

Identity 2201

Chapter 2201

When Itachi Nana-chan heard this, she was surprised and asked, "Yatsuo-kun, what big gift are you going to give him?"

Ye Chen smiled, "I'm sure he's still anxious to figure out why Su Ruorui disappeared and why he was switched, right?"

Cabbage Ito said, "It's true, my father said that uncle is also under a lot of pressure right now, because it's hard to do such a critical thing, mainly because the public's expectations are too high, if it's done well, naturally everyone will be happy, but if it's not done well, it's likely that he will suffer the public's wrath."

Ye Chen agreed and said, "That's right, this kind of thing is a double-edged sword, if you don't use it properly, you will hurt yourself."

Saying that, Ye Chen smiled again and said, "But ah, this great gift I'm giving him will enable him to turn this double-edged sword, into a single-edged sword!"

Itachi Nana-chan asked in amazement, "What do you mean by that, Yatsuo-kun? Double-edged sword to single-edged sword?"

"Right." Ye Chen smiled, "In other words, with this great gift from me, he doesn't have to worry about hurting himself if he doesn't use this sword properly."

Ito-chan was busy saying, "Ye Chen-kun, what exactly is this great gift you're talking about?"

Ye Chen laughed, "You tell him that the reason why Su Ruo Li was switched was entirely behind the collusion between the Su family and the Japanese Self-Defense Force, who colluded to make a civet switch and then dumped the blame on the Tokyo Police Department."

"Huh?!" Itachi's voice was extremely surprised, "Yatsuo-kun, you're telling the truth! The Soviet family, really in cahoots with the SDF?"

Ye Chen asked her, "When have I ever lied to you?"

Ito Nai-chan was busy explaining, "Ye Chen-kun, Nai-chan didn't mean that Nai-chan just thought this was too upsetting! How could the Self-Defense Forces, as Japan's military, do such a ridiculous thing?"

Ye Chen laughed, "Hey, saying a thousand words, the reason why the Su Family and the Self-Defense Force are fly-tipping and working in tandem is still for profit! This is mainly the Su family's energy is too great and only has one hand to cover the sky, you tell that friend of your father's to focus on making a breakthrough from the Self-Defense Force, he will definitely make significant progress."

Saying that, Ye Chen added, "As long as you, the uncle, can find tangible evidence of collusion between the Self-Defense Force and the Su Family, even if you can't arrest Su Ruo Li back, you'll be able to represent the Police Department and fight a good turnaround!"

Itoh Cabbage was also very clear that before Ye Chen didn't tell himself about this matter, the key point of this matter was whether or not that uncle of his would be able to successfully arrest Su Ruo Li.

But now, the key point of this matter had immediately changed.

As long as that uncle found absolute proof that it was indeed the Su Family and the Self-Defense Force that had swapped Su Ruo Li out, then the Police Department could instantly get rid of all responsibility, and all the blame would be dumped on the Su Family as well as the Japanese Self-Defense Force!

Thinking of this, Itoh Cabbage hurriedly said with joy, "Yatsuo-kun, then I'll start by thanking you for that uncle of mine for this great gift!As soon as the problem is solved, I'll make sure that uncle thanks Ye Chenjun!Let him personally come to the door to thank Ye Chenjun then!"

Ye Chen smiled, "There's no need to be so polite, as long as he can be courteous when I go to Japan in the future, or if there's anything I can use him for in Japan, it's enough."

Ito Nao-chan took off, "Don't worry, Yeh Chen-kun!This uncle of mine has always been very merciful, and if he can really turn the Jedi around with the help of Ye Chenjun this time, he will definitely remember Ye Chenjun's kindness!"

Ye Chen smiled and said, "Then I'll reveal a little more information, you tell him to make sure to investigate the Maritime Self-Defense Force that went out on patrol last night, the mole must be out of this group of people, tell him to arrest all these people one by one and raid them, he will definitely find a breakthrough point!"

Ito Nana-chan pondered for a moment and said, "The rank of the SDF is a bit higher than the Police Department, so I'm afraid it would be difficult to push for a direct arrest, and the SDF would definitely interfere within the police force."

Chapter 2202

Ye Chen smiled, "Wasn't he from the Homeland Security Department before?As far as I know, for any country, homeland security is the most important, so the level of the homeland security department must be higher than the army, you ask him to get help from his former colleagues or leaders, and the homeland security department will go out to the Self-Defense Force to arrest people, I believe the Self-Defense Force absolutely does not have the guts to interfere."

After a pause, Ye Chen added, "After the Homeland Security Department captures the people, they can then be handed over to the Tokyo Police Department for interrogation immediately afterwards, at that time, no matter how many people are arrested, all of them will be isolated and interrogated separately, and they will definitely find the key clues!"

Ito-chan couldn't help but exclaim, "Yatsuo-kun, that's a wonderful solution!!I'll talk to him right now!Thank you for my uncle first!"

Ye Chen laughed, "Alright, hurry up and tell him, I'll just wait to see this Jedi reversal of the great show!"

Ye Chen only revealed to Itachi that the Su family had colluded with the SDF and replaced Su Ruorui, but he didn't tell her that the whole thing was an inside story about the Su family and the SDF working together as a game and ostensibly releasing people, but it was actually the left hand against the right hand.

This is mainly because it doesn't make much sense for these words to come out of his mouth.

Also, the more clues given, the easier it would be to interfere with the other's concentration.

So, he only talked about the secret dealings between the Su family and the Self Defense Force, and the rest, let that uncle of Itachi's, just follow the clues he gave and go deeper into it, let him dig out this background with his own hands, that way it would be more damaging

At this moment.

Yanjing, Su Family Residence.

Su Ruo Li, as well as the accompanying crew, hadn't heard anything for so long, causing Su's master Su Chengfeng to be anxious.

Su Shou Dao was similarly worried about this matter.

Only, Su Shou Dao did not know the inside story of the whole matter.

He thought that the Su family had an accident while rescuing Su Ruo Li.

So, he was a bit agitated and asked Su Chengfeng, "Dad, what's going on here? Aren't our men taking Ruo Li back to China by water? How come all of a sudden there's no news of anything, only the ship was intercepted by the Japanese Self-Defense Force, where the hell did Ruo Li go?"

Su Chengfeng said in a depressed voice, "How do I know? I know as much about the whole thing as you do, and you ask me, how can I answer you?"

Su Shou Dao saw his father's tone was a bit annoyed, hurriedly compensated, "Dad, you calm down, I'm not against you just this fact is too weird, my heart is always hanging, I can't find Ruo Li, this heart will not fall ah!"

Su Chengfeng said coldly, "I've already sent someone to Japan to investigate this matter, once I have any news, I'll synchronize it to you first."

Su Shou Dao sighed worriedly and spoke, "Dad, who were you communicating with from the Japanese Self-Defense Force at that time? Why don't you give me your contact information and I'll call him and see if there's any clues that we've all overlooked."

Su Chengfeng was furious when he heard this and surmised, "I'll give you contact information? That grandson of the Japanese Self-Defense Force now thinks I've played him and is chasing me to give him a piece of my mind, so if you call him now, won't all of my whole plan come out in the open?"

Thinking of that, he said darkly, "I told you that I've sent someone to investigate and will synchronize any information to you, are you having a problem with my arrangement?"

Chapter 2203

Su Shou Dao saw that his father was a little angry, hastily stood up, bowed and said: "Dad you calm down, I didn't mean it, I was just worried in my heart Ruo Li no matter what, Ruo Li is my flesh and blood, her life and death and whereabouts are unknown right now, I am really too anxious"

The old man Su looked at him with cold eyes and said word by word: "Shou Dao ah, to do great things, must have a strong heart that does not change color, an illegitimate daughter missing, let you panic like this? Then one day if this old man of mine breathes his last, will you still be able to manage the Su family well?!"

When Su Shou Dao heard this, his entire body was in a state of shock!

He was apprehensive and mused, "It's not a good sign that the old man is starting to doubt my heart and my abilities!"

"If I had been acting too nervous about this Ruo Li matter, the old man would have thought I was weak inside and not strong enough to rise to the position of head of the Su family."

"If it's because of Ruo Li's affair that it affects the old man's judgment on his successor, then it's really more than worth the loss."

Thinking of this, Su Shou Dao's expression was sharp as he said, "Dad! Don't worry! No matter how this thing turns out, I will never let it get to me!"

Master Su looked at him suspiciously and said coldly, "Whether it will affect you or not is not up to your mouth, but my old man's eyes!"

Su Shou Dao panicked, "Dad you're right! I will show you in action!"

Master Su hummed and waved his hand, "Okay, you go out."

Su Shou Dao said respectfully, "Okay Dad, I'll go out first."

Master Su coldly reminded, "If Ruo Li is still alive, then I'm sure he will contact you, and if she contacts you, you must tell me first!"

Su Shou Dao said without hesitation, "Don't worry dad, if Ruo Li just contacts me, I'll report to you first!"

Master Su hummed and waved his hand, "Go."

Su Shou Dao hurriedly turned around and quickly left Master Su's study.

At this time, Su Shou Dao's back was already drenched in cold sweat.

After living in a gentry family for a long time, he felt more and more that there was no difference between a gentry and an ancient palace.

The head of this mansion was the ancient Nine Five, and his heir was the prince below.

Although he had been made the "crown prince" by the old master to inherit the Su family, the old master still held the power, and he had to be careful and walk on thin ice at all times.

Otherwise, it was highly likely that a single word would have offended him and then he would have dismissed him without mercy!

There were countless princes in ancient times who were deposed for disobeying the emperor in word and deed!

During the Western Han Dynasty, Emperor Jing of Han deposed Prince Liu Rong of Chestnut.

During the Eastern Han Dynasty, Emperor Zhangdi Liu Gou deposed the Crown Prince Liu Qing.

During the Three Kingdoms period, Sun Quan deposed his son Sun He.

Chapter 2204

Li Chengqian, the eldest son of Tang Taizong Li Shimin, who was also dethroned that year for disobeying his father.

The most miserable, but also the Qing Dynasty Kangxi Emperor's prince Aisin Gioro Yinreng, he is the Yongzheng Emperor Aisin Gioro Yinzhen's brother, this buddy was Kangxi Emperor two stand and two waste, and finally was put under house arrest to death, can be extremely miserable.

Su Shoudao was also worried that if he made the old master disgruntled because of Su Ruorui's matter, in case the old master also abolished himself, then his loss could be extremely heavy, and most of his life's efforts would go down the drain.

Thinking of this, Su Shou Dao decided that regarding Su Ruorui's matter, he must try to control his emotions as much as possible in front of the old master, and must not let the old master have any more discontent towards him!

A daughter was important, but the position of the Su family's head was even more important.

What's more, this daughter was his own illegitimate daughter!

Over here, Master Su was angry at Su Shou Dao, and he was more or less worried himself.

In fact, the reason why he was angry at Su Shoudao was mainly to cover up his own guilty conscience.

After all, he was the one who had made the decision to betray Su Ruoduo.

The old man had already done some calculations, the crimes committed by Su Ruorui in Japan, can be considered a great crime, if you really want to buy the relevant personnel to release her, the cost is huge, not to mention, but also easy to offend the Japanese government to death.

That's why he was planning to, cooperate with the Japanese Self-Defense Force, get Su Ruorui out himself, and then let the Self-Defense Force catch her back and sell the Self-Defense Force a favor.

After all, the SDF still had a lot of energy in the Japanese government, and as long as he had a good relationship with the SDF, it would be very convenient for him to develop in Japan in the future, as well as cooperate with the Japanese government.

However, the old man never dreamed that the original seamless plan would have such a big change of heart.

Su Ruo Li's disappearance had now put him in a dilemma.

On the one hand, he didn't know how to explain to the Japanese Self-Defense Force or how to eliminate the Japanese nation's anger towards the Su family.

On the other hand, he didn't know if Su Ruorui was dead or alive, and if she was still alive, would she already know about the business she was running behind his back, what would she do if she found out and sought revenge on him in the future?

Being irritated, his most trusted man hurriedly came over and whispered, "Master, Masahiro Honda of the Japanese Self-Defense Force called again, he said that he gave us 24 hours, if we can't hand over Su Ruo Li to them within 24 hours, the one billion dollar deposit we were told to give them will not be returned."

"Also, Honda Shoji is very angry right now, he thinks we're deliberately playing them, so he put out a message that if we don't hand over Su Ruo Li, then later on he'll have a grudge against us and tell us to be more careful in everything."

Master Su sighed and cursed with great annoyance, "Damn it!Where the hell is this Su Ruoruo Li?A good living person can't just disappear into thin air!"

The man was busy saying, "Now the police all over Japan are looking for Su Ruo Li's whereabouts, and the Self-Defense Force is also closely checking all the passing ships at sea, if Ruo Li is still in Japan, then it's only a matter of time before she is found; if Ruo Li has already left Japan, then she must have left Japan by water as well, and based on the time between her disappearance and now, she should have already returned home."

Master Su's eyebrows furrowed together as he said coldly, "It would be fine if it were the former, but if it were the latter, then it would be a problem!There was absolutely no reason for her to return home and not contact the Su family, unless she already knew the truth!That would make it a little tricky for us later!"

Saying that, he immediately instructed, "Wang Liang, you immediately send someone to monitor the He family, if Su Ruorui really returns to China and doesn't contact us, she will definitely contact her mother's family as well, closely monitor all the movements of the He family, and report to me immediately if there is any stirring of the wind!"

Chapter 2205

At this moment, Tokyo, Japan.

Forty-eight-year-old Tomohisa Suzuki is standing in front of the floor-to-ceiling window of his newly appointed office, at a loss for words.

He, the new head of the Tokyo Police Department, was the new head of the department.

Before this, he was a mid to high ranking member of the Homeland Security Department, who was well known for being very good at detecting and having a tough wrist.

This time, Su Ruo Li was found to be switched, the whole of Japan was shocked, the Japanese government for this anxious, the Tokyo Police Agency is a target.

The Japanese government has no choice but to send Tomohisa Suzuki to take charge of the situation.

However, Tomohisa Suzuki didn't want to take on this mess either.

As a smart man, he usually stays away from such cases that shock the nation.

Because while solving such a case is very rewarding, if he fails, he will surely disappoint the entire nation greatly.

Over the years, Tomohisa Suzuki has relied on a steady diet of experience, success stories, and his own popularity.

Therefore, he likes to take on assignments that are not that challenging and not that difficult.

Like this extremely challenging and difficult task, he doesn't want to get involved at all.

Because, he had worked so hard to get to where he was today by being steady and steady, and he could have continued to be steady and steady until he retired.

That way, he would be able to retire with success and reap the admiration of the entire country.

Now this extremely difficult task, of course, can be completed will make himself a big step forward.

But if he fails to do so, it will also bring to naught the situation and status he has steadily gained over the years.

This is like a gambler who has already won a lot of money and intends to play a few more small games before leaving the game with the money.

However, the dealer has chosen to let him play a hand of Stud at this time, betting all the money he has won before.

Only a fool would be willing to do such a thing.

But Suzuki Jijiu had no choice at all.

After all, he worked in the national security department, and in the final analysis, he was a national civil servant, and the Japanese government had no room to bargain over what they wanted him to do.

Now, the one who determines the future course of his life is a foreign woman he's never met.

He, however, only knows that this woman is called Su Ruorui, is the main murderer of Matsumoto's family, as long as he can catch her, he will be famous all over Japan; but if he can't catch her, he will disappoint all the Japanese people and become a sinner in the eyes of the Japanese people.

As for where exactly is this Su Ruorui?Is it still alive?His entire body was completely clueless.

Taking a step back, even if he couldn't find Su Ruorui, he should at least find out first how exactly she was transferred away from the tiger in front of everyone's eyes.

Now that the double had been poisoned to death, and the few people responsible for transporting her had disappeared for no reason, the police department couldn't find any valuable clues at all.

Just when he was scratching his head and completely unsure of where to start, his deputy pushed the door in and said awkwardly, "Suzuki-san, there are a lot of media reporters outside, not only our domestic NHK and Asahi Shimbun, but also a number of top overseas media including bbc and cnn, and they all want to interview you."

"Interview me?" Suzuki Tomohisa said darkly, "I've only just taken up my post, what's there to interview?"

The deputy spoke up, "They want to know the progress in the case of Su Ruorui's disappearance."

Chapter 2206

Suzuki Jijiu said in annoyance, "You tell them for me that there is no progress in this matter yet, and if there is any substantial progress, then I will definitely announce it to the national and world media through a press conference."

The deputy nodded, "Okay Suzuki-san, then I'll go reply to them first!"

Suzuki Tomohisa called out to him and instructed, "Oh yes, from now on, no media reporters will be allowed to enter the Tokyo Police Department without invitation or permission!"

"Okay, I got it!"

After the deputy went out, Suzuki Tomohisa rubbed his temples distractedly and said to himself, "Hey as long as it's a critical situation, nothing good ever comes out of it! This case is so influential, not only the whole country is paying attention to it, even the overseas media is paying attention to it as well, one badly handled case could ruin your name, it's so fucking tricky!"

Just thinking about it, the phone suddenly rang.

When he heard the phone ringing, his scalp suddenly went numb and his veins all jumped around in a sudden.

What he was most afraid of now was answering the phone, and it wasn't just that there were various media outlets trying to find out everything they could about his phone and trying to interview him over the phone.

There were many leaders from government departments who were constantly asking questions about the progress of the entire case.

He was so annoyed.

Help her look at the phone screen, only to find out that the caller is even his good brother's daughter, Ito Nashiko.

The Suzuki family and the Ito family were already family friends.

He and Yuuhiko Ito had been friends since childhood, and they attended the same university, so although they weren't brothers, they weren't much worse than real brothers.

Therefore, Ito Nana-chan was also like half a daughter to him.

Seeing that it was Ito Nana-chan's phone call, his grumpy mood was greatly relieved, and when he got on the phone, he even squeezed out a little smile and asked, "Nana-chan, why did you want to call me?"

Ito Nana-chan was busy saying, "Uncle Suzuki, I heard that you were recently transferred to the Tokyo Police Department and in charge of investigating the case of Sugoroku's disappearance?"

"Right." Suzuki Tomohisa spoke up and asked, "You heard about the vegetables too?"

"Yes" said Itachi, "Uncle Suzuki, I wonder if you've found anything useful now?"

Suzuki Tomohisa sighed, "There are no clues so far, this Su Ruorui, it's as if she has disappeared from the face of the earth."

Itoh Cabbage hesitated for a moment and spoke up, "Uncle Suzuki, I have a very good friend who just called me and revealed a little clue to me, so I hurriedly called you, hoping that it would be helpful to you."

When Suzuki Jijiu heard this, he was suddenly excited and asked, "Cabbage, is this all true what you said? Who the hell is that friend of yours? What clues did he give you?"

Ito Nachiko said solemnly, "Uncle Suzuki, I'm sorry that I can't tell you about the identity of my friend."

Saying that, Itoh Cabbage Patch said, "As for the clue he gave me, he told me that the reason why Suzuki was quietly switched, the problem was not with the Tokyo Police Department, but with the Suzuki family as well as the Japanese Self-Defense Force."

"The Japanese Self-Defense Force?" Suzuki Tomohisa was surprised and asked, "Is the SDF involved in this?"

"Right." Itoh Cabbage said, "That friend of mine said that it was a joint effort between the Soviet family and the Self-Defense Force to swap out the Sugoroku and then deliberately dump the blame on the Tokyo Police Department."

Suzuki Tomohisa hurriedly followed up, "And what exactly was their purpose? You want to save that Su Ruo Li back to the Su family?"

"No." Itachi said, "Their goal is to first dump the blame for the swap of Sora's bag on the Tokyo Police Department, and then the Japanese Self-Defense Force, who caught Sora at sea, will take all the credit for it."

"What?!" Suzuki Tomohisa's entire body was stunned and asked off the top of his head, "You're telling the truth about all of this, Cabbage Patch?!"

Ito Nana-chan said seriously, "This is what my friend told me, and I believe him, he said if you want to catch this lead, use your connections in the national security services and take all the members of the Japanese Maritime Self-Defense Force who were out on patrol in Tokyo Harbor yesterday for quarantine review, and there should be a breakthrough!"

Chapter 2207

The words of Ito Nana-chan had overturned all of Suzuki Tomohisa's speculations and inferences about the whole matter.

Never in his wildest dreams could he have imagined that the Japanese Self-Defense Force was involved in such a thing, and intense anger sprang to his heart!

Spin, Suzuki Chiharu gritted his teeth and said, "Cabbage, thank you and your friend for the reminder, I will definitely bring all those responsible here for a surprise interrogation at the earliest possible time!"

Cabbage Ito smiled, "Uncle Suzuki, I hope this clue will help you."

Suzuki Tomohisa said with conviction, "Cabbage Patch, if this clue is true, it would be a great help to me!"

Saying that, Suzuki Chiharu was busy, "I'm not going to talk to you for a while, I have to arrange for an arrest!"

"Okay Uncle Suzuki!"

When Suzuki Jiji hung up the phone, he first contacted his old leader in the Homeland Security Department.

The clue provided by Ito Nana-chan was a matter of great importance, if the Self-Defense Force was really involved in the swap of Suroku, it would not only be a national scandal, but also a major homeland security incident, so it must be thoroughly investigated.

Japan's homeland security leaders, upon hearing about this matter, also took it very seriously, and almost immediately dispatched a team of very high level homeland security experts to fully cooperate with Suzuki Chihisa to conduct a thorough investigation into the matter.

At this time, the relevant head of the Self-Defense Force was still unaware that he had been defeated.

They are constantly putting pressure on the Su family to hand over Su Ruo Li.

Now that the whole country was paying attention to this case, as long as the Self-Defense Force could arrest Su Ruorui, they would be able to make a great achievement.

However, even if the Su family is unwilling to hand over Su Ruo Li, it doesn't matter, after all, there is the Tokyo Police Department to take the blame for this case, the top brass of the Self Defense Force doesn't have to bear any consequences, and there is still a billion dollar deposit as compensation.

In short, the Self-Defense Force felt that what they had done this time, although it wasn't a successful big deal, it was certainly a deal that wouldn't lose money.

However, they didn't expect that the Police Department and the United Nations Homeland Security Department, had already targeted them!

An invisible net had been slowly spread out towards a portion of the top brass of the Japanese Self-Defense Force!

At this time, Ye Chen had just returned home.

When he pushed the door in, he heard the dining room was very lively.

Xiao Churan is chatting with someone, heard the movement of the door open, busy out to check, and saw that it was Ye Chen came back, rejoiced and said: "Hubby! Why did you come back without saying hello or making a sound?"

Ye Chen smiled, "Didn't I just happen to be busy with business, it just so happened that a client was also in Japan and said that he was coming back by private jet, so I just took a ride back."

Xiao Chorán nodded, went forward to hold his hand and said with a smile, "Hubby, it takes two to three hours for you to fly over from Japan, you must not have eaten at lunch, right?"

Ye Chen smiled, "No, I hurried home after being busy."

Xiao Chorán smiled and said, "Then you're back just in time, Ruo Lin also just returned from Yanjing today, I asked her to come home for dinner, we just opened the red wine, you should also hurry up and eat together!"

Saying that, she pulled Ye Chen and stepped into the restaurant.

Inside the restaurant, Dong Ruolin was chatting with Xiao Changkun as well as Ma Lan, and as soon as she saw Xiao Chorán come in holding Ye Chen's hand, her expression immediately became pleasantly surprised!

She had returned to Yanjing for a few days on New Year's holiday and had been missing Ye Chen for the past few days, so she couldn't wait to come here this morning to visit Xiao Churan with her gifts as soon as she got off the plane.

She said she came to see Xiao Churan, but what she actually wanted was to see Ye Chen.

Chapter 2208

However, it was only after arriving that I found out that Ye Chen wasn't even home.

It turned out that Ye Chen had gone to Japan a few days ago due to a sudden incident and hadn't returned.

This made Dong Ruorin a little listless, and her original high spirits were instantly dimmed.

Just half an hour ago, Xiao Choran's family had kept her at home for lunch, and she was a little hesitant, thinking that Ye Chen was also not at home, so staying at Xiao Choran's house for lunch at this time would be a waste of a good opportunity to be close to Ye Chen.

She wanted to say that she would simply wait until the next time to visit, but she couldn't resist Xiao Churan's enthusiasm, so she had no choice but to agree.

But she really didn't expect that before the meal was even eaten, Ye Chen would be back!

Therefore, at this time, Dong Ruolin's eyes were already filled with excitement as she looked at Ye Chen.

Xiao Changkun and Ma Lan were naturally also very happy to see Ye Chen back.

Xiao Changkun's painting and calligraphy association had been resting for the past few days, he was bored to death facing Ma Lan at home every day, seeing Ye Chen return, he was naturally very happy.

As for Ma Lan, that was even happier, as soon as she saw Ye Chen, she said happily, "Oh my good son-in-law, you're back after being gone for so many days, you don't know how much mom missed you these days!"

Saying that, the eyes were still not looking at Ye Chen's hands.

Ye Chen had gone abroad several times recently and would always bring her back all sorts of high-end gifts, so she was also looking forward to what kind of gifts Ye Chen would bring her this time.

However, at this time, Ye Chen's hands were empty, so it didn't look like he had prepared a gift in any way.

Ma Lan was more or less disappointed in her heart, but she was too embarrassed to show it, after all, her attitude towards Ye Chen now had changed drastically from before.

She now felt in her heart that Ye Chen was a good son-in-law in every way.

Even if Ye Chen didn't bring her a gift this time back, she wasn't unhappy about it except for a little disappointment.

At this time, Ye Chen also realized that he came back in a hurry and didn't prepare a little gift for Ma Lan, Ma Lan would definitely feel a little lost in her heart.

So, he walked up to Ma Lan, sat down beside her, and said with a smile, "Mom, I'm really sorry, I originally wanted to buy you some gifts to bring back from Japan this time, but suddenly a friend had to return home on a private plane, and I took his windy flight at the last minute, so I didn't have time to go buy the gifts."

Ma Lan hurriedly waved her hand, "Oh my good son-in-law, you are already happy that you have mom and mom in your heart, as for gifts and such, there is no need to buy them every time!"

Ye Chen nodded and casually smiled, "Mom, I'll transfer 200,000 to you on WeChat later, you can take whatever you want to buy, just as a small token of my appreciation for you!"

As soon as Ma Lan heard this, her whole body was incomparably excited and asked, "Alas mother, good son-in-law! Are you telling the truth about what you said?!"

Ye Chen laughed, "How can this still be false? Mom you wait a moment, I'll transfer the money over."

Saying that, he pulled out his phone and directly used WeChat to transfer 200,000 cash to Ma Lan.

Ma Lan received the WeChat push, opened it and saw that it was indeed Ye Chen who had given him 200,000, so she was excited and hurriedly clicked to collect it, clapping her hands happily while laughing, "Oops! What kind of life do I have in Marashi? Find a good son-in-law who's looking for a good son-in-law!"

The first time I saw it, I thought it would be a good idea to have a little bit of money to spend on my mother. A room is almost full of her!"

Ma Lan glared at him and snapped, "Xiao Changkun, keep your mouth shut and don't fart here, it's none of your business! I think you're just jealous that my son-in-law is treating me so well!"

Xiao Changkun said in exasperation, "You're the one who farted!"

Marashi trailed off, "What? I farted? Where's your mouth moving and whatnot when I fart?"

Xiao Changkun's old face flushed with anger and simply snorted, "I'm really too lazy to take care of a vulgar woman like you!"

Chapter 2209

As soon as I saw that Xiao Changkun and Ma Lan were going to choke up again, Xiao Churan hurriedly came out to smooth things over: "Oh my dad, mom, can you guys not always choke up when you talk? Ye Chen just got back, and people Rorin is there, don't let them see the joke"

Xiao Changkun looked at Ma Lan and coldly snorted, "For the sake of my daughter's face, I won't get along with you!"

Ma Lan said disdainfully, "Look at what you're saying, as if how much I want to be like you."

Saying that, Ma Lan turned her head to the side and no longer looked at Xiao Changkun.

At this time, Dong Ruolin was a little embarrassed and said to Xiao Choran, "Right Choran, Gu Qiu Yi is coming to Jinling for a concert next month, let's go see it together then, right?"

Xiao Choran was busy laughing, "Ye Chen said he was going with me, he knows Gu Qiu Yi and said he could get front row tickets."

Dong Ruolin looked towards Ye Chen in shock and asked, "Ye Chen, you know Gu Qiuyi?!"

Ye Chen nodded, "Acquaintance, Miss Gu is one of my clients, I used to help her read feng shui."

Dong Ruorin blurted out, "Momma, so good?!Then you must be familiar with Miss Gu. Can you find me a front row ticket too?I'll pay you twice as much then!"

Saying that, Dong Ruolin was afraid that Ye Chen wouldn't agree, she put her hands together and pleaded, "Ye Chen, like Chorán, I've liked Gu Qiu Yi for a long time, and I especially want to sit in the first row to watch her concert"

Speaking of which, Dong Ruo Lin sighed and said, "But it's so hard to get front row tickets for her concert, as long as she holds a concert, rich people from all over the country will swarm like flies and instantly grab all the good seats, I've grabbed them several times without success, so I can only beg you for more help."

Ye Chen couldn't help but feel a headache when he heard this.

He had promised Gu Qiuyi at the earliest that he would definitely go to see her concert, and then he had promised his wife Xiao Churan that he would definitely take her to see Gu Qiuyi's concert.

Xiao Chorán was his wife, and Gu Qiu Yi was his fiancée that he had been engaged to since childhood, taking his wife to see her fiancée's concert, that in itself made him very uncomfortable, and he didn't expect Dong Ruorin to come to join the fun at this time!

Dong Ruo Lin likes Ye Chen's thing, Ye Chen himself already knew.

And he also knows that Dong Ruorin has a fiery personality and a lot of courage, when she was in the hot spring with herself and her wife, she dared to run to her side to confess while her wife was asleep, if she was also in Gu Qiuyi's concert, I wonder how chaotic it would have been

So, Ye Chen was a bit embarrassed and said, "Ruo Lin, I'm really sorry, I may not be able to help you with this matter, because I've already greeted Miss Gu, and Miss Gu said that she can settle two tickets for me at the most."

"As you know, my relationship with Miss Gu is nothing more than a client relationship like Party A and Party B. It's already very enough for people to settle two tickets for me, and I'm really too embarrassed to ask for more"

When Dong Ruolin heard this, she didn't have much doubt in her heart.

In her heart, she surmised, "Tickets for Gu Qiu Yi's concert are already hard to come by, and front row seats are even harder to get."

"Ye Chen is just helping Gu Qiu Yi to read the feng shui, it's indeed already very rare for people to agree to give him two tickets for the front row, asking for more would make it seem like Ye Chen is a bit uncaring in his work, I can't let Ye Chen be looked down upon just to ask for tickets for me!"

When she thought of this, she hurriedly said, "Then I'll think of something else, if I can't get a ticket for the front row, I'll be satisfied with getting a ticket for the first five rows then."

Ye Chen was also slightly relieved when he heard this.

He felt that if he couldn't stop Dong Ruolin from going to the concert as well, then it would be a good thing for Dong Ruolin to sit a little farther away from himself and his wife when the time came.

At the very least, he would be a little less stressed by then.

Ye Chen knew very well that if he asked Gu Qiuyi for three tickets, then she would definitely not refuse and would definitely give three consecutive seats.

Chapter 2210

What if Dong Ruo Lin then has to sit next to her, what will she do?

So, resolutely can't grant her request, let her try to get tickets on her own, the best situation is that she can't get a seat in the first row, but taking a step back, if she gets a seat in the first row then, as long as she doesn't sit next to her, she has nothing to worry about.

At that moment, Dong Ruorin said to Xiao Churan again, "Churan, do you want to go shopping together this afternoon?"

Xiao Churan looked at Ye Chen and whispered in her ear, "Ruo Lin, I'd better not go shopping, I'm going to work in two days, and Ye Chen has just returned from a few days out, so I want to stay at home with him more."

Dong Ruorin was horrified in her heart.

She could tell that Xiao Churan was completely radiant from the bottom of her heart when she said this.

This made Dong Ruorin realize that Xiao Churan, who was always not too sensitive to feelings, was probably already truly in love with Ye Chen.

This made her heart very sad.

She used to think that Xiao Churan was only forced by her grandfather's pressure to marry Ye Chen, and emotionally speaking, she must not love Ye Chen.

In that case, she would be able to dig a corner with peace of mind.

However, if this best friend of hers really fell in love with Ye Chen, wouldn't the two of them be in love with each other?

If that was the case, it would indeed seem a bit immoral for her to cross her heart again.

At this moment, Dong Ruolin thought about whether or not to give up on pursuing Ye Chen.

If she gave up on pursuing Ye Chen, there would be no need for her to remain in Jinling.

After all, the chairman of the Emperor Group hadn't shown his face until now, and Dong Ruolin's family had already given up on the idea of letting her get on the line.

This time, when Dong Ruolin went back for the New Year, the Dong family all hoped that she would quit her job at the Imperial Hero Group and return to Yanjing to develop.

But Dong Ruolin said nothing to resign because she didn't want to give up on Ye Chen.

But at this moment, Dong Ruolin's heart appeared a little shaken.

At a certain moment, she even thought that she might as well leave Jinling and return to Yanjing to develop herself.

This way, not only would she be able to keep her girlfriendship with Xiao Churan, but she would also not delay her career and relationship.

After all, no matter how much energy she put into Ye Chen, it would be difficult to get the returns she wanted, and it was very likely that she would end up with a basket full of water.

However, when she thought of all the times Ye Chen had saved her past, Dong Ruolin's strong feelings of love and admiration in her heart could not be restrained at all.

She felt that if she gave up on Ye Chen, she might not be able to find a man in her life who could make her heart beat.

After thinking about it, Dong Ruolin decided, "I want to stay in Jinling and continue to fight!"

"If Ye Chen is willing to accept me, then I will never hesitate even if I am spurned by the world!"

"However, if Chorán is sure she's pregnant one day, then I'll quit completely and return to Yanjing without hesitation, never to see Ye Chen again!"
