

## Identity 2211

### Chapter 2211

Meanwhile, the Yanjing Su family.

Su Ruorui's disappearance, although it made Su Chengfeng and Su Shoudao's father and son worried, it didn't affect Su Zhiyu and Su Zhifei's mood in the slightest.

The two of them didn't know Su Ruorui's true identity and only treated her as a maid in the family, plus Su Ruorui had always been Su Shoudao's personal bodyguard and didn't have much contact with their siblings, so the siblings naturally had little concern about her.

Right now, the two siblings were in Su Zhiyu's study, each of them facing the computer, looking over the surveillance screenshots assembled by the people under their hands.

On these screenshots, there were all young male yellow faces.

They were all Su family staff, intercepted from the surveillance footage of major airports in Japan some time ago, according to Su Zhiyu's request.

All the siblings had to do was to keep looking through these screenshots, trying to find Ye Chen's figure from them.

Unfortunately, there were just too many surveillance videos, and the number of passengers in several major airports in a few days had combined to break through several millions of people.

Trying to find Ye Chen from these millions of people was indeed not an easy task.

The two of them had been looking over the screenshots of these surveillance videos for several days, but they still hadn't found Ye Chen's figure.

The cold and beautiful Su Zhifei's eyes were bloodshot and dry from being in front of the computer day and night for several days in a row, but she still continued to fight while dripping eye drops.

The first thing that you need to do is to make sure that you're in the right place, and that you're in the right place.

The eye has filtered nearly a million people's surveillance video screenshots, still did not find Ye Chen's figure, Su Zhi Fei more or less somewhat beat a retreat, full of fatigue to Su Zhi Yue said: "Zhi Yue, so looking is also really not easy, I do not know when is the end ah"

As Su Zhiyu looked over the screenshots, he said seriously, "There's a total of over three million people to identify, and it's almost a million now, which is a quarter of the way through, I'm sure we'll be able to find a clue to Eun Gong after reading all three million people!"

Su Zhi Fei sighed and said, "Zhi Fish, don't try too hard, look at your eyes, they're as red as a rabbit, take a rest first and then continue looking!"

Su Zhiyu said, "I'm not tired at all, if you're tired, you can take a ten-minute break first."

"Ten minutes?!" Su Zhi Fei was embarrassed and said, "Sister, don't call yourself Su Zhi Yu, you can change your name to Su Pa Pi! I'm going to go blind if I keep looking like this!"

Su Zhiyu said with a bit of anger in her voice, "Then you don't need to look for it, I'll find it myself!"

Su Zhi Fei hurriedly explained, "I didn't mean that either, I just wanted to rest a little bit"

Saying that, he hurriedly got up, poured two cups of tea, handed a cup to Su Zhiyu and smiled, "Come Zhiyu, have a cup of tea and rest for a few minutes, there is still a break between classes, you can't work too hard, right?"

Su Zhiyu took a sip of her tea cup and said, "These videos are dead and the people are alive, if we don't find clues about Eun Gong soon, what if Eun Gong's course of action has changed again? What if we manage to find a clue and then follow the trail to the past, but Grace isn't there anymore?"

## **Chapter 2212**

At this point, Su Zhiyu was also quite tired as she continued, "The point is, the only people who have actually met Eun Gong are the two of us, so it's only the two of us who can do this kind of identification work, and it's unlikely that we can even find help"

Su Zhi Fei nodded helplessly, "You're right, let's hurry up and try to find Eun Gong's clue as soon as possible!"

Saying that, Su Zhi Fei remembered something and said, "Right Zhi Fish, I'm going to go to Jinling in two days, do you want to come along?"

Su Zhiyu curiously asked, "What are you doing in Jinling?"

Welfare homes, orphanages, and other charitable organizations, when the time comes, according to the actual needs of these organizations, another twenty million donations will be implemented for them."

At this point, Su Zhi Fei continued with a righteous look on his face, "Since we are doing charity, of course we have to go a little deeper!"

Su Zhiyu laughed unkindly and said, "Oh, so it was to pursue Gu Qiu Yi! No wonder you're so positive!"

Su Zhi Fei hastily denied: "Don't talk nonsense ah, I'm going to do charity, besides, people don't even go to Gu Qiuyi, I go myself, how can I say it's to pursue Gu Qiuyi!"

Su Zhiyu trailed off, "Aigoo, still with this fake seriousness with me. Don't you just want to do it all beautifully in advance to impress Gu Qiuyi then? Promising to donate ten million dollars and ending up donating thirty million, Gu Qiu Yi will definitely think that you are a person with a strong sense of social responsibility, and will then feel a little more good about you, am I right in my guess?"

Su Zhi Fei was a bit shy and said, "Okay, okay, you're the smartest, you can't hide anything from your discerning eyes, okay?"

Su Zhiyu nodded and smiled, "It's good that you admit it."

Su Zhi Fei sighed and said, "Zhi Fish, I don't know if you've heard of a saying of the ancestors."

Su Zhiyu said off the cuff, "Don't sell out, just say what you have to say!"

Su Zhi Fei said seriously, "The old ancestor said that seeing without saying anything is the highest realm of an intelligent person."

Su Zhi Fei disdainfully said, "Talking to you doesn't require reaching the highest realm, the general realm is enough."

"You girl!" Su Zhi Fei feigned anger and snapped at him, then changed the subject and asked, "Hey, I'm just asking if you're going or not? If we're going we'll go together, it just so happens that I'm not familiar with that place in Jinling."

Su Zhiyu shook her head, "No, I'm not going anywhere until I find Eunuch!"

Su Zhi Fei hastily flattered and advised, "Oh my Zhi Fish, you just accompany me to the trip, the search for Eunuch is just to identify the computer one by one, then we take the laptop, the road, the hotel can continue to look for Eunuch, without delay!"

Su Zhiyu said disinterestedly, "Then I don't want to go either, you're there to lay the groundwork for pursuing Gu Qiuyi, why should I go?"

Su Zhi Fei asked her back: "Don't you want to go out for some air? Can't you feel the tension in the house these days? Dad and Grandpa are always in a dark mood, can't you tell? Wouldn't it be nice to take this opportunity to go out and clear your head for a few days?"

Su Zhiyu hesitated for a moment and nodded gently, "That's right, then you can arrange it, it's just time to go out for a walk."

## **Chapter 2213**

In fact, even if Su Zhi Fei didn't say anything, the incredibly intelligent Su Zhi Yue had already noticed the recent abnormalities in the family's atmosphere.

Coupled with the news in Japan, which had been broadcasting Su Ruorui's story, Su Zhiyu knew that the Su family had made a big mess in Japan because of saving Su Ruorui.

But what she couldn't quite understand was why dad had to put so much effort on Su Ruorui.

By all accounts, Su Ruorui was just a servant of the Su family.

If something happened to the servant, the Su family would only need to give her family a generous pension as agreed, and then it would be enough to pay the monthly settlement fee.

There was absolutely no need to, for a servant, go to the trouble of switching her out of the hands of the Japanese police department.

How high the cost behind this was, a little bit of brainstorming would be enough to calculate it, at least a hundred times more than the pension and the settlement fee, it was not cost effective at all.

Instead, Su Zhi Fei took the initiative to speak up, "Zhi Fish, Dad and Grandpa made such a big stir to save Su Ruo Li, what do you think they're after?"

Su Zhiyu shook her head, "I'm not sure about that, but Dad and Grandpa must have their own considerations."

Su Zhi Fei said, "But I've been thinking about it left and right, and I always feel that this matter is very uneconomical, and Su Ruo Li can't help the Su family make money, it's completely pointless to invest such a large price to save her."

Su Zhiyu shrugged his shoulders and accosted, "I couldn't figure it out either, so I simply stopped thinking about it."

Su Zhi Fei thought about it and said, "Could they be trying to use this to strengthen the loyalty of their servants to the Su family?"

Su Zhiyu shook his head and said, "There were more than fifty people arrested together, and only one of them saved Su Ruoli, the servants must have felt unbalanced in their hearts, they still don't know what to think!"

"Also." Su Zhi Fei sighed and said, "Can't figure it out, can't figure it out."

Su Zhiyu spoke up, "Okay, this is not something we should worry about, let's hurry up and find Eunuch! The family is in desperate need of top experts to sit in, if we can find Eunuch and get him to work for the Su family, it will definitely alleviate the immediate need of the family to a great extent."

Su Zhi Fei nodded, "You're right! Eunuch Grace's strength, I'm afraid that even ten or eight Su Ruoyi can't catch up with him, it would definitely be a great achievement to keep him in the service of the Su family!"

Tokyo, Japan.

In one noon, the Police Department and the Homeland Security Department teamed up to capture all of the Japanese Maritime Self-Defense Force members who were patrolling around Tokyo Bay the night Suroku disappeared, and isolate them for separate raids.

Within a country, the department with the highest authority and priority is the Department of Homeland Security.

Because there is nothing more important to a country than homeland security.

So when the homeland security department comes out to do something, everyone has to step aside.

Just like the United States.

It is well known that there are several major functional departments in the United States, which are fbi as well as cia and nsa.

The fbi is the FBI, which is part of the judicial branch, and is generally responsible for major domestic cases and cases that span multiple places, especially multiple states and counties.

cia is the Central Intelligence Agency (CIA), which collects all kinds of information on foreign governments, companies and terrorists.

The fbi and cia are very common in movies and TV shows, so they can basically be globally familiar, but the nsa knows less about them.

The nsa is the National Security Agency, the largest intelligence arm of the U.S. government, and the agency that employs the most computer PhDs, math PhDs, and linguists in the world. nsa is not often in the public eye, but they do things with a priority that no one else in the U.S. can match.

## **Chapter 2214**

The same applies to Japan's National Homeland Security.

If the National Land Security Department arrests a member of the Self-Defence Forces for interrogation on the grounds of threatening national security, even the highest commander of the Self-Defence Forces has no right to stop him or her or to ask questions.

And all the members of the Self-Defense Force are also well aware that once you mess with the Homeland Security Department it's no good, and you'll have to be skinned if you don't die.

Therefore, the SDF has a natural fear of the Homeland Security.

It is also because of the reputation of the Homeland Security Department, so the Self-Defense Force members who were arrested for surprise interrogation, there are a few people who do not have good psychological quality, soon began to show their true colors.

Moreover, the people in the Homeland Security Department were almost always the most elite portion of a country.

Not only were these people extremely capable, but they had been carrying out all sorts of covert missions, and even in times of peace, the people in the Homeland Security Department were warriors who had been battle-tested and battle-hardened for a long time.

These little combat experience self-defense soldiers in front of them, simply as simple and weak as an elementary school student.

So, the Homeland Security Department grabbed those few SDF members who were not psychologically strong enough to make a fierce attack, and quickly opened a breakthrough.

A few hours later, the entire lineage of events had been sorted out by the Homeland Security Department.

To Suzuki Jijiu's great excitement, what Ito Nana-chan had said was indeed correct, the SDF had indeed colluded with the Su family from Warsaw to swap bags in the process of transferring Su Ruo Li.

Not only that, but their cheapest operation was to deliberately plot against the Tokyo Police Department and switched Su Ruorui during her transfer to the custody of the Tokyo Police Department, shifting all the blame to the Tokyo Police Department and making the Tokyo Police Department suffer a huge injustice.

And their motive for joining forces from outside the country and swapping out a major domestic criminal was to release her and then arrest her to gain credit and social attention for themselves!

This infuriates Tomohisa Suzuki greatly!

As far as he was concerned, this shenanigans by the SDF was akin to joining thieves in burning down his house and then extinguishing the fire seeking praise from his parents!

After figuring this out, the Homeland Security Department immediately convened an emergency meeting with the Cabinet to discuss countermeasures.

The Cabinet was also shocked by this incident!

Never in my wildest dreams would I have imagined that there would be such a stupid top brass in the SDF who would do something completely reckless for the sake of a little credit and a great loss to the country!

So, the Cabinet immediately and the Homeland Security Department, urgently formulated a set of solutions.

First, secretly arrest all the SDF executives involved in this matter, and immediately after the arrest, the case will be made public, detailing all the causes and consequences of the Su family's conspiracy with the SDF, as well as the fact that the Su family's rescue was a fake and the act was a real slut operation!

Secondly, the Su family must be required to hand over Su Ruo Li to the Tokyo Police Department within 24 hours, or else all business in Japan will be permanently shut down and entry to the Su family's immediate family will be permanently restricted!

That night.

The three SDF executives involved in the case were arrested at their respective homes.

These three had received awards from the Japanese Self-Defense Forces and the Japanese government for their success in arresting Sojourner and others at Osaka Airport.

But now, all three have been made prisoners for endangering homeland security.

At the same time, the Tokyo Metropolitan Police Department, in conjunction with the national security department, made a formal announcement to the world.

A tsunami against the Su family was screaming at this moment!

## **Chapter 2215**

Late night.

Yanjing.

Su Shou Dao could not hide his decadence and returned to his home.

At this moment, he was in a very complicated mood.

Just this evening, Su Ruorui's birth mother, He Yingxiu, came to Su's group specifically to see him.

As soon as they met, He Yingxiu was anxiously asking him about Su Ruorui's whereabouts.

However, Su Shou Dao simply didn't know how to answer.

Because, he also didn't know where exactly Su Ruorui had gone.

Her entire body, as if she had vanished from the earth, left no clues.

He Yingxiu, who had lost an arm, cried and knelt down to Su Shoudao, hoping that he would remember that Su Ruorui was his own daughter and do everything he could to find her whereabouts.

Su Shou Dao agreed.

Su Ruo Li was his biological daughter, which was supported by the dna results, and He Ying Xiu had saved his life back then, and the reason why He Ying Xiu was missing an arm was solely to save him.

Therefore, whether it was for the face of his own daughter or for the face of his savior, Su Shoudao couldn't refuse.

However, his heart was clogged up.

Because, this was the first time he had encountered something like this.

The first time he had no clue about a person's whereabouts.

After all, the Su Family was handy, and in the past, as long as it was someone they wanted to investigate, there was no clue that they couldn't find out.

But this time, the Su Family couldn't find any clues.

Therefore, Su Shou Dao was also very worried about Su Ruorui's current situation.

What he was afraid of wasn't that he couldn't find Su Ruorui, what he was afraid of was that Su Ruorui was most likely no longer alive.

So, when he returned home, his heart had been very heavy.

It was. The moment Su Shou Dao pushed open the bedroom door, a beautiful, middle-aged woman walked out of the bedroom bathroom.

This woman had just removed her makeup and showered, her long hair wrapped in a dry hair cap, and although she had removed her makeup, her skin was still incomparably glowing, a look at a noblewoman who was naturally beautiful and usually very well maintained.

This woman is the love of Su Shou Dao's life, his wife, Du Haiqing.

The Du family was very strong in Yanjing, although in terms of assets might be inferior to the Su family, but in terms of background, status, connections and overall strength, it was actually not much inferior to the Su family.

On some special level, it was even a little stronger than the Su family.

After all, in any place in the world, money wasn't the only criterion to measure strength.

Back then, Du Haiqing was the most revered debutante in Yanjing, bar none.

Her family background made her the dream lover of almost every rich second generation in Yanjing back then.

Su Shoudao, was one of them.

The current Du Haiqing, although she was already over half a hundred years old and had raised two children, she still maintained herself as charmingly as a young woman in her thirties.

When Du Haiqing saw Su Shoudao return, she said with a bit of heartache, "Why are you back so late today? Are you tired?"

Su Shou Dao forced a smile and said, "It's fine, I'm not tired. Things have been extraordinarily busy these last two days."

## **Chapter 2216**

Du Haiqing nodded her head, she hadn't cared about Su Shoudao's work since she married him.

Because she felt that there was no need for her to interfere in a man's affairs.

Therefore, she also never asked about the details of Su Shoudao's work.

Seeing that Su Shoudao looked very tired, she spoke up and said, "You go and change clothes first, I'll put some water on you, you take a good bath, turn off your cell phone when you sleep at night, and don't get up tomorrow until you wake up naturally."

Su Shoudao heart moved, even busy: "wife, you do not need to care about me, I can put water on my own."

Du Haiqing Road: "The water in the bathtub is what I just used, drain the water for a change will take quite a long time, you first go to change clothes and rest for a while."

Su Shoudao smiled and said, "It's fine, I'll just use the water you've washed for a while."

Du Haiqing was a little shy and said, "How can that be! The soaking water isn't clean, so you wait while I go and re-run a tank of water."

"No no no." Su Shou Dao laughed and got into the bathroom as he got busy, undressing as he said, "How could my wife's bath water not be clean! Never you mind, I'm just going to go in and soak for a while!"

Du Haiqing saw him take off all of his clothes, helplessly shook his head and spoke, "That's fine, you soak for a while, if the water is cold, put some hot ones in, I'll go to bed and read a little."

Su Shou Dao hurriedly smiled, "Okay! You get on with it!"

Du Haiqing left the bathroom and closed the door smoothly, then she lay down on the comfortable and luxurious bed, then she took a book called Anna Karenina from the bedside table.

This is a literary masterpiece by Russian writer Leo Tolstoy, writing about a tragedy in Anna Karenina's pursuit of love.

Du Haiqing had already read this book countless times, and she could memorize many passages word for word, but she would still pick it up every now and then to look at it and read it.

Sometimes, she felt that she was, in a way, a bit like the heroine of this book, who, despite being from an aristocratic background and being an elegant and charming lady in the eyes of others, had never been able to gain the love she really wanted.

Her husband, like Anna's husband, is obsessed with his career, and although he loves her dearly, he is overly old-fashioned and makes himself feel frustrated and uninterested.

He can only find solace in his children and in his life.

The subtlety is that Anna met her true love in the midst of an uninteresting married life.

But it is the opposite for herself.

It is only after she has met her true love, but is unable to obtain it, that she enters into marriage hand in hand with So Shou-do.

Anna ended up dying of suicide, and although Du Haiqing didn't have any light thoughts, she knew that the love in her life had died since the day she married [567 Chinese [www.567zw.top](http://www.567zw.top)] Su Shoudao.

After casually flipping through a few pages, the image of that man came back to Du Haiqing's mind.

For more than twenty years, that man's figure had never left her thoughts.

Almost every night, she fell asleep by thinking about that man's figure.

And that man is the love of her life, Ye Chang-纓.

Thinking of the coma, she involuntarily reached out to pick up her phone again.

After the phone was unlocked, she opened the browser on her phone, and in the address column, she entered a very complicated web address.

This URL was, in fact, a web album.

After she logged in her account password and clicked on confirm, she entered a private photo album that belonged to her.

This private photo album was registered by Du Haiqing herself more than a decade ago, and she had converted and uploaded all the photos of herself and Ye Changba that she could find into an electronic version and into this album.

The account number and password, only she knows, as long as there is a chance, she will open this photo album every day to look at for a while, and then silently exit, delete all access records.

At this moment, she opened the album, when the handsome and handsome face of Coma Ye appeared on the phone screen, Du Haiqing two lines of hot tears came to her eyes involuntarily.

She looked at the photo of Ye Changya, while gently rubbing her finger belly on his face, while murmuring in a low voice: "Changya, you've been gone for so many years, why I still can't forget you."

## **Chapter 2219**

As the Su Family's eldest daughter-in-law, Du Haiqing's first reaction after seeing this tweet was to quickly click on it to see what was going on.

Although she rarely asked about her husband and the Su family, she was, after all, a member of the Su family and had heard of many things about the Su family.

Her son and daughter had been kidnapped and almost killed in Japan before, and this incident had made her palpitate, but at the same time, it had also made her pay a little more attention to the situation over there in Japan.

She also knew about Su Ruorui's extermination of the entire Matsumoto family, and although she also felt that it was a bit overdone, Su Shoudao was furious at the time, and was extremely resolute when giving this order, with no room for negotiation.

Afterwards, Su Ruoli and a large group of Su Family experts were all captured by the Japanese Self-Defense Force, Du Haiqing also knew that this matter had a great impact on the Su Family, even greatly weakening the overall strength of the Su Family, from that day onwards, Su Shoudao was at his wits' end every day, all of which Du Haiqing saw in her eyes.

However, she didn't know about Su Shoudao's plan to rescue Su Ruorui.

Therefore, when she saw this tweet, she was also very curious.

After clicking on it, she realized that this announcement released by Japan's National Security Agency claimed that after the Su family instructed their men and murdered dozens of members of the Matsumoto family's entire family, all of the Su family's men were captured by the Japanese Self-Defense Force in Osaka, and the first offender, Su Ruorui, was also caught, but what she didn't expect was that the Su family had joined forces with the top brass of the Self-Defense Force again and switched Su Ruorui from the police department, which eventually led to Su Ruorui's whereabouts being unknown.

In response to this, the Japanese Homeland Security Bureau lodged a stern protest against the Su family, demanding that the Su family must return Su Ruorui to the Tokyo Police Department as soon as possible, or else the Su family would be sealed and never unsealed throughout Japan, leaving the Su family with a mere 24 hours to do so.

Seeing this, Du Haiqing was shocked and surprised, and she said to herself, "Why would they invest so much cost and effort for Su Ruorui? And at the risk of offending the entire Japanese government and the entire Japanese people? This is not in line with my husband's style of doing things ah, not just my husband, father-in-law Su Chengfeng is not the one who can make such decisions ah!"

Surprised, she continued to read down.

The announcement also said: "In fact, the Su family is not really trying to rescue Su Ruorui, they just see Su Ruorui as an act as well as a bargaining chip in exchange for rights, they hope on the one hand after rescuing Su Ruorui, and then sell it to the Japanese Self-Defense Force to take credit, but also hope to be able to appease Su Ruorui's mother's family through this act, after all, Su Ruorui's mother He Yingxiu's He family, is one of the four major martial arts families in China, is also the Su family wants to actively cage the object".

When Du Haiqing saw this, his entire body had been stunned!

"Su Ruo Li, it's He Ying Xiu's child?! How come I've never heard of this before?!"

Naturally, Du Haiqing knew He Yingxiu.

After all, He Yingxiu had previously been her husband Su Shoudao's personal bodyguard.

Later, He Yingxiu was injured and amputated while saving Su Chengfeng, which was why she left the Su family.

"But, when did He Yingxiu give birth to a daughter? And why would she send her daughter to the Su family as a bodyguard for Su Shoudao?"

"And, He Yingxiu's daughter, why is her last name Su?!"

Du Haiqing looked further back and the next paragraph was the shocking scandal that really made her jaw drop!

It says in this passage that Su Ruo Li, is the illegitimate daughter of Su Shou Dao who was born as a result of his infidelity with He Ying Xiu, who concealed her origins and sent her to the Su family!

When he saw this, Du Haiqing's entire body was almost five thunderbolts!

Even though there was no actual evidence to back up this statement, the woman's instincts kept telling her that everything it said was true!

Never in her wildest dreams did she think that her husband, who she thought loved her extremely deeply and was faithful to her, would betray her!

And that's after betraying himself twenty years ago!

Not only that, but he had an illegitimate daughter on the outside!

## **Chapter 2220**

What's worse, his illegitimate daughter has been living as a bodyguard in and around Sue's house for the last few years!

It made her feel an utter betrayal, and an icy coldness from head to toe!

Desperately trying to control her trembling hands, she continued to read the follow-up, and even the JSA thought that the Soviets were simply beasts!

How dare you sell your own daughter's and granddaughter's lives for profit! You're a vicious, scorpion-hearted man!

By the time Du Haiqing saw this, her entire body had gone numb.

She saw the wedding photo of herself and Su Shou Dao on the wall, and felt nauseous and revolting as she thought back on her years of marriage.

But in an instant, she felt a sense of relief.

So she silently got out of bed, took out a suitcase from the cloakroom, and put a few clothes inside.

After silently packing the suitcase and changing herself into an outfit for going out, Du Haiqing pulled up the suitcase without hesitation and prepared to head out.

At this time, the bathroom door just happened to open.

Su Shou Dao, who came out wrapped in a towel, suddenly saw Du Haiqing pulling the suitcase to go out and asked in surprise, "Honey, where are you going so late?"

Du Haiqing looked at him and said with an expressionless and very calm face, "Su Shoudao, let's get a divorce."

Su Shoudao was struck by lightning and asked out of his mouth with extreme tension, "What's wrong wife? What the hell are you doing? Just tell me what I'm doing wrong, and I'll change, okay?"

Du Haiqing looked straight into his eyes and asked lightly, "Su Shou Dao, for the sake of being husband and wife for so many years, the next question I ask you, please answer truthfully and without half a lie, can you do that?"

Although Su Shou Dao was a bit guilty, he still said very resolutely, "Wife, just ask, I will answer truthfully, okay?"

Du Haiqing got straight to the point: "Okay, then let me ask you, is Su Ruorui your illegitimate daughter with He Yingxiu?"

Su Shou Dao's entire heart shattered and collapsed!

Never in his wildest dreams did he expect that what Du Haiqing would ask once he opened his mouth was the only place in his heart where he felt guilty!

His whole body panicked for a moment.

He didn't know how to respond at this point.

Deny it? With Du Haiqing's character, she must be very convinced of this matter since she had asked, and it would be difficult to convince her to simply deny it herself, but it was likely to disappoint her even more .

If you can't deny it, then you'll have to admit it.

However, once you admit it, you're sitting on the fact that you've been cheating on your partner, and it's been going on for over twenty years, so whoever would have known that your other half had

been cheating on you for so long and had an illegitimate daughter would have been furious to the extreme!

When the time comes, Du Haiqing will definitely turn his face away without hesitation as well!

Just when Su Shou Dao's entire body completely broke down and panicked to the point of not knowing what to do, Du Haiqing sighed lightly and smiled slightly, "Okay, it's not hard for you, let's get a divorce, let's have a good time."

Su Shoudao's entire body collapsed somewhat, poofed to his knees, hands on Du Haiqing's thighs, choked with nervousness, "Wife I was wrong! Honey! Honey! I was also confused that time, I didn't think that He Yingxiu she had Ruo Li after that time, please, forgive me this time wife! I can't lose you, wife!"
