

Identity 2191

Chapter 2191

Upon hearing the command, Chen Zhai Kai immediately took off without hesitation, "Okay Master Ye, I'll arrange a plane to send the two of them to Sierra Leone, and I'll arrange for someone to guard them 24 hours a day, never letting them have a chance to escape!"

Ye Chen nodded his head in satisfaction, pointed at Hashimoto Kensen next to him, and spoke, "Right, send this Japanese friend along with him."

Hashimoto nearly first heard this, scared to the point of tears, choked and pleaded: "Mr. Ye, this is entirely the father and son of the surname Song, the two of them are the mastermind, I'm just a business, you said nothing can not send me to Sierra Leone ah, please let me go!"

Ye Chen sneered, "Hashimoto Konzen, do you think you're not responsible just because you're not the mastermind? I tell you, your nature is as bad as both of them!"

Saying that, Ye Chen and then to Chen Zekai commanded, "Old Chen, this Hashimoto nearly first to Sierra Leone, all treatment and Song Tianming, Song Honor equal treatment, absolutely no bias, understand?"

Without hesitation, Chen Zekai nodded and said, "Don't worry, Master Ye, I'll make the proper arrangements!"

Ye Chen turned to look at Song Ji Mo, the old master Song, and asked, "Old master, are you satisfied with my disposition?"

The company has been in the process of developing the new product for the past two years, and is now in the process of developing the new product for the next two years.

But when it really came down to it, he realized that he was still unable to be decisive and desperate.

After all, they are his own sons and grandsons, if you really kill them, then it would be a white hair to black hair, inevitably a family tragedy.

As the saying goes, a tiger's poison doesn't eat its own children, and although there have been patricides of sons over the years, there have been few instances of fathers killing their children.

It is also the case with the old man Song.

It's not just a matter of time, it's also a matter of time.

It's not just a matter of time.

It is the common people who can't stop their passions and desires.

The one who can't cut off the flesh and blood relationship at the critical moment is Master Song's trouble.

It is because of this that he can only put these two people at Ye Chen's disposal.

Now, Ye Chen decided to send them to Sierra Leone, although the conditions are extremely difficult, but in the end, they still left them a dog's life.

This also made Master Song relieved.

Thus, he hurriedly said respectfully to Ye Chen, "Master Ye, no matter what decision you make, I have no half-hearted opinion!"

Ye Chen nodded and asked Song Wanting again, "Wanting, do you have an opinion? If you have an opinion, feel free to bring it up."

Song Wanting also hurriedly said, "Master Ye, Wanting has no opinion, everything is at your disposal!"

Ye Chen then said, "Since everyone is fine with it, let's follow this, Old Chen, have someone bring the three of them down, don't be an eyesore here."

Chen Zekai immediately ordered a few men in black, "Take the three of them down and keep them under strict guard! Absolutely no slip-ups, do you understand?"

Chapter 2192

The crowd was busy saying, "I hear you!"

Saying that, he escorted these three people outside.

Song Tian Ming and Song Honor had been crying and begging for mercy, Song Tian Ming turned his head to look at Master Song and cried out, "Dad please, for the sake of our father and son, help me plead with Master Ye and ask Master Ye to spare me! Otherwise I might have died in Sierra Leone, Dad!"

Song's old man's heart was aching.

Ye Chen had said that they should be allowed to stay in Sierra Leone for 20 years, Song Tian Ming was already over 50 this year, and his body might not be able to carry 20 years when he went to that extremely underdeveloped and impoverished area of Sierra Leone.

It's very likely that he would have died in Sierra Leone before the 20-year period was up.

So now this glance may be the last time father and son will look at each other in this life.

Song Honor's legs were paralyzed at this time, being added up and dragged outside, begging bitterly, "Grandpa I'm only in my twenties this year, I don't want the best years of my life to be confined in Sierra Leone, please help me grandpa!"

Master Song's expression struggled and tangled, and Ye Chen then sternly shouted, "Gag them all!"

A few black-clothed men immediately gagged them with something so that they couldn't say anything, and the scene became much quieter.

Then, all three of them were dragged out.

Master Song, seeing this, knew that there was no possibility of maneuvering, and sighed deeply, as if he had suddenly aged more than ten years.

Ye Chen took in his performance, gently shook his head, and spoke in a loud voice, "Master Song, you know better than me the truth of raising a tiger as a problem, you should not only consider for yourself, but also for Wan Ting, if you don't put an end to the consequences of these two, they will definitely be the biggest threat to Wan Ting someday in the future when you are gone!"

Saying that, Ye Chen smiled slightly and continued, "As long as I, Ye Chen, am here, I won't let the two of them really threaten Wan Ting, that is to say, if the two of them are not eliminated, I will definitely not let them off when they strike at Wan Ting again in the future, so, by the way, imprisoning them in Sierra Leone is not to protect Wan Ting, but to keep them alive! Otherwise they will be reduced to ashes once they fly to the flame!"

Master Song's entire body was startled, whirled around to look at Song Wanting and hurriedly said to Ye Chen, "Master Ye you're right! Just leave them to fend for themselves in Sierra Leone!"

Saying that, Master Song looked at Song Wanting again and spoke, "Wanting, now that you've returned, the position of Chairman of the Song Group is naturally still yours, so from now on, you'll continue to preside over the Song Group's big and small affairs."

Song Wanting nodded respectfully, "Okay grandpa, Wanting knows."

Master Song instructed, "Wan Ting, grandpa doesn't ask you to take the Song Group and storm ahead, as long as you can stabilize the status quo and keep the Song Group from going downhill, grandpa will be very satisfied, so you don't want to talk about any cross-border cooperation in the future, I would rather the Song Group not explore any overseas markets or cooperate with any overseas companies, than for you to fall into a dangerous situation in the middle of the situation, understand?"

Song Wanting nodded gently and said, "Grandpa don't worry, I will definitely take my personal safety seriously in the future, in addition to this matter of cooperating with an overseas company, I think it is still possible to continue, there is no need to throw in the towel just because of this matter."

Saying that, she made a slight pause, and then said, "This time, Master Ye helped me to talk about the cooperation with New Japan Railway, the chairman of New Japan Railway, Shinwa Watanabe, has already signed a cooperation agreement with me in Japan, the agreement is that the two sides will build a joint venture to build a factory, and the funding will be made on a 50-50 basis, but New Japan Railway is willing to give 60 shares to our Song Group."

"What?!" As soon as this was said, everyone on the scene was stunned and unable to speak one by one.

New Nippon Iron had always been very strong in foreign cooperation, they were even deadily unwilling to give up their 51 controlling stake, even if the Song Group had given all 60 of their earnings to New Nippon Iron, New Nippon Iron was still unwilling to give up their controlling stake.

Therefore, in the eyes of everyone on the scene, New Japan Railway was the most difficult bone to chew.

However, Song Wanting said that New Nippon Iron was now not only willing to give up its controlling stake, but also willing to give up 10 shares for nothing to the Song Group, which was like a dream come true!

Chapter 2193

Song originally thought that Song Wanting had encountered a joint set-up by the Song family and outsiders this time when she went to Japan to talk about cooperation, so in order for her to not encounter such a danger again, he preferred that Song Wanting give up on her plans to expand overseas and her cooperation with overseas.

However, he never expected that Song Wanting would be able to get such a lucrative contract from New Nippon Steel.

New Nippon Steel was the global leader in the steel industry, and in this line, they had an extremely high voice, and for a company like the Song Clan to cooperate with others, they just had to rush up and beg.

Not only do they have to beg, but they also have to prepare all the land and all the local relations, and then invite Nippon Steel to reward the light and come over to cooperate.

This feeling, equivalent to their own home one bedroom cleaned up neatly, and then run to someone else's home, invite others over to stay for a few days.

It's not a humble attitude.

Generally speaking, the more unequal the cooperation, the more unequal the treaty.

One of the most common unequal treaties is to pay a large sum of money and take a small sum of money from oneself and have someone else pay a small sum of money and take a large sum of money.

However, who would have thought that Song Wanting would have overturned the state of balance between the Song Group and New Japan Railway, making New Japan Railway pay big money and take a small head, which was really something that no one dared to imagine before.

Many in the board felt that this was a fantasy.

However, they didn't dare to directly question Song Wanting, the chairman of the board, so they could only converse with each other below.

Soon, an old director stood up and spoke up, "Chairman, as far as I know, New Nippon Steel is never willing to sacrifice its controlling stake, will the other party fulfill this contract you mentioned as promised? Or are there any hidden clauses in the contract, or harsher betting agreements?"

In fact, contract traps are a really common thing.

Many established capitalists, love to trap their rivals, or partners, inside contracts.

Many entrepreneurs start their business, get generous investment from capitalists, and resolve to do a big job.

If they do well, naturally, everyone is happy.

But if they don't do well, they are in big trouble.

Some investors, require the investee to add an unlimited joint and several liability in the contract, don't see unlimited joint and several liability only six words, but the power behind the lack of can let the investee to lose all their money.

Because, once the signing of unlimited joint and several liability, business if the dry is not good, lost money, investors have the right to be invested in their own pocket, compensation for all the investment money.

For example, before the mobile phone, Lao Luo, is because of the signing of unlimited joint and several liability, that is why after the failure of the business, personal debt up to 400 million.

Many other business founders, because they could not afford to compensate their investors, ended up being kicked out of the business they had worked so hard to create, and even lost their fortunes and ended up in jail.

Therefore, the directors were also worried about whether there was any similar gambling clause in this agreement that Song Wanting signed.

Song Wanting didn't explain much, she directly took out a contract from her carry-on backpack and said, "This is the original version of the contract that Shinwa Watanabe, the chairman of New Nippon Steel, signed with me, you can have a look at it and see if there are any problems with the details of the terms and conditions."

The old director reached out and took the contract over, and a bunch of other people, etc., rushed around.

Even Old Master Song was a little unable to hold back and stepped forward to take a look at it.

Chapter 2194

When everyone saw the contract, everyone's eyes grew wider and wider.

It was indeed a formal contract, and the terms and conditions were clear and unambiguous, with no ambiguous side clauses, let alone anything that hid business risks.

Seeing that at the end, it did indeed have the official seal of Nippon Steel and the autograph of Shinwa Watanabe, it was indeed a true and valid contract without a doubt.

This time, everyone couldn't help but be pleased.

The old director said with great excitement, "Oh my, I've never seen Nippon Steel sign a contract with such big concessions! This is arguably unprecedented! Our Chairman Song's pride is too great! A face is worth at least two or three billion dollars! Even higher!"

Others echoed in agreement, "Yes, Chairman Song taking such a favorable contract from Nippon Steel is almost unheard of in Nippon Steel's history, and if we announce this news to the public, then the stock price will definitely rise quickly!"

Someone looked at the time and said offhandedly, "The news of Chairman Song's safe return has probably been released by the media, which is already great news, and now with this contract from Nippon Steel, if this news is also released to the public, it will be two great benefits! When our stock resumes trading, we'll be sure to pull it up three or four times in a row! The group's market value could grow by as little as 3 or 40!"

"Chairman Song, this time, you've really taken the Song Group a big step forward!"

Song Wanting said very seriously at this time, "The reason why the cooperation of New Japan Railways was able to be negotiated and to get such great favorable terms was entirely because of Master Ye's help in bridging the gap, and New Japan Railways' chairman, Watanabe Shinwa, also signed this agreement entirely on Master Ye's behalf, so everything depends on Master Ye."

Saying that, she looked towards Ye Chen and said from the bottom of her heart, "Master Ye, everything this time is all thanks to you, if it wasn't for you, I would have died in Japan; if it wasn't for you, grandpa he would have been poisoned and had his brain destroyed; not to mention still being able to get such favorable terms from New Japan Railways Wan Ting is really grateful"

Ye Chen smiled slightly, "There's no need to be so polite, these are just what friends should do, it's just a show of hands."

After saying this, Ye Chen stood up and said, "Wanting, you just came back, and there are a bunch of things waiting for you to clap in the group, I won't bother much, it just happens to be a few days out too, I have to go home early."

As soon as Song Wanting heard this, she said with a face full of reluctance, "Master Ye doesn't know if it's convenient for you to have lunch together? You've done so much for us and we haven't had a chance to thank you properly."

Ye Chen smiled, "Didn't I say there's no need to be so polite? You just get busy with your work first, you can eat anytime, you can wait until you're done with what's in front of you and we'll meet up again."

Master Song also said on the side, "Yes Wanting, Master Ye has been away from home for several days for you, and you should return early to reassure your family."

Song Wanting could only nod her head, "Master Ye, then I'll see you out."

"No need." Ye Chen said, "You quickly take advantage of the fact that everyone is here, and continue to touch the work with everyone, you're back now, the cooperation of the New Japan Railway has also been talked about, it's reasonable to say that a conference should be held tomorrow, hurry up and prepare, and try to make the influence a little bigger, it will be good for you, and for the Song Clan."

Song Wanting nodded her head in gratitude and said, "Okay Master Ye, Wan Ting knows, then take your time, Wan Ting will arrange a banquet some other day, you must be grateful to come over then"

Ye Chen smiled, "Good, I'll definitely come then."

Saying that, he waved his hand to Master Song again, "Master Song, I'm leaving first."

Master Song even bowed deeply and said with immense respect, "Master Ye, take care."

Ye Chen stepped out from the reporting hall, and both Chen Zekai and Hong Wu were respectfully waiting outside the door.

Seeing him come out, Richard Chen rushed forward and spoke in a low voice, "Young Master, the car is ready, shall I take you home or?"

Ye Chen faintly said, "Well, go home."

Hong Wu, who was on the side, also ran over and asked for advice, "Master Ye, your aunt has been in the city village for the ninth day, she has been crying all day and night for two days to go back, causing the neighbors in the city village to call the 110 for several rounds of complaints, do you think we should let her go?"

Chapter 2195

When Ye Chen heard this, his entire body was slightly startled and opened his mouth to ask, "Why hasn't he let her go after nine days? Didn't we say seven days?"

Hong Wu was a bit embarrassed and said, "Master Ye, I was thinking that I need your nod to release my side in this matter, I'm not good at taking the initiative"

Richard Chan on the side exclaimed, "Hongwu, why haven't you released him yet? Miss is a person with a tremendous temper, if you don't let her go when the time comes, beware of her turning back to take revenge on you!"

Hong Wu hehehehe smiled and scratched his head, "That I wasn't thinking that Master Ye had been in Japan rescuing Miss Song a few days ago, and then tossed all the way back by boat, so I must have been particularly busy, so I didn't call Master Ye to consult you on this matter, wanting to wait for you to come back and tell you."

Ye Chen nodded his head and said, "Okay, then let her go."

Hong Wu hurriedly said, "Okay Master Ye, I'll arrange this."

Zekai Chen then said to Ye Chen, "Young Master, I think it would be best if you go there and tell the Eldest Miss that it is your intention to delay her release for two days, otherwise, she will definitely seek revenge on Hong Wu once she returns to Yanjing."

Hong Wu said without hesitation, "Retaliate against me? Tell her to come on!!, Hongwu, have also died once, I won't be afraid of her!"

Chen Zekai waved his hand and said seriously, "You are not understanding the Eldest Miss's style of acting, she is a person who especially holds grudges and has various means, if Young Master offends her, she will definitely not be able to do anything to Young Master, but if you offend her, then she will not only find trouble with you, she will most likely not even spare your family and friends."

When Hong Wu heard this, his entire body was suddenly a bit nervous.

But he didn't want Ye Chen to look down on him, so he said with a hard scalp, "It's fine, I'm not scared of Hongwu!"

Richard Chen sighed in disbelief.

He understood Ye Changmin's personality too well.

Ye Chen originally let Ye Changmin stay here for seven days, but as a result, Hongwu let her stay for nine days, then she would definitely be very Hongwu into her bones as well.

Ye Chen had the strength and the old man's favoritism, she definitely wouldn't dare to do anything to Ye Chen, but she definitely wouldn't let Hong Wu go.

Otherwise, she would have absolutely no place to vent all the anger she suffered in Jinling.

Therefore, it was out of concern for Hongwu that he also suggested Ye Chen to help him take the blame for this.

After all, Ye Chen had already offended Ye Changmin to death, and Ye Chen's mother-in-law, Ma Lan, had even hammered Ye Changmin, so with such a big feud on the table, detaining Ye Changmin for two more days was a trivial matter.

Ye Chen laughed at this time and spoke, "Anyway, more lice don't bite, it's better for me to personally meet that aunt of mine!"

As soon as Hong Wu heard this, he knew that Ye Chen was prepared to take care of this matter for himself, and he was instantly grateful.

So, he hurriedly bowed and said respectfully, "I'm sorry Master Ye, Hongwu has caused you trouble."

Ye Chen waved his hand, "Eh ah, don't say that! You're all about doing things for me in the end, how can you say that you're causing me trouble."

Saying that, Ye Chen said to Chen Zekai, "Old Chen, prepare the car, let's go over together!"

"Good young master!"

Ye Changmin was now in the rental house pulling her voice out to curse her mother.

"Ye Chen! You're a bastard who didn't keep his word! Seven days have long since passed, so why don't you let me out!"

Chapter 2196

"And you bunch of Ye Chen's dogs! You won't let me out, will you? When I get out, I'll deal with you one by one!"

"Do you really think that I, Ye Changmin, am made of clay? Hurry up and let me out!!!"

The more Ye Changmin scolded the more agitated she became, and all of a sudden she kept coughing: "Cough cough cough cough if you don't let me out, I'll throw you all into the Yangtze River to feed the fish! I'm going to kill you all, one by one, so that you will never be reborn!"

I don't blame Ye Changmin for being hysterical, but after nine days of living in a place with the lowest population, her entire body had completely collapsed.

Coupled with the fact that this place in Jinling was located south of the Yangtze River, the winter was humid, and the rented house she lived in had no air conditioning or heating, so every day she could only wipe her tears on the bed wrapped in a damp blanket.

From the very first second she moved in, she was looking forward to escaping after the seven-day period expired.

But to her surprise, after seven days, Hongwu was unwilling to let her go.

To Ye Changmin, this was not only anger, but also complete fear.

She was afraid that Ye Chen would suddenly go back on his word, void the seven-day period, and then keep herself under house arrest without giving her a clear date.

So, she was screaming and yelling like crazy every day, just to get the attention of the neighbors around her, to get the attention of 110, and to put pressure on Ye Chen and Ye Chen's dogs to release her as soon as possible.

However, she didn't know that Hongwu had already moved all the surrounding neighbors yesterday.

This self-built building, even including the landlord, had a total of thirty residents, and now, except for Ye Changmin, everyone else was enjoying in the free five-star hotel.

Therefore, Ye Changmin's shouting and screaming was not heeded by anyone at all.

Until her voice was almost dumb, no one paid any attention to her, not even the neighbors or police officers who came over to inquire.

Ye Changmin, who was extremely depressed, immediately took out her cell phone and sent a video to her father, Ye Zhongquan, who was far away in Yanjing.

As soon as the video went through, Ye Changmin cried out, "Dad! You quickly let that bastard Ye Chen release me ah I really can't take it anymore if you don't release me, I'll simply die here ooooooh"

Ye Zhongquan in the video footage sighed helplessly.

He knew Ye Changmin's character well enough to know that it was absolutely impossible for him to do anything suicidal and self-inflicted, so he said seriously, "O Changmin! Don't get so excited! It's only been two days, hasn't it? Be patient, Tatsuo will definitely not keep you locked up, maybe he'll let you back in the next two days."

Ye Changmin cried and said, "Dad! You don't know how I've spent the last nine days! When did I ever commit such a crime, Dad? If you don't go find that bastard Ye Chen, if he doesn't release me now, he may not release me tomorrow, what if he wants to keep me locked up here all the time?"

She said and begged, "Dad, I'm begging you, just call him and tell him to let me go back soon."

Ye Zhongquan said seriously, "Changmin, I had a hard time convincing Gu Yanzhong to persuade Chen'er to promise to come back for the Ancestor Ceremony on Qingming Festival, this matter is extremely important to the Ye family, there can't be any mistakes, if because of your matter, which caused Chen'er to change her mind again, it would definitely be a big loss for the Ye family!"

Ye Changmin understood now.

It turned out that the old man didn't want to go and pressure Ye Chen, mainly because he didn't want to offend Ye Chen for himself!

At the thought that her own father couldn't be relied upon, Ye Changmin was so sad that she cried, "Dad!What if Ye Chen never releases me?"

The old man was busy: "Oh Changmin, if Tatsuo doesn't release you by the Qingming Festival, then Dad will definitely ask him for an explanation."

Ye Changmin collapsed, "Dad!Ching Ming Festival is in April, which is nearly two months away!"

Chapter 2197

This arduous day, Ye Changmin didn't want to continue for a single day.

If she really had to wait until the Qingming Festival to go back, it was simply no different from wanting her life.

Ye Zhongquan couldn't help but comfort her: "Alright Changmin, just stop your temperament and get down to business and wait for a few more days, and then if Chen'er is still unwilling to release you, I'll give him a call."

Ye Changmin naturally had ten thousand grievances in her heart and didn't dare to say more.

She mused in her heart, "I can now see that in my father's eyes, Ye Chen is currently the most important person in the Ye family."

"After all, once he does get married to Gu Yanzhong's daughter, Gu Qiuyi, then he will be one of the heirs to the trillion dollar family fortune of the Gu family, which will bring great help to the Ye family."

"In this case, how can my daughter, who is already married, compare to Ye Chen in terms of her importance in her father's eyes?"

"Hey, it looks like I can only break my teeth and swallow in my stomach."

So, she could only say with anger, "Okay dad, I know then I'll just wait patiently for a few more days, if after three to five days, Yechen still doesn't say to release me, then you must give him a call to talk about it."

She said, her nose was sore, and she sobbed quietly again.

Ye Zhongquan consoled, "Okay, don't worry, three days, if Chen'er still doesn't release you after three days, Dad will call him personally!"

Ye Changmin nodded and choked out, "Dad, I'll hang up first then"

"Okay, hang up."

With the end of the video call, Ye Changmin's eyes couldn't stop the tears from popping down.

Just at this moment, a knock was suddenly heard from outside the door.

The first thing you need to do is to take a look at the product.

Before she could see who was outside the door, she couldn't hold back and cursed, "You bunch of bastards, when exactly are you going to let me out?"

Ye Chen looked at Ye Changmin who had dull skin and swollen bags under her eyes, frowned and said, "Auntie, the weather in Jinling is so damp and cold, you've lived here for nine days and this fire hasn't been suppressed yet?"

Once Ye Changmin saw that it was Ye Chen, she was angrily questioned, "Ye Chen! You agreed to let me leave in seven days, but I've already been locked up here by your people for nine days, so why don't you let me go?!"

Saying that, she saw Hong Wu standing beside Ye Chen and angrily rebuked, "This is the bastard who privately detained me for another two days, he simply deserves to die!"

Ye Chen said coldly, "It's my intention to keep you for two more days."

"What do you mean?!"

Ye Changmin asked angrily, "You obviously said 7 days, why did it turn into 9 days? On what grounds?"

Ye Chen snorted and said faintly, "Are you my aunt? How can you leave after only 7 days after a trip? Say what you will about keeping you for two more days, don't you?"

Ye Changmin was about to explode with anger at Ye Chen's cavalier attitude and angrily rebuked, "Ye Chen! Don't give me that crap! I don't know you yet? I'm telling you, you'd better not mess with me, so let me back in!"

Ye Chen gently shook his head and said with a sigh, "It seems that nine days can't hold down your fire at all, Yanjing is dry and your fire is so strong that it will definitely be worse when you go back, in my opinion, you should continue to stay in Jinling for a few more days and completely subside your fire before leaving."

Saying that, he immediately said to Hong Wu who was beside him, "Hong Wu!"

Chapter 2198

Hong Wu was busy with an arch, "Master Ye, what are your orders?"

Ye Chen smiled, "This aunt of mine needs to continue to stay in Jinling for a few more days, and during this time, it will be troublesome for you to continue to keep a close eye on her, everything is the same as before."

Hong Wu was busy asking, "Master Ye, how many days exactly are the days you are talking about?"

Ye Chen thought about it and smiled, "This way, let's say 7 days, make it a whole week, it's easy to account for, if these 7 days aren't enough, it proves that this aunt of mine has too much liver fire, then we'll have to give her a big treatment."

Hong Wu smiled, "Okay Master Ye, I know!"

What Ye Chen was thinking at this time was: "You Ye Changmin think you're the Ye family's daughter, you dare to come to Jinling to act like the Queen Mother descended to earth, and you're still unrepentant to this day, since you're stubborn, don't blame me for being merciless, I don't believe I can't cure you today!"

Hearing Ye Chen's words, Ye Changmin's face instantly went pale!

Her tone instantly softened and she choked out a plea, "Ye Chen! You can't do that! I've been tortured to the point of not looking like [PENNY www.biqudao.vip] a human being for the last nine days, do you know what kind of life I've had? It's okay to eat without oil and water, no face wash, no face mask, not even an eye cream, ah"

"My skin is in such a poor state, it'll take at least a month to heal back when I go back ah, if you lock me up for another seven days, then this skin of mine will really be finished."

Ye Chen put away the smile on his face and said seriously, "My good aunt, you still don't understand why I want you to stay in Jinling and here!"

"I'm letting you stay here so that you can put away that temper of yours and learn to behave with your tail between your legs; if you can do it, I'll let you go; if you can't, I'll let you stay until you can do it!"

"As for your skin being good or bad, what does it have to do with me?"

Ye Changmin was extremely resentful in her heart, but on the surface, she still pleaded with an aggrieved face, "Chen'er, I'm your aunt, we're family, how can you do this to me?"

Ye Chen laughed, "Aigoo, you've started treating me like family now? When you came here from Yanjing to boss me around, why didn't you treat me like family? How come you didn't treat me like family when you ran up to my mother-in-law and spouted off?"

Ye Changmin was so embarrassed that he cunningly said, "I I that wasn't for your own good?"

Ye Chen smiled, "So you did all that for my own good!"

Ye Changmin said obsequiously, "Oh my, of course! I'm your aunt, and if I don't do it for your own good, for whose good?"

Ye Chen clapped his hands and smiled, "That's a real coincidence, Auntie, I'm doing all this for your own good! You must not fail me in my filial devotion to you!"

Saying that, he looked at Ye Changmin with a serious expression, and

Continuing, "I'm giving you two choices right now!"

"First one, you're honestly here for another seven days!"

"For seven days, you are not allowed to curse, go crazy, or whine or shout here!"

"If you behave well, after seven days, I will myself let you go!"

After hearing this, Ye Changmin hurriedly asked, "What about the second option?"

Ye Chen said coldly, "The second option is to stay here for another month! For a month, you can curse if you want, you can go crazy if you want, you can yell and scream as much as you want, and after a month I'll see if I'm in a good mood!"

"If I'm in a good mood, then you can just go back."

"But if I'm not in a good mood, then sorry, I may have to keep you for a while longer and do my duty as a landlord!"

Chapter 2199

Ye Changmin was truly convinced.

Although she still hated Ye Chen in her heart, but after Ye Chen's words, she didn't dare to continue to do any bargaining with Ye Chen.

She had realized that Ye Chen's personality as well as his style of acting was not something that she could hold down.

Together with the fact that Jinling was Ye Chen's territory and the old man was now also towards Ye Chen, there was nothing else she could do but endure.

If you can't afford to provoke it, you just can't.

So, she could only suppress all the anger and dissatisfaction in her heart and said honestly, "Okay I'll choose the first one"

Ye Chen nodded and turned to Hong Wu and said, "Hong Wu, you heard it all, in the next seven days, make sure to have your people give me strict supervision, and if there is any more shouting and scolding, notify me at the first time!"

Hong Wu hastily stood up straight and said in a loud voice, "Don't worry Master Ye, I'll make sure to keep a close watch on him!"

Ye Chen mmmmed and added, "If she performs well, once the seven days are up, send her straight to the airport without having to ask me for special instructions."

"Okay Master Ye!"

Ye Chen looked at Ye Changmin again and said seriously, "Aunt, keeping you in Jinling is not my purpose, letting you learn to know how to respect others is the key, I've already said everything that needs to be said, so you can be on your own."

After saying that, he didn't bother to listen to what Ye Changmin said anymore, he turned around and went out the door.

Ye Changmin was incomparably angry inside, but she didn't dare to show any dissatisfaction.

She didn't even dare to shout to vent her emotions, fearing that Ye Chen's gang of men would have trouble with her again.

Leaving the city village, Hongwu was very grateful and ashamed and said to Ye Chen, "Master Ye, I didn't get things done myself, and I still need you to wipe my ass, I'm really sorry for the trouble"

In Hongwu's heart, he did feel ashamed.

Ye Chen had initially said that he would release Ye Changmin after 7 days, but after the 7 day period was up, he didn't dare to release her directly, but wanted to wait until Ye Chen came back and reported to him.

However, I didn't think about what would happen to me if I offended Ye Changmin because of this.

A person like Ye Changmin was definitely a big person with great powers to Hong Wu, and if she wanted to screw Hong Wu, as well as Hong Wu's family, Hong Wu wouldn't have the ability to resist at all.

So he was grateful to Ye Chen for coming over and taking the fall for himself at this time.

Moreover, he was equally grateful to Richard Chen.

If it wasn't for Richard Chen's reminder, he might not have thought of this at all.

It was very likely that he hadn't figured out exactly what it was because until Ye Changmin had come over with a vengeance.

Ye Chen saw him thanking himself and waved his hand, "You're working for me, so there's no need to be so polite with me."

After saying that, he looked to the side of Chen Zekai and spoke up to instruct, "Old Chen, Su Ruoli's side, you must keep an eye on it for me, and also help me keep an eye on the Su family's current movements."

Richard Chen immediately nodded and said, "Young Master, don't worry, I'll arrange for Yanjing's eyes to keep an eye on the Su family for me."

Ye Chen then said, "Alright, Hongwu go busy, Old Chen will drive me home."

Ye Chen got into Richard Chen's Rolls Royce, and the first thing he did was to call Itoh Naija, who was far away in Japan.

On the one hand, he wanted to give her a good news, and on the other hand, he also wanted to find out about the situation in Japan.

Chapter 2200

After all, the escape of such an important prisoner as Su Ruo Li was probably unacceptable to the Japanese Police Department, the Japanese Self-Defense Force, and the entire Japanese nation.

As soon as the call came through, the voice of Ito Nai-chan came over, "Ye Chen-kun, you've arrived in Jinling, right?"

Ye Chen smiled, "Yeah, how did you know?"

Itochi smiled, "I was following the news from Jinling, and I found that some media was promoting the news that Miss Song had already returned, and since Miss Song has returned to Jinling, then Ye Chenjun must have already arrived."

"Right." Ye Chen smiled slightly and spoke, "We only arrived in the morning and rushed to the Song Clan as soon as we got back, so I'm sorry I didn't bother to check in with you."

Ito Cai-chan smiled, "Ye Chen-kun is too kind, you have business to attend to, you don't need to contact me at the first time, just tell me when you're done like now."

Ye Chen sighed in his heart, this Itachi Naija was truly gentle and considerate, whoever married such a woman in the future would truly be blessed for life.

In his heart, he couldn't help but shake his head, driving the thoughts he had just had out of his mind, and asked, "Cabbage Patch, is there any action over there in Tokyo?"

"There."

Itachi said, "There was a major incident in Tokyo the night before last, when the chief criminal who had previously exterminated the full house of the Matsumoto clan, Sojourner, escaped from prison! This incident only broke yesterday afternoon, saying that Su Ruorui had been switched and her entire body had vanished from the face of the earth, the police department and the Self-Defense Force are going crazy, and are carpet searching for her nationwide."

Saying that, Itoh Cabbage added, "This matter has a very bad impact in Japan, the head of the Tokyo Police Department, has already resigned this morning, and a friend of my father, a high ranking member of the Tokyo Homeland Security Bureau, has been ordered and taken over the position of the head of the Tokyo Police Department in the nick of time."

When Ye Chen heard this, he couldn't help but laugh inwardly.

This Tokyo Metropolitan Police Department was really unlucky.

This matter, at a glance, was the Su family's secret dealings with the top brass of the Japanese Self-Defense Force.

According to the testimony of the captain of the ship that Su Ruo Li was on last time, this matter was that the Japanese Self-Defense Force first handed over the person to the Tokyo Police Department, and then they would swing the Tokyo Police Department, along with the Su family, out of the Tokyo Police Department's hands.

They originally wanted the Tokyo Police Department to take the blame, and then the SDF would capture Su Ruorui once more, thereby also strengthening the Japanese SDF's influence in the country.

But I didn't expect that halfway through this matter, suddenly killed Ye Chen and brought Su Ruorui back to the country.

In this way, the Japan Self-Defense Force losses are not big, after all, the Tokyo Police Department is carrying the pot, they are just a basket of water in a waste of time.

But the Tokyo Metropolitan Police Department really bad luck.

The person is they messed up, the responsibility is all on their head.

If they couldn't catch Su Ruorui, it would be a disgrace to the judicial field of Japan and a sinner of Japanese legal justice.

So, Ye Chen said to Ito Cabbage, "Your captain and crew are still on their way back to the ship, and when they return, they should be able to tell you that Su Ruo Li has been caught by me."

Ito Cabbage was surprised and asked, "Huh?!Ye Chenjun, how did you catch Su Ruorui?You two know each other?"

Ye Chen smiled, "I have some personal grudges with her, after sailing that day, she wanted to kill me at sea, but unfortunately she was not as skilled as me and was caught by me."

Ito Nana-chan was busy asking, "Then are you okay, Ye Chen-kun?"

"I'm fine."Ye Chen smiled, "I have Su Ruo Li in my hands now, but I still want you to keep it a secret for me."

Ito-chan said without hesitation, "Don't worry, Ye Chen-kun, I'll definitely keep it a secret for you!"

Ye Chen added, "Oh right, Vegetable, you just said that the newly appointed head of the Tokyo Police Department is a friend of your father's?"

"Right."Cabbage Ito explained, "He's one of my dad's college classmates and close friends."

Ye Chen smiled, "Then I'll give him a big gift for your sake!"
