portrait of Guanyin.

Before eating, Zhang Guifen brought Dong Yuling and Li Yueqin and knelt in front of the portrait of the Bodhisattva Guanyin.

Zhang Guifen held three incense sticks in her hands and said with great devotion, "Guanyin, the Bodhisattva who saves people from suffering, thank you for blessing us three miserable sisters, so that we can live in such a nice villa in this life, and live a good life that we never dared to dream of before, don't worry, we will work hard to earn money in the future, and never be lazy. In addition, disciple Zhang Guifen also asks you to bless us with a better and better life!"

On either side of her, behind her, were Dong Yuling and Li Yueqin respectively.

The two of them followed suit at this point, holding up three incense sticks and opening their mouths, "Guanyin Bodhisattva who saves suffering and distress, please bless us!"

After that, the three of them kowtowed three times to Guanyin Bodhisattva.

After kowtowing, Zhang Guifen stood up and took the lead in inserting the three incense sticks into the incense burner, and after the other two sisters had also inserted the incense, she said with satisfaction, "Let's go sisters, it's time for New Year's Eve dinner!"

They both said in unison, "All right Guifen-san!"

When the three of them went to eat, Xiao Weiwei and Old Mrs. Xiao, had been hiding around the corner of the stairs to watch.

They were smelling the aroma of rice, so they couldn't help but come down to take a look.

Although the old lady had always wanted to save the leftovers she got back yesterday for the New Year's Eve dinner, just after dark, the four of them ate all the leftovers because they couldn't bear the hunger and shared them.

There wasn't much left over, and each person wasn't even half full, so all four of them were still starving.

Seeing these three women cooking a table of home-cooked food, Old Mrs. Xiao and Xiao Weiwei were drooling with hunger.

Seeing the three of them start to eat, Xiao Weiwei asked the old lady in a low voice, "Grandmother, do you think they will leave a little leftover food or something?"

Old Mrs. Xiao shook her head while swallowing, "I don't know, I hope."

Xiao Weiwei said in aggravation, "I wish I could leave two ribs and a bowl of rice, I'm afraid they won't have anything left over"

After saying that, the tears had rolled down.

Old Mrs. Xiao stared at the incense burner in front of Guanyin Bodhisattva and said seriously, "Don't worry, Weiwei, have you seen that incense burner?It's filled with rice!At night, when they go back to their rooms to rest, we'll use the rice from there to make porridge!"

## **Chapter 2030**

At this time, Ye Chen's family is in the living room, eating New Year's Eve dinner, while watching the Spring Festival Gala, the family is happy and harmonious. m.wallvo.

Xiao Changkun and Ma Lan, the two old couples who didn't like each other, also had a hard time not disliking each other and pinching each other.

Xiao Changkun drank some white wine with Ye Chen, which made Xiao Changkun happy.

Xiao Chorán originally wanted to have some red wine with Ma Lan, but Ma Lan snatched the red wine away from her hand and poured it for herself while saying very seriously to Xiao Chorán, "Chorán, women preparing for pregnancy can't drink alcohol, it's not good for the child!"

After saying that, he smiled at Ye Chen and said, "Good son-in-law, you also drink less, too much wine will affect the quality of a man's tadpoles!Following this affects the quality of the child!"

Xiao Churan's entire body was suddenly embarrassed and shy and angry as she said, "Mom why are you talking more and more without a handle!"

Lan Ma seriously said, "I'm teaching you about health care, and this is all from those childcare experts and genetics experts on TV!"

Xiao Churan was helpless: "Then you don't say it so bluntly!At least be tactful about it!"

Ma Lan was a little aggrieved, "Didn't I use tadpoles as a substitute for all of them?Isn't that tactful enough?"

The first thing you need to do is to take a look at the first few days of your life, and you'll see that it's not just a matter of time before you're ready to take the plunge.My daughter, in the whole country, is one of the top few in terms of quality!Totally inherited my good genes!"

Ma Lan Deng spat and said, "You need some face too!Choran, did you inherit your good genes?What good genes do you have?The first time I was able to grow up so beautiful, it's all thanks to my natural beauty!"

"Fart your ass!"Xiao Changkun left his mouth, "With that gene of yours, no one would even pick it up if you threw it down the drain, and it's still excellent?Excellent my ass!"

Ma Lan slammed her chopsticks and shouted angrily, "What are you doing, Xiao Changkun?I don't want to argue with you on New Year's Eve, so don't be too proud of yourself!"

Xiao Changkun shrank his neck and said somewhat nervously, "Oh my, I'm not imparting experience to my son-in-law, this is a topic between men, so don't get involved."

After saying that, he patted Ye Chen's shoulder and instructed, "Ye Chen, you ah, listen to dad, don't think about anything, don't prepare anything, have nothing to do, drink some wine and have fun, and then this thing will be done!"

Xiao Choran's face turned red with shame when she heard this, immediately put down her chopsticks and said, "If you guys keep talking about such inappropriate topics, then I'm going back to my room to watch TV."

"Oh no don't don't!"Xiao Changkun hurriedly beckoned, "Can't Dad stop chatting?Tonight is the first time the four of us are spending New Year's Eve alone, and we're staying in such a nice big villa, and we don't have to be squeezed by your grandmother, so we have to make this year complete!"

Lan Ma, who rarely agreed with Xiao Changkun's viewpoint, said cheerfully, "Yes!We're saying we'll keep the year until twelve this year!"

Xiao Choran said, "It's okay to keep the year, but you guys need to stop talking nonsense."

"Okay, okay!"Ma Lan laughed, "I know you're thin-skinned, so I can't stop talking about it."

Xiao Changkun also hurriedly changed the subject and said to Ye Chen, "Come, good son-in-law, drink!"

Ye Chen nodded and clinked his wine glass with Xiao Changkun.

Just after finishing the drink, his phone received two WeChats.

Opening it up, the one who sent the WeChat was, surprisingly, Itoh Nana-chan who was far away in Japan.

First, she sent a photo of the courtyard of her old house in Kyoto, which was filled with snow again.

Then, there was a text from her: "Yatsuo-kun, today is the traditional New Year's Eve night in your country, and Nishiko is here to wish you a happy new year!Also wanted to share some good news with you: tonight, it's snowing again in Kyoto."
